NUMBER 21, IN OUR 27th YEAR

Ruidoso, Lincoln County, New Mexico - Zip Code: 88345

FRIDAY, NOVEMBER 3, 1972

When you speak of changing times, as far as a municipality and its people are concerned, it is just natural and maybe even required that you take into consideration population and business growth, expansion of municipal facilities, changes in elected leadership and a host of other related aspects of municipal life and activities.

Really to sum it up the change in changing times can possibly be defined or explained with the proverbial question, "What's New?" Asked that question in and around the Ruidoso area and in certain areas of Lincoln County and you may just have a long dissertation given to you by a whole hearted local supporter. In other words you may just get your ear bent for several hours because it's "what's new" in the Ruidoso area that is really attracting the attention of many flatlanders, other out-of-staters, business investors and even a few political hopefuls.

What's new in the Ruidoso area? Just take a drive up and down Sudderth Drive, Mechem Drive, U. S. Highway 70 through Ruidoso Downs, go out the Carrizo Canyon Road to the Clenequa Resort area, make several trips into the residential areas nearby, notice the Ruidoso-Hondo Valley General Hospital, the Ruidoso High School, the Gibson Store, White Auto, the Security Bank, The Chaves County Savings and Loan, H. & J Food Basket and a whole host of other "New Things."

Things and people are getting so new around the Ruidoso area that before long the Post Office people won't even know whose post cards they are reading and the police patrolman will be handing out traffic tickets to people they have never seen before.

By the first of the year, 1973, there is really no way of telling what other new things and people will be in and around the Ruidoso area. Have heard of several new furniture stores, new auto and home supply store, new used car lot, new dentist and medical doctor and a number of other "big city type ventures", and all new for the area.

I am positive in stating that we will have a new United States Senator from New Mexico, three new County Commissioners, a new sheriff, a new county clerk and a new Probate Judge.

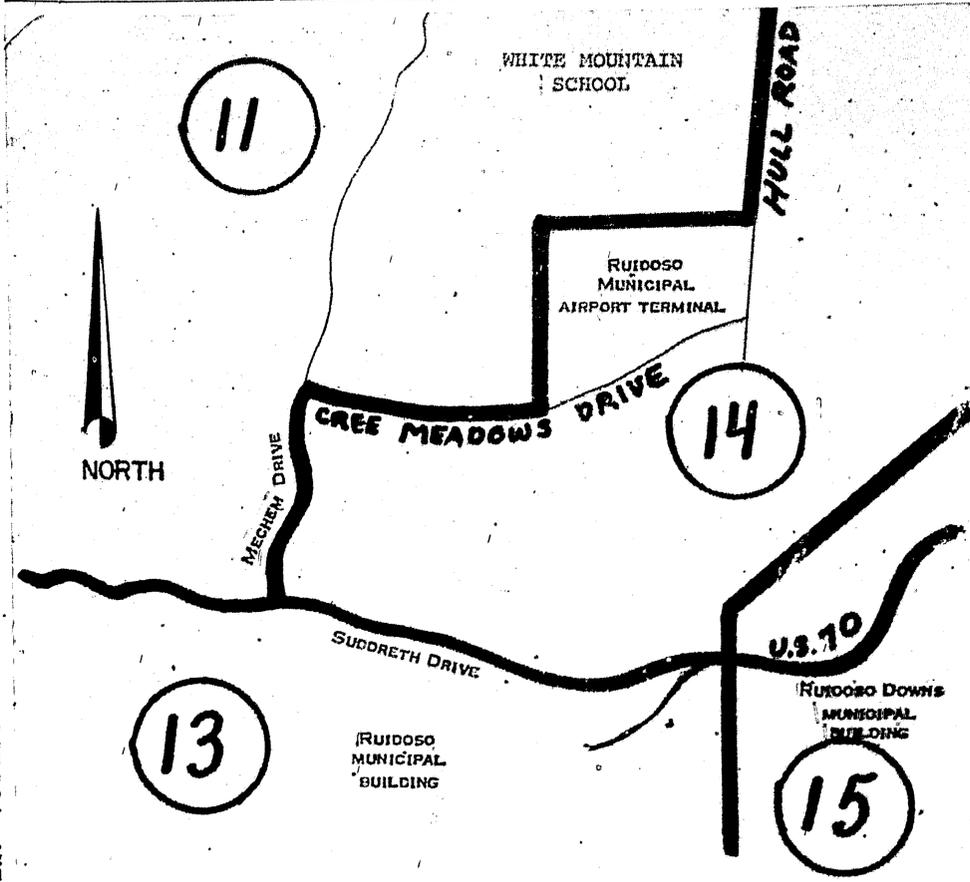

And in 1973, if all goes well, we will have or be in the process of having, an expanded and enlarged Ruidoso Municipal water system and storage facility, a new raw water reservoir, a new regional sewer plant, newly paved streets, and new municipal maintenance equipment and police units.

To top it off, by Labor Day, I think, and if the New Mexico State Highway Department prints a new state road map showing the highway from Santa Fe to Ruidoso's intersection of Sudderth and Mechem Drives, so that they can find their way, we may even get a new traffic control light and system at Sudderth and Mechem Drives. It may just be that before the highway department finds out that Mexico hasn't annexed southern New Mexico that the village may want a new traffic control light on Sudderth Drive at Center Street, the Plaza Dee, Paradise Canyon intersection and the Gateway area.

We even have a new bird in town that makes his or her home at the Ruidoso Municipal Airport. In truth it's a Seagull and has made his home at the airport for the past several weeks. He may be too far inland now but perhaps he has a friend in Washington who knows that Ruidoso is going to get a new HUD grant for a large raw water storage reservoir.

Regardless, if you don't like New things in the way of municipal happenings... you'll just have to grin and bear it... there is a new Ruidoso coming... "What's New?"

As you have I am sure, I also have been hearing about the "diet kick" that has really been going on for several years. It picks up momentum from time to time and involves persons,

WHERE TO VOTE - There are 4,297 qualified registered voters in Lincoln County who have the privilege to vote in Tuesday's General Election Nov. 7. Of the number, 1,620 are registered in the Ruidoso-Ruidoso Downs area. Shown above are the approximate locations of each of the four voting polls in the Ruidoso-Ruidoso Downs area. All registered voters who live west of Mechem Drive and north of Cree Meadows Drive, as indicated by the dark line are in Precinct 11 and vote at the White Mountain Elementary School. Registered voters

who live south of Sudderth Drive, as indicated by the dark line, are in Precinct 13 and vote in the Ruidoso Municipal Building. Registered voters who live east of Mechem Drive, north of Sudderth Drive and South of Cree Meadows Drive, as indicated by the dark line are in Precinct 14 and vote at the Ruidoso Municipal Airport Terminal. All Ruidoso Downs residents are in Precinct 15 and vote at the Ruidoso Downs Municipal Building. The voting places open at 8:00 a.m. and close at 7:00 p.m.

HALLOWEEN- Sixteen Inches Of Snow Falls In Ruidoso Area

The Ruidoso area received its first significant snowfall for the 1972-73 winter season when an early season winter storm, Tuesday, Oct. 30, dropped up to sixteen inches of snow in several areas of this mountain resort and tourist playground area of the southwest.

The official snowfall measurement was set at fourteen inches according to Frank Potter, manager of the Ruidoso Municipal Airport and Official Weather Observer of the Ruidoso Weather Station located at the airport.

Potter reported that by 10:30 Tuesday morning Ruidoso had recorded twelve inches of snow and that the "white manna" was falling at the rate of one-half inch an hour, with temperatures plunging to a low of twenty-three and then reaching fifty-three before the day was over.

The only sad omen regarding the snow was that for the first time in twenty-four years the majority of the Halloween "spooky dressed" youngsters of the Ruidoso area were prohibited from their annual trick or treat activities.

places and things. Don Merideth, TV sports announcer for the Monday Night Professional Football games, shared a real tempting diet last Monday night. He claims you can eat all the sweets your heart desires, all of the steak, all of the deserts, all of the patatos, all of the greens, all of the ice cream, all of the milk you want and just eat anything you want to all day long... just as long as you don't swallow any of it.

The last time it snowed on Halloween, according to the official Ruidoso weather records, was in 1948 and then it was only around a five inch covering.

Many area residents, ninety-nine percent adults, because of the few trick or treaters who called on their homes Halloween night, found that they had an abundance of trick or treat goodies and candies on hand. The results, several Ruidoso residents got together and decided to gather up the left over Halloween gifts and take them to the Fort Stanton Hospital for the Mentally Retarded located near Capitan. The boxes of goods, all sweet, were delivered today, Friday, to the hospital.

A spokesman for the Sierra Blanca Ski Resort Area reported early Tuesday morning that the ski area had received an unofficial seven and one-half inches

Proposed Regional Sewer Plant Discussed At Special Meeting

A proposed 1.3 million dollar Regional Sewer Plant facility, reportedly designed to serve the villages of Ruidoso and Ruidoso Downs, was discussed during a special joint meeting Thursday night, Nov. 2, with officials of the respective neighboring communities.

The meeting, held in the council chambers of the Village of Ruidoso, was held in the presence of snow on the lower slopes as a result of the storm. It was estimated that the higher elevations were pushing an eighteen inch snow depth.

The ski area spokesman stated that the ski area will officially open during the Thanksgiving weekend if snow depths are favorable and safe for skiing.

of Ruidoso Municipal Building, was previously announced and arranged by Michael Richardson, Lincoln County Environmental Improvement Agency officer.

