Warriors top Indians, 21-6

by GARY BROWN
Sports Writer

Ruidoso High School's varsity football team came back strong in the second half to down host Cobre, 21-6, Friday night and stay unbeaten on the season.

Ruidoso, now 8-0 on the overall season and 2-0 in District 3-AAA play, will play Silver City for the district title Friday night, November 1, in Silver City.

There were times last Friday when it looked like the Warriors were looking about the Silver City game instead of Cobre.

Ruidoso gained 437 yards total offense but broke down at crucial times in the first half.

The first half ended in a scoreless tie, despite the fact that the Warriors moved the ball well.

But the Indians came out on the second-half kickoff, and moved down the field for the game's first score.

Cobre went 52 yards in five plays culminated by quarterback Richard Delgado's 11-yard run into the left side of the end zone.

The Indians were aided by a personal foul penalty which put the ball on the Warrior 14.

Three plays later, Delgado took the center snap and ran to his left, barely beating the Warrior defenders into the end zone.

The run for the two-point conversion was no good, but Cobre led, 6-0.

That seemed to spark some life into the Warriors. Ruidoso hit the scoreboard midway through the third period.

Ruidoso drove 77 yards in just eight plays, all on the ground.

Fullback Billy Harrison ran for 11 yards in two carries to give Ruidoso a first down on the Warrior 34.

Quarterback Russell Easter then

ran 21 yards to the Cobre 45. Harrison picked up 12 yards to the 33.

Three plays later, Easter cut inside a block and ran 25 yards to the end zone. However, the officials ruled he had stepped out of bounds at the five.

No matter. Tailback Michael Williamson went over for the touchdown on the next play, tying the score.

Jeff Willingham took the center snap and went over for the two-point conversion and an 8-6 Warrior lead.

From then on, Ruidoso owned the game.

The Warriors hit the scoreboard for the second time on a six-yard pass over Easter to wingback Kirk Taylor early in the fourth period.

Taylor's touchdown ended a drive started by Toby Rue's punt return to the Warrior 45.

The Warriors drove 55 yards in seven plays. The drive was highlighted by Easter's 28-yard pass to tight end Bobby Dickinson which put the ball on Cobre's 28.

Harrison ran for seven yards and Williamson picked up 12 to put the ball on the nine.

On the next play, Easter rolled out to pass the ball and started to throw the ball before he was hit.

The ball rolled loose and Cobre players and fans thought it was a fumble. However, the officials ruled it a forward pass, igniting a storm of boos from the Indians' side of the field.

The boos continued after Easter hit Taylor for the touchdown pass. Garret Henson kicked the extra point and Ruidoso led, 15-6.

Ruidoso's final touchdown came on a 21-yard pass from Easter to split end Brian Davis.

Davis led an Indian defender to grab the pass, juggled it

for a second and grabbed it again for the touchdown.

The kick was wide but the Warriors had a secure 21-6 lead.

The Warriors' rushing game was led by Harrison, who picked up 112 yards in 17 carries.

Easter added 79 yards in seven carries and Williamson had 77 yards in 14 carries.

Easter hit on seven of 19 attempts for 112 yards and one interception. Willingham had one completion, a 21-yard pass to Davis.

Davis, one of the leading receivers in the state, grabbed five passes for 97 yards.

Defensively, Willingham and Bubba Miller each intercepted a pass for the Warriors.

Cobre only gained 138 yards total offense. However, it was the first time in three games Ruidoso's opponent had gained over 100 yards.

Warrior head coach Cooper Henderson did not think it was one

of the Warriors' better games.

"I think it was a case of not being prepared well," he said. "But I think Billy Harrison had his best game."

"Another bright spot was the fact our defense didn't allow any run or pass longer than 20 yards in the game. That's always one of the goals we strive for."

So now the Warriors must prepare for the game with Silver City—and the chance to break the Colts' long monopoly of the district title.

NOTES—Silver City had to come from behind to edge Hot Springs, 14-9, Friday night. Harrison won the Warriors' Golden Helmet award. Other weekly winners were Easter, top offensive player; Matt Evans, top defensive player; Colby Day, top kicking team player; and Matthew Kriego, top scout team player.

Brave

Cash Sanders, all dressed up as an Indian brave, is overwhelmed by the excitement and variety of activities at Saturday's Nob Hill Elementary School carnival. The Ruidoso four-year-old found plenty to do—from the hayride to the fishing pond and on to the cakewalk.

—Report by Davalos on proposals for demolition of unsafe buildings.

All meetings of the village governing body are open to the public.

Water to be top talk topic Tuesday

by FRANKIE JARRELL
News Staff Writer

Water the lifeblood of any community—is a matter widely discussed in Ruidoso, and will again be a topic for consideration during a Tuesday meeting of the Ruidoso Village Council.

"It's our entire future," said Frank Potter, who works daily with village water issues as assistant village manager. Potter said Jack Atkins of Atkins-Landfair in Roswell, village water consultants, and Neil Stillinger of Santa Fe, the village water attorney, will be on hand to answer questions raised recently by several citizens.

J.D. James of Ruidoso asked the council a number of questions during the last meeting of the village governing body, but officials didn't respond to his prepared statement. Village administrators and officials have stressed the sensitive nature of any discussions on the Eagle Creek well field until water rights are adjudicated.

Central in James' remarks was his lack of confidence in the firm of Atkins-Landfair and their contract agreement with Ruidoso.

"We couldn't have a better consultant," said city engineer Mike Davalos recently. "Jack Atkins is the only guy around here who has the kind of knowledge we need," he added.

The village paid Atkins-Landfair over \$900,000, after 24-hour pumping tests on the four wells in the Eagle Creek well field indicated the field's ability to provide 9,400 acre-feet of water per year. The firm was paid \$200 an acre-foot on 60 percent of the projected water production, but the other 40 percent will be owed if the village gains permission to utilize the field at 100 percent.

"We paid Atkins-Landfair to get us the right to nearly 10,000 acre-feet of water," said Davalos, who disagrees with calling the monies paid a "finder's fee." He said the water specialists are under contract to see the project through until Ruidoso has the right to use the well field.

Atkins confirmed that his firm was paid to guide the village through the adjudication process,

rather than simply to locate a source of water. He explained that the water rights gained will not be locked into the four wells already drilled.

"The rights are the intent of the Village of Ruidoso to develop a certain capacity of water," said Atkins. He said when the rights are recognized by the courts, the village will be able to drill more wells if present wells ever cease to produce.

Presently the village is waiting for an offer of judgment on the field, and Atkins feels that chances are good for the village to receive rights to 100 percent of the 9,400 acre-feet claimed in a Roswell filed with the state engineer.

Soon after the wells were drilled, the state engineer extended the Hondo Underground Basin to include the Ruidoso Forest area in which the Eagle Creek well field is located. That brought the village into a court suit that began in the 1950s. Purpose of the suit is to settle ownership of the water rights in the areas covered in the suit.

Since the find is included in the large ongoing adjudication process, a final ruling on Ruidoso's right to water from the Eagle Creek well field will come through the courts.

"Actually it helped us," said Atkins, of the wells' inclusion in the Hondo Underground Basin. He said that move by the state engineer constrained others from drilling for water, thus protecting water developments already under way, like the Ruidoso project.

Stillinger, who expects an offer of judgment "in a matter of weeks," said Ruidoso's declaration for 100 percent utilization of water rights based on the 24-hour pump tests follows a precedent set in a Roswell case. He confirmed that often just 60 percent usage is allowed.

"You're getting the right to develop that water right up to a certain capacity," said Stillinger. He said further development may also be allowed through supplemental wells.

Results of the 24-hour pump test were submitted to the state engineer, and John Couzens, state engineer's office area supervisor, said data on each well was

thoroughly analyzed. Matters of concern included water level and discharge on each well, as well as water level in surrounding wells.

Couzens confirmed that, according to reports submitted to the state engineer, standard methods were used to determine characteristics of the aquifer.

The well field has to be capable of producing the amount of water included in a final recommendation, and the village has to show its intent to use it beneficially, said Couzens.

Although state hydrologists do not have the legal authority to turn on the village's wells, Couzens said he has been at the well site and observed some operations.

He said analyzing the interactions of the four wells is not so simple as a comparison by James of the pumping of four wells to the use of four straws in one glass.

