COUNCIL REQUESTS EVALUATION OF PRESENT WATER SYSTEM

Potter named village administrative aide

FRANK POTTER

The Ruidoso Village Council named Frank Potter as Administrative Aid for the village at the regular meeting held last Thursday evening at the village hall. Potter, who has served for several years as manager of the municipal airport, will be charged with the responsibility of overseeing and coordinating the various village departments. Trustee Ab Gunter abstained from the vote confirming Potter.

Potter will assume his duties on November 1.

An ordinance was passed by the board certifying the water bond election and the council heard Tom Mann, area engineer, call for immediate action to start on permits and hearings. Mann noted that the project would take at least three years for completion.

Ted Asbury and Dr. Jim Kunkel, representing William Matotan and Associates, an Albuquerque engineering firm, gave a presentation for the council and asked for consideration in the building of the water treatment and distributing system. Council members requested information about an evaluation of the present water system and called for a rough estimate of the cost of such an evaluation. It was noted that such an evaluation would be of great value before continuing with the new project.

Max Williams, representing Boyle Engineering, engineers on the Cienegita Project, was also present at the meet and offered the services of his firm on the new project.

In a discussion of the $1 million water project now nearing completion, the board noted that no further payments would be made to the contractor until a meeting with the bonding company could be held. They did vote to pay a local electrical contractor for his work on the project and withhold that amount from the prime contractor's payment.

Blair Halladay, head of the village sewage department, requested the hiring of an additional man, primarily for laboratory work in the department and noted that more rigid testing and analysis is required by the federal government. He pointed out that the present staff did not have the time for such testing and that some work was now being done by the Roswell department. Applicants will be interviewed before a final decision is made on filling the position.

The council agreed to the hiring of a secretary for the village police department with total funding under the CETA federal program. The federal funding for the secretary will continue through June 30, 1975, at which time the council will evaluate the job and make a decision as to the continuation.

Village manager Jim Hine reported that Lodger's Tax receipts for the months of June, July and August totaled $14,000 and that about 90% had been collected.

A discussion of the possibility of imposing a fee on lots being re-platted, new subdivisions within the village limits and subdivisions to be annexed to the village was held and the village attorney was instructed to investigate such a plan. Funds collected would go into a water fund, to prepare for the needs for additional water in the future. It was pointed out that, had such a plan been enacted 10 years ago, the $5 million water bond would probably not have been necessary.

A meet will be held on Oct. 22 to work on the codification of village ordinances. Village attorney John Thompson noted that he doubted if the work would be completed by the next regular meeting of the board.

Don Riley reported on a meeting with school officials concerning the tennis courts at the school, which will need additional work to make them ready for play. The village had contributed funds for the repairs in cooperation with the schools. He noted that the surface would have to be refinished and that better bracing would be needed for the fence surrounding the play area.

The next regular meeting of the board will be held at the village hall at 7:30 p.m. on Oct. 31.

RHONDA TAYLOR AND KELLY PERRYMAN were crowned Homecoming Queen and King at the Friday night football game. Their court consisted of Cathy Wilson escorted by Teddy Durham, Peggy Arnett escorted by Donny McCoy, Pam DiPaolo escorted by Sonny Pool and Anita Klein escorted by Wayne Owen. The Queen and Princesses received turquoise necklaces while the King and Princes received turquoise key chains.
(Ruidoso News Photo)

LAMAR OSBOURN was named vice-president of the Ruidoso State Bank Oct. 9. He was a partner in Western Auto Store of Kingsland, Texas prior to accepting his position here. His financial background includes five years as vice-president and secretary to the board of Highland Lakes National Bank of Kingsland and seven years as credit manager for the Ford Motor Credit of San Antonio, Texas. He was an incumbent director of the Chamber of Commerce and chairman of the Aqua-Boom Water Festival at Kingsland.

LOCAL WOMAN ATTACKED BY CAT

Rabies Suspected

A Ruidoso woman, who prefers to remain anonymous, is undergoing the series of rabies "shots" following exposure to the disease after being attacked by a cat that was determined, after laboratory tests of its head, to be rabid.

The woman attempted to rescue the cat, which was being attacked by a group of dogs. Two of the dogs involved were bitten by the cat, Joe Truitt of the Humane Society reported.

Truitt is heading an attempt to round up all of the dogs in the Carrizo canyon area where the incident occurred.

In a warning to village dog owners, Truitt said: "If you have not had your dog shot for rabies do so at once and keep your dog confined for at least ten days, so it cannot come in contact with any other dog or with a person."

Residents with questions are asked to contact the Humane Society or the Police Department, Truitt said.

HIGH SCHOOL COMPREHENSIVE EVALUATION STUDY UNDERWAY

Principal Tom Hansen has announced that the faculty and administration at Ruidoso High School have launched a thorough evaluation of all phases of the present program. For the next few months, committees will meet to gather information about the school's program, and make a study of its strengths and weaknesses. The initial meeting of all high school faculty members was held Tuesday night.

This project is being carried on in connection with a program of the North Central Association of Colleges and Secondary Schools which requires that every member school engage in this self-study at least once every seven years. At the completion of the study sometime next February, the NCA will send a team of educators to the school to aid in the evaluation and in making recommendations for improvement. The State Department of Education will be represented on that team making the visit an official one of that office.

Absentee voter general election deadline set

Deadline for absentee balloting in the Nov. 5, 1974, general election, as announced by NM Secretary of State Betty Fiorina, include:

October 26: Last date to mail absent voter ballots to persons inside the continental limits of the United States. Absentee ballots shall be mailed to federal qualified electors, federal voters, and voters inside the continental limits of the United States not later than ten days prior to the date of the election. County Clerk's offices will remain open Saturday, Oct. 26, from 8 a.m. to noon, for casting absentee ballots in person.

October 31: Last day for voter to make application for absentee ballots in person. Absentee ballots may be cast in person up to 5 p.m. this date.

Two MJ arrests made in village

Two men were arrested in Ruidoso Oct. 12 and charged with possession of under one ounce of marijuana.

Rudolfo Gallegos was arrested by Officer Toney Mustachia and posted a $200 bond on the marijuana charge before Judge Austin Pritchett in Magistrate's Court Oct. 12. Gallegos appeared before Alternate Municipal Judge Hugh Stiles and posted bonds of $300 on DWI, $200 on

(Continued on Page 3)

Olson given county post

Leslie A. Olson began his duties Oct. 15 as Lincoln County manager, filling the vacancy created by the resignation of T. Fillingim earlier this year.

Olson was associated with the Center for Community Action, a private consulting firm in Albuquerque, as a technical assistant for development of community corporations to deliver social services, at the time he accepted his present position. He had been with the CCA since 1970.

His prior experience includes special assistant to the city manager and director of human resources development at Boulder, Colo., and program administration chief of the Albuquerque model cities project, budgeted at $2,826,000.

Olson, holder of an MA in Latin American Affairs, is fluent in Spanish. He has moved into a home in Carrizozo with his wife and two children.

He met with the Lincoln County commissioners Tuesday to discuss plans for the future operation of his office.

Attendance pegged at 1081 by Ruidoso Schools administration

Superintendent Pat Valliant reported last Tuesday evening that the 20 day report for average daily school attendance was 1081, as of Oct. 7. The estimate at the beginning of the year was for a total of 1153 students. Attendance on Oct. 15 (the day of the board meet) attendance stood at 1116. State funds are allocated on the basis of the first 80 days' average attendance.

Three requests were heard by the board for use of the high school gym for outside uses. Dick Mound, representing the Knights of Columbus, asked for use of the gym on Dec. 26, 27 and 28 for the annual 7th, 8th and 9th grade basketball tournament. Approval was granted. Mel O'Reilly, speaking for a group wishing to bring community concerts to the village, asked for the use of the gym about 3 times per year for various cultural performances by professional entertainers. Approval was granted if open dates can be arranged. The Lincoln County Art Association will sponsor the concerts. Rev. Earl Ball, representing the Ruidoso Ministerial Alliance, requested

Ruidoso Downs Council names Sanchez to P & Z

JAMES SANCHEZ

Mayor J. J. DiPaolo appointed James Sanchez to a seat on the Ruidoso Downs Planning and Zoning Commission last Monday evening to fill a vacancy created when Gary Virdon moved from the village. The appointment was confirmed by the board of trustees and Sanchez was sworn in by the mayor.

Bids were opened for the demolition of Denton Field arena but the matter was tabled after Frank Pope, president of the Chaparral Horseman's Association, pointed out that an electric bill that is unpaid had not been incurred by the association. Pope reported that electrical charges had been paid in full in July and that several individuals had conducted roping contests at the arena and had turned the power back on. The mayor will meet with the concerned parties in an effort to correct the matter.

A letter from the Environmental Protection Agency was read to the council announcing an increase to 40% ($40,000) in water grant funds. The village had previously received approval for a $24,000 grant.

Village Clerk Jerry Howden reported that a check for $3,090 in Revenue Sharing had been received and was instructed to use that amount plus funds on hand to invest $11,000 in a 90-day certificate of deposit.

The council voted to purchase pipe and culvert material to repair streets in the village.

DiPaolo reported that the revised Animal Ordinance had not as yet been completed and that action would be taken on the matter at a later date.

DiPaolo also reported on a meet held in Roswell, the Airport Committee meeting and read a report on a Highway 70 committee meeting.

The council asked that the village clerk get estimates on the erection of a steel repair shop building for village vehicles and the street department dump truck. They also voted to install a bulk gasoline tank for use of village vehicles, which will save the village money on fuel.

Approval was given for a street light at an intersection in the upper part of the village near the water storage tank.

The board discussed the possibility and need of using a proposed 90% grant for the hiring of a police secretary through the LEAA. A final decision will be made later.

It was noted that the community meeting hall had been red-tagged for faulty wiring and

(Continued on Page 3)

Area residents caused 39 fires in 1973-74

Permanent Ruidoso area residents were responsible for 39 man-caused fires during 1973-74, compared to 16 caused by visitors in this vicinity, an unofficial summary compiled by Bill Shrecengost, Fire Prevention Technician with the Lincoln National Forest, reveals.

Shrecengost, in noting that Fire Prevention Week ended Oct. 12, offers some suggestions that could prevent home fires:

— Check all stoves and stovepipes for proper installation.

— Clear areas around outdoor barbecues for at least five feet.

— Be sure stoves and stovepipes are shielded and properly collared.

— Clear all branches within 10 feet of chimney outlets.

— Use spark arresters on all chimneys. A 5/16 to 5/8 inch mesh of 14 gauge screen that is heat and corrosion resistant is recommended. Forest Service offices have details on construction of fire arresters.

Shrecengost noted that a total of 87 fires were reported during 1974 up to August 31. One in January, two in February, 5 in March, ten in April, 16 in May, 29 in June, 15 in July and nine in August.

Of these fires, the eight in January to March, nine in April, six in May, nine in June and three in August were man caused. This pegs the tally of man-caused fires at 35. The balance, 52 fires, were attributed to lightning.

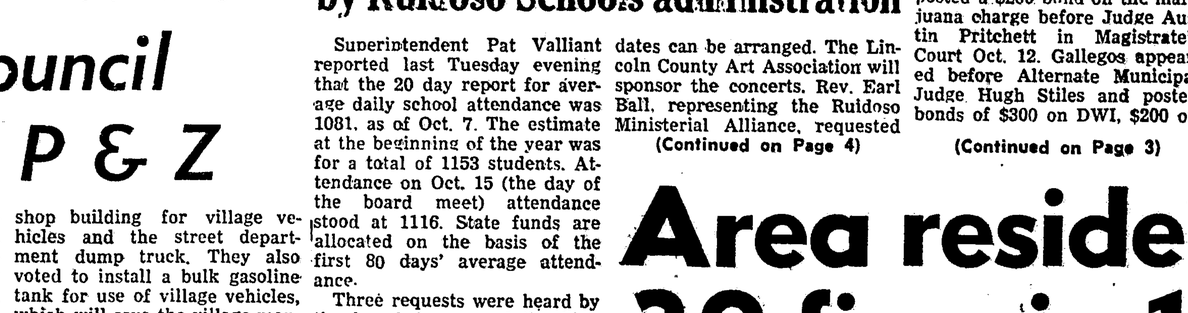
Shrencengost's breakdown of the 55 fires, 39 caused by local residents and 16 by visitors, establishes the cause by categories:

Smoking	13
Children, matches	11
All campfires	12
Hunters' fires	8
Incendiary	7
Non-hunter campfires	4
Trash burning	5
Chimney fires	3
Vehicles	3
Dumping ashes	2
Structure	2
Fireworks	1
Woods workers	1

"Based on these figures and in noting that 39 local residents caused fires," Shrecengost said, "it is obvious that WE are burning down our own house."

Shrecengost, with Henry Miller, Fire Prevention Technician, Capitan, have been conducting fire prevention sessions in area schools recently and providing the students with printed material to take home.

"I hate to be trite," Shrecengost said, "but it is a fact that only YOU, and that includes me, can prevent forest fires. And if everyone of us will practice fire prevention, we can eliminate all man-caused fires."



THE ARCHITECT'S FINAL APPROVAL of the new Ruidoso Public Library and the adjacent Lincoln County Senior Citizen's Center is scheduled to be made Oct. 22 at 10 a.m., by Rem Alley of Alley-Waggoner and Associates of Roswell. Furnishings and equipment are pending shipment and it is anticipated that the library, the only public library serving Lincoln County, will be open in January of 1975. After approval of the Senior Citizen's Center the opening will be observed as soon as it can be equipped.

Paula Jan McCarty

McCarty- Kiker wedding planned December 30

Mrs. Nancy Hale McCarty announces the engagement of her daughter, Paula Jan, to Charles Wayne Kiker, son of Mr. and Mrs. Anthony Baroody, of Las Cruces.

The wedding is planned for December 30, in St. Eleanor's Catholic Church in Ruidoso.

The bride-elect is a 1972 graduate of Ruidoso High School. She attended New Mexico State University; and, at present, is employed by Las Cruces Coca-Cola Bottling Co.

The bridegroom-elect is a 1969 graduate of Las Cruces High School and also attended New Mexico State University. He is Assistant Plant Supervisor for Las Cruces Coca-Cola Bottling Co.

Bridge tournament at Chaparral October 14 thru 27

Alamogordo Contract Bridge Unit No. 388 will host their 7th annual Rocket City Sectional Tournament on Oct. 25, 26 and 27. This year for the first time it will be held at the Chaparral Motor Hotel. The program opens Friday, Oct. 25 at 9:30 a.m., with an Individual Session.

Tournament Chairman Preston Pond states that silver awards will be made to winners of each event, and that free coffee and homemade cookies will be offered throughout the three-day tourney. Drawings for door prizes will be held each day. Additionally, dinner will be included in Saturday's Open Pairs fee and luncheon included in Sunday's Swiss Team fee.

All area bridge players are cordially invited to attend. For information please call Mr. Pond at 437-6267 or Mrs. Betty Williams at 437-6539 in Alamogordo.

Sears retirees meet in Ruidoso Oct. 12

The Sears Retirees in El Paso and their spouses formed a caravan Saturday, October 12, and went to view the aspens on their way to the mountain cabin of Betty Welker, the group's president. Mrs. Welker's cabin is in the tall pines of the upper canyon of Ruidoso. Secretary-Treasurer of the organization, Miss Louise Terrell, assisted Mrs. Welker as hostess.