Those attending the special informative session included Louis Gray, state engineer for the New Mexico EIA, Santa Fe. The state engineer reportedly advised the two community representatives that the present population growth pattern and the long range plans for future growth in the overall area will necessitate an expanded and enlarged sanitation facility that could be best accommodated by a regional sewerage plant. The engineer also reviewed the potential engineering aspects of the proposed system.

Others attending the special meeting included elected officials of the villages of Ruidoso

Ruidoso Village Council Meet- Proposed Private Control Plan For Sanitation Dept. Is Tabled

A preliminary proposal by a private firm, headed by Bill Kelly of Ruidoso, to take over the complete operations of the Ruidoso Municipal Sanitation Department was presented to the Ruidoso Village Council Thursday, Oct. 26. The governing body, meeting in a regular session, tabled the proposal until their next regular meeting, Nov. 9, to give the council members more time to study the proposed plan.

Kelly informed the council that he felt that he could improve the overall sanitation service and frequency of garbage pickups and in addition lessen the now required maintenance on the sanitation equipment.

He stated that he hoped to include Ruidoso, Ruidoso Downs, the Ruidoso Downs Race Track and Alto in his operation. Kelly currently operates the Lincoln County Land Fill Site north of Ruidoso which is used by both villages of Ruidoso and Ruidoso Downs.

Kelly's initial proposal to the village included only his providing a service to transport garbage from a central pick up station to the sanitary land fill site thus eliminating the several trips per day by village sanitation trucks. Kelly said he would use a 75 cubic yard compactor truck in the process.

When questioned by Ruidoso Mayor Pro-Tem Warren Tucker, who served as moderator of the session in the absence of Mayor Leon Farrar, regarding his interest in "just the compactor deal," Kelly told the council that it did not appear to be economically possible to take over just one segment of the sanitation operation.

The Village of Ruidoso operates three sanitation trucks which reportedly make an average of two trips per day, sixteen miles each way, to the county owned sanitary land fill site. In the summer months the number of required trips, a village spokesman stated, naturally increases because of the increase in the summer population.

Mrs. Jo Ann Ward, Ruidoso, also appeared before the village governing body and requested the village to install a "hot line" telephone through which troubled young people in the Ruidoso area could call when they needed help. In addition Mrs. Ward asked the council why "the village can't have a police woman on the police force?"

Mrs. Ward stated to the council, "I am here on behalf of the children and parents of Ruidoso. Our children have a lot of problems and no one will listen to them." She continued,

and Ruidoso Downs, Ruidoso Village Manager James L. Hine, Ruidoso Village Engineer Jack Kennady and Ruidoso Downs Project Engineer Quintin Daniels, Alamogordo.

"I want to know why the city can't have a hot line to listen to the kids problems?"

She told the council members that she had counseled with a number of children in her home and that the "teen-agers don't feel that they can talk to their parents and they don't want preached to."

Mayor Pro-Tem Tucker, in reference to the hot line, told Mrs. Ward that he felt sure that all of the council was willing to help but that a private non-municipal organization was the proper route to take.

Ruidoso Trustees Don Riley and Ab Gunter, assured Mrs. Ward that they personally would assist her in every possible manner.

Regarding the feasibility of employing a policeman on the Ruidoso Police Department, Ruidoso Chief of Police Paul M. Lukens, Jr., stated that the village was not funded for an additional law enforcement officer and that as far as he knew the New Mexico Law Enforcement Academy in Santa Fe did not provide training for policemen and thus they could not be certified as required by New Mexico State Statutes.

When questioned about the possibility of a volunteer police woman, Chief Lukens stated that the municipality is totally responsible and legally liable for the actions of any Ruidoso commissioned volunteer and that it was too great a risk to utilize volunteers in law enforcement work at the present time.

Chief Lukens also reported to the council that two RPD officers, Sgt. Truman McBride and Officer Gayle Knapp, had completed the required three week basic training course at the New Mexico Law Enforcement Academy and that their NM certification would be forthcoming.

In addition he informed the council that two RPD employees had submitted their resignations and that the two positions had been filled with recommendations of the two new men to be presented to the council during their next regular meeting. The resignations included Ken Mays, RPD patrolman and Jessie Fennell, RPD Radio Dispatcher.

The council also agreed that the Village Engineer Jack Kennady prepare the necessary documents to call for construction bids on the new paving district beginning with November 10 and that the bid opening date be set for November 30.

The council was informed by Lincoln County Environmental Improvement Agency Officer Michael Richardson that a joint meeting between the governing bodies of Ruidoso and Ruidoso Downs, a state engineer and both village engineers, regarding the proposed Regional Sewerage Plant, was set for Thursday, November 2.

RETRACTION
Ken Nosker, Lincoln County Probate Judge, announced Monday that he does not endorse any candidate for political office. Any use of his name in political advertising, such as that of Probate Judge Candidate John Kuhn, was without his permission.

Lincoln County qualified registered voters, 4,297 in all, will have the opportunity Tuesday, Nov. 7, to select the candidate of their choice regarding twenty-one elective positions on the ballot from a United States presidential choice to their choice for Lincoln County Probate Judge.

In addition, these same voters will cast their decision on three Constitutional Amendments and a State Educational Institutional Library Bond Act. They will also have the final say regarding a for or against vote tally on the outcome of the Ruidoso-Hondo Valley and Lincoln County Municipal Hospital Levy.

Regarding the Lincoln County hospital levy a hospital spokesman and county commissioner both stated recently that "passing the hospital levy is really a must for both the Ruidoso-Hondo Valley General Hospital and the Carrizozo hospital." The levy will, in addition to several areas of need, serve as a tremendous help in charitable cases.

It was noted that regardless of the final status of the Ruidoso-Hondo Valley General Hospital Center's operational lease of the Ruidoso facility, the Ruidoso-Hondo Valley General Hospital will basically remain a county hospital.

The election polls will open at 8:00 a.m. and close promptly at 7:00 p.m., according to election officials. It has been estimated that around seventy-five percent of the Lincoln County 4,297 voters will go to the polls during this nation-wide General Election.

In November 1970, the last General Election, around seventy percent of the then 3,758 qualified registered voters in Lincoln County went to the polls.

Mental Health Group Schedules Meeting

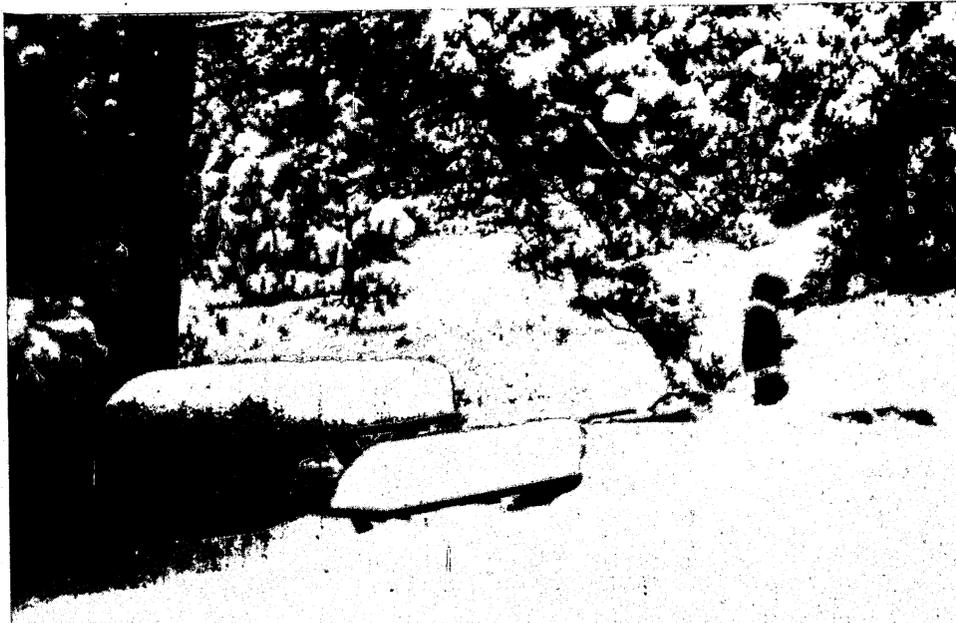

On the evening of Nov. 1, the Ruidoso Advisory Committee to the Southwest Mental Health Center held their regular monthly meeting at the Nob Hill Elementary School. The function of the Ruidoso Advisory Committee is to serve as a Liaison Organization between the Southwest Mental Health Center and the Community of Ruidoso, describing the mental health needs of the community, proposing possible programs to meet these needs and supplying community based support for these programs.

Several members of the committee decided that, in order to better accomplish the first two of these functions, they would like to receive some public reaction from the community, especially on proposed programs. After some discussion, it was decided to try a questionnaire, which will be published along with this article, asking for your reaction to two proposed programs.

The first proposed program would be the establishment of a Crisis Line operation which would provide the area with telephone listening service for persons experiencing a crisis in their lives and who need to be able to talk to someone who knows how to listen, understand and not judge. Listeners will be volunteers, to be trained by personnel from the Southwest Mental Health Center.

The second proposed program is to acquire a recent film or film strip presentation on the problem of venereal disease and to possibly schedule this film for presentation to the Junior High and High School students, as well as for an evening presentation for parents and other interested adults.

