VOLUME NO. 28 IN OUR 30th YEAR

Ruidoso, Lincoln County, New Mexico 88345

THURSDAY, SEPTEMBER 11, 1975

Tough to swallow

Think you got troubles?

Be thankful you aren't Ernest F. Hardin of Alto.

Seems Hardin discovered a valuable ring had been stolen from his abode. En route to the Ruidoso PD to dutifully report his loss, he dropped in a coin operated laundry, washed a load of clothes and deposited same in the dryer. He continued to the PD, where he provided facts and clues to help recover his ring.

While he was at the PD, someone stole his drying clothes.

Ruidoso School enrollment hits 1220

The Ruidoso Municipal School board of trustees were told by Superintendent Pat Valliant last Tuesday evening that the school had reached a record enrollment of 1220 students, as of that date. The board had estimated a figure of 1166 in the budget, which was finally approved this week.

A breakdown of classes went as follows: First grade—89; second—87; third—97; fourth—99; fifth—95; sixth—106; seventh—101; eighth—112; ninth—119; tenth—107; eleventh—80; and twelfth—76. There are 50 enrolled in kindergarten and 28 in Special Education. It was noted that a full kindergarten would be required by state law

in 1977. At present only disadvantaged children are taken for the kindergarten.

Rem Alley, school architect, reported that predictions for the schools in 1969 were that the 1000 mark would be reached in 1976 and that enrollment in 1969 had been 760. He noted the crowded conditions of the school last year with an enrollment of 1131 and pointed out that a barracks building at Nob Hill and a portion of the cafeteria at White Mountain school were used as classrooms. Alley presented figures and drawings of the proposed expansion of the school and recommended that the kindergarten and grades one and two be moved to Nob Hill; grades three through eight moved to White Mountain; and that only grades nine through twelve be kept at the High School campus. Priorities given include: No. 1—Construction of a Junior High School; \$1,337,874; No. 2—addition of two classrooms and media center at White Mountain school, \$106,207; No. 3—remodeling of Nob Hill School, \$49,476; No. 4—site work at Nob Hill and White Mountain, \$53,640; No. 5—furniture at all schools, \$72,000. Recommendations by the architect came after several meetings with the board of trustees, the Teachers Advisory Committee, and on-the-site studies by Alley.

Superintendent Pat Valliant noted that the budget had been increased, due to an increase in valuation, by a total of \$5,367. He also presented the board with copies of the contract with the Mesclero

Apache Tribe for Johnson-O'Malley funds, which will amount to \$12,571. The figure is much short of the estimated \$31,258 requested and will require that several Indian aids not be hired. The contract was approved.

Two intra-classification budget transfers were approved along with the hiring of Mrs. Veda Mae Wright as fourth grade teacher; and John Parker as custodian at White Mountain school.

Tentatively approved the transfer of a bus contract from Merle Scrimshire to Craig Whipple, pending the hiring of a qualified driver and state approval.

Valliant reported that the November State School Board meeting would be held in Ruidoso, probably about the middle of the month, and would last for three days.

He also reported that interested students in the Building Trades class be under the direction of local contractors. The program would be similar to the Distributive Education class, with credit given while

the student earns wages. The board gave approval to the federal regulations governing the lunch program and granted a request for the use of the gym on February 11, 12, 13 and 14 for a junior basketball tournament, pending approval by the coaching staff and the high school principal.

The next regular meeting of the board will be held on October 14, 8 p. m. in the school administrative offices. Meetings are open to the public.

SEASON'S PLAY TO BEGIN SEPTEMBER 20

Little League football attracts 105 athletes

Ruidoso's Little League football season, with 105 boys signing up, gets underway at Warrior stadium at 1 p. m., Sept. 20 with the Cowboys vs. Saints and at 2:30 it'll be the Broncos vs. Colts.

The four major league teams are: Broncos, coached by Dr. Willard and sponsored by Gene Brock Ford. Saints, coached by Bobby Dominguez and sponsored by Ruidoso State Bank. Colts, coached by Wayne Wood and sponsored by Security Bank. Cowboys, coached by Jack Kannady Jr., and sponsored by the Evening Lions Club.

The minor league teams, for eight and nine year old boys, are: Warriors, sponsored by the Noon Lions Club, and Red Men, sponsored by The Red Men Club. Coaches will be Randy Jacquess and Rex Skellet.

Practice for all teams is set at 5:30 p. m., week days with the Broncos working out at Nob Hill School and the other five teams at White Mountain School.

Whoops! on new golfing

Never let it be said that readers of The News don't read the cutlines under photographs.

Comes now Bill Adriance, Inn of the Mt. Gods public relations man, who says: "We are projecting the golf course to open for play in the spring of 1976. Please tell all golfers the course is NOT opening this fall."

So, golfers, you've been told. And so has The News... especially The News... 'cause the last The News was told... it was told the way it was told to our readers last week.

Sorry 'bout that, Bill.

Salvation Army to conduct area pick-ups

Captain Rex McCulley of the Roswell Salvation Army, has announced that a clothing drop box is now installed on the Safeway parking lot here in Ruidoso. He also noted that home pick-ups would be conducted each Friday from 9 a. m. until 4 p. m. and those wishing to make contributions may do so by calling 257-2081 (Ruidoso First Baptist Church).

Items needed include: clothing, furniture, dishes, appliances, books (not magazines), and rags.

NM DEMOCRATIC WOMEN MEET — A meeting of the Democratic Women of New Mexico was held last week end at the Inn of the Mountain Gods with about 90 ladies attending the event. A banquet at the Inn on Saturday noon closed the meeting. [Ruidoso News photo]

Opinions: yours, ours

The News, effective today, is offering this new department in which editorials, columns and "Letters to the editor" will appear. (See page 15).

The headline: "Opinion Page, Yours and Ours" says it all and your opinions, as "Letters to the editor" are respectfully solicited.

There will be but three restrictions for you to express your opinion:

1. All communications must be signed, with P. O. address and telephone number.
2. Nothing of a libelous or defamatory nature will be published.
3. All remarks must be in good taste and expressed without profanity.

Staff written editorials will appear in each issue and will vary from highly controversial subjects to the most innocuous.

This is just another in a planned series of continuous improvements designed to give you the best possible newspaper we can produce.

We carefully weigh each change to serve you better, to serve our area better, with each change designed to make Ruidoso and area a better place in which to work, live and play.

Runnels wins T or C Pony Express race

Benny Runnels of Bonito won the Pony Express race between Monticello, Sept. 7, to inaugurate the 27 mile race.

Runnels' time was 1 hour, 5 minutes and 23 seconds, to cross the finish line 12 minutes ahead of the Brahim Hindi

team of Duran. In the Aug. 2 Pony Express race, over a 41 mile course between White Oaks and Lincoln, Runnels and Hindi finished in a dead heat. "The \$13,500 purse," Runnels said, "was split between the first three runners."

Hondo teachers receive Red Cross first aid training

The Hondo School faculty, this week and next, are taking the Standard First Aid Course Multi-media System training.

"The 22 teachers," Mrs. Nona Brecheisen, instructor, said, "will receive 10-hour standard first aid certificates at the completion of the course."

