NUMBER 14, IN OUR 29th YEAR

Ruidoso, Lincoln County, New Mexico - 88345

FRIDAY, SEPTEMBER 13, 1974

VILLAGE'S BONDED INDEBTEDNESS NOW STANDS AT \$1,621,000

\$5 million water bond cost pegged

October 8 Ruidoso voters go to the polls to accept or reject a \$5 million bond issue that would make possible the storage of 1,100 million gallons of raw water in a reservoir to be located between the mouths of Kraus and Flume canyons.

Figures from the NM Local Government office, obtained Monday by village manager Jim Hine, peg the assessed valuation (AV) of the Village of Ruidoso for the taxable year of 1974 at \$17,883,100, an increase of \$2,298,285 over the 1973 AV of \$15,584,815.

This increase results in a lower tax bite for 1974 of \$1.60 per \$1,000 AV. The 1973 tax rate per \$1,000 AV was \$1.23, compared to the 1974 figure of \$1.29.

Series B, \$2 million to be issued in 1976 . . . \$6.84
Series C, \$2 million to be issued in 1978 . . . \$4.67

The figures for Series B and C will, as the AV increases in the village, decrease.

This amounts to, providing the entire \$5 million bond issue would be sold to finance the water project, a total increase of \$18.93 per \$1,000 AV, after 1978.

The present General Obligation bonded indebtedness of the village, with the village being incorporated in 1945, stands at \$1,621,000. This indebtedness will be fully retired in 1988. The proposed \$5 million would involve General Obligation bonds.

The village council took ac-

tion, "on a point of necessity and urgency," July 25 to bring the \$5 million bond issue to a vote of qualified resident, registered electors of the village and non-resident municipal electors as defined by the 1965 NM Municipal Code. The deadline for new voters to register for the Oct. 8 election is 5 p.m., Sept. 13 at the village hall.

The proposed dam would back water up for approximately one mile and create a 3,400 acre-foot reservoir to utilize, Bill Wolf of Mann Engineering Co., said July 25, "all of the flow the village is entitled to use." Wolf noted that the life of the proposed dam would be "250 years."

Included in the plan is a

gravity flow system from the reservoir to a new treatment plant and gravity flow from the plant to existing storage tanks now serving the village.

Rigid specifications for the dam include its ability to absorb a nine-inch rainfall in six hours without encroaching on the dam free board and also to hold a 24-inch rainfall in six hours.

At the July 25 village council meeting, Tom Jones, Eagle Creek Water Association president, noted that the proposed impoundment would eliminate the water problems caused by the droughts of 1971 and 1974.

All dollar figures represent payment for tax purposes only within the corporate limits of the Village of Ruidoso.

IN THIS PONDEROSA HEIGHTS HOME of Mr. and Mrs. Joseph Friberg, quantities of allegedly stolen property and marijuana were confiscated by Ruidoso PD personnel in an early morning August 23 raid. Preliminary

FRIBERGS, HOOLAN CHARGED ON TWO COUNTS

Preliminary hearing set on drug-property charges

Four Ruidoso residents, charged with unlawful possession of marijuana and with receiving stolen property, or being an accessory thereto, will appear Sept. 16 at 10 a.m. in Magistrate's Court, Ruidoso, before Austin A. Pritchett, Lincoln County Magistrate, Division III, at a preliminary hearing on the charges.

Joseph Friberg, 30, Lourdes (Mrs. Joseph) Friberg, 31, John Friberg, 24 and Robert Hoolan, 28, were arraigned before Magistrate Pritchett, following their arrest by Ruidoso PD per-

sonnel in a raid conducted shortly after 6 a.m. August 23. At the arraignment, bail was set for all four, at \$1,000 on the drug charge and \$10,000 on the stolen property charge and all were taken to Lincoln County Jail at Carrizozo pending posting of bond.

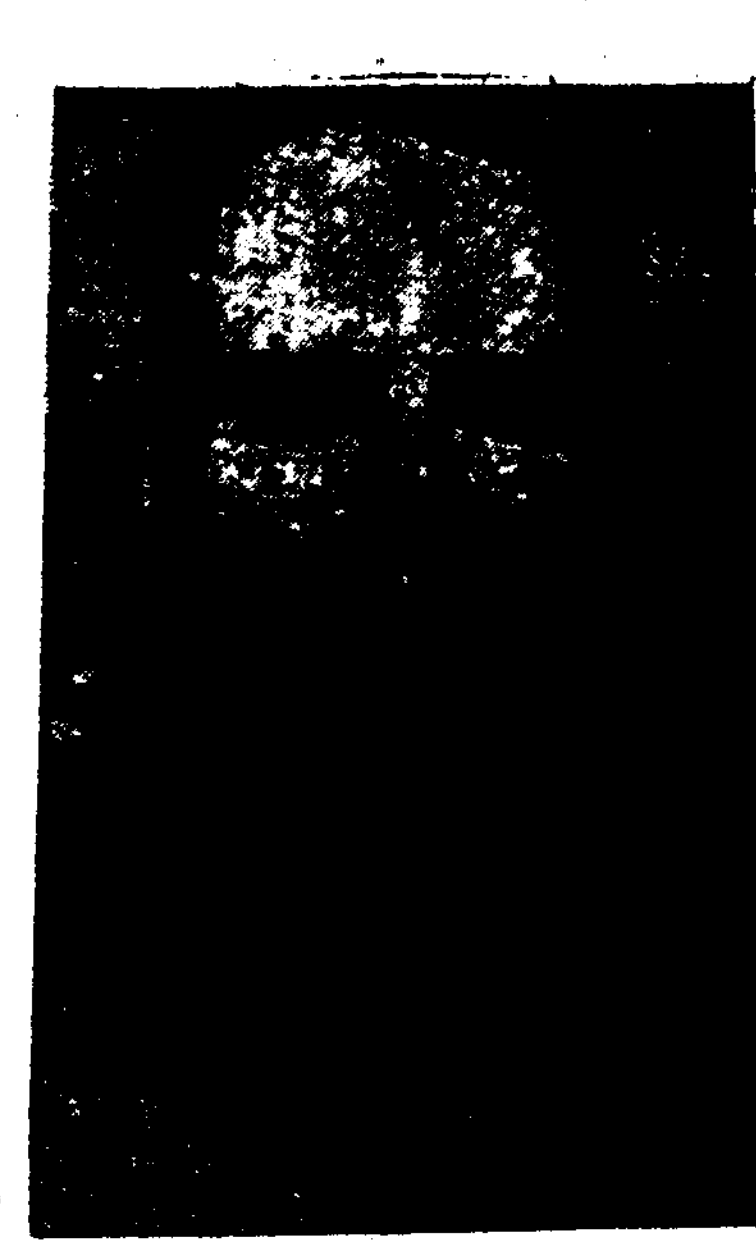

This preliminary hearing stems from the early morning raid in which three Ruidoso residents were simultaneously entered by officers armed with search warrants.

After the raid the Fribergs and Hoolan were charged with unlawful possession of more than one ounce but less than eight ounces of marijuana and with receiving, stolen property valued in excess of \$2,500.

A quantity of allegedly stolen property, numbering 71 items on the original complaint, was recovered during the simultaneous raid and, early in the investigation, some of the articles were positively identified from Ruidoso PD files. In addition, one Ruidoso resident, who had previously reported the theft of an estimated \$7,500 in household furnishings, made positive identifications of several of the articles recovered in the raid.

After a check of the property, a criminal complaint authorized by Chuck Shaw, assistant dis-

trict attorney for the 12th Judicial District, indicated the property was obtained from October 1973 to August 23, 1974.

EVALUATOR — Michael Blackburn of Ruidoso began his duties as assistant Lincoln County appraiser Sept. 3, after being named to the post by Ralph Garcia, county appraiser. Blackburn will evaluate new property, buildings and additions in the county for tax purposes. (Ruidoso News Photo)

State medical investigator held meetings here

Dr. James T. Weston of Albuquerque, forensic pathologist and chief medical investigator of New Mexico, and deputy chief medical investigator Vernon McCarty, conducted a seminar on investigative procedures on sex and drug related deaths at the Chaparral Saturday.

Attending were representatives of the Ruidoso PD, NM State Police, and district and deputy medical investigators, including MDs, from the southern part of the state.

1974-75 band officers announced for RHS

Band officers for the 1974-75 school year have been elected, according to LeRoy Gooch, school band director.

New officers are: president, Matt Gooch; vice president, Gina Newton; secretary-treasurer, Julie McBride; historian, Cindy Roberts; and student council representative, Cindy Wynn.

\$8,000 BASEBALL FIELD GRANT STILL PENDING

School board hires six

Two teachers, three aides, and a custodian were hired by the Ruidoso Municipal School board of trustees at the regular monthly meeting held last Tuesday evening at the school administrative offices. Teachers hired were Bill Streeter, high school science teacher; and Eddie Parker, high school distributive education teacher. Aides hired were Roraine Botella, Nob Hill; Charlene Greggerson, Nob Hill library aide; and Arlene Martinez, high school J & O aide. Gene Kenmore was hired as school custodian.

Bids on water softeners were opened but the board tabled the matter until the next meeting.

The state department of education has slated an evaluation of the board, as a board of finance, on September 25. Details for the transition have been completed but must meet with the approval of the state board before becoming official.

A letter from David King of the State Planning Office was read to the board noting that approval for an \$8,000 grant for

a baseball field had been given but that final plans must be submitted and no assurance could be made that the federal government would have the money for the grant. The Noon Lions Club is the sponsor of the baseball field.

The board received confirmation of the legality of the recently signed Johnson-O'Malley contract with the Mescalero Apache Tribe.

Superintendent Pat Valliant reported that enrollment as of September 10 was 1,106 students, including special education. He noted that the figure was below the projected enrollment but that it was felt that the estimated figure would be close for the first 40 days. Final enrollment last year was 1,153.

Tom Hansen, high school principal, explained the school policy on handling of student

records and noted that they were not released to any unauthorized persons.

A suggestion was made to the board that the school parking lot be striped and numbered. After discussion, it was decided to stripe the lot but not number it.

The next regular meeting of the board will be held Oct. 15, 8 p.m. in the school administrative offices.