A delicious brunch was served on the patio; and everyone enjoyed the gorgeous colors of the trees and the sounds of the rushing river winding through the canyon down below. The forest creatures — scurrying squirrels, tiny chipmunks, graceful deer, darting blue jays with a black crow answering their calls, put on a show making an artist's paradise in Ruidoso

After the brunch, a business meeting was held; and plans were formulated for a Christmas celebration.

Attending were: Mrs. Minnie Barefoot, Mr. and Mrs. A. C. Best, Mr. and Mrs. Curly Bishop, Mrs. Zona V. Cathey, Mrs. Socorro R. Dominguez, Mrs. Hazel Duke, Mrs. Mary Barriger, Mrs. Minnie Belle Laws, Mrs. John D. O'Dell, Mr. and Mrs. Pfaff, Mr. and Mrs. M. C. Stewart, Miss Louise Terrell, Mrs. Mildred Wheeler, Mr. and Mrs. Carl E. Zeek, and the hostess, Mrs. Betty Welker.

Hospital Auxiliary receives donations

Inez Killebrew donated a white, crocheted cape to the Ruidoso Hospital Auxiliary. The Auxiliary plans to give it away, December 15. Inquire at the Pink Shop or ask one of the members about it. It will make a beautiful Christmas present.

Another very generous lady, who does not want her name mentioned, donated $500.00, which enabled the Auxiliary to finish paying for the respirator. So — now they can start a new project. There is always need for something more which may be instrumental in saving a life or adding to the comfort of the patients. The Auxiliary only has to decide which project is most important to take on next.

Extension Club meets October 23

Ruidoso Hondo Valley Extension Club's regular meeting will be at the Eastern Star Hall, Wednesday, October 23, starting with the covered dish luncheon at 11:30.

The program, given by Mary Ellen Payne, County Home Economist, will be on rug making.

LPNs hold meeting elect officers

A well attended monthly district meeting of LPNs was held October 10, at 7:30 p.m., in the Conference Room in the Hospital. The following officers were elected:

President — Thural Simmons; Vice President — Betty Mills; Secretary — Betty Attison; Treasurer — Emogene Begley.

The District Association agreed to hold regular meetings the second Wednesday of each month. All LPNs are invited to attend these meetings.

Plans for raising funds were discussed by the Finance Committee. Membership Committee Chairman, Patti Mitchell, will be contacting LPNs for membership.

Place of the next meeting will be announced later.

Amaranth meeting October 22

The regular meeting of Amaranth will start with the meal at 6:30, Tuesday, Oct. 22, at the Eastern Star Building. The new Royal Matron, Doris Littlefield, and Royal Patron, Cleo Bynum, will preside.

Woman's Club lunch and games

All interested women are invited to bring a covered dish and attend the luncheon at 12:30, and join in the card games afterward, at the Ruidoso Woman's Club, one block south of Sudderth on Carrizo Canyon Road, Monday, Oct. 21 and every Monday. Coffee and tea will be furnished.

Visitors last Monday were: Mrs. Cleo Curtis, Arlington, Texas; Lucille Ray, Denton, Texas; Susie Davis, Midland, Texas; Vera Griffith, Ruidoso; and new member, Ruby Carver.

P. E. O. Chapter AR organizer visits Ruidoso

New Mex. State P. E. O. Chapt. Organizer, Mrs. Edwin Cain was a guest in Ruidoso the 9th of October.

Chapter AR, Ruidoso, hosted a special dinner in the home of Mrs. Robert Gaston. The regular scheduled meeting was held immediately following the dinner, in the home of Mrs. Bob Beumer.

Officers of Chapter AR are: President, Mrs. Dale Wynn; Vice-President, Mrs. Dave Parks; Secretary, Mrs. James Wimberly Jr.; Corresponding Secretary, Mrs. L. Ray Nunley; Treasurer, Mrs. Richard A. Pearson; Chaplain, Mrs. Bob Beumer; Guard, Mrs. John Quinn.

Democratic Women to meet October 22 in Carrizozo

The Lincoln County Democratic Women's Club will meet on Tuesday, Oct. 22, at 11:30 a.m., at the Four Winds Restaurant in Carrizozo for a Dutch Treat Luncheon. Mrs. Jerry Apodaca, wife of the Democratic Gubernatorial Candidate will be the featured speaker. The public is cordially invited.

Willie B. Whitehead

Willie B. Whitehead, prominent Del Rio, Texas area rancher, and owner of a cabin in Ruidoso since 1940, died Monday, Oct. 6, in Val Verde Hospital in Del Rio. Funeral services were held Oct. 8 in Doran-Vansau Funeral Home and burial was in Westlawn Cemetery in Del Rio.

Mr. Whitehead was born Nov. 27, 1900, and was married to Della Halbert Dec. 22, 1923, in Sonora, Texas. Mrs. Whitehead died in 1965. He was the son of Walter Whitehead, one of the organizers of Val Verde County, who came to the area in 1882.

Willie Whitehead was a member of the Texas Sheep and Goat Raisers' Assn., and served as a director for many years until he became ill in 1958. He attended Del Rio and Sonora schools, Notre Dame and Southern Methodist Universities. He was a Mason, and a member of Pi Kappa Alpha fraternity and the Elks. He served on the executive committee of TS&GRA for many years.

Survivors include a daughter, Mrs. John M. Jones of Del Rio; two sons, Bill Whitehead of Sonora, Texas and W. E. Whitehead of Dallas; seven grandchildren and two great-grandchildren; a sister, Mrs. Noble Taylor of Del Rio, and a sister-in-law, Mrs. Ida Bloodworth of Ruidoso and Sonora.

Ruidoso Garden Club to meet October 22

The regular meeting of the Ruidoso Garden Club will be Tuesday, Oct. 22, at 2:00 p.m. at the Cherokee Mobile Village.

The program will be on native New Mexican plants. Hostesses will be Madeline Murray, Doris Littlefield, Nora Luallin and Bea Adams.

"WE HAVE A HEAD FOR HAIR"

25 Years Ago

October 21, 1949

Although they may have to "open on a shoe string", the Board of Trustees of the Ruidoso-Hondo Valley General Hospital are making plans which will mean they can start operation as soon as the tile floors are finished and equipment is installed.

The County Commissioners, Pat Farrar, Ramon Sanchez and Harry Straley, will be ready to turn it over to the trustees in the near future and the hard job which has been theirs, will be successfully completed; the construction and equipment of the building.

Knowing full well the responsibility which will lie on their shoulders, this Board, with George Fuchs of Green Tree acting as chairman in the absence of Dr. R. S. Sutton, are already taking action on future plans and problems, with the main problem, that of raising a "sinking fund" to open the hospital.

They feel that the sum of $6,000 should be on deposit before the doors can be open for operation.

The telephone bill HR 2960 passed the United States Senate last week. Also an amendment to the supplemental appropriation bill has passed both houses authorizing 25 million dollars in loans for rural telephones and authorizing an REA Administrative item of $250,000 to get the job under way.

The Ruidoso and Glencoe Women's Clubs were gracious hostesses for the successful 27th annual convention of the 4th District of New Mexico Federation of Women's Clubs held here Saturday, with 91 women attending, representing eleven towns.

LEGAL NOTICE

NOTICE OF PUBLIC SALE

The War Whoop

Copy prepared by the Ruidoso High School Journalism Class.

Sammy Hardwick

Prep Player of The Week

The War Whoop's Prep Player of the Week is Warrior Lineman Sam Hardwick. This was not an easy decision because of the outstanding play of the whole Warrior team, but we felt a lineman ought to get recognition, and Sam played an outstanding game against Hatch.

Offensively, Sam blocked for Warrior runners Sonny Pool with 69 yards, Danny Brown with 189 yards and David Stiles with 21 yards for a total of 279 yards. Sam pass blocked for QB Colly Parks, as he completed two out of five for 23 yards with one TD bomb to sure handed split end Richard Wheelock which was called back because of a penalty against the Warriors.

Defensively, Sam and the crew allowed only 73 total yards (53 rushing and 20 passing) and one touchdown. (The Prep Player receives a complimentary meal from Norman's in Gateway Center, Cousins, and Cree Meadows Country Club.

RHS Seniors in U. S. Senate youth contest

Six seniors at R.H.S. have participated in the U. S. Senate Youth Contest in the library.

This contest began in 1962 as the result of an idea in the U. S. Senate to promote youth interest in the Senate, and in government in general.

The test, open to any senior in the U. S. holding an elective office in school, was taken by Matt Gooch, Anita Klein, Kelly Perryman, Sonny Pool and Janice Wood.

Ten students will be picked by the State Department of Education throughout the state. These students will then be sent to Santa Fe and interviewed by various people. Out of these ten, two will be chosen and sent to Washington for a week with all expenses paid.

These students will also receive a one thousand dollar scholarship, on the basis that they take two years of a government related course in college.

Merit program commends student

Susan Fannin at Ruidoso High School, has been named Merit Program Commended student by the National Merit Scholarship Corporation. High school counselor, James Sanchez announced that she has received a Letter of Commendation.

Susan is among the 38,000 commended students named on the basis of their high performance on the 1973 PSAT/NMSQT. Commended students are in the upper 2 percent of those who are expected to graduate from high school in 1975. Although the commended students ranked high on the PSAT/NMSQT, their scores were just below those of the 15,000 semi-finalists who were announced in September by NMSC; Commended students do not continue in the Merit Scholarship competition.

To increase their scholarship opportunities, NMSC reports the commended students' names to the regionally accredited colleges they named as their first and second choices when they took the PSAT/NMSQT in October, 1973. The reports include home addresses, test scores, and anticipated college major and career intentions of the commended students.

Alpine Shifters make first ride

The Alpine Shifters had their first ride Sunday. Making the trip were Bobby Hamlin, Doug McBride, Gary Chastain, Tonya Campos and Mr. Farrington.

The group left the school at 1:30 p.m. in the rain but it stopped at Ruidoso Downs. The destination was Fox Cave, which was closed when they got there. The River Ranch Campground was handy for a Coke. It took the group 20 minutes to go down and an hour and ten minutes to come back. By the time Mr. Farrington, Doug and Tonya were at Circle K Campground, Bobby and Gary were at the Chapparral. By then it was warm. They returned at ten till four.

School Scoop

Varieties of stationery are being sold by members of O.E.A. as a fund raising project. The money is being used for state and regional meetings, O.E.A. banner and necessities, for installation. The stationery includes note cards, stationery pads and post cards, ordered from Mary Mayfair Company.

Next R.H.S. volleyball game will be here this Saturday, Oct. 20. The game, which will be a Round Robin, will include Ruidoso, Capitan, Carrizozo and Cloudcroft.

Pep Club sponsored a Spaghetti Supper for the varsity football team. The coaches and their wives attended as well as the cheerleaders.

The Student Council sponsored a homecoming dance for RHS students immediately following the football game Friday night. "Bounty" from Las Cruces, performed strictly rock music in the high school cafeteria. Refreshments were served by the Student Council to approximately 150 RHS students and alumni.

The Book Fair ended with good sales this year. There were 611 books sold, which amounts to $403.41. The library gets 15% of the total sales, which is $90.51, to be used for more library books.

The order of books should be received by Nov. 1.

Tomahawks arrive

The 1974 Tomahawk has arrived and was distributed Oct. 16. The Tomahawk has a cover this year which is gold with a large '74 in blue on the front with the name of the annual in blue. End sheets are dark blue.

This book is made possible by the many businesses who help to pay for the book.

Ruidoso hosts District FHA

The Ruidoso FHA Chapter hosted the FHA district meeting last Saturday at the Ruidoso High School.

The newly elected district officers are: Pianist, Kenna Newton, Ruidoso; Song Leader, Tana Locke, Ruidoso. Lydia Armstrong, Alamogordo Mid-High, was elected as State Song Leader. Diana Olascoaga, Tularosa, is our National Delegate.

The colors were presented by the Tularosa Chapter. The opening ceremony was by Rhonda Barber, our FHA district president, from Capitan. The welcome was given by Mr. Tom Hansen, principal of Ruidoso High School. Response was from the Tularosa chapter. Roll call was checked by Alamogordo Mid-High.

The national report was given by Cindy Roberts, Ruidoso; and Rhonda Barber, Capitan; our delegates for national last year who went to Chicago to the national meeting.

The Camp Stoney Report was given by Lydia Armstrong, from Alamogordo Mid-High.

A variety of workshops were held under topics such as: Clothes from 1958, Marriage, How People Help Each Other, Alcoholism, Dating, Child Abuse and Bicep.

Various skits were presented by the different chapters.

The installation of the new officers by the outgoing officers was the last of the district meeting.

RJHS Braves whip Grizzlies

The Ruidoso Freshman football team met Carrizozo, here, last Thursday afternoon when they won by the score of 28-14. The Braves scoring were: Halfback, Bart Owen; Fullback, Grover Lewallen; Quarterback, Mark Williams and Halfback, Charlie Taylor.

Bart Owen has been plagued since the first of the season with a back injury and in the game Thursday, he injured it again, and will be out indefinitely.

The next game is in Carrizozo on Thursday, October 23.

RHS tennis team in Las Cruces tourney

Ruidoso tennis team participated in their first tournament last weekend at the Las Cruces Fall Jr Open for 12 through 18 year olds. Tennis Sponsor, Mr. Newsom said the main reason the 8 players from Ruidoso attended was to gain experience in dealing with the pressures involved in a tournament.

350 players attended from Arizona, Texas and New Mexico, many of whom were quite experienced and had played in many tournaments.

The players who attended from Ruidoso were: Amanda Bragg, Paul Easter, Scooter Driver (16 year olds), Rick Mound, Mike Fannin, Weldon Dennis, Patricia Reeves (14 year olds), Scott Barnett and John Champion (12 year olds).

Ruidoso tennis team plans to go to more tournaments soon, possibly one in Albuquerque.

It rained the entire weekend, the courts were wet and the games had to be continually stopped because of the rain. It was finally called off Sunday before the 12-year-old division got to play. Ruidoso players, although they didn't win, made a good showing.

CAPITAN NEWS

by MRS. JUNE HOUSE

Calendar for Oct 18 thru Oct. 26 — Oct. 18: Capitan Tigers at Reserve Mountaineers, 1:30 p.m., district game; Oct. 19 — Girls' Round Robin Volleyball Tournament in Ruidoso, 10 a.m.; Oct. 22 — Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test for Juniors; Oct. 23 — (Wed.) Capitan Tigers at Mountainair, 7:30 p.m.; Oct. 24 — FHA Mother-Daughter Banquet, 7:00 p.m.; Oct. 26 — Girls' District Volleyball Tournament in Capitan.

School Notes

The Halloween Carnival, sponsored by the Capitan Student Council, will be held Oct. 31.

Season tickets for the basketball games will be available in the near future. The first game for the girls will be Nov. 12, while the boys begin play on Nov. 29.

Homecoming activities began at 7:00 p.m. on Friday, Oct. 11 with the crowning of the new queen for 1974. The band started the activities by marching onto the field and forming the entranceway for the Homecoming Court. The Court was led by the Senior Candidate Alice Fillingim, daughter of Mr. and Mrs. H. T. Fillingim. She was escorted by Henry Griego and John Lucero. Next came Fawna Abel, daughter of Mr. and Mrs. Frank Abel, escorted by Ricky Richardson and John Taylor.