The members of the Ruidoso Advisory Committee meet every first Wednesday evening of the month at 7:00 p.m. in the Nob Hill Elementary School. They hope that you will express your feelings as to the two proposed programs and invite anyone interested to attend these meetings.

A HALLOWED HALLOWEEN SCENE—Tuesday, Halloween, the recently constructed Ruidoso Valley Noon Lions Club Park and picnic area, located east of the Ruidoso Valley Chamber of Commerce office and on the opposite side of the Rio Ruidoso, provided a truthfully hallowed background for the Halloween seasonal day. Five year old Beth Stoffel, above,

daughter of Mr. and Mrs. Mike Stoffel, Ruidoso, undoubtedly was more concerned with the fourteen inches of white manna on the ground, and possibly covering her dog than she was concerned, at the present, anyway, with trick or treat plans. It was the first time in twenty-four years that it had snowed on Halloween in Ruidoso. (Ruidoso News Photo)

Miss Bryant Becomes Bride Of James Snow

Miss Caron Bryant, daughter of Mr. and Mrs. Bobby Carlton Bryant of Ruidoso, became the bride of James Ward Snow, son of Mr. and Mrs. J. W. Snow of Hobbs, in a ceremony held Oct. 5, at 12 noon in Holy Mount Episcopal Church in Ruidoso with Rev. John Miner officiating.

The bride, given in marriage by her father, wore a formal gown of silk organza over peau de soie with a scalloped neckline and long tapered sleeves. Her long train was trimmed with appliques of seed pearls and embroidered lace. She carried a bouquet of gardenias and ivy. Mrs. Cathy Creel, twin sister of the bride, was matron of honor. She was dressed in a floor length gown of burgundy velvet in an empire style and trimmed with white lace, and carried a small bouquet of gardenias and ivy.

Pat Joiner of Capitan was best man and serving as ushers were Prentice Creel of Carrizozo and Richard Hollingsworth of Ruidoso.

A reception was held following the ceremony in the Maid of Cotton room at the Chaparral Hotel. Assisting in the courtesies were Mrs. Jerry Reynolds,

Mrs. Richard Hollingsworth and Miss Karen Anderson, all of Ruidoso.

Out-of-town guests at the wedding included Mr. and Mrs. J. W. Snow of Hobbs; Mr. and Mrs. W. M. Colby of San Angelo, Texas, grandparents of the bride; Mrs. J. C. Hollis of Duncan, Okla., grandmother of the bridegroom; and Mr. and Mrs. George Creel of Mountainair.

Following a wedding trip to Mazatlan, Mexico, the couple is now at home at Alto. The bridegroom is employed with the U. S. Forest Service in Ruidoso. The bride attended Texas Tech University and the University of Texas at El Paso, and is presently employed at the Ruidoso State Bank.

Capitan News

By BARTLEY McDONOUGH
The Fighting Capitan Tigers clawed, mangled, ripped, and tore their way to 34-8 victory last Friday night over the Cloudercroft Bears. The Tigers' bear traps were well greased and checked constantly.

The Bears took the opening kick off, drove down the field 55 yards and fumbled the ball. Moments later Sisneros rambled for 30 yards to the Bear 36. The tally came when Sisneros carried the ball in with 2:28 left in the first quarter. The PAT was no good. The score at the end of the first quarter — Capitan 6, Cloudercroft 0.

The Tigers' second score came 2 minutes deep in the second quarter when Bronson Cummings raced 10 yards around left end. The Tigers posted 2 more points on the scoreboard with a pass play, Sisneros to Frankie Montoya.

The Bears' only score came with 1:50 left in the half. The Bears recovered a Tiger fumble and raced 80 yards for the TD. The PAT was good and the Bears were through scoring for the evening. The Tigers scored with 6 seconds left in the half on a ten yard pass play, Renfro to Ted Sisneros. The Tigers failed to add the extra point and went into the locker room with a 20 to 6 lead. The Tigers' third score was set up by a beautiful pass play, Sisneros to Montoya.

The Bears tried an on sides kick to open the second half but failed. Midway in the third quarter Gary Renfro plunger 1 yard for the fourth Tiger TD. Ted Sisneros added 2 points and the score now stood, Capitan 28, Cloudercroft 8. Late in the third quarter the Bears moved to within 10 yards of a score but gave up the ball on a fumble. The Tiger defense is a greatly improved unit over last year.

game Sisneros scampered 20 yards around right end for the final Tiger score of the season. Romero kicked the PAT but a penalty nullified the conversion. His second try was no good. Final score — Capitan 34, Bears 8. The fourth quarter was marred by numerous penalties and very rough contact.

The Tigers were credited with 17 first downs to the Bears 11. The Tigers had 7 penetrations to the Bears' 3. Capitan had 261 yards rushing and 84 yards passing. Bronson Cummings ran the ball 17 times for 122 yards. Sisneros carried the ball 15 times for 86 yards. Frankie Montoya carried 4 times for 20 yards, and Mike Renfro rushed for 27 yards on 3 carries. Gary Renfro carried the ball 3 times for 13 yards. Ted Sisneros and Robert Abercrombie made fumble recoveries.

Coach House's offensive backfield of the week included Ted Sisneros and Bronson Cummings. Linemen of the week on offense were Mike Romero, Jimmy Lacy and Robert Barber. Standouts in the defensive line were Mike Romero, Ken Taylor and Robert Barber. Ted Sisneros and Mike Renfro received defensive backfield honors.

Coach Richard House: "We had a real fine season offensively and defensively. Last year, defensively we gave up 217 points. This year we gave up only 104 points. Ted Sisneros and Bronson Cummings tied this year as scoring leaders with 84 points each. Jimmy Lacy led the team defensively with 83 tackles. The weakness we will have to work on next year will be in the offensive line." Congratulations to the team and good luck your first season in the new gymnasium.

There was no school last Thursday or Friday because of the teacher convention in Albuquerque. Teachers: Leo Pflingsten, Joe Goldsmith, Olivia Salas, Rafaelita Pryor and Bartley McDonough attended the convention from Capitan and improved their professional standards by taking 6 workshops during the convention. In addition principal Jack Mayfield attended a special meeting on Thursday.

The following Capitan seniors recently attended "College Day" in Carrizozo: Tina Goodrich, Gary Renfro, Robert Barber, Ted Sisneros, Jimmy Lacy, Donna Hobbs, Teresa Pumphrey and Eddie Jones. Principal Mayfield accompanied the group.

NEW SHERIFF DEPARTMENT UNIFORMS
—Many law enforcement agencies throughout the state reportedly have taken on a "new look" as a segment of a continuing program of modernization. The Lincoln County Sheriff Department is certainly no exception as they recently donned the "new look" with new uniforms. Pictured above, left to right, are Lincoln County Sheriff Ernest Sanchez, Chief Deputy Sheriff Leandro Vega, Jr., both of Carrizozo, Deputy Sheriff Jerry Foster, Ruidoso, and Deputy Sheriff Leroy Montes, Capitan. Parks-McElveen Capture Titles

The annual Halloween Carnival was held Saturday, Oct. 28, in the Chaparral Convention Center.

The Sophomore candidates, Colly Parks and Cindy McElveen were crowned King and Queen. Next in order of finishing were Juniors, Mark Egbert and Tracie Anderson; Freshman, Rick Tate and Kelly Morris; eighth grade, John Kuhn and Donna Burk; seventh grade, Julia Gooch and Van Patton; and Seniors, Gordon Howell and Ruth Hough.

The order of finishing is decided by the results of each classes' money making projects. The class making the most money is the winner and are crowned king and queen.

Meditation Lecture Slated To Return

A certified teacher of Transcendental Meditation, recently in Ruidoso, will return soon to conduct another lecture. He will lecture on advantages of meditation and the technique used.

Some advantages are it psychologically eliminates mental stress, promotes clearer thinking, and greater comprehension. It also helps develop personality and reduces use of prescribed and non-prescribed drugs. Scientific research on Transcendental Meditation has increased and at present, studies on meditation are being conducted at some forty universities and institutions throughout the world.

A four-lesson learning schedule is to be held for those who pay the fee and wish to seek the effects of meditation.

The date of the lecture on Transcendental Meditation is to be announced at a later date.

Four Ruidoso Boys Enter DeMolay Order

Four boys from Ruidoso went to Alamogordo Saturday and Sunday, Oct. 28 and 29, to be initiated into the Order of DeMolay. Dick Parsons, Perry Gibson, Danny Daniels and J.V. Kenmore, received their DeMolay Degrees at the closing ceremonies Sunday morning. Boys came from all around the state to attend the convention.

Class Conducts Opinion Survey

Contemporary Problems class ran a survey at R. H. S. concerning the 1972 elections. Students and teachers were asked assorted questions on the candidates and issues.

Fifty-nine per cent of the student body and teachers were surveyed. Of those surveyed, 11% did not follow directions, therefore their responses were not counted. Students and teachers were asked who they would vote for right then if they could vote. In all classes, votes ranged from 70 to 100% for Nixon, 4 to 30% for McGovern, and 2 to 13% undecided.

Students considered the three most important issues in the campaign — Vietnam, Inflation and Crime. Environment ran a close fourth. Teachers surveyed considered Inflation, Welfare and Vietnam most important in that order.

When asked about polley toward U. S. draft evaders or military deserters, most students said to let them return to U. S. if they agree to do military or public service. The majority of the teachers said let them return if they agree to stand trial.

Freshman Team Completes Play

The Ruidoso High Freshman team ended their four-game season with a discouraging 0-4 record, when they fell to Hagerman, 58-8 Oct. 24, there.

