RUIDOSO PAVING DISTRICT NO. 3
Public Protest Hearing Held On New Proposed Paving District

The Ruidoso Village Council, Monday night, Aug. 7, held the first official Public Hearing on the proposed new Ruidoso Paving District No. 3.

Meeting for nearly three hours in the council chambers of the Ruidoso Municipal Building, where at times there was up to sixty people crowded into the council chambers, Ruidoso Mayor Leon Farrar read the roll of streets proposed to be paved in the new paving district.

Those attending the protest hearing were provided an opportunity, as their respective streets were named, to express their views regarding the paving project as it affected their particular property and were permitted to enter a formal protest if they so desired.

Ruidoso Village officials, Tuesday after a preliminary tally of both the verbal protests Monday night and the advanced written protests, estimated that of the over 2,000 parcels of land affected by the new paving district less than ten perecnt protested. Total estimated cost of the new paving district has been set at $819,549.

Village officials also reportedly recognized that most of those who protested had legitimate reasons the most of which were void of selfish reasons.

It was also noted that every protest, either by letter or verbal Monday night, was officially recorded by the governing body and the Ruidoso Village Engineer Jack Kannady. Accordingly, it was stated, all protests will be considered individually on its merit in relationship to the total paving district proposal.

The governing body, according to state law, has the final decision regarding which streets are to be included in the paving district and is expected to study each protest this week. It was announced that it will be several days before a final decision is made by the council.

Ruidoso Downs Hosts N. M. State Fair Commission Meeting

A coordinator position at the New Mexico State Fair was discussed Friday, Aug. 4, at the August meeting of the State Fair Commission held in the Ruidoso Downs Race Track's All-American Turf Club.

Board member Claude Leyendecker of Deming suggested that fair manager Finlay MacGillivray interview Ruben Miera of Bernalillo regarding the position.

Leyendecker said he felt there is a need for such a post at the fair, to coordinate the various departments and also act as liaison with the legislature.

Commissioner Juven Sanchez of Albuquerque, who is heading the new Spanish Village, requested permission of the board to sell beer at the new village this year. The board, however, said that the fair presently has a contract with Charles Villa of Cee Vee Liquors in Albuquerque to handle all liquor sales, and that contract will have to be reviewed before such permission could be granted to the village.

The board, in its first meeting at Ruidoso Downs in several years, heard a report from Mac Gillivray that the half-million dollar's worth of construction at the fairgrounds is on schedule and will be ready for use at the 1972 fair which opens Sept. 13.

The board also okayed the State Police to handle security and policing at the fair again this year for the third season. They also approved a bid from William Smith of Albuquerque to again handle sound service at the Coliseum.

The board also gave approval to final plans for the start of the 1972 exposition.

All seven members of the State Fair Commission were present for the meeting and attended the race meet in the afternoon.

Members of the board are: Chairman, Karl K. Butt, Clayton; Mrs. Fern Sawyer, Nogal, vice-chairman; Leo L. Smith, Chama, secretary - treasurer; Daniel Burguete, East Vaughn; Juven Sanchez, Albuquerque; Paul Woofter, Socorro, and Claude E. Leyendecker, Deming.

Reports were given from several communities, both large and small, on existing centers and action taken to establish them.

The club expressed considerable interest in the project and noted that community support would be necessary to provide such a center.

Twenty-six people were present for the meet.

The sixty-five member Ruidoso club meets the first and third Thursday of each month at the OES Hall and invites residents over 50 to attend.

Kodiak Granted Racing License For Two Tracks

A final 4 to 1 decision by the New Mexico State Racing Commission, Monday, Aug. 7, has granted Kodiak Industries, Inc. of San Diego, Calif., a license to operate both the Ruidoso Downs Race Track and the Sunland Park Race Track, the latter located near El Paso, Texas.

Kodiak Industries is now owned by Al Rosa, San Diego, by virtue of a transfer of ninety percent of the corporation's stock as owned originally by the firm's founders Dominic and Anthony Alessio, San Diego. Rosa originally owned ten percent of the stock. Kodiak purchased the controlling interest of the tracks as they were previously owned by Fortuna Corporation of Kansas City.

The only descenting vote on the commission board, during the commission's meeting held in Albuquerque, was that of George Maloof, senior member of the racing commission. Maloof reportedly voted no as a vote to delay action by the commission until an investigation currently being made by a Los Angeles grand jury is completed regarding the Alessios.

Rosa is now 100 percent owner of Kodiak although the Alessios are still legally responsible for a loan that financed the purchase of Fortuna. Rosa and two San Diego attorneys, Tom Nugent and Deane Haskins compose a three-man Kadiak Board of directors.

Practice Starts For 1972 Warrior Football Squad

Doyle Howell

The 1972 Ruidoso High School Warrior football team, ranked among the top New Mexico Class AA high school teams in pre-season polls, will begin their first practice session Monday, Aug. 14, in preparation for the 1972 schedule. The Warriors open their season here Sept. 1, against the Carrizozo Grizzlies. The Grizzlies defeated the Warriors, 24-14, in last year's season opener.

The Warriors finished last year as Runner-up to the 1971 New Mexico Class AA High School crown. The local Tribe lost to the Jal Panthers, 21-6, in the state championship classic held in Artesia. Finishing the regular season with a won 8 lost 2 record, including a 3 won no loss district competition, the Tribe defeated Clayton for the Bi-District Championship to gain a berth in the state championship game.

Warrior head football coach Doyle Howell, New Mexico High School Class AA Coach of the Year, will have twenty-four returning lettermen which includes five of last year's returning offensive starters and six defensive starters.

The popular head mentor for the Warriors, this week, was elected to a two-year term on the Board of Directors of the New Mexico Coaches Association. Howell will represent the Southwest District of New Mexico on the eight-man official board. He is reportedly the first Ruidoso coach to be elected to the board.

Howell reported this week that practice sessions, beginning Monday, will be held twice daily, 8:30 a.m. and 5:30 p.m., for the two dozen returning lettermen and 19 non-lettermen. Most of the non-varsity lettermen have played some varsity football, B-Team or Freshman football.

Heading the list of returning lettermen is senior quarterback Blane Miller. Miller, a 3 year letterman, was named the United Press International New Mexico High School Back of the Year in 1971, named to the Associated Press New Mexico High School Class AA All-State Team and quarterback on the Class 2-AA All-District Team.

In addition the potentially power packed 1972 Warrior squad will have 215 pound center Ken "Bunker" Perryman, senior, who was named to the UPI 1971 New Mexico Class AA High School All-State Team and also the only 1972 Warrior to be named to the Class 2-AA All-District Team for two consecutive years, 1970-71. In 1971 the stalwart center was named on both the offensive and defensive teams of the All-District squads.

