4 All-American Futurity Winners To Appear At QH Racing Congress

"CORKY" CONLEY

Some of the great champions in quarter horse history will be coming back to Ruidoso Downs.

The occasion is the second annual Quarter Racing Congress, scheduled for the Ruidoso area on Thursday, July 27, and extending through Sunday, July 30.

Track officials are planning a "Parade of Champions", in which four past winners of the All-American Quarter Horse Futurity will make a symbolic parade to the post.

The parade will consist of Rocket Wrangler, champ of the '70 All-American and a winner of $239,630. Easy Jet, who won the All-American in 1969 and is now the top quarter horse money-maker of all time with earnings of $445,721; Three Ohs, the '68 All-American winner who's earned $261,715, and Gotta, who won the world's richest race in 1963 and now ranks as the eighth richest quarter horse of all times with winnings of $233,939.

The four All-American champions will parade down the Ruidoso homestretch on Saturday, July 29, at 12:30 p.m. (an hour before the first post). Their appearance at the site of their greatest conquests is likely to kindle many memories among quarter horse fans.

The four All-American winners will be coming to Ruidoso mainly for the purpose of going on display in the "Speed Stallion Avenue" of the Quarter Racing Congress at the Chaparral Convention Center. Eighteen of the world's top quarter horse stallions will be on display. The list also includes such greats as Bunny Bid, Tony B. Deck, Jet Smooth, Sparkling Native, Jet Too, Jet Deep, Truly Truckle, Counterplay and Moolah Rocket.

The total value of the 18 sires was estimated at a staggering $50 million by Walt Wiggins of Roswell, co-producer of the Congress in conjunction with Blair Folck of Springfield, Ohio.

Wiggins described the Congress as "a combination trade show, lecture series, broodmare sale, stallion display and complete showcase for the quarter horse industry."

"This year's congress appears headed toward quite a success," Wiggins said. "We're delighted by the quality of the lecture series, as well as the magnificent quality of horses both in the stallion display and in the broodmare sale. Judging from advance reservations, we're expecting nearly 1,000 visitors. We've received reservations from such relatively distant points as New York, Florida and Canada."

The Quarter Racing Congress Broodmare Sale, slated for 7:30 p.m. on Saturday, July 29, will mark the official unveiling of Ruidoso Downs' newly-constructed All-American Plaza. The spacious sales pavilion is located on the track grounds, adjacent to the backstretch chute.

At the tail end of the meeting, the All-American Plaza will serve as the site of All-American Quarter Horse Yearling Sale, the nation's finest venue of quarter horse yearlings.

The upcoming Congress puts the spotlight on the nation's only "select" sales of quarter horse broodmares."

According to Wiggins, the sale represents "the finest assemblage of broodmares in the quarter horse industry." Some 45 mares—most of them in foal to such famed stallions as Go Man Go, Easy Jet, Tiny Charger and Double Bid—will go on the auction block.

Last year's sale produced an average price of $10,722. "By today's market, we're anticipating an even higher sale average," Wiggins noted.

An expected highlight of the sale is Le Etta Chicks, a holder of three world records, who will go on sale with a Jet Deck colt by her side. In addition, she's in foal to Go Man Go. Wiggins called the three-part combination a "fabulous sale package." Le Etta Chicks was consigned by Johnny Johnson of St. Louis, Mo.

Another sale standout is Three Lilies, a winner of the first consolation of the All-American Futurity. She's now in foal to Go Man Go.

The lecture platform offers a variety of racing authorities, covering a span which includes Bud Ferber, president of the All-American Quarter Horse Assn., and Dr. Bill Lamkin, a well-known equine veterinarian from Fullerton, Calif.

The public is invited to attend the four-day Congress. Admission for four days is $15. One-day tickets are $5. The tickets also include admission to Ruidoso Downs racing for four days.

BULLETIN!

Herman Tabet, Belen and member of the New Mexico State Racing Commission, Thursday morning just prior to The Ruidoso News press time, reportedly told those attending the opening session of the Second Annual Quarter Racing Congress that he understood that Kodiak Industries, Inc. of San Diego, Calif. had purchased the Ruidoso Downs Race Track.

Tabet, on the agenda of the QRC to give the opening welcome address in the absence of New Mexico Governor Bruce King, stated that Kodiak representatives several months ago had approached the racing commission regarding their purchasing Sunland Development Corporation. Sunland Development Corporation owns the controlling interest of both Sunland Park Race Track near El Paso, Texas and Ruidoso Downs Race Track.

He said that the commission set around twenty-six requirements for the California based corporation to meet before the commission would consider the transaction and all twenty-six were met. At a later date the New Mexico Attorney General representatives and the commission's legal counsel and Assistant Attorney General Tom Dunigan investigated the Kodiak Corporation. Apparently following the AG's report the commission, July 13, voted four to one to delay action of the request for a license to Kodiak to operate Sunland Park and Ruidoso Downs Race Track.

N. M. Highway Dept. Representatives In Ruidoso for Survey

Representatives of the Roswell District 2 of the New Mexico State Highway Department were in Ruidoso Tuesday making an on the spot survey and inspection of current water drainage problems on State Road 37.

The area of immediate and greatest concern, reportedly, begins on Mechem Dr., north of the intersection of Sudderth Drive and Mechem Drive, and more specifically near the Adobe Plaza.

James L. Hine, Ruidoso Village Clerk-Manager, stated that in all probability the highway department representatives will draft a proposed drainage correction profile and submit it to highway department engineers and officials for their consideration.

The drainage problems have been emphasized by the recent heavy rains in the Ruidoso area, which officially have totaled well over sixteen inches to date for 1972. Some areas of the village have unofficially reported around eight inches in the month of July.

Ruidoso Man Is Knocked Down By Lightning

A Ruidoso businessman, Saturday afternoon during a brief electrical storm that dumped over one inch of rain on Ruidoso in less than forty-five minutes, apparently was knocked down when lightning struck the ground close to where he was standing.

H. E. "Shorty" Shira, 43, co-manager of the Red Barn Cafe, here, was rushed to the Ruidoso-Hondo Valley General Hospital by a Chapel of Roses ambulance following attention by Ruidoso Police and Fire Department personnel immediately after the unusual happening.

Shira reportedly was attempting to keep water out of his cafe and had gone out a side entrance to detour the water when the bolt of lightning hit the ground nearby. Water was around two inches deep in the cafe at the time.