Sunland races open Oct. 6

The Sunland Park 1974-75 meeting opens October 5 with the weekend headline being the running of the Don Lewis Inaugural Handicap, a \$4,000-added six furlongs for three-year-olds and up, the sixth.

The first event on the stakes calendar honors Lewis, three-time jockey champion at Sunland and a top jockey in the southwest, who died this summer. The Don Lewis Inaugural Handicap, Sunland Park general manager Al Rosa has announced, will be established as a permanent fixture on the Sunland stakes schedule.

Highlights of the coming season include:

October 27, Eyes of Texas Futurity, 2-year-old Texas-breds, \$30,000 (est.), six furlongs.

December 8, Sunland Fall Quarter Horse Futurity, 2-year-olds, \$75,000 (est.), 400 yards.

December 15, Sunland Fall Thoroughbred Futurity, 2-year-olds, \$50,000 (est.), six furlongs.

March 30, West Texas Derby, 3-year-olds, \$40,000 (est.), 400 yards.

April 6, West Texas Futu-

rity, 2-year-olds, \$200,000 (est.), 330 yards.

April 27, West Texas Championship, 3-year-olds and up, \$20,000 (est.), 400 yards.

May 4, Sun Country Futurity, 2-year-olds, \$250,000 (est.), 350 yards.

May 11, Riley Allison Thor-

oughbred Futurity, 2-year-olds, \$225,000 (est.), five furlongs.

The winning owner of the 1975 Allison will collect a projected purse of about \$107,500.

The fall season runs from Oct. 5-Dec. 15 and the spring campaign from Dec. 28-May 11, an 88 day meeting.

Village officials at state meeting

Three Ruidoso and two Ruidoso Downs village officials are attending a NM Municipal League Conference in Las Cruces that concludes Friday.

Ruidoso officials present include James Hine, village manager, Lloyd Davis Jr., mayor and John Thompson, village attorney with Jack DiPaolo, mayor, and Jerry Howden, village clerk, representing Ruidoso Downs. Ruidoso trustee Ab Gunter planned on joining the local delegation during the session.

Gubernatorial aspirants Joe Skeen and Jerry Apodaca addressed the delegates from the 86 municipalities and state officials present.

Vaccination clinic set for Saturday

A Mass Rabies Vaccination clinic will be held at the Humane Society of Lincoln County on Saturday, September 14 from 1 to 3 p.m. According to village ordinance, all dogs and cats in the village must be vaccinated for rabies and be licensed.

With the outbreak of rabies in several parts of the state this is a chance to protect your animals.

The animal shelter is located across the street from Gibson's Discount Center.

Downs animal ordinance will be re-written; enforced

The Ruidoso Downs Village Council agreed to have the village animal ordinance re-written by the village attorney at the regular board meeting held last Monday evening at the village hall. Councilman Jim Roberts noted that there were portions of the ordinance that conflicted, but that basically, the ordinance was all right. He noted that the ordinance was not being enforced and that it should be strictly enforced. A study of licensing procedures and methods of stricter enforcement will be made and a report will be given at the next regular meeting.

Mayor J. J. DiPaolo reported that a new man was needed for the village sanitation department and noted that water and street department personnel would operate the garbage truck until someone could be found. The board will try to come up with a way to pay the employees for their extra work. It was noted that the land fill contract would expire next March and DiPaolo said that several other sites were available for the use of the village.

The council gave approval to the hiring of Ellen McCormack as assistant village clerk and also approved the hiring of Hazel Lawing as permanent

help in the village office.

The village police department reported that a vehicle given the village by the state police appeared to be in good condition and that repainting had already been completed. The department's second car had recently broken down and the request had been made to the state for another car.

Cary Evans appeared before the board to request that a drainage ditch be installed near his home to relieve flooding of the village street. The council agreed to clean ditches and install a culvert to help the problem.

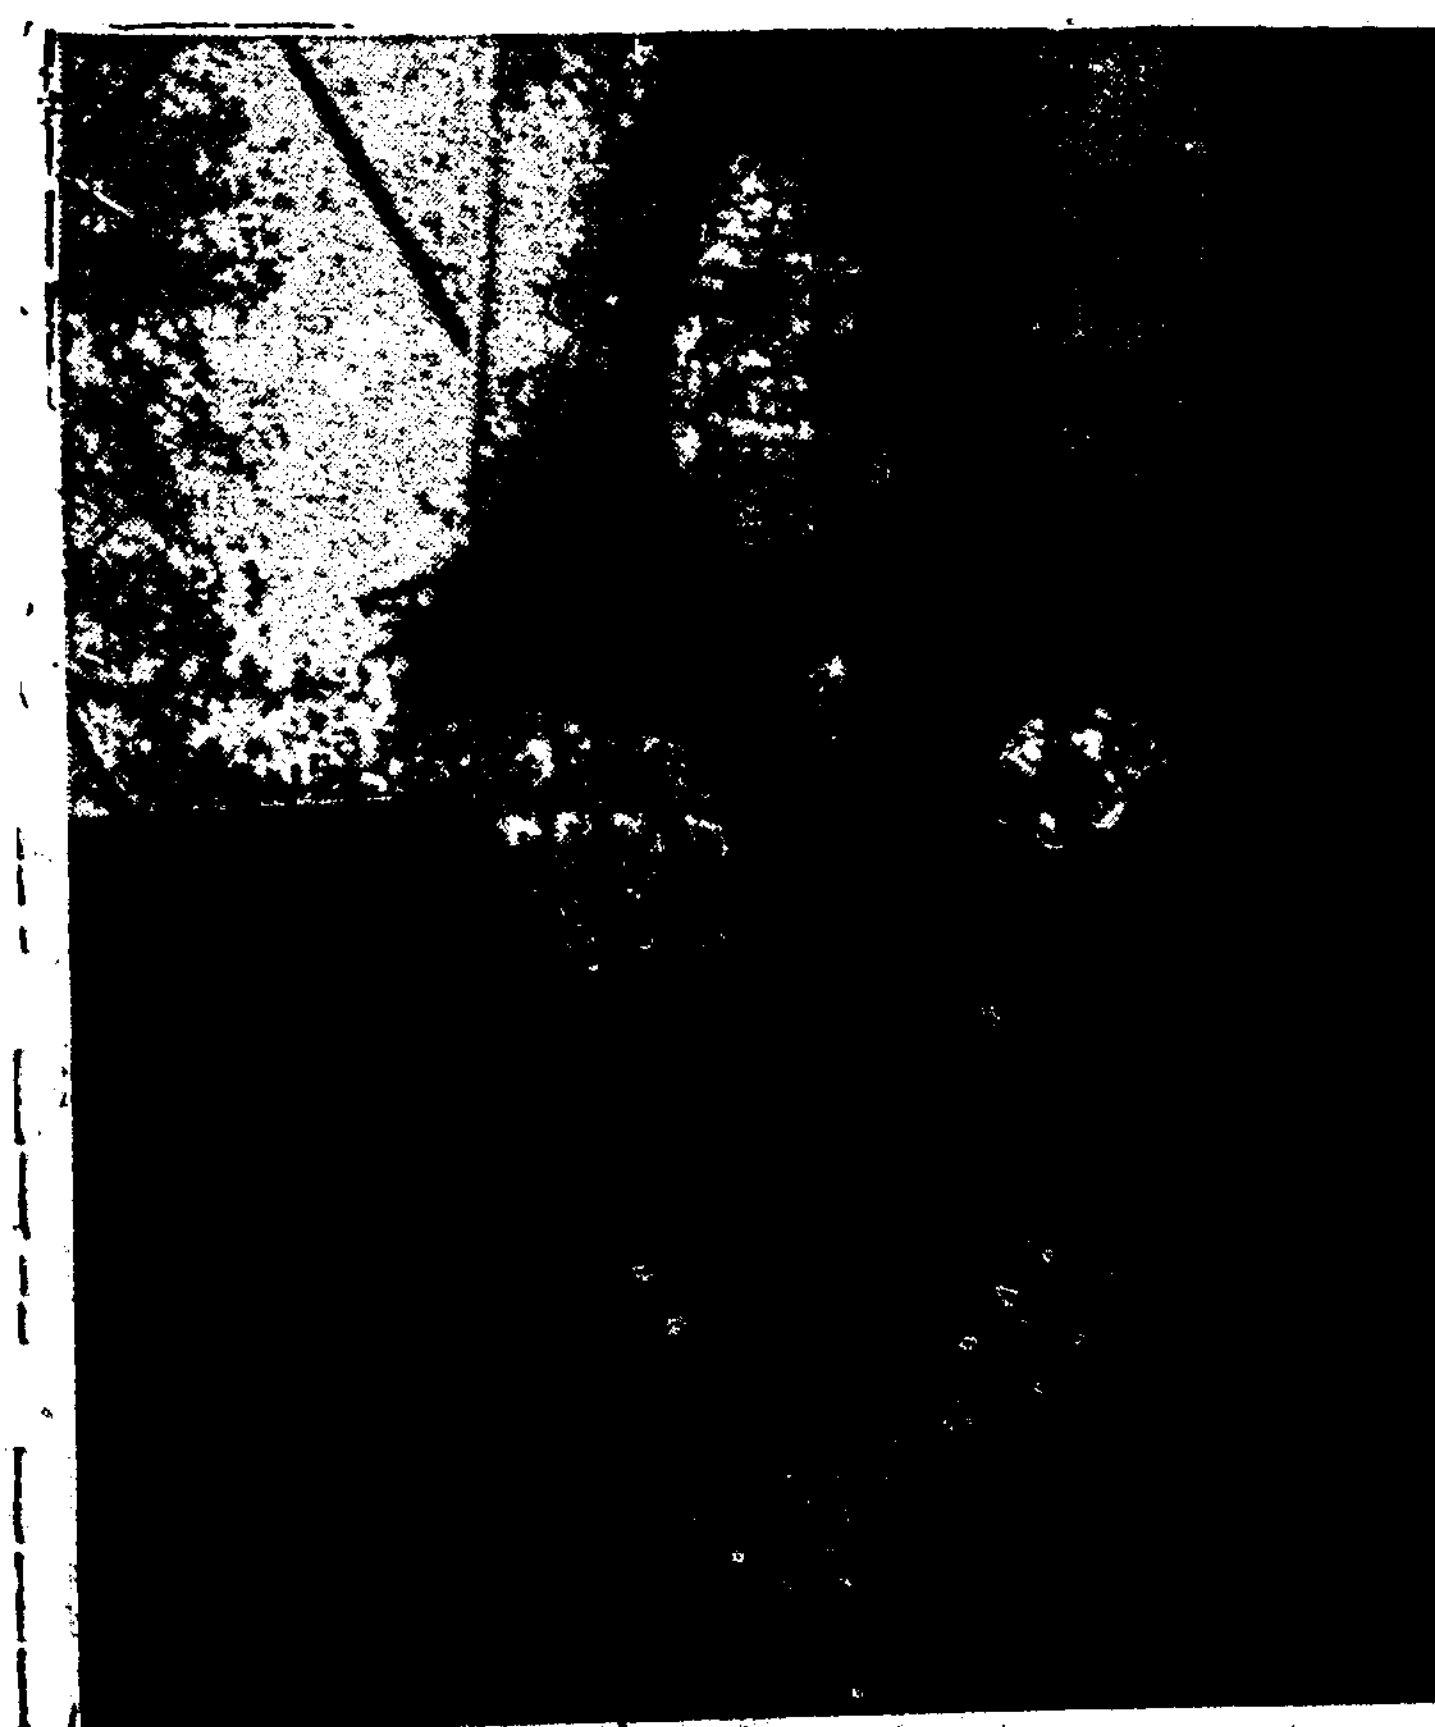

Mayor DiPaolo read a letter from Community Public Service stating that power bills for Den-