"Paul Lukens Jr., Ruidoso chief of police, will instruct the class in cardiac pulmon-

ary resuscitation. "The purpose of training the faculty is so that they'll be able to handle any first aid problems that are likely to arise at the school."

Ms. Brecheisen said that the "Good Samaritan Clause" in effect in New Mexico, by legislative action, states:

"Section 1. No person who shall administer emergency care in good faith at or near

the scene of an emergency, as defined herein, shall be held liable for any civil damages as a result of any action or omission by such person in administering said care, except for gross negligence, provided that nothing herein shall apply to the administering of such care where the same is rendered for remuneration or with the expectation of remuneration or is rendered by any person or agent of a

principal who was at the scene of the accident or emergency because he or his principal was soliciting business or performing or seeking to perform some service for remuneration.

"Section 2. As used in this ace "emergency" means an unexpected occurrence involving injury or illness to persons, including motor vehicle accidents and collisions, disasters, and other accidents

and events of similar nature occurring in public or private places."

"This is a very good law," Ms. Brecheisen said, "and it is being used as a pattern by states throughout the nation."

The trainees, as the photographs show, found moments to enjoy as they went about the serious business of working for their standard certificates. Taking the course are Henry Lopez, Lynda A. Cooper, Charlotte Lee, Lana Littlell, Fidela Montoya, Carey Stowe, Larry Gabrielson, Chris Newbise, Nora McTeigue, Gerald Montes, Ann McKay;

SHADED BY A CANOPY on Lincoln's main street, this carving gives no clue as to the artisan, but it does give passers by cause for a moment's reflection. Was or was not the artisan tortured? [Ruidoso News photo]

Kindergarten openings still available

Openings are still available in the Community Kindergarten, a non-denominational program held at the United First Methodist Church. Any youngster who will be five years old before October 1 is eligible for the kindergarten. Those wishing more information may call 257-4170, or Mrs. Howard Tate or Mrs. Pat Valliant.

Gun safety course set

A hunter's safety class, for any person born since Jan. 1, 1958, will be held at the main fire hall in Ruidoso beginning Sept. 23.

"The successful completion of this course," Tim Barraclough, NM Game and Fish officer, said, "is required for anyone in this age group desiring to hunt alone."

Instructors, to date, include Barraclough, Bill Seelbach and Jack Spall. "Volunteers, desiring to become certified as instructors, are welcome to assist in teaching this course," Barraclough said.

"If you are interested, please call me at 336-4397 as soon as possible."

HARD AT IT were Linda Cooper, Frank Titsworth, Barbara Radcliff and Henry Lopez — and they were getting the job done quickly.

BREATHING LESSON being practiced by Elsie Kimbrell, Amanda Torrez, Beth Nosker and Gary Stowe. [Ruidoso News photos]

DOING THEIR BEST to learn to tie non-slip knots were Cecilia Booky, Josephine Gomez, Nora McTeigue and Manu-reen Leonard.

Mr. and Mrs. Michael G. Paulowsky

Laura Mathers, M. G. Paulowsky rites solemnized

Miss Laura Jean Mathers and Mr. Michael G. Paulowsky were married August 16, in the First United Presbyterian Church of Las Cruces.

The bride is the daughter of Mr. and Mrs. L. E. Mathers Jr., Las Cruces, and the bridegroom is the son of Mrs. Lorene Fort Paulowsky, Ruidoso,

and Mr. George Paulowsky, Hobbs.

Dr. Jay Bishop officiated at the double ring ceremony, amid baskets filled with white gladioli and gold candelabra with white tapers. Mrs. Stephan Loman played traditional wedding selections on the organ and accompanied Dr. Bishop, who sang The Lord's Prayer.

The bride, escorted to the altar by her father, wore a formal gown of white silk organza accented with alencon lace, seed pearls and bishop sleeves. Her elbow length veil was caught to a white silk picture hat. She carried a cascade bouquet of white roses and baby's breath.

Barbara Nelson, Las Cruces, was maid of honor; and bridesmaids were Jamie Perry, Littleton, Colorado, and Carol Russell, Casa Grande, Arizona. They wore floor length gowns in romance blue with long sleeved jackets accented by white cluny lace. Their white picture hats were trimmed in matching blue ribbon and they carried cascade bouquets of blue painted daisies and white mums.

Becky and Debbie Brown, Austin, Texas, nieces of the bridegroom, were flower girls. Their long gowns were of white eyelet and they carried white baskets filled with blue painted daisies.

Best man was Carl Everett, Tempe, Arizona. Groomsman were Stephen Brown and Stephen Dahlgren, Las Cruces. The bride's brother, Les

Mather, Albuquerque; John Knorr, Artesia; Robert Lawrence, Las Cruces; Mark Robason, Hobbs; and John Tilley, Beaumont, Texas, were ushers.

The bridegroom's sister, Mrs. Phillip Brown, Austin, Texas, registered guests.

The bride's mother wore a floor length, mint green gown; and the bridegroom's mother wore a yellow, floor length gown. Both wore white carnation and rose corsages.

The reception was held at the Las Cruces Country Club. The serving table was covered with white linen and decorated with a white and blue daisy floral arrangement and silver candelabra. Assisting with the serving were Mrs. Gerald Zeller and Mrs. Robert Holland, of Las Cruces; and Miss Karen Velde, Mason City, Illinois. Alan Quintana, Santa Fe, and Rex Hall, Deming, furnished piano music during the reception.

The bridegroom's parents hosted a rehearsal dinner at the Double Eagle Restaurant, Friday evening.

The couple will be at home in Dallas, Texas, where the bridegroom will be a senior law student at Southern Methodist University School of Law. The bride is employed as a financial analyst for the Federal Reserve Bank of Dallas. Both are graduates of New Mexico State University.

Harry M. Whiteley

Services were held Monday, September 8, from the Church of Christ, for Harry M. Whiteley. Arthur Judd and Bernice Bauer officiated. Mr. Bauer is a former minister of the Ruidoso church. Burial was in South Park Cemetery in Roswell.

Mr. Whiteley was born May 30, 1909, in Newcastle, Texas. He worked for many years for Sacra Bros. of Roswell, and later owned and operated the Whiteley Gas Co. of Ruidoso. He was a longtime, well known, resident of Ruidoso, and a member of the Ruidoso Church of Christ.

He is survived by his wife, Margaret; two sons, Wallace Whiteley, El Paso, and Rex Whiteley, Fairland, Oklahoma; one daughter, Mrs. Johnnie E. (Helen Sue) Barajas, Roswell; three step-daughters, Mrs. A. J. (June) Waltrip, Roswell; Mrs. John J. (Dixie) Sigler and Mrs. Charles (Peggy) McClellan, both of Ruidoso; two brothers, Joe Roberson, Ruidoso, and G. C. Roberson, Dallas, Texas; two sisters, Mrs. Bill (Beth) Brown, Ruidoso, and Mrs. Truman (Nell) Chapman, El Paso; sixteen grandchildren and five great grandchildren.

Pallbearers were Larry Holly, Van Brown, Ron Wilson, Junior Winfield, Lonnie Wood and Carl Morrison.