The sophomore candidate and escorts came through next. The candidate was Becky Renfro, daughter of Mr. and Mrs. Norman Renfro. Her escorts were David Hightower and Rocky Willingham. The freshman nominee was Debbie Dalton, daughter of Mr. and Mrs. Benny Dalton. Her escorts were Loyd Harper and Robbie Richardson.

Also, in the procession was the 1973 Homecoming Queen, Miss Mary Lou Runnels. She was escorted by Ricky Phillips and Mike Renfro.

After the nominees and 1973 Queen were all in their places, each was presentd a lovely bouquet of flowers. Then came the big announcement. The 1974 Queen was Miss Debbie Dalton who was crowned by Miss Mary Lou Runnels.

The football game between the Capitan Tigers and the Melrose Buffaloes followed the coronation. Captains for the game were Mike Renfro and Ricky Phillips, both seniors on the Tiger team. Capitan managed to hold off Melrose in the second half and preserve a successful Homecoming with a 16-14 victory.

The first score of the game was a TD by the Tigers. The score came with 1:22 left in the first quarter. The action until that time had been a see-saw affair. Capitan seemed to have the upper hand but Capitan was their own worst enemy as offsides and illegal motion stopped them.

Finally on a first down play from their own 35 yard line, Capitan scored on a 65 yard run by Mike Renfro. Mike went around his right end, turned the corner and out ran the Melrose secondary to the end zone. The extra two points were scored on a run by Robbie Richardson. The score at this point was 8-0 and Capitan led in a game for the first time since the opening game of the season.

Melrose couldn't move the ball at all on their first possession after the TD. After their punt, Capitan had the ball back on their own 40 yard line. From that point they moved the ball steadily downfield and had two first downs on the way. Yardage was made by Renfro and Mike Beltran with Robbie Richardson getting one chance to carry the ball also on this drive.

Then QB Kenny Cummins hit John Taylor with a pass, good for another first down. On the next play, it appeared Capitan had scored again but another penalty brought the ball back to near the 20 yard line. But this time the Tigers were not to be denied. Cummins threw a pass to Kirk Phillips who made a diving catch in the end zone for a Tiger touchdown. The PAT was no good but Capitan was leading 14-0.

Then it was the Buffaloes turn. They scored just two plays after the kick-off from Capitan. The score was on a quick pass just over the line of scrimmage and took the Capitan secondary by surprise. It was a short pass with a long run and Melrose was suddenly back in the ball game. The point after was no good. The Tigers led 14-6 with 7:16 left in the second quarter.

Capitan had trouble with these pass plays from Melrose all night long as Melrose completed several of them.

Capitan dominated the remainder of the second quarter but again penalties and a fumble kept the Tigers from crossing the goal line once again. The halftime score was 14-6.

Halftime brought the Tiger band to perform. The band director is Herschel Heinen. The band did a very good job in their performance. They were deserving of a very big round of applause as they left the field. The band is composed of students from grades 7 through 10.

Second half action began with Melrose kicking to Capitan. The Tigers went nowhere on this series of plays so they had to give Melrose the ball on a punt.

Melrose had a good runback on the punt plus a personal foul penalty against Capitan and Melrose was set to go from the Capitan 21 yard line. And then the rains came! The rain fell steadily for the remainder of the game. Playing conditions went from bad to worse as the rains kept falling.

The Capitan defense held Melrose scoreless in the third quarter. It was in the third quarter that the Tigers scored two points on a safety. Melrose was punting on a fourth down. The snap from center was low and fumbled by the punter. The ball rolled into the end zone and the Melrose punter was tackled in the end zone with the ball. Credited with the tackle was "Ace" Griego. Those two points proved to be very important.

Melrose semed to play in the rain better than did the Tigers. If you were a Tiger fan then the feeling that Melrose would pull it out was despairing. It was with 5:51 left in the game that Melrose scored their second TD and made the two point conversion. Now it was 16-14.

Capitan still couldn't move the ball. Then the tigers fumbled and Melrose recovered with 4:16 left in the ball game. Melrose was able to keep possession and move downfield. With 2:31 left in the game, Melrose was at the 21 yard line with a first down. The Tiger defense stopped them this time, however. With 1:12 remaining Capitan had the football.

On the next three plays QB Cummins kept the ball himself rather than risk a fumble on a hand off with the slippery ball. It was fourth down and four yards to go with three seconds left when Melrose stopped the clock. Instead of punting, Cummins kept the football and ran out the three seconds in his own backfield thus preserving the two point victory.

Having a good night on defense for the Tigers were John Lucero, Ricky Richardson and David Hightower.

Offensively, the Tigers were led by Mike Renfro who rushed for 135 yards. Renfro now has a total of 618 yards in six games for an average of 103 yards per game. Renfro has scored 7 touchdowns for 42 points.

This week is a big week for the Tigers. The Tigers must travel all the way to Reserve to play Friday afternoon. Game time is 1:30 p.m. This is an important district game. Reserve will be tough, especially on their home field. The Mountaineers are 5-1 and will be really "up" for this game.

If enough people are interested, there will be a bus going to Reserve. The Tigers will need everyone there so go to the game. This is the part of the season that really counts. Let's go, Tigers!

Girls' Volleyball

On Oct. 26, the District Volleyball Tournament will be held in Capitan. There will be eight teams competing. The district is divided into two sections to cut down on the amount of traveling each team would do. In one division is Capitan, Carrizozo, Cloudcroft and Ruidoso. The other division consists of Dexter, Eunice, Jal and Lake Arthur.

Each division will hold two round robin tournaments to determine first and second place teams in each division. The two teams from each division will then be seeded in the district tournament on Oct. 26.

At the district tournament all eight teams will be present with four seeded teams. The first and second place winners will advance to Regional competition to be held the following weekend, Nov. 2. The Capitan girls are leading their division after the first round robin. The second round robin will be held Oct. 19 in Ruidoso.

CAPITAN TIGERS 1974 Football Schedule

Oct. 18 — Reserve, there, 1:30 p.m.
Oct. 23 (Wednesday) — Mountainair, there, 7:30 p.m.
Nov. 1 — Carrizozo, at Capitan, 7:30 p.m.

Attendance . . .

(Continued from Page 1)

use of the gym for a contemporary religious concert on Wednesday, Nov. 20 at 8:30 p.m. Although an adjustment would have to be made in the school practice schedule, the request was granted.

A resolution was passed by the board naming W. N. Morrison and Pat Valliant as president of the board and superintendent of schools with the responsibility for all the fiscal affairs of the Ruidoso Municipal School District.

In re-considering bids on a water softener system for the schools, the board decided to call on the school architect, Rem Alley, for advice before continuing with the project.

Valliant was instructed to investigate the possibility of installing a WATS line for the school. It was hoped that the school can make a saving on the line.

The board noted that Harry Wugalter, chief of the public school division of the state department of finance, had commended highly the administrative office staff for the bookkeeping system set up for the board of finance.

It was reported that Howard Tate, Bucky Morrison and Pat Valliant had attended the District 7 meeting held in Tularosa for the discussion of upcoming legislation affecting school systems.

The next regular meeting of the school board of trustees will be held at the school administrative office on Nov. 12 at 7:30 p.m. The meetings are open to the public.

Oil environmentalist speaks to Rotary

C. R. (Raleigh) Kreuz, environmental control engineer for Mobil Oil Corporation, was the speaker for the Tuesday noon meal of the Ruidoso Rotary Club speaking on the subject of the energy crisis. He noted that the crisis was very real and that, although the oil companies had known for several years that the country faced such a crisis, the oil embargo from the Near East had severely aggravated the condition.

Kreuz claims that the oil companies do not make an exorbitant profit on their products and noted that there had been very little increase in prices over the years until the embargo. He pointed out the need for continued exploration and utilization of oil reserves on the continental shelf of both coasts.

He stated that we, in this country, waste a great deal of energy fuels but that the 55-mile speed limit had definitely helped in conservation. He noted that we, with only six percent of the world's population, use a third of the world's energy.

Letter to Editor

October 13, 1974

Editor
Ruidoso News
Ruidoso, New Mexico 88345
Dear Sir:

For several years we have been coming to your beautiful city during the summer months for vacation. The people in your town are so friendly and have been so nice to us. We always stay at the 29 Pines and Mr. and Mrs. Hawes are such gracious people.

This year we were there for the Aspencade for the first time. We again saw the great hospitality for all these visitors on their motorcycles, in their cars and campers.

For a town . . . the people, shop owners, city police, state patrolmen, everyone . . . to turn out for something of this sort is really something.

We just had to write our thanks to you for your town's graciousness and courtesy to such a large group of motorcycle enthusiasts, some of the likes they had never seen before, I'm sure!

Again, thank you, a really big one from Texas.

Mr. & Mrs. Charles Summers
Rt. 1, Box 232,

DR. H. RALPH STUCKY

Rotary Governor slates area visit

Dr. H. Ralph Stucky of Las Cruces, district governor for Rotary International District 552, will make his official visit to the Ruidoso Rotary Club at the regular weekly meeting on Tuesday, according to Bill Britton, club president.

His speech before the club on Tuesday will be on the theme of Rotary for the year, "Renew the Spirit of Rotary."

Dr. Stucky was a professor and head of the Department of Agricultural Economics at New Mexico State University from 1954 to 1965, and then he became director of the Water Resources Research Institute until 1971 when he retired.

He was a member of the Lewiston, Mont. Rotary Club for nine years before moving to Las Cruces and has been a member of the Las Cruces club for more than 20 years. He has served as president of the Las Cruces club, and has held numerous other assignments there. He also has been chairman of the District Rotary Foundation committee.

High School . . .

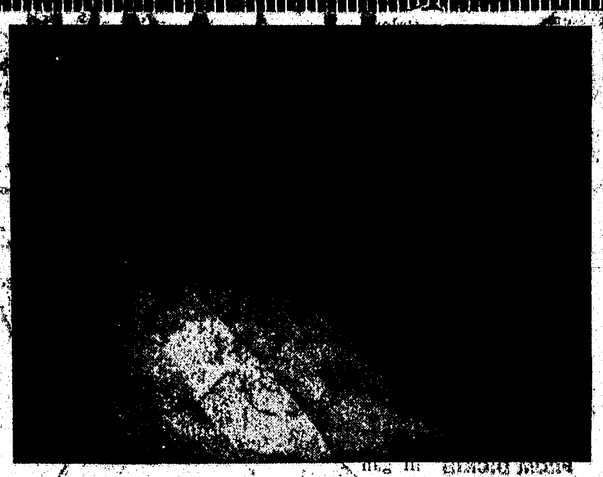
(Continued from Page 1)

Mrs. Katharine Travis has ben appointed Chairman of the Steering Committee which will have overall responsibility for the evaluation. The Committee will coordinate the efforts of faculty members in studying the adequacy of the various subject areas, library, guidance and other services, administration, activity program, and program of studies. To assist as a guide for the evaluation, a document known as the Evaluative Criteria will be used. Published by the National Study of Secondary School Evaluation, this instrument consists of a number of criteria which faculty members will use to measure the local school.

While many school surveys rely heavily on recommendations from outside consultants, this evaluation for the North Central Association relies much more heavily on the competence of the local staff to analyze its own program and make recommendations for improvement. When the NCA team arrives at the completion of the local study, they will discuss the findings with the teachers and explore with them ways of improving the school.

Each school evaluation for the NCA is done in view of attempting to determine how well the school is accomplishing objectives it has set for itself. Students, teachers, and parents will be involved at various stages in the evaluation. The school will be carrying out a followup survey of its graduates, analyzing community resources, assessing the occupational intentions of seniors and determining the curricular areas that are representative of better practice.

The North Central Association currently accredits some 3,750 high schools within its 19-state region. This represents approximately 40 per cent of the total number of secondary schools in this region since many high schools are unable to meet the criteria for membership. The Chairman of the NCA State Committee in New Mexico is A. W. Howard of Albuquerque. He will have the responsibility for assigning team members for the visit to Ruidoso High School.



COMMUNITY PRIDE PROJECT — Sandra Gomez, daughter of Mr. and Mrs. Willie Gomez of San Patricio and a seventh grade student at Hondo, is shown above working on a Community Pride Project. The Hondo Valley 4-H Club has received a grant of $300 from the Standard Oil Company for the project. The club was also granted $250 last year, which was used to landscape the breezeway at the Hondo School. The $300 grant will be used to renovate the St. Jude's Community Center at San Patricio. Chairman for the project is Carlos Pacheco and Co-chairman is Brian Sisneros. 4-H'ers participating in the project are Sandra, Monica Fresquez, Judy Rich, Gretchen, Liz, Della and Deani Torrez, Ramona Kimbrell and her parents, Mrs. Jim Gipson, Mrs. Georgia Gabrielson, Elsie Kimbrell and Mrs. Dick Fresquez. The Knights of Columbus have painted the center and the ladies of the Altar Society prepare meals for the 4-H'ers on work days.

Baha'i

On Sunday, Oct. 20, the Baha'is of Ruidoso will celebrate one of the principal events of the Baha'i year, the 155th anniversary of the birth of Mirza Ali Muhammad, known to Baha'is as the Bab. Mirba Ali Muhammed was the forerunner of the Prophet-Founder of the Baha'i Faith, Baha'u'llah (meaning "the Glory of God"). His title (the Bab) when translated, means "the Gate".

The Baha'i Faith has existed in this country since 1893, when it was introduced at the Columbia Exposition in Chicago during a talk by a Syrian missionary.

Baha'is live in more than 300 countries and territories of the world. The world center of the Baha'i Faith is in Haifa, Israel. The Baha'i Shrines — including a shrine honoring the Bab — and the administrative center of the Faith are situated on Mount Carmel.

The Baha'i Faith began in 1844 when the Bab, a youth of 25 living in Shiraz, Persia, claimed to be a divine messenger and herald for God's promised messenger for our age.

During a ministry that lasted only six years, the Bab through His writings and His example, inspired His followers to live moral and righteous lives. In 1850 He was executed by a firing squad for what the established religious leaders considered heretical teachings. The Bab foretold on repeated occasions during this six years of the coming of Baha'u'llah, who later made known His mission in 1863.

The Baha'i International Archives building, located adjacent to the Shrine of the Bab (Prophet-Herald of the Baha'i Faith) on Mt. Carmel in Haifa, Israel, contains the original sacred Baha'i Scriptures as well as many objects of historical significance. This edifice is part of the complex forming the international headquarters of the Baha'i Faith.

Warriors dedicate Friday game to Donnell Hunter

To the Family of
Donnell Hunter—

The Ruidoso High School Warrior team dedicates its game this Friday, October 18, 1974, to the memory of Donnell Hunter.

We recognize him as a brother and a dedicated athlete whose competitive spirit will serve as an inspiration to all.

We extend our sympathy to you.

Employers may list job openings, temporary or full time, by phoning 378-4699.

Knights of Columbus hold regular meet

The Father Eugene Dolan Council of the Knights of Columbus held their regular meeting in St. Eleanor's Parish Hall Wednesday, Oct. 9.

State Deputy Dionicio Ortiz Jr. made a visit to the council and gave a short talk on current programs. State Deputy Ortiz lives in Santa Fe and was accompanied to Ruidoso by his father, also a Past State Deputy and a long-time K of C worker.

The council was also visited by Eugene Ross, the fraternal insurance agent for our area. General insurance programs and benefits were discussed and appointments offered for personal consultation.

Progress reports on local programs were made. The main drive right now is a general clean-up and improvement of the church properties in Ruidoso and San Patricio. Plans are being finalized for the visit of Archbishop Sanchez on Oct. 26 and 27.