ton Arena for over \$200 had not been paid and that a \$500 deposit would be required before the power would be turned on again. DiPaolo also noted that the Horseman's Association also owed the village about \$400 for use of the field. The matter was tabled for further investigation but it was noted that no use of the field would be allowed until bills were paid.

DiPaolo signed a proclamation, following approval of the council, welcoming visitors for the Aspenade Motorcycle Rally.

The next regular meeting of the board will be held September 23, 8:00 p.m. in the village hall. Meetings are open to the public.

Aspenade classifications set; official rules are announced

ASPENADE QUEEN Lisa Boyer is holding turquoise jewelry by Kiva Gifts, that will be awarded Sept. 28 as one of the highlights of that day's activities. Miss Boyer's hands point out the squash blossom necklace, the display masterpiece. Other items displayed include earrings and lady's bracelet and a man's watch bracelet and bolo tie. The collection is valued at \$1,635. (Ruidoso News Photo)

Classifications for the upcoming Aspenade Parade have been announced for entries in the event and a total of 16 trophies will be given for winners. The classifications are: Bands, first place only for 5 categories; first and second places for the categories of Commercial, Individual, Organization, Bicycles, and Shrine Club. The sweepstake winner will be chosen from the entire field.

Bands will be classified as follows: AA, high school, 500 or more students, grades 9 to 12; A, high school, 499 or less, grades 8 to 12; AB, mid-high; B, junior high, 500 students or more; C, junior high, 499 or less.

Last day for entering the parade will be September 20 at 5:00 p.m., with no entry fees to be charged.

The parade is slated to begin at 11 a.m. on September 28 and judging of the floats will be held prior to the parade at 10 a.m.

It was noted that the Security Bank parking lot would be available for parking floats following the parade. A barbecue will be held in the Schoolhouse Park and presentation of trophies will be made at that time, just after the parade.

Five pieces of Indian jewelry, valued at \$1,635, will be given away at a drawing held at the barbecue. The prize consists of a squash blossom, bracelet, earrings, bolo and watch band.

Official rules of the parade are as follows:

Theme for the parade will be "Autumn Gold Rush".

Each entry must have floral, foliage or paper decorations arranged in an attractive manner, except that undecorated vehicles of an unusual nature will be permitted to parade. Banners and placards alone will not be considered to be decorations. Antique cars are welcome.

Any motor scooter, go-cart or motorcycle entries will be regis-

tered and decorated.

There shall be no offensive noise emitting from or produced by any float or entry.

All vehicles used in the parade shall be in good mechanical condition.

Each float entry will be inspected for fire and health hazard before the parade begins. No decorative material may touch the exhaust system. Exhaust systems shall be extended to a point outside the float.

Police, fire and other service vehicles needed for parade and crowd safety control shall be exempt from these rules.

Spacing during the parade is very important. Please keep distance assigned to you at all times.

No participant will be permitted in the parade that will hold up the parade's normal movement.

There will not be a fee for entering floats or vehicles in the parade. However, all entries must be registered and the deadline for registration is 5:00 p.m., Friday, Sept. 20, 1974. Vehicles and floats not registered by that time will not be permitted in the parade.

Entry registration shall be made at the Chamber of Commerce office either by telephone or in person. Entry information shall include an estimate of overall length. All entries listed in the official parade are subject to the approval of the parade committee.

Every decorated bicycle at the assembly area at official judging time will be entered and judged. All bicycles will be registered at the Chamber of Commerce office.

Assembly areas for the parade will be announced at a later date.

All entries will park at assigned numbered spaces. Judging will be by out-of-town judges using the following point system for floats:

Theme — 50 points; Work-

manship — 25 points.

Float entries will be judged at 10:00 a.m. at the assembly area and again in the parade.

Bicycles will be judged at 10:30 a.m. at their assembly area.

Mounted groups will be judged as they pass the reviewing stand which will be located at the Billy The Kid.

The parade route will be east on Sudderth Drive to El Paso Road. Band buses are to park on the right-hand side of El Paso Road to pick up the bands.

As quickly as possible after deadline entry, placing in the parade will be assigned. Each entry will be designated a spot in a division of the parade. Floats will be required to display their position number on the right front side of the float. The parade committee shall rule in all interpretations and questions of these rules. Their ruling will be final.

Aspenade Parade Committee

Frank Sayner, Chmn.

Oak Grove is closed by Forest Service

Mr. Fritz Menninghaus, District Ranger of the Smokey Bear Ranger District, Lincoln National Forest, has announced the closing of the Oak Grove Campground.

This campground, which is located on the road to the ski area, will be closed for the remainder of the current tourist season.

Low use by visitors coupled with high maintenance and clean up costs has contributed to the decision to close the area.

Forest visitors are encouraged to visit the other campgrounds in the area.

Mr. Menninghaus also said the campground may be opened during the upcoming big game season if hunter pressure is strong in this area.

AT

THE ARTISAN'S SHOP

Mrs. Paul Gaffney II

Her mother, Patricia Dawson, of El Paso, Texas, wore a yellow, crepe, floor length gown.

The best man was Lt. James A. Dare Jr., USN; and Tom Dawson and Ennis Roberts were ushers.

The bride's mother wore a floor length, deep rose, knit dress, trimmed with seed pearls. Her shoes were beige; and she

carried a gold mesh purse.

The groom's mother wore a pale green knit, floor length dress with matching shoes and purse.

Both mothers wore corsages of carnations.

Following the ceremony, a reception was held in the Gold Room of the Holiday House with forty people attending. The bride's table was spread with a white silk cloth with yellow liner; with a centerpiece of white gladiolus, yellow rosebuds, three yellow tapers, with miniature bouquets of yellow roses, white gladiolus and carnations.

Out-of-town guests were: Mr. and Mrs. Frank Brimley, of Hammond, Ind.; Mr. and Mrs. John Vogler, of Mt. Zion, Ill.; Mr. and Mrs. Don Schmal, of Lansing, Ill.; Coach Al Cantillo, of Annapolis; and Ricky Gaffney, of Boston; Mr. and Mrs. Benson, of Portales; and June Woods, of Rogers, N. M.

The groom received a B. S. at the U. S. Naval Academy in 1968, an M. S. in Ocean Engineering at the Catholic University of America; and is oceanographer at U. S. Fleet Weather Central, Rota, Spain.

The bride received a B. S. at Eastern New Mexico University; and has been teaching in Morocco.

The Gaffneys took their wedding trip en route to Spain, where they will be at home in Rota.

Linda Lou Myers

Lt. Paul Gaffney III

Married Sept. 7

Miss Linda Lou Myers, daughter of Mr. and Mrs. Miles A. Myers, of Ruidoso, and Lt. Paul G. Gaffney II, USN, son of Mr. and Mrs. Paul G. Gaffney of Springfield, Va., were married Saturday, Sept. 7, at 10:30 a.m. in St. Eleanor's Catholic Church, with Father Flavio Santillanes officiating.

The church was decorated with two large pedestal baskets filled with yellow roses and white gladiolus. Lyndy Samuelson played traditional wedding music.

The bride, given in marriage by her father, wore a Victorian style, floor length, eyelet dress, with a shoulder length veil fastened to her hair with a wreath of fresh, yellow rosebuds. She carried a bouquet of gardenias.

were a six pence in her shoe for something old, carried a hand-made wedding handkerchief of seed pearls for something new and a rosary, blessed by Pope Paul, for something borrowed. She also wore a blue garter.

Her mother of honor, Patricia Dawson, of El Paso, Texas, wore a yellow, crepe, floor length gown.

The best man was Lt. James A. Dare Jr., USN; and Tom Dawson and Ennis Roberts were ushers.

The bride's mother wore a floor length, deep rose, knit dress, trimmed with seed pearls. Her shoes were beige; and she

carried a gold mesh purse.

The groom's mother wore a pale green knit, floor length dress with matching shoes and purse.

The bride received a B. S. at Eastern New Mexico University; and has been teaching in Morocco.

The Gaffneys took their wedding trip en route to Spain, where they will be at home in Rota.

Baha'is observe World Peace Day Sunday, Sept. 15

Members of the Ruidoso Baha'i community will gather Sunday, Sept. 15 to observe World Peace Day. Inaugurated by the National Spiritual Assembly of the Baha'is of the United States in 1959, World Peace Day is commemorated annually by the Baha'i community to emphasize America's responsibility and destiny to raise the standard of world peace.

Baha'is believe that the United States will play an important role in bringing about world peace and unity, which is so desperately needed today. Ever since the middle of the last century when Baha'u'llah, the Founder of the Baha'i Faith stated that, "The well-being of mankind, its peace and security, are unattainable unless and until its unity is firmly established," the Baha'is have been working toward that goal.

Baha'is maintain that all the peoples and nations of the world are interdependent, thus social, racial, political and economic conflicts can only be resolved by the application of a world view. The fundamental doctrine upon which world peace must be based is the unity of mankind.