According to hospital authorities, Shira was released late Saturday afternoon from the hospital following emergency treatment.

Frank Potter, manager of the Ruidoso Municipal Airport and official Ruidoso Weather Observer, reported that Ruidoso had 1-inch of rain in less than forty-five minutes during the heavy shower. Potter also stated that the official records revealed that as of Saturday, July 22, Ruidoso had received 16.5 inches of rain in 1972 and was well ahead of average yearly rainfall expectancy of 20.79 inches of rain for the Ruidoso area.

News 'n Notes

by Mary Ellen Payne
Lincoln County Home Agent

Do you always get good results when you cook steaks on your outdoor grill, If not, these may be some of your questions about steak.

How can you keep a steak from curling during cooking? Slash the fat edges of the steak before cooking.

How often should a steak be turned during cooking? Turn it once. Broil until brown on one side, turn it, and continue cooking the other side. Turn the steak with tongs to keep from piercing it. Jabbing a steak with a fork causes a loss in juices and consequently, a loss in flavor.

Should you salt a steak before or after grilling? Salt each side after grilling. This is important, because the seasoning may draw the flavorful juices to the surface and slow the browning process.

What is the test for doneness? Use a sharp knife to cut a slit in the steak. Cut near the bone, if there is one. If the color inside is red, it's rare. Pink is medium. Brown is well done.

Broil a one-inch steak a total of 10 to 25 minutes, turning it about midway during the cooking period. The shorter the cooking time, the more tender the meat will be.

Why should meat be sliced across the grain? Carving against across the grain? Carving against the grain gives uniform slices for attractive serving and the meat is easier to eat.

A few other suggestions on charcoaling steaks:

Select a steak with a few flecks called marbeling, which will add juiciness and flavor and also prevent the steak from drying out so much. A thin layer of fat around the inside edge helps the steak retain its shape, cuts down shrinkage, and adds to the appearance of the charcoal-broiled steak. If time, the budget and other conditions permit, are thick charcoal-broiled steak for 2 or 3 people is preferred to a small thin steak for each person. Better results usually will be obtained by charcoal broiling steaks that are thicker than three-fourths of an inch.

A flank steak, scored, marinated, or tenderized by other means, makes a good and economical steak for the outdoor grill. A small piece of pork or beef fat can be placed in the center of the steak and the steak rolled around the fat and secured with round toothpicks. When the steak is carved, the carver can chee between the toothpicks and make an individual version of pin-wheel steaks or rolled steak.

Charcoal briquets should be at least 6 inches from the steak. Coals should be burned down until they have a uniform flame and white appearance. A few green hickory nuts, green twigs or chips of oak or hickory will add a different and also desirable flavor than just charcoal alone.

And the final bit of advice: Never keep a good steak waiting.

Patty Otero Back From FHA Meeting

Patty Otero has just returned from Los Angeles, California where she attended the National Meeting of Future Homemakers of America at the Biltmore Hotel, July 10-14. Patty is a member of the Capitan High School FHA chapter and was elected as one of twenty-one home economics students in this state as an official delegate to the meeting. The 1,200 delegates represented a national membership of half-a-million.

Patty reports that it was an exciting week packed with workshops, discussion groups, outstanding speakers, fun time, an evening at a musical, "No, No, Nanette", at the Music Center and sightseeing.

"The meeting theme was 'Explore Roles — Extend Goals'," Patty reported, "to explore the multiple role we play in family, community, and career life. We heard from leaders in many career fields and had an opportunity to discuss with them the various types of jobs and careers in our World of Work sessions. There was a very interesting panel on the different family life styles in today's society, Leadership Workshops and Special Interest Sessions on such topics as religion, citizenship, prejudice, values, the population problem, and women in today's society."

Patty pointed out that one of the best things about the meeting was the opportunity to make a lot of new friends from all across the country. "And, of course," she added, "the election and installation of the twelve new national FHA officers was thrilling and impressive. I am also proud to announce that a girl from Albuquerque, New Mexico, Debbie McCormick, was elected for the national office of vice-president of the Pacific Region. Being selected as a delegate to attend this National Meeting was a wonderful experience and a great honor for me, and I am grateful for having been given this opportunity."

Patty is the daughter of Mr. and Mrs. H. C. Otero of Capitan, New Mexico.

RUIDOSO'S ANSWER TO THE DODGE COMMERCIAL? — "Boy! You're in a heap of trouble!" Seriously, police officers with the Ruidoso Police Department took on a much welcomed appearance this week with the issuance of new uniforms. Ruidoso Police officer, Corporal Bobby Bradley, above, really took a lot of ribbing early this week regarding his similarity to the often seen TV commercial but the over all response by local residents was a "heap of approval!" The new dark green uniforms, with black stripes and pocket flaps, replaces the former eight year old blues. (Ruidoso News Photo)

New Book Released On Lincoln History

A review of Lily Klasner's "My Girlhood Among Outlaws", edited by Eve Ball, appeared recently in the Albuquerque Tribune with praise for the unpublished material concerning the history of Lincoln County.

Mrs. Klasner, who was a teenager during the Lincoln County War, left a wealth of material and valuable recollections of her experiences with such people as John S. Chisum (whom she referred to as Uncle John), Sam Bass, Bob Olinger and many other characters including Billy the Kid.

The 336-page book has just been published by the University of Arizona Press and is a "must" for history buffs interested in Southwestern history.

The SILVER LINING

By DANIEL A. STORM

BRUCE GRIFFITH

For such a young fellow as Bruce Griffith to retire is plumb surprising. Yet a man of his many talents will have no trouble being both busy and happy. Bruce has left his mark for keeps on the bank and the city in the pines with his friendly and untiring work on behalf of all of us. He has been always cheerful, always patient, understanding and kind.

About Billy the Kid Pageant time, I always think of Bruce. For many years he opened the show with a song about Old Lincoln and Billy the Kid which he had composed himself especially for the pageant.

Mr. Griffith has composed a number of good songs. If he were as good a banker as he is a song composer and singer, he would be chief of the board of directors of the World Bank and Trade or something like that.

How does his Old Lincoln song go?

Oh, Sleepy Lincoln Town,
With your 'dobes old and brown,
Can you hear us as we make fiesta?
Does an echo or a sigh
Of hoof-beats passing by
Ever wake you from your sweet siesta?