The youth program committee brought up the local Little League Football Program and the council voted their support in the form of a cash contribution towards the cost of uniforms and equipment.

Magistrate, Municipal court cases

Appearing before Municipal Judge Sam Nunnally, on the following charges:

Virgil Beadle, Sept. 25, fined $35, careless driving.

Leland Arkinson of Mescalero, Oct. 7, $300, DWI; $50 no Driver's License.

James Eidson of Ruidoso, Oct. 7, $50, disorderly conduct; $100, discharging firearm in village illegally and reckless driving, $100.

Appearing before Alternate Municipal Judge Hugh Stiles, on the following charges:

David Curlee of Lovington, Oct. 14, fined $15 on guilty plea of failure to report an accident.

Michael Zauzua of Mescalero, Oct. 12, forfeited $50 bond on disorderly conduct.

Andrew Lopez of Ruidoso Downs, Oct. 15, fined $25 on guilty plea to assault or battery.

Donald Phillips of Ruidoso, Oct. 15, posted $300 bond on a DWI charge, pending a hearing Oct. 29.

Veda Chee of Ruidoso, posted bonds of $300 on DWI and $200 on reckless driving charges, pending a hearing to be set by the court.

BOWLING

SIERRA BLANCA WOMEN'S ASSN.

The Sierra Blanca Women's Bowling Association will hold the fall meeting at 7:00 p.m., Oct. 22, in the Peppermint Bar. (Please note the time and location change). Plans will be made for the spring tournament, so all members are urged to attend.

BOOSTER CLUB TO MEET

The Ruidoso Warrior Booster Club will hold its regular meeting Thursday night, Oct. 17, at 7:30 p.m. in the High School Driver's Education room. A film of the Ruidoso-Hatch football game, played last Friday night, will be shown. All interested persons are invited to attend the Booster Club meetings.

ELECTION SET

The Upper Hondo Natural Resources Conservation District elections will be held on Oct. 31 at the Soil Conservation Service Office, Capitan, from 1:00-5:00 p.m. for the election of one supervisor to Upper Hondo NRCD Board of Supervisors.

White Mtn. school speed zone marked

Speed limit signs, designating the roadway at White Mountain School to be 15 m.p.h., were posted Thursday morning, the Ruidoso PD has announced. The speed limit will be enforced.

St. Jude Hurd art, valuables are destroyed

A Peter Hurd painting, several statues, the crucifix above the altar and other furnishings in St. Jude's Catholic Church, San Patricio, were damaged Monday in an incident involving a former mental patient.

The Rev. Fr. Flavio Santillanes, said Thursday morning that Hurd will be able to repair his painting and that it will be returned to the church. The painting was insured for $16,000 and other articles are partially covered by insurance. Settlement, he said, is expected to be made Monday.

15 YEARS AGO

October 16, 1959

St. Eleanor's new Catholic parish will be dedicated Sunday, October 18. Located in Gateway, the church will accommodate 250 persons.

The old St. Eleanor's Church was constructed in 1932. The church came into existence largely through the efforts of Father Albert Braun of Mescalero, who also is responsible for the St. Joseph's Mission on the reservation.

RUIDOSO (N. M.) NEWS — FRIDAY, OCTOBER 18, 1974

Capitan News

by MRS. JUNE HOUSE

School Notes

Don't forget the Halloween Carnival coming up on Oct. 31, sponsored by the Capitan Student Council.

Season tickets for the basketball games will be available in the near future. First game for the girls will be November 12, while the boys get under way on Nov. 29.

NEW CLUB — A Rodeo Club is being organized at Capitan High School. Officers have been elected. They are: President, Elizabeth Jenkins; vice-president, Ricky Richardson; secretary, Fawna Abel; treasurer, Loyd Harper. The sponsor is Russ Fish, teacher at Capitan High.

Meetings will be held every Tuesday night at 7:30 p.m. Parents and all interested persons are asked and encouraged to attend the meetings.

Ride To Reserve

The Capitan Athletic Club met Thursday, Oct. 3 in the school cafeteria at 7:30 p.m. Norm Renfro presided over the meeting.

First order of business was a decision on taking a bus to Reserve on Oct. 18. If there is enough interest shown, there will be a bus going to the game.

The tickets for the rifle were then distributed. Buy your tickets now from the members of the club. Call Joan Pumphrey to find out who the members are. The drawing will be held at noon on Nov. 16 at the Smokey Bear Coffee Shop. The rifle is a 30-06 Remington 700 Series EDL with K-4 Weaver scope. Proceeds will be used to buy blazers for the athletes of Capitan High School.

F. H. A.

The local Mother-Daughter Banquet will be held on Oct. 24 at 7:00 p.m. Installation of the local officers will be held at this banquet.

The girls elected their Chapter Parents and they are Mr. and Mrs. Roy LaMay and Mr. and Mrs. Alfred Leroy Montes. Chapter Grandparents elected were Mr. and Mrs. Dan Gomez and Mrs. Cora Dutton.

Tigerettes Lead After First Round Robin

The first Round Robin Tournament for Girls' Volleyball was held Saturday, Oct. 5 in Capitan. Each team played three matches. A match is winning two of three games. After play was ended for the day, the Tigerettes from Capitan were in first place with a 3-0 record, Ruidoso girls were second at 2-1, Carrizozo was 1-2, and Cloudcroft is 0-3. The next tournament will be October 19 in Ruidoso.

The first match was Capitan vs. Carrizozo. Capitan won the first two games with scores of 15-9 and 15-8. Leading server in the first game was Alice Fillingim with 5 points. In the second game it was Becky Renfro with 9 points.

The second match was Ruidoso vs. Cloudcroft. Ruidoso won the first game 15-6. Tricia Tully and D. Jones each scored 5 points. The second game was also won by Ruidoso, 15-1. Again it was Tully leading the way with 7 points.

Third match was Capitan against Cloudcroft. Cloudcroft won the first game 15-11 with D. Fuller scoring 9 points. Capitan came back to win the next two games by identical scores of 15-6. In the second game Rhonda Taylor served 6 points and in the third game, Trina Zamora served 6 points also.

Next up was Ruidoso vs. Carrizozo. Ruidoso won the first game 15-5, with G. Annala serving 6 points. Carrizozo came back to win the second game, 15-10. A. Chavez led with 9 points. The third match had everyone on the edge of their seats as Carrizozo extended Ruidoso to the score of 17-15. G. Annala and Linda Dunnahoo each served 4 points to lead Ruidoso to victory.

The 5th match put Cloudcroft against Carrizozo. Cloudcroft won the first game, 15-9. D. Fuller served 5 points. Carrizozo won the next two games by scores of 15-11. In the second game Chavez had 5 points and in the third game L. Pacheco served up with 6 points.

The sixth match saw Capitan go up against Ruidoso. Each team was 2-0. The first game was too much of T. Tully for Capitan as she led Ruidoso to a win of 15-9 by scoring 10 points on her service. The second game was won by Capitan by a score of 15-2. Trina Zamora had 8 points. The third game was exciting and close with Capitan winning, 15-12. Becky Renfro and Lisa Lamb each had 4 points.

Those on the Tigerette team were Alice Fillingim, Rhonda Barber, Susie Abercrombie, Elizabth Jenkins, Trina Zamora, Becky Renfro, Lisa Lamb, Bernie Gomez, Cindy Montoya, Lilly Montes, Mary Ann Gutirrez and Betsy Eldridge.

Get out to the gym and watch all these teams in action. You'll enjoy it and the girls will appreciate it.

THE FAMILY LAWYER

Name In Vain

"I urge you to veto the welfare bill."

So said a telegram sent to the governor, supposedly from a concerned citizen by the name of Watson. But in fact, Watson had nothing to do with the telegram. It had been sent by a local manufacturing firm, which had simply picked his name out of the telephone book.

Watson later found out about the telegram, and filed a damage suit against the company "for taking my name in vain." And a court ruled that he did indeed have good grounds for complaint. The court said:

"(The company) appropriated, without the plaintiff's consent, his name, his personality, and whatever influence he may have possessed. This they had no right to do."

This case illustrates the growing recognition of the right of privacy as a legal doctrine. Often called "the right to be let alone," it has already been applied in a wide variety of situations.

Another example arose when an obstetrician, summonded to a woman's home to deliver her baby, brought a young man into the bedroom with him.

The woman assumed that the stranger was some sort of medical aide. Only afterward did she learn that he was merely a personal friend of the doctor. She sued for an intrusion on her privacy, and the court upheld her claim.

Of course, the right of privacy is not unlimited. It must be reconciled with other rights with of the private doctrine.

A man who was mugged on a downtown street objected to the publicity that appeared in the local press. He argued in a court hearing that, as a private individual who had done no wrong, he was entitled to the shelter of the privacy doctrine.

But the court pointed out that whether he liked it or not, he was "newsworthy" — a legitimate object of public interest. The right of privacy, said the court, did not outweigh the freedom of the press guaranteed by the Constitution.

A public service feature of the American Bar Association and the State Bar of New Mexico. Written by Will Bernard.

A-A Futurity audience pegged at 20 million

The National Nielsen ratings on the All-American Futurity, the $1,030,000 Quarter Horse Classic run Labor Day at Ruidoso Downs, has pegged the viewing audience at an estimated 20 million, Thad Sandstrom, president of the All-American Network of Topeka, Kans., has announced.

The race, including the prerace show and wrapup, Sandstrom said, was carried over 163 TV stations offering coverage to 90 per cent of the homes in the U. S., according to the Nielson report. This year's coverage over 1973's A-A Futurity, Sandstrom said, was a "42 per cent increase in total homes." He noted an estimated 13 million viewers saw the 1973 race on TV.

A total of 949 interviews, Sandstrom said, were conducted to arrive at the figures in the Nielsen rating.

New condominium announced by Riley

Don Riley, Ruidoso builder and developer, announces open house at "The Mark Condominiums" beginning Friday, Oct. 18. Sales representatives from Lela Easter Real Estate will be on the site seven days a week.

Purchase of one of "The Mark Condominiums" also includes a full membership in the Cree Meadows Country Club. This unique country club offers a challenging eighteen-hole golf course, swimming pool, gourmet restaurant, cocktail lounge and 19th hole.

"The Mark Condominiums" are situated within the city limits of Ruidoso, one block off Highway 37, overlooking the Cree Meadows Country Club complex. These beautifully furnished two bedroom units, boasting a living room with wood burning fireplace, are priced to fit anyone's pocketbook at only $29,950. And, even more significantly in this day of tight mortgage money, 80% financing is available.

Mr. Riley invites everyone to tour his newest offering. For more information call 257-4370.

Renee Carpenter earns cash prize for scholastics

A. Renee Carpenter of Ruidoso Downs has been awarded a $50 cash prize as the second highest ranking freshman in the College of Education for the 1973-74 academic year at New Mexico State University.

The award was presented by the university's Physical Science Laboratory. Each year the laboratory recognizes the students who rank highest and second highest in the freshman and sophomore classes of each of NMSU's five undergraduate colleges.

Physical Science Laboratory conducts research and development in engineering and physical science. In addition, the laboratory provides scholarships for incoming freshmen and employs approximately 200 students part-time.

Miss Carpenter, an elementary education major, is the daughter of Mr. and Mrs. Warren Carpenter of Ruidoso Downs. She graduated from Ruidoso High School.

THE PICTURE OF HEALTH

Drowning Resuscitation

Accidental drownings are common during the summer months when people take to the water to boat, water ski, and swim. Would you know how to revive a possible drowning victim?

Remember that most such accidents occur near shore, and that most successful revival attempts occur within 10 minutes of the near drowning.

Once the victim is pulled out of the water, don't waste time trying to get water out of his lungs. There is probably very little there and it is almost impossible to get out.

If the victim has stopped breathing, start artificial respiration. Begin by tilting the victim's head back. Close off the nose by pinching it shut with your thumb or forefinger. Take a deep breath and place your mouth over the victim's mouth, and blow. Take another breath and start again. Do this about 16 times a minute for an adult.

If you are trying to revive a child, you may be able to cover both his nose and mouth with your mouth. Remember that a child breathes faster than an adult and that his lungs aren't as big as those of an adult. Blow faster, about 20 times a minute, but use less force.

If you can't blow air into the victim's lungs, there may be something obstructing the wind pipe. Reach into the back of the victim's throat with your finger and gently scoop away anything you may feel such as false teeth or chewing gum.

Keep up the artificial respiration until the victim breathes adequately on his own, or someone in authority like a doctor tells you to stop or until someone relieves you. Wrap the victim up and rush him to the hospital.

What do you do if the victim is conscious and struggling in the water? First, throw something to him that will float. You could throw a rope just past him so that he can grasp it as you pull inward. Or, go to him in a boat. Use anything he can grab without endangering yourself.

If the victim is too far out for you to throw anything from shore, wade out as far as you can and then throw whatever you have. Don't ever let the victim grab you; let him grab a tie, shirt, belt, if necesary. Don't jump into deep water to rescue a drowning victim unless you have had life-saving training.

Doing the don'ts can turn you into a victim too, since the drowning person could pull you under in his panic to hold on to something. Use your head and you can keep a possible drowning victim from becoming another summer statistic.

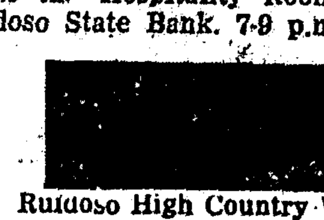
KNIGHTS OF COLUMBUS
Fr. Eugene Dolan Council No. 6597 meets 2nd & 4th Wednesdays of each month at 7:30 p.m. in St. Eleanor's Hall. Special meetings to be announced will be held at St. Jude's Center in San Patricio. Joe Koegler, G. K., Dick Mound, F. S.

RUIDOSO VALLEY CHAMBER OF COMMERCE
Meets each third Monday of the month at 7:00 p.m. at Ruidoso Village Hall. Meetings are open to the public.

UNITED METHODIST MEN
7:00 a.m. on first Saturday of each month; breakfast at the church.

ALCOHOLICS ANONYMOUS
Meets each Saturday at 8:30 p.m. at Ruidoso First Christian Church. Phone 257-4427 or 378-4522, P. O. Box 811, Ruidoso, N. M. Closed meeting Tuesdays.

RUIDOSO CHAMBER OF COMMERCE AUXILIARY meetings are held the Thursday after the 3rd Monday of each month in the Hospitality Room, Ruidoso State Bank. 7-9 p.m.



Ruidoso High Country Wheel Car Club meets every other Tuesday at 7:00 p.m. at Ruidoso Fire Dept. Building. Red Farus, president; Virgil Reynolds, vice-president, and Kenneth Shows, secretary.

Inside the Capital

By FRED BUCKLES

RATON — Democrat Jerry Apodaca was still the governor's race leader over Republican Joe Skeen as the stretch drive opened but Skeen was gaining statewide.

Our statewide campaign travels showed these soundings:

Colfax County — Las Cruces Sen. Apodaca, 40, is ahead of Lincoln County rancher Skeen, 47, in heavily Democratic, pro-labor Colfax. The voter registration is Democratic 3-1 over Republicans. Fifty-three per cent of the Colfax population is Spanish surname.

But Skeen has heavy support in Colfax outside Raton among farmers and ranchers. Springer area rancher Mary Talle, Skeen's Colfax coordinator, predicts Skeen and Republican U. S. Rep. Manuel Lujan Jr., 46, Albuquerque, will win Colfax Nov. 5 in the general election.