"That would only be true if there were no recharge," said Couzens. He said hydrologists haven't reached a unified conclusion as to the amount of recharge of water pumped from the wells, but all have

noted that water is being recharged, said Couzens.

Couzens, Atkins, Potter and Davalos all noted that the faulting present in the area could have a major impact on recharge and interaction of the wells.

"We're going to have a lot more straws as time goes on," said Atkins, who is a mechanical engineer and a hydrologist. "A hydrologist is someone who works on water issues as a trade," he said.

James has asked the village to obtain an independent hydrologist, but Atkins said he feels no conflict of interest, since his job will not be complete until Ruidoso's right to the water found is adjudicated.

"I just can't feel skeptical," said Atkins. "The whole mountain is loaded with water."

"Here's the bottom line—if the Village of Ruidoso decides not to pursue it, we'll gladly give back the commission," said Atkins. He added that he would simply ask for a change of ownership on the wells.

Villagers will hear more on water Tuesday from Atkins, Stillinger, councillors and fellow citizens.

A group of Ruidoso High School varsity football players bring down a Cobre ballcarrier in Friday night's game. Ruidoso's Matt Evans (85) is one of the players. Ruidoso won, 21-6.

Spaghetti preparation

The Dreamer

by Dan Storm

This is being sent to you in early afternoon of October twenty-seven. The little apricot tree outside the window of the little sun room has finally turned a few of its leaves to sunlight yellow. And the large apricot tree out in the little meadow is a picture of green and gold with half its leaves turned their autumn colors. The sky is all pure blue with every cloud color from pure white to gray so dark it is almost black. Up the valley there are windows in the clouds of many shapes—some star-shaped, others long and narrow stretching across the valley, and one shaped like a cathedral archway. The sun, high up behind the clouds, trims all of these openings with silver linings.

The clouds move very slowly, drifting apart overhead from time to time, letting through the sun which lights up the bronze of the oak, the Halloween orange of the poplar and the lemon yellow of the walnut.

A burst of sun now lights up all

the vale. The flag ripples very gently, and on south in the house canyon a patch of oak brush is an orange, crimson, golden jewel set in the soft green of the pinon and cedar. Up the way the hills are bright blue and touched with pink the first mile or so, and lavender and purple further on—all under the very lightest glowing haze, which makes them appear like hills in a dream.

Now the light breeze is still and the mountain world seems for just a moment to hold its breath. There is everywhere over hill and dale this magic moment. All nature seems to breathe a prayer of joyful thankfulness to be alive.

This is a day very much like the one seventy-six years ago to the day, with only a little difference. Instead of the valley to the west there was Valdez Bay, and instead of pinon and walnut trees there was Sitka spruce and northern poplar. Yet there is the same benediction of Heavenly happiness all throughout the day.

Birthday Celebration at Gateway Bank

Beth DeAngelo, about mid-week, told me to drop by the Gateway branch of the Ruidoso State Bank on Friday about mid-afternoon. These celebrations go back quite a number of years, and get better every year.

When I stepped in the door Friday, I was greeted by a chorus of "Happy Birthday, Dear Dan," sung by a whole roomful of folks. Among them were Jewell Bonnell Heady, who had come back to Lincoln County to celebrate her birthday, and Mrs. Opal Tatum and her daughter, Ann George. From the uptown bank came Roy Seay and Mark Fraire. Ron Wilson and Shirley Newhaus were present. And from The Ruidoso News came Frankie Jarrell and Sharon Makokian.

A beautiful cake baked by Deborah Cummins was the feature of the day. A pink and white candle with seventy-six on one side and sixty-seven on the other, shined brightly. We all feasted on the cake, cookies and punch, and Cokes. And folks young and old who came into the bank-joined in the celebration.

Beside Deborah and Beth, the other employees of the branch bank who put on the celebration are Cedric Rue, Betty Vaughn and Lucy Allison. They presented me a card saying, "May this day bring you joy of faith, the beauty of

nature, and as much happiness as you give others."

I wish to thank all of those who put on this celebration from the bottom of my heart for the card, the cake, the gift certificate, and the great kindness of that day and for all the days before.

Golden Anniversary for Dorothy and Harley Parnell

It was an honor to attend the golden anniversary celebration held Saturday afternoon at the First Christian Church for Dorothy and Harley Parnell, two of Lincoln County's favorite folks.

Friends from all over the county attended, as well as kinfolks from other places, their two daughters, Dora Perry and Jane Parnell, were on hand to welcome the guests.

Harley's sister, Elsie Stuffing, made the trip from her home in Carlsbad. And his niece Cora Bland and her husband, Henry, of Clarendon, Texas, were on hand. His nephew, Elbert Bennet, and his wife, Elizabeth, came from Los Alamos. His cousin, Joanne White came up from Artesia.

Dorothy's cousin, George Reddy and his wife, Betty came up from their home in Roswell.

Dorothy and Jack were both in Texas, but it was their good fortune to meet in Portales where they were married October twenty-six, 1935. Besides their two daughters they have sons Ray and Harley.

For many years Harley, also known throughout Lincoln County as Jack, has been an electrician most of his adult life, and has done important work in this field for many years all over Lincoln County.

Dorothy served as postmaster of Ruidoso Downs from January sixteen, 1947, until July 31, 1975. She has seen this town grow through three names. The first name was "Palo Verde." When the town applied for a post office, it was found that there was a town in New Mex-

ico called "Polvadera." And it was thought there would be confusion in the mails on account of the similarity in spelling. Therefore the name was translated into English and became Green Tree. Later on the name was changed to Ruidoso Downs.

A feature of the celebration was a gift presented to Dorothy's father and mother, Mallie and Herbert Reddy, for their golden anniversary in 1953. The Reverend Bill Holmes was for many years the Presbyterian minister in Ruidoso. The mother of his wife, Mary, Mrs. Buchanan, whose husband had been a missionary in Japan, brought from that country two small statues. They represented a Japanese couple celebrating their golden anniversary. These she presented to Dorothy's grandparents, Mr. and Mrs. Herbert Reddy.

We congratulate Dorothy and Harley upon reaching this milestone along life's pathway. And we wish them every happiness and all God's blessings.

A Memorable Birthday Celebration

Back in the beginning of last week Della Bonnell, the postmaster of Glencoe and also bringer of the local news, told me that I was invited to celebrate my birthday a day early along with one of the all-time favorite people of the valley, Mrs. Jewell Bonnell Heady, whose birthday falls on October twenty-six. She is the mother of David Bonnell, Della's husband, and was born in Glencoe October twenty-six, 1905, to Frank Allison and the former Grace Coe.

The celebration was arranged by Jewell's children and grandchildren under the leadership of granddaughters Bonnie McClendon and Ruthie Bonnell.

So on Saturday evening at seven o'clock, here we all were up at K-Bob's, all in a room to ourselves, with tables end-on-end in the form of

a square horseshoe. At the head of the table sat Jewell herself, together with her four children, David Bonnell, Irene Nosker, Eleanor Shockey and Harvey Bonnell. I was honored to be at the head of the table also. The rest of the adjoining tables were filled with guests and grandchildren and great-grandchildren.

Among the guests were Mr. and Mrs. Frank Titsworth, Mrs. A.T. Pfingsten and Craig Whipple.

Others present were Della Bonnell, Joel Bonnell, Robert Jones, Tammy Jones, Bonnie McClendon, Rene Nosker McCoy, Jim McCoy, Tau McCoy, Ralph Nosker, Stefe Mallett, Linda Mallett, Mandy Mallett, Tisha Hall, Kristi Hall, Dennis Nosker, Brand Nosker, Jessica Nosker and Beth Nosker.

You never in your life saw such a happy group of folks who kept the room ringing with laughter and joyful conversation all through the meal and long afterwards. I have never seen a finer tribute to a beloved person. The only other time I was honored to celebrate my birthday with someone else was when Mark and I celebrated our birthday together one time in Juneau, Alaska. Mark had a cake and I had a blueberry pie with seven candles on it, because I liked blueberry pie better than cake.

And, oh, yes, the grub. I have seen Nebraska pheasants under glass, Columbia River salmon with apricot cordial, and Russian caviar with vodka jelly. But all these fancy vittles could not touch this K-Bob's chuck with a ten-foot pole. The waitresses, who added much to the occasion, were Kayla and Kimberley.