Also returning and named to the 1971 Associated Press and the 1971 UPI New Mexico High School Class AA All-State squad is Lemuel "Crickett" Level.

Level, a senior and 240 pounds plus defensive specialist, was also a member of the 1971 Class 2-AA All-District Team.

The Warriors will also have a little giant returning in the person of Reeves McGuire, 125 pound Honorable Mention on the 1971 Associated Press New Mexico High School Class AA squad. McGuire, a 5' 5" junior was Ruidoso's leading pass receiver during 1971 and was named Honorable Mention on the Class 2-AA All-District squad.

Other returning starters include senior Kent Skarda, backfield, Peter Mellon, senior, guard, Dick Underwood, junior, backfield, Tim Baur, senior, end, and Harlan Butts, junior, guard.

Howell's coaching staff will include veteran line coach Darrel Stierwalt and a new addition to the coaching staff, Gary Giannoni, formerly of Portales and hired as head basketball coach and defensive backfield coach of Howell's varsity Warrior team. Giannoni replaces former head basketball and defensive football backfield coach Phil Hood who resigned this summer.

New NM Air Charts Are Now Completed

Pilots will soon receive the new air charts for the state of New Mexico published annually by the New Mexico Department of Aviation. Visitors from out of state are invited to write the Department of Aviation, Santa Fe, N. M. 87501 for a copy of this chart. The Department will also send you a pilot's guide to Mexico published in cooperation with the Albuquerque Chamber of Commerce. Both charts have a directory of airports and other valuable information about communications. 40,000 of the N. M. air charts are distributed annually to pilots in all of the fifty states and to foreign visitors who request them. The N. M. air chart is printed on chart bond paper and will withstand the wear and tear of cockpit use. Major change in this year's chart is a directory of airports showing the airport runway alignment, field elevation and all other pertinent information about the particular airport. Pilots who register their aircraft with the Department are automatically on the mailing list. State Aviation director Bob White said that the new design is in accordance with public demand for more aeronautical information about the state. There is no charge for the two charts.

5,000 See Arts And Crafts Show Here Last Week

Around five thousand tourists and Ruidoso area residents attended Ruidoso's First Annual Arts and Crafts Show sponsored by the Ruidoso Valley Chamber of Commerce and held last weekend in the Ruidoso Municipal Park.

Chamber of Commerce officials reportedly were elated over the response by both the number who attended the 3-day show and the number of artists and craftsmen who participated. One hundred and twenty-six artists and craftsmen were housed in ninety-two individual booths during the show.

One Chamber of Commerce official remarked that it was the general opinion of the chamber members that the show was a complete success and that plans for next year's show would begin in the very near future.

The outside show, although hampered by rain each day, attracted summer tourist and visitors from over a dozen states. At one time Saturday afternoon around four hundred cars lined both sides of Sudderth Drive in the area of the Municipal Park.

Sunday afternoon chamber of commerce representatives presented awards to the top three booths as judged by a special committee of the chamber. The displays were rated according to their uniqueness, decoration and general maintenance.

Named as the top booth and winner of the First Place cash prize of $75 was a booth titled "Mountain Mammas". The top booth, created by three El Paso, Texas and Ruidoso summer residents, focused their crafts upon primitive woodcarvings, weavings and leathercraft. The three women included Mrs. Gerald Campbell, Mrs. Jerry Nicodemus and Mrs. C. W. "Bubba" Cascio.

Second place honors were awarded to two Los Alamos women for their art and pottery display. They were Patricia R. Loree and Jean Jennings. Third place went to Ruth B. Hammock and Erald L. Gross, both of Muleshoe, Texas whose booth of oil paintings and antiques attracted noted attention during the show.

George D. Buffett, Albuquerque and producer of the show, stated that many individuals who attended the show remarked that they were unaware of the highly professional type of artists and craftsmen who "set up shop in the show."

Buffett also stated that as far as comparing one show to another Ruidoso's show has had a better beginning than did the had ninety-two this first year. one held in Albuquerque where The list of artists and craftsonly 35 artists and craftsmen men, representing nearly a participated. Ruidoso, he added dozen western states, included some of the top in the field of metal sculptures, oil paintings, charcoals, acrylics, pastels, leathercraft, natural artwork, Indian jewelry, pottery, woodcrafts, papercrafts, textiles and a host of other unique handmade specialties.

A SIX PACK — A pack of six hunting dogs, better — a six pack of hunting dogs because of their togetherness in working, reportedly treed a bear after a continuous twelve hour chase. The bear was killed by Greg Mobley 11, son of Mr. and Mrs. Johnny Mobley, Ruidoso. The duration of the chase, according to the Pack's owners, Ray Clark, left, and Tom Chiffin, both of Capitan, is practically unherd of, "unusually," the two stated, "a dog will run an animal for three or four hours and quit, twelve hours is a long time." The dogs, ranging from ten months to six years of age, are Walker and Blue Tip breed dogs and as their owners remarked, "worth more than money can buy." Two of the dogs reportedly hold the record in New Mexico for catching the largest mountain lion ever killed in New Mexico.

Telephone Company Sets Driver Contest

Western States Telephone Company officials have released the official dates of the opening of their annual "Best Western Drivers" contest. The period of the contest will run from Aug. 28 through Sept. 18, when schools are opening.

The contest is unusual in that there will be no entrants, in fact, the participants will be unaware they are candidates for awards. The awards will be congratulatory plaques from Western States Telephone Company.

During the contest period, motorists in New Mexico and Arizona will be observed by law enforcement officers in the course of their patrol duties. Special note will be taken of drivers who are especially courteous, careful and conforming. From the many drivers observed, one will be singled out weekly in each area for superior safe driving procedures.

Although thousands of drivers will be observed, not every deserving driver may come to the attention of the patrolling officers. However, as a company official expresses it, "You're always a winner when you drive safely, and every community benefits when its children are protected from traffic hazards."

JOHN D. PAYNE

Ruidosoan To Attend 27th Annual Pilots Association Reunion

John D. Payne, Ruidoso, announced today that the 27th Annual Reunion of the China-Burma-India Hump Pilots Association will be held Aug. 17, 18, 19 and 20 at the Riviera Hotel and Country Club, Palm Springs, Calif.

Payne, a pilot in World War II flew C-47's, C146's, C-109's and C-187's in the China-Burma-India theatre and is making plans to attend the reunion, along with hundreds of other pilots from all over the United States.

Dr. William Jackson, President of the Association, stated that he expects between three and four hundred to attend the reunion. Ted McKinney and Cliff Henderson, Co-Chairman of the reunion, indicated that Air Force Reserve General Barry Goldwater would be the principal speaker.

