Ruidoso tops Goddard, 7-6

by GARY BROWN
Sports Writer

It did not come easy, but the Ruidoso High School varsity football team is now 2-1 after a tight 7-6 win over host Goddard Friday night.

The defending state champion Warriors came from behind to win on a third-quarter 68-yard pass from quarterback Jeff Willingham to split end Brian Davis. Garret Henson kicked the extra point for what proved to be the winning margin.

The touchdown pass came on a first-and-10 play from the Warrior 32. Davis caught the ball over two Goddard defenders and raced down the sidelines for the score.

Henson's kick was straight and true, and Ruidoso led, 7-6.

Davis had caught a 28-yard pass from Willingham on the previous play to catch the Warriors out from the shadow of their goal line.

Goddard advanced as far as its own 45 late in the game, but the Warriors held.

Tailback Chuck Daniels then took some time off the clock with a 24-yard run to the Rockets 29. Ruidoso then ran the clock out.

The Rockets hit the scoreboard first on a 74-yard pass from quarterback John Cherry to Sean Gallagher over the middle with 7:17 left in the second quarter.

Gallagher outran the Warrior defenders for the touchdown and the Rockets led, 6-0. The Rockets' first extra point kick was wide.

A group of Ruidoso High School football players (light jerseys) converge on a Goddard ballcarrier in Friday night's game. Included are Matt Evans (85) and Shawn Mowdy (66). Ruidoso won, 7-6.

Just before Goddard's touchdown, the Warriors had driven to the Rocket 17, after an interception by Sid Garcia.

However, Henson's field goal attempt from 34 yards was just wide with 8:37 left in the quarter.

Willingham stopped another Goddard drive with an interception at the end of the half.

The Warrior senior picked off another pass early in the third quarter, this one much more impor-

tant in relation to the game's outcome.

The Rockets had driven to the Warrior eight-yard line and were in line to go up by at least nine points or two touchdowns.

However, Willingham leaped in front of a Goddard receiver to intercept a pass in the end zone. The Warriors got the ball on their own 20.

Ruidoso failed to move the ball

and had to punt. Goddard took over and also failed to move the ball, then punting to the Warrior four.

That was when Willingham and Davis went to work for two straight pass completions and the Warrior touchdown.

Ruidoso outgained the hosts, 355 yards to 288 yards.

Willingham completed 11 of 21 passes for 231 yards. Davis caught six passes for 167 yards.

Daniels and fullback Billy Harrison each ran for 39 yards. Daniels had seven carries and Harrison had eight. Kirk Taylor ran for 19 yards in four carries. Ruidoso had 104 yards rushing.

"We've played some good football teams the past two weeks," said Warrior head coach Cooper Henderson. "We saw some improvement over last week, particularly when we only had 115 yards total offense last week (a 28-19 loss to Lovington)."

"But we've got to get a lot better if we hope to do as well as we did last year."

"We're not going to give out any more individual awards (like Golden Helmet and offensive and defensive players of the week) until our teamwork improves."

Ruidoso will host traditional rival Tularosa Friday, September 19. The game will start at 7:30 p.m.

WARRIOR NOTES: In other games involving District 3-AAA teams, Silver City defeated Canutillo, Texas, 14-0; Hot Springs lost to Tularosa, 35-14; and Deming edged Portales, 7-6.

Downs residents are peeved over paving

by DARRELL J. PEHR
News Editor

One of the first paving projects in the history of the Village of Ruidoso Downs met with strong resistance from an angry group of residents.

"Look at the mess they've made!" property owner Cecelia Silva shouted over the roar of heavy equipment Wednesday afternoon as work on paving at First and Entrance roads began.

"This was the front yard where the kids played," she said, pointing to a barren, wind blown expanse of gravel where grass and trees had grown just hours earlier. A lifeless pile of dirt and uprooted trees marked the new street boundary ahead.

Silva, who sold the corner proper-

ty to her son, Richard Urban, and his family some years ago, is still the owner of record of the site, she said. She said the family was surprised early last week when surveyors began planting stakes in a line parallel to the previous dirt roadway about 20 feet from the roadside.

Silva claims that all the widening of the street, now more than 40 feet wide, was done on their side of the street. That cut out the lawn, about 30 trees, and their driveway, she said.

Across the street is property owned by Ruidoso Downs Mayor J.C. "Jake" Harris, according to village officials. Silva alleged that the street is being widened on their side to allow large mobile homes enough room to be bought up the road and

situated on the Harris lot.

The Harris land appears to be a mobile home park in the making, with rows of graded sites and utility boxes but few residents.

"It really is amazing what a mayor can do," Silva said.

The family has retained attorney Mike McCormick to represent them. McCormick was unavailable for comment.

Downs village administrator Charles Robinson said the Silva family actually had encroached on Harris' land for years until about six months ago, when Harris dedicated the land to the village. At that time, the piece of land apparently became right of way.

"They seem to think since they sat on it so many years it is theirs," Robinson said. He said the village

offered to work with Silva and the Urbans by filling in and leveling their lot after construction of the roadway, but the family rejected the offer.

Robinson said he prefers to work cooperatively with residents, and has had few complaints otherwise. He said he still would like to work with the family and resolve the situation.

The project is the first major paving project the village has attempted. According to Robinson, about 8,000 linear feet of roadway throughout the Downs will be paved.

The project has been funded through a combination of village, state and New Mexico Communities Assistance money.

Fire safeguards bettered

by FRANKIE JARRELL
News Staff Writer

A court case in which the Village of Ruidoso was found to be liable for a Ponderosa Heights house destroyed by fire in 1984 has raised questions about the state of the village fire hydrants.