Jewell is rightly named—she is a jewel of a person and one of the dearest friends of the Storm family. And all her children and grandchildren are like my own people. I was honored to celebrate my birthday along with this great and beloved lady.

Ruidoso spikers fall to Tigers

by GARY BROWN
Sports Writer

Ruidoso High School's varsity volleyball team found out Saturday why Hot Springs is the perennial powerhouse in District 3-AAA. The Tigers topped the host Warriors in three sets, 15-10, 15-4, 15-1. Hot Springs trailed, 6-1 and 9-4, in the first set, but came back to win.

The Tigers are undefeated in district action and are the defending champions.

"I think we kind of caught them flat-footed in the first game," Warrior head coach Pixie Arthur said. "After they came back, we kind of lost our momentum."

Shawn Foerstner did an excellent job for the Warriors in the first set,

spiking the ball well and playing well at the net.

Ashley McIntosh had five serve points in the first match to lead the Warriors.

Hot Springs broke out to 4-0 and 9-0 advantages in the second and third sets and was never threatened.

The Warrior junior varsity lost to Hot Springs in three sets. The Warriors won the first set, 16-14, but lost the second and third sets, 15-5, 15-12.

"All our players played pretty good," said Warrior junior varsity coach Jim Hostad. "In the last set, we had an 11-8 lead but just couldn't put it away."

"I'm really proud of them (his players)."

Ruidoso's C team lost in three sets and finished the season with a 4-6 record.

Ruidoso is 1-6 in varsity action and 5-7 in junior varsity play.

The Warrior varsity and junior varsity will finish the regular district season Friday, November 1, at Silver City.

The varsity match will start at 3 p.m., with the junior varsity match following it.

Ruidoso's varsity played Silver City to five sets before losing in the first match between the teams this season.

"I think the first Silver City match was our best one of the season," Arthur said. "We just played good, pure volleyball."

Ruidoso's Shannon Lee (left) hits the ball while teammate Jennifer Jimenez watches during a recent varsity volleyball match. The Warriors will conclude the district regular season Friday at Silver City.

Warrior jvs defeat Capitan, 27-0; win battle of Lincoln County teams

The Ruidoso High School junior varsity football team took a 27-0 victory over the visiting Capitan Tiger varsity squad in a battle of Lincoln County teams Saturday night.

Ruidoso, now 5-2 on the season, jumped off to an early 5-0 lead on a 28-yard field goal by Garret Henson and a safety.

The Warriors' Colby Day tackled the Tigers' punter in the end zone after a bad snap for the safety. Day also set up Henson's field goal with a long run.

Capitan kept the game close in the first half with some tough defensive play. The Tigers' Troy Keller stopped one Warrior drive, recovering a fumble at the Capitan 30.

Some good passing from quarterback Troy Padilla to Jay Eldridge and Keller got the Tigers to the Warrior 35 in the second quarter. However, the drive stalled there.

The Warriors took their 5-0 lead into the lockerroom at halftime, but broke the game open in the second half.

Quarterback Jeff Willingham connected with Matt Evans on a 14-yard pass play for a Warrior touchdown. Rod Wright ran in for the two-point conversion and Ruidoso led, 13-0, with 4:27 left in the third quarter.

Ruidoso's Bobby Lane then recovered an onside kick in the ensuing kickoff and the Warriors had the ball at the Capitan 45.

Willingham connected with Brian Davis for 33 yards to the Tiger 12. From there, Willingham ran for a 12-yard touchdown. Wright hit Sean Moore for the two-point conversion and Ruidoso led, 21-0.

The Warriors added their final touchdown on their next series.

Wright found Henson down the center of the field for a 40-yard touchdown pass. The extra point kick failed.

Ruidoso's next game is against visiting Roswell Saturday, November 2. The game will start at 2 p.m.

The 1-8 Tigers will close out the regular season Friday, November 1, with a 7:30 contest at county rival Carrizozo.

Ruidoso frosh beat Tularosa, avenge defeat

What a difference a few weeks can make!

Earlier this month, the Ruidoso High School freshman football team lost to Tularosa, 28-0. But Thursday, the Warriors turned the tables on the Wildcats, taking a 14-8 victory over the visitors.

Ruidoso is now 2-3 on the season. The Warriors will conclude the season Thursday, October 31, with a 5:30 p.m. home game against Goddard.

The Warriors built a 14-0 lead against Tularosa and stopped a late Wildcat drive for the win.

Tularosa drove to the Ruidoso 40

in the final seconds before the Warriors stopped the drive.

The Warriors scored first on a 30-yard run by Bubba Lane with 8:53 left in the second quarter. Lane broke loose down the left sidelines and ran in for the touchdown.

A pass for the two-point conversion failed but Ruidoso had a 6-0 lead.

In the second half, Dusty Beavers scored from three yards out for the second Warrior touchdown. He also went over for the two-point conversion and a 14-0 Warrior edge.

Lane, quarterback Michael Swanner and Charles Smith also

ran the ball well in the second half. Lane had a 20-yard run in the second touchdown drive.

Tularosa scored with 3:09 left in the game and made the two-point conversion. The Wildcats got the ball back on a fumble and began their final drive.

"The guys really wanted to beat them," said Warrior coach Clendon Kirkpatrick. "Our offensive line did a super job blocking and the defense did a great job."

Now the Warriors hope to get revenge against another team, Goddard. The Rockets defeated Ruidoso, 30-8, in the first meeting between the teams this season.

Friday, November 1, will be a big day for Ruidoso High School sports. And all the action will be happening about 250 miles from here, at Silver City.

The undefeated Warrior varsity football team will play the Silver City Colts at 7:30 p.m. with the District 3-AAA championship on the line.

Earlier, Ruidoso's varsity volleyball team will tangle with Silver City at 3. If the Warriors win, they probably will force a coin flip with Deming for fourth place.

The fourth-place team will play the third-place team in the playoffs, while the second-place team takes on the fifth-place team.

Probably half the town of Ruidoso will be on hand for the football game.

Even though the Warriors must play Deming the following week, this Friday's contest should be for all the marbles.

Both Ruidoso and Silver City are undefeated in both district and non-district action.

Last Friday, both teams had close calls before pulling out victories in the second half.

Ruidoso trailed, 6-0, early in the third quarter, but came back for a 21-6 victory.

The Colts eked out a 14-9 win over Hot Springs, a team the Warriors dumped, 35-0.

Based on that comparison, Ruidoso would seem to be an obvious favorite in the game.

But Silver City is the defending champion and has a big, fast team that has beaten some good teams this season.

The Colts probably aren't as good as they were last season, but they're still a potent squad.

It could be the Warriors' toughest test of the season, with the possible exception of the opening-season 14-13 win over defending state champion Artesia.

However, a victory over Silver City probably would mean the district title for the Warriors, along with a state playoff berth.

The Colts topped the Warriors, 39-22, last season, but Ruidoso is a better, more experienced team this season.

Ruidoso's volleyball team also has a tough fight on its hands. The Colts nipped the Warriors in five sets earlier this season on Ruidoso's court.

But the Warriors have shown improvement this season and could give Silver City a tough battle.

Yes, Friday probably will be one of the biggest sports days in Ruidoso High School's history.

Major champs

Members of the Ruidoso Little League football major-division champion Colts smile after beating the Broncos, 44-0, Saturday for the title. In the back row (from left) are coach Jesse Reynolds, Weldon Smith, Sterling Kane and coach Lynn Willard. Middle row (from left) are David Kazhe, Cody Willard, Brand

Nosker, Brian Perry, Gentry Parker, Mario Sanders and Edward Blake. Front row (from left) are Jason Gonzales, Matthew Grider, Dan Seay and Nicklaus Herrera. The Steelers beat the Cowboys, 28-6, for third place and the Raiders beat the Lions, 12-6, in overtime for the minor-division title.

Brave gridders lose to Chaparral in final tilt

The Ruidoso Middle School A football team ended its season on a losing note Thursday, losing to powerful Chaparral Junior High School of Alamogordo, 12-6, at W.D. Horton Stadium.

Ruidoso, which finished the A season with a 3-3 record, had the visitors back at their goal line with two seconds left in the game.