He also expects Ambassador William Pawley, General Harold George, General Bill Turner, General C. R. Smith, General Dan Callahan, General James Ferguson, General Don Flickinger, Grover Loening, Robert Prescott and many other distinguished guests and members to attend the reunion which will be honoring the 25th Anniversary of the United States Air Force.

Herb Fisher, Chairman of the Board of the Association stated that it is an organization of dedicated pilots who flew one of the largest logistic operations in World War II, operating 24 hours a day with practically no navigational aids. From bases in India, they flew thousands and thousands of tons of supplies, passengers and a score of other vital necessities to American and Nationalist Chinese forces in Burma and China. Their operational routes of up to a thousand miles took them over the highest mountains in the world, the Himalayan range, where the worse weather in the world exists almost daily, including violent thunder storms, icing, monsoons and hurricane-type winds.

BOY'S BEAR—Greg Mobley, 11, son of Mr. and Mrs. Johnny Mobley, Ruidoso, killed his first bear late Tuesday evening after a 12 hour chase on horseback in the rugged mountainside above the Bonito Lake area north of Ruidoso. Young Mobley, much smaller than the 250 pound brown bear, rode horseback with his father, a yet younger brother, Mark, and two Capitan men, Tom Chiffins and Ray Clark. The Ruidoso youth's kill is the first bear reported to The Ruidoso News as killed this bear season. The special prize brown bear, according to Greg, will soon bear a special place in his room very likely as a rug. (Ruidoso News Photo)

RUCKER JOINS STAFF—Dave Rucker, 27, formerly of Livermore, Calif. this week joined the staff of Comey's Aircraft Maintenance Company, Ruidoso, as the local based aircraft service and maintenance firm has relocated and expanded its operations. Comey's, the only FAA authorized Lincoln County aircraft service company to give 100 hour and annual inspections is now located in the former Brown Flying Service complex. (Ruidoso News Photo)

Ruidoso's Comey's Aircraft Maintenance Expands Operation

[illegible] very apparent expansion potential, as [illegible] by the recent vast [illegible] commercial and residential [illegible] projects, was [illegible] this week with the announcement of the expansion of Ruidoso's [illegible] aircraft service and maintenance company, Comey's Aircraft Maintenance Company.

Presently located in the complex of the Ruidoso Municipal Airport, Comey's recently relocated in the former Brown Air Force [illegible] and service department. The new headquarters of Comey's is located on the [illegible] of the Ruidoso Municipal Airport runway on the west side of the strip and [illegible] taxi strip from the [illegible] automobile access [illegible] off of Mechem Drive, [illegible] 37, just near the Argyle West subdivision.

Bill Comey, owner and manager of the aircraft service and maintenance company and veteran of thirty-five years in the business, reported that "due to Ruidoso's ever expanding growth in air traffic and other commercial [illegible] tourist recreational facilities it became necessary to expand our services."

The local firm, Lincoln County's only Federal Aviation Administration authorized firm to give 100 hour aircraft inspections and Annual Aircraft Inspections, is qualified to service all types and models of aircraft, including single engine, twin-engine, helicopters and turbo aircraft.

Comey's expansion program also includes the additions of Dave Rucker, 27, formerly an aircraft mechanic and flight engineer at the Las Vegas, Nevada Municipal Airport. While in Las Vegas he was also employed with a firm under contract for service and repair [illegible] the atomic energy [illegible].

Graduating from the Northrop Institute of Technology in Los Angeles, Calif., Rucker is a native of Aztec, N. M., where he graduated from high [illegible]. More recently the aircraft service and maintenance position was associated with the Livermore, Calif. Municipal Airport. For the past two years he worked as a specialist in [illegible] aviation and has three hundred hours of flying time.

Comey, who employed Rucker while also associated with the Livermore airport [illegible] stated that he was extremely happy to have Rucker join his staff in Ruidoso. Comey said, "I am very much aware of Rucker's great abilities and feel that he will be a tremendous benefit to the Ruidoso area aircraft service and maintenance needs."

Comey added, "With the addition of Rucker our twenty-four hour emergency service will be greatly multiplied in assisting tourists who fly into Ruidoso for the weekend as well as those who include Ruidoso on regular scheduled stops."

Rucker and his wife, Linda, were married in May of this year and have purchased a home in Ruidoso.

Gallant Jet Takes Rainbow

Gallant Jet responded to heavy [illegible] from Jockey Jim Orr and [illegible] powerfully in the final yards to win the ninth running of the rich Rainbow Quarter Horse Futurity at Ruidoso Downs.

The colt earned a generous [illegible] of $72,694 out of the [illegible] of $231,563.

Gallant Jet, launched at 7-2 in the betting, chided up a half-length lead from Twelve Five, a 12-1 shot. The latter hit the wire with a head advantage over Sandy's Spur, a 21-1 darkhorse.

The winner, owned by Fennel Brown of Washington, Mo., now [illegible] as a key contender for the $900,000 (estimated) All-American Futurity at Ruidoso Downs on Labor Day.

In the early stages of the Rainbow, the horses were bunched up in a [illegible] curve, probably no more than a length or two separating all nine contenders. The battle over the lead position quickly turned into a three-horse duel between Sandy's Spur, Gallant Jet, and Twelve Five.

As the field thundered toward the mid-way point of the stretch, Gallant Jet steadily inched toward the top. But he was still [illegible] pressure from Sandy's Spur and Twelve Five.

In the final quarter yards, Gallant Jet applied enough muscle to [illegible] the victory while Twelve Five also closed with [illegible] but fell down second.

[illegible] over the [illegible] 20.22 seconds, [illegible] approach the [illegible]. A headwind prevailed, [illegible] but the [illegible] was still labeled [illegible].

[illegible] Jet, son of the great [illegible] by Fleet Jewel, now [illegible] former record [illegible] and a [illegible]. The [illegible] hoofed his [illegible] to $21,262. The [illegible] by Erwin Beddo. [illegible] owner expressed [illegible] feeling this way: "I [illegible] a busy time for [illegible] I can tell you how it [illegible]."

[illegible] pleased by the colt's [illegible] eye. "This is a [illegible]. I figured we [illegible] owned by [illegible] Mich., [illegible] and trained her [illegible] one of three [illegible] the prep [illegible] of Tulare, [illegible] third place money [illegible].

Gallant Jet got [illegible] of $8.60, [illegible] Five returned $9.60, Sandy's [illegible].