"We don't even have the same situation we did in 1984," said assistant village manager Frank Potter Friday. "We've made a lot of strides," he added.

Potter said Ruidoso has replaced about 17,000 feet of water lines over the past three years. He said a problem the Water Department has worked to correct involves some two-inch water mains feeding into subdivisions that should be fed by six-inch water mains.

By having the larger feeder lines, fire hydrants should have adequate water pressure to meet emergency demands, said Potter. According to testimony in the recent court case, 500 gallons per minute pressure is the accepted standard for minimum fire protection.

"Every town would like to have

500 gallons per minute (pressure)," noted Potter, adding that attaining that goal could be a matter of money.

"There isn't a town in New Mexico that has 500 gallons per minute throughout their town—they're lying if they say they do," remarked Potter.

Although the village has a plan that calls for placing a fire hydrant every 800 to 1,000 feet, Potter said the Water Department presently has a list of fire hydrants that need to be raised or replaced.

"Fireplugs up here are a little susceptible to damage," said Potter. He said the Water Department, with a three-man construction crew, maintains, replaces and repairs fire hydrants as time permits.

Fire Chief Virgil Reynolds said Friday his department, too, works to keep fire hydrants in good operating condition. He said the Fire Department has an ongoing testing program.

Reynolds said firefighters regularly cut weeds and dig out

WEATHER REPORT

Sunday's low 47
Sunday's high 75
Monday's low 40
Monday's predicted high near 76
Tuesday's predicted low near 41
Tuesday's predicted high near 75

The National Weather Service in Ruidoso predicts partly cloudy skies today with widely scattered thundershowers. Winds will be south to southwest at 10 to 20 miles an hour. Tonight, look for widely scattered thundershowers. Winds will be light and variable.

Tuesday, partly cloudy skies with widely scattered, heavy thundershowers are predicted. Expect light and variable winds, southwest at 10 to 20 miles per hour. Chances of rain are 20 percent today, tonight and Tuesday.

The extended forecast for Wednesday through Friday calls for isolated afternoon and evening thundershowers, otherwise, mostly fair.

Temperatures will range from highs of 68 to 78 and lows of 38 to 48.

hydrants to be inspected and painted.

"There's no way to inspect all hydrants every year," noted Reynolds. He said the village has installed thousands of the devices so that one is available within a 500-foot radius of any property in the village.

Since the Fire Department carries 1,200 feet of hose to every fire, it should always be possible to reach at least two water sources.

Since firefighters need to know how much pressure to expect when hooking on to a plug, the fire hydrants are color coded, said assistant fire chief Jessie Reynolds. He said green plugs indicate pressure of over 1,000 gallons per

minute, yellow plugs show 500 to 1,000 gallons per minute and red plugs indicate 500 or less gallons per minute.

When testing reveals a problem with any hydrant, the Fire Department notifies the Water Department of the need, said Reynolds.

"A lot of people get mad when we check the hydrants because their water gets muddy," remarked Reynolds. Jessie Reynolds added the water released also muddies yards and roads.

Potter confirmed getting many calls and complaints from areas where the testing is being conducted.

The fire chief said he'll continue his testing program—just as he has for the past 20 years—to be sure water with adequate pressure is available in case of emergency.

Big pot raid made near Hondo

A field of marijuana plants with an estimated street value of \$2.6 million was discovered growing on private property east of Hondo last week, according to Captain John Denko, public affairs officer for the New Mexico State Police.

An operation involving state police officers in both the aircraft and narcotics bureaus, along with the Lincoln County Sheriff's Office, netted 2,330 marijuana plants averaging 12½ feet high growing on five plots of property adjacent to the Hondo River, Denko said.

Denko said the discovery was part of an ongoing investigation in a national narcotics eradication program. He said the operation uncovered five separate plots of about 600 square feet each. The two owners of the property are not suspects, said Denko.

"We're sure they knew nothing about it," said Denko, who was unwilling to release the property

owners' names.

Captain Denko said no arrests have been made, and the investigation is continuing with other information state police officers are following up on.

"These are very full—high yield—plants," said Denko. He said state police estimates of the \$2,662,500 street value were "conservative."

"This crop could keep a lot of people supplied with marijuana for a very long time," noted Denko.

Also discovered at the scene were a pump, irrigation equipment and special tools, according to Denko.

"This is evidence of a well-planned operation," he remarked.

Denko said the plants have been placed in a secure location where they will be kept as evidence and will be destroyed when they are no longer important to the investigation.

School board approves new substance abuse policy

by LINDA PONDER
News Staff Writer

The Ruidoso Board of Education toughened student drug abuse procedures, submitted a written opinion about Senate Bill 106 and heard pro and con arguments about a college prep endorsement on diplomas at its meeting Wednesday.

Board members approved the proposal on Student Drug Abuse procedures presented by associate superintendent Mike Gladden. The new procedures contain specific procedures to be followed in instances of student substance abuse. (See related story).

School board members signed a letter requested by them that will be sent to the Legislative Educational Study Committee in Santa Fe. In the letter, board members voiced their concerns about certain directives in Senate Bill 106.

In closing the letter, they state, "We agree with the intent to improve public school education in New Mexico but feel that we made that commitment when elected to serve on the Ruidoso Board of Education. We have general concerns about the Reform Act. The financial impact of the bill comes at a time when the availability of funds necessary to meet such requirements seems to be impossible to be appropriate. The restrictions it places on local boards seem unreasonable. Ruidoso has an excellent school system and the reason for this is the philosophy creates an atmosphere conducive to a progressive basic education. The law appears to have been written without adequate forethought being given to the negative ramifications to a local board and

its community. The law tends to change the philosophy and American tradition of local public education.