Conservation District sets election

The Upper Hondo Natural Resource Conservation District will hold an election on October 31, 1975, to elect two supervisors. Nominating petitions are available in the Soil Conservation Service office in Capitan.

World food is topic of book

The Soil Conservation Society of America has announced publication of a 53-page softbound book on the world food situation. In announcing the special publication, H. Wayne Pritchard, the Society's executive vice-president, expressed concern about food production and the ever-increasing pressure on land resources.

"The series of articles in this publication originally appeared in the January-February 'Journal of Soil and Water Conservation.' Purpose of the series was to assess the world food situation and its implications for land use in the United States, including the environmental costs of expanding crop production. Authors of the 11 articles in the publication consist of well-known authorities in their field and provides material for discussion groups, conservationists, and all interested in food production and land use," Pritchard added.

Single copies are available from the Soil Conservation Society of America, 7515 Northeast Ankeny Road, Ankeny, Iowa 50021, for \$1.50, postpaid. Quantity prices are available upon request.

targeted. They feel for example, that by focussing too sharply on the demand for a cancer cure, we may overlook too many other things. We are too likely to forget the unpredictable benefits of serendipity.

Attempting to look into the future, we cannot forecast the nuggets of knowledge and power serendipity will uncover for us. We can look around us with open minds and open eyes.

Our present concern should be to find out what we are and what sort of universe we are living in. Some of our discoveries may be useless, while others may even be dangerous. There is, always, the paradoxical promise to good things we do not expect from serendipity.

Dr. Jack Williamson, English professor, Eastern New Mexico University.

The Future As Fact

SERENDIPITY
Looking into the next hundred years, we can make forecasts that are highly accurate. One example is that the sun will rise every day of the coming century. When we move from such natural events into the human arena, the future is not quite so certain. One unpredictable element is serendipity. The SILVER LINING

By Daniel Agnew Stern

"School Days, school days Dear Ole Golden Rule Days 'Reading, and 'Riting, and 'Rithmetic . . ."

In September, when you see the school buses running and the children waiting along the way to step on the bus and go to school, and when you pass by the school at recess time and hear the joyful voices of the children at their play — before you know it, a faint little voice inside you whispers, "Why aren't you in school with these children?"

The habit of going to school so many years has become so fixed, and the duty to attend school so deeply rooted in our conscience, that every year in September we sort of go to school with the children.

If you will forgive me, I will say one more time that I went to the first grade in Juneau, Alaska after we went back to Alaska the second time.

The first day in school is a big day in your life. The big boys — some of them — said the teacher would whip you every day, so for a while I was a little gun-shy of the old school building. Then as school approached some of the older boys said this about the whipping was all a joke, and somehow I had come to this conclusion myself. My days in school have been pleasant from first to last. The singing, the painting with water colors, and drawing with crayons, and even the fire-drill all were pleasant. I loved the smell of the red cedar shavings from the pencils as we sharpened our pencils on the little hand cranked pencil sharpener. We made paintings and drawings of the patriotic days, and halloween, Christmas, Thanksgiving in the first grade.

In one school in Ashland, Oregon we marched into school to the drumming of a drummer boy. And then when the gong rang for the fire drill we would calmly line up in formation in the hall, and the drummer boy would drum us out of the school building.

In Juneau we had the first bell, the second bell and last bell. After the last bell you had five minutes to get to school. I had made up my mind that if ever I heard the last bell, I would turn around and go back home, I had that big a dread of being late. I do not think I was ever late for school in Juneau.

When we spent a year in Old Mexico after I left the sixth grade in Alameda, California there was no school in the little village of Copala, Sinaloa for the boys — just for the girls. While we rode burros around the plaza, we could hear the girls in the school room saying their numbers and letters out loud over and over again, learning by "rote," as in the olden times.

This has all changed, and Mexico, I hear now has high standards of education for both boys and girls all over the country. Education has changed quite a bit. One of the best things of all was in the school buildings, building them fire-proof, earth-quake proof and one-story buildings, wherever possible.

In Old Mexico, when we got ready to come to the United States we began going through some books so as to be ready to go back to school. I jumped from the sixth grade

to the first grade in high school in the old Morehead Junior High in El Paso. I had a hard struggle with all subjects except Spanish.

Early School Days Of President Grant

The other day I was reading in the Personal Memoirs of Ulysses S. Grant.

Grant says that in his day there were no free schools. A teacher was hired by the people of the community. And there were no grades. The children learning the A, B, C's studied along with all other ages up to twenty years of age.

In his dry Scotch wit, Grant mentions that in the scattered schooling he got as a boy, much of the same ground was covered several times.

"I had heard 'a noun is the name of a thing' so often that I had come to believe it — but I cast no reflections on my old teacher, Richardson. He turned out bright scholars . . ."

About whippings in school Grant says:

"I have no recollection of ever having been punished at home, either by scolding or by the rod. But at school the case was different. The rod was freely used there, and I was not exempt from its influence. I can see John D. White — the school teacher — now, with his long beech switch always in his hand. It was not always the same one either. Switches were brought in bundles, from a beech wood near the school house, by the boys for whose benefit they were intended. Often a whole bundle would be used up in a single day. I never had any hard feelings against my teacher, either while attending school, or in later years when reflecting upon my experience. Mr. White was a kind-hearted man, and was much respected by the community in which he lived. He only followed the universal custom of the period, and that under which he had received his own education."

Birthday Celebration For Helga Haake's Father

The Floyd Haake home in Ruidoso was the scene of great happiness Friday, September 11.

Five, as Mrs. Helga Haake's father, Werner Nolopp, celebrated his birthday. Helga's mother, Elly, and father, Werner, are on their first visit to America from Germany.

Werner was the star of the show, singing German songs, to the accompaniment of the guitar. He is quite a troubador with a very pleasing voice and happy personality, and he sang ballads, humorous songs, gypsy songs to the great delight of all present. Mrs. Nolopp joined in with her beautiful soprano. The couple are delighted with America and Ruidoso. They're going to California to visit their son, Pete; and will then return to Ruidoso for a while in October. We wish Werner Nolopp many happy returns of the day; and hope that he and his wife, Elly, will visit our country again.

Pearl Soderback Leaves for Washington

Pearl Soderback, "The Sweetheart of Lincoln County," left for Quilcene, Washington, where she will take care of her mother and father. Her brother, Bill Sipes, of Eureka, California, came to Ruidoso the last few days of August, to accompany Pearl on the trip to the Northwest.

Bill was in a way returning home. He formerly lived in Lincoln County, and told of working in a coal mine in White Oaks back in the nineteen thirties.

I had a grand visit with these two just before they left. Brother and sister are very devoted to one another; and it is a blessing that they will not be so distantly separated as before.

The beloved Pearl will not lose her Lincoln County friends. We will think of her and wish her well on her new mission in life. And Pearl says she will be back to visit.

Her address is:

Estate taxes can take a big bite

Federal and state inheritance taxes can take one-third of an estate over \$400,000. Almost everyone, even those with much smaller estates, can benefit from estate planning, says Gene Ott, Extension farm management specialist at New Mexico State University.