However, the Chaparral punter kicked out of trouble and time ran out.

Chaparral got off to a fast start in the contest, taking a 12-0 lead over the Braves in the first half.

The visitors scored their first touchdown on a two-yard run. The run for the two-point conversion failed but Chaparral still had a 6-0 lead.

Chaparral came right back with a 43-yard pass play for their second touchdown. The extra point kick was wide after a first attempt had been successful. The visitors were penalized on the first kick.

Still, the Braves came back to make a game of it in the second half.

Logan Stirman ran for 12 yards to put the Braves on the scoreboard early in the third quarter. The run for the two-point conversion was stopped short of the goal line, but Ruidoso had cut the Chaparral lead to six points, 12-6.

Ruidoso drove to the visitors' eight in the final minutes of the

contest.

After two face mask penalties against Chaparral gave the Braves life, the visitors' defense stiffened and stopped Ruidoso.

But Brave head coach Terry Wharton was pleased with his players' effort.

"I think except for some inconsistency, it probably was the hardest hitting by our players all year," Wharton said. "I'm really proud of them."

"I think this year was the toughest schedule that we've ever played."

Tam, Bob star for harriers

Gabe Tam took first and Clint Bob finished 10th to lead the Ruidoso High School boys cross-country team to a fifth-place finish at Carlsbad Thursday afternoon.

Tam won his second meet of the season, finishing the rough, hilly course in 16:06. Bob took 10th in 17:59. It was the Warrior sophomore's highest finish of the season.

Roswell won the meet with 39 points. The Warriors finished with 93. A total of six teams competed in the meet.

Travannon Ash was 21st in 19:22, Trev VonTrotha was 29th in 20:34, Lantz Hawthorne was 31st in 20:50 and Michael Randolph was 32nd in 21:02.

Daniel Martinez led the Warrior junior varsity runners, finishing second in 19:04.

Mark Reynolds was 16th in 21:27, Levi Lueras was 20th in 22:52 and Jeremy Lane was 24th in 24:04.

"I think the kids did very well, considering it was a very tough course," said Warrior coach Ronny Maskew. "Almost everybody improved their time on this course (Ruidoso ran in an earlier Carlsbad meet this season)."

The Warriors will compete at Hobbs Saturday, November 2.

Checking in

Capitan 4-H members accept a \$450 check from Chevron USA for winning a community pride project. 4-H leader Willa Stone (left) presents the check to the project committee members (from left) Jay Eldridge, Tonya Payton and Kelli Rogers. The club constructed and installed picnic tables on Capitan School grounds.

Jones resigns from board

Walt Jones, former chairman of the Lincoln County Fair Board, resigned at the board's regular meeting in Capitan recently.

Jones had assumed the chairmanship in August after his father, Charles Jones, retired from the position he held for many years, for health reasons.

From the group present at the meeting, a new board and a tentative chairman were appointed. Ralph Dunlap will serve as chairman until one is elected. Mack Bell

of Corona, Inez Marrs of Fort Stanton, Pete Gnatkowski of Ancho, Scott Shafer of Carrizozo and Dee Proctor of Hondo were named as fair board members.

Dunlap said that the board will review the fair association's bylaws and will begin to establish permanent committees at the next meeting at 7 p.m. Monday, November 4, at the fair building office. Dunlap said the public is invited to come and get involved with the fair.

Tigerettes place first

The Capitan Tigerettes varsity volleyball team rose to a first-place rating in District 3-A by winning all three matches in the district round-robin competition in Lake Arthur Saturday.

At the tournament, the Tigerettes beat Cloudcroft in three games, scoring 15-1, 15-7 and 15-2. In the second match, the Tigerettes beat Hagerman with scores of 15-1, 15-2 and 16-14.

The Tigerettes cinched their district lead by winning the final match against Lake Arthur with scores of 15-2, 15-6 and 15-2.

As winners of the round robin, the Tigerettes will host the district playoff games on Saturday, November 2. The games begin at noon, when Hagerman will meet

Lake Arthur. The winner of that game will meet Cloudcroft at 3 p.m. and the winner of that game will play Capitan at 7 p.m. in Cummins Gymnasium.

Chantille Points played in the games Saturday, having recovered from an injury she sustained in the Grady game the previous Saturday.

Coach Bill MacVeigh said that Becky Huey gave an outstanding performance during the games. MacVeigh also recognized Tracy Herd for her outstanding play in offensive setting and Jana Harris for outstanding hitting.

Stephanie Stowe was outstanding in hitting and court play and Joan Leslie played very steady ball, MacVeigh said.

Commission passes grazing ordinance

by DORIS CHERRY
News Capitan Bureau

The Lincoln County Commissioners approved an ordinance prohibiting the grazing of livestock in the White Oaks Townsite, amended county personnel policy and adopted a solid waste ordinance Tuesday at their regular meeting in Carrizozo.

A group of White Oaks residents were present at the meeting to voice their disapproval of an ordinance which would allow an enforcement agency to fence the townsite to prevent erosion. The group argued that the townsite is presently fenced and suffers little from grazing erosion.

Greg Hausler, district conservationist for the Soil Conservation Service, told the commissioners that the area is experiencing extensive soil and gully erosion. He said the fencing project would include erosion control in the smaller gullies.

Hausler said the two large gullies in the townsite would not be included in the project because the cost to do so would be prohibitive.

Funds for the project will be provided by an independent federal agency—Resource Conservation and Development. Hausler assured White Oaks residents that the project would not raise their property taxes.

Three cattle guards and new fences on the north and part of the south side of the townsite are included in the project. The grazing ordinance will not be effective until the fencing is complete.

The ordinance will include blocks 1 through 13, 15-27, 29-39, 43-53 and 57-69 in the original townsite of White Oaks. Also blocks 1 through 4 in the Colliers first addition; blocks 1, 5 and 6 of the Citylode addition; blocks 1 through 4 in the Buckhorn addition; blocks 1 through 3 in the Kemptions second addition and blocks A-K, lots 1 through 16 in block M, in the Kemptions second addition.

Violation of the ordinance for each grazing animal per day is punishable by a fine of \$300 and/or 90 days in the county jail. The or-

dinance does not apply to pleasure or business riding of horses in the townsite.

The commissioners approved an amendment to the county personnel ordinance, defining part-time and temporary employees and amending benefits of vacation and sick leave. More than 30 county employees were present at the meeting to voice their opinions.

Members of the group said they were not pleased with the proposal to change the existing vacation time from three weeks (after the first year of employment) to one week after one year and two weeks after two years of employment.

The amendment calls for ten years of consecutive employment for a three-week paid vacation. The employees present said the amendment discriminated against those employees who had worked more than two years but not ten.

Commission chairman Bill Elliott, who proposed the amendment, opined that vacation leave "should be earned."

Fran Siddens, county clerk, said she felt the decrease in vacation time benefits "took away (her) hiring tool." She also questioned whether elected officials who also work as county employees will have their elected time counted toward the vacation leave. The commissioners approved the request to count the years in office toward vacation credit.

After more than an hour of discussion, Elliott announced that he would "grandfather" the existing employees, which would give present employees the full three paid weeks after a year of work with the county. The commissioners also approved a 30-day freeze on new hiring.

The amendment, which would give new employees a one-week vacation after one year of employment, two weeks after two years and three weeks after ten years of continuous employment, was unanimously approved.

The amendment also defined a part-time employee as a person who works no more than 40 hours in a two-week pay period, and a temporary employee as a person who is hired to do a specific temporary job

for less than one year. Part-time and temporary employees receive no benefits.

The commissioners approved an ordinance which regulates solid waste and provides a penalty for violators in Lincoln County. The ordinance regulates the accumulation of garbage, refuse and debris, requiring county residents to store garbage or refuse in covered watertight containers of metal or plastic. County residents also will be responsible for any garbage that might accumulate on their properties, even if the garbage is dumped by another person.

The ordinance gives the Lincoln County Sheriff the authority to inspect and enter any private property if there is a reasonable cause to suspect the unlawful accumulation of refuse, garbage or debris.

The sheriff must notify the person in charge of the premises to correct the problem within 10 to 30 days. The county will have the right to correct the unlawful accumulation at the expense of the person in charge of the property.