"We do not believe that the political arena is the place for public school reform to the extent it has occurred because it is too difficult to separate the special interests and biases from the real issues. The Ruidoso Board of Education questions the long term impact of this legislation, urges you to seriously consider the concerns and asks that you reconsider the requirements mandated by the New Mexico Public School Reform Act."

In a previous board meeting, high school principal Tom Hansen presented a proposal for a college prep endorsement to be placed on students' diplomas. The endorsement would signify the student had completed a strict college prep course of studies with 19 required courses and five electives, for a total of 24 credits. Students must attain a 2.0 cumulative grade point average to receive the endorsement on their diplomas.

Raymona McAdams was asked to give an opposing view on the diploma endorsement. She believes the college prep diploma endorsement would become a psychological status symbol.

"The course requirements locks a student into a course of studies with no leeway or flexibility," McAdams said. "It is during a time when students should be exploring many different things. The ability of students to accept and make changes is vital in today's world."

High school counselor Denise Hawthorne spoke out in defense of the endorsement, stating it was her belief that "the college prep course

of studies is a good incentive for bright students, there are many students who would want to go out for this. For those very bright students, it gives them another alternative."

Hanson's committee proposed a less stringent course requirement as an alternative to the original, with 14 required credits and nine electives.

Board members Stormy Edwards, Don Swalander, Lynn Willard, Mike Morris, and Lamar Osborne requested the committees continue investigating the possibilities of the endorsement project.

In other business the board: —Heard an enrollment report from Mike Gladden. Total enrollment this year is down 35 ½ students. At this point the main concern are the first and sixth grades. They are overloaded and not

enough funds are available to hire additional teachers. Funding will be decided on the 40th day of school.

—Approved budget transfers.

—Accepted budget increases.

—Accepted the resignation of Mary Dominguez, cafeteria, White Mountain.

—Approved hiring Sylvia Roberts, cafeteria, White Mountain.

—Approved hiring new bus drivers Nan Chavez and Connie Hilton.

—Reviewed Resolution 75-1 (reasonable notice of public meetings). Resolutions are posted in the superintendent's office.

—Approved a request from New Mexico State University to use the school facilities for classes during the summer of 1987.

The meeting closed with the introduction of high school teachers and personnel by Hansen.

Jockey funds still short

by FRANKIE JARRELL
News Staff Writer

Jockey Steve Harris, injured last spring in a riding accident, still hasn't received any of the funds from a trust fund set up on his behalf at Ruidoso State Bank, according to his attorney, Charles Hawthorne.

Bank records given to Hawthorne last week indicate the fund has had withdrawals totaling \$13,700, although Harris hasn't drawn on the account. Hawthorne said a printout from the bank showed the account at one time had a balance of \$24,181.50, and he and his client want to know what happened to the missing funds.

Hawthorne said he will meet with Raymond Reeves, one of two trustees for the fund, Tuesday.

"He's supposed to give me a complete accounting," said Hawthorne. Most of the funds deposited in the account were raised in a huge benefit and auction at The Barn on June 1. Reeves and another employee of The Barn, Erik Satie, planned the event along with Ruidoso Downs Race Track public-

ty director Mike Fones.

Fones said last week the trust fund account number was also given to racing publications for others to make donations to benefit Harris.

Reeves told The News last week that he and Satie set up the account, and Hawthorne confirmed that the two are the trustees.

Reeves said he recalled the first deposit being from \$13,000 to \$14,000. Hawthorne said that June 4 bank records show the account contained \$22,381.50.

Satie, who moved to Denver, Colorado, on July 5, recalled the money raised at The Barn amounting to over \$20,000. He said he signed a card agreeing to be a trustee on the account, but never actually went to the bank.

Last week Hawthorne explained that trustees of a trust account have a fiduciary duty with the beneficiary of the trust. He said violation of that trust could lead to civil or criminal legal proceedings.

Hawthorne said Sunday that he and Harris haven't discussed any criminal charges.

Summer Holds Its Ground
Amid Signs of Fall

A couple of times here lately, Jack Frost sent us a little early message with cool mornings—say around forty degrees here in the vale at daylight.

Today on September thirteen you look out to the south of the house and up the valley and see a world of green touched and trimmed lightly here and there with gold, where the sun flowers and the first blooms of the Goldenrod, and the Box Elder leaves are early banners of Fall, ready to begin the Autumn parade on September twenty three, ten days from today.

Under the grey roof of clouds the green world is still and motionless. Even the flag out on the flag pole holds its beloved colors without the slightest movement.

Here just at high noon the temperature is mellow seventy four, neither hot nor cold—just perfect for work or dreaming, or wandering over hill and dale. The

mountain world is in a quiet lull, waiting for something, resting, unhurried. There is a calm contentment in the still and quiet air.

Now the perfect quiet is broken with a distant rumbling, long familiar, and always welcome—the voice of the thunder, away to the south past storm mountain, from among clouds of a deeper gray than those close overhead and all around the rest of the horizon. The rumbling of the thunder is in harmony with the peaceful day: gently, not loud, adding to the peaceful mood of the day.

"Shine on Harvest Moon"

Do you remember the old favorite song of that title? I see by the Farmer's almanac—from which I always learn something—that what we call the Harvest Moon is the full moon that arrives the closest to the autumn equinox—that is, the time when the days and the nights are of equal length marking the first day of Fall.