Danny Brown scored the lone touchdown from 40 yards out and Steve Williams added the extra 2 points. Brown, as most know, has had a very impressive season this year and will now move up to the varsity team along with several other freshmen players.

Seventh Graders Finishes Project

Senior pictures are to be taken again Nov. 6 and 7. The girls' pictures will be taken Monday and the boys' Tuesday evening. All group organization pictures will be taken Tuesday afternoon.

Caramel apples will be sold Nov. 3 at the T. or C. football game by the GAA organization. The apples will sell for 20¢ each.

The boys' P. E. classes at R.H.S. are now learning and playing soccer. They have been playing since last week, and will keep playing as long as the weather permits.

F. H. A. members worked together Saturday morning to make pop corn balls for the carnival.

Money from the booths go for (chia) tip to this year's graduating Seniors.

The 9 week tests were given this week with Friday, Nov. 3, being the final day of grading period. Report cards will be given out 10 days later, on Monday, Nov. 13.

Band Schedules ENMU Appearance

Saturday, Nov. 4 the Warrior Band will travel to Postales to participate in the annual Eastern Homecoming.

The band will march in the parade along with local and visiting bands. A barbecue luncheon will be held afterwards, followed by a football game, where all the bands perform a pre-game show together. The members will return home Saturday night.

The Sophomore Class of R. H. S. sponsored a movie for their Halloween Carnival project. The movie was "The House of Horror" and was shown at the Mt. Vue Drive-In Theatre.

Twenty-four Pep Club members went to Roswell to watch the Warriors vs. NMMI Colts football game. The bus was sponsored by Miss Spurluck, Mrs. Bush and Miss Finn. Mr. Serimshire drove the bus.

The Distributive Education Class has been recognized with a National DECA award for having 100 percent membership in the Chapter.

Two different membership awards are presented each year to State Associations during the year. One for 100% membership in the State and one for 100% chapter membership during the first semester.

Individual pictures of students were taken Oct. 20 in the high school library by the Enterprise Studio.

The Rotary Club invites two football players every week to come for luncheon at Joe's Cafe, downtown Ruidoso.

While they are there the football players are asked to tell their plans for the future.

Donations of bingo prizes by Ruidoso merchants were greatly appreciated by teachers and students. Proceeds from the carnival provide scholarships for several graduating seniors each year.

ELECT CONCEPTION A. MORALES

SHERIFF

"Choncho" is 42 years old and has been Police Chief for the town of Carrizozo for 14 years. Morales, a Korean Veteran, has been a member of New Mexico Sheriff and Police Association 14 years, an active member of St. Rita Catholic Church, member of the Southwest Mental Health Advisory Committee and is active in other community programs. Both he and his wife are life-long residents of Carrizozo and Lincoln County. They are the parents of seven children, six attending the Carrizozo Public Schools. Morales states if elected he will do his job over all of Lincoln County to the best of his ability, conscientiously, impartially and as courteously as he has served the Town of Carrizozo as Police Chief and will give as much help as he can to the younger generation, the Leaders of Tomorrow!

"THE FOLLOWING WRITTEN AND PAID FOR BY FRIENDS"

For an honest appraisal of his value in law enforcement, ask the residents of Carrizozo and vicinity who are most acutely aware of his outstanding ability and service. Remember that in Lincoln County the times need a strong sheriff. He pledges the best possible protection, cooperation with all law enforcement officers and an efficient office administration. He knows full well the perils and difficulties facing our youth. (Guidance of our young is a field in which he has had wide experience) and pledges a 'continuous watch' over their welfare, guidance when called for, and guard when needed. He will endeavor to rigorously pursue any dope traffic as well as any other menace.

NOVEMBER, THE THANKFUL MONTH

I am writing this on Wednesday, Nov. 1. This begins November, the thankful month. If you will forgive me, I will mention my one hundred day stay in the hospital one more time. A week from today, Wednesday, Nov. the . . . No, it will be next Friday, the eighth, the day after election, that I will celebrate my one year anniversary of entering the hospital — a great experience in gratefulness. So I might mention this one more time on that date, Friday the eighth. Meanwhile, let us study up, all this month on the things, without number for which we all are very grateful.

years will take in a little bit of all four seasons of the year. This is the first time I have seen the seasons brought out so plainly. Of course we had our summer and fall during October. And after the heavy rains, as you walked out in the warm sunshine, you saw new grass starting up in the sunny spots, and even some of the spring flowers making a second blooming. On some of the Golden Delicious Apple trees, here came a few late apple blossoms. Also you could hear the Song Sparrows singing his pure, happy little song on the hillside. You hardly ever hear this little fellow except in the Spring. Of course, the Blue Birds are a part of the October days, but this time in the little Spring-time-in-October they seemed to be playing and dancing in the

air, singing and chirping the way they do in the Spring time.

There was only one day left to complete the all-season show and sure enough on the morning of the thirty first, Jack Frost pulled a little Halloween surprise and here came the snow flakes and the snow birds along with them, beside themselves with happiness in their snow. The air quieted down after the snow, and in the afternoon and evening every cedar, pinon, walnut, oak and box elder were all decorated in their white tufts of every size and shape you could imagine. Your heart swelled with joy at the sight of winter scene in October.

So this time, sure enough, October showed us a bit of all four seasons — five when you count Indian Summer.

A VISIT FROM THE AMERICAN BLUE JAYS

When I am up in the pine country, I am always happy to see Little American Blue Jays. (There are several kinds of Jays). I am talking about the little fellows with the Scotch cap of black and coat of dark blue. Mostly they do not spend the winter here at the house. But this year there are about seven of them feeding with the Pinon Jays, Martins, a few Robins and Snow Birds. I think that these little visitors from the Pine Country are trying to tell me that this is going to be a snowy winter.

Charlie Culver and His Sister Come Back For A Visit To Ruidoso

Charlie Culver, one of Ruidoso's most beloved citizens, returned to Ruidoso from Napa, Calif., with his sister, Mable Rowe, for a visit in their beloved City in the Pines. Charlie and his sister say that Napa is a beautiful place with fine people; but that there is no place like Ruidoso. All of us were delighted to see Charlie and Mable. I know how they feel. You can never get this country out of your heart. We look forward for the visit of Charlie and Mable again one of these days.

Warriors Deck N. M. M. I. 28-8 For Seventh Win of '72 Season

Ruidoso rolled to their seventh win of the season last Friday afternoon in Roswell as they downed a winless NMMI Colt team, 28-8.

Playing against a team that has yet to be in the win column, Ruidoso's Warriors displayed none of their power, either on offense or defense, although

Harlan Butts, 216 pound tackle for the Warriors, set up Ruidoso's first score of the game as he crashed through and recovered an errant pitch-out on NMMI's 29 yard line. From there Blane Miller, quarterback, circled left end behind Warrior blockers on the first play after the fumble recovery for the TD. Miller tossed to Reeves McGuire for the 2 point conversion.

The Colts came right back at Ruidoso as they mounted a drive after intercepting a Miller aerial on Ruidoso's 40-yard line. After driving to Ruidoso's 32-yard line the Colts were faced with a fourth down and 10. Setting up to try a field goal, the quarterback pitched back to the fullback coming around and the ball carrier bruised his way down to the Warrior 6. From 1-yard out NMMI crossed the double stripe and also added the 2-point conversion to tie up the ball game, 8-8.

Ruidoso tacked on 14 more points in the third quarter with Miller carrying over for his second TD of the evening from 30-yards out. The PAT pass was batted down, with the score at 14-8.

Dick Underwood, fullback for the Warriors, blasted his way 34-yards for Ruidoso's third touchdown and Kent Skarda, blasting in for the 2-point conversion.

Reeves McGuire made a brilliant catch in the end zone on a pass from Miller for Ruidoso's last TD with the point-after no good, with Ruidoso taking the contest, 28-8.

WARRIORS SCORE — Ruidoso High School warrior quarterback Blane Miller, center with the ball, raced 29 yards around left end for the Warriors' first tally in a non-district contest Friday against Roswell's New Mexico Military Institute. The Warriors won over the host NMMI Colts, 28-8. Pictured above, from

left, is warrior Mel Patton, leaving interference for Miller. Other Warriors in the picture are No. 61, Joe Everett; No. 33, Dick Underwood, and No. 60, Dale Butts. An NMMI Colt and former Ruidoso High School student, No. 74, Terry Haake, a sophomore, played defensive end for the host NMMI team.

ELECT Republican JOHN KUHN
Lincoln County Probate Judge
 Your Vote and Support will be Appreciated

JOHN KUHN is qualified by actual experience in Probate Courts, plus having had two years of law study.

JOHN KUHN has only one interest in the position of Probate Judge, and that is to serve the citizens of Lincoln County in an efficient and fair manner.

JOHN KUHN is not hampered by a financial conflict of interest as he is not in the funeral home business nor does he derive an income from the sale of the same. Therefore JOHN KUHN's entire energies can be directed to the immediate and efficient settlement of each case before Probate for the settlement of wills and estates.

It will be easy to vote for JOHN KUHN. He is on the bottom line, the farthest lever to the right, NUMBER 21-B. On election day call 257-7492 or 257-2028 in Ruidoso and Downs areas for rides to the polls. Drivers available in other precincts.