The 2-1 public [illegible] early combination [illegible] and finished badly to [illegible] the nine-horse [illegible] was [illegible] Miss [illegible] trial qualifier [illegible] of nearly 7-1, [illegible] earned $9.- [illegible] order [illegible] earned: [illegible] 6th — [illegible] and Ichiban [illegible] $8.335; [illegible] Liz, $3.010; 9th— [illegible], $7.794. Joe [illegible], earned $7,- [illegible] to boom as [illegible] 7-1-7 wagered $351.- [illegible] afternoon, [illegible] comparable [illegible].

Fain-White Exhibition Set For Gallery III

One of the Panhandle's most talented artist, Rheta White, and Dallas seascapist, H. E. Fain will be featured at Gallery III in Ruidoso in a two-week exhibition beginning Saturday, Aug. 19. The two artists will be honored that evening with a reception from 7:30 - 10:30 in the gallery.

Mrs. White works mainly in acrylic and watercolor, but is quite comfortable in many other mediums. She finds impressionism more expressive of her innerself than realism. Her paintings are subtle in color, serene in mood.

Fain claims Wichita Falls, Texas as his home although he was born in Oklahoma. He left school in Wichita Falls to follow a career in the arts, and has worked and studied with some of the country's finest artists: George Deaca, Ray Froman, Ernst Fuchs and others.

The artist works mostly with landscapes and seascapes, taking the subject matter from visual experiences during travels in this country and abroad. His treatment of color is indeed refreshing, original in every way. He was the Guest Artist for the State Fair of Texas in 1970.

The final show for the summer season will begin Saturday, Sept. 2 at Gallery III featuring Robert A. Gartland and Jim Ward.

The consolation was won by Chicory Mogo, owned by Betty Schuster of Wayne, Okla. The gelded son of Lady Bug's Moon - Chicory Dot won by a half-length as the betting choice and earned $6,711. Jerry Burgess was up. The winner is trained by J. B. Montgomery.

Hot Kiss, owned by S. B. Burnett Estate of Ft. Worth, Texas, finished second at 10-1 in the betting. Larry Byers was up. Time Machine, the property of Howard Wells of Lexington, Ky., took third under Frank Henning.

A Museum For Ruidoso?

Ruidoso is lacking in one attraction that would be of vital interest to both residents and visitors alike. A museum to preserve the fast-disappearing relics of history of the Ruidoso area should be one of the major priorities of groups or clubs in the village, and we feel that such a museum would be supported and welcomed by residents of the area.

Many residents now possess, and would probably loan to such a community effort, quite extensive collections of mementoes of the three cultures of the Ruidoso-Hondo valley. With a wealth of Indian artifacts dating back to 900 A. D., an Indian room at such a museum would be a natural. Although settlement of the area came at a relatively late date, many of the common utensils and furniture of the period still grace the homes of descendnts of the early settlers.

We recall that some of the finest museums that we have seen were started on a very modest basis and that the major portion of the exhibits were on loan to the museums.

Such a project need not be too expensive, with federal and state aid readily available for community museums. Most of us can well remember items common in our youth that are now collectors' items or totally unavailable now. If such things are to be preserved, now is the time to start!

State Engineer Sets Hondo Stream Survey

The Hydrographic Survey Section of the State Engineer Office will begin field work Aug. 7, in connection with a hydrographic survey to be made of the Hondo stream system in Chaves and Lincoln Counties. The survey will include the Rio Hondo, the Rio Ruidoso and the Rio Bonito and tributaries. The State Engineer has been directed by the Courts to make the hydrographic survey upon the basis of a motion filed by the Pecos Valley Artesian Conservancy District.

Aerial photography for the survey has been flown and the first phase of the field work, to take about two months, will be for the purpose of establishing vertical and horizontal control for projection of the photography. The second phase of the field work will take approximately one more month and will consist of field checking of the photographs to determine the location of wells and surface diversions, types of crops grown, fallow lands and other physical features.

The hydrographic survey will be under the direction of Euhd L. Martinez and the field work will be under the direction of Earl Cooper, both of Santa Fe.

Forest Recreation Fee Changes Are Made

"Only minor changes will occur in the National Forest Recreation Fee collection program as a result of the recently enacted Public Law 92-347, which restores a modified version of the Golden Eagle Passport Program," said Regional Forester Wm. D. Hurst today. "However, the bill does entitle persons 62 years of age or older to a free of charge "Golden Age Passport" which reduces user fees 50 percent on National Forests and Parks. Hurst explained that daily user fees of $1 and $2 per noncommercial vehicle are still required for use of designated camping and picnic areas in the National Forests and National Grasslands of the Southwestern Region. The only exception would be if at least one of the noncommercial vehicle occupants is 62 years old or older. In that case, the 50 percent reduction would apply. Mr. Hurst stressed that not all National Forest sites are charge areas and that areas designated for user fees are well posted.

Although the new Golden Eagle Passports probably will not be issued until later this year, the National Park Service is issuing interim "Parkland Passports" and "Parkland Golden Age Passports." The Forest Service is not issuing any passports at this time but will honor any Parkland Golden Age Passport or any other reasonable evidence of being 62 years of age or older and will allow the 50 percent reduction in user fees.

The Parkland Passport is valid only for entry areas administered by the National Park Service. No passport or other permit is required for entry into National Forests in the Southwestern Region.

YOUNGEST RIDER? — Little three-year-old Jade Konis, daughter of Jinnis and Ben Konis, could well be the youngest horseback rider in the area. Jade has been taking riding lessons for about a week at Buddie's Stable and has already gone on one afternoon trail ride. Konis, a well known southwestern artist, is conducting a two-week workshop at Carrizo Lodge and is now exhibiting his work at Gallery III. The Konis' have another daughter, Kelly, who also is a riding enthusiast. (Ruidoso News Photo)

Corona AR Major Takes Course

Army Reserve Major James D. Fox, son of Mrs. Mary Fox, Corona, recently completed the final phase of the Command and General Staff Officers Course at the U. S. Army Command and General Staff College, Ft. Leavenworth, Kan.

The course is organized into 10 phases and given over a five-year period either by correspondence or through the U. S. Army Reserve School System. The final two-week phase is conducted at Ft. Leavenworth.

The training is designed to prepare selected officers for responsible positions at division and support command levels. It also provides them with an understanding of the duties of corps and field Army General Staff Officers, and of Army participation in joint and combined operations.

Maj. Fox attended Midwestern University, Wichita Falls, Tex. He is a pilot for the Humble Oil, Houston, Texas.

He and his wife, Jennie, live at 8210 Garden Parks, Houston.

Special Course Set For Lab Assistants

A special course beginning at the University of New Mexico School of Medicine will offer qualified high school graduates from the Ruidoso area the chance to play an important part in future health programs in the state.

Applications are now being accepted for the 12-month course, which will begin in January. The course will train medical laboratory assistants to work with medical technologists and doctors in clinical laboratories. The course is co-sponsored by the New Mexico Regional Medical Program and the UNM School of Medicine.