I did not quite get my loop on that second verse, but came close. The song goes on ballad style telling the story of Billy the Kid and the Lincoln County War.

Bruce can sing in either English or Spanish and maybe Welsh and Gaelic, too—I couldn't say for sure. One of his feature numbers is the beloved old Argentine Tango-Ballad, "Adios, Muchachos, companeros de Mi Vida."

I am happy to say that with Bruce (even though he is retiring from the bank) it is not going to be, "Adios, Muchachos," (Good-bye, Boys), like in the song. Bruce will be right here among us where he is well beloved and where we are so glad to have him.

DAVE PARKS

Dave Parks, Director of the Pageant, The Last Escape of Billy the Kid, has made us a fine host for years as announcer, narrator, voices in the show and director. This year's three performances are going to be outstanding because of the little new dramatic touches and carefully worked out changes that Dave is working into the show.

One ace card that Dave has as a director, along with his natural gift for a story or a play, is his extremely likable personality. The actors, young and old, love to work with him. And this is what you must have to put on a good show.

There will be lots of horses, and plenty of realistic gun-fire and action.

Dave has announced that practices for the pageant will be at 7:30 in the evening at Lincoln Thursdays and Tuesdays right up to the evening before the first performance, which will be full dress rehearsal, Thursday, Aug. 5.

BILL WARD

An extremely colorful personality himself, Bill Ward has added a lot of color into the three days festivities the first weekend in August.

Bill and his charming little wife, Pat, are untiring and devoted in their work of restoring Old Lincoln and of the features and entertainments connected with the famous little frontier city.

Bill and Pat have built up the Sunday parade down the street of Lincoln until it is so popular, the sides of the streets can hardly hold the people who come from all over the United States for the three days festival.

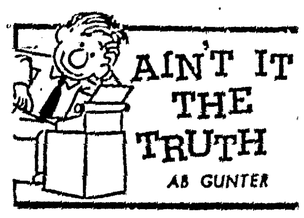
The Pony Express Race, a feature worked up by Bill all by himself, is gaining in popularity year by year, and is in a class by itself among western historical celebrations. The race takes place over an actual mail route of the early days, and the riders carry real mail. These letters will be priceless in days to come.

Actors from all over Lincoln county, young and old,—many of them descendants of the real actors in the real story of early day Lincoln County—are pitching in, bringing horses, breaking out their old-time guns, and pulling the old spurs and the sombrero out of the closet, doing all they can to make the show enjoyable to those who come from near and far.

Bill Ward asks the people of Ruidoso and all Lincoln County to please spread the word about the Billy the Kid Pageant, the parade and the Pony Express Race—because the time is drawing near.

Remember the dates: Pageant performances Friday, Aug. 4, eight o'clock in the evening; Saturday, Aug. 5, eight o'clock in the evening; Sunday, Aug. 6, three in the afternoon, Parade Sunday morning.

Come one, come all, and bring your friends, and see Billy Shreegongost, playing Billy the Kid, supported by two hundred or more of his neighbors, shooting his way out of one close place after another and finally making his dramatic escape after waiting for his "One chance in a million" with odd against him "One million to one."



Got to visitin with some folks fum Oklahoma the other day and the feller said, "You wont likely know where Apache, Oklahoma is but thats wher Im fum." I not only knew where it wuz but have been there a time er two. Dont rekon he knew most of us here are transplanted fum some place er other.

I got puney a few days ago an Doc Annala throwed me in the ho-pital here an accidently throwed me a little far, matter uv fact I wound up in the Maternity Ward and I didnt realize it. Id see all them women runnin around with one condition er another an I got to wonderin if Ole Doc hadnt made a mistake on his diagnosis uv my condition and really got concerned bout him and when he got to makin his rounds I ast him if he thought I wuz expectin Pups and he laughed and said, "All thats wrong with you is your between Menapause and Medicare."

Ruidoso Newspaper,
Ruidoso, N. Mex 88345
Dear Sirs:

I have owned a cabin in the upper canyon of Ruidoso for four years and in the past, have enjoyed many hours of fishing there in the Ruidoso River. One of the reasons for owning a cabin was the availability of trout during the summer months.

I can understand why very little stocking was done last summer because of the lack of water. Perhaps you can tell me what the excuse is for this year.

Sincerely,
/s/ Judith Curry
Judith Curry (Mrs. T. W.)

I would like to take this opportunity to thank all the people who have made donations to the future "Pony League Baseball Teams" and "Little League Baseball Teams." The boys do hope there will be funds, so that they can have the chance to play baseball next year. If there are residents who would like to make a donation please contact either Wayne Whitlock, 257-2494 or Mike Stoffell at 257-4309.

We would like to thank Gambles, Home & Auto, Sears and the White Stores for the contribution of the four trash cans for the ball park area. Thank you to all the people who came out and cheered the boys too. It's been a great season. Thank you.

—The Scorekeeper and Umpire

To Our Friends:

We want to thank our many friends and neighbors for their help and kindness when our cafe was flooded and Shorty was hurt. Shorty is now doing fine.

Thanks to all our friends, we were able to re-open Saturday evening only 5 hours after the flooding.

Words can't express our great appreciation.

Chamber Chatter

by Dick Mound

The Chamber is moving into a very busy month. The Quarter Horse Congress will start things rolling, and many meetings of committees will be necessary to finalize work for the Tennis Tournament and Apricade Time.

August is the month of much preparation. We are going to have our first annual Arts and Crafts Fair. To date we have received over 60 entries from top artists. We expect to have between 80 and 100 entries.

Lou Henson's Basketball Camp has had great reception by the high school players. Last Friday we had about 200 proud parents from all over the state watching the finals. I believe we could all show our appreciation of this new business by coming out to the finals this week. Lou runs two sessions and this week is the last session. The campers have been good. They are probably the best high school prospects in the state. Lou also brings in some of the best coaches in the area to coach. Last week Ruidoso was well represented on the All-Star Teams. In the Senior Division, Blaine Miller and Gordon Howell were our representatives. Mel Patton was given the sportsmanship trophy. In the Colt division Ricky Mound was our representative. Many of the boys received other trophies in various fields of competition, miniature golf, checkers. The camp is well run and the boys are kept busy, all of the time. We need some help in finding some stores in the banks which have swimming pools. If anybody has a 12x12 room, please get in touch with me before Saturday, July 29.