The Harvest Moon always appears more golden and glorious than it does any other time of the year. It comes up at almost the same time for several days, and gives a tremendous lift to your spirits, which are already on the rise with the approach of glorious, life-giving Autumn.

Maybe it is called The Harvest Moon because its bright golden light cheers us as we begin gathering in the early things of the harvest—the early products of the field, the garden and the orchard.

This year the Harvest Moon will arrive on the eighteenth, celebrating, one of the finest harvests of both the wilderness and the farms and orchards.

Solo Vito And
Peter Rabbit

The Bible tells us of the day when The Lion shall Lie down with the Lamb.

The black Storm Ranch dog was the smallest of three puppies which were abandoned up on the highway. The two largest wandered away. I hope to find homes by kind folks somewhere.

Solo went wild and raised himself—who knows how—across the highway. You could see him come through the coluett and drink at the river and then hurry back. That winter he came to house where, Shady Logan, the Little Spirit Dog, and I gave him a home.

Baking the early summer a little family of Cottontail Rabbits appeared out in front of the house on the meadow. All have gone but one, who took a liking to the yard, drinking at the bird watering rocks, and nibbling at their feed which they scratch to the ground. He goes nibbling at the tall gramma grass in the yard just a few feet from Solo, dozing in the sun, or under the shade of the small Apricot tree.

Solo is very protective of the Storm Ranch cat, Corina. Maybe the hard life of his earliest days across the highway softened Solo Vito's heart toward all creatures. Remembering that all my pets I have ever had came to the house starving, and fully realizing how much they mean to me, my heart swells with thanks and admiration for those who have worked so hard and are still working to establish the Humane Society home for homeless creatures.

School policy detailed

The following were discussed and adopted during the Wednesday meeting of the Ruidoso Board of Education as new procedures to be followed in instances of student drug/alcohol use and abuse:

—Referral may be as follows:

1. A student may self refer
2. A parent/guardian or peer may refer a student
3. A teacher/staff member may refer.

—If drug/alcohol use and abuse are suspected:

1. The teacher/staff member will inform the principal (core team coordinator). The referring person will be asked to fill out a "Student Referral Intervention Team" form.
2. The principal (core team coordinator) will ask the student's other teachers to fill out the "Teacher Response" form.
3. Based upon evidence received in the referrals, the principal (core team coordinator) may decide to convene the school intervention team. All pertinent data will be collected by the time of the intervention team meeting (student test scores, grades, attendance, teacher's referral information).
4. The intervention team may conduct a conference with the teachers for clarifying or extending information; confer with students on a student-to-member basis; decide on further follow-up; conduct a student/parent/intervention team conference; discuss consequences; or drop the case.

—If a student voluntarily admits drug/alcohol abuse:

1. The first aim of the school will be to help the student. The teacher, or other staff member in whom the student confides, should try not to destroy his/her confidence, but should inform the student of the counseling procedure, which will include the discussions with parents and referral for assessment to an agency which can give him help.
2. The student will inform the principal and assist in scheduling a student/principal/IMPACT member conference.
3. The principal and IMPACT member will meet with the parents and recommend that a medical or social agency be contacted by the parents to serve the student.

—If a student appears to be under the influence of drugs/or alcohol:

1. The same procedure will be used as when a student shows signs of a serious illness; the principal will be notified immediately; the principal will take the student to the nurse's office, parents will be called, medical help will be summoned and arrangements made to transfer the student home or to the hospital.
2. The principal will arrange for a parent/administrator/IMPACT member conference within three days.

—If a student is witnessed by a staff member to be violating school policy and/or local, state or federal regulations against the possession, use, sale or delivery of drugs/alcohol:

1. The staff member will inform the student of the observed violation, obtain the student's name and ask the student to accompany him/her to the office. The staff member will confiscate the chemical and/or evidence that substantiates its use. The staff member will report the incident and details relating the use to the principal and document the incident.
2. The principal will notify the student's parent or guardian and the Ruidoso Police Department. The student will be suspended for 10 days, pending a reinstatement conference and/or expulsion hearing.

The strictest confidentiality will be observed by all school employees in the use of all drug/alcohol screening procedures.

Capitan's Jay Eldridge (20) scores on a 50-yard run during Friday's high school football game with visiting Texico. Eldridge scored three touchdowns as the Tigers

won, 41-0, to move their season record to 2-1. Capitan will travel to Hagerman Friday, September 19, for a 7:30 p.m. game.

Capitan gridders crush Texico, 41-0; Eldridge leads way with three scores

Capitan High School's varsity football team scored 21 points in the second period and went on to crush visiting Texico, 41-0, in a non-district game Friday night.

Capitan, now 2-1 on the season, jumped ahead when Jay Eldridge ran six yards to finish a 75-yard drive early in the second quarter.

The extra-point kick was blocked but Capitan led, 6-0.

The Tigers came right back and added a second touchdown on a 50-yard run by Eldridge. Eldridge's run culminated an 85-yard drive.

Eldridge then ran for the two-point conversion and the Tigers led,

14-0.

Quarterback Troy Padilla added the third touchdown on a 46-yard run. Mike Lunn again kicked the extra point and Capitan took a 21-0 lead into the lockerroom at halftime.

Doug Eckland added the fourth Tiger touchdown on a nine-yard run in the third period. Lunn kicked the extra point and Capitan widened its lead to 28-0.

The Tigers added two more touchdowns in the final quarter, one coming on a two-yard run by Eldridge and another on an intercepted pass by Will Griggs. Lunn

added one more extra point kick.