Students in the program will spend six months training in laboratories on the UNM medical campus, followed by six months of practical training in the laboratories of participating hospitals in Albuquerque and in 18 communities around the state.

Upon successful completion of the course, students will be awarded a certificate of completion. They will also be eligible and be expected to take an examination for certification by the Board of Certified Laboratory Assistants of the American Society of Clinical Pathologists.

The role for the certified medical laboratory assistant—as distinguished from that of the registered technologist—is to perform the less complicated chemical, hematological and microbiological tests under the supervision of medical technologists, physicians, and other laboratory professionals in a doctor's office, hospital or laboratory.

Qualified workers with this type of training are in increasing demand as the field of laboratory science continues to grow, said Peter Vichi, director of the programs at UNM.

For more information or application forms, interested persons may write to: Director, Laboratory Sciences Program, Health Sciences Center, University of New Mexico School of Medicine, Albuquerque, New Mexico 87106.

SOCIAL SECURITY

Copies of a new and expanded edition of the Medicare leaflet, "How to Claim Medical Insurance Benefits", are available upon request from any Social Security Office, Mrs. Christine Graves, social field representative, said today.

Mrs. Graves said the new edition includes information on how Medicare determines the "reasonable charges" for physicians' service. For elderly people signed up for the doctor bill insurance part of Medicare, the law provides payment for 80 percent of the "reasonable charges", over and above an annual deductible of $50.

Under Medicare law and regulations, a charge is considered "reasonable": (1) if it is no higher than the doctor has been customarily charging all his patients, Medicare and non-Medicare, for the particular service; and (2) if it is also no higher than the charges made for that service in three out of every four cases by the doctors in that locality.

Single copies of the new edition of the leaflet "How to Claim Medical Insurance Benefits", can be obtained without charge by writing ro calling the nearest social security office.

Mrs. Graves may be contacted at the Council Room in the Ruidoso City Hall the second Wednesday of each month from 10 to noon and 1 to 2.

While at Capitan, Coach Bergman was the head wrestling coach, assistant football coach, junior high coach, and cross country coach. He was also an instructor in industrial arts and driver education. In addition he was active in community affairs including the Capitan Lions Club.

The immediate family survivors are wife, Judy, and two children, Aaron and Tanya.

The bleachers for the new multi-purpose building will include two 80-feet groups, one on each side of the gym. There will be five rows folding on the fourth row.

One of Capitan's teachers, Leota Pfingsten, was a recent visitor to Las Vegas, Nevada. While there she was able to see Perry Como, Debbie Reynolds, Paul Anka, and Harry Belafonte. Leota gets around. Last year at this time she reported having a very enjoyable time in New York City seeing the Duke Ellington Show. Leota also reports a very busy summer at the G-Bar-F Ranch with many visitors.

Wally Bryan Caravan Club Holds Rally At Cherokee Village, Here

Thirty-one Airstream trailers and ninety-five people, all members of the Wally Bryan Caravan Club, Inc., Paso Del Norte Unit of the El Paso, Texas and Las Cruces area, were in Ruidoso last week for the club's Billy the Kid Rally.

Headquartered at the Cherokee Mobile Village, this is the second such rally in the area this year in which the club utilized the facilities of Cherokee Mobile Village, one of Ruidoso's newest mobile home parks.

The club's host, Herbert Cosgrove, El Paso, reported that the age of those attending last week's rally ranged from two years of age to eighty-one years of age. Club president is Mrs. Vivian Hamilton, El Paso.

As a part of an international club which includes members in the United States, Mexico and Canada, the El Paso-Las Cruces area unit has 250 Airstream trailers registered in their unit with over 650 people in the total Wally Bryan Caravan Club.

During their six-day rally here, some of which arrived Tuesday, Aug. 1, the special visitors attended the races at the Ruidoso Downs Race Track, toured the Ruidoso Art Galleries and curio shops, attended the festivities associated with the Billy The Kid Pageant in Lincoln, and toured the Ruidoso Valley Chamber of Commerce sponsored Ruidoso's First Annual Arts and Crafts Show in the Ruidoso Municipal Park.

The schedule of group activities, all pre-planned through special arrangements with the management of the Cherokee Mobile Village, included a Pancake Breakfast Saturday morning and an informal Saturday night Supper, all held in the Recretion Hall of Cherokee Mobile Village. An early Sunday morning worship service in the Recreation Hall climaxed the rally's schedule.

Saturday night during the unit's Friendship Hour in the Recreation Hall, Fred Heckman, employed with the Mescalero Apache Tribe, addressed the group. Heckman presented an informal address on the present and proposed expansion projects of the Mescalero Apache Indian Tribe which included the current $6.8 million Clenegita Resort Hotel and triad tourist complex.

Membership in the Wally Bryan Caravan Club, only Airstream trailer owners are eligible for membership, includes residents of El Paso, Texas, Carlsbad, Deming, Alamogordo, areas of the Big Bend in southwestern Texas, and most areas of Southern New Mexico. The unit holds eleven monthly meetings each year and schedules eight rallies per year.

Thurs. Sprint Slated As Times Purse

Little Leasme, in with Apprentice Gil Villescas at a light 107 poonds, shapes up as the one to beat in Thursday's sprint feature at Ruidoso Downs.

The 5½ furlongs run for allowance three and four year olds honors the El Paso Times. Twelve races are on tap, starting at 1:30 p.m.

The racing weekend includes two stakes races. On Saturday, the top sprinters on the grounds lock horns in the annual renewal of the $3,500-added Speed Handicap at four furlongs. Attention in that one is expected to center on Paso Peace, who'll be going after his sixth win of the meeting.

On Sunday, New Mexico-bred juveniles take over the spotlight for the $30,000 (estimated) Rio Grande Futurity at six furlongs. The likely favorite is Smac D., an impressive trial winner last week.

Little Leasme, owned by Freddie Howard of Brownfield, Texas, kicked off her racing debut earlier in the meeting. In her first spin, she finished fourth, then was advanced to third via a disqualification. Next time out, she made easy work of maidens and galloped to a 3½-length victory as a 5-2 favorite.

Then she took a hike in class, left the gate as a 4-1 shot and closed well to nail down third. This stretch punch may be enough to get the job done in the Times Purse. The dash carries a purse of $2,030.

Here's the way the field stacks up, in post position order: 1—The Imp's Law (Willie Lovell), 117; 2 — Straw's Miss (Luke Myles), 117; 3 — Rocket Charger (Gordon Weaver), 107; 4 — Soon A Prince (Doug McDaniel), 119; 5 — Rica Kid (Wayne Gee), 107; 6 — Piparillo (Jim Bannowsky), 117; 7 — Teutonic Princess (Jack Wallace), 112; 8 — Fly N Spy (Jerry Nicodemus), 117; 9 — Little Leasme (Gil Villescas, 107; 10 — Orphan Song (Jerry Burgess), 112.