The ordinance specifies the requirements for using county garbage containers. The ordinance also limits the creation of landfills and the dumping of garbage within two miles of any airport established by the Sierra Blanca Airport Commission.

Violation of the ordinance carries a penalty of imprisonment for up to 90 days and/or a fine of \$300. The ordinance will become effective 30 days from the October 22 approval.

Three other ordinances were amended by the commissioners. The Lincoln historic preservation ordinance was amended to require mobile homes in area "B" to conform to the appearance and architectural style defined in the ordinance, or to be screened from public view.

The commissioners also approved an amendment changing the Lincoln County Lodgers' Tax committee from nine to five members.

They also amended an ordinance to prohibit cutting of paved county roads, providing a penalty for violators. Each cut will carry a fine of \$300 and up to 90 days in the coun-

ty jail.

In other county business, the commissioners:

- Tabled a proposed \$5 million bond issue to construct a new county hospital, until the commissioners consult with a financial advisor concerning tax base, cost, length of payment time and other items with SouthWest Corporation.
- Approved the contract with the New Mexico Agency on Aging for \$25,000 in Capital Outlay funds, with \$20,000 to be used at the Capitan Senior Citizen Center to begin a nutrition system, and \$5,000 to the Corona Center for a plumbing renovation.
- Approved the only bids for financing the Nogal Fire Department and Fort Stanton Fire Department fire trucks from United New Mexico Bank in Carrizozo, subject to department approvals.
- Decided not to pay \$26,000 to the Village of Ruidoso for the overrun costs on paving Gavilan Canyon road.
- Named the following as priority roads for the New Mexico Highway Department schoolbus route cooperative funding: B-20 and 21 in Hondo, Route 2 in Corona, B-015 in Hondo, Route 6 in Corona and Project A in Ruidoso Downs.
- Approved the following roads for state Highway Department 60-40 percent funding: Cedar Creek, Eagle Creek-Pine Meadows, Homestead Acres, Palo Verde Slopes and Alpine Village. The highway department did not approve a proposed county transfer of funds from Alto Village to Cedar Creek.
- Approved a replat of Lot 37, Unit 2 of Little Creek Hills subdivision.
- Approved a variance to the county subdivision regulations to allow a ratio of one well to six lots in the Salado Creek Flats Subdivision and a variance to allow gravel roads in a Class 2 subdivision near Capitan.
- Approved the appointment of Walt Wilson to replace Johnson Stearns, who resigned from the county personnel board.
- Recognized Gladys Knox, an 89-year-old county resident.

Players of the week

Tiger varsity players John Parker (left) and Nico Najjar, both defensive ends, are the players of the week for the Cloudcroft game. Coach Zale Woodward said the two are consistent, good players.

The question of noncomplying cul-de-sacs in Rancho Ruidoso Valley Estates was reviewed by the Lincoln County Commissioners and the Lincoln County Planning and Zoning Commission (P&Z) at a special meeting Tuesday night in Carrizozo.

Bill Mershom, general manager of Otero Electric Cooperative, met with both commissions and Gene Duval, developer of Rancho Ruidoso Valley Estates. Duval had stated previously that Otero Electric had given him no choice in the location of the underground utilities within his subdivision.

Duval said that because the utilities were placed in the cul-de-sacs, instead of the utility easements platted on the back and side lot lines, he was unable to com-

ply to the 100-foot requirement for county cul-de-sacs.

Mershom said economics mandated that utilities be placed in the cul-de-sacs instead of the easements as platted. He said Otero has a franchise with the county to place utilities in the county roads. He said he never told Duval that the utilities could not be put in the back lot lines.

County commission Chairman Bill Elliott said that the presence of the electrical pedestals and transformer boxes created a threat to public safety because the county snow removal equipment cannot turn around in an area less than 100 feet. Mershom said that the pedestal placement at Rancho Ruidoso was "no different than in other subdivisions."

P&Z member Ben Hall said that he thought the platted utility easements should be used for that

specified purpose unless a variance is provided.

Mershom said that the use of roadways has been a common practice to avoid higher costs when installing the utilities. He also said that the developer is responsible for the layout and excavation of ditches for the utilities.

Mershom said he is "delighted" that the county is requiring developers to follow the subdivision regulations. He opined that it would help Otero and others in the future.

Mershom committed Otero Electric to moving the pedestals if the actual lot corners, placed by the surveyors for the developer, would allow for 100-foot cul-de-sacs. He said that if the lots were laid out wrong, "then it is a different problem."

The commissioners agreed to meet with Otero Electric, Duval, county engineer Joe Shain and P&Z on Monday morning, October 28, at

Rancho Ruidoso Valley Estates to measure the 29 cul-de-sacs in question.

The commissioners also heard a report from Shain that the base course for the subdivision roads, which are to be paved, does not meet specified tests. He said that additional tests from Alamo Testing showed that the base course did meet county regulations.

Jackie Powell, contractor for Lewallen Hobbs Excavation, the firm responsible for the cul-de-sacs and roads, said that Shain had taken the tests from an average of four inches instead of six. She said the regulations called for six inches in the base course.

The commissioners agreed to contact an independent testing firm to test the base at six inches at the same places Shain took his test samples, as requested by Powell.

Easter lilies in October?

Jan Harcrow is amazed that Easter lilies she planted last spring are in bloom now. The big white blooms are an unexpected sight next to the grinning pumpkin jack-o'-lantern. Harcrow said the lilies were a potted plant at Easter, and her husband planted them outside their Ruidoso home after the blooms died.

School enrollment is less than expected

by FRANKIE JARRELL
News Staff Writer

Ruidoso Municipal School administrators will be looking for ways to reduce school costs because of lower than projected enrollments, according to Mike Gladden, associate superintendent of schools.

Gladden revealed that 40-day counts, the official numbers used for state school appropriations, were down from projections used during last spring's budgeting process. The system is short 54 students and 38 funding units from enrollment estimates used, said Gladden.

Administrators told the Ruidoso Board of Education recently that a funding unit is equal to \$1,608, so the school will apparently suffer a budget deficit of \$61,104. Gladden told the board that early estimates indicated a shortage of six funding units, but final figures on the report dated October 24 were for much less.

Although a slim three percent increase in student population was projected, the actual increase was less, said Gladden. Last year the schools experienced similar shortfalls after budgeting for a five percent increase in student population, and actually having a three percent increase.

Gladden said he has no explanation for the slowed growth in Ruidoso schools.

Students enrolled in the system on the 40th class day numbered 1,883, according to the report submitted to the New Mexico State Board of Education. Just 1,819 of those students apply to current funding figures since special education students accounted for 64 of the 1,883, and that program is not necessarily funded according to 40-day figures.

Special education funds, which amount to more than one funding unit per student, are appropriated according to either the 40th or the 80th day enrollment figures. Gladden said special education funds are a part of the overall school budget, so if 80-day enrollments in that program are higher than budget estimates, that could help with overall budget woes.

"We'll begin going through the total budget looking for areas to cut," said Gladden, who doesn't expect any cuts in personnel. Gladden said administrators will work with school principals in efforts to trim the budget.

Last year Ruidoso Municipal Schools had 1,843 students enrolled on the 40th day, just 40 less than the 1,883 enrolled as of October 18, this year's official 40th day.

The official figures reported to the state had the following breakdown by grade levels and schools:

—Nob Hill Elementary School has 321 students this year with 168 kindergarteners and 153 first

graders. Last year's Nob Hill enrollment was 285, with 137 in kindergarten and 148 in first grade.

—White Mountain Elementary School (WMES) enrollment is at 297 this year, with seven in special education, 148 in second grade and 142 in third grade. Last year White Mountain Elementary enrollment was 266, with four special education students, 141 second graders and 121 third graders.

—White Mountain Intermediate School (WMIS) has 306 students currently enrolled, with 24 in special education, 131 in grade four and 151 in grade five. Last year's WMIS enrollment was 298, with 18 in special education, 150 in fourth grade and 130 in fifth grade.

—Ruidoso Middle School (RMS) students enrolled number 421, with 19 in special education, 110 in sixth grade, 152 in seventh grade and 140 in eighth grade. RMS enrollment last year was 456, with 21 enrolled in special education, 136 in grade six, 163 in grade seven and 136 in grade eight.