Lujan carried Colfax by 700 votes in 1972 and by 500 in 1970. Lujan, seeking a fourth term, will run ahead of Skeen in Colfax. Colfax County Democratic Chairman Alvino Castillo, Raton accountant, predicts Sen. Apodaca will beat former Sen. Skeen 2-1 in Colfax.

Castillo concedes the Lujan-Lt. Gov. Robert Mondragon race will be close. Democrat Mondragon opposes Lujan in U. S. House District 1.

Colfax County Republican rancher John King opposes State Rep. Castillo who seeks a third term in House District 68 (Colfax-Union). Popular rancher King, who replaced Mrs. Talle on the GOP ticket, could upset Rep. Castillo who is regarded as vulnerable.

Taos County — Sen. Apodaca will win Taos County handily. Taos County Republicans concede Skeen will do well to hold Democrats to their normal majority of 800 to 1,000 votes. The GOP holds 4 of 12 Taos County county offices.

Penasco area GOP officials charted party campaign strategy at a meeting Oct. 2 in longtime Republican Pete Sahd's general store at Penasco.

Skeen emphasized his $20 million tax relief proposals, the need for small satellite plants in small Northern New Mexico communities to provide jobs, local land use planning and more vocational education in a luncheon talk to 25 at Springer.

Union County — Skeen is favored in conservative, farming-ranching Union County. Congressman Lujan is expected to defeat Mondragon in Union.

Harding County — Skeen and Lujan will probably carry pro-Republican Harding with its predominant ranching-farming economy.

Guadalupe County — Santa Rosa Mayor John Coury, a Republican, says the size of Skeen's Guadalupe vote will surprise many observers. But Apodaca is heavily favored to win Guadalupe. The GOP is challenging Democrats for only two Guadalupe County county offices.

Democrat Mondragon, a La Loma native, has strong Guadalupe support. But Congressman Lujan has carried Guadalupe in three previous elections. We found marked voter apathy in Colfax, Lea, Eddy, Quay and Roosevelt Counties. But Coury expects the usual heavy voter turnout in Guadalupe ir. the general election.

Republicans are especially worried about voter apathy, generally attributed to fallout from Watergate, President Gerald Ford's pardon of former President Richard M. Nixon and Ford's conditional amnesty proposal.

Lt. Gov. Mondragon, stepping up his campaign, said Monday in Santa Fe he will create a task force on employment recovery. The panel would shape employment programs intended to lower the unemployment rate in Northern New Mexico counties to the national unemployment rate of 5.8 per cent. Mondragon asked President Gerald Ford to declare counties with high unemployment rates as disaster areas so they can qualify for federal funds.

Democrat Clovis O. Herrera of Los Lunas, campaigning full-time on Republican Skeen's staff, tried to woo support for Skeen from warring Democratic factions in northern counties. He was on Skeen's northern tour.

Herrera is Skeen coordinator for Valencia, Guadalupe, Taos Colfax, San Miguel, McKinley, Torrance, Sandoval and Rio Arriba Counties. Herrera was an unsuccessful candidate for the Valencia County Democratic sheriff's nomination this year in a 4-man race.

A former resident of Corona, Lincoln County, Frank A. DuBois III, joined U. S. Sen. Pete Domenici's staff as legislative assistant. DuBois is assigned to agriculture and Department of Defense matters in Domenici's Washington office. A former New Mexico Young Republicans secretary, DuBois accompanied Domenici to New Mexico to help the GOP ticket last weekend.

State Rep. Don Berry, D-Eunice, said he has conferred with State Planning Officer David King on steps to ease critical housing shortages in Jal, Eunice, Lovington and Hobbs.

David King and Rep. Berry said the possibility of creating a housing commission is under consideration. Berry, unopposed for a second term in House District 61, said he has talked with David King on the possibility of obtaining prefabricated housing to reduce Lea County housing shortages.

Berry emphasized sharply increased Lea County oil and gas activity has caused the housing shortage.

Dist. Atty. Frederick B. (Ted) Howden of District 13 (Valencia-Sandoval) is shaping legislation, backed by New Mexico District Attorneys Assn., calling for a statewide fulltime district attorney system.

Howden is the association's legislative chairman. The prosecutors want salaries and retirement benefits commensurate with pay and annuities of district judges. The district attorneys also propose expanded staffs to accommodate heavy criminal dockets and higher salaries and retirement benefits for assistant district attorneys.

A federal grand jury at Albuquerque indicted 10 Clovis liquor dealerships, Clovis Retail Liquor Dealers Trade Assn. and a Clovis attorney on a criminal anti-trust charge alleging conspiracy to raise, fix and stabilize retail prices of alcoholic beverages in Clovis.

NEW MEXICO WEATHER

USDA Statistics
WEEK ENDING OCT. 6

Temperature: High, 76; Low, 25; Mean, 50.2.

Precipitation: Sept. 30 to Oct. 6, 1.95; normal for October, 1.08; Jan. 1 to Oct. 6, 16.89; normal January 1 through October, 16.87.

Range and Livestock—

Ranges are fair to good. Cattle and sheep are in fair to good condition.

Weather Summary—

Dry early in week with cold nights and warm days. Warming midweek till extensive cloudiness and widespread showers developing through weekend. Substantial rainfall over weekend all sections except northeast and east-central plains. Considerably cooler eastern sections Sunday. Temperatures for the week averaged near normal.

Letter to Editor

(Editor's Note: The following is part of a column that appeared in the Brownfield, Texas newspaper and was sent to us by Bertha Oldham, a former Ruidoso resident. It describes a tour of the area during the Aspencade.)

* * *

Motorcyclists from all over the United States converged on Ruidoso over the weekend and Brownfield was well represented.

Just imagine, 2,000 or more cycles of every model, shape, description and color — with cyclists to match.

The average age of the rider — 45 years. The most popular types of motorcycles were 750 Hondas, Harley-Davidsons and BMW's.

One 61 year old lady traveled from Fort Smith, Ark., on her 350 Honda and one couple from Dallas traveled on their perfectly-matched '74 Harleys. The fad items on display were "trikes"— three wheels of hand made body similar to that of the dune buggies with Corvair and VW engines. Really fascinating to see.

Tours all over the mountain area were encouraged and riders were seen at every turn, at every twist of the mountain roads.

One popular run was to the Sierra Bianca ski run, first 12 miles by motorcycle and the next few miles by gondola.

What I want to tell you about is that first 12 miles — never, I repeat, never, in my life have I been more terrified in a 12 mile span of road.

If I could have walked down that mountain, I would have tried, but my knees wouldn't bend.

The lower couple of miles was beautiful, the aspens were turning, the sky was purple and the mountains majestic. The curves were gradual and a pleasure to ride.

But all of a sudden things got high — I mean real high! We went around a curve that curved, and curved and curved and I finally learned what a switch-back is.

A switch-back is a term used to prevent a traveler from getting scared until it is too late to know better, or be able to do anything about it.

A switch-back is a point in life where you can't do anything but keep going up — the road is too narrow to turn around, you can't park on the side because there is no side, you can't jump because it is too far down and you can't see the top because a thunder storm is above you.

By this time I am telling Elbert (my driver) "I don't like this." He hollers and says, "Look to the left." To the left, is nothing but sky and down—I look to the right.

Now my head is spinning, I get a good grip with my knees because if we go over the edge my knees will keep me on the bike — where to, I don't know!

I gulp air. Have you ever tried to gulp air when your adam's apple is in your tongue and your stomach is in your brain?

I tell Elbert, after two more switch-backs, "I really don't like this."

On the up grade our friends and Elbert stop to take a picture of a deer at the side of the road — the deer is at the side, we're on the incline and I know any minute that I will start down backwards. It will be interesting to see that picture — I'm sure I was shaking too hard to get the camera in focus.

We're off again, still higher. I pray and wonder who will raise my baby when I'm gone. I bless all the wonderful years I lived on flat land.

I tell Elbert, "Don't tell me to look left again and can we please turn around."

His answer — "Where do you suggest we turn around." The nearest sign says watch for falling rocks; or slick when wet; change gear; or no passing. Do you know how narrow that is? — needless to say he did not turn around.

The air was thin, the sky blue and I was one fat, green faced girl who did not like scenery, mountains, sky, or at that moment, motorcycles.

If I could have climbed around Elbert's neck for a feeling of security believe me, I would have done so. Instead I gripped the knees harder, clenched Elbert at the waist, closed my eyes tighter and wondered "who would take care of my baby."

Finally things leveled off and while the moment was ripe I stated firmly, "Get me off this mountain."

Elbert stopped, took one look at my face and turned around. We got down faster than we went up.

At the base of the mountain, I climbed off and it took 10 minutes for my knees to straighten and Elbert had to help unclench my hands.

He said, "Honey, I was just getting you used to the curves. Were you really scared?"

I did not say anything; I just bawled. He knew I was serious then.

Motorcycling is fun, just don't go too high — stay at the base of those mountains and admire the heights. And when I got home I hugged my baby.

Your Social Security

"Donald Robinson's article, 'The Spreading Sickness in Medicare,' in the October issue of Reader's Digest gives readers a very false impression of Medicare program administration," Mrs. Christine Graves, social security field representative, stated today.

"The article dwells on several instances of attempts to abuse or defraud Medicare. Although the author presented these instances to try to show laxity in Medicare administration, I believe the truth is completely opposite to the points he tried to make. The cases actually reflect a degree of administrative vigilance that may be unprecedented in the health insurance industry," Mrs. Graves continued.

"The facts are that the cases of fraud and abuse the author 'exposed' either were uncovered by our Bureau of Health Insurance or came to light through monitoring systems that bureau established. In these and in hundreds of other cases of fraud or abuse, we have either prosecuted offending parties, or terminated their participation in Medicare, or denied or recovered a payment, or took other corrective action. Details concerning the cases mentioned in the article are available through any social security office.

"The 'overpayments' referred to in the article represent less than 1/10 of 1 percent of the billions that have been paid out under Medicare. Even so, these amounts have been turned over to the General Accounting Office for further collection efforts," Mrs. Graves emphasized. "The Social Security Administration is committed to investigate every indication of possible wrongdoing and to seek the most appropriate remedy."

Ten Speed Shift

by Galen Farrington

Recently I rode my bike up to Windy Point in a personal celebration of Aspencade. It was mid-afternoon when I started and with a few cars and startled motorcyclists, I started the ascent and enjoyed the changing foliage. In my handle bar bag I had apples, pears, bananas, camera, pint of water and light jacket (for the return trip) and thus, I was equipped for the long pull.

As I sat in the saddle pedaling steadily, eating a pear and surveying the golden and green countryside, I thought about how easily I was pedaling in my low gear. And then I thought about the great 10-speed mystery; the often misunderstood gear train.

Many people say that ten gears are just so much excess confusion and rightly so when one considers that most bike riders have very little knowledge about gears. I have known people to say that three "speeds" are really all that are necessary. I agree (to a certain extent) if you live in an area with no wind or hills. For all intents and purposes the 10-speed bicycle is the most efficient mode thus devised.

First, there is more to riding a bicycle than pedaling. One must know what to pedal (which gear) and how to pedal (ankling and cadence). I will deal with the "what" on the mathematics of gear ratios this week and the "how" next week.

Before any calculations are computed, you must know the following about your gear system: The number of teeth on the front chain wheels, the number of teeth on the rear sprockets, and the diameter of the rear wheel, which is usually 27 inches, as marked on your tire. Now let us determine one gear to set the pattern for finding the other nine.

Count the number of teeth on the large front chain wheel. Mine has 52. Count the number of teeth on the small rear sprocket. Mine has 14. Divide 52 by 14. Answer: 3.71. Good. Now multiply the 3.71 by 27 (wheel diameter of most 10-speeds). Answer: 100.17. Very good. At this point I round off to the nearest whole number, thus 100.

This number (100 in this case) is your "gear ratio" which is the number referred to in bike magazines. At this point you should go ahead and compute the other nine ratios, so that you can mathematically see which is 'third" gear, "sixth" gear and so on. The lowest number is first; the highest is tenth. Hopefully you won't have any numbers the same or within two or three of each other. Many times, due to poor computation, a manufacturer will produce a 9 speed. And I saw a $250 bike which in reality only had 7 gears, due to duplication of certain ratios.

O. K., the ratios give you your order of gears. By making one more computation we will see the practicality of these ratios. Multiply the gear ratio by pi (3 1214 . . .). For our example: 100 by 3.1214. Answer 312.14 or 312 inches traveled per crank revolution. That is just over 26 feet everytime your pedal moves 360 degrees. Definitely a long way and a high gear. This is the gear I used to pedal down from Windy Point.

Living in the mountains, it is the low gear range which will become important for it enables you to exert tremendous mechanical advantage with very little output. The low gear on my Schwinn is 33, which means I travel 103 inches or just under 8 and a half feet per revolution of the crank. For you statisticians, that is 74,541 revolutions of the crank for the 12 mile climb!

With this gear of 33 (I call it my "Windy Point Gear") I can eat, drink and be merry as I look over the golden countryside and pedal non-stop to the top of Southern New Mexico.

But take heed, all the low gears in the world are not going to help if you don't ride them. So get out now and develop the good old-fashioned leg power and ride on.

Post Script: You weight watchers might be interested to know that I lose 7 pounds everytime I climb Windy Point; but I gain it right back with all the peanut butter and jelly sandwiches I eat when I get back!

Letter to Editor

Pending Legislation

LAND USE: Shortly after the Land Use bill was defeated in the House last June, the Environmental Protection Agency issued regulations which, if allowed to go into effect next January as planned, will give the Agency a degree of land use control similar to that authorized in the bill Congress rejected.

The regulations (which are based on broad provisions of the Clean Air Act of 1970) are aimed at so-called "indirect sources" of air pollution. Basically, an "indirect source" is any facility that stimulates traffic, and this includes (but is not limited to: highways and roads; parking facilities; rental, commercial and industrial facilities; recreation, amusement, sports and entertainment facilities; airports; office and government buildings; apartments and condominium buildings; and education facilities. The regulations provide that "No owner or operator of an indirect source subject to this paragraph shall commence construction or modification of such source after Dec. 31, 1974 without first obtaining approval from the Administrator."

Congressman Bob Casey (D-Texas) has introduced H. R. 15858, which would repeal E. P. A.'s alleged authority to circumvent Congressional intent in the area of land use. Nearly seventy other Congressmen have co-sponsored the Casey legislation (as of September 27).

Write to your Senators and Representatives and urge them to support H. R. 15858, and send copies of your letters to The Honorable Paul G. Rogers, Chairman, Subcommittee on Public Health and Environment, House Office Building, Washington, D. C. 20515. Urge Chairman Rogers (whose Subcommittee has jurisdiction over the Casey bill) to give top priority to cosideration of H. R. 15858.

/s/ Billie Winniford

LAKE PARK, IOWA, NEWS: "At the turn of the century, government employed less than one million persons and there were approximately 26 persons employed in the private sector for every one employed in the public sector. By 1972 the picture had changed drastically. Government employment had grown approximately five times as fast as employment in the private sector and there were only 5.1 persons employed in the private sector for every civilian government employee. If this trend continues, which ed by the beginning of the century, the year 2000, there every worker in the private sector there will be one in public sector."