Baha'is teach that the prejudices which cause such conflict are "subversive of the foundation of human society, all lead to bloodshed, all heap ruin on mankind. So long as these remain, the dread of war will continue."

Other Baha'i principles which support this doctrine include the equality of men and women, the progressive revelation and unity of religion, the need for a universal auxiliary language, universal education, and the basic harmony between science and religion.

Anyone wishing to come and discuss these principles of unity is welcome to join the Baha'is of Ruidoso between 2:00 p.m. and 4:00 p.m. For directions call 257-4792.

Baha'is maintain that all the peoples and nations of the world are interdependent, thus social, racial, political and economic conflicts can only be resolved by the application of a world view. The fundamental doctrine upon which world peace must be based is the unity of mankind.

Baha'is teach that the prejudices which cause such conflict are "subversive of the foundation of human society, all lead to bloodshed, all heap ruin on mankind. So long as these remain, the dread of war will continue."

Other Baha'i principles which support this doctrine include the equality of men and women, the progressive revelation and unity of religion, the need for a universal auxiliary language, universal education, and the basic harmony between science and religion.

Anyone wishing to come and discuss these principles of unity is welcome to join the Baha'is of Ruidoso between 2:00 p.m. and 4:00 p.m. For directions call 257-4792.

Capitan News

by Mrs. June House
The Tigers of Capitan ran wild Friday night as they rolled over the Corona Cardinals by the score of 71-0. As a result of that score the Tigers have now scored 71 more points than they scored in the first three games last season.

Starting offensively for the Tigers at the end positions were Kirk Phillips and Wayne Ware. Tackles were Ricky Richardson and Benjie Trujillo. Guards were Richard Phillips and John Lucero. The center was John Taylor. In the wishbone backfield for the Tigers were Kenny Cummins at quarterback, and the "M" boys: Mike Renfro and Mike Beltran at the halfback positions and Frankie Montoya at fullback.

Corona received the opening kickoff but fumbled on their first series of downs. Capitan recovered and it didn't take the Tigers long to get on the scoreboard. Mike Renfro got loose on about a 30-yard run to the end zone for the first of his five touchdowns. Frankie Montoya ran in the two-point conversion.

The Tigers scored again soon after receiving a punt from the Cardinals. This time it was Renfro on a 20-yard run through the right side of the line. He broke a tackle at the line of scrimmage and was not hindered after that. The conversion attempt failed.

Again Corona punted to the Tigers after they could not get a drive going. Montoya took the punt at his own 46-yard line, went down his right sideline all the way to the end zone; but, illegal blocking on a punt nullified the fine return. This penalty is new this season and is for blocking below the waist on a punt or kick-off.

The penalty didn't stop the Tigers. Mike Beltran carried the ball to the Corona 37 yard line. Then quarterback Cummins hit Ware with a pass on the 5-yard line. Except for losing his stride Ware would have gone all the way. Instead he was tackled at the 2-yard line. On the next play Montoya went through the middle for the TD. The PAT was good on a kick by Beltran, the first of seven he was to make that night. This ended the first quarter scoring with the score 21-0.

Early in the second quarter, Montoya picked off a Corona pass on about the Corona 3-yard line and waltzed into the end zone. The PAT was good on a kick by Beltran and the score was 28-0.

Capitan's next score came on a 33-yard run by the quarterback, Kenny Cummins. The PAT was again kicked by Beltran.

The next TD was set up by a blocked punt. Pat Griego fell on the ball on the 5-yard line. From there Renfro carried it over the next play. The PAT was kicked by Beltran. The halftime score was then 42-0.

Corona opened the half by kicking off to Capitan. The Tigers marched down the field with Montoya making most of the yardage on the way. The last 12 yards to the end zone were made by Cummins on a QB keeper around his right side. Beltran once again kicked the PAT.

The next score for Capitan came on a 17-yard pass from freshman quarterback Robbie Richardson to Renfro. The PAT was kicked by Beltran.

The next TD was a 53-yard run by Renfro. He took the pitch from the QB, went around his left end and picked his way through the Corona secondary to the end zone. The conversion was scored by Beltran who picked up the ball on a bounce and ran it into the end zone for 2 points. The third quarter score was 64-0.

The last TD of the game was made by Robbie Richardson on a 2-yard quarterback keeper around his left side of the line. The PAT was kicked by Beltran bringing the score to 71-0.

The Tigers had close to 500 yards rushing as each starting back had 100 or more rushing yardage. Even guard Ricky Phillips picked up some yardage as he saw action at fullback.

Coach Randy Lykins began substituting in the second quarter but it was not enough to keep the score down. All the boys eligible to play saw some action during the game. They included Matt Larson, David Hightower, Bert Shreengost and David Cummins.

Receiving the raves from the sidelines was Mike Beltran as he kicked seven of seven extra point attempts.

In summary, the Tigers scored 10 touchdowns: 5 by Renfro, 2 by Montoya, 2 by K. Cummins, and 1 by Robbie Richardson.

This week the Tigers travel to Alamogordo to tangle with the Alamo Sophomore Team. This game will be much tougher for the Tigers. Alamo has won the contest these past two years. If the Tigers can keep their feet on the ground after this lopsided win, they might survive the encounter. Good luck, Tigers!

Council representative responsibilities told

The Student Council amplifies the voice of the students for all to hear.

A good student council representative will convey the ideas and needs of his respective class to the organization so these ideas can be used and acted upon for the good of the student.

He should report regularly to his class, the minutes of the Student Council meetings. He must maintain a "C" average and conduct himself as a leader.

Elections for '74-75 were held Sept. 11-12 during class meetings.

Senior pictures taken

Senior pictures were made Monday and Tuesday, Sept. 9 and 10.

The pictures were made by Marquise Studio of Enid, Okla., who have made the senior pictures for the past several years. Eight to 10 poses were taken of each student. The proofs should be sent to the students late in

New Mexico, later transferring to Eastern New Mexico where he received his degree.

A native of Carlsbad, he taught in Albuquerque for two years, before moving to Ruidoso with his wife and two children.

Eddie Parker, a new teacher at Ruidoso High School, teaches Distributive Education, Co-op, D. E. Prep., and is also a coordinator for the D. E. students.

Mr. Parker, formerly from Portales, is 32 years old. He and his wife, Donna, have two children, Sean, 5, and Jennifer, 1½, and have been in Ruidoso for about two weeks.

He attended Portales High School, and attended Eastern New Mexico University, and has taught in Artesia and Barstow, Calif.

Before coming to Ruidoso, Parker was manager of Turner's Department Store in Portales. His hobbies are recording, tennis and skiing.

Distributive Ed Club

The newly elected officers for the RHS Distributive Education Clubs of America for 1974-75 are: President, Cem McClellan; Vice President, Mike Seelbach; Secretary - Treasurer, Mary Ward; Co-historians, Mary Scrivner and Tina Miller; Reporter, Mike Janzen; Parliamentarian,

FLOWER ARRANGEMENT DONATED — Al Rose, president and manager of Ruidoso Downs Race Track, donated this floral arrangement that was purchased at the All-American Florist to the Ruidoso High

School home economics class. Shown with the arrangement are, left to right, Tammy Tadlock, Tana Locke, and Cheryl Durham. (Ruidoso News Photo)

Dean Rue, and Student Council, Tammy Tadlock.

The installation of officers will be Monday, Sept. 16 at the high school. The guest speaker will be Dub Williams.

WARRIOR MAJORETTES—These four young ladies will be performing with the Warrior Band this year after completing a one week twirling camp at ENMU this summer. The girls are, left to right, drum major Tammy DiPaolo, and majorettes Cindy Mound, Paula Ethridge and Julie McBride (Ruidoso News Photo)

5 new teachers

The R. H. S. faculty includes five new teachers for the 1974-75 school year.

Four are replacements, and one is a new position making a total of 29 on the teaching staff.

The new Health Occupations teacher and School Nurse for this school year is Mrs. Dixie Wilson.

Mrs. Wilson was born and raised in the Ruidoso area and graduated from Ruidoso High School in 1956. She is the daughter of Jesse and Babe Evans.

Mrs. Wilson attended Baylor University in Waco, Texas, for five years. She worked Pediatric in Penacola, Fla., for eight years and in the Ruidoso Honda Valley Hospital this past summer.

Mrs. Wilson has two children, Evan, 3, and Gabe, 6. Both attend White Mountain Elementary School.

Barry Nelson is a new addition to the RHS coaching family. Barry was a Ruidoso High School graduate of 1970. During his senior year at Ruidoso High, Coach Nelson earned the Most Valuable Back and the Greatest Warrior Award. He also was a three year letterman in basketball.

Aside from coaching football (offensive and defensive backs), Coach Nelson will take on the responsibilities of Junior Varsity Basketball, short distance running in track and he is the Physical Education instructor.

Coach Nelson expects a very successful sports program for RHS and will do everything possible to make it just that kind of year.

Bill Streeter is conducting the seventh grade Science and Earth Science classes this year at Ruidoso High School.

Mr. Streeter graduated from Adams State College, in Alamosa, Colo., in 1972. He is married and has three children.

Before coming to Ruidoso, Mr. Streeter lived in Mexico for seven months, as a salesman for the Hilton Hotel.

Previously, he had an interesting job in Key Largo, Fla. He trained six dolphins, teaching them to distinguish the difference between colors, pick things off the ocean floor, sound study, and thirty-two different behaviors.

Jim Hickerson is now teaching four sections of eighth grade social studies, one section of world history, and another of government.

Mr. Hickerson first attended college at the University of

Ruidoso Downs Baptist Church will be formally dedicated Sunday

The formal dedication of the new sanctuary and educational complex of Ruidoso Downs Baptist Church will be observed with all-day services Sunday, the Rev. Elvis Worden, pastor, has announced.

Former local pastor the Rev. Orvil See, now serving the Mountainair First Baptist Church, will deliver the dedication at the 11 a.m. service. Dinner will be served in the church fellowship hall following this service.

In a 1:30 p.m. service, former local pastors will participate in the dedication. The 5,400 square foot structure replaces the church, an area landmark for nearly 28 years, that was destroyed in an April 5, 1973, fire.

Construction on the new contemporary designed church complex, which has a 300 seating capacity in the sanctuary, nursery facilities and a complete sound system, began less than three months after the former church building was destroyed. The church met in the Ruidoso Downs Municipal Building while the new structure was under construction.