Capitan rolled up 300 yards rushing and 60 yards passing for a 360-yard total.

Eldridge led the way with 133 yards in 15 carries (plus the three touchdowns). Padilla added 76 yards on the ground, and would have had even more if he had not been sacked attempting to pass.

"It was definitely our best game," said Tiger head coach Zale Woodward. "It was a close game in the first quarter, but we came on after that."

"It was a total team effort by our defense." The Tigers will travel to Hagerman Friday, September 19, for a 7:30 p.m. game. Hagerman is 0-3 for the season.

Warrior spikers defeated by Portales Rams in four games

by GARY BROWN
Sports Writer

A tough Portales team handed the Ruidoso High School varsity volleyball team its first defeat of the season, 15-4, 15-9, 13-15, 15-2, Saturday in the Warriors gymnasium.

Ruidoso, now 3-1 on the season, will be off until Saturday, September 20, when the team hosts the Socorro Warriors.

Portales, which competed in the state AAA-division tournament last season, showed it should again be strong as the Rams matched the Warriors in net play.

Ruidoso took a 2-0 advantage in the first game, but Portales came back to take a 7-3 advantage.

The Warriors cut the margin to 7-4, but the Rams scored eight straight points for the game victory.

Ruidoso again fell behind in the second game, but came back to close the gap to 10-9. Again, the Rams held off the Warriors, scoring five straight points for the victory.

But the Warriors came alive in the third game.

Trailing, 7-1, Ruidoso scored seven straight points for an 8-7 advantage, behind the excellent net play of Kerry Gladden, Shannon Lee and sophomore Dari Stierwalt.

Portales came back to take an 11-9 lead, but the Warriors rallied to close the gap to 14-13, but Ashley McIntosh served the winning point as Ruidoso took a 15-13 game victory.

Stierwalt got a kill before McIntosh served to set up the final rally. Lana McClure had eight serve points and McIntosh had seven in the third game.

However, Portales came back strong in the final game.

The Rams took a 12-0 advantage before Ruidoso hit the scoreboard, and won going away.

"I think our players were intimidated by Portales," said Warrior head coach Pixie Arthur. "We seemed scared of them. We came back well in the third game, but seemed complacent after that. It probably was a mental letdown."

Despite the defeat, Arthur saw some positive signs.

"We did win one game," she said. "And Portales took Roswell (an AAAA-division school) in three straight last week."

"I think Dari Stierwalt did an outstanding job."

Now the Warriors will have a week to prepare for Socorro.

"I think we really work hard on

fundamentals," Arthur commented. "We're going to work on creative training and conditioning."

Against Socorro, there will be varsity, junior varsity and freshman matches, all in the Warrior gymnasium.

Jv spikers beat Portales

by GARY BROWN
Sports Writer

Ruidoso High School's junior varsity volleyball team raised its record to 3-1 with a 15-6, 15-7 victory over the visiting Portales Rams Saturday afternoon.

The Warriors jumped off to a 2-0 advantage in the first game and never trailed.

The second game was even easier as the Warriors led 7-3, and gradually increased their advantage from there.

Stacy Mobley had six serve points and Lori Walker had four in the first game. Kristin Tidmore had seven serve points and Ellen Graham had five in the second

game. "I think we played really well," said Warrior junior varsity coach Jim Hofstad. "We still made some mistakes, but I think it was our best match of the season."

"We passed really well. Kristin Tidmore did a great job at the net. Portales is stronger than Tularosa (a team Ruidoso has split with this season)."

The Warrior freshmen had less luck, dropping a three-game match to Portales. Still, it was one of the Warriors' better efforts as they won the second game.

Ruidoso's junior varsity and freshmen will resume action Saturday, September 20, against visiting Socorro.

Sports activities this week

Monday: Ruidoso Middle School A and B volleyball teams at Tularosa, starting at 4 p.m.

Thursday: Ruidoso High School freshman football team to host Roswell, starting at 6 p.m.

Friday: Ruidoso High School varsity football team to host Tularosa, starting at 7:30 p.m. Capitan High School varsity football team at Hagerman, starting at 7:30 p.m.

Saturday: Ruidoso High School varsity, junior varsity and freshman volleyball teams at Socorro, starting at 1 p.m. Ruidoso High School junior varsity football team to host Artesia, starting at 6 p.m. Capitan High School varsity and junior varsity volleyball teams to host Elida, starting at 1 p.m. Ruidoso Middle School volleyball team to host tournament, all day.

Warrior jv football team defeated by Portales, 12-0

Ruidoso High School's junior varsity football team showed a lot of improvement in a 12-0 loss to Portales on the winners' field Saturday.

Ruidoso, now 0-2 on the season, was defeated by Lovington, 48-12, the previous week.

"The players improved immensely," said Warrior assistant coach Mike Speck. "I think we looked better on defense than on offense. All the players played well."

Portales scored one touchdown in each half, both on short runs.

Ruidoso twice drove inside the Ram 20, only to give the ball up on downs.

The Warriors will host Artesia at 6 p.m. Saturday, September 20. Ruidoso's freshmen will open the season Thursday, September 18, against the visiting Roswell Coyotes. The game will start at 6 p.m.

Quarterback Club meets Wednesday

The Ruidoso Quarterback Club will meet again at 7 a.m. Wednesday, September 17, at Whispering Pines Restaurant.

Anyone interested in the Ruidoso High School football team is encouraged to attend the meeting-breakfast.

Brave gridders tie Dexter, 14-14

Ruidoso Middle School's football team saw its hopes of a season-opening victory vanish when host Dexter scored with 30 seconds to go Thursday night for a 14-14 tie.