—Ruidoso High School (RHS) has a current enrollment of 538, with 28 special education students, 141 ninth graders, 126 tenth graders, 147 eleventh graders and 96 twelfth graders. This time last year enrollment was exactly the same—538. The breakdown was 23 special education students, 122 freshmen, 145 sophomores, 141 juniors and 107 seniors.

Busy intersection raises concern

by FRANKIE JARRELL
News Staff Writer

Some members of the Ruidoso Planning and Zoning Commission (P&Z) raised questions recently about the development of high-volume traffic businesses near the intersection of Mechem, Country Club and Cree Meadows drives. Since driveways from Sierra Sinema and the Mechem Drive 7-11 are very near that intersection, commissioners discussed problems a high-traffic business, or any other business, might encounter.

"It's unreal," said Martin Rose in a telephone interview Friday. Rose, a P&Z commissioner, also has an office across the street from the three-way intersection.

"A traffic light and turn lanes will take care of it," said Rose. "Otherwise we're going to have a bad traffic accident." Rose said he avoids the intersection during summer months as much as he can, but has waited as long as 11 minutes to get across the street.

Richard A. Swenor, chief of the Ruidoso Police Department, said his department monitors all village streets, but has kept a close eye on that particular intersection. He said the accident rate has been "real, real low" on that three-street junction.

"One thing that really helps us is that it's open," said Swenor.

Police records indicate that there were no accidents at the intersection from January through August. About once a month, according to police records, an accident occurs a block or so away, many near the

Safeway parking lot entrance.

Tim Basler, state district traffic engineer, said the state conducted traffic studies about six months ago at the request of Jim Hine, Ruidoso village manager. Even though the state master plan includes widening Mechem, which is also State Highway 37, to four lanes and adding a traffic signal, Basler said the state Highway Department could install a traffic signal before that project begins in 1986 or 1987.

Basler explained that state regulations include eight warrants under which an intersection can get a traffic signal, but only three applied to the Highway 37 and Cree Meadows Drive study.

The first warrant, traffic volume, includes an eight-hour traffic count on both the major (Highway 37) and minor (Cree Meadows Drive) intersections. Traffic was counted from 7-9 a.m., from 11 a.m. until 2 p.m. and from 3-6 p.m. on January 22, according to Basler.

"Ruidoso met (volume required) eight out of eight hours on the major approaches," said Basler, who said 550 vehicles were counted from both directions on Mechem Drive. He said 105 vehicles were counted on the minor approach, with four of the eight hours meeting required volumes.

The second warrant considered during the study was interruption of continuous traffic and volumes were high enough to warrant a traffic signal during seven of eight hours on the major and all eight hours on the minor intersection.

"You're just about right there," said Basler.

Accident rates are the third warrant for a traffic signal, and the state used 1983 figures for that study. During 1983, four accidents occurred at the intersection, but none were serious, said Basler. He also said none of the accidents were "right angle" accidents—the kind that a traffic light might prevent.

"The reason we really decided not to place the signal at this time is because of this other project," said Basler, referring to the four-lane project included in state master plans.

Basler said geometrics of the streets will pose problems, too. Since Country Club intersects with Cree Meadows just 80 feet east of Highway 37, Basler said the state will "probably have to cul de sac Country Club."

"You can't have a four-point intersection," said Basler.

"It wouldn't be economically feasible to place a signal based on existing conditions," said Basler, even though he said traffic volumes are high enough to merit a traffic light right now.

Paul Davis, village enforcement officer, is working closely with village planners from BRW, who are doing a transportation study as well as a comprehensive plan for the village.

"They have come up with some very positive recommendations that we have some stop lights there," said Davis. In the meantime, Davis sometimes gets complaints from unhappy motorists.

"I tell people there are other streets in town," said Davis. He recommends that they use them.

Fair will offer free health screening

"We want to check you out!" is the theme for Health Fair '85, scheduled from 10 a.m. through 7 p.m. Friday, November 8, in the old Gibson's Store at the Y.

Home Health Services of Lincoln County, Inter-Agency Council of Lincoln County and Ruidoso-Hondo Valley Hospital are sponsors for the annual health fair.

All area residents and visitors between the ages of 18 and 100 are eligible to participate in the extensive health education and screening offerings.

Fair sponsors say that free health screening, worth at least \$75, will be offered for: anemia, blood pressure, blood typing, body fat, cancer, dental, diabetes, glaucoma,

hearing, visual and foot problems. Intensive blood screening for cardiac profile, kidney profile, liver profile and complete blood count will be available for a nominal fee to cover basic costs of the tests.

Health education exhibits will be displayed by the American Cancer Society, American Lung Association, American Heart Association, Blood Services of El Paso, Council on Alcoholism, Cystic Fibrosis, Dental Society, Diabetic Association and Easter Seals.

Also participating in health education exhibits will be the Extension Club, Emergency Medical Services, Kidney Foundation, Lincoln County Counseling Center, Lions Club-Eye Bank, Polson Con-

trol, Ruidoso Care Center, Ruidoso Chiropractic Clinic and Ruidoso Police.

Social Security, Women, Infants and Children (WIC), Professional Counseling Association and Crime Stoppers also will participate. An exhibit on diet, fat and nutrition also is planned.

Verna Adams, executive director of Home Health Services of Lincoln County, told members of the Service Club Council recently that if participation is not good at this year's health fair, it will have to be discontinued next year.

Adams encourages everyone to take advantage of the unusual opportunity for free health testing and information.

Happy Holidays begins benefit drive

As Ruidoso approaches the holiday season, many local families will be in need of food and clothing. To fill that need, local groups are starting now to collect donations of money, food, clothing and toys.

Representatives from the Village of Ruidoso, Ruidoso Fire Department, Ruidoso Police Department, Spirit of Ruidoso, Ruidoso School District, Boy Scouts, Lincoln Cablevision, KREE Radio and other organizations met Thursday to plan the holiday distribution. The Thanksgiving program will coincide with Governor Toney Anaya's recent proclamation of November 28 as a "stop hunger in New Mexico Day."

Ruidoso Police Chief Richard Swenor told the group that the fire and police departments have handled collection and distribution for the past five years, but that the need has grown and manpower on the forces is limited. He requested the aid of local service and civic groups.

"We're all here to help each other out," said Swenor.

Swenor said that most of the manpower is needed to assemble and deliver packages on the days before Thanksgiving and Christmas. Lists of people who need aid are compiled from his office, schools, churches and other organizations.

Canned goods, clothing and new

toys may be dropped off at the main fire station, Cablevision, The Sierra Mall, KREE Radio and Plaza D'Oros Shopping Center. Monetary donations may be made at the police station or fire station or deposited directly to the "Ruidoso Fire and Police Holiday Benefit" account at First National Bank of Lincoln County.

To participate in the collection and distribution effort, or to give the name of someone in need, contact Charlie Kemp at Plaza D'Oros, 378-8573, or Kathy Norlander at the police station, 257-7365. The next meeting of the Happy Holidays Committee will be at 3 p.m. Thursday, November 7, at Plaza D'Oros.

State matching ad program will continue

by SHARON MAKOKIAN
News Staff Writer

Ed Jungbluth, director of tourism for the state of New Mexico, reported that Ruidoso will not lose state matching funds for local advertising when the state begins its new overall advertising program.

According to Jungbluth, the New Mexico Economic Development and Tourism Board decided recently to plan a statewide advertising campaign that would cover every community. Jungbluth said that individual towns, such as Ruidoso, will have the option to contribute all

or some of their matching funds to the program, or use the money for their individual advertising campaigns.

Jungbluth said that more money in the state program would increase the amount of advertising and offer greater exposure to New Mexico attractions.

The matching funds program currently is set at 34 cents on the dollar. For each dollar that Ruidoso uses for advertising and promotion, the state will match 34 cents.

"It isn't a situation of no option," said Jungbluth, of the towns' participation in the program. Jungbluth emphasized that each

area will have the option to use the matching funds as it chooses, with the customary approval of his department.

In the case of Ruidoso, the Ruidoso Valley Chamber of Commerce advertising committee has begun its winter advertising program, utilizing \$12,000 in matching funds. Jungbluth said Ruidoso will be able to proceed with the campaign as planned.