Although taxes are fairly low when the first spouse dies, the tax bite becomes more severe after both partners are dead.

Most wills transfer all property to the surviving spouse. In this case the estate avoids many taxes because, in addition to the \$60,000 personal exemption, there is a marital deduction equal to one-half of the estate.

The problem comes when all the property remains in the name of the surviving spouse. When this spouse dies, only the \$60,000 exemption applies.

The remaining estate is heavily taxed.

Most families, especially those with real and personal property, find their estates much larger than they expected, says Ott. Not only do people forget inflated property values, but they also fail to consider personal property, such things as stocks, bonds, savings accounts, checking accounts and insurance policies are included in the total estate for Federal tax purposes.

When the estate exceeds \$200,000, estate planning should be carefully considered, Ott says. The inheritance bite can be reduced by establishing a marital trust, a revocable trust, or by giving gifts to the children.

Estate planning is important and should be attempted only after receiving expert advice, specialist Ott concludes.

Ten new classes offered this fall

There are ten new classes offered at RHS this year. Listed below are a summary of each new class and the name of the teacher.

Mr. Phil Yost's forestry students are studying parts of trees, dendrology, wood identification, life factors, use of tools and forest management.

Mrs. Jessie Hawkins' college survival is a semester class. She will instruct the course first semester and it will include word study, composition, logical reasoning and how to fill out applications. Mrs. Kathy Travis will teach speed writing in college survival second semester.

Comparative government is a study of communism in its barest form and the similarities and differences of democracy. It is taught by Mr. Jim Hickerson.

Mr. Delton Estes teaches seventh and eighth grade special math. In this individual program, students work individually using basic math.

Mr. Thurman Sanchez teaches metals. Students will be working in three areas: making a tool kit out of sheet metal, making a welding table, and in scroll designing a mailbox. This is a semester course.

Volleyball work begins for girls

All girls in grades 7-12 interested in volleyball should meet in the gym from 3:30 to 5:30 every week day for practice.

Coaches Mrs. Rachel Howell and Mr. Mickey McGuire have ordered several films for the girls to view.

The 1975 Volleyball Schedule is as follows:

- September 16 — Tularosa — There — 4:00
- September 20 — Dexter — Here — 2:00

- October 11 — Ruidoso District Round Robin — Here — 10:00
- October 16 — Capitan District Round Robin — Capitan — 10:00
- October 25 — District Tournament — Dexter.

Srs. dominate Warrior team

The 1975-76 Ruidoso Warriors, under the direction of coaches Doyal Howell, Darrel Stierwalt and Barry Nelson, began their season last Friday night with a 26-0 victory over the Carrizozo Grizzlies.

The members of the varsity team are the following: Seniors — Steve Williams, Clifton Neal, Danny Brown, Richard Wheelock, Frankie Montoya, Charles Duncan, Kevin Mellon, Rick Tate, Mike Matthews, and Mike Seelbach; Juniors — Bob Gaston, Mark Wimberly, Mark Strassburg, Gary Sanchez, Daryle Watkins, Jim Lowrance and Sammy Chadic;

Sophomores — Josh Ensor, Mike Pritchett, Clarke Drumm, Ron Lowrance, Jerry Garcia, Mark Williams, Sterling Rehmer, Hector Aguilar, and Bill Morrison.

The only freshman on the team is Eugene Botella.

Jack Allen Payne

Funeral services were held in Angus, Friday, September 5, for Jack Allen Payne, Carrizozo, who died Tuesday, September 2, in Carrizozo. The Rev. Bill Miller officiated. Clarke's Chapel of Roses Mortuary was in charge.

Mr. Payne was a retired mining engineer. He was a

Juniors, Sophs. elect officers

Junior and sophomore class officers have been elected for the 1975-1976 school year. The election was held on September 3, 1975 during registration. Juniors met in the gymnasium while the sophomores met in the high school cafeteria.

Wanda Sanchez was elected as the junior president with Beverly Buckley following as vice-president. Varsity cheerleader, Lori Wright, was elected secretary-treasurer.

The chosen sophomore president is Julie Gooch. Vice-president is Terry Payne and Cathy Wynn is secretary-treasurer.

Netters tryout for two teams

There was a meeting on Monday, Sept. 8, for students from grades 7 through 12 wishing to tryout for the tennis teams.

Head Coach Kenneth Newson said there would be a varsity and junior varsity team this year, and that the teams would compete with other schools.

Mr. Phil Yost will be an assistant coach and other assistant coaches are tentative. Practice is to begin as soon as weather permits.

RODEO ASSN. SCHOLARSHIP — Anna Fay Best, a pony girl who worked at Ruidoso Downs this summer, is shown above holding a \$250 scholarship check she received from the Chaves County Junior Rodeo Assn. She is presenting attending the University of Arizona at Tucson. Presenting the check are Glen Armitage, left, association president, and Jim and Juanita Cooke, vice president and secretary.

RD "Pony Girl" earns rodeo scholarship

A "pony girl" who worked this summer at the Ruidoso Downs Race Track has been named this year's recipient of the \$250 Chaves County Junior Rodeo Assn. scholarship.

Anna Fay Best, 18, is the daughter of Mr. and Mrs. B. O. Best, Jr., of north of Roswell. She is presently attending the University of Arizona at Tucson where she is majoring in agri-business and race track management.

Miss Best was responsible for the care of five horses this summer, including Goetta Miss, who qualified for the All American Derby. She also cared for Girl O' My Dreams, who set the fastest qualifying time in the Kansas Futurity Trials and qualified for the first consolation of the All American Futurity.

The Chaves County Junior Rodeo Assn. was formed in 1969 for purposes of offering rodeo activity for the Chaves County 4-H Horse Club.

All proceeds after expenses are used for scholarships which are awarded to Chaves County 4-H members completing their senior year in high school.

Glen Armitage, association president, and J. R. Huff, Stan Switzer, Charles Hendricks, Don Brandon and Junior Best financed the first junior rodeo.

Jim and Juanita Cooke of Cooke Real Estate joined the group the second year.

"I very much appreciate the scholarship and help from 4-H, especially with the extra expenses of out-of-state tuition," Miss Best said.

She urged all 4-H members to "stay enthusiastic and strive to make the good better and the better best."

More information about scholarships available and 4-H can be obtained from Chaves County Agent Corkey Fernandez.

Alto marine earns corporal promotion

Marine Lance Corporal William C. Hightower, son of Mrs. Marjorie Hightower of Alto, N. M., has been promoted to his present rank while serving at the Marine Corps Air Station, Yuma, Ariz.

COLLEGEVILLE; PA., INDEPENDENT: "In prosperous Japan labor unions and business management are partners... not antagonists. They consider themselves as a team and work together for mutual benefits. This is what we used to do here in America too... and we had better do so again in a hurry if we hope to get back into the world market and thereby put our jobs... to work again. Selfish and unscrupulous union leaders can and will ruin our country if we don't soon wake up."

It wouldn't be the same...