"LACKEST THOU ONE THING?" — Ruidoso Warrior and Mel Patton, No. 90, and an unidentified New Mexico Military Institute defender, both felt they had reached close to a 100-yard pass and really appeared to have passed it for good. Only problem, they both also lacked one thing: a ball. Which went off in another direction. The Warriors defeated the host NMMI Colts, 28-8, in Roswell last Friday, Oct. 27. (Ruidoso News Photo)

Zozo Man Charged With Burglary Of Nike Tavern, Carrizozo

Ralph Lopez, Jr., Carrizozo, charged with the burglary of a Carrizozo tavern, was bound over to District Court to stand trial following his Preliminary Hearing Friday, Oct. 27, before Lincoln County Magistrate Judge Bill Payne, Carrizozo.

Judge Payne set Lopez's bond at \$1,000 and ordered him held in custody of the Lincoln County Sheriff Department in lieu of his posting bond.

Lopez was arrested last week by Lincoln County Chief Deputy Sheriff Leandro Vega, Jr., and Sheriff Department Deputy Jerry Foster and arraigned before Judge Payne on the charge of burglary of the Nike Tavern in Carrizozo. The suspect entered a plea of not guilty and requested a court appointed attorney.

The District Court appointed Ruidoso attorney Gordon Schaffer to represent the defendant. No date has been set by the District Court for his trial.

— Constitutional Amendments —

In an effort to clarify the proposed constitutional amendments, the News is reprinting an explanation given in the current issue of the New Mexico Voter, a publication of the League of Women Voters of New Mexico. The non-partisan group have given the pros and cons on the issue for the benefit of the taxpayer.

An explanation is also given, at the end, of the proposed state educational institution library bond act.

There are three amendments to be voted on in the General Election on November 7, 1972. The League has attempted to give a brief explanation of each amendment and some of the pros and cons on each. Because of the complex nature of some amendments, the League cannot present all the legal ramifications of these amendments.

under the law because of the sex of a person. The amendment includes a delayed, effective date which, if adopted, gives the 1973 legislature the opportunity to amend the state laws that conflict with the amendment. (This amendment is not to be confused with the Equal Rights Amendment to the U. S. Constitution which is now in the process of being ratified by the state legislatures.)

PROS
1. The New Mexico Equal Rights Amendment would provide that men and women have the same rights and responsibilities under the law, but social customs and personal relationships would still be decided by the individuals involved.

2. The amendment is an essential first step. Legislative and court action will be necessary to assure equal rights.

3. Over the years a few attempts have been made to amend New Mexico property laws, and have failed. This amendment would be a mandate that these laws be equalized. For example, wives in New Mexico legally have no say-so in the management of common property. The husband is designated the sole manager under the law.

4. In addition to the property laws, the "protective" labor laws are among those requiring some change. These could be either eliminated or amended to apply equally to men and women.

5. Child support laws could continue in effect if based on actual economic dependency or on relative ability to provide family support.

CONS
1. It would be more reasonable to change only those laws which unfairly discriminate against women rather than to strike down as well those laws which benefit them.

2. Questions relating to "head of household", domicile, duty of support, and other similarly ingrained concepts could arise.

3. Uncertainty resulting from doubt cast upon a great variety of existing legal relationships might lead to much litigation.

DESCRIPTION
Constitutional Amendment 2 permits the legislature to exempt personal property from taxation. The legislative exemption requires a three-fourths vote of all members elected to each house. The amendment also permits the taxation of church property used for commercial purposes. This is current practice and the amendment would eliminate any question of its legality.

PROS (Personal property tax exemption)
1. Assessors cannot ascertain existence of personal property by acceptable administrative techniques and they cannot accurately value it.

2. The requirement of a three-fourths vote of each house protects against hasty and ill-conceived changes in exemptions.

3. As now administered, the responsibility lies with the individual property owner to declare his personal properties. The only personal property tax is that declared, that which is known by the assessor to exist, and the furnishings of a home owner. In the later case, a percentage of the assessed value of the home is used as the base for determining the value. Stocks and bonds, which are considered by many to be personal property, never reach the tax rolls. Practically this tax is unenforceable.

CONS
1. Instead of abolishing the personal property tax, there should be reform to reflect actual value.

2. Property taxes support local government, counties, schools, and municipalities. Exemptions of personal property would erode this tax base.

3. Tax exemptions should require direct vote of the people rather than be the responsibility of the legislature.

PROS (Church tax exemption)

1. Commercial endeavors of churches should compete with other commercial activities on an equal basis. Therefore application of taxes should be neutral.

2. Tax exemption for churches should be limited to apply only to property used exclusively for religious purposes. This amendment makes this distinction, and at present commercial church properties are on the tax rolls. This amendment eliminates any question as to its legality.

PROS
1. Commercial purposes are not clearly defined in this amendment. The many possible interpretations could make it extremely difficult to administer.

2. The test for exemption should be the use to which the profits are put, not the activity carried out on the property.

DESCRIPTION
Constitutional Amendment 3 decreases the number of jurors in both criminal and civil cases and would apply to all courts. from the present twelve to six

PROS
1. A six-man jury may provide speedier trials, affect a smaller number of citizens with jury duty, and mean verdicts could be arrived at more quickly.

2. A six-man jury would save the state and counties money.

3. Colorado appears satisfied with the six-man jury system, and New Mexico has found six-man juries satisfactory in our inferior courts.

CONS
1. In determining guilt or innocence in criminal cases, and liability in civil cases, twelve jurors reasoning from twelve different sides of the question are needed to find the truth. Six are too few individuals to shoulder such great responsibility.

2. The legislature can provide for biding verdicts by less than unanimity in civil cases. If six-man juries were permitted, only four or five jurors could determine the verdict. Justice would become more of a "chance" thing than it is under the present system.

3. With only six jurors, one strong-willed and outspoken juror could more easily sway a verdict.

Proposed State Educational Institution Library Bond Act
DESCRIPTION
These bond issues would provide two million dollars per year for five years to be used for the six four-year public universities and nine two-year public colleges and branch colleges solely for books, periodicals; micro-film; other library materials, and devices for disseminating information.

THE FAMILY LAWYER

WIFE IN NAME ONLY

During their courtship, Hannah spoke soulfully to Jim about the joys of raising a family. But right after the marriage, she changed her tune. In fact, she refused to have sexual relations with him.

Finally Jim sued for an annulment.

"She is a wife in name only," he complained in court. "She deliberately misled me with all that talk about raising a family. The marriage was based on fraud."

It is true that the law will overlook a certain amount of what it calls "the deceptive arts" in court. But deception about the intent to have sexual relations is usually considered too vital to be condoned.

This is so even if the subject of sex is never mentioned before the wedding. Courts say that the sexual relationship, even if not discussed, is nonetheless considered—by common

consent—to be implied in the contract of marriage.

On the other hand, living about something less important will not ordinarily justify an annulment. For example: A disgruntled wife sought a decree on the ground that her spouse had lied about having a college education. But the judge decided this was not adequate grounds to annul the marriage.

"Surely every representation leading up to a marriage cannot be material," said the judge. "The fact that a brunette turned

ed to a blonde overnight or that the beautiful teeth were discovered to be false, or that the ruddy pink complexion gave way suddenly to pallor, or that a woman misstated her age, would lead no court to annul the marriage for fraud. The fraud must relate to something vital."

A MESSAGE TO YOU FROM PETE DOMENICI

Pete Domenici
for Senator
Republican

State Headquarters:
3700 Campus, N.E. Albuquerque, N.M. 87106. (505) 266-7881

Dear fellow New Mexican:

Please share a few thoughts with me, in the closing moments of a heated campaign.

I love New Mexico.

I was born here. I grew up here. I plan to make my home here always.

In that, I am more fortunate than many others. I speak of those who have had to leave our state because they could not support themselves and their families if they stayed here.

Saddest of all, perhaps, are those from smaller New Mexico towns who have had to uproot themselves and crowd into cities, where they are often treated as just another urban problem and lost to the hills and plains of the state they love.

I want to see that sort of necessity brought to an end.

We need jobs--and we need them everywhere, in your home town and in mine, so New Mexicans can live in dignity and security where they choose to live.

I can't promise you to produce jobs by magic if you send me to the U.S. Senate. But I can promise you to produce every job that can be produced, and to see that they are spread to every part of the state I love.

I can promise you that I will stay a New Mexican, first and foremost, if you select me to serve you in the Senate.

And I can promise you one more thing I have always been committed to fulfill: I will try to contribute to making New Mexico a better state, not a worse one, because I have had the privilege of living here.

That is the thing I want most--for your children and for mine.

Very truly yours,

Pete Domenici

MRS. B.

By CECELA BARPON

It is common consensus that our young live in a different world from the adult and most of us take them for granted until they start 'getting in our hair'. Then we try to analyze their actions to determine the

nature of the trouble; when probably, they were trying to tell us something, but no one had heard a word.

We get to be a grandparent before we realize this. While we are rearing our children we are still trying to converse with our parents. After we have our grandchildren we have nothing more to do but listen; and the children very well know this.

Who knows, Julia may be trying to tell her parent: that if he wins this race, she may give him a run for his money, when she is old enough and he may get beat by his own 'flesh and blood'. She is starting out so young.

My grandchildren never fail to take time out from their fun to write me or send a card. One may need to read between lines or decipher a word now and then; but that is the way it is meant to be.

I would like to share parts of a letter from one of my granddaughters:

Dear Meema:
Sorry I haven't written for so long, but I have been pretty busy. (She went into thoughtful personalities here.)