After Dexter scored its touchdown and a two-point conversion, the Braves still advanced to the Demons' 30-yard line before time ran out.

Dexter scored first in the game on a run in the second quarter.

Trailing, 6-0, at halftime, the Braves came back on Cody

Willard's 90-yard kickoff return to open the second half.

The extra-point attempt was no good and the score was tied at 6-6.

Ruidoso went ahead with just two and a half minutes left in the game on an eight-yard run by second-string fullback Roman Parra.

Parra powered his way over for the score. Brad Stewart ran over for the two-point conversion and Ruidoso had a 14-6 advantage.

"Ronny Randolph had an outstanding game catching passes," said Brave head coach Terry Wharton. "Our offensive line probably came along further than anybody in the game."

"Steve Dankert played an outstanding game at defensive end and our cornerbacks, Cody Willard and Jamie Candelaria, played well."

Ruidoso will have its next game Thursday, September 25, against visiting Hagerman.

Middle school spikers beaten twice

Ruidoso Middle School's volleyball team lost to visiting Alamogordo and Portales over the weekend.

The Braves A team fell to Alamogordo, 15-1, 15-9, Thursday afternoon. Saturday Portales topped Ruidoso, 15-11, 15-9.

Against Alamogordo, the Braves actually led, 7-6, in the second

game. However, Alamogordo gradually pulled away for the victory.

The Brave B team also played the Alamogordo A team and lost, 15-5, 15-8.

Brave coach Jody Hopkins was pleased with her team's effort in the Portales match.

"I felt the team played a lot bet-

ter," Hopkins said. "We were getting three hits. The players did a super job."

Ruidoso is now 0-3 on the season. The B team is 1-1.

Ruidoso's A and B teams will play at Tularosa today (Monday), September 15. The first match will start at 4 p.m.

Ruidoso Middle School volleyball coach Jody Hopkins (right) talks to her players during a timeout of a recent match. The Braves will play at Tularosa today.

Economic development group sets plan

The Economic Development Task Force for the Ruidoso Valley Chamber of Commerce organized a list of projects with a timetable of deadlines during its meeting Thursday.

Bob Allgood, senior program director with the State Economic Development and Tourism Department, and Steve Massey, an economic development specialist with the Southeastern New Mexico Economic Development District, conducted a group discussion with members of the task force to formulate the plan of action.

The group tailored the projects list and deadlines around use of the present airport site as a center for economic development, although other areas zoned industrial in the village were given some consideration.

Major points suggested by Allgood to be included in the projects list included suitability of site, character of community, market, labor force, environmental awareness in the community and transportation, among others.

The task force discussed the topics and listed each as either an

asset or liability. The task force then treated the liabilities as projects that need to be rectified and assigned a deadline for each project.

Also during the meeting, members of the task force's subcommittees were introduced and the goals of those subcommittees were announced.

Budget, Research, Contact Team, Communications and Finance subcommittees have been set up.

Trustees seek \$25,000 grant for town master plan

by LINDA PONDER
News Capitan Bureau

Capitan Village Trustees received an update on the Community Development Block Grant the village has applied for and took care of general business at their meeting Monday.

Hubert Quintana told trustees he and Mayor Benny Coker had presented Capitan's application to

the New Mexico Finance Committee for a \$25,000 Community Development Block Grant. If the grant is awarded the grant monies will be used to begin work on a master plan for the village, it was learned.

Quintana said Coker was well received by the review committee and he felt the chances of Capitan receiving a grant were "very good."

The final decision for the grant awards will be made September 25. Originally, New Mexico had \$6.9 million in grant money, said Quintana. HUD has added additional money bringing the total to \$8.4 million.

"The additional money and having Mayor Coker at the review board hearing nearly guarantees that Capitan will receive a grant," Quintana concluded.

Trustees Kelly Beavers, Norm Renfro, David Rouleau and Dave Strickland agreed to call for bids

for engineering services proposals. Grading evaluations will be published to insure the projects are put together according to law.

The engineer will determine priorities on the water and village projects according to General Obligation Bond directives and will

work closely with Dennis Engineering, Socorro, and Atkins Engineering, Roswell.

In other business the trustees: —Approved budget increases to the fire fund, senior citizens and streets and road department.

—Authorized village clerk Virginia Spall to act on their behalf at the Southeastern New Mexico Economic Development District

meeting September 10 in Roswell.

—Heard from attorney John Underwood publication for the new water ordinance should begin today (Thursday) and the new animal ordinance should be ready for publication after their next meeting.

—Approved a transfer of \$75,000 from certificates of deposit paying five percent to a cash management fund paying six percent for 30 days.

School board

Schools' projects are handled in first meeting of the school year

by LINDA PONDER
News Capitan Bureau

The Capitan Board of Education dispensed with routine business during their meeting Thursday.

Upon a recommendation from superintendent Leonard Hays, the board agreed to apply for a matching funds grant to increase energy efficiency by remodeling the old sixth-grade classroom. Remodeling would primarily consist of insulation—tighter seals around windows and doors to cut down on heating bills in the winter.

Cost of the project is estimated at between \$50,000 and \$60,000. If the grant is awarded, the school would be responsible for half of the amount.

The multi-purpose gymnasium lights repair will cost an estimated \$3,000. The current lights are not

protected adequately and several have been broken leaving the gym in partial darkness.

The wire cages currently covering the lights are too flimsy for protection, according to Hays. New protective coverings are needed that are sturdy enough to protect the lights from balls.

Board members James McDaniel, Tom Trost and Tim Worrell agreed to call for bids for replacement of lights and protective coverings.