The time was... when Tuesday was ironing day just as sure as the laundry was washed and hung out to dry on Monday. (Weather permitting, of course.) Imagine yourself today over the old fashioned smoothing iron, heated on the wood burning stove, ironing for your family... and in a home without air conditioning. Electricity and modern fabrics have changed all that, though. Electric washers and dryers do the laundry, rain or shine. And usually when clothes come from the dryer they need little or no ironing. Even when they do need it... modern electric irons help you do the chore with the convenience of choosing the proper heat for any fabric. Homes, industries and educational facilities depend upon electricity and more of it is used than ever before. When you flip a dial to press your son's favorite shirt, we want to make certain the electricity you need will be there.

HIGH SCHOOL REGISTRATION — These students were busily engaged in registration for the 1975-76 school year in the high school gym last week. Final figures for the school system showed a record enrollment.

Leaders boost school spirit

School spirit is skyrocketing at Ruidoso High School. Sept. 4, varsity cheerleaders started the football season with a town car caravan and town pep assembly in the Ruidoso High School gym.

The football team was presented with a cake made by the varsity cheerleaders. The slogan on the cake was "Start the Season With a Win!"

Varsity, B-team and C-team cheerleaders for the year were introduced.

Varsity cheerleaders are Liza Cabot, Pam DiPaolo, Debbie Garcia, Lesah Parks, Cathy Wilson and Lori Wright.

B-team cheerleaders are Debbi Jo Almager, Micheline Cooper, Dana Driver, Karen Marshall, Nina Marshall and Patti Neal.

C-team cheerleaders are Patsy Almager, Robin Burrows, Anita Jefferson, Sherri McClellan, Sharon Wilson and Stacy Woolridge.

Wrestling begins with Nov. tryouts

Wrestling season begins Nov. 1 and Coach Phil Yost hopes to have many boys turning out to fill twelve weight classes from 98 pounds to unlimited. Boys are eligible for varsity positions beginning in the eighth grade.

Coach Yost, Danny Francis, and Mark Strassburg attended a wrestling clinic for one week in Albuquerque this summer. Coach Yost was very impressed with the clinic and gathered a lot of knowledge on wrestling moves and holds. He is quite confident that this knowledge will be able to greatly improve the Warrior wrestlers.

Band begins fall activities

The RHS high school band will perform Friday night, Sept. 9, during halftime at our first home game, under the direction of Mr. Leroy Gooch. Drum major is Clint Baker, headwriter is Julie McBride, and twirlers are Paula Ethridge and Amanda Bragg.

The twirlers went to Tularosa every Wednesday this summer for lessons. They will perform at "Musical Cocktails."

Fresh gridders begin in T or C

There were 44 eighth and ninth grade boys who tried out on Sept. 4 for the first freshman football team practice.

Coach Dub Williams commented that there are more ninth grade boys on the team this year than any other year.

The first game will be Saturday, Sept. 20 in Truth or Consequences at 1:30 P.M.

Coach Williams and Coach Bob Elder expect a very successful season.

Golfers practice for Feb. opener

Students are busy practicing for the 1975-76 golf season which begins in February. There will be several practice matches preceding the regular season. The following students have already signed up with Mr. Leroy Gooch: Donnie Riley, Lynn Holly, Brad Maddox, Ricky Mound, Robin Nunley, Georgia Griffith, Susan Travis, Dan Joy, Richard Woodul, Jerry Garcia, Ron Lowrance, Danny Masters, David Scribner, Bob Gaston, Steven Pietsch, Kyle Kannady, David Jackson and Randy Wynn.

Registration shows unexpected increases

This year registration started at 9 A. M., Wednesday, Sept. 2. It started with seniors getting first choice followed by eleventh, tenth, and ninth graders.

Registration was in college style. There was a counseling table with Counselor James Sanchez and Mr. Jim Dickenson helping students arrange their schedules.

It took much longer this year because of the increased numbers.

Increases are as follows: eighth — 102 to 118, ninth — 99 to 115, tenth — 74 to 98, and twelfth — 64 to 74. Contrary to the trend, seventh and eleventh have decreased as follows: seventh — 97 to 95, and eleventh — 73 to 70. The total increase is from 509 to 570.

FHA District sets meet date

There was an FHA district officers' meeting held in Carrizozo on Thursday, Sept. 4. The meeting was held to discuss and plan the FHA district meeting for all members. The date was set on Oct. 4, and it will be held at Alamogordo Mid-High in Alamogordo.

The first local FHA meeting was Tuesday, Sept. 9. Meetings will probably be held every Tuesday and new members are perfectly welcome.

DE students get packet program

The Ruidoso High School Distributive Education program is beginning for the fall term. Mr. E. L. Parker, the local Distributive Education Coordinator, announced that the major addition will be the implementation of the Interstate Distributive Education Consortium.

The Interstate Distributive Education Consortium is a body of knowledge, attitudes and skills in the form of 500 LAP's (Learning Activity Packages). The LAP's have been divided into the following ten traditional Distributive Education areas: Advertising, Communications, Display, Human Relations, Management, Applied Mathematics, Merchandising, Product and Service Technology, Operations and Selling.

The LAP's have the capability of preparing students in any of 76 occupations (69 core occupations). The 76 occupations span seven marketing institutions of Department Store, Food Store, Hotel/Motel, Restaurant, Service Station, Variety Store and Wholesaling.

Mr. Parker feels this will be an excellent method to use for the individualized instruction which is necessary in a Distributive Education Program.

The Ruidoso High School Distributive Education Club's of America Chapter was ex-

tremely successful last year. Some of the highlights of the last year program were second place in State — Outstanding Chapter of the Year, scholarship Program, Employer-Employee Banquet and a Field Trip to Dallas and Six Flags Over Texas.

A few of the activities the chapter has scheduled for this year are as follows: Fund drive for Muscular Dystrophy, Marketing Research Study on Buying Motives and Habits of Ruidoso Shoppers, Officers Leadership Conference, State Leadership Conference, and other professional meetings and field trips.

Mr. Parker would like to express his sincere thanks and appreciation to the Ruidoso Community for your continued support.

BUILDING TRADES
The Ruidoso High School Building Trades Class is trying a new approach to building this year. Through the Industrial Cooperative Training Program the students get on the job training, learn practical skills and earn wages.

New faces seen on RHS staff

Ruidoso High School has five new faces on their teaching staff for the school year of 75-76. RHS welcomes these faculty members and wish them a successful year.

The new librarian at RHS is Mrs. Judy Brown. She graduated from Eastern New Mexico University in Portales with a BS in education. Mrs. Brown is working on her masters of library science at North Texas State University in Denton. Her previous teaching experience has been at Dallas, Texas for 1½ years and Clovis for 3 years. She taught physical education in both places. Mrs. Brown has a little girl, Kristie, 2½ years old. She enjoys sewing and reading and would like to learn how to snow ski in Ruidoso this winter.

Mrs. Kathy Dacy has a variety of classes this year, teaching journalism, photo journalism, English II, and English III. She is a graduate of Angelo State University of San Angelo, Texas with a BS in the field of English and math. Mrs. Dacy taught for 1 year at McCamy, Texas. She is married to Benny Dacy and enjoys cooking, camping, and sledding.