I went to Catalina Island for three days in the first week in Aug. The island is 23 miles out in the ocean, (off Long Beach, near Los Angeles, Calif.) I role a Greyhound bus to Long Beach. We left Roseville at 9:30 p.m. and reached Long Beach at about 10:30 the next morning. It was hard to get in a comfortable sleeping position in those seats. I now see why you like planes better than buses.

When I got to Long Beach I boarded the ferry. The island was really nice. It was very clear — no smog, hardly any litter; the ocean and beaches were clean. I stayed in Avalon at the Glenmore Hotel. It had a lovely restaurant and game room, where most of the teenagers stayed. (Here more personalities.)

'We went swimming every day. One morning my roommate and I went paddle-boarding in the ocean at 7:00 in the morning. Boy, was it cold!

They had many tours to go on. Some buses went inland and showed you some of the wild life (boars and buffalo). These were brought to the island years ago to film a movie and became wild. They also had a glass bottom boat tour, where you could see down in the ocean.

It was crowded in the city, but I liked it better that way. At night everyone walked on the main street, which ran along the beach. Here and there were different crowds hanging around someone playing a guitar or singing. Sometimes they have street dances with live bands. There have been many famous performers there. At my hotel there were signs on some of the rooms, where famous people had stayed. Anyway, I had a lot of fun. When I get older, I want to get a job there some summer' — (wonder if anyone is listening.)

'School starts here Sept. 5. I'm looking forward to high school. I went to summer school and took typing and State requirements; which is: drivers education, first aid, and a study about drugs, alcohol, and tobacco. You have to take this to get your driver's license.'

'Well bye, Write Soon, Love, Melody.'

Then here are some cards from other granddaughters: 'Dear Grandma: Mom, Dad and me flew up here for one night, expenses paid — we're supposed to go on a tour on the lake in a few minutes. We'll go on to Dallas for the company picnic this afternoon'. (Sent from Lake Bridgeport at Runway Bay, Texas).

This from the same granddaughter: 'Dear Grandma: We're in Florida on vacation. It sure is, fun. In New Orleans we went on a boat cruise down the Mississippi and saw a lot of trade ships from foreign countries. We went on the causeway over Lake Pontchartrain (29 miles). We also went to the French Quarters in New Orleans. It was hot and muggy through La. and Miss. but cooler in Ala. and Fla. Love, Shanon.'

One card from a younger granddaughter described the activities at a church camp; then ended up saying: 'Meema,

Prince', a large ferry, which took me to the island. The ferry had three levels. The top was the deck. It had benches and seats; and a rail on the sides so you could look over the middle level had dining tables, a bar and cafeteria. The bottom level had seats and racks for the luggage. We stayed on the ferry about two hours. For a while it was kind of scary, because there is no sight of land anywhere — only the ocean.

The island was really nice. It was very clear — no smog, hardly any litter; the ocean and beaches were clean. I stayed in Avalon at the Glenmore Hotel. It had a lovely restaurant and game room, where most of the teenagers stayed. (Here more personalities.)

It was crowded in the city, but I liked it better that way. At night everyone walked on the main street, which ran along the beach. Here and there were different crowds hanging around someone playing a guitar or singing. Sometimes they have street dances with live bands. There have been many famous performers there. At my hotel there were signs on some of the rooms, where famous people had stayed. Anyway, I had a lot of fun. When I get older, I want to get a job there some summer' — (wonder if anyone is listening.)

'School starts here Sept. 5. I'm looking forward to high school. I went to summer school and took typing and State requirements; which is: drivers education, first aid, and a study about drugs, alcohol, and tobacco. You have to take this to get your driver's license.'

'Well bye, Write Soon, Love, Melody.'

Then here are some cards from other granddaughters: 'Dear Grandma: Mom, Dad and me flew up here for one night, expenses paid — we're supposed to go on a tour on the lake in a few minutes. We'll go on to Dallas for the company picnic this afternoon'. (Sent from Lake Bridgeport at Runway Bay, Texas).

This from the same granddaughter: 'Dear Grandma: We're in Florida on vacation. It sure is, fun. In New Orleans we went on a boat cruise down the Mississippi and saw a lot of trade ships from foreign countries. We went on the causeway over Lake Pontchartrain (29 miles). We also went to the French Quarters in New Orleans. It was hot and muggy through La. and Miss. but cooler in Ala. and Fla. Love, Shanon.'

One card from a younger granddaughter described the activities at a church camp; then ended up saying: 'Meema,

Letters To The Editor

October 17, 1972
Dear Editor,
I would like to commend you on the new addition to the Ruidoso News—The War Whoop page. As a member of the Journalism II class last year at R. H. S., I think the War Whoop page in your paper is a lot better than the mimeographed paper which we published at school. It enables those who are interested to get an idea of school life at Ruidoso High School. I am impressed by it.

I would also like to thank you for sending to me each weekly edition of The News. In Japan, I miss my Ruidoso friends and my hometown. Now that I have received copies of each edition, I don't feel quite so 'left out'. I really do enjoy reading about my community and especially the high school news. I will be awaiting a future edition of your great newspaper. Thanks again so very much.

Sincerely,
Laurie Ann Norman

there is a boy here I like.' Just that and no more.

I feel like I am 'ten feet tall' when they write me and I hope all young girls have a grandmother they can write to.

I attended a lovely service one Sunday afternoon at the First Baptist Church of Ruidoso Downs. Brother L. T. Jeter was ordained as a deacon. He and Mrs. Jeter are a very consecrated couple and I know they will be happy in this capacity the rest of their lives. I met some real nice folks and saw one of my pastors I had not seen for over twenty years; Rev. Strasser Atkinson of Plainview, Texas. My, how time flies! —Mrs. B.

FOUNDERS WITH A TOUCH OF BEAUTY — These lovely coeds are members of the Court of Honor of Sigma Nu Sorority at Eastern New Mexico University. The little-sister organization is in its second semester of operation and is the newest of the little-sister groups at Eastern. Founders are (seated, from left) Lindi Fisher of Los Alamos, Taya Mustard of Tucumcari; (second row, from left) Jan Jennings and Jeanette Terry, both of Tucumcari, Renee Keilt and Carolyn Cline, both of Albuquerque; and (back row, from left) Becky Barnett and Kyla Terry, both of Portales, and Angie Underwood of Ruidoso.

What Price Federal Aid?
The next time that you hear someone say or think yourself "someone should do something about that" (which usually means the Federal government), remember that everything has a price. That price, in dealing with the federal government, is federal control. Welfare and food stamps are fine but we must pay a price by accepting the aid — federal bureaucracy controlling the program and completely ignoring local opinions and advice.
One horrible example of federal control is the school lunch program. Last year when the schools were about out of funds, and before an emergency appropriation by Congress, some were being made to shut down the lunchrooms, even though some students were paying for their meals. Authorities were informed that, if no free lunches were available, no lunches could be served at all. We predict that eventually all lunches will be free to all students with total control by federal agencies. Each year local school boards are required to "rubber stamp" federal regulations in regard to lunchroom operation. If boards decide to refuse, all funds to the program are discontinued. This is the case of an appointed official taking precedence over elected officials and smacks of autocracy. The same situation exists in almost all phases of public life. We are gradually being weaned away from government as the servant of the people, to the people being the servants of the government.
We cannot help but feel that we must learn self-reliance again before it is too late. Socialism is a step toward disaster that has been tried and found wanting in England, Sweden, Uruguay, and many other countries. Each of the countries who have tried socialism is now on the verge of bankruptcy. Surely the American people are smart enough to learn from others' mistakes. —A. L.

Baha'i Presents Book To Library

On Oct. 24, the Ruidoso Baha'i Community presented a copy of Foundations of World Unity to the Ruidoso Public Library. The occasion was the celebration of United Nations Day.

Representing the Baha'is were George Keith-Beattie and Miss Harlene Finn. "The Baha'i Faith," Miss Finn pointed out, "Has taken an active interest in support of the United Nations in accelerating the economic progress of developing countries and in the promotion of universal education, universal human rights, and world law is supported and endorsed by the Baha'is."

Keith-Beattie stated that the Baha'i International Community has consultative status with the Economic and Social Council of the United Nations. The U.

S. Baha'i Community has an accredited Non-Governmental Organization (NGO) representative at the United Nations. The Baha'is of Ruidoso are the local community of the Baha'i Faith, a world-wide religion. Proclaimed in Persia in 1863, by Baha'u'llah (literally The Glory of God), the Baha'i Faith believes in the Oneness of God, the Oneness of Religion, and the Oneness of Mankind.

Vote Slated On Library Bond Act

by Dick Mound
New Mexico this year has an opportunity to take a big step forward; to build a quality factor in education that will pay dividends for years to come.

The opportunity comes in the form of a proposal that will be on the Nov. 7 general election, the State Educational Institution Library Bond Act.

The Library Bond Act is designed to permit the public colleges and universities in New Mexico to catch up with need. Studies show that the state's college libraries are seriously inadequate when measured against any of the national yardsticks for minimal library holdings. On a statewide basis, our college libraries—for a number of reasons—have less than half the books they need.

The \$10,000,000 that the library bond act will provide will permit them to bring their holdings to a point near recommended levels.

Soaring enrollments during the past ten years, the often-mentioned knowledge explosion, inflation, and program expansion have been the chief factors leading to the book deficit. A one-time effort—the library bonds—followed by carefully considered, adequate appropriations in the future will keep the quality level of our higher education institutions where it should be. Conversely, if the libraries don't get the needed support and continue to fall behind, accreditation will be seriously endangered. Several schools already have received warnings from the accrediting association.