The church has a total membership in excess of 300 and according to one of the church officers, "We have had 92 new

members join since we moved into our new church building last November."

Mrs. Warren Carpenter, Ruidoso Downs, is reportedly the only resident charter member of the church. She stated that the church was organized in a residence in 1946 and located across the street from the present church location.

Mrs. Carpenter said, "When we moved into what was then our new church building we held our services in what I guess you would call a shell of the building. We didn't have any windows or even a floor, just dirt, until we could afford to pay for the completion of the building."

The Rev. Mr. Worden stated that a special invitation is extended to all former members of the church and all area residents to attend all of the special activities Sunday.

School Score

R. H. S. has met the need for more class space this year by adding a class period with an additional class for each high school teacher. Students are still required to take only 6 classes in the 7 period day.

Increase in enrollment at the high school has continued through new students and more 7th grade students than 12th grade graduates each year.

Ruidoso High School registration for the 1974-75 school year was held in the gym Sept. 3.

Registration for 323 students and 62 classes was run like a college registration. Seniors had first choice over classes offered to other students. Student schedules were required to be checked and signed by each teacher for enrollment in classes. Then they were typed in duplicate for students and the school office.

Lockers were assigned and Student Council handbooks distributed at this time.

The new '74-75 student handbook made by the student council is a folder for school with various rules from dress to graduation requirements. On the back of the folder is the Warrior fight song.

Girls interested in FFA were entertained by a Pot Luck Dinner on Tuesday evening in the Home Economics Department.

Junior Racers slate registration meet

All Junior Racers and parents will meet Monday, Sept. 16 at 7:30 p.m. at the Ruidoso State Bank Conference Room to get members of the racers registered for the 1974-75 ski season. The club will have two full time coaches this year. They will be Charles Adams, who has raced since he was 11 years old, coached at Colorado College, and spent some time on the pro circuit; and Paul Southwick, who was with the club last year.

The club will have four former racers in college this year with either a full or part scholarship in skiing. Anyone wishing to have their children in the program should contact Al Pearson at the bus depot or L. Ray Nunley at Nunley Drug.

R. H. S. adds new classes

The three new classes at RUIS this year include Economics, Government and Business Law. Economics, which is being taught by Mr. Williams, deals with how people and nations earn and spend their money.

Government is being taught by a new teacher, Mr. Hickerson. This deals with the history and consumer aspects of government and comparison of governments with ours.

Coach Howell is teaching business law. This deals with all aspects of business; insurance, wills, deeds, contracts, warranties, guarantees and banking.

For the first time the seventh and eighth graders have a choice of classes for one period each.

Seventh graders have a choice between industrial arts and fine arts. Industrial arts is a semester woodworking and one electricity. Fine arts is one semester art and one choir.

Eighth graders get to choose from four classes. They include speech and drama, construction, Spanish and literature.

Student Council begins new year

Early activities of the Student Council began last week as new officers for the 1974-75 school year assumed duties.

At the helm is President Sonny Rool, who plays fullback for the Warrior football team. Vice-president Kelly Perryman is active in football, basketball and golf. Matt Gooch is the Student Council Business Manager. He plays football and golf for Ruidoso High.

These officers visited each class to list the requirements of being in Student Council. Grades 7-10 each elected two representatives while the junior and senior classes have three each.

Times and dates of Student Council meetings for the coming year will be decided upon soon. Future projects planned for Student Council include painting the "R" and making up a new school constitution.

Republican precinct meet Tues. at Hondo

There will be a meeting of Precincts 16 and 17 (San Patricio and Hondo) at Gonzales' Hondo Cafe Tuesday night, Sept. 17, at 7:00 p.m. Elmo Brady is Chairman of Precinct 17 and Ben Sanchez is chairman of 16.

Republican candidates will be at the meeting.

DALE CARNEGIE COURSE

Classes are now forming for the Ruidoso Jaycees sponsored Dale Carnegie Course. It has been noted that several of the community's leading citizens have already enrolled for the course.

Further information on entering may be obtained from any member of the Ruidoso Jaycees.

MRS. B

By CECILIA BARRON

Excerpts from Milk and Honey

These were the days when times were getting a little harder each year — the wind blowing stronger and farther between rains. Oh, it had always been dry and windy, but the prairie was plowed up; and no one knew just how dry it was until they had lived through it. The people of today are seeing the great mistake of plowing up all the prairie and are using every practice and precaution to conserve the soil. The government is paying the people to re-seed their land and get it back to grass.

Father found hands to help him but they were mostly the drifting kind and wanted to move on; either to the oil fields, where the pay was better or go farther west.

I remember one of the last hired hands father had. It seems he had been everywhere and his tales were very interesting to us children. He said he always carried an onion in his pocket; and before he entered a door he took a bite of it to ward off diseases.

He told of a place called Easter Island. I think it is about 2,000 miles west of Chile; populated with natives who had the lobes of their ears pulled down to their shoulders, just like more than 500 images, carved from lava, scattered over the island. They also had stone houses with pictures carved on all the walls. He said he became ill while there (how he got there is a mystery) and one of the natives gave him a medicine called Kino, which made him well so quick, he flew all the way to Killmanjaro. Father winked and said, "You must have forgotten your onion. I think we had better go round up the cattle before they fly away or turn purple."

This hired hand also told of being in some fantastic place; going home one night, he heard footsteps behind him. As it was

opening of his Belen campaign headquarters and a reception at Belen. Sen. Chavez predicted Apodaca will carry Valencia County by a big margin Nov. 5.

At Tucumcari Sken said he strongly opposes unconditional amnesty for Vietnam draft evaders and resisters. But the Republican governor candidate said he supports President Gerald Ford's recommendation for an earned amnesty.

Campaigning in Sandoval County, Sken told 50 at a Jemez Springs luncheon the state should give communities a more flexible way to finance their projects. He called for more local control in all government.

Sken also said: "Since education is funded from the state level, interest in the school system is moved away from the family unit." In education, he said, "We need marketable skills."

At Belen U. S. Rep. Harold Runnels, Lovington Democrat, said Republican Gerald Ford's performance since he became president "has been real fine."

Runnels seeks a third House term. His opponent is Portales Republican Don Truby, 34, an Eastern New Mexico University professor.

Runnels said he campaigned in 17 of the 18 counties in U. S. House District 2 during a recess that ended Wednesday. McKinley County was the exception. Runnels is heavily favored over Truby.

State GOP Chairman Murray Ryan said he was very pleased with selection of Mrs. Mary Louise Smith as new national Republican chairman. Mrs. Smith was vice chairman of the GOP national committee. A state representative, Ryan represents a Sierra-Grant Counties district.

He noted Mrs. Smith is familiar with national GOP committee policies and programs with an election campaign well under way.

pitch dark, he could see no one. He quickened his steps — the footsteps also came faster until both man and steps were running. When he arrived home he rushed in, locked the door, lit the lamp, and sat down to get his breath. When he looked up at the window, there was a face peering in at him. He kept staring at the face, saying, "Where have I seen that man?" Soon the man went away, but he was so disturbed, he slept very little that night — thinking, all the time he had seen the man somewhere.

The next morning he arose and went about the business of getting dressed; and when he looked in the mirror to shave, there was the same man staring at him in the face. It came to him like a flash, that the man resembled himself. He was very puzzled.

Well, he went out and everywhere he went, he would look for the man. Several times he saw him in crowds, following him. He knew he might get him self in jail if he just jumped on the man, as there were always people around. So he just waited and every where he went the man seemed to pop up. He thought if he could catch the man alone sometime, it would be his chance. He found himself trying to avoid crowds; but could not get the chance to be alone with the man. Then he thought of the first time the man had followed him: it was late at night. So he just waited until night to go home.

Soon he heard the footsteps. He just could not think why he would be following him. He walked along and at the right turn in the road, he flung himself back on the man. They had a terrible fight, but the man pulled away and ran, leaving him with something in his hands. When he got back to his room, he had a wig and mask in his hand — they were very much like his own. Well, he packed up and left; never knowing what it was all about, my father merely put his tongue in his cheek and walked out of the room.

This hired hand was always using big words that meant

little to our small minds; such as: seeing a woman in her must not have had his mind as: seignor; or she talked 'smor-zando' and she was a 'guashie', gathering corn while he fought like 'Tuatha'.

Inside the Capital

By FRED BUCKLES

BELEN — Republican Joe Sken holds a current lead in 9 U. S. House District 2 counties in the governor's race, Democrat Jerry Apodaca is ahead in 7 counties and 2 are a toss-up.

This is the apparent lineup in the governor contest in 18 county U. S. House District 2 with 54 campaign days before the general election Nov. 5. The district voter registration is Democratic 3-1 but the actual vote is often independent.

Former Sen. Joe Sken of Pecos, Lincoln County, appears to be leading in these counties at present: Lea, Roosevelt, Curry, Luna, Catron, DeBaca, Chaves, San Juan and Lincoln.

Sen. Jerry Apodaca, Las Cruces businessman, seems to be ahead of Sken in Hidalgo, Grant, Socorro, McKinley, Valencia, Otero and Dona Ana, Jerry's home county.

Eddy and Sierra Counties are undecided currently. Big Bernalillo County may hold the key to the governor election. Bernalillo County is in District 1.

At Clovis Friday Sen. Apodaca talked with 50 voters during his weekly open office hours. Among topics were state gross receipts tax exemptions, the New Mexico usury law and students on state universities' boards of regents.

Curry County GOP Chairman Howard Williamson of Clovis predicted Sken and his running mate, Rep. Virgil Rhodes of Albuquerque, the GOP lieutenant governor candidate, will carry Curry.

Clovis grain elevator operator Troy Monroe accompanied Apodaca in Curry County campaigning. In State House races Rep. John Hays Jr., D-Clovis, is favored to win a second term against Mrs. Anna L. Thomas,

Clovis Republican, in District 65.

Rep. Hoyt Pattison, R-Curry-Lea-Roosevelt, is opposed for a seventh House term. Pattison is a prospect for House majority leader in 1975-76. Hoyt may boost Sken's chances in the area.

Curry County Democratic brass talked with Sen. Apodaca during his weekly open office hours. But some Clovis area Democrats are pushing ex-Sen. Sken in the governor race.