Other events coming up are the Tennis Tournament and A pericade. We might take this opportunity to remind the men that whisker growing time is upon us. That starts the 15th of August. The televising of the All-American Race live has come to pass and we have much to do with these people. This week is the Quarter Horse Congress and we'll see you at the finals of the Basketball Camp Friday, July 28.

89th BIRTHDAY — Jess Harris, (left) of Ruidoso Downs was surprised with a birthday party last Thursday at the Ruidoso Downs Village Hall by his many friends in the community. Along the Bonito

by Bonito Lou Runnels

Mrs. Arthur Coleman and children are in Portales visiting her mother and Art's mother this week. Art and Buddie Morris were on the Bonito Sunday to make "pitch wood" bundles for Bonito Lou's camping customers.

Around Blue Hole over the weekend for a jolly get-together were old school mates and families, Mr. and Mrs. Will Rodgers and family from Roswell and Mr. and Mrs. Wilson Purcella and family from Las Cruces.

Mr. and Mrs. Spencer Burch were also on the Bonito. They now live in Capitan and Spencer is employed by Bill McCarty Construction Co.

Ross Coe was a visitor here from Dulce. He says the cherries are just now ripe in that part of the state.

From Carlsbad to fish and relax for a few days was Ping Wong and friend. Ping has the Chinese Lantern Restaurant, famous for good food, in Carlsbad.

Pug Eckland and sons and wives fished at Bonito Saturday from Carrizozo.

Bartley McDonough and young daughter Gaylea Louise from Colorado Springs were fishing at Bonito Dam Sunday. Gaylea is spending three weeks with her father. She is 8½ years old and in the third grade. A very pretty girl with a beaming personality.

Marylou Runnels and Sawyer Ward are leaving the 7th of August for a couple of weeks in Hawaii. They are busy making grass skirts.

Fishing is better at Bonito Dam, at least reports from some are much better. Velveeta cheese, marshmallows and Kastmasters seem popular along with the always in demand, worms.

Mr. and Mrs. Leo Herring from Fort Worth will visit Mr. and Mrs. Rush Manning at their home here on the Bonito this week.

Short Meeting By Council

A short business session marked the regular meeting of the Ruidoso Downs Village Council Monday evening at the Village Hall. It was noted that the council would contact the Lincoln County Commission to arrange a cooperative effort in dredging the river near Thmpson's Trailer Park to hold the river to its present course and save a bridge recently completed.

The village fathers voted to join the Lincoln County Development Association this year.

A letter from the State Planning Office was read requesting village plans for recreation projects for the next five years and the council decided to submit such a plan to the board.

An agreement with the Lincoln County Commission for the use of the county sanitary land fill was tabled until further study could be conducted concerning a private fill located nearer the village. The county agreement called for a yearly fee of $2700.

The council passed a resolution calling for the establishment of a state office for HUD.

Village bills were approved and the water department was given permission to purchase plastic pipe for use in hook-ups of water meters.

(Ruidoso Downs village livestock ordinance, giving details for the keeping of livestock in the village limits, appears in the legal columns of this issue of The News.)

OUTSTANDING YOUNG MAN — Wyman Scarborough, manager of the Ruidoso Valley Chamber of Commerce, was recently informed that he would be included in the 1972 edition of "Outstanding Young Men of America". The volume will include Scarborough's biography, his record of accomplishments and service.

Savings and Loan Announces Winners

According to Bill Britton, Ruidoso branch manager for Roswell Saving and Loan Association, winners of the door prizes for the "grand opening of the branch held recently were: Mrs. Wendell Johnson, Roswell; Mrs. T. W. Curry, El Paso; Nellie M. Vickers, Ruidoso, and D. E. Thompson, Ruidoso.

EQUAL HOUSING LENDER

Real Estate Facts

by Ruidoso Board of Realtors

It has been said that a tree on a city lot is worth $1,500. That depends on where the lot is in what city, but it does point out the values of landscaping to your property. Any realtor will confirm that a well-landscaped home or apartment building sells quicker and at a better price than one that is not.

The obvious reason is that we are becoming more appreciative of the beauty of foliage and its affect on our lives and are willing to pay for it. We are also becoming more aware of its practicality.

The right shrubs and trees can screen a busy street and soften its impact without blocking it out completely. Plantings can provide privacy between neighbors without shutting out friendliness. A tree dappling your house with shade on a hot summed day can lower the temperature 10 degrees.

Landscaping can provide you with a menagerie of squirrels and birds and patterns of light, shade and color.

Emergence of landscape architecture as a more widespread vocation has made us generally dissatisfied with simple rectangles of green lawn and a few plantings around the foundation. Hardly a factory or building of consequence is completed now without professional landscaping adding a touch of nature's beauty. When new civic buildings are constructed, the impact of the landscaping often is as satisfying to the citizenry as the grace of the building itself.

We are exposed constantly to masterful jobs of landscaping along freeways, in parks, in malls, and wealthier neighborhoods.

This has had the effect of creating a demand for an imaginative variety of plants, flowers, shrubs and trees at nurseries, making it profitable for them to carry such a stock at reasonable prices.

This awareness of the contribution natural greenery can make to living is spreading in other ways as well. Experiments with pocket parks in the midst of our cities, small retreats of foliage, fountains, birds, flowers and peacefulness, have been so successful that we can expect wider use of them. They are one answer to the charge that our cities are becoming bleak seas of asphalt and concrete.

It's as if urban mankind is trying to get back some of the basic satisfaction there always has been in getting dirt under his fingernails as he cultivates the soil, the enjoyment of a walk through woods and meadows.

A side benefit of this understanding of landscaping is that the homeowner who doesn't need to. The right plants can actually reduce his maintenance chores.

As realtors we would advise property owners to provide good landscaping around your home or other building. Aside from the satisfaction it contributes to living, it will contribute dollars to your pocket when and if you sell.

Three Artists Set Gallery III Exhibit

Three outstanding Southwestern artists will be exhibiting in Gallery III, Ruidoso beginning Saturday, Aug. 5. All of the artists will be present at the opening reception Saturday evening from 7:30 p.m. to 10:30 p.m.

The three are Lynn Campbell of Ada, Okla.; Ben Konis, Amarillo, Texas, and Lincoln Fox, Tesuque, New Mexico.