Hays reported the State Highway Department ruled the traffic on Highway 380 does not warrant the state placing flashing yellow lights at the school. Alternatives could be the village or county.

In other business the board: —Accepted the resignation of Diane Newsom, teacher aid in special education.

—Approved the property exchange between the Forest Service and school. The exchange consists of 4.04 acres and a building to the Forest Service for 6.2 acres and a building to the school. The exchange should take place in December. It is hoped by the board that next year's football season will begin on the new athletic field.

—Approved the purchase of cabinets valued at \$27,000 for a reduced price of \$5,000. The cabinets will be placed throughout both schools where needed.

—Accepted the attendance report. There was a projected enrollment of 485 students, the actual enrollment is 486.

—Approved budgeted athletic funds.

—Approved unbudgeted athletic funds.

—Approved budget transfer.

County Lodgers' Tax Committee will employ services of ad agency

by LINDA PONDER
News Capitan Bureau

Lincoln County Lodgers' Tax Committee (LTC) agreed Wednesday to begin the necessary steps in letting out bids for a creative advertising firm.

Committee members Rich Seeley, Bob Boverie, Bob Finley and Kay Dennis were most concerned not to have advertising brochures started by now. The com-

mittee believes the brochures are one of their best advertising tools.

The function of LTC is to use county tax monies set aside specifically for advertising of the county to interest tourists in seeing all of Lincoln County, not just one area.

To begin an effective advertising campaign, utilizing the funds available to them, the committee agreed to hire a professional creative advertiser.

In other business the committee: —Discussed the success of the McSween Dig in Lincoln during the summer.

—Approved the \$100 donated from lodgers' tax money to the Sierra Blanca Airport Logo Contest by county commissioners.

—Discussed a possible new committee member.

The next LTC meeting will be at 10 a.m. Wednesday, October 8, at the Lincoln County Sub-office in Ruidoso.

Editorial

Have you ever dreamed of being Batman or Robin, Spiderman or maybe Ms. Piggy?

Do the Tin Man and the Cowardly Lion bring back happy memories? Are you macho enough to be Popeye, enthusiastic enough to be the San Diego Chicken, grouchy enough to be Oscar or pure enough to be Snow White?

Want to find out, and have great fun at the same time?

Just call Georgia Griffin at 257-5949 and you can become the character of your choice in this year's Aspenfest parade and street festival October 4.

Costume rental is \$50. If a business sponsors you as one of the Tree Bears, or Snoopy, or Darth Vader, or whatever you choose, the Aspenfest organizers will make up a sign that will accompany you in costume, announcing the name of the sponsoring business.

If you want to sponsor a costume, but you can't see yourself as a Raggedy Ann, Aspenfest sponsors will supply a person to wear the costume.

Inside the Capitol

by Fred McCaffrey

SANTA FE—Sometimes it's a help to learn how others see us.

Take, for example, the extremely frank comments about New Mexico voiced by a recent visitor from Great Britain. He's Jeffe Jeffers, and he heads Europe's largest high-technology innovation center, London's South Bank Technopark. While he was in Albuquerque to address a technology-transfer conference, he talked some unshirtd truth.

As for that technology generated here which New Mexicans would like to see turned into money-making propositions, Jeffers correctly observed, "Your technology here is about killing people. It's creepy." He went on to ask, "How do you take those horrific things and turn them into plowshares?"

Even New Mexicans who don't like to admit to themselves that much of what goes on inside the laboratories located here has such an unpleasant aim will still have to agree with Jeffers' observation that it's hard to take somebody who has spent his life in a government lab and teach him to run a competitive business.

And when he talked about capitalization, Jeffers really got himself on a roll.

"New Mexico," he said, "has probably less access to venture capital than any place in the United States. Also, you don't have a population, for God's sake." That lack of such capital he further attributed to the state's "exploited, standard colonial situation" that results from out-of-state ownership of almost every major business interest in the state.

In case you think Jeffers is just a Limey who came over here and blew a lot of smoke, he has so far made five efforts to bring technologies developed in our state to market in Europe, acting in collaboration with the University of New Mexico. All five tries failed.

But Jeffers hasn't given up. He'll try again with five new technological approaches he's taking back to England this month. At least one or two of those, he hopes, will be snapped up by major multinational firms.

At least UNM and New Mexico labs from which these new ideas came can be assured they are dealing in such matters with a Londoner who speaks his mind candidly and to the point.

The presumably solved case of the disappearing \$30,000 has come unstuck.

Steve Westheimer, head of the Attorney General's criminal division, dropped charges against the suspect who had been arrested in connection with the scam that cost the state that much money after an Albuquerque bank cashed a warrant for that amount it was assured had been properly drawn by the Department of Finance and Administration.

Westheimer reassures us that the investigation into the matter is continuing.

It should. From such facts as the disappearance from DFA's files of the voucher that initiated the drawing of the warrant it would be hard to conclude anything except that somebody who knows procedures there intimately is at the heart of this so far successful rip-off of a substantial sum. Citizens might hope that such a person would be uncovered, especially if he or she happens still to be a state employee.

One of the better non-fiction books of the past year has been Ken Auletta's *Greed and Glory on Wall Street: The Fall of the House of Lehman*. What made it fascinating was the

fact that the author did not focus on the hocus-pocus stuff of high finance but on, as he put it, "the human folly and foibles" that underlie and eventually control even the biggest of big businesses.

Sometimes we forget that, just as we sometimes forget that political figures are first of all men and women with certain vices and virtues. To neglect to study those, as at this moment, when we are selecting a new governor and new legislators,

would probably be to have our attention focussed on things which do not matter.