Apodaca also campaigned in Tucumcari. He greeted voters at a Tucumcari restaurant and talked with Quay County Democratic Chairman Lawrence Ingram. Apodaca also toured the Quay County Fair.

But Curry and Quay County Democrats talk about reducing Sken's margin instead of carrying the counties in the general election.

At Belen Sen. Apodaca told 65 at a Valencia County Democratic Party luncheon at a restaurant a maximum voter registration and get-out-the-vote effort is needed.

Sen. Apodaca said "Never in New Mexico political history have the people had such a clear choice between a Democrat and a Republican," Apodaca said of Sken: "I'm a progressive candidate and he's negative. In the 10 years he was in the Senate he did a very good job of voting no on most New Mexico issues."

Senate Majority Leader Tibo Chavez of Belen warmly endorsed Sen. Apodaca at Belen. Chavez was second to Jerry in the 6-man Democratic governor primary. State Racing Commissioner Herman Tabet of Belen greeted Apodaca at Mid-Valley Airport. Tabet was Albuquerquean Drew Cloud's campaign finance chairman in the Democratic governor primary race.

Rep. Richard Carbajal, D-Belen, was luncheon master of ceremonies at Belen. Rep. Carbajal is chairman of the legislative University Study Committee studying cost differentials between undergraduate and graduate programs at state universities. The USC met Monday in Albuquerque with state universities' presidents on the subject. The meeting was set on a motion by Sen. Kenneth Schlichtz, R-Quay-Curry.

Sen. Apodaca rode a horse in the Valencia County fair parade. Apodaca also attended the

Coe-Curry Chapter 23, Ruidoso, of Disabled American Veterans
holds regular meeting on the first Tuesday of each month at 7:30 p.m. in the American Legion Hall, Ruidoso.

THE PICTURE OF HEALTH

Cerebral Palsy (CP) is not pretty. No matter how you view it, you wouldn't like it, and you wouldn't like your child to have it.

But, approximately 750,000 people in the United States do have it and have learned to live with it. Of this number, about one-third are adolescents and adults. The rest are children, making cerebral palsy this nation's number one child crippler.

One half of CP victims have speech defects. Twenty percent have a hearing problem. One-third have visual disorders, and two-thirds of all its victims suffer some form of mental retardation. This means that 25,000 children are born each year who may not be able to walk, to talk, to see, to hear, to move, to learn, or possibly to do any combination of the above.

Cerebral Palsy is a group of medical conditions characterized by impaired or faulty functioning of nerves and muscles. It is caused by damage to the part of the brain which controls and coordinates muscle action. The damage usually occurs before birth, but may happen during the birth process or as a result of an injury or disease after birth.

There is no sure way to tell who will get CP and who will not. It is not inherited and it is not contagious. But, there are some things parents should be aware of.

Premature birth frequently occurs with many forms of mental retardation and Cerebral Palsy is no exception. The expectant mother who smokes, who abuses or misuses drugs, or who does not eat balanced meals is courting trouble.

Poor general health seems to contribute to CP. The infectious disease, German measles, during early pregnancy may result in CP in the unborn child. But, these causes are easily avoided by the practice of good health habits and German measles immunizations received before the pregnancy occurs.

One leading cause of cerebral palsy was the conflict of the mother's blood type with the baby's blood type, which was inherited from the father. However, routine blood tests for these factors have made it possible to transfuse the baby's blood at birth and prevent any danger of CP that may have existed.

Such things as x-rays and eating lead paint during pregnancy are equally dangerous and need we say it... equally avoidable.

CP may occur to a healthy baby during the birth process, although modern medical practices have almost completely eliminated the chance of this happening. If an injury such as from an accidental fall or if a serious infection or disease strikes a young baby, he may become cerebral palsied. This is one reason a baby should be taken to his physician or clinic when illness occurs... even with what appears to be a minor disease.

Protection against CP is possible through better care of the expectant mother and control of any diabetes, anemia, or high blood pressure she may have.

An ounce of prevention is worth a pound of cure, especially with cerebral palsy, because there is no cure. Fortunately, for many, there are alternatives to leading a crippled, fruitless life.

The medical world has a lot to offer. Physical, occupational, speech and hearing therapies; surgery; glasses; hearing aids, or braces; and drugs are all used to minimize the effects of CP. Speech and hearing devices are especially important to the young child because a defect in one of these facilities can delay learning. In some cases, the CP victim, through medicine and special education, can lead a completely normal life.

Special education from pre-nursery through vocational training, sometimes even college, can help the victim to become a productive and often self-supporting member of society.

Finally, supportive family and patient services help to aid the patient in his relationship to himself and to the rest of society. Such services counsel the family who must cope with this life-time problem.

Since these steps are most effective when begun early in the life of the patient, detection is of the utmost importance. A child who is tense or irritable, who has difficulty eating or who shows a really slow development of muscle coordination should be seen by a physician immediately. Routine physical exams are also important as many of the symptoms

The Family Lawyer

Nossey Nurse
Agatha, a registered nurse, believed in taking lots of initiative in her work. Among other things she meddled in the private affairs of patients, overruled medical instructions from doctors, and denounced doctors and patients to each other with fine abandon.

Finally, on the basis of repeated complaints, a state board revoked Agatha's license. She carried a protest into court, but the board's action was upheld.

Nursing, like the other healing arts, is usually subject to supervision by a state board set up to safeguard the public. Although regulations vary, they generally impose a high standard of conduct in keeping with a nurse's responsibilities.

But the courts also recognize that revocation of a nurse's license is a drastic punishment, not to be imposed lightly.

Thus: The night nurse in an obstetrics case, asked by the patient to call a doctor, decided it wasn't necessary. Was this adequate grounds, as alleged afterward, for revoking her license?

A court said no, pointing out that the patient 1) had gotten good care from the nurse, and 2) had not really needed the doctor after all. The complaint was too minor, said the court, to justify such a penalty on the nurse.

Of course, nurses, like doctors, may be held liable for malpractice — such as carelessly giving a patient the wrong medicine.

But there is no malpractice if there is no negligence. In another case, a woman patient who had fallen out of her hospital bed sued the nurse for failing to put up bed rails. However, there had been no instructions from the doctor about bed rails, nor any advance indications that they were needed. Finding no malpractice, the court said a nurse could not be held liable merely because something happened to go wrong.

Dan Swearingin set to speak for association meet

A former Roswell and Ruidoso man, Dan D. Swearingin of Albuquerque, will be a featured speaker at the 47th Anniversary Year convention of the League of Insured Savings and Loan Associations in New Mexico at Roswell Inn, Sept. 19.

League President Garry Owen of Roswell said Swearingin would address the first general session on September 19 on the subject "The Case of Savings and Loans versus The Appraisers."

Swearingin is a native New Mexican, having been born in Roswell, New Mexico. He has been in real estate for most of his life starting out in the cabin business in Ruidoso in 1937 at the age of 14. He owned and operated the Dan Dee Cabins from 1937 to 1954. Swearingin has managed his personal property over the years and developed and sold three subdivisions in Ruidoso, having been in the general insurance and real estate brokerage business here for some 16 years.

Swearingin holds the Society of Real Estate Appraisers designation of Senior Real Property Appraiser (SRPA) and the American Institute of Real Estate Appraisers designation of Member, Appraisal Institute (MAI). He appraises for lending institutions, attorneys, the New Mexico Highway Department and individuals, specializing in recent years in income producing properties and properties in controversy.

Owen said Swearingin would share speaking assignments with a top flight lineup of nationally known men from within and outside of the savings and loan business. The three-day Savings League convention in Roswell is expected to attract some 250 persons from New Mexico, Texas and other southwestern states, Owen said.

Bloom to host seminar for DA's at Cloudcroft

Twelfth Judicial District Attorney Norman Bloom will be hosting a seminar for all New Mexico District Attorneys and their staffs on Sept. 12-14, 1974. The session will be held at the Cloudcroft Lodge, Cloudcroft, New Mexico, and will include in-depth analyses of PRO-

NEW CHURCH OF CHRIST MINISTER
Arther Judd assumed his pastorate in Ruidoso Sunday. To the left, Mrs. Judd (Jean) and Jay, 9. The Judd's other children are Arther Jr., of Peepes; Ms. Dianna Crone of Santa Fe,

and Kim, a nursing student at WTSU, Canyon, Texas. The new minister came here via Childress, Texas and Abilene, Kans.

(Ruidoso News Photo)

County receives share of revenue from National Forest

Twenty New Mexico counties will share in \$1,243,392.80 representing their part of a record \$470 million earned by the National Forests of the United States during fiscal year 1974, the Forest Service, U. S. Department of Agriculture, announced.

Southwestern Regional Forester Wm. D. Hurst said counties

share in National Forest income according to the amount of National Forest acreage within their borders. The major sources, he said, are timber sales — commanding record prices last year — and grazing fees. Charges for land use permits and recreation concessions and mineral exploration fees add to the total.

By law, the county shares, distributed through the state treasurer's office, are earmarked for roads and schools. The county shares represent 25 percent of National Forest income. New Mexico counties received \$903,135.28 last year.

In addition to tangible products, the six National Forests all or partially in New Mexico provide much of the natural beauty and recreational opportunities that bring tourists to the state. Hurst said there are 9,081,531 acres of National Forest land in New Mexico. Lincoln County received for its 364,402 acres a total of \$47,261.

State tax refunds said undeliverable

The following is a list of New Mexico personal income tax refund checks which were found to be undeliverable by the Bureau of Revenue. Mailing address corrections to initiate forwarding of the refund checks should be in writing to the BUREAU OF REVENUE, REVENUE ACCOUNTING DIVISION, BATAAN MEMORIAL BUILDING, SANTA FE, NEW MEXICO 87503.

Virginia E. Armstrong, Box 610, Carrizozo, N. M. File No. 3193340.

Real Estate

BY KEN BUCKLEY

BUY OR SELL FIRST

Should you buy your new home or sell your present one first? This situation arises consistently when families move up into a larger home in the same general area. In this case, it makes sense to sell the present home first. The secret, however, is to sell the house under the conditions that the papers will be conveyed in, say, 90 to 120 days. This way, you avoid the possibility of owning two homes at the same time. True, it puts you in a position of being forced to buy another home, but this was your original intention any-

way. With a concerted effort, one should be able to buy the right property in the 90 or 120 days allotted.