Utilizing the surroundings of the great Southwest and the muted tones of his native Oklahoma, Campbell, 22 years old, paints with accuracy and perception the simple elements that are part of a by-gone era . . . each story of its own with appeal to those who have lived it or merely observed it from afar. Lynn uses watercolor and oil to capture personal qualities of dreams and promises along with the capacity of technical acuteness

Lynn had a one-man show at the Mummer Theatre in Oklahoma City and the Hilton Inn, Tulsa, Okla. He is also represented in the Pioneer Museum of Woodward, Okla. The young artist began painting when he was five and began selling his work at 13.

Konis is no newcomer to the New Mexico art scene. This will be the fourth show presented by Gallery III for Konis, and each year the art public anxiously awaits to see what Ben has done the past year. He works in oils and pastels. Red, blue and yellow are the predominate colors used, and the unique spatial technique the artist employs on canvas is somewhat reminiscent of the works of Cezanne. He concentrates on the structure of his subject somewhat to the exclusion of surface detail.

Konis' subjects for his paintings come out of the Indian Reservations of the Southwest. The Indians, their heritage, their customs, their land all captivated the artist.

Lincoln Fox lives in Tesuque, New Mexico where he does bronze sculpture work. The artist has worked the past year and a half on a series of Indian bronzes that are magnificent in feeling and detail. He will be exhibiting such pieces as "Hopi Bogeman", "Navajo Shepherds", "Sioux Bear Dance", and "Old War Chief" which is a small edition of 10. Most of the other sculptures are series of 30.

The show will continue to be on exhibit until Aug. 18 followed on Aug. 19 by H. E. Fain, a sea and snowscapist from Dallas and Rheata White, Southwestern landscapist from Muleshoe, Texas, will begin a two-week show.

The final show at Gallery III will begin Saturday, Sept. 2 from Robert A. Gartland of Lawton, Okla., and Jim Ward of Canyon, Texas.

MILLION DOLLAR STRETCH—The 1972 racing season at the famed Ruidoso Downs Race Track is well into the final turn and with last weekend's total handle of $1,045,233 it looks like another record finish.RD, Ruidoso Downs or better yet—Record Destroyer, has surged past the 1971 wagering handle, in the same number of weekends, by nearly one and one-half million dollars. As the '72 season nears its end it appears that a photo finish will not be required as the sound of the pounding turf reflects 1972 over 1971 by several lengths.

That is the last day for reporting and paying both Social Security and withheld income taxes for the quarter ending June 30, 1972.

Employers should report these taxes on the pre-addressed Form 941 mailed them by IRS. They have until August 10 to file their returns if the entire quarterly tax liability has been deposited on time in a Federal Reserve bank or authorized commercial bank.

Hurd Featured At Roswell

Now on exhibit in the Paul Horgan Gallery at the Roswell Museum and Art Center are the lithographs of artist, Peter Hurd. This show of 77 lithographs should prove to be very popular with both area residents and the visiting public alike. Well known for his representational temperas and watercolors of the southwest, many of Hurd's admirers are unaware of the extent of his career as a lithographer.

The life and work of Peter Hurd has been reported in innumerable nationwide publications—including the popular book, Paul Horgan's "Peter Hurd, A Portrait Sketch from Life." A native Roswellite, Hurd came naturally to love the southwest. After two years at West Point and study at Haverford College, he began his initial training with the late N. C. Wyeth, and later studied at the Pennsylvania Academy of the Fine Arts. When he returned to New Mexico, he became interested in painting in tempera, his major medium today.

During World War II he was commissioned by U. S. A. A. F. and Life Magazine as an artist correspondent. In 1942 he was elected a National Academician. His paintings are a part of Museum permanent collections in the United States and abroad; the Metropolitan Museum; Art Institute of Chicago; Brooklyn Museum; West Texas Museum; Columbus Gallery of Fine Arts; Wm. Rockwell Nelson Galleries; National Gallery, Edinburgh, Scotland; and the Roswell Museum.

Available as a catalog of the exhibit is the book, "Peter Hurd, the Lithographs." This book, edited by John Meigs, includes full page plates of 60 of the lithographs, with an introduction by Andrew Wyeth. The resurgence of interest in American prints makes this important volume of Peter Hurd lithograhps particularly pertinent today. Long out of print, most of the lithographs are scattered in private and Museum collections across the country.

Here then is a complete review of the work of a master graphic artist. The strength, directness, and importance of fully appreciated previously, these lithographs has not been and it is fitting they should now receibe the attention of a much wider audience. Particular attention has been given to faithful reproduction with all plates being made directly from original seals and printed on heavy stock.

The public is cordially invited to view the exhibit at any time during Museum hours, 9-5 daily, and 1-5 Sundays and holidays. It will remain hanging throughout July and August.

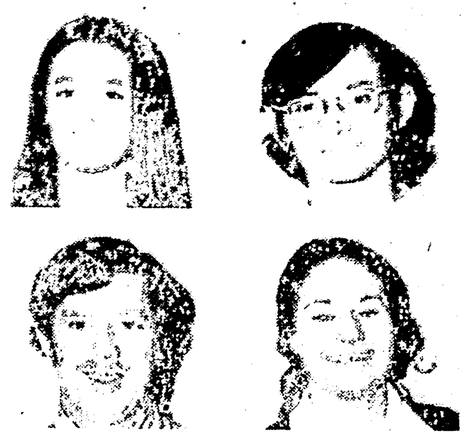
Ruidoso's future belongs to Ruidoso's youth.....



at Ruidoso State Bank this is more than a belief, it's a practice.

That's why we have hired four young adults from the Ruidoso area to work in our bank. These summer employees (from top left) are Kim Gooch, Wes Benson, Carey Horton and Rosa Pappas. Each is working and traveling from department to department learning overall banking procedures. Yet they are gaining more than the knowledge of banking procedures . . . they are attaining the prestige of responsibility and the value of a hard-earned dollar . . . ultimately helping to make them better Ruidoso citizens. "Ruidoso's future belongs to Ruidoso's youth". Come in today and meet our very special summer employees and get acquainted with our bank too! By FRED BUCKLES

A Republican House member unopposed for election from a DeBaca-Chaves Counties district may battle Albuquerque Rep. Tom Hoover for GOP leader in the 1973 Legislature.