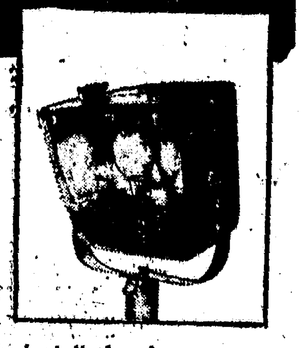
Leased Floodlighting guards your property ...saves you money



A leased floodlight can save you costly repairs of damages caused by vandals on your business property. For just pennies a night, you can have a mercury vapor or Metal Halide floodlight installed to provide safety and security against prowlers and accidents. It can be directed where light is needed. Directed floodlighting will be installed and maintained by Community Public Service Company at a reasonable fixed rate per month. Remember . . . lighting for safety's sake is a useful purpose and it doesn't waste energy. Help discourage vandals and accidents . . . call Community Public Service Company soon and have leased floodlighting installed on your business property.

High Sign for Savers

The Ruidoso State Bank sign stands for high earnings on your savings. A regular savings account receives the highest interest the law allows -- 5% every quarter. You get even higher interest from certificate of deposit accounts -- 5 to 6½% upon maturity, depending on the term of deposit.* Besides gathering high interest, your money is in the safest place it could be. And it's insured with the Federal Deposit Insurance Corporation (F.D.I.C.). Ruidoso State Bank wants the High Sign to be your sign, too. Let's Get a Savings Friendship Going!

*Certificate of deposit holders making early withdrawals receive the passbook rate on the amount withdrawn and forfeit 90 days interest, or interest from the date of issuance or renewal of the deposit, whichever is less.

Highway study finished

The State Highway Department has completed a study of the feasibility of upgrading the route between Amarillo and Las Cruces and has submitted a report of its findings to the Federal Highway Administration in Washington, State Highway Engineer, L. G. Boles reported in Santa Fe.

Boles said the study, conducted in cooperation with the Texas State Highway Department and the Federal Highway Administration was made along the corridor of US 60 from Amarillo to Clovis and along US 70 between Clovis and Las Cruces and on a spur route along US 54 between Alamogordo and El Paso.

The Road Chief stated the study was mandated in section 143 of the Federal Aid Highway Act of 1973 which reads in part:

"The Secretary of Transportation shall report to Congress by January 1, 1975, on the feasibility and necessity for constructing to appropriate standards a proposed highway along the following route: A route from Amarillo, Texas, or its vicinity to Las Cruces, New Mexico, or its vicinity, so aligned as to serve the following intermediate locations, or vicinities thereof: Hereford, Texas; Clovis, New Mexico; Portales, New Mexico; Roswell, New Mexico; Ruidoso, New Mexico; and Alamogordo, New Mexico together with a branch route from Alamogordo, New Mexico, or its vicinity, to El Paso, Texas, or its vicinity to connect with Interstate Route No. 10 and the port of entry with Mexico."

New Mexico's road department served as the coordinating agency for the study and its three-volume final report contains narrative, statistical and graphic information on the social, economic, and environmental factors involved in the proposal. The analysis includes data on present and potential aspects of such areas of concern as agriculture, industry, commerce, recreation and military defenses located within the study corridor.

Boles said affected communities in New Mexico were unanimous in their desire for the upgrading of the route and noted that local officials and organizations had been extremely helpful in supplying supportive material for the study. He said the Highway Department held public meetings earlier this year in Clovis, Roswell and Alamogordo, to obtain citizen reaction to the proposal and that the Texas Highway Department had conducted similar sessions in Hereford and El Paso. Transcripts of these proceedings are included in the report, which the Secretary of Transportation will submit to Congress.

New Mexico's road agency participated in a similar study this summer for the proposed upgrading of US 54 between Wichita and Tucumcari. Kansas was the coordinating state for this study which involved portions of the route in Oklahoma and Texas as well as New Mexico.

Boles said there is obvious Congressional interest in the routes named in the study but said no additional information will be available on the subject until it is considered by Congress next year.

MRS. B—

By CECELIA BARRON

I get so many lovely letters, I just must share 'bits and pieces' with you, as space will not permit entire letters.

A friend in Woodlyn, Penn. writes me such interesting things, I love and cherish each word she writes:

'My friend from Ohio and I had planned to go west in May, but finally left in June; drove to Brady, Texas, then on to Portales, where we stayed three days and came back via Hollis, Okla., where she was stationed while in VISTA.

The center in Portales is very nice and they are doing very well. I was really happy to see the progress they had made. The Spanish have a nice recreation building on the Lindsay School property in northwest Portales.

We have had a beautiful fall this year. The trees were just beyond description. The flaming red maples, yellow Norway maples, and oaks just turning brown. We have a black oak in our back yard that is beginning to turn a golden brown. We had rain just one day in October, and that is all, until today when a northeaster set in. We really need rain, so I can't complain.'

She also sends along this chain letter:

'Dear Church Member:

This chain letter is meant to bring relief and happiness to you. Unlike other chain letters, it does not cost money. You simply send a copy of this letter to six other churches who are tired of their ministers.

Then bundle up your pastor and send him to the church at the top of the list, adidng your name to the bottom.

Within one week you should receive 16,436 miinsters, and one of them should be a dandy! Have faith in this chain letter. One man broke the chain and got his own minister back!'

Then I got a wonderful letter from my granddaughters in California:

'Robin and I got home from cheerleading camp Thursday night. It was held at the University of California at Santa Cruz. The campus was really beautiful. The dorms that we stayed in were very modern and had huge glass windows in the rooms. I roomed with my friend Vickie, who is also a song leader. We each had our own bed, dresser and desk. From our window we could see the ocean which was only a few hundred yards away.

The dorms were four stories high and arranged in a circle around the 'quad'. In this 'quad' there were huge redwood trees and a carpet of green grass. There was a large, modern cafeteria, and the food was really good — we even had steak and mushrooms one night.

We went to classes all day and learned four routines a day. It was really hard to remember them and we had to practice a lot. On the last day, all the girls had to perform their routines in front of more than 400 girls. Our song leaders won the supreme trophy, and the junior varsity cheerleaders (Robin) also won a trophy. It was really exciting and marvelous at Santa Cruz—

I wore the blue slacks and blouse you made me. I got a lot of compliments on the blouse and some couldn't believe you made it—

I tried a new class this year: accounting. I like it pretty well. It teaches how to keep books and records, and how to manage money, etc.—

Daddy has harvested a lot of honey since we got back. It seems like we have honey all over the house!'

Another granddaughter who is from Lubbock, Texas and attending college at Pasadena, Calif., writes:

'I'm really enjoying college so far and I love meeting new people, especially those from England, Canada and Australia. I really feel sorry for the foreign students because they're so far away from their homes and they will not be able to go home until they finish as it's so expensive. I'm glad I'm not far.

I'm in a nice dorm (Mayfair) with three floors and a basement for storage and laundry. My room has eleven girls in it, but I rarely see them, so I have plenty of privacy.

I take swimming, French, music, art, Western civilization to 1648, life and teachings of Jesus, principles of living, and I found out I just made chorale. I also passed auditions for piano and voice lessons. I've joined the Women's Club and the French Ambassador Club. There is a music performance I'm required to go to every Tuesday. Last Thursday we had a western buffet and a sing-a-long and I met a lot of people. Next Sunday is the faculty reception and dance, formal and tux.

Things are really better than I thought. I have a lot of freedom and free time. The campus is so beautiful with flowers and trees. There is a store across the street where I can buy bunches of flowers. I've met lots of nice boys — the one I have been going out with lately, is from Ontario, Canada. He is one-half inch taller than me, and very cute with rosy cheeks and lots of muscles. He has been ice skating since he was three and loves ice hockey.

Last Saturday night my dorm had a Hawaiian dance. The girls made fresh carnation leis for themselves and dates. The dance was outside, so it was a bit chilly even though we were dancing; but it was really impressive'.

AT HURRIED CONSULTATION before the Sierra Blanca Airport Development Committee met to consider a preliminary airport study Oct. 11, Bob White, of the New Mexico Aviation Department, left, Fred Heckman, committee chairman, C. Richard Cothrun, Ruidoso Valley Chamber of Commerce manager, standing, and George Shoemaker, committee member, discussed some points in the Herkenhoff-Parsons initial report in connection with the need for facilities the new airport will generate.

(Ruidoso News Photo)

Tourism the key to airport planning

At an Oct. 11 meeting of the Sierra Blanca Airport Development Committee at the Chaparral, Ruidoso Downs, committee chairman Fred Heckman said that the proposed new airport, upon completion, "will become one of the most important factors in the future growth of our area."

The committee met to evaluate a preliminary planning report developed by Herkenhoff-Parsons, engineers and planners for the proposed airport, of Los Angeles, Calif., and Albuquerque.

In noting that the study "is slightly behind schedule", Earl Cook, project manager for Herkenhoff-Parsons, said, "Tourism is calling for new techniques" to define the demand for aircraft activity in the Ruidoso area to complete the airport analysis that will determine the size of the airport and terminal facilities.

Heckman, with the other committee members, instructed Cook to determine the extent of tourist facilities in the area and to investigate charter as well as commuter airline flights that would be available to transport horse racing and skiing fans, as well as conventioneers into the new airport.

The present inconvenience of getting to Ruidoso, due to a lack of direct air service, was discussed as one of the primary problems in the future development of the area as a vacation destination, as well as in attracting conventions.

The committee, upon completion of the final analysis study, will meet to determine the requirements for the new airport and to make a site selection within 15 miles of the present airport at Ruidoso. The site is to be designated, according to the present schedule, about Jan. 1, 1975.

*Denotes Missouri Valley Conference Game.

In Passing . .

By AL LANE

From the feel of the weather one would think that our winter season was almost here and with several inches of snow on Sierra Blanca it would appear that it won't be long before the skiers will return to our fair city. The ground is saturated from the rainfall — must be a record for October — and early snowfalls should stay on the mountain pretty good. Rough on our contractors who are trying to work outside . . . .

Politics now coming to the forefront with the election only two weeks away. Before going to the polls, study the candidates carefully — this will probably be one of the most crucial elections in our history. With those that are now in office, you have a good opportunity to assess past performances — don't be too impressed with any action they might take just before the election, it's to influence you . . .

The Hondo valley showing its colors now with the oak, poplars, Virginia Creeper and other trees, all colors from fiery red to a true gold. Our area is well worth taking a drive just to enjoy the beauty of fall . . .

Ruidoso Trounces Hatch by 26-7

By FLANAGAN

Although winning only their second football game of the season, Ruidoso's Warriors made it a big one as they walloped the visiting Hatch Bears, 26-7 in the first district game for both teams.

Ruidoso was plagued in the first two quarters by fumblitis and penalties — as they have been in each of their preceding games.

In the first quarter Ruidoso's defense dug in and held the Bears on Hatch's first series of downs, forcing a punting situation. Defensive end Teddy Durham broke through on the attempted punt, blocking the kick on Ruidoso's 26 yard line. Ruidoso was called for off-side, rubbing out the play and giving the Bears a first down. Again Ruidoso's defense held as Clifton Neal, defensive halfback for the Warriors, broke through and nailed the Hatch quarterback for a two yard loss, on a fourth down and four situation.

Ruidoso fumbled twice on its next two possessions, giving the Bears the ball on the Ruidoso 24 yard line minutes before the end of the first quarter. After a pass completion to the Ruidoso seven yard line, it took the Bears four plays to get into the end zone for six points, and that was with the help of a pass interference call on the Warriors that put the ball on the Ruidoso 2-yard line. With the TD and the extra point kick, the Hatch Bears took a 7-0 lead over the Warriors.

Ruidoso's defense held the Bears in check during the third quarter as they reneatedly broke through and nailed the Hatch ball carriers for losses. Again penalties and fumbles erased Ruidoso gains and halted drives by the Ruidoso team.

Just before the half Ruidoso's David Stiles intercepted a Hatch pass on the Bears' 46 yard line and the Tribe began to move. Again a penalty hurt the Ruidoso team as they drove down to the Hatch 34 yard line, only to have a pass interference call go against them and also the loss of down. With a third down facing the Tribe, quarterback Colly Parks hit Teddy Durham on the Hatch 30 yard line with a 19 yard strike and Danny Brown gave Ruidoso a first down as he went for 4 yards but the gun went off, ending the first half of play with Ruidoso still trailing the Bears 0-7.

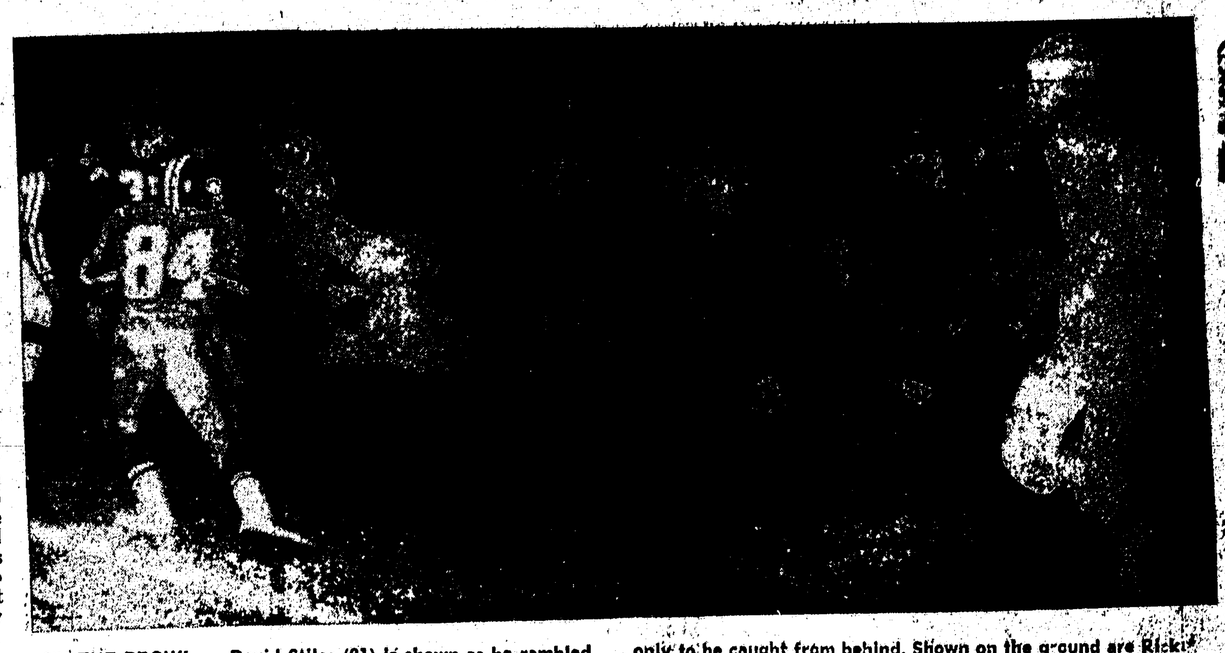
In the third quarter Ruidoso was once again bothered with penalties as they took a Hatch punt on their own 10 yard stripe out to their own 31, only to have the run-back nullified and a penalty stepped off that moved the ball back to the Warrior 5-yard stripe. Ruidoso's offensive line really began to open up and move the Hatch linemen out for the running backs, only to have penalties rubbing out the gains.

Wayne Owens defensive halfback for the Warriors came up with a big play midway in the third quarter as he stepped in front of a Hatch receiver and grabbed off a pass on the Ruidoso 16-yard line, snuffing out a Hatch drive. On the first play from scrimmage the offensive line of the Warriors opened up and Danny Brown was off as he hit the line at full speed and out raced the Bear defenders and blew 84 yards to tack up Ruidoso's first TD. He also got the call for the extra point try and put the Tribe ahead, 8-7.