Also, you avoid the possibility of panic-selling your original home (a good way to lose money), plus you'll know exactly how much money will be available for a down payment on the new house.

If there is anything we can do to help you in the field of real estate, please phone or drop in at BUCKLEY REAL ESTATE, Sudderth Drive, Ruidoso. Phone: 257-4432. We're here to help!

The American profit system offers many opportunities.

Failure, for one.

You've heard it. "In America, you can go as far as your ability and ambition will take you." However, they don't say in what direction.

Opportunity has its ups and downs.

That is the way it should be. It is the possibility of failure that makes success smell so sweet.

It is the consumer who really benefits from this fragrance. Because in most cases, it is he who

represents the opportunity. It is only by catering to his whims, satisfying his needs, meeting his price and winning him over that a business in the free enterprise system can be successful.

And, this offers a great opportunity for the consumer.

At the Ruidoso State Bank we want to make it our business to help your business.

Warriors Tromp Grizzlies In Opener

By FLANAGAN

Ruidoso's Warriors, staying on the ground most of the night, bombarded the Carrizozo Grizzlies for 52 points last Friday night in the opening game of the 1974 football season for both clubs.

Four different players figured in the scoring for Ruidoso with Danny Brown, fleet halfback of the Warriors, tacking on 20 points for the Ruidoso eleven with three touchdowns and a 2-point conversion.

On the first series of downs after receiving the opening kick-off, Coach Howell's charges failed to move the ball on their first three offensive plays from

scrimmage, due to a slick field and bad hand-offs. But after the initial series the Warriors settled down and ripped, the Grizzlies' defense for a total of 446 yards.

Danny Brown opened the scoring for the Tribe in the second quarter on a 34-yard dash after Ruidoso's defense held the Zozo team, forcing it to give up the ball via a punt.

Fullback Sonny Pool tacked on the second touchdown for the Warriors in the second quarter, banging his way in for the TD from six yards out.

Ruidoso took an 18-0 halftime lead into the locker room when Quarterback Colly Parks fired a strike to Clifton Neal who

did a nifty job of running, ducking and dodging to go 49 yards for the Warriors' third touchdown of the night.

The Warriors were shut out in the third quarter but came roaring back in the fourth stanza with three more touchdowns and 4 extra points.

Brown crossed the double stripe for two TD's in the fourth quarter on a beautifully executed 62-yard reverse after Parks handed the ball to David Stiles who in turn handed off to Brown as he raced into the end zone with a lot of help from the blocking he received. He showed his speed again when he out-distanced the Carrizozo defenders on an 82-yard jaunt

midway in the fourth quarter. Ruidoso scoring was divided among six players for the night's play with Brown leading the way with three TD's and an extra 2-point run. Quarterback Parks plunged over from a yard out and threw a touchdown strike to Clifton Neal with Sonny Pool getting his TD from the six yard line. Stiles and junior halfback Brown were on the receiving end of a Parks' pass to come out of the game with two points each on extra points.

Letters To The Editor

September 8, 1974
Richard Cothrun, Manager
Ruidoso Valley C of C
Ruidoso, New Mexico 88345
Dear Mr. Cothrun:

You and your family were certainly great hosts to all of our people coming to the All-American. My wife and Carole were ecstatic about the whole week as were the dealers.

Please pass along our sincere thanks to Dr. Beal and his wife and the others who helped make our people feel so welcome.

TWO EXTRA POINTS — A successful pass into the end zone was good for two extra points in Friday's football game at Warrior stadium. The pass was completed in the late part of the fourth quarter from Colly Parks to David Stiles.
(Ruidoso News Photo)

I'm sending a case of Carnation Hot Chocolate for the family to help warm their evenings in the Ruidoso winter.

Kindest personal regards,
Robert D. Moore
Albers Milling Company

September 8, 1974
Mr. Richard Cothrun, Manager
Ruidoso Valley C of C
Ruidoso, New Mexico 88345
Dear Mr. Cothrun:

On behalf of Carnation-Albers we would like to extend our sincere appreciation to you and the Ruidoso Valley Chamber of Commerce for the excellent time that we had in Ruidoso. The tours and your "Ambassadors" were just excellent. Please extend our thanks to your "Ambassadors". All of our company officials and guests were truly impressed with Ruidoso and its people. We can understand why it is the playground of the Southwest. If at any time we can be of assistance to you, please do not hesitate to call on us.

Best regards,
Albers Milling Company
Richard L. Cooper
General Sales Manager
Specialty Feeds Division

Sept. 6, 1974
Dear Dick:
Helen and I certainly enjoyed our week in Ruidoso, and want

to thank you again for going out of your way to be so nice to us. I believe that the visit to the ski run, through the aspen and spruce forests, was the highlight of the trip, and, of course, we enjoyed historic Lincoln County courthouse, the wonderful Mexican lunch — and the race. It was very exciting.

I am enclosing a clipping of my story in The Times. Hope that you like it, and that I did all right by your fair city. The des. trimmed it here and there — I guess I got too wordy — but it still gives the reader a pretty good idea of the race, the town and the people.

Again, my thanks for your help.
Helen joins me in sending all best wishes to you and your family.

STUPH & JUNK... by

Cale Dickey

Gerry-free...

President Gerald Ford is certainly exercising his prerogatives.

And in Ford, it appears, we have a man of decisive action... a man who doesn't postpone an opportunity to act... especially an act that might upset the apple carts of his political opponents.

Ex-president Richard Milhouse (Tricky Dicky) Nixon is the first recipient of Ford's benevolence... and amidst the hoopla pardoning RMN has raised, it seems as though most of the not-quite-top-dog Dems have their scatters in action. But... did they check their loads, to be sure if they were attempting to bag a sick mourning dove... or a foxy and venerable turkey tom?

And after this bit of generosity... and as to its being warranted, that is your opinion to form... it seems likely the more prudent of our big wheels in Washington, D. C., will count their eggs before they count their hatch.

As to terHorst... he was obviously looking for a job when he got the one he quit... and maybe this was merely the out he'd been looking for. So, who worries about what presidential press secretaries think?

Which leaves Ford's critics... exercising their prerogative

...and, like man, that means that sub-capes are spinning, like crazy, man. If a rider'd stub his toe in a hole left by a fellow racer, it'd like... would you believe... smart.

Water hole...

Things haven't as yet gotten down to the nitty-gritty on that big hole the village dads are considering digging out by Flume canyon... that hole that'll hold more'n one billion gallons of drippings from the snow in the hills.

Actually, the dam builder proposer says it'll back up 1,100 million gallons... which'd give Ruidoso, at present consumption rates, about three years supply... it'll never rain or snow... assuming it ever got filled... and maybe, then some.

But assuming it gets built... and gets filled... and all that water's out there... just waiting to be used... it'll be kinda nice knowing that your tap will always be full.

Sure, it's gonna cost a bundle... but when you take all those gallons... and figure how much your share of the total tap will be... and break that down into how much your pro-rated-per-gallon-share-cost is... like man, in these days of inflation... you can't hardly find bargains like that.

BRIEF BIT: Before you know it the only nuts in the pinon groves won't be those from the trees... CD.

Bookmobile Schedule

WEDNESDAY, Sept. 11-Oct.

NEW FIRST BAPTIST CHURCH MINISTER — The Rev. Ray Garnett, left, Bryan, 15, and Mrs. Garnett, "Snooky", pictured in the church following the Sunday morning service. Another son, James, is serving with the

Army in Oklahoma. Mr. Garnett came to Ruidoso after serving Abilene and Sonora, Texas, pastorates. They expect to occupy the parsonage about Sept. 22.

(Ruidoso News Photo)

County Agent's Column

By RALPH DUNLAP

Apples are at their flavorful best in the Hondo Valley now. An estimated 25,000 boxes will be available through the roadside stands in the area. This is about 10% of last year's crop of 250,000 boxes. The main varieties available are Golden Delicious, Jonathan and Red Delicious.

If you prefer a tart apple the Jonathan is for you. For a sweeter apple get the Golden Delicious. Both are used for pies as well as eating cut of hand. The Red Delicious apple is an excellent dessert apple and is preferred by many to eat out of hand.

When selecting apples, check for bruising. Bruises can lead to decay, and excessive bruising usually means that the apples were poorly handled. There is a minor amount of bruising all the time in handling as apples bruise easily.

Apples should appear bright and fresh looking. The green background color when seen on varieties that are not a solid red, should be a yellow-green. If the background color is a faded yellow-green, the apples may be over-mature, and will be soft and mealy with loss of flavor and juice.

In storing apples at home keep them cool. Whenever possible, refrigerate reserve supplies. Keep them in the hydrator in the polyethylene bag in which you buy them to maintain proper humidity and prevent absorption of food flavors.

RRD I received a crop condition report along with a crop estimate for the area. The grain production is estimated at 65 to 70% of last year in New Mexico as well as nationally. The New Mexico estimate is for 13 million bushels of grain sorghums for 1974; these were 19 million bushels for 1973.

Also shown was a history of acres of land damaged annually in the Great Plains. The average of about four million acres have been damaged each

year. The damage ranged from 16 million acres in 1954-55 to a little over a million in 1968-69 crop year. The damage this year is estimated at four million acres.

RRD

Very few calf or lamb contracts are being reported in this area. I noted one set of 425 pound Hereford calves sold at \$33 and \$36 for steer and heifer calves respectively for October delivery. Lambs in Montana and Wyoming area are bringing from \$28 to \$30 for late September and October delivery.

RRD

Spiders are helpful around the home and garden. Some scientists believe spiders are more important than birds because of the many insects they eat. Spiders are very abundant around your yard and garden. There may be many thousands around the average home. This may not be a very pleasant thought, but since they are active mostly at night, we are unaware of the large numbers which are present.

Almost all spiders are somewhat poisonous, but very few

are seriously so. In the last 250 years in the entire U. S. there have been fewer than 100 human fatalities caused by spiders. This includes many very old, very young, or unhealthy people, who were quite susceptible to arthropod venom. The number of deaths among healthy adults is extremely low.

As long as a spider is not handled roughly, it will not intentionally bite a person. They cannot see clearly beyond a few inches. As far as they are concerned, a human is a very large object to walk across, and is definitely not very edible.