Rep. Colin McMillan, Roswell, says he will "sound the political waters" on a race for Republican floor leader against highly regarded Rep. Hoover. Hoover is also unopposed for re-election.

A geophysicist, McMillan has no November opposition in new District 57 of Fort Sumner Precincts 2 and 3 and 10 Roswell precincts. Hoover, completing his fourth term, was forced to leave a seat on the powerful House Appropriations and Finance Committee in 1971 when he became GOP floor boss. Tom continued to serve on the potent Legislative Finance Committee.

Roswell lawyer Lewis Cox says pricing of natural gas in the Permian Basin by the Federal Power Commission has created an abnormal situation. Cox, ex-Atty. Gen. Earl Hartley, Albuquerque, and William Cooley, Farmington, represent New Mexico in an effort to win increases in wellhead gas prices, set by the FPC.

Southeastern and Northwestern New Mexico are affected. The Southeastern New Mexico Permian Basin rate case is in the FPC hearing and briefing stage. The case will go to courts later.

Cox says FPC pricing of natural gas has created and maintained an inequitable flow of funds and retarded New Mexico economic development. But he says FPC pricing policies have created a nationwide gas shortage.

Seventy-six per cent of present production is shipped in interstate commerce. A fair price is necessary. Cox says 23.75 cents per 1,000 cubic feet is unrealistic. A new Mexico settlement proposal recommended 44 to 51 cents. It was rejected.

Cox says the distinction between "flowing" and "new" gas should be wiped out. He says the price should be the commodity price. Cox says increased demand for clean fuel has depleted reserves. Unless significant new discoveries are found the national natural gas supply is probably only enough to last for 12 years.

The City of Deming received $6,600 for a youth worker project. The money was part of $22,000 awarded in four community mental health seed grants by the community services division of the State Hospitals-Institutions Department.

The Rev. John P. Miner of the Episcopal Church of the Holy Mount, Ruidoso, paraphrased in a sermon what the prophet Isaiah might have said today "to denounce the State of New Mexico's Highway Department for the disastrous situation that has developed on U. S. Highway 70 at Glencoe."

The Rev. Miner urged immediate action to prevent possible catastrophe from heavy rains. He said: "It doesn't take a crystal ball for those of us who have lived through a couple of summers here to put two and two together and be able to say with some degree of prophetic ardor: 'When the first gully washer of this season hits the Glencoe area, that area of suspended highway construction, St. Anne's Chapel will be flooded again (not just 4 feet deep, but 8 feet.)

"Shorty Ellis and his wife will be personally endangered and their business of a quarter of a century curtailed if not wiped out, avalanches will block the road in several places, injuring or killing unsuspecting visiting motorists to our area and a mud and rock slide will endanger Jewell Bonnell's life and property.'"

Six federal grants totaling $494,000 for projects in Clovis, Tucumcari, Carlsbad, Las Cruces, Bernalillo and other areas were disclosed. The City of Tucumcari will receive $31,959 to develop a recreation area. Bleachers for a rodeo arena, concession stand, picnic shelters, tables, grills, benches and washrooms will be among improvements.

The City of Clovis was allotted $17,514 for more improvements in Ned Houk Memorial Park. A water system, picnic shelters, tables, bridges and parking barriers are marked among improvements.

John Hemery, 62, of Luna County, a Wallace alternate to the National Democratic Convention, sees little chance for Wallace and McGovern backers to team together in the general election campaign.

An accountant for a plastics manufacturer, Hemery says: "It would be pretty nearly impossible to do that. They are diametrically opposed. One is left and the other is right."

Hemery says: "I could personally not ever support McGovern. I would vote for Nixon." Several Wallace New Mexico delegation members returned from the Democratic National Convention at Miami Beach saying they will support Republican Richard M. Nixon over South Dakota Sen. George McGovern, the Democratic nominee.

Mrs. Dortha Moore, 35, of Tucumcari, a Wallace delegate, has strong reservations against McGovern. But Mrs. Moore, a housewife, said she could vote for McGovern if he moderated his stand on key platform planks.

The Highway Commission opened bids on a series of projects. The apparent low bid on alternate 1 was $83,850 by Lovington Plumbing and Heating, Lovington, on a rest area on US-180 in Luna County about 20 miles northwest of Deming. The same firm's apparent low bid was $74,940 on alternate 2 on the same project.

Co-Con Inc., Albuquerque, was apparent low bidder at $3,137,078 on an Interstate 25 project 5.352 miles long from the NM-47 junction north to the Barcelona Interchange at Albuquerque. Armstrong and Armstrong, Roswell, was apparent low bidder at $939,524 on 6.4 miles of US-62-180 from 5.5 miles west of the Eddy-Lea Counties line east. McClure and Reynolds Enterprises Ltd of Taos was chartered by Michael E. Reynolds and Ronald G. McClure of Taos.

"THE PIE-MAKIN' PLUMBERS-HELPER"
There once was a time when I thought I knew lots
'bout business and plumbing and such,
But that was before "Strong Plumbing was hatched
And I found that I didn't know much!
There's P-traps, cone washers and flush valves and such
And I've found that they don't inter-change!
One just doesn't fit where the other belongs—
And a commode is called a closet — how strange!
So if it's true and ignorance is bliss
And 'tis really folly to be wise,
I'm as blissful 'bout plumbin' as I can be,
And oughta stick to makin' pies!

ALL IN THE VILLAGE OF RUIDOSO, LINCOLN COUNTY, NEW MEXICO.

The width in feet of the paving improvements, measured back to back of curb (and measured perpendicularly to the curbs where there are curbs), or from edge to edge of the paving where there are no curbs is indicated by the figures in the column entitled "Pavement Width" in the above description of each street (and includes the widening of the street where the widths of said streets are increased). The pavement is to be centered in each street, except as indicated on the plans on file with the Village Clerk. No substantial change in grade or elevation is anticipated, and it is expected that the grade or elevation will follow the existing contour of the land.

Except as shown on the plans on file in the office of the Village Clerk, such improvements shall more particularly consist of and include the following:

Excavation, grading, shaping and draining such streets; the spreading and compacting of a base on the widened portion of each street which shall be base course material approximately 6 inches thick; and the construction on the entire street (i. e., on the existing pavement, where there is existing pavement, and the new base course where there is no existing pavement) of asphaltic paving which shall be approximately from 1½ to 2 inches thick.