The institutions which will benefit from the bond act include Eastern New Mexico University, New Mexico Highlands University, New Mexico Military Institute, University of New Mexico, New Mexico Institute of Mining and Technology, Western New Mexico University, New Mexico Junior College, New Mexico State University, and all of the branches of the four-year institutions.

Artist Peter Hurd is heading a citizens group, Action for Education, in support of the bond issue. In his appeal to New Mexico citizens, Hurd states the

In Passing..

By AL LANE

It seemed like old times when we were in Roswell last Friday for the afternoon NMMI-Ruidoso games. We couldn't help but enjoy the bright sunshine day with the stands almost full of Ruidoso fans. Seems that until recent years, schools could not afford the lighting necessary for night games and therefore games were played Friday afternoons.

With nights getting nippy toward the end of the season, would be fine if we could have many of our games in the afternoon. Warrior boosters were out in force for the game and if you don't think the cheering helps the players, ask them! Without the vocal support of such old hands as Bucky Morrison, Bernie Baur, and Cash Skarda, we doubt that the Warriors would do nearly as well. Speaking of support, we are again quite impressed with the turnout of local residents for the annual REA Halloween Carnival. Mothers and teachers were running in circles last Saturday making preparation for the scholarship money-raising event held annually at the Chaparral Convention Center.

Assistance (in the form of cooking, donation of prizes and help with booths) was forthcoming from almost everyone in the village, who then turned out Saturday night to eat and take their children to the many booths at the carnival. The teachers are the responsible parties for the event and work many hours to get everything "just right." The Lions club always runs the bingo game, which is one of the most popular booths at the event, followed closely by the cake-walk. A teen dance, held upstairs, has music pitched at the correct ear splitting level to draw a good crowd of youngsters and the night is one of general fun for everyone. Delighted to see that Ken Geaslin was given a plaque this year for his donation of the convention center for their festivities... Among the many bumper stickers that we have seen recently was a good one reading "VOTE... and get your hair cut!"

SOCIAL SECURITY October, November and December. For example, an individual may have had no doctor bills at all until November. He became ill and incurred a \$40 doctor bill. This wouldn't be enough to enable him to collect any Medicare for 1972, but the \$40 could be carried over into 1973 to apply toward 1973's \$50 deductible.

"Our office will be very glad to assist with any Medicare problem," Mrs. Graves concluded. Mrs. Graves may be contacted at the Council Room in the Ruidoso City Hall the second Wednesday of each month from 10 to noon and 1 to 2.

Even if a social security beneficiary doesn't have as much as \$50 in doctor bills in 1972, he should still send in all bills for covered services he received in

Christmas Trees For Commercial Use To Sell November 8

Forest Supervisor Kenneth Evans, of the Lincoln National Forest has announced plans to sell 4,250 Christmas trees on Nov. 8. The trees are divided into 22 separate blocks and will be sold to the highest bidder. Persons interested in bidding should contact the Supervisor's office or Ranger Districts of the Lincoln National Forest for information.

Sales of this type are offered annually for those individuals or organizations who buy and sell Christmas trees as a commercial venture.

Inside The Capital

By FRED BUCKLES

SANTA FE—The general election campaign is moving rapidly to the wire and we crystal balled our predictions in major races.

President Richard M. Nixon will collect New Mexico's four electoral votes in a sweep over South Dakota Sen. George McGovern, the Democratic candidate. Only the dimensions of Nixon's New Mexico victory remain in doubt.

Nixon dumped Democrat Hubert Humphrey in New Mexico in 1963 by 39,611. His margin should be greater next Tuesday. McGovern won only two of 14 Inside the Capital polls across the state.

Nixon piled up majorities of 2-1 to 4-1 in most cities. McGovern beat Nixon at Las Vegas. McGovern also won the first Albuquerque poll over Nixon by a small margin but lost a second Albuquerque poll to the President.

The national McGovern campaign has long since written off the South and the Rockies. Many Democratic candidates divorced their campaigns from the McGovern drive, including U. S. Rep. Harold Runnels and Hobbs Democrat Jack Daniels in New Mexico.

Daniels is in a close race with Albuquerque Republican Pete Domenici for the U. S. Senate. The winner will succeed U. S. Sen. Clinton P. Anderson, 77. Anderson, Albuquerque Democrat, will retire in January after 24 Senate years.

Domenici probably had a small lead over Daniels. This stems from anti-McGovern sentiment in Southern and Eastern New Mexico that rubs off on Daniels adversely. Domenici also benefits to an unmeasured degree from Nixon coattailing.

Daniels and Domenici are both strong, well-qualified candidates. Despite campaign hassling both are moderates and both would represent New Mexico well.

U. S. Rep. Harold Runnels, 48, Lovington Democrat, enjoyed a big lead over political unknown Ed Presson, 30, Silver City Republican. Runnels won every Inside the Capital poll in big District 2 by wide margins over Presson.

Harold may boost Daniels' chances. Presson was far behind Runnels even in pro-Republican counties because many Republicans like Runnels' conservatism and general outlook.

In District 1 U. S. Rep. Manuel Lujan, Jr. Albuquerque Republican, was favored over Santa Fe Democrat Eugene Gallegos, 37. But the Lujan-Gallegos race was tightening up.

Gallegos, an articulate, personable attorney, was closing the gap on popular Rep. Lujan with a well-managed campaign. Lujan will probably win a third term. But Gallegos is expected to run a strong race and be in position for another campaign in 1974.

Columbus Ferguson of Taos, Democratic incumbent on the State Corporation Commission, is favored to win another 6-year term at \$20,000 annually. Ferguson, a SCC member since 1962, faces Larry Hesse, 52, of Roswell, the Republican candidate in the only non-judicial race for an elective state office.

Hesse has campaigned actively. He has whacked telephone rate increases and phone service which are under SCC regulation with other major areas.

We expect a heavy voter turnout Tuesday despite the absence of seven elected state offices from the ballot. Democrats hold all of the offices. But terms were lengthened in 1970 from two to four years by constitutional amendment.

A lively State Senate race is under way in new District 7—all of Colfax, Union and Harding Counties and nine San Miguel County precincts. Sen. John L. Morrow, Capulin rancher and a Democrat, is challenged by Rep. Carol W. Tinker, Las Vegas Republican.

Sen. Morrow is favored but Rep. Tinker has staged an aggressive energetic campaign. She says she has traveled 12,000 miles and distributed 10,000 pieces of literature in the campaign. Much of the new district spans the former district of Union, Harding and Colfax Counties that Sen. Morrow represented.

Rep. Alvin E. Castillo, Raton Democrat, is favored to win reelection in a Colfax-Union House District over John Bonnyman King, Capulin Republican and Union County rancher. An accountant, Castillo seeks a second term.

Joe Skeen of Pecho, Lincoln County, says he is looking at a race for the Republican governor nomination in 1974. Skeen was a state senator 10 years. He was Senate Republican leader.

Skeen ran in 1970 for Lieutenant governor with Domenici. They lost to Gov. Bruce King and Lt. Gov. Robert Mondragon by 14,000 votes. Skeen is reluctant to begin 1974 campaign soundings until the smoke clears from the current campaign.

Calls Issued For Outstanding Youth

Do you know of a young person deserving recognition for some achievement? The New Mexico Committee on Children and Youth would like to take this opportunity to invite your participation in a unique new program of youth recognition, entitled: "Outstanding Youth in New Mexico."

This program is designed to identify and publicly recognize the achievements of youth in areas where such recognition is not usually afforded. For example, the young person who goes out of his or her way to perform a needed service or to selflessly act in an emergency, without thought for reward or consequence, and perhaps against public opinion.

These young people, those really involved in a one-to-one relationship with humanity, need the encouragement and support of all of us in their endeavors. If you know such a person, between the ages of 16 and 24, and if this person, in your opinion, is worthy of recognition for some achievement of service to his fellow man, please call or write: New Mexico Committee on Children and Youth, P. O. Box 6223, Albuquerque, N. M. 87107. Telephone: 842-3369 (Area Code 505).

Christmas Trees, Seedling Trees Require Tagging

The New Mexico Department of State Forestry announces that its 1973 seedling tree order forms are now available from the State office, Box 2167, Santa Fe, New Mexico 87501; and from the Captain District office, Box 277, Capitan, New Mexico 88316.

They also remind sellers of Christmas trees that all Christmas trees being offered for sale must bear a seal which can be purchased for five cents each at the above State Forestry offices, at all Ports of Entry, and at the following locations:

Flinn Nursery, Alamogordo, Phillips 66 in Mayhill, Denny Hardware in Cloudcroft.

Deep Rock Station in Ruidoso. Ruidoso USFS Ranger Station in Ruidoso.

Mountainair USFS Ranger Station in Mountainair. All trees entering the State for sale in the State must be tagged prior to entry. The tag must be permanently attached to the main stem and so remain until removed by the ultimate consumer. (State Law 62-1-13).

paign. Skeen, 45, is a rancher. Other 1974 Republican governor prospects: Sen. John P. Eastham, Albuquerque, the present Senate GOP leader, and Rep. Lujan. A long list of Democrats is considering the 1974 governor race.