Teutonic Princess made her seasonal debut last weekend against $3,000 claimers and advanced briskly out of seventh place to finish fourth. During the recent Sunland Park season, the filly scored a romping five-length victory as the betting choice in a mile route for three-grand claimers.

Soon A Princess, who's current campaign has been pretty dull so far, flashed some good indications over the weekend by closing steadily to gain a fifth-place finish.

Orphan Song, the obvious speed in the race, may be a tough one to catch. The filly will be taking a severe drop in class. Previously, she ran out of gas against stakes-winning and strong allowance company. But the No. 10 post position in Thursday's headliner might be a problem.

Kid-Junior Rodeo Set August 11-12

A Kid and Junior Rodeo sponsored by the High Chaparral Horseman's Association has been scheduled for Aug. 11 and 12 at Denton Arena in Ruidoso Downs. The rodeo will begin each day at 2:30 p.m. Books will close at noon Aug. 11.

White Mountain School Teachers Hold Preparation Workshop

Teachers doing their homework? Yes, a group of 11 teachers and 5 aides from the Ruidoso Elementary schools have been working the past four weeks preparing the curriculum and teaching aids for the school year to begin Sept. 6. The workshop project is funded with state money, and marks a first for the Ruidoso system. In the past the teachers have begun their preparation for the term on their own time.

Although the group has heard speakers, the primary purpose of the workshop has been to coordinate teaching throughout the elementary system and to prepare a reference library and teaching aids.

Objects of the workshop have been listed as:

1. To establish continuity in the cirriculum,
2. Preparation of material for more individual study,
3. Establish a testing system in the individual subjects, and
4. Discover methods of encouraging parental involvement in the school. Conferences and visits will be welcomed.

Teachers Aides have been busy preparing teaching aids and fixtures with items donated by merchants in the village. Teachers have been occupied with clipping pictures and information from old textbooks, magazines or any other source to fill the reference library with material for the classes. Individual information sheets for children have been prepared and will move with the child throughout his school career.

Field trips will be encouraged this year to introduce students to the businesses and occupations as they actually exist in the community. Anyone having material (slides, displays or crafts) which they feel might be of interest to the elementary classes is urged to contact the school to assist in the program.

A list is now being prepared of businesses and volunteer parents to help with field trips and programs.

TEACHER WORKSHOP—Busy preparing teaching aids for the upcoming school semester, these teachers at White Mountain School have spent four weeks on the project. With school slated to begin on September 5, time is swiftly running out before the beginning of the term. (Ruidoso News Photo)

Attends Workshop

Lyndy Samelson, Nob Hill teacher, participated in a workshop at the D. H. Lawrence Ranch near Santa Fe in June sponsored by the University of New Mexico and directed by the Dept. of Indian Education of the State Department of Education.

The workshop was especially for teachers and aids of Indian children.

SANTA FE — Your property taxes could be vitally affected by actions of the New Mexico Association of Counties voted by officers and trustees here.

The counties association reacted to sweeping property tax proposals under study by the Interim Legislative Tax Study Committee. The TSC will send a package of bills to the 1973 legislature.

New Mexico Association of Counties recommended retaining county boards of equalization unchanged. County commissioners serve as boards of equalization and hear appeals of tax assessments. "Keep it on the local level," said Mrs Ginger Yearley, Alamogordo, the association president and Otero County county administrator.

Association officials unanimously recommended to the TSC assuming authority for property appraisal maintenance to county assessors. Unanimous voice vote action came on a motion by Mrs. Ruth King of Deming, Luna County deputy clerk. Mrs. King, a Democrat, is a former Luna County county clerk. She is unopposed for election again to the office Nov. 7. She is association second vice president

State Property Appraisal Director Haskel Smith told county officials present law is vague on pinpointing authority for property appraisal maintenance in county assessors or county commissions. A spokesman said county commisions are administering pregrams in Bernalillo, Otero, Curry, Lincoln, Valencia and Chaves Counties. Assessors are managing property appraisal maintenance in other counties.

The issue is highly controversial. Valencia County Assessor Clovis O. Herrera and the Valencia County Commission have battled many months over a property appraisal maintenance contract. The Valencia County scrap was unresolved late last week after Gov. Bruce King's office and Atty. Gen. David Norvell tried unsuccessfully to shape an acceptable solution.

Rep. Eugene Cinelli, D-Albuquerque, TSC chairman, soundly whacked the practice of letting property appraisal maintenance contracts. Rep. Cinelli said: "I don't like private contracts to outside firms."

If the TSC recommends the legislature hand counties the property appraisal maintenance job by law, Rep. Cinelli said, the lawmaker committee will also probably support return of one-half mill of property tax to counties to finance the heavy task.

County officials recommended elimination of the present requirement for annual renditions of property for ad valorem tax purposes after the first rendition with exceptions. Action was voted on a motion by Quay County Commissioner Milton Terry of Tucumcari. Terry is association first vice president.

Renditions would be required annually for these exceptions; Personal and business property; agricultural land; if property has been sold; if property value has been raised more than $1,000 or if a casualty loss of at least $1,000 has occurred.

Rep. Cinelli emphasized property owners would still retain the right to protest tax bills from year to year if the one-time property rendition proposal becomes law.

Other county officials at the two-day meeting included Colfax County Assesor Anthony M. Jellicoe; Curry County Commissioners Mack Hendershot and James R. Williams; DeBaca County Assessor Lamar Luna; Guadalupe County Assessor Arsenio C. Sanchez; Luna County Commissioners P. D. Torres and P. O Viramontes; Luna County Assessor Hazel Supak; Quay County Clerk Clara Lewalling; Quay County Treasurer Johnnie Smith Parish; Sierra County Commissioners James W. Allen and John A. Tipton; Taos County Assesor Jose R. G. Archuleta; Union County Commissioner Leo Edward Bray, Jr., and Valencia County Assessor Herrera.

Mrs. Yearley named a committee to look into the long-standing problem of placing value of out-of-state transient livestock on tax rolls. She appointed Terry, Bray, Tipton and San Miguel County Commissioner Alfred Maez, Jr. The panel will appear at a TSC meeting Aug. 16 or Sept. 18-20.

The counties association officials endorsed a TSC recommendation calling for filing of transfer affidavits when property is sold. But the association objected to a TSC recommendation to make affidavits classified information and closed to public inspection. County officials said all courthouse records should be open to the public.