The estimated total cost of said improvement, including engineering, legal and incidental expenses is $819,549.49 of which it is estimated that $—0— will be defrayed from sources other than special assessments, and $819,549.49 will be assessed against each tract or parcel of land in the assessment area, i. e., against each tract or parcel of land abutting that portion of streets (i. e., the right-of-way from such streets) being improved on a frontage (i. e., a front foot) basis; provided that the total cost of improving intersections which will not be paid from other funds will be assessed proportionately on a frontage (i. e., front foot) basis against all tracts and parcels to be assessed in the District, i. e., tracts or parcels abutting that portion of any street being improved (i. e., the right-of-way of such streets) in the District; provided that an equitable adjustment will be made for any irregular lots or lands and for any tract or parcel not specially benefited by any improvement, so that the assessments according to benefits are equal and uniform.

All persons interested are hereby advised that the preliminary plans, showing a typical section of the contemplated improvement, the type or types of material, approximate thickness and width, an assessment plat showing the area and an addendum to the assessment plat showing a description of the property to be assessed and the maximum benefits estimated to be assessed against each tract or parcel of land in the assessment area, said estimate of benefits being computed on the aforesaid basis and a preliminary estimate of the total cost of each type of construction theretofore and hereinabove designated, said estimate being made in a lump sum and by unit prices, including therein, without limiting the generality of the foregoing, the advertising, appraising, engineering, printing and such other expenses as in the judgment of Kannady Engineering Company, a firm of competent engineers of Ruidoso, New Mexico, and duly licensed as engineers under the laws of the State of New Mexico, is necessary or essential to the completion of such work of improvement and the payment of the cost thereof, are on file in the office of the Clerk in the Village Hall at Ruidoso, New Mexico, and may be inspected by any property owner, or other interested person during the regular office hours. Any interested person may also ascertain in the office of the Clerk a description of the property to be assessed thereagainst, and the maximum amount of benefits estimated to be conferred on each tract or parcel of land. Reference is made to such for further detail.

On Monday, the 7th day of August, 1972, at the hour of 8:00 o'clock p.m., at the Village Hall, in Ruidoso, New Mexico, the owners of the property to be assessed, or any other persons interested herein, may file a written protest or objection and may appear before the Board of Trustees and be heard as to the propriety and advisability of making such improvement, as to the cost thereof, as to the manner of payment therefor, and as to the amount thereof to be assessed against the property to be improved.

The Board requests that any property owner or interested person wishing to make protest or objection, make such protest or objection in writing at the office of the Clerk before the time set for such hearing. Any person filing a protest or objection, as aforesaid, shall have the right within thirty days after the Board of Trustees has concluded the hearing, has determined the advisability of constructing the improvements and has created the improvement district, to commence an action or suit in any court of competent jurisdiction to correct or set aside such determination, but thereafter all actions or suits attacking the validity of the proceedings and the amount of the benefits shall be perpetually barred.

After such hearing said Board shall determine as to the advisability of so improving said streets and parts thereof, and shall determine the kind and character of such improvements so to be made and shall proceed to advertise for bids for the doing of the work therefor and shall enter into a contract for the doing of such work and the furnishing of all necessary materials to the lowest bidder.

After the making of such contract said Board shall determine what portion of such work shall be paid by the property specially benefited; shall make out, together with said engineer, an assessment roll, shall thereupon fix a time and place when objections thereto by the owners of the assessed property will be heard and cause such roll to be filed in the office of the Clerk. After proper notice is given and said hearing is held, said Board may modify said roll and shall levy the assessments therein by ordinance which makes reference thereto. Each assessment shall not exceed the estimated maximum benefit to the property assessed. The Board shall provide that the assessments may be payable without interest or demand, at the election of the owner, or in twenty substantially equal semiannual installments of principal. The Board shall also provide the time and terms of payment of such assessments and the rate of interest upon deferred payments thereof, which rate shall not exceed eight per centum (8%) per annum and shall fix penalties to be collected upon delinquent payments.

By order of the Board of Trustees of Ruidoso, New Mexico.

DATED this 29th day of June, 1972.

/s/ James L. Hine,
Village Clerk

Public Is Invited To Private Rites At Mescalero

Saturday and Sunday, July 29 and 30, Mr. and Mrs. Bruce Klinekole will present their daughter, Gina, in a private coming-out ceremonial. The rites will begin at 8:00 a.m. Saturday and continue for two days.

Mrs. Klinekole (Virginia), mother of the honoree, has the distinction of being the only woman in the United States to have served as Chairman of the Tribal Council. Bruce Klinekole, the father, is a veteran of World War II and a prominent member of the Kiowa-Apache Tribe.

Two generations ago it was customary for the family of the maidens to give a four-day feast to which hundreds of people were invited and attended for four days. Ace Daklugie, when two of his granddaughters were presented, furnished food for over 1200 people for four days. He killed 17 three-year-old beeves and bought truck loads of bread, cabbage, coffee, etc., for the guests. Now that the expense is prohibitive few families can give private coming-out rites for their daughters; and of those who do, attendance is usually by invitation. Because of this situation there will be concessions at the Mescalero Feast Ground where food, etc., can be obtained. There will be no admission charge.

The puberty rites will begin at 8:00 a.m. Saturday under the direction of Willeto Antonio, Medicine Man. The rites will be a modified version of the traditional four-day ceremonial.

During both Saturday and Sunday afternoons exhibition dances will be presented in the gymnasium of the Recreation Center, thus insuring relief from either heat or rain. These, too, are free. And at night, beginning after eight o'clock, the traditional and most sacred of all Apache rituals, the Dance of the Mountain Spirits, will be presented by the masked dancers around a huge log fire at the Ceremonial Grounds.

To entertain their guests the Klinekoles have engaged the performances of the famous Gourd Dancers of the Comanche Tribe in Oklahoma, and of Blackfeet from Apache, Okla., who will present their tribal dances. Both afternoons and evening social dances will be featured in which visitors are invited to participate. Two groups of the Mountain Spirit dancers will be the featured event of the evening program.

Because the tribe finances dances only once each year—the week of the Fourth of July—this is an unusual opportunity for the public interested in Apache Culture to attend such a ceremony. Take advantage of this invitation to learn of your neighbors on the Mescalero Apache Reservation. You will find your visit time well spent.