Mr. William Dean Hood is teaching world history, European history, and social stud-

ies for the seventh grade students. He graduated from New Mexico State University with a BS in secondary education. He worked with the Carlsbad park service seasonally for 6 years, and is also a member of the Army reserves. His wife, Patsy Joe, and he came to Ruidoso from Carlsbad. His hobbies include baseball, softball, fishing and drawing.

Mrs. Lyn King is teaching United States history and Southwest history for high school students. She graduated from Texas Tech University with a BS in the field of English and history. She is also doing graduate work in counseling and has taught in Texas and Hobbs for the past 8 years. She is married to Don and has two girls and a boy, Angela — 10, Cappie — 8, and Brent — 3-months-old. Mrs. King spends her spare time sewing, reading, doing macrame, and snow skiing.

Chemistry and biology is taught by Mr. Frank Silva this year. He received his BS in education at New Mexico State University. Mr. Silva taught biology for 4 years at Zia Jr. High and also coached the wrestling team at Las Cruces High. Linda, his wife, and he have a 2 year old daughter, Melanie. Mr. Silva spends his extra time hunting, fishing, archery, and 4-wheel driving.

There are sounds and there are sounds — beautiful sounds; then there is noise, tone, and sonance. The dictionary says: a sound in general terms, is anything that may be heard. Noise refers to a sound that is unpleasant. Tone is applied to a pleasant musical sound; and sonance is an obsolete word for sounds, any kind or all of these, multiplied many times (my definition). So this is what we hear in the 'still of the night'.

But, there are two sounds that I believe have no place in this celestial world of sounds. They are: a motorcycle and 'boogie woogie' noise played very frequently in loud, ear splitting, high frequency. The music (noise) we can turn off or shut out; but not the roar and popping of the 'wheels.' No matter what hour at night or (morning), when I hear one of these 'things' exploding through the stillness of the mountain air, our rest is ended.

I have heard a hard working man, browed by the burning rays of the sun, say he could hear his corn growing; or sometimes we may think we hear crocuses popping through the ground. I think God goes about his work so

quietly, that we may hear only the soft breeze rustling the grass, or the leaves of the corn squeaking on each other. But, whatever it is, the sounds of a field of tall, verdure corn is sweet music to a tired farmer's ears.

Oh, for the mooing of a cow, neighing of the horse, or even the crowing of the proud rooster, in the wee hours of dawn!

Well, I get more writing done if I do not sleep so much. For a while I try to put myself to sleep with Shelly's.

'As thus with thee in prayer in my sore need.

Oh, lift me as a wave, a leaf, a cloud!

I fall upon the thorns of life! I bleed! — thinking, I may sleep, but not so. Then my mind starts wandering from one project to another; and finally I reach for my pen and writing pad.

Mrs. Bell, my near neighbor brought me a glass of the nicest ruby red raspberry jelly. They gathered the wild berries over in the Sacramento Mountains. It is so tasty and delicious with my French toast for breakfast. I think the wild ones are the best; as you get the outing for the children and the glorious sunshine while gathering them. Besides, the flavor is far better than what is bought in the market. It always seemed the wild blackberries my grandchildren gather, down on the creek, each year I am there, are far superior to any bought ones.

There is a lot of worry now about canning supplies; which puts me to thinking of ways to save our fruits and vegetables. Our mothers didn't always have all the convenient things we have had, (but may not have later). Nor did they have the deep freezers. I can remember my mother canning in 1/2 gallon syrup buckets and using some kind of sealing wax around the lids. Then there is a recipe of pickles we put up (even in cold water) that do not have to be sealed; that are delicious and much better than the old time 'barrel brine' pickles. We had so many cucumbers, we ran out of jars. A neighbor worked for the highway department and had to pick up all jars, bottles and shiny objects; so we salvaged enough jars from his pile of junk, to finish saving our pickles.

Then there are ways of sun preserving or drying the fruit and vegetables, which our mothers always did. The thought never once entered their minds to let anything waste; or to go to the store and buy a jar of fruit or jelly. I am sure the pioneer women in this state had to 'make do' many times, and could give us some pointers on the subject.

I have read where the olive and sunflower are the most versatile of all plants. The olives are eaten and the oil is extracted. It is then used in cooking, in soaps, and medicine. The residue, after the oil is pressed out, is used as cattle feed, mulch in orchards and for fuel.

Sunflowers have many uses. The oil is used in salad dressings, soaps, paints and candles. The seeds are used in feed for poultry, stock and humans. Paper is made from the stems and leaves. A yellow dye is extracted from the petals; which also is a good source for the honey bee.

Then I read of a man eating 102 live big red ants; which made him the champion of the world. He said they had a sour, almond taste. How about that if we get hungry?

PORTA-LIFT. Avis Hanson, LPN, left, and Ida Hobbs, R. N., are shown in the emergency department with the Porta-Lift. This apparatus is used to transport patients with a minimum amount of moving. The heavy rubberized cover is placed under the patient and the frame lowered over the patient. Heavy strap clamps on the frame hold the carrier firm. The patient can be transferred from the stretcher to bed by placing the frame over the bed, releasing the strap and raising the frame. The Ruidoso Hondo Valley General Hospital has three Porta-Lifts, two in the emergency department and one on loan to the ambulance service, to be used when on the scene pickup necessitates minimum handling. — [Ruidoso News photo]

BICENTENNIAL NOTEBOOK

Donald Whisenunt South Carolina Raises American Flag

Two hundred years ago during the second week in September, South Carolina was in a state of turmoil. Word had been received in Charleston that British agents were inciting the Indians to rise against American forces. Attempts were made to form a confederation of Creeks, Chickasas, Upper Creeks, Little Tallasseees, and Overhill Cherokees to attack American rebels. Gradually, during the sum-

mer of 1775, the council of safety in South Carolina recognized the need for defense. Even though Indians were threatening on other fronts, the ports of Charleston was a most vulnerable spot. During the summer more than 20,000 pounds of gunpowder had been seized from British vessels.

Finally on September 13 the decision was made to defend the harbor. This occurred when the attempts of the governor to incite the Indians became fully known. A motion to arrest the governor failed by a vote of 23 to 16, but Colonel William Moultrie was ordered to take possession of Fort Johnson on James Island in Charleston harbor.

Two days later the governor fled to a small, uncomfortable British man-of-war — the "Famer" — in Charleston harbor. In the meantime, Moultrie and his men occupied Fort Johnson very easily. Three companies of Americans led by Lt. Col. Isaac Motte pulled down the British Union Jack.

They then raised one of the first unofficial American flags ever to be flown. Designed by Col. Moultrie, it had a dark blue background with a white crescent in the upper left cor-

ner and the word "Liberty" in white letters across the flag. Even though Americans were still proclaiming their loyalty to Britain and hoping for reconciliation events were moving very fast. The more united action they took that was considered open rebellion by the British, the harder it would be to ever come back to a close relationship.

In addition, the use of an emotional symbol such as Moultrie's flag, even if it were unofficial, helped to create a feeling of nationalism that would prevent a true reconciliation.