The State Racing Commission approved present Ruidoso Downs racing dates for new owners of the horse racing parimutuel track. The commission tentatively set a hearing on licensing of new owners early this week.

Control of two New Mexico tracks—Ruidoso Downs and Sunland Park—was sold July 27 to Kodiak Industries, Inc. of San Diego, Calif. The firm bought more than 95 per cent of Sunland Development Corp., Kansas City, Mo. Sunland Development is the parent company of Fortuna Corp. which operated the race tracks.

Kodiak Industries, Inc. is now owned by Alvin J. Rosa. Alvin Rosa was among the three original incorporators of Kodiak Industries, Inc. Rosa bought stock held by his brother-in-law, Dominic Alessio, and Alessio's uncle, Anthony Alessio.

A narcotics agent told the Legislative Universities Study Committee drug usage is common on the University of New Mexico campus. Agent Abenicio Cordova of the Albuquerque Police Department said pushers sold narcotics in the Student Union Building and dormitories. Albuquerque Police Sgt. Ron Ghion estimated about one per cent of UNM students or 180 persons have sold drugs But he said many "street people" who are non-students sold narcotics at UNM. Sen. I. M. (Ike) Smalley, D-Luna-Hidalgo-Sierra, is USC chairman. Rep. Richard Carabojal, D-Belen, is a USC member.

Gila Hot Springs Vacation Center, Inc. of Gila Hot Springs was incorporated here. Also chartered was Contemporary Art Gallery, Inc., Taos Incorporators are Robert C. Ellis and Rosamaria Ramirez de Ellis of Taos and Joseph M. and Barbara B. Mack of Indiana, Penn.

MRS. B—

By CECELIA BARRON

Some of us are prone to think our country has the best writers, but some of the most noted ones are out of foreign countries. Also our writers go in other countries in search of new material. Since they have existed for thousands of years and our country is new; some of their ways and ideas are likely to be good.

I always did enjoy reading Pearl Buck's books about the vast country of China, and her writings are so modestly humane and seem to be authentic.

Now, that it is the "thing" to visit and learn about Russia; I have been reading some of the great Short Stories from 'behind the iron curtain'. It seems that most of their writings are in the revolutionary period from 1880 to 1934, approximately. Russian literature had been in a state of upheaval from time to time and was forced to start all over again. But despite all this a few writers have been able to preserve the nineteenth century Russian literature.

Some of these writers are: Maxim Gorky or (Gorki), Biely, Tolstov, Prishirm, Zoshchenko, and some later ones as: Michael, Sholokhox, Isaac Babel, Vsevolod Ivanov and Boris Pasternak.

Michael or (Mikhail) Sholokhovt was born (1905) in the Don Cossack country and preferred to stay there; using the surroundings as background for most of his novels. His most recent story, "The Fate of a Man", was made into a film that won an international award.

"The Fate of a Man" is such a wonderful lesson in human character and behavior. Some of his phrases are: "Oh, it's such a hard life. Oh, I might get killed—and so he goes on complaining and looking for sympathy, blubbering away, and he can't understand that those unhappy women and kids are having just as mad a time of it back home as we are. Why, they were carrying the whole country on their shoulders. And what shoulders our women must have had, not to be crushed down under a weight like that'. Then while talking to an orphan boy; —'Mommy was killed by a bomb. —haven't you got any family at all? No, nobody— Where do you sleep? Anywhere I can find'.

'I felt the hot tears welling up in my throat, and I made up my mind at once. Why should we suffer alone and separate like this! I'd take him in as my own son—I ask quiet like: Vanya do you know who I am? And he just breathed it out: Who? —I says to him: I'm you father'!

Then of course we are all familiar with Pasternak's Doctor Zhivago, the Nobel Prize winner. In the beginning he was a poet and his Collected Poems, with others were published around 1933, but he later conceived the idea of novel writing.

What impressed me most were some of the phrases they use, as in Maxim Gorky's Story of a Hero: "At any moment the earth can flare up like a cherry stone thrown into a bonfire, flame like the sun and then, turning into coal, hang down in the sky like a second moon'. Also when he was describing the darkness: —"I waited for it to become hard as stone and everything alive to be petrified in it, including myself'.

One paragraph may be the strange truth: "Only he who is always conscious of the danger of life, and knows well what fear it, is able to act with resolution. Perhaps the heroism of 'heroes' is a desperate feat of a man afraid. —Yes, if I had possessed power, I would have left a terrifying, dazzling memory of my-elf in the world, I would have eclipsed the glory of all the world's tyrants, I would have washed and ironed out people like a handkerchief'.

To sum it all up: most writers are human beings and have dreams and experienes to tell about, just as Gorky: who was exiled to Capri for seven years; and another period in Sorrento. Therefore he had many happenings to write about. Just as most Russians have been through many conflicts and wars, right or wrong.

(I might mention: these stories were all translated into the English language, and I do not even pretend to pronounce the names).

GEODESIC HOME — Looking like a giant mushroom sprouting in the forest, residents shouldn't be surprised to see this new geodesic home being built on Ruidoso's Second Street in the upper part of town. Dan and Danny Estes of Richardson, Texas are building the 40 foot-in-diameter summer home themselves. The wooden framework will be covered by plywood triangles and sealed when they are finished. There will be two levels in the building, with the living room open the full height of the building. (Ruidoso News Photo)

GRASSROOTS OPINION

FRANKLIN, LA., BANNER-TRIBUNE: ". . . . how can we build a better country? As things stand now, many of the products people want and need can be made satisfactorily and cheaper abroad. It is not a question of shutting off exports, but of making our own products better and less costly, and our taxes lower. Higher wages and higher taxes which put men out ob jobs and industries out of business, must be curtailed so we can get back to work. Then things will begin to improve all around."

SECURITY BANK... the helping hands behind the helping hands.

Every day, sometimes without even knowing it, you're teaching your children how to handle money with things like allowances and shopping errands. Later, when they take on paper routes and summer jobs, they can use a helping hand. That's why we're here.

We know that what children learn about money now will stay with them through most of their adult lives. So, we encourage parents to let children open their own savings accounts. When your son and daughter get their first job, we'll have a checking account that's right for them. When they need a car, we'll help with a loan you can both live with.

Helping children develop sound spending habits now helps them toward the day when they will be on their own. When that day comes, Security Bank will still be around to lend a helping hand.

Real Estate Facts

by Ruidoso Board of Realtors

Probably the biggest problem any homeowner has in selling his house is to let potential buyers know that it's on the market. Listing the house with a Realtor solves part of this problem. Prospective buyers are checking with him constanly. He advertises the house's features, shows it, and usually displays a sign on the front lawn.