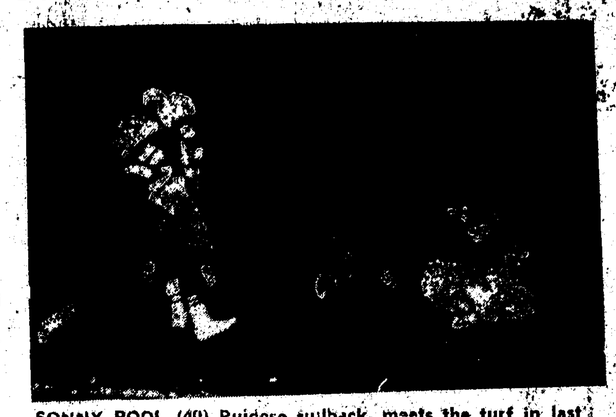
A fumble recovery by Sammy Hardwick, Ruidoso tackle on the Hatch 25 yard line set up the second touchdown for the Warriors. With Sonny Pool, Brown and Stiles lugging the ball, the Warriors drove down to the Hatch 1-yard line from where Brown crashed into the end zone to pad Ruidoso's lead to 14-7.

In the top of the fourth quarter, Ruidoso's defense really started to work on Hatch's ball carriers as they stuck them good, forcing the Bears to punt to the Ruidoso 18 yard line. From there the Warriors drove down to the Hatch 38 yard line and then began a series of upfield and back as the Warriors would gain yardage and, then lose the yardage via penalties and mistakes. With the fourth down and goal on the Hatch 11 yard line, Parks, behind good offensive blocking, hit Richard Wheelock in the end zone for the third Ruidoso TD.

Ruidoso's stingy defense held the Hatch Bears and forced them into a punting situation on a fourth down as they held them to a minus 2 yards on three plays. Again Ruidoso seemed to be stopped as they fumbled on their own 23 yard line after receiving the Hatch punt on a second down try. With 29 seconds showing on the scoreboard clock, Danny Brown showed his speed when he picked off a Bear pass on the Ruidoso 10 yard line, and, behind good blocks thrown, raced 90 yards to pay dirt to put the game away for the Warriors.



ON THE PROWL — David Stiles (21) is shown as he rambled for good yardage against the Hatch Bears. Stiles picked up a first down on this carry. He eluded this would-be tackler, only to be caught from behind. Shown on the ground are Rick Tate and Sonny Pool. The Warriors upended the Hatch Bears 26-7 in the Homecoming game. (Ruidoso News Photo)



SONNY POOL (40) Ruidoso fullback, meets the turf in last Friday night's encounter with the Hatch Bears. Pool had just picked up a first down for the Warriors on a 12-yard scamper. The Tribesmen dropped Hatch 26-7 in the Warriors' first district contest before a large Homecoming crowd. (Ruidoso News Photo)

Pro-Amateur best ball tourney Oct. 28 at Alto

The Alto Lakes Golf and Country Club's Pro-Am tournament will be Oct. 28th, with teams of one professional and three amateurs in best ball, 18-hole medal play.

Professionals from throughout New Mexico are registering. Tee times will be determined at the close of registration.

The SILVER LINING

by DANIEL A. STORM

October's Bright Blue Weather

There are many sayings about October, and there is one that never grows old, written by the beloved American author Helen Hunt Jackson:

"Oh suns and skies and clouds of June
And flowers of June together,
Ye cannot rival for one hour
October's bright blue weather."

This is being written on the half-way ground through this beautiful month, the fifteenth, and this blue October day, with not the sign of a break in the pure blue overhead, comes as a sudden magic change from some of the rainiest, cloudiest weather I have seen for many a day in the vale.

The air is ever so clear, after having been washed clean by the waters of the sky, so that the sun, on this still day is bright, sending its rays easily through the clean air.

Through the brightness and peaceful stillness of the day, the signs of the recent wonderful rains are plain to see and hear. High upon the mountain sides amid the abundant green of grass, oak brush and pinon and cedar there are numberless shining objects, which if you did not know better, look like mirrors placed everywhere on the hillsides. These are the rocks, ledges, and small cliffs with the water running over. And that extra brilliant green near by is moss — the most beautiful you have seen in many a day. How wonderful it is that the moss remains on the rocks, logs, and trees through the long drought spells, to spring into life with the rains.

The pure air is a treat to the lungs and has the fresh life-giving flavor of the rain.

Through the still air, up from the winding valley, from the waterfalls, rapids, swirling pool — near at hand and up and down the vale, just within reach of your hearing — come all these water voices mingling into the song of the rivers. The Ruidoso, The Noisy River, living true to its name after many months without much sound. Noisy, yes, but a pleasant noise. "A joyful noise", as the Bible says.

Second Spring

Once in a long time, this time of year, after an unusually good late rainy season, you notice little touches of Spring in the Fall. Maybe a spring flower blooms again, or maybe the apple trees will put on a few blossoms.

Among the growing, taking part in the Autumn pageantry, is the Salt Cedar, its soft gold adding its charm to the bronze of the oak, the lemon yellow of the wild grape, and the cherry red of the Woodbine.

By the wayside I noticed that on many of the Salt Cedars, along with the autumn gold, there were sprays of the pink blossoms of Spring — a rare touch in October landscape painting.

Jack Frost Pays A Visit

Speaking of touching up the landscape with colors, I see where Jack Frost has done some of his very best work among the Aspens, Mountain Maple, Oak, Walnut, Oak Brush and Box Elder.

Down in this bend of the river, Jack Frost has not done much work.

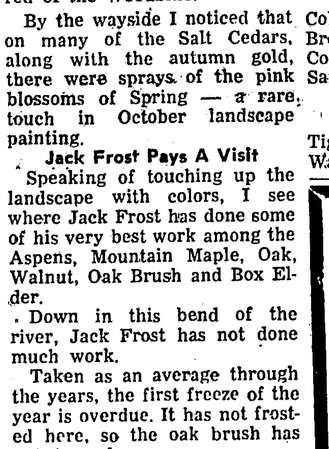
Taken as an average through the years, the first freeze of the year is overdue. It has not frosted here, so the oak brush has not turned.

Jack told me he has held off the frost down this way to give the grass a chance. He also said that this would push the Indian Summer season farther up into the fall, and that this season will be unusually pleasant.

Soaking In The Sun

On a clear day such as this, after many days of rain, you can almost feel the whole world gratefully taking in the sun.

Foremost in the "Children of the Sun" is the Storm Ranch Coylie, Shady Logan, stretched out on the grass, soaking in the rays of his beloved sun, happily smiling in his sleep.



Navy Hospitalman Apprentice Charles D. Baker, son of Mr. and Mrs. Jerry L. Beltran of Carrizozo, graduated from recruit training at the Naval Training Center, San Diego. He is scheduled to report to Hospital Corpsman School, San Diego. The training included instruction in seamanship, military regulations, fire fighting, close order drill, first aid and Navy history.

Kirestie Spears of the Lea County 4-H Club proudly shows her Light Weight Cross calf after selling her animal to Tastee-Freez. This fine calf is shown in the sale ring at the Eastern New Mexico State Fair in Roswell. Kirestie's calf weighed in at 970 pounds. Kerry and Verna Evans of Ruidoso along with seven other Tastee-Freez store owners in Southeastern New Mexico purchased the calf. Standing beside Kirestie is Jeneanne Lister, one of the participating store owners. Tastee-Freez store owners in Southeastern New Mexico purchased four animals which went through the Livestock Sale in Roswell.

Holy Cross craft faire set for Mesilla Park

Craftsmen will be selling their wares in a gay and festive Renaissance environment at the 4th Annual Holy Cross Craft Faire. The Faire will be held Nov. 1, 2, and 3 at Holy Cross Retreat, south of Mesilla Park, N. M.

Banners and guild symbols will decorate the booths and artisans will wear the elegant costumes of the Middle Ages. The Renaissance theme for decorating and costuming adds to the fun and adds, still, another dimension to the already beautiful natural setting of the Holy Cross Retreat.

This year artisans from throughout the Southwest and other parts of the country will be selling their wares in 65 to 70 booths. The Faire boasts artists from the Ruidoso area. Other entrants are from parts of New Mexico, Arizona, Texas, Colorado, Kansas, Wyoming, Michigan and Wisconsin.

Jewelry, pottery, and weaving remain the most popular and prominent items at the Faire. Some of the other items at the Faire will be macrame, graphics, quilting, leatherwork, wood sculpture, stitchery, leaded stained glass, hand made dolls, and oil and acrylic paintings. Each product bears the craftsman's own stamp of individuality and originality.

Hand carved wooden toys are one of the unique and "one of a kind" items for sale at the Faire. These can be used as furniture, toys, or decorator items. Another popular item is metal sculpture. These utilize such items as parts of clocks and are executed in delicate phantasy-like designs. The magic little flutes will make a return appearance at the Faire. They are playable or can be ornamental.

The very popular food booths will again be a part of the Faire. A variety of fun entertainment is being planned.

The Holy Cross Retreat Board of Directors wishes to provide the opportunity to view, appreciate and buy works of art as well as provide the artists with a pleasant place to exhibit and sell their work.

The Holy Cross Faire is the only Craft Faire hosted by a Holy Order. In the words of Father Leo, a Franciscan and an original promoter of the Faire, "this is the type of work which would delight the heart of St. Francis. The humor and whimsey, as well as the artistic quality displayed in the work of these craftsmen, give an uplift to the heart."

Possible rabid animals may be in Ruidoso

Two Doberman Pinscher 13-week-old puppies, possibly exposed to rabies, may have been stolen or strayed to the Ruidoso area. The animals, one female and one male, are missing from the High Rolls area and are black and tan in color, have had their tails docked, and the female's ears have been cut.

Anyone having information about the animals should call Gene Van Cor, 679-2975 in High Rolls. A reward is being offered.

BENJAMIN MOORE PAINTS

STUPH & JUNK . . . by Cale Dickey

Avant-garde . . .

There's a group of area men . . . members of the Sierra Blanca Airport Development Committee . . who are herewith recipients of Stuph & Junk's "Dirty Sox Award" (for good guys only) . . . because of their avant-garde outlook on the future of the entire area . . . not only Ruidoso-Ruidoso Downs . . . to benefit from the new airport.

Seems this group met last Friday with two planners from Herkenhoff-Parsons . . . that's the outfit doing the homework for the committee for a fee . . . so the committee'll know whereof they speak when they're speaking to bankers and those of like ilk, when the time comes to seek grants, loans and other funding.

These digger-outers of facts . . . they're called consultants . . . presented the committee with a preliminary report . . . headed by chairman Fred Heckman . . . who'd really done his homework . . . the committee dissected the report . . . and laid the groundwork for a report that'll be the foundation from which the new airport may become a reality.

It shapes up this way . . . once the forecast of aviation demand for the new airport . . . which includes potential commuter and charter plane flights . . . and maybe bigger aircraft . . . is completed the committee'll know exactly how many people can be housed . . . fed . . . entertained . . . which, as of the nonce . . . is a moot question.

Also the committee asked penetrating questions . . . such as if the new airport would be equipped to handle race horses transported by air . . . how to offer inducements to conventions to come to this paradise in the Land of Enchantment during the horse racing-Thanksgiving and spring-horse racing "off" seasons . . . and how to provide direct air service from large terminals throughout the country . . . and to determine how to attract nationwide chains offering strictly first cabin accommodations . . . and, well, you can see that this committee has been keeping their thinking caps free of cobwebs.

And they asked how other communities . . . with no more to offer initially than this area . . . had burgeoned from insignificance as tourist-convention-vacation centers into national prominence. They reasoned along the lines of . . . if someone else can do it . . . we can do it better.

There's no question at all that what this area needs . . to grow and prosper . . . is more people with more money spending more time here . . . and, by jinkies, if this committee doesn't figure out how to offer that inducement to attract these visitors, I'd doubt . . . after sitting in on their last meeting . . . that you'd find any other group that could get the job done any better . . . or quicker.

And who knows . . . someday the Ruidoso area may become the world's playground in the great southwest . . . which couldn't help but benefit everyone.

Wet stuff . . .

Considering how dry it was . . . and how wet it is . . . it's a wonder all of the village's dogs haven't developed webbed feet.

But you don't hear too much complaining . . . mostly it's hankering . . . hankering to have the sun shine . . . to dry the sodden fireplace wood . . . to let doubters cast an eye upward to see if there's actually snow on Old Baldy . . . and to get the chill from the marrow of our bones.

Keep the faith . . .

In the aftermath of Watergate . . . things like scandals involving our top ranked men in Washington, D. C. . . . things like increasing taxes to combat inflation . . . things like keeping a cool house, and not driving so much, and reading the labels to eat better for less money . . . a person has a tendency to think the country is on the brink of . . . and please pardon the expression . . . going to pot . . . but, be of good cheer . . . we've survived for almost 200 years . . . which, considering, is like we're not dry behind the ears yet . . . but we'll make it . . . all you have to do is keep the faith.

BRIEF BIT: Every politician is in favor of change . . . just as long as he gets to stick around in office to see that change stays on as a campaign issue.

. . . CD

October 13-19 set for school lunch week

National School Lunch Week, an annual celebration recognizing the National School Lunch Program, is set for October 13-19.

The week, as proclaimed by President Ford, is to recognize this program that provides nutritious and well-balanced meals to more than 26 million children across the nation.

This U. S. Department of Agriculture program is in its 28th year of operation.

In New Mexico last year about 260,000 students in more than 650 schools ate the school lunch daily.

Recent national goals of the National School Lunch Program include extending the program's benefits to schools that do not have lunch or other food programs for their students. And there is a stepped up effort to increase student participation at schools that already have a lunch program.

As the President said in his proclamation, "Only healthy, well-nourished students can realize their fullest mental and physical potential and transform equality of opportunity from an ideal into a reality."

The National School Lunch Program is administered in New Mexico by the State Department of Education in cooperation with USDA's Food and Nutrition Service.

YOU'LL KNOW IT'S REAL if you got it at Bennett's Indian Shop. Truly fine Indian craftsmanship. West on Highway 70.

ORDINANCE NO. 74-14

AN ORDINANCE DECLARING THE RESULTS OF THE QUESTION OF AUTHORIZING THE INCURRING OF A GENERAL OBLIGATION INDEBTEDNESS FOR AND ON BEHALF OF AND UPON THE CREDIT OF THE VILLAGE OF RUIDOSO, NEW MEXICO, BY ISSUING NEGOTIABLE COUPON BONDS OF SAID VILLAGE IN THE AMOUNT NOT EXCEEDING $5,000,000.00, OR SO MUCH THEREOF AS MAY BE NECESSARY, FOR THE PURPOSE OF CONSTRUCTING, ENLARGING, IMPROVING AND EXTENDING THE WATER SYSTEM OF THE VILLAGE OF RUIDOSO, NEW MEXICO; AND OTHER MATTERS RELATED THERETO.