And so, enjoy the beautiful design of the spider webs on your shrubs and garden plants. Thank these little creatures for the many insects they destroy. Let them control some of the pests which would otherwise damage your flowers and vegetables.

TOM JASPER, Broker — Res. Ph. 257-2446
Sudderth at Mechem — Box 795 — Ruidoso

GREAT REALTY INC. WESTERN

YEAR-ROUND ACCESS is exceptionally good to this 3-bedroom mountain home. Located in the growth area of Ruidoso among the pines. Has heated garage which may be converted into additional rooms. Priced realistically to sell.

3 BEDROOM, 1 1/2 bath home with all-electric kitchen is located on 40-acre tract with 1180 feet of frontage on Highway 37. Home features a 3-car carport. Come see this beautiful piece of property.

IF YOU LIKE GOLF you'll appreciate having a lot next to a fairway of the Alto Golf Course. It's level and includes full club membership. An exceptional 360 degree view. Ask us about this and other lots that are for sale.

EXPOSED CEILING BEAMS and a beautiful fireplace are special features of a fantastic den. 2-bedrooms, new-carpet, and built-in oven, range and refrigerator make this home a real honey.

PLENTY OF PRIVACY is afforded in this beautifully landscaped home in the pines. It has 3-bedrooms, 1 1/2-baths and has recently been redecorated. Both a well and city water make this offering unusual.

EASY HIGHWAY ACCESS and a gentle slope assure maximum utilization of these commercial lots with 150 feet frontage on Highway 37. About 270 feet of depth makes these lots an ideal location for your business in a real growth area.

ACREAGE

You can now create your own "shangri-la" a short distance from Ruidoso with all the attributes of the country, mountains, timber, creek, etc. You can acquire this acreage in any quantity, from five to a hundred, level building sites, or will build and finance home for qualified persons.

A-FRAME — Newly remodeled. Two bedrooms, wrought iron spiral staircase, new carpet and plumbing. One-half acre on Bonito, Highway 37.

LOGKE REALTY CO.

REALTORS
Your Key To A Sound Investment

16 Acres in Capitan area. Orchard, well and pressure system, tool shed with tractor and attachments. 3-bedroom mobile home with 1 1/2 baths, good view, all-weather location, sun deck and room add on. A nice location.

Two bedroom, two bath home in the pines, mostly furnished, 2-car carport, carpeted, all-weather location.

Several tracts in Capitan area from \$300 per acre up. Nine lots left in Kingswood Addition, all utilities including paving and sewer. Priced right. Terms.

Beautiful new 14 ft. wide, 2 bedroom, 2 bath, furnished mobile home. Air conditioned, beautifully furnished, skirted, large deck, wooded lot, year around location. Several bars with package stores and other assets. Not all in Lincoln County.

14 x 70 two bedroom, two bath, furnished mobile home. This was a specially built and equipped home, one of the best. On a leased lot. Will accept best offer.

I sure could use a New Mexico licensed sales person — all inquiries treated confidentially.

CHUCK PANKEY JOHN YOUSE
2457 Sudderth Drive — Phone 257-4029 Day or Night

FINANCING

At a time such as this when mortgage money for the purchase of a home is increasingly hard to find and when and if you do find some, very likely the interest rate will be prohibitively high, you might try a different approach. Some lots can be bought and financed with an interest rate you can live with. While you wait for housing money to become available, you might buy and start paying out the location for your house.

MOBILE

This mobile home is on pavement, not too far into Ponderosa. Has 2-bedrooms and is furnished. A 16 x 20 room has been added with exposed beam ceiling and an excellent fireplace. A 10 x 32 screened porch makes a good game room.

RUIDOSO, NEW MEXICO 88345 • DRAWER 9 • 505/257-4075
REAL ESTATE • INSURANCE

We invite your attention to our newest listings. These properties have just come on the market. When you begin looking for your place in our beautiful country, dial 257-4075 and ask for one of our professional salesmen. These people will be able to locate you places that you did not dream were on the market. There's always a Coke handy or coffee in our office. Come in and discuss your needs and let us take it from there!

Beautiful 3-bedroom, central heat and natural gas located on three beautiful river lots. You'll need to call for details as there is no sign on this property.

We have several motels on the market. These places are wonderful for family operation or well as good income property. All established and enter your own business. We have a large number of income living quarters for sale or rent for your scrutiny.

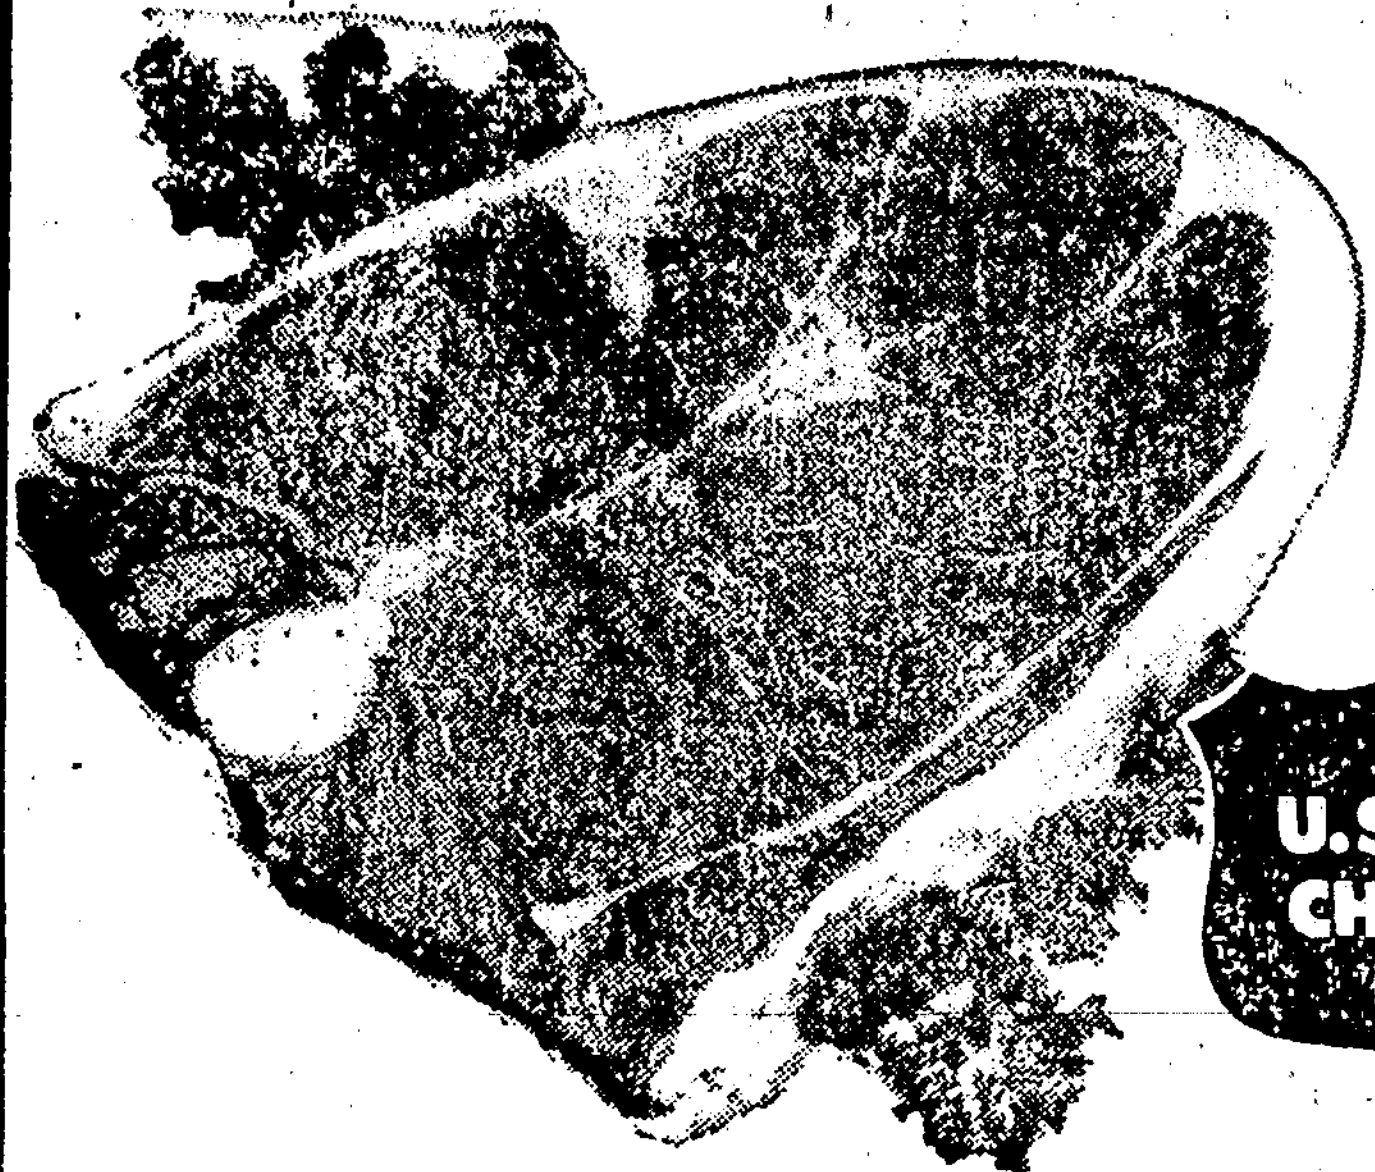

Need more homes for season.
JIM CARPENTER BETTY PATTON RAY CLARKE
257-4075 257-4075 257-4075

One of the best businesses in the area. Owner will sell on terms. Please come by the office for full information on this income producing buy.

If inclusion is your "thing", you will love this lovely 3-bedroom, 2-bath home setting in the pines. This place is beautifully done with exposed beams, a country kitchen and all the comforts of the city, but the beauty of privacy and surrounded by pines.

Purchasing real property is indeed not a simple procedure. May we urge that you contact a licensed agent or broker for your protection. Whether you are looking for a home or a business, these steps are simply "good business". We at Pertee, Parks & Associates feel that we enjoy one of the best reputations in New Mexico for honesty and integrity in dealing with our customers. Give us a call; if we don't have what you want, we will try to help you locate it with one of our cooperative offices.