A truck overturned and dumped 6,500 gallons of diesel fuel oil in Cimarron River in Cimarron Canyon, causing a kill of 10,000 to 15,000 fish in the prime fishing stream. The State Game and Fish Department mounted strong cleanup efforts. The incident stiffened the agency's opposition to Highway Department plans to rebuild US-64 through the scenic canyon.

New Mexico 88345, is the attorney for the Plaintiff.

Army Specialist Five Sammy G. Vega, 21, son of Mr. and Mrs. Joe Vega, Carrizozo, recently fired expert with the M-16 rifle at Ft. Hood, Texas. The expert rating is the highest mark a soldier can achieve on his weapons qualifications test. Spec. Vega is a helicopter re-

pairman in the 528th Transportation Company, 169th Maintenance Battalion of the 13th Support Brigade. He entered the Army in February 1970, completed basic training at Ft. Ord, Calif., and was last stationed in Vietnam. He is a 1966 graduate of Carrizozo High School. His wife, Peggy, lives in Kilbuck, Texas.

PRESENTED PLAQUE—Ken Geaslin (left), owner of the Chaparral Motor Hotel in Ruidoso Downs, was presented with a plaque in appreciation for his support of the Ruidoso Municipal School System at the annual REA Halloween Carnival last Saturday evening at the Convention Center. Dub Williams (right) noted that use of the convention center has been donated by Geaslin for a number of years for the event, in addition to his many other contributions. (Ruidoso News Photo)

Camp-O-Ree Held At Bonito

Scouts of the Elks Lodge Troop 59 recently attended the Conquistador Council Camp-O-Ree at Blue Hole near Bonito, Lake. About 150 boys from Chaves and Lincoln Counties camped from Friday afternoon through Sunday noon. Several scout skill contests were held in which the Ruidoso Troop placed first in four events and also received second place camping award.

The Troop was accompanied by Elmer Pirelli and son, Sam, from the Cub Pack and Jim Stron? and son, Jamie. Jim is the Elks Lodge Youth Activities Chairman and active in the Scout program. The Scout Troop is in need of donations of wild game, fish or birds for the Boy Scout Annual Big Game Supper. Call 257-4713 or 257-4352 for pick-up or leave at Nooker's Packing Company for processing as a donation to Scout Troop 59.

THINGS YOU SHOULD KNOW ABOUT YOUR COUNTY TREASURER'S OFFICE:

Your County Treasurer is the highest bonded official in the County.
Your County Treasurer collects, records and distributes all taxes received for real and personal properties.
Your County Treasurer collects and distributes all county tax levies for your State, County, Schools and Municipalities in an amount well over \$1,000,000 per annum and in addition receives, accounts for and distributes over \$100,000 each month of special school monies.
In addition to this the Treasurer is also responsible for the judicious investment of any large amount of surplus funds to provide additional income for the County.
The Treasurer's office is subject to an annual audit and since every penny must be accounted for the treasurer must have knowledge and experience in accounting, bookkeeping and business administration.

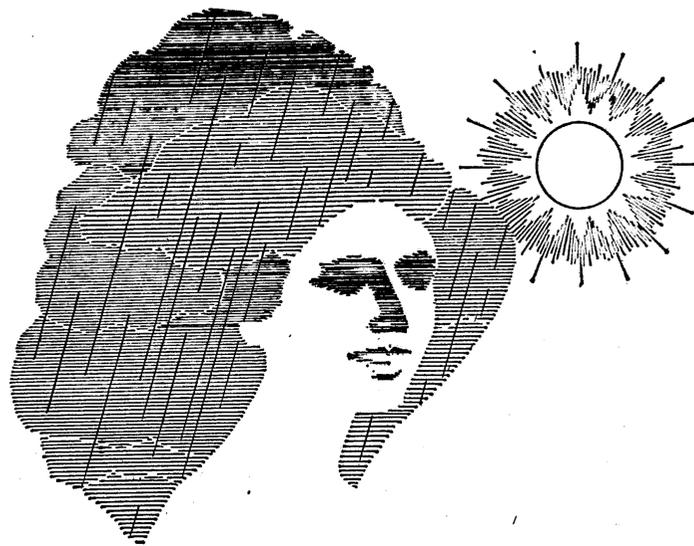

MABEL VIGIL

MABEL VIGIL meets all these qualifications, she is a proven experienced county official in her own right and ably assisted her late beloved husband, Lloyd, through his many years of service to the county.

WE URGE YOU TO RETURN HER TO THE OFFICE OF COUNTY TREASURER. —FRANK ENGLISH, JACKIE SPENCER, PAT DUNNING.

FRIENDS AND SUPPORTERS OF MABEL VIGIL TO REELECT HER AS COUNTY TREASURER.

Your Private Sunshine on a Rainy Day. Night or day, in any weather an electric dryer dries your clothes with sunshine freshness. The unpleasant chore of hanging loads of wet laundry on the clothesline during nippy weather can be a thing of the past for you. Because of the gentle tumbling action and controlled heat of an electric dryer, permanent press clothes can come out neat and wrinkle-free without ironing. An electric dryer can save time and work for you so you can enjoy more pleasant things with your family. See your electric appliance dealer soon and let electricity be your own private sunshine.

DEMOLAY - RAINBOW PARTY — A combined DeMolay-Rainbow Girls' Halloween party was held last Monday evening at the Eastern Star Hall. Twenty-six youngsters were present for the dancing and refreshments. The photo above shows the youths during the 9:00 interpolation, a DeMolay ritual performed at all DeMolay functions. Sponsors for the party were Frank Adams, Andy Haddix, Gladys Knox, Velma Johnson and Inez Killebrew. (Ruidoso News Photo)

Rotarians Hear Library Appeal

The heavy snowfall in Ruidoso was celebrated by the Ruidoso Rotary club with a lively rendition of Jingle Bells at the regular weekly meeting of the club held Tuesday noon at Mack's Cafe.

The program was given by Dick Mound on the upcoming vote on the statewide Library general obligation bond. Mound explained the needs of state colleges for additions to their libraries and noted that accreditation could be withdrawn if a solution to the lack of volumes was not found.

Guests of the club were high school football players Jo Bob McGuire and Filbert Montes.

Susan Miller Named To Textbook Group

Susan Miller, White Mountain Elementary teacher, has been selected to serve on the State Textbook Adoption Committee for Elementary Language. She and the other five members of the committee will give individual evaluations of the book series and meet in November to choose textbooks.

Changes Made In Licensing For Sportsmen

A proposal by the Department of Game and Fish to look in the next session of the Legislature, license fee additions for some hunting and fishing privileges was approved by the State Game Commission in a recent special meeting here.

Such fee additions, while not increasing the cost of the license, would generate an increase in income to the Department of approximately 20 percent over its current income. This would amount to approximately \$476,000 annually if the proposal should be passed into law.

Among the additions the Department is proposing are a new \$200 trap license stamp for both resident and non-resident hunters, a spring turkey license increased to \$5 for residents and \$15 for non-residents and a \$1 handling fee to be assessed for anyone applying for a special license or drawing.

Two other items in the proposal would generate additional income for the Department. The Department would like to allow license holders to collect their own licenses, instead of no longer being allowed to do so. License fees on all licenses would increase on all licenses to more than \$5.00.

License fees on all licenses would increase on all licenses to more than \$5.00. License fees on all licenses would increase on all licenses to more than \$5.00.

ALPINE—

Sitting on a well wooded level corner lot in Alpine Village is this two bedroom home, redwood construction, fireplace, deck on the east and south, a very unusual floor plan and tastefully furnished.

NEW—

Up Brady Canyon a short distance is a new two bedroom, bath and a half, rather distinctive cabin containing more than 1,100 square feet. It is completely carpeted, has electric baseboard heat and metal fireplace. It is a two-level house with a deck on the top level. And while you are there, take a look at the three bedroom house not yet completed right next to it.

News 'N Notes

By MARY ELLEN PAYNE

If you have been having problems with any type of cookery at this altitude, mark November 6 with a big red circle on your calendar. That is the day a program on high altitude cookery will be presented in Ruidoso.

Mrs. Linda Pecotte, Home Service Advisor for Community Public Service will discuss the "Why" and "How" of high altitude cookery and also demonstrate candy making principles.

I will demonstrate a cake for high altitude and Mrs. Sharon Tandy will show decorating of cakes. The decorated cake will be awarded as a door prize.

All of this is to take place at 2:00 p.m. in the new Home Economics Department of the Ruidoso High School.

No Problem Involved With Pine Needle Fall

Don't worry if your evergreens have dropped or are still dropping needles. This is nature at work, says Douglas Bryant, extension horticulturist at

Since seating is limited, free tickets will be given out at the Community Public Service Office in Ruidoso on Nov. 2 and 3 and the morning of the 6th.

The program is just loaded with good information so don't forget to get your tickets.

Also, if you want some information on high altitude cookery ask for the booklet by the same name available at the County Extension Office in Carrizozo, or write Box 217, Carrizozo. Ask for the booklet "High Altitude Cookery."

New Mexico State University. The needles which are lost are those nearest the center of the tree. The younger green needles are at the ends of the branches, he explains.

"While the shedding is taking place, such trees as pines and spruces appear to be dead or dying," Bryant points out. "This condition usually takes care of itself when a hard wind or heavy rain knocks the old needles to the ground. The trees will appear normal again."

The horticulturist cautions that unusual summer seasons of heavy rain or drought may upset this natural process and cause more than the normal number of needles to drop. In such cases, if the tree keeps the current year's needles in a green healthy condition, it will continue to grow next year.