Jungbluth said the statewide campaign is an attempt to "increase perception of New Mexico" and "get more bang for buck" in advertising dollars.

Obituaries Opal C. Greer

Orby Neatherlin

Orby Lillian Neatherlin of Ruidoso died Sunday, October 27, in the family home following a lengthy illness.

Neatherlin was born August 1, 1908, in Maud, Oklahoma. She was a member of the Baptist church.

A 12-year resident of Ruidoso, Neatherlin was recently honored for 50 years of service in the Home Demonstration Club. She was a past president of the Ruidoso-Hondo Valley Extension Club. She was also active in the Ruidoso-Hondo Valley Hospital Auxiliary and the Lincoln County Democratic Party.

Before moving to Ruidoso, Neatherlin lived in Tulla, Texas, and was originally from Quitaque, Texas.

Survivors include her husband, Seburn Oscar Neatherlin, of the family residence; daughters, Cloris Martin of Sherman, Texas, Gloriana "Glo" Lane of Ruidoso and Aleta Sperry of Odessa, Texas; a brother, Floyd Martin of Alamogordo; seven grandchildren and three great-grandchildren.

Funeral services are scheduled at 2 p.m. Tuesday, October 29, in Clarke's Chapel of Roses with the Reverend Cleve Kirby officiating. Interment will follow in Forest Lawn Cemetery.

The family suggests memorial contributions be made to Home Health Services of Lincoln County. Arrangements are by Clarke's Chapel of Roses Mortuary.

Opal C. Greer

Opal C. Greer of Nogal died Wednesday, October 23, in the Presbyterian Hospital in Albuquerque following a lengthy illness.

She was born January 14, 1922, in New Mexico, and served as postmaster in the Nogal Post Office. She was a member of the Rebekah Lodge in Carrizozo.

Survivors include her husband, Randall Greer of the family residence; a daughter, Janet Barnum of Tucson, Arizona; and sons, William R. Greer Jr. of Carrizozo and Everett L. Greer of Nogal.

She also is survived by a sister, Bettie Ann Hutchins, who lives in Texas; a brother, Albert Lloyd Carter of Abilene, Texas; and nine grandchildren.

Graveside services were conducted Saturday in the Angus Cemetery with the Reverend Nancy Bowen officiating. Eva Zumwalt furnished special music.

Pallbearers were Lloyd Zumwalt, Ted Zumwalt, Tom Guck, Bobby Stearns, Jimmy Stewart and Dale LaMay. Honorary pallbearers were John Stearns and Hank Means.

The family has suggested memorial donations to the American Heart Association.

Arrangements were by Clarke's Chapel of Roses Mortuary.

Thomas Jefferson Chisholm

Thomas Jefferson Chisholm of Carrizozo died Tuesday, October 22, in the family residence.

Chisholm was born August 2, 1909, in Vicksburg, Mississippi, and was a member of the First Baptist Church of Carrizozo.

Survivors include his wife of 74 years, Effie Pauline Chisholm, of Carrizozo; a son, Angus W. "Bill" Chisholm of Kenmore, New York; a daughter, Catherine Eaker of Carrizozo; and a sister, Alice McGregor of Houston, Texas.

He also is survived by a brother, Everett Osborne of Houston and three grandchildren.

Funeral services were conducted Friday, October 25, in the First Baptist Church of Carrizozo with the Reverend John Torrison officiating. Burial was in Evergreen Cemetery in Carrizozo.

Arrangements were by Clarke's Chapel of Roses Mortuary.

Kevin Shults

Kevin Shults of Spring, Texas, died Saturday, October 26, of injuries he sustained in an automobile accident in Houston, Texas.

Shults was born May 30, 1962, in Hobbs. He was a 1981 graduate of Denver City High School, and had served in the U.S. Navy. He was a member of the Church of Christ.

Survivors include his parents, James and Helen Shults of Fort Worth, Texas, and Jennie and Doyle Goldsmith of Ruidoso.

He is also survived by a brother, four stepbrothers, four stepsisters, grandparents and stepgrandparents.

Funeral services will be conducted at 2:30 p.m. Tuesday, October 29, in the Jefferson Street Church of Christ in Hobbs.

Opinion

Editorial

"Trick or treat!"—Halloween will soon be here and this familiar greeting may be heard in many parts of Ruidoso. But the fun of Halloween can be had many ways, many of them equally exciting for ghosts and goblins as is trick-or-treating, but a great deal safer.

Ruidoso has more potential hazards for trick-or-treaters than other towns do. Our hilly roads (most of which lack sidewalks and streetlights), thickly wooded forest areas and large population of dogs make going door to door at night an especially spooky proposition.

A good alternative to trick-or-treating around the village Halloween night would be to attend one of the many "spook houses" or Halloween carnivals that are scheduled Halloween week.

Planned evening Halloween events include: a Halloween carnival at the Ruidoso Care Center Wednesday, a Spook House at Sierra Mall Tuesday through Thursday, a Haunted House Wednesday and Thursday at The Gazebo Shopping Center and a Halloween Hoedown Thursday at Tall Pines R.V. Park complete with a "monster march" from Aspen Interiors to Tall Pines.

No matter how you decide to spook or get spooked this year, have a happy, and safe, Halloween!—DJP

Inside the Capitol by Fred McCaffrey

SANTA FE—There are almost no saints and very few devils in politics.

That's too bad. Life would be easier for columnists and commentators if our elected officials could be cleanly divided into good guys and bad guys.

They can't, and that's part of the reason those of us who mouth off on such matters occasionally send out mixed signals—now approving, now disapproving of the same people.

Once in a while, therefore, it's a good idea to pause to distinguish the pluses and minuses in the personalities of those who run state government.

Most of what's said here about Senator Les Houston, for instance, tends to emphasize what the occupant of this space sees as his shortcomings. He has those, as even he admits, but he also has many strengths that are worth noting.

He's got brains, in the first place—and that's important. Too often we choose to represent us citizens whose intellectual capacity is only average, and sometimes we pay the price in less-good government as a result.

To understand the man, it's necessary to keep in mind that he is somewhat bigger than life. He is a zesty man, filled with a great relish for what must be done in politics, and that very fact makes what he does bulk large. If it is scheming, he seems to scheme harder than most; if it is wheeling and dealing, that too is done in great sweeping gestures, usually accompanied by trumpeting from the man himself.

But there is real charm to his swashbuckling spirit. He is vital and alive, not solemn or puritanical. That makes it hard to

dislike him permanently—though when he has just stepped on your toes, it's easy to burn with anger for a while.

What's somewhat paradoxical about the man is that he is clearly driven by much care about others, but his caring sometimes expresses itself in ways which are not the ordinary pattern. His life is the traditional log-cabin one of successful politicians—from a holler in the hills of Kentucky to an important post in the government of New Mexico. When he first appeared in Santa Fe, he expressed that experience in a sort of old-fashioned, FDR-type liberalism he has since eschewed.

Maybe, like a lot of other people, he just got more conservative as he got more to conserve.

But his very heartiness, which many see as a strength, may in his case turn into a detriment, partly because it tends to the end of the spectrum marked "excess." He's so self-assured he can't always wait for others to become convinced, so he tends to ride up their backs.

When he's wrapped up in his own views, which is most of the time, he is so busy developing them dynamically that he frequently fails to listen to the other guy's ideas. That is what most complain about in him—that he is so insistent on his own way, which he clearly believes is the right way, that he is consistently undiplomatic and thoughtless of others, often to the point of what seems like deliberate rudeness.

This writer will never forgive him, or those who worked with him, for arranging the monolithic Senate Finance Committee with which our Legislature has been afflicted since Houston became President Pro

Tem. For every vote in that body, which should be one of the most responsible ones in the legislature, to end up nine to five, without fail, is a perversion of the deliberative process.

When Houston proves he has finally grown sufficiently sure of himself to allow his followers to vote their own minds and consciences, our Legislature will be the better for it.

But, like Toney Anaya, the other man who gets dumped on here fre-

quently, it is difficult to dislike the person behind the name.

Sometimes observers of the political scene who have not themselves been involved in it think the kind of comments they read here suggest genuine enmity. They don't—at least not as between man and man.

But when these guys push for what this writer thinks is wrong, you can be sure that somebody in this corner will be holding their feet to the fire.