Agency Checks Consumer Fraud

Larry J. Gordon, New Mexico Environmental Improvement Agency Director, and Char General's Office, announced that positive measures are tion Director with the Attorney General's Office, announced to being taken to promote consumer protection with regard to proper labeling and pricing of prepackaged poultry by retail food dealers.

This effort is being emphasized due to recent violations of both the New Mexico Food Act and Consumer Fraud Legislation. Certain cuts of prepackaged chicken were found to include other parts than those indicated by label with no adjustment in price to reflect the contents of the package.

In Ruidoso, telephone the EIA at 257-4014 or write New Mexico Environmental Improvement Agency, if dishonest packaging of poultry is encountered.

Pat Farrar Finishes AFROTC Training

Pat K. Farrar II, son of Mr. and Mrs. Leon A. Farrar of Ruidoso, N. M., recently completed a U. S. Air Force Reserve Officers Training Corps (AFROTC) field training encampment at March AFB, Calif.

During the encampment, cadets become familiar with the life and activities on Air Force bases and can examine careers in which they may wish to serve as officers.

Additionally, they receive survival training, aircraft and aircrew indoctrination, small arms training and visit other Air Force Bases.

Cadet Farrar is a member of the AFROTC unit at New Mexico State University. He is a 1970 graduate of Ruidoso High School, where he was valedictorian of his graduating class and a member of the National Honor Society.

Cadet Farrar's wife, Lynna, is the daughter of Mrs. Dorothy L. Phillips of Cloudcroft, N. M. Mrs. Farrar's father, Dean F. Phillips, resides in Ruidoso.

WOMAN'S PURSED LIPS? — Theodore Golubic, artist in residence of the Roswell Art Center, submitted this photo of a shadow pattern in the Hondo Valley which he described as "the silhouette of the pursed lips of a woman" to The News and we are publishing it here for your inspection. The photo points up the fact that many of us, though we live in one of the most scenic areas in the country, do not see the beauty.

Letters To The Editor

(Editor's Note: The following letter was received by The News last week and contains an observation in which, we felt, our readers might be interested. We suppose that this phenomenon is similar to forms one sees in clouds on a summer day.)

July 10, 1972

Dear Sir:,

I am writing to your newspaper to share something that might be of interest to your immediate readers not to mention the tourists who are visiting your area.

Today especially the country became sun-oriented with the occurence of the eclipse's path across North America. The enclosed photo montage represents an unusual sun-earth phenomenon happening here in the Hondo Valley as a conjunction of the sun's position and a combination of natural cummulative rock formations coming into alignment into a configuration I can best "describe in a word as "terr-umbra(tion)."

I came across this shadow configuration on May 19, 1972 while driving to Roswell to take up my residency with the Roswell Museum Program. It was approximately 7:20 in the morning and I was driving thru Hondo when the phenomenon first struck me—it was the silhouette of the pursed lips of a woman. I did not realize the actual distance of this strange phenomenon ahead of me. I drove on in complete awe of this for at least 5 to 10 minutes with the configuration always in full view. I remember driving past Tinnie Mercantile and about a mile down the road stopped at a widening in the road to get a longer, safer look because I feared driving and looking at the same time. It didn't occur to me to photograph it then but the image remained imprinted in my mind and I knew I must return to see this phenomenon again. I did return to the site on May 19 of this year.

It was not unusual for me to spot this type of phenomenon since my work involves the projection of shadow and spectra and I was subconsciously "geared" to it. Seeing this phenomenon was like a thrill of testimony to my ideas in the natural environment. You can imagine my surprise to see the concept I have been working in occur literally as large as a mountain. What is more fantastic that on this occasion of photographing I had discovered (as a reciprocal configuration in the sun-lit portion) that a striking male profile appears and trailing around the mountain's shadow side, visible rock strata which appear to be feathers of a headdress completing what could be described as a head of a male Indian. One wonders whether the Indians themselves witnessed this phenomenon.

The total phenomenon from complete woman's head to a transformation into a major emphasis in a woman's pursed lips and its parallel appearance of the male counterpart head to their simultaneously disappearance will occur again on July 26 from 7 a.m. to 8:05 a.m. It is because the sun's angles of declination are the same on May 19 and July 26. I wouldn't be surprised to find that with 2 weeks on either side of these dates the phenomenon will begin to occur or is occuring at this time span each morning.

Sincerely,
/s/ Theodore Golbuc

CAPITAN NEWS

By BARTLEY McDONOUGH

We have learned from members of the cast that the rehearsals for this year's Billy The Kid Pageant are coming along very nicely. It is our understanding that Bill Shrecengost will again play the part of Billy The Kid. The pageant dates this year are Aug. 4, 5 and 6. All the action takes place in Old Lincolntown.

Aug. 21, the beginning of school, is close at hand. All new students are urged to contact principal Jack Mayfield or call the school office. It is a good idea to go by the office and pay lunch bills early. Coach House is asking all football players who need new shoes to contact him immediately. Football practice begins on Aug. 9. The first game of the season is scheduled for Sept. 2 when the Fighting Tigers take on Alamogordo Mid-High in Alamogordo.

Bill Ward is now receiving entries for the 4th Annual White Oaks to Lincoln Pony Express Race. This race is scheduled on Aug. 5 this year. Past winners include Fermin Chavez, John Dobbs and Brahaim Hindi. Those interested in entering the race should contact Bill Ward, Lincoln, New Mexico 88338.

Bill Ward informs us that plans are now being made to hold a state championship team tying contest in Capitan during the Oktoberfest. This would be a big event for Capitan and the entire area.

Mr. and Mrs. Norman Renfro have moved from California into the Smokey Bear Motel apartment formerly occupied by the Granthams. This family will help Norman's mother, Irene Renfro, in the coffee shop and motel. The Granthams have moved across the street. Katherine will continue to work at the motel. The Renfro family will have three children attending the Capitan Schools. They are: Gary, 16, a senior; Mikel (Mike), 15, a sophomore; and Becky, 12, in the 8th grade.

QUEEN CANDIDATES—The following girls were recent candidates for the title of queen of the Capitan Junior Riding Club. Left to right — Kimber Murray, Sandra Lacy, Wendy Wiley, Leola Montes and Donna Joiner. The picture of the queen and other candidates appeared in last week's News.