In the Spanish Southwest John Peyton and his party finally arrived in Santa Fe. He explained that the last three hundred miles before reaching the city was through a beautiful and fertile country, but by then his condition was such that he could hardly remember the trip. By the time he reached Santa Fe he had been seized by a fever that kept him unconscious for ten days and in danger for five weeks. His only assistance came from Charles, his servant who had been with him all the way. Even after he recovered from the illness, Peyton's future was still in doubt.

Frank Sayner chosen outstanding man

The Board of Advisors for the Outstanding Young Men of America Awards Program announced that the man named below has been selected for inclusion in the 1975 edition of "Outstanding Young Men of America."

The Outstanding Young Men of America Program is sponsored by leading men's civic and service organizations throughout the nation. Serving as chairman of its 12-man Advisory Board is Doug Blankenship, U. S. Jaycee past president.

In every community there are young men working diligently to make their cities and country a better place in

which to live. These men, having distinguished themselves in one or more fields of endeavor, are outstanding and deserve to be recognized for their achievements. The criteria for selection include a man's voluntary service to community, professional leadership, achievement, business advancement, cultural accomplishments and civic and political participation.

The man listed below, along with approximately 9,000 fellow Outstanding Young Men from the United States, will be featured in this prestigious annual awards publication.

Our Board of Advisors and Editors salute all chosen as Outstanding Young Men of America. We take great pride in bringing their accomplish-

ments to the attention of the American public.

Franklin D. Sayner of Ruidoso has been chosen for honor in our area.

Opinion page Yours and Ours

Presidential puzzle

Can't you just hear the hue-and-cry that'll be raised by the once-again-jarred congressional johnny-come-lately proponents of anti-gun legislation, on the heels of the attempted assassination of President Gerald Ford?

Only because Lynette Alice "Squeaky" Fromme didn't bother to learn how to fire — not a "Saturday Night Special" — a .45 Colt automatic, the firearm of pistol connoisseurs, no harm befell our President.

"Squeaky" might, one day, claim a niche in our history, because this attack might jar us into demanding that our President be protected.

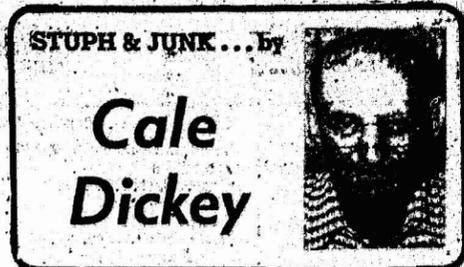

It doesn't seem that outlawing guns would be the answer. Booze was once outlawed.

This attack on President Ford makes it patently apparent that the Secret Service cannot protect him or any future president. Whenever a president is "pressing the flesh" assassination is possible. Period.

The answer must be to imprison our presidents in a bullet-proof, everything-proof, rotunda where no one entitled to "business" access to the president could ever achieve bodily contact. How else can the most powerful person in the world be protected? How better to keep the crackpots who'd murder the president occupied?

To force the president into this position — similar to Emperor Hirohito's when he was a "god" to the Japanese — would demand that future presidents be possessed of exceeding stature. Qualities other than political acumen would be absolutely essential.

"Squeaky's" act could prove to be the best thing that has yet happened to the presidency and the United States.

MERE ROUTINE

At 3 a. m. Saturday Lincoln County sheriff's deputies Ralph Romero and Lucas Gallegos interrupted Gayle Knapp, Ruidoso PD dispatcher, at his work . . . to arrest him on five charges of "unlawfully taking of a motor vehicle."

Knapp's arrest resulted from routine investigative procedures . . . and he was routinely booked, jailed and had bond set . . . just as would have been the case of any other person arrested on the charges.

Romero and Gallegos did their work well . . . they investigated . . . obtained enough evidence to make the arrest . . . made it. Mere routine . . . but it was very efficient routine . . . the kind of routine that gives the rest of us the necessary "shot in the arm" we need now and then to appreciate good law enforcement work . . . and to appreciate the men who perform it.

And in Knapp's case . . . as with errant officers sworn to uphold the law any and every place . . . the question that will possibly remain unanswered is: Why? He had to have his reasons . . . and among them was a complete lack of concern, compassion, whatever, for his fellow officers. Again . . . why?

BIBLE QUOTES

Forcibly brought to my attention a spell book were two Biblical passages . . . "Acts 2:44. — And all who believed were together and had all things common" . . . and . . . "Acts 4:32 — And the multitude of them that believed were of one heart and of one soul; neither said any of them that ought of the things which he possessed was his own; but they had all things common."

It happens that "believers" employ these two passages to obtain things necessary to sustain life . . . believing that all things common are indeed theirs . . . regardless of whose efforts made these things possible . . . and assuredly not the efforts of those who seek . . . demand . . . their needs.

You don't suppose . . . considering everything . . . that . . . maybe . . . ???

ON TELEPHONES

If you can think of a bigger nuisance than a telephone . . . name it. Not that it isn't a necessary evil . . . and though life without which'd be more pleasant, it'd be a lot more hectic . . . if not impossible.

The telephone provides the one interruption all people, apparently, tolerate . . . it's a way of life . . . and, by jinkies, like a . . . that can be done about it. Unless there was an automatic 60-second cutoff . . . with no repeat call from number to number for one hour. Dream on, baby.

BRIEF BIT: While religion isn't a factor, you must admit that a barkeep keeps you spiritsously uplifted . . . CD

Inside the Capital

BY FRED BUCKLES

SANTA FE — The federal government ordered suspension of sales of Nevada subdivisions lots owned by Morris Shenker, St. Louis lawyer, who bought Elephant Butte Estates and Lakeshore Highlands, Sierra County, and other New Mexico properties early this year.

In New Mexico Shenker also bought Valencia County's Meadow Lakes and properties in Bernalillo County. The federal Office of Interstate Land Sales Registration ordered suspension of Shenker's Nevada properties' sales because his Sierra Charter Corp. of Nevada allegedly failed to submit an accurate disclosure statement.

The federal agency said sales of lots in Shenker's New Mexico properties would be held in abeyance temporarily until new disclosure statements, reflecting their new ownership were approved by the agency. Shenker bought the New Mexico properties from Dr. W. P. Albright, Albuquerque developer, last spring.

Gov. Jerry Apodaca said he is considering Clovis as a second citizens service center site in eastern-southeastern New Mexico. Apodaca said Raton and Artesia were ruled out as possible citizens service center sites. He said Roswell was not picked as a location because Roswell citizens' consensus "is that they don't want it there."

Republican Joe Skeen of Picacho, a Lincoln County rancher, swamped Apodaca nearly 2-1 — 9,744 to 5,068 — in Chaves County in the 1974 general election for governor.

The state energy resources director search committee narrowed its prospects for recommendation for the powerful new post to a handful of applicants. Gov. Apodaca will name the new director about Oct. 1. The new State Energy Resources Board held its first meeting. Ex-Gov. Jack M. Campbell is acting chairman.

The new board and its full-time director will exert sweeping New Mexico energies industry authority, especially in oil-gas areas in Lea, Eddy, Chaves, Roosevelt, San Juan, Rio Arriba, McKinley and Sandoval Counties. The Jal-Eunice area will be affected heavily.