The important question is more likely to be what kind of men and women these candidates are, not what kind of politicians. At a time when successful service in office is almost certain to call for more than ordinary strength, what we may want to take our closest look at is the intellectual and moral character of those who ask our support.

Reporter's Round

By Linda Ponder

Sunday was Grandparents Day, a fact I was unaware of until several people told me. There were two reasons why I was unaware of the day. One was we recently moved and I still can't find my calendar, I rush around wildly asking everyone what day it is. The second reason is, I was very preoccupied on Sunday, Grandparents Day ... becoming a grandmother.

My mother was the first person to tell me what day it was, I had called her as soon as we got to the hospital, she said the best gift she could ever get on this day would be her new great-grandchild.

The next person to tell me was my daughter's OB nurse, Jennifer, as she competently arranged Nicki in the birthing room at the Ruidoso-Hondo Valley Hospital.

"What a nice day to have a baby," Jennifer said, "it's grandparents day."

Jennifer stayed with Nicki, Mike (my son-in-law) and I through the entire labor and delivery of the baby. She is one of the most compassionate, competent and kindest OB nurses I've ever met.

Nicki and Mike had decided for natural childbirth from the beginning of her pregnancy. A tough decision and a tough job, with Jennifer's and Dr. Harrison's encouragement, they accomplished that goal.

Dr. Harrison didn't tell me what day it was, but I could tell, he knew.

From the beginning, Dr. Harrison was there for Nicki, always

close when she needed him, always explaining to all of us what was happening and what to expect. I've heard praise for him all over the county, from so many people, and now I must add my voice. Our community is enriched by his expertise and dedication.

During the delivery I waited outside, listening for the first indication of whether "it" was a girl or boy. An earlier sonogram had listed the gender as a girl, but Dr. Harrison had said two weeks before that it sounded like a boy to him.

Standing in the hall, I thought about the dresses and lacy things we'd gotten, trusting technology rather than experience and wondered if, maybe, we should have gotten a few more blue things. Mike and Nicki had not even totally decided on a boy's name, having spent more time agreeing on a girl's.

I thought of many other things while I waited, listening, at the door ... of other women who have waited and listened while their daughters labored ... of my own mother, finally realizing what she must have felt during the birth of my children, the fear and the hope ... of the infinite possibilities and experiences this newest little person would have.

Finally, I heard, "It's a boy."

Mike was standing just inside the room as I entered, and handed me the baby. "Happy Grandma's Day, grandma," he grinned, as I looked down at the most perfect reason in the world to set aside a day for grandparents.

Letters to the editor

DEAR EDITOR:

Ruidoso has everything, green mountains, clear rushing waters, whispering pines, friendly people. But Ruidoso has another plus that has not been mentioned, that has not been acclaimed. The time has come to change all that.

Ruidoso has Dale Thompson and his staff at the Firestone Tire Center at 1021 Mechum Drive. On a recent trip to Ruidoso, we had car trouble and a nameless citizen called the Firestone Center for us. A caring efficient young man came to the rescue. The problem was eliminated quickly and inexpen-

sively. The excellent service was rendered gladly. I'm impressed! Some people serve when it is required, or when it is rewarded, or when it is unavoidable. It was obvious, however, that these fellows served because it was a joy to serve.

Their kindness will long be remembered, and people like them will make Ruidoso more attractive than ever.

Hats off to Dale Thompson and the staff at the Firestone Tire Center. Good Job!!!

Sincerely,
Jody Boudreaux

September 21 through September 27 By Madame Leona

- LIBRA**
(September 23 - October 22)
Take the yard. Your block is having a contest to see which yard has the most colorful leaves. It's also a good way to clean up the falling down mess.
- SCORPIO**
(October 23 - November 22)
Take inventory of your entire personal possessions. You've been looking for something out of the ordinary to do. Besides, the list may come in handy.
- SAGITTARIUS**
(November 23 - December 21)
Resist the urge to add more clothes on your credit card. Your credit limit is getting pretty close to the top. It's difficult when there are such good sales.
- CAPRICORN**
(December 22 - January 20)
Try giving someone who is always grim a nice smile and a warm sentiment. He may not feel better, but it's still a kind thing for you to do.
- AQUARIUS**
(January 21 - February 19)
Put away that sharp garden tool as you and your spouse carry on a vocal discussion. This type of tool is meant for garden digging, not for grave digging.
- PISCES**
(February 20 - March 20)
Teach and learn a little more diplomacy. Tell your kids they can't always watch what they want, but you don't always have to watch what you want.
- ARIES**
(March 21 - April 20)
When opportunity knocks, make sure you're not too hasty. Something big is in the works for you, but you should watch your p's and q's. Be patient.
- TAURUS**
(April 21 - May 20)
You are in urgent need of a black wall in your home. Find the longest wall, take down all the pictures and move the furniture. Use paint and a brush.
- GEMINI**
(May 21 - June 21)
Goals for the week: get up early one morning and do laundry. Have your hair spiked. Clean behind the water heater.
- CANCER**
(June 22 - July 22)
Put yourself in the proper state of mind to be able to do something you do not wish to do at all. Once you've prepared yourself, go to your task.
- LEO**
(July 23 - August 23)
Someone from your past will appear out of nowhere. You will be uncertain if his intentions are positive or negative. It could be okay for you.
- VIRGO**
(August 24 - September 22)
Be prepared for another bout with your mother's compulsive behavior. She is seemingly incapable of happiness when she can't be doing some weird act.