On the Village Beat with Darrell Pehr

I first saw Mr. Bill just over a year ago, and since then, he has become a valuable friend who always seems to be there when we need him, no matter how he has been abused.

Before you get all upset and call the authorities to report that we're abusing poor Mr. Bill, let me explain that abuse of Mr. Bill, although certainly unkind, is not illegal. Mr. Bill is an automobile.

I met Mr. Bill at the village shop. He was sitting, with one fender bashed in, looking kind of sad. We bought Mr. Bill from the village for a very fair price, thank you very much, and took him home.

Mr. Bill's first 60,000 miles with the village must have been a little rough. The bashed fender was accompanied by dings, chips and rust spots from bumper to bumper, giving Mr. Bill a tough, Charles Bronson kind of look.

We always wanted the best for good ol' Mr. Bill. When we got him home, we washed him, pruned the injured fender out to an estimation of its original shape, vacuumed several square yards of good quality topsoil from his interior, replaced coathanger with radio antenna and even fixed the speedometer. He started looking like a regular truck. It was an especially good time for Mr. Bill. He was looking sharp!

Mr. Bill ran like a champ, and never complained, even during the dark day last fall when someone forgot to set the emergency brake and Mr. Bill rolled downhill off our parking space, finally coming to a stop head-on with a very sturdy ponderosa pine.

Things looked grim for Mr. Bill, perched halfway off the driveway retaining wall, his grill mashed up against that nasty tree. Soon, though, after strategic use of a hydraulic jack, cinder blocks and go-almost-anywhere four-wheel drive, Mr. Bill was rescued.

To Mr. Bill, I guess the crash was just another adventure in the line of duty. He took the new dent as a football player might take a sprained

ankle, it's all part of the game. A little crowbar action, and Mr. Bill was as good as new. His hood even opened and shut properly!

Mr. Bill never let minor things like body damage get him down. Soon, he was a regular member of the family, starting up perty every morning, ready for any sort of action that might roll his way. Mr. Bill and I have traveled many miles together since, witnessing Ruidoso's floods, fires, fall colors and snowfalls, and anything else that needed to be covered on the village beat.

Of course, everything hasn't been perfect with Mr. Bill. He stalls sometimes, makes odd noises down around his transmission (especially if he's a little low on transmission fluid) and his shifter boot doesn't always stay in place, so sometimes you can look down at the floor shift and see the road going by.

Since last fall, though, Mr. Bill has been as faithful as a cocker spaniel. He always seems to be happy to see me, as long as I give him oil, antifreeze and gas once in a while.

The toughest time ever in Mr. Bill's 91,000-mile lifetime was the time some wacky lady decided to back down an on-ramp on the highway near Lordsburg. In the collision, Mr. Bill took an awful beating up front, which twisted and tore his already distasteful looks into a horrible grimace. On the way home from the wreck, Mr. Bill's alternator whimpered a little, but the noise soon diminished and tough ol' Mr. Bill recovered from the crash bravely.

The check in the mail from the lady's insurance company helped us recover from the crash well, too!

Mr. Bill is still going strong today, homelier than ever but still running good, taking me faithfully from story to story.

So if you're ever at the scene of some breaking news story, and you see approaching the ugliest little truck you've ever seen, don't worry, it's just good ol' Mr. Bill!

Mr. Bill meets a tree.

Lawyer returns to native Southwest

by SHARON MAKOKIAN
News Staff Writer

Attorney Ed Buck is a Tularosa native who has worked around the world and returned to New Mexico to practice law in Ruidoso at the firm of Mel B. O'Reilly, P.C.

Buck has been an associate at O'Reilly's office since August. Prior to his arrival in Ruidoso, Buck worked for the Irvine Company in southern California and for an Orange County, California, law firm.

A University of New Mexico graduate, Buck attended law school at Southern Methodist University in Dallas, Texas. After law school, he did a year's graduate work at the American Institute for Foreign Trade in Glendale, Arizona.

His interest in foreign trade led Buck to international banking in Mexico, South America and Central America. As the area office representative for Wells Fargo Bank, Buck drafted many loans and international agreements.

International trade took Buck to several continents. He was the financial manager with the Fluor Corporation for a copper project in Zaire, Africa.

In 1981 he ventured to China, where he represented a California architectural firm and arranged financing for the Great Wall Hotel. Buck said the hotel project was the first American joint venture in China.

ED BUCK

"They say you spend the first half of your life trying to see the world, and the second half getting back home," said Buck of his return to New Mexico.

Buck said he has missed the Southwest culture, scenery and chili. He has family and many

friends in this region. He and his wife, Angie, live in Ruidoso.

A member of the New Mexico Bar Association, Buck said he was in the top 10 percent of all the examinees in the United States who took the national bar examination in 1984.

in brief

Ruidoso skiing will receive national exposure in upcoming issues of THE NEW YORK TIMES and USA TODAY WEEKEND.

Michael Pitel, travel writer with the New Mexico Economic Development and Tourism Department, reported that he gave information about The Inn of the Mountain Gods and Ruidoso recreation to Stanley Carr, one of the assistant travel editors of The New York Times. The information will appear in a Sunday edition of The Times, which has a circulation of about 1.6 million.

Pitel reported that Edna Gundersen of USA Today also telephoned

him for information for an early December Sunday publication of USA Today Weekend, a magazine which recently replaced Family Weekly in more than 150 Sunday newspapers.

Ruidoso Valley Chamber of Commerce executive director John Jeffers said he is excited about the publicity which Ruidoso will receive from the national exposure. He opined that state officials are beginning to realize the importance of Ruidoso to New Mexico's economy.

SPRIT OF RUIDOSO will meet

at 5:30 p.m. today (Monday), October 28, at Cochera.

The RUIDOSO VALLEY CHAMBER OF COMMERCE board of directors will meet at noon Wednesday, October 30, at the chamber office.

Ruidoso attorney DON DUTTON is listed in the recently published 1985 edition of "Who's Who in American Law." Dutton is a partner in the firm of Underwood, Dutton and Griffin, Ltd., and is the village attorney for Ruidoso Downs.

Open 11 a.m. until 3 p.m. Tuesday thru Saturday, the Copa D'Oros Tea Room offers different and appetizing luncheon specials each day. Special soups and salads are featured in addition to a wide variety of other tempting menu items.

The tea room is located in Plaza D'Oros Mall on Highway 70.

COSMO CORNER

* October 27 through November 2 *

SCORPIO

(October 23 - November 22)
You will receive an unexpected gift or money, your future looks bright, and it is entirely possible that a love relationship could blossom into marriage.

SAGITTARIUS

(November 23 - December 21)
If you gamble, your risks are greater, but so are your rewards. Your dramatic efforts are bound to please others, no matter what the outcome.

CAPRICORN

(December 22 - January 20)
Be careful not to make promises or commitments that you aren't certain you can keep, an old friend or associate is likely to occupy your thoughts.

AQUARIUS

(January 21 - February 19)
Accent on adventure and athletic pursuits; sitting around, moping about a problem or troublesome situation is not likely to help resolve the matter.

PISCES

(February 20 - March 20)
It is time to stop playing the field and settle down; someone close to you may not remain on the scene unless you take on a more responsible attitude.

ARIES

(March 21 - April 20)
Your imaginative ideas will gain favor with superiors; don't push it, and a raise or promotion more than likely will transpire. Think travel.

TAURUS

(April 21 - May 20)
A project you've been working on finally begins to take shape. Trying to understand the motivations of others proves futile, patience is the key.

GEMINI

(May 21 - June 21)
A better attitude at work can make all kinds of little problems become obsolete. Don't give up too quickly on a possible romantic relationship.

CANCER

(June 22 - July 22)
Appearances can be deceiving. Someone you consider promiscuous is only putting up a front, based on deep-rooted insecurities. Reach out and help.

LEO

(July 23 - August 23)
The sun will finally come out for you, after a disheartening week. Your belief in the good things of life will be rejuvenated. Accent on athletics.

VIRGO

(August 24 - September 22)
Intellectual pursuits are in order. If it's been a long time since you've read a good novel or attended the theatre, the experience will be rewarding.

LIBRA

(September 23 - October 22)
Your intentions could be misunderstood by a mate or friend. After a period of confusion, the misunderstanding will clear up and all will be fine.