WHEREAS, at a special municipal election held in the Village of Ruidoso, Lincoln County, New Mexico, on Tuesday, the 8th day of October, 1974, the following PROPOSITION to authorize the incurring of a general obligation indebtedness for and on behalf of and upon the credit of said Village was submitted to the qualified, resident, registered electors of the village, and the non-resident, registered electors of the Village as defined by the 1965 New Mexico Municipal Code, to-wit:

PROPOSITION

Shall the Board of Trustees of the Village of Ruidoso, New Mexico, be authorized to incur an indebtedness for and on behalf of said municipality, and upon the full faith and credit thereof by issuing negotiable, coupon, general obligation bonds, in one series or more, in the aggregate principal amount not exceeding $5,000,000.00, or so much thereof as may be necessary, for the purpose of constructing, enlarging, improving and extending the Water System of the Village of Ruidoso, New Mexico, with said bonds to mature, bear interest, and be issued and sold in accordance with law?

and

WHEREAS, said PROPOSITION carried by a majority vote of more than the requisite number of the qualified, resident, registered electors of the Village of Ruidoso, New Mexico, and the non-resident, municipal electors of the Village of Ruidoso, New Mexico, as defined by the 1965 New Mexico Municipal Code, voting thereon, and with voting totals as follows:

(a) qualified, resident, registered electors of the Village:

287 VOTES FOR THE WATER SYSTEM BOND ISSUE.

156 VOTES AGAINST THE WATER SYSTEM BOND ISSUE.

(b) non-resident, municipal electors of the Village:

2 VOTES FOR THE WATER SYSTEM BOND ISSUE.

0 VOTES AGAINST THE WATER SYSTEM BOND ISSUE.

THEREFORE, BE IT ORDAINED BY THE BOARD OF TRUSTEES OF THE VILLAGE OF RUIDOSO, NEW MEXICO:

Section 1. That the question of incurring an indebtedness submitted at the special municipal election held on the 8th day of October, 1974, resulted in the approval of the incurring of a general obligation indebtedness for and on behalf of and upon the credit of the Village of Ruidoso, New Mexico, by issuing the negotiable, coupon bonds of said Village, in the amount not exceeding $5,000,000.00 or so much thereof as may be necessary, for the purpose of constructing, enlarging, improving and extending the Water System of the Village of Ruidoso, New Mexico, and the result of said election is hereby declared.

Section 2. That all action heretofore taken by the Board of Trustees and the officers of the Village of Ruidoso, New Mexico, directed toward accomplishing the purpose stated in the aforesaid PROPOSITION be, and the same is hereby ratified, approved, and confirmed.

Section 3. That it is hereby declared that this Ordinance is an emergency measure on the ground of urgent public need, and it shall be in full force and effect immediately upon its passage, approval, and publication.

ADOPTED AND APPROVED this the 10th day of October, 1974.

/s/ Lloyd L. Davis Jr.,
Mayor

ATTEST:
/s/ James L. Hine,
Village Clerk

It was then moved by Trustee Riley and seconded by Trustee Gunter, that, all rules of the Board of Trustees which, unless suspended, might prevent the final passage and adoption of this Ordinance at this meeting, be, and the same are hereby suspended.

The question being upon the adoption of said motion and the suspension of rules, the roll was called with the following result:

Those voting AYE: Lloyd L. Davis Jr., Don Riley, Albert Gunter, Don Driver, W. Sherman Atwood.

Those voting NAY: 0.

Five members of the Board of Trustees having voted in favor of said motion, the presiding officer declared said motion carried and the rules suspended.

Whereupon, Trustee Riley moved that said Ordinance be passed and adopted as read.

Trustee Atwood seconded the motion and the question being upon the final passage and adoption of the Ordinance, the roll was called with the following result:

Those voting AYE: Trustees: Lloyd L. Davis Jr., Don Riley, Albert Gunter, Don Driver, W. Sherman Atwood.

Those voting NAY: 0.

Five members of the Board of Trustees having voted in favor of the passage and adoption of said Ordinance, the presiding officer thereupon declared said Ordinance duly passed and adopted.

On motion duly adopted, it was ordered that said Ordinance be numbered 74-14, and that after its approval by the Mayor and attestation by the Village Clerk, it be recorded by the Village Clerk in the Ordinance Book of said Village, according to law, and that a copy of said Ordinance be published in the "Ruidoso News", which is a newspaper of general circulation in the Village of Ruidoso, New Mexico, and published in Lincoln County, New Mexico.

Thereupon, the meeting adjourned.

/s/ Lloyd L. Davis Jr.,
Mayor, Village of
Ruidoso, New Mexico

—C. A. NO. 1—

A JOINT RESOLUTION

PROPOSING TO AMEND THE CONSTITUTION OF NEW MEXICO BY REPEALING ARTICLE 4, SECTION 10 AND ADOPTING A NEW ARTICLE 4, SECTION 10, PERTAINING TO COMPENSATION OF LEGISLATORS.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. It is proposed to amend the constitution of New Mexico by repealing Article 4, Section 10 and adopting a new Article 4, Section 10 to read:

"A. A permanent commission to consist of nine members is created which shall be known as the "legislative compensation commission". Three members shall be appointed by the governor, two members appointed by the Chief Justice of the Supreme Court, two members appointed by the president pro tempore of the senate and two members appointed by the speaker of the house of representatives.

B. No one shall be appointed to the commission who is a legislator, officer or employee of the state or any department, agency or political subdivision thereof, or who is an officer or employee of any agency or institution to which any state funds are appropriated. Commission members shall serve at the pleasure of the appointing officials.

C. Members of the legislature shall receive compensation, expenses and allowances as fixed by law which compensation, expenses and allowances shall not exceed that established by a majority vote of the legislative compensation commission.

D. The commission, before June 30 immediately following the ratification of this amendment and every fourth year thereafter, shall review and fix the maximum rates of compensation, expenses and allowances paid members of the legislature. In setting maximum compensation, expenses and allowances for members of the legislature, the commission may establish different rates applicable to sessions, and to interim periods between sessions, and may establish a maximum rate for members of the legislature who are officers different from that established for other members. Maximum rates established by the commission shall be filed with the secretary of state and become effective on the first day of July following their establishment.

E. The commission shall elect one of its members chairman and a majority of the members of the commission shall constitute a quorum for the transaction of business. Commission members shall be reimbursed for necessary expenses incurred while performing the duties imposed by this section as provided by law."

Section 2. The amendment proposed by this resolution shall be submitted to the people for their approval or rejection at the next general election or at any special election prior to that date which may be called for that purpose.

—C. A. NO. 2—

A JOINT RESOLUTION

PROPOSING AN AMENDMENT TO ARTICLE 8 OF THE CONSTITUTION OF NEW MEXICO BARRING THE LEVYING OF ANY TAX OR ASSESSMENT BY ANY POLITICAL SUBDIVISION WHOSE ENABLING LEGISLATION DOES NOT PROVIDE FOR AN ELECTED GOVERNING AUTHORITY.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. It is proposed to amend Article 8 of the constitution of New Mexico by adding a new section to read:

"No tax or assessment of any kind shall be levied by any political subdivision whose enabling legislation does not provide for an elected governing authority. This section does not prohibit the levying or collection of a tax or special assessment by an initial appointed governing authority where the appointed governing authority will be replaced by an elected one within six years of the date the appointed authority takes office. The provisions of this section shall not be effective until July 1, 1976."

Section 2. The amendment proposed by this resolution shall be presented to the people for their approval or rejection at the next general election or at any special election prior to that date which may be called for that purpose.

—C. A. NO. 3—

A JOINT RESOLUTION

PROPOSING AN AMENDMENT TO ARTICLE 9, SECTION 14 OF THE CONSTITUTION OF NEW MEXICO TO ALLOW THE LEGISLATURE TO ESTABLISH A PROGRAM OF LOANS TO STUDENTS OF THE HEALING ARTS FOR RESIDENTS OF THE STATE UNDER CERTAIN CONDITIONS.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. It is proposed to amend Article 9, Section 14 of the constitution of New Mexico to read:

"Neither the state, nor any county, school district, or municipality, except as otherwise provided in this constitution, shall directly or indirectly lend or pledge its credit, or make any donation to or in aid of any person, association or public or private corporation, or in aid of any private enterprise for the construction of any railroad; provided, nothing herein shall be construed to prohibit the state or any county or municipality from making provision for the care and maintenance of sick and indigent persons, nor shall it prohibit the state from establishing a veterans' scholarship program for Vietnam conflict veterans who are post-secondary students at educational institutions under the exclusive control of the state by exempting such veterans from the payment of tuition. For the purposes of this section a "Vietnam conflict veteran" is any person who has been honorably discharged from the armed forces of the United States, who was a resident of New Mexico at the original time of entry into the armed forces from New Mexico and who has been awarded a Vietnam campaign medal for service in the armed forces of this country in Vietnam during the period from August 5, 1964 to the official termination date of the Vietnam conflict as designated by executive order of the president of the United States. The state may also establish by law a program of loans to students of the healing arts, as defined by law, for residents of the state who, in return for the payment of educational expenses, contract with the state to practice their profession for a period of years after graduation within areas of the state designated by law."

Section 2. The amendment proposed by this resolution shall be submitted to the people for their approval or rejection at the next general election or at any special election prior to that date which may be called for that purpose.

Witness my hand and the Great Seal of the State of New Mexico this 13th day of September, 1974 at Santa Fe, New Mexico.

/s/ Betty Fiorina
Secretary of State

INNSBROOK VILLAGE

Drawer N, Ruidoso, N. M.

505/257-4646

Not just anyone can boast about having one of the most beautiful and unusual bathrooms and dressing areas in town — but the purchaser of this home will be able to do so. See to appreciate this exquisite combination of luxury, comfort and convenience in this two bedroom, two bath home which we have just listed. This home affords you the best of both worlds — formal livingroom and dining area for entertaining and a cozy den with a fireplace for your informal "get-togethers" or just relaxing with the family. Don't let this opportunity pass you by.

We have some very nice building sites, with owner financing. Contact us for showing.

7.51 acre tract in Hollywood, New Mexico. Easy access off of Hwy. 70. This property joins Pinecliff Subdivision and affords you beautiful views of the mountains.

We have just listed 40 acres north of Ruidoso off Hwy. 37, priced at $20,500. The terms for this property are 25% down and the balance at 8% over 5 years. EXCELLENT INVESTMENT!

GREAT WESTERN REALTY INC.

P. O. BOX 926 RUIDOSO, NEW MEXICO 88345

● PLENTY OF PRIVACY is afforded in this beautifully landscaped home in the pines. It has 3-bedrooms, 1¾-baths and has recently been redecorated. Both a well and city water make this offering unusual.

● PROFITABLE BUSINESS is what you'll get with this restaurant. Pizza is a favorite with the many students and skiers that gather in the area. Here's your chance to own a business in growing Ruidoso.

● FURNISHINGS ARE EXTREMELY NICE in this beautiful 2-bedroom, 2-bath condominium. It has a great amount of privacy and a view of the forest. Price includes club membership with access to tennis courts, swimming pool, putting green, saunas and game room.

● PRICED REALISTICALLY to sell, this 3-bedroom home is just what you need for the ski season. It's located in the pines and has a large deck. The heated garage can be easily converted to additional rooms. Let us show it to you.

● EASY HIGHWAY ACCESS and a gentle slope assure maximum utilization of these commercial lots with 150 feet frontage on Highway 37. About 270 feet of depth makes these lots an ideal location for your business in a real growth area.

● FINE CONSTRUCTION and good furniture are yours when you buy this mobile home. It has 2-bedrooms, 1¾-baths and features a fireplace. It's 12x64 and is 3 years old but in very fine condition. Ask us about it!

ACREAGE

You can now create your own "shangri-la" a short distance from Ruidoso with all the attributes of the country, mountains, timber, creek, etc. You can acquire this acreage in any quantity, from five to a hundred, level building sites, or will build and finance home for qualified persons.

A-FRAME — Newly remodeled. Two bedrooms, wrought iron spiral staircase, new carpet and plumbing. One-half acre on Bonito, Highway 37.

UPPER CANYON—

On the main road in the Preferred (?) upper canyon. We are offering a small 2-bedroom cabin with a good fireplace. The lot is deep enough to run from the main road to the road behind.

MOBILE—

High enough into Ponderosa to get a good view of the mountains, we have listed an excellent 2-bedroom mobile home, small but in very good condition and the price is only $8,500. If you already have your own mobile home, we suggest a good lot in Alto Crest. A recent listing of ours.

You can enjoy town convenience in country comfort in this beautiful new listing we have in Palmer Gateway. Ideally located for those with a business to get to every day, or for retirees, even large families. This home is distinguished in a good neighborhood, well constructed, 7 rooms, nice view and an apartment rental unit with two bedrooms and bath. The entire package is very clean and furnished nicely.

We have a very nice two-level under construction in Black Forest on First Street. This can be purchased in time to choose colors and pick out your favorite carpet. Three bedrooms, 1½ baths and a nice level lot.

Unusually level lot in Holiday Acres, very pretty. The owner would consider a trade for a mobile home lot. Paved, lien paid and some terms possible.

We have a beautiful 40 acre tract about 10 miles from the city limits. This is level acreage and a view from every direction. Good buy, good terms. If you are looking for that wonderful place out of the city, this is it!

Year around recreational business, shows good return, absentee-owner is willing to finance to a reliable buyer. Come by office for details. We have some wonderful business buys. Coffee is always on, so come on by and we'll go over your needs. If you are thinking of relocating and searching for a place to bring up your family, start thinking of all that Ruidoso has to offer. Hunting, fishing, golfing, skiing, horse racing and so close to many other interesting places, we just don't think Ruidoso can be beat for raising a family or for retirees.

SOUTHERN NEW MEXICO women's golf tournament winners, played at Alto Lakes Golf and Country Club Oct. 9, from the left, back row, championship, Ona Olson of Dos Lagos, low gross, 78; Kaki Schwettmann of Alto, low net, 73; first flight, Janet Warlich of Alto, low gross; Sue Reaves of Alto, low net; front row, second flight, Frankie Kearns of Dos Lagos, low gross; Lu Newton of Alto, low net; third flight, Nina Guthrie of Truth or Consequences, low gross and Ina Ethridge of Alto, low net. (Ruidoso News Photo)

WINCHENDON, MASS., COURIER: "What has happened to such things as common decency and good manners? You'll have to pardon us if we're a bit uptight, but it seems to us that far too many people have no respect for much of anything any more. Why can't people show respect and keep their mouths shut when a clergyman is offering a prayer ...? Why can't they shut up when a fine young man is reciting the Gettysburg Address? Why can't they keep quiet when the guest speaker is giving a talk? Small children, if they have not been properly trained, don't know any better. But adults should. It's about time they set a better example for the younger generation."

ALTO LADIES' GOLF Association champion, Kaki Schwettmann of Alto, left, defeated Muriel Kile, Alto, for the trophy in the finals played Oct. 11. Sue Reaves of Ruidoso, third from left, defeated Lu Newton of Ruidoso for first flight honors in the same playoff. (Ruidoso News Photo)

Back the Warriors — Join the Booster Club

Our people, especially those who make their living from our soil, know very well what they want New Mexico to be.

The trouble is almost no one listens to them.

As Governor, I'll listen.

I know what your problems are. I have the same problems, because I make my living the way you do.

As Governor, I'll do something about them:

—**About more jobs,** so our young people don't have to leave home after they graduate.

—**About our water problems,** so we get maximum use out of every drop of our precious water.

—**About highways,** so the roads you need to get to town don't deteriorate into death traps.

I know you want common-sense government in Santa Fe and an end to shoveling money at "social" issues instead of solving bedrock problems.

Give me your vote this November and you'll have four years of understanding, four years of openness to your views and a state government which does not forget or ignore your special needs.

Thank you.