Apodaca named Hank Archuleta of Taos to a new State Wilderness Commission to protect New Mexico wilderness areas.

Molybdenum Corporation of America and Kennecott Copper Corporation brass say a large-scale molybdenum mine may be built at Questa. Studies to determine feasibility of building a mine will be started.

The major firms entered a partnership in the Questa area. Molycrop will contribute land, mining claims, production facilities and other assets. Kennecott Copper Corp. will provide at least \$5 million in capital.

Meeting near Ruidoso at the Mesalero Apache Tribe's new \$15 million Inn of the Mountain Gods, Democratic Women of New Mexico thumped the Ford administration and urged State Democratic Chairman Ben Alexander of Hobbs to stay on as party chairman. Alexander says he will not seek reelection in November.

The Democratic women said in formal action they "express dismay and grave concern at the lack of leadership of the present Republican administration in Washington

NONSENSE

A perfect example of the kind of nonsense that is mighty expensive concerns the efforts of Uncle Sam to dispose of the posh ocean liner United States.

The ship cost \$79.5 million to float upon the briny . . . and though she won long-distance speed championships and was acclaimed by passengers as a beautiful ship, when put up for sale for \$12 million, there were no takers . . . and now, with a fresh price tag of \$7.5 million, there'll still be no takers.

Maybe whoever is trying to dump the United States ought to take a new look . . . there must be some use to which it could be put . . . like hauling junketing congressmen and

on domestic issues." They also said: "We have seen inflation up and yet wages, over the same period, have not kept pace." The party women's unit abhorred what it called "the callous attitude of this administration toward American citizens who, through no fault of their own, have been thrown into the ranks of the unemployed."

Lincoln County Democratic Chairman Fern Sawyer, Nogal rancher, was among Lincoln County Democratic women who were hostesses for the meeting that drew 100. After 8 years as county chairman Fern says she will not seek reelection in October. Gov. Apodaca bumped Fern off the State Fair Board earlier this year.

Lordsburg, Deming, Silver City, Alamogordo and Las Cruces were set to present a critical upcoming industrial natural gas shortage problem to the New Mexico Municipal League at its 10th annual convention at Taos Tuesday through Friday. Sharp industrial gas cutbacks for New Mexico customers of El Paso Natural Gas Co. are set so that EPNG can supply California residential swimming pools and home users this winter. Approved by the Federal Power Commission, the reduced industrial supply for New Mexico could spark substantial employe layoffs.

Dist. Atty. Frederick B. (Ted) Howden of Grants pleaded innocent at Los Lunas to three counts of embezzlement. Howden is chief prosecutor for Judicial District 13 (Valencia - Sandoval Counties). A Valencia County grand jury indicted Howden on charges relating to his handling of an estate's money as a private attorney.

Debbie Garrett, 19, of Winston, is Sierra County's entry for 1975 New Mexico State Fair queen. She is a New Mexico State sophomore.

New corporations chartered here: Fort Sumner, Pre-Fab Metal Building Co., construction business, Denzel R. Finney, incorporator; Lincoln Mountain Valley Nursery Inc., nursery, Mitchell Serven, Helen Bennett, incorporators.

In Passing . . . Clipped comment

A good, wet September is in the making. Looks as though our rainfall for the month is going to be above average. Lawns and forest still very green with the promise of a fantastic Aspencade. The celebration will be held this year on October 3-4-5 and is expected to bring crowds resembling a holiday in the summer season. Planning nearing completion for the big parade.

School now underway — seems that everything in Ruidoso rotates around the summer season and school began on Sept. 3, after the big Labor Day weekend. Figures not yet available for enrollment for the 1975-76 school year, but if you drove past while registration was going on, it would seem that there must be thousands of youngsters registering . . .

Little League Football registration has been held and teams are now being formed. Had a good turnout for the sign-up and promises to be lots of good action. If you missed the games last year, be sure and try to see a few this year. There's real action by those youngsters . . .

To worry is to put today's sunshine behind tomorrow's clouds!

How often our entire day is spoiled fretting about tomorrow's problems!

The real tragedy, I suppose, is that after we waste today worrying many of the future's problems never develop.

All too often we fret about paying next week's grocery bill, whether our youngsters will measure up to our expectations, will it rain before time to crank up an irrigation well, will enough advertising be available to make next week's paper profitable, will there be enough money to outfit the kids for school. This world is filled with about as many problems as people!

Some acts of God — such as a crop hailout or a loved one's health — are completely out of our hands. The man-made problems can be diminished with a bit more planning and concern for others.

Oh, how I envy those individuals who worry about tomorrow's headaches tomorrow. They enjoy life's sunshine today! — Review, Crosbyton, Tex.

Despite the fact the current national budget deficit is showing signs of edging even higher than its already record-high projections, and thus threatening another wave of higher inflation, the hand of restraint is not much in evidence in Washington. The question is not one of expenditures for necessities, but of appropriating frills at a time when opulence is decidedly in bad taste.

Congress set a poor example earlier this year by increasing its own emoluments, including free newsletters and larger staffs. Now the White House is seeking to enlarge its top staff from 54 to 95 individuals, an incredible jump in high-salaried people.

It doesn't help much that presidential aide Donald Rumsfeld says that not all the newly requested positions will be filled. Then why were they requested? A better tack entirely would have been a vow to hold the line on any further expansion of the bureaucracy. — Daily Sun News, Levelland, TX

Card of Thanks
Our thanks and appreciation to our many friends for their assistance and concern, with a special thank you to Dr. Horton, Dr. Annaia, the nurses and hospital staff, during our time of sorrow. Words are inadequate to express our love and gratitude to you.
May God bless each and every one of you.
—The family of
A. D. Ratliff

We are taking this means of thanking you deeply for each expression of concern you showed during my stay in the hospital. We will cherish each kindness and remember always the outpouring of your friendship.

Homeowners are in the majority now — about 65 percent — in the U.S.

Natural gas has no smell. That's why they add an unpleasant odor to it, so you can smell any break or leak in the line.

Carpeting outdoor areas? Look for labels that indicate carpet is resistant to rot and fungus, and will withstand sun without fading.

How's your patio or deck? Whether it's tiny or so-o-o-o big, there's a buyer who'll love it! List with H & H Realty and we'll find him for you.

ARE YOU — looking for a bargain? If so, we have a new 2 bedroom home sharply reduced by owner-contractor. It has a fireplace and is nestled in the tall pines.

GENTLEMAN FARMER? Then don't hesitate to look at this 40 acre parcel, well priced, near historic Lincoln.

ALPINE VILLAGE

This place is a natural for a company house or for two families to own jointly. It is big, well over 2,000 square feet. It has 2 bedrooms on the lower floor, 3 bedrooms on the upper floor. It has a large den on each level and a large lava rock fireplace in each den — 2 baths, 2 very large decks and a superb view of the Sierra Mountains.

Scattered thru SUN VALLEY we have listings on quite a few lots, all with good trees and some with good views. And in ALTO NORTH we can show you level lots with good trees, some with good views, even some with owner financing.