The quickest results the homeowner can normally expect to receive, however, is through having his house listed on the Multiple Listing Service. Under that procedure, the Realtor who lists your property for sale turns in the essential facts to the MLS, which is composed of other Realtors like himself and which publishes a complete set of data about the house along with a photograph and distributes the information to all members of the MLS that your house is for sale.

"Realtor" is a term meaning a real estate broker who is a member of the local real estate board, the state real estate association, and the National Association of Real Estate Boards. Since a multiple listing service has to be operated by a large group of cooperating real estate brokers, most MLS's are operated by local boards of Realtors.

Your Realtor holds "open house" so other Realtors and their salesmen can inspect it. Any of the members of the MLS can sell your house to their clients, but you still deal only with the listing Realtor. All offers must be made through him. He controls the advertising, counsels you, and remains your agent.

This service is included in the original listing agreement with your Realtor at no additional cost. He simply agrees, as part of the MLS arrangement with other Realtors, that a specified part of the sale commission will go to the Realtor who sell the property, giving them the incentive to sell it as quickly as possible.

The multiple listing arrangement comes as close as any yet devised to solving that biggest problem of the homeowner, to tell every potential buyer the house is for sale and make it easy for them to inspect it.

The MLS arrangement also has the advantage for the homeowner of providing a better guide to the market value of his house. When the owner and his Realtor are discussing the asking price, they can compare features, location, and other factors with other comparable houses currently on the market as well as those which have recently sold, in order to arrive at a price neither too high nor too low.

The prospect who is going to fall in love with a house the moment he or she sees it, and buys it, is an elusive somebody. Most people have doubts about the house they buy. And likely as not they will shake their heads at the house they follow up in an advertisement, buying after surveying everything on the market at that time within their requirements and qualifications.

Forest Service Drops Picnic Area Fees

Recreation fees will no longer be charged for use of picnic areas in the National Forests. Recent Congressional action concerning the Golden Eagle passport program provides that no special fee shall be collected for the use of picnic area.

William D. Hurst, Southwestern Regional Forester said 73 picnic grounds in Arizona, New Mexico, and western Oklahoma will be affected by this action.

Recreation fees will continue to be charged for use of group picnic areas requiring advance reservations. Campground fees will also remain in effect and will apply to all uses of those areas.

By DANIEL A. STORM

Another grand three days of enjoyment—the twenty-third in a row. I keep telling my friends that surely if I keep on playing the part of Old Buckshot, one of these times I will have to come out in a wheel chair with both hog-legs smoking. And, if you will forgive me bringing in one more little thought of my own, there were some times last November and Decembr that I lay thinking about the Billy the Kid Pageant. Would I ever be able to get on a horse? Would I be able to dodge around through the make-believe bullets?

Well, thanks to Our Old Friend, the Lord and Drs. Kaiser, Stalzer and Annala, and all the nurses—and the many friends who wished me well and prayed for me—I had the thrill of a life-time this last weekend. I had recoverel from my narrow escape enough to take part in the pageant once again. (This time the limping and the stumbling—and a part of the falling—were on the level).

Words cannot begin to tell of my thankfulness to all who took part in the show.

I was glad to see two lads who have played The Kid in years past: Tom and Earl Taylor—and their sister, Phoebe, who played Mr. MarSween many times.

Dannie Coe and I used to play shoot-em-up when Dannie was a little fellow, five, six and seven years old. This year Dannie was a strapping youth and took part in the pageant for the first time.

BENNIE COE AND THE PONY EXPRESS RIDERS

Back a few years there was a saying, "It couldn't happen to a nicer guy." And the saying fits right in pocket, that was made for it in this past Pony Express Race.

You remember I told you last time I was reading about the Pony Express riders in the life story of Buffalo Bill. These daring and hardy men wrote a brilliant chapter in the story of America. The riders on the White Oaks-to Lincoln race are cut out of the same cloth as the old breed of close to a hundred years ago. So here go three cheers for these riders, game fellows and true sportsmen all.

I have known Bennie Runnels all his life; and knew that in his coming up days he was a great sprinter. I should have known he would be a great rider, for he comes of the true pioneer stock—a chip off the old blocks of Coe and Runnels.

One thing about Bennie, in the old days if he would ask for a job with the pony express outfit he could have said to the boss,

"You see, if the horse should give out, or stop an arrow or something—I could make nearly as good time to the next station running ON FOOT."

And Bennie could have done it, too!

THE KID RIDES SHOT GUN
(A true story of Billy the Kid)
(Copyright by Daniel A. Storm, 1972)

And let me sketch you a little true story of Billy the Kid told to me by my good friend, Eve Ball of Ruidoso.

The story goes that a merchant at White Oaks started out one day with his wagon bound for Las Vegas for a load of supplies for his store. With him, to pay for these things, this merchant (his name has slipped my mind) had some bags of gold nuggets and gold dust. You remember that the gold mines at White Oaks were going full blast back in those days.

Billy the Kid knew that the old man had planned the trip and he also knew something else.

Settling down in the wagon seat for the long trip, this store-keeper drew away from White Oaks a mile, two miles or so, and he became aware of hoof beats approaching from behind.

Turning in the seat, his heart leapt to his throat as he recognized an all-too-familiar slight and youthful figure astride a large and powerful gray horse. Who else but Billy the Kid?

The merchant's first thought was of his canvas bags down behind his feet under the wagon seat.

Smiling as was his wont regardless of the situation, the Kid rode up alongside, and asked,

'How about riding along with you a spell?"

Refusing was out of the question, so the merchant pulled up the team. The Kid got down off his horse, tied the bridle reins to the back of the wagon, and got into the wagon bed, and the merchant drove on.

The Kid would lie down in the wagon bed part of the time. Then he would ride his horse a while. And then back to the wagon.

At the beginning of the trip, the Kid often turned, in the wagon bed or in his saddle to look back. At these times the merchant would swallow hard and no doubt thinking to himself,

"Waiting for some of his gang, I guess."

This kept up all the way to Las Vegas, and surely on the way, the merchant must have thought, "I wish the little devil would strike and get it over with."

But into the town of Las Vegas they drove. The Kid yawning and stretching, rose from a nap in the wagon bed. He got off and took his bridle reins.

"Well, thanks for the ride," said the Kid. "See you back at The Oaks some time."

Amazed, the store keeper bought his supplies and headed back to "The Oaks" wondering, puzzling over his experience more and more as the miles fell behind.

Back at White Oaks, the jubilant trader could not wait to tell his tale to a group.

"We know all about it," they said. "The Kid got wind that some fellows were going to rob you. He rode along to see that you got through all right."

So we have a grand weekend ready to enjoy. And let us send up a little prayer of thanks for all our pioneer forefathers, the famous and the humble alike.
