Rep. Hall details amendments on ballot

by FRANKIE JARRELL
News Staff Writer

Voters will be faced on November 4 with deciding on 11 proposed amendments to the State Constitution and one \$35 million bond proposal.

State Representative Ben Hall, in a program for the Ruidoso Hondo Valley Extension Club, cautioned that changing a constitution is changing the very basis of government and should be done very carefully.

Since just the title of each amendment will be on the official ballot, Hall said voters should learn all about the proposals before entering the voting booth.

Hall then described the 11 amendments:

AMENDMENT 1
...to allow the legislature to determine procedures for recall of local school board members.

Hall said presently if a school board is recalled the local superintendent is responsible for conducting the resulting election.

"In effect what he's doing is the paperwork to fire his bosses," noted Hall.

He said if the proposed amendment passes it will put a school board recall election in the hands of the county clerk, who is responsible for all other elections in the county.

AMENDMENT 2

...to prohibit the regulation by municipalities or counties of the right to keep and bear arms.

Hall said the right to keep and bear arms is not provided through the United States Constitution, but regulated through the states. He said the proposed amendment, if passed, prohibits local governing bodies from passing laws restricting that right.

AMENDMENT 3
...to provide for residence in and

election from districts of county, school district and municipal governing bodies.

Hall said the proposed amendment allows for single-member districts as opposed to the "at-large" system used in Lincoln County. He said the amendment, if passed, will permit but won't make districting mandatory.

But Hall predicted the federal government will require districting sooner or later, and added that

towns over a certain population size already are required to elect governing officials from set districts.

AMENDMENT 4
...to allow the deposit of public money in state and federal credit unions to the extent that such deposits are insured by an agency of the federal government.

Water Hondo valley users: Tribe claims will dry river Tribe President Chino: Misinformation in the press

by FRANKIE JARRELL
News Staff Writer

Questions to be considered in upcoming hearings in a water dispute involving the United States on behalf of the Mescalero Apache Indian Tribe, the State of New Mexico and others will include, besides priority dates of Indian water rights and economic feasibility of the tribe's plans, possible impacts to other water users.

The tribe is claiming more than 13,600 acre-feet of water that the State says amounts to 91 percent of the Rio Ruidoso as it leaves reservation land.

directly support the office of the State Engineer and attempt to intimidate the State Judge who is hearing the case." He said "misinformation" from the State Engineer is "designed to incite opposition against the tribe."

He disagreed with claims that his tribe's plans will dry up downstream water users, citing testimony by expert witnesses on August 27 and 28 in Roswell that indicated sufficient water is available to "meet the tribe's water needs and the needs of the great majority of non-Indian users."

Hondo Valley residents have formed a group to combat what they see as challenges to their established water rights. They have said in recent meetings that if the tribe is successful in claims to the volume of water it is claiming, the Rio Ruidoso will be dried up before it reaches the Hondo Valley.

According to official documents from five weeks of testimony in the case last spring, attorneys for the Indians claim that impacts to other users should not be weighed in adjudicating the tribe's water rights.

Chino said storage facilities proposed would save water that is now unused or lost, and claimed most of the diversion will take place in the winter and spring before downstream irrigators need the water.

"The downstream water users should be glad that they have used for years and years, unrented water rightfully and legally belonging to the tribe since 1852," continued the news release.

Valley water users said recently they'll not only present a case to show possible negative impacts to their water rights, but will raise the issue of sensitivity to the environment. A spokesman for that group said possible effects on the environment of taking 91 percent of the Rio Ruidoso where it leaves the reservation have never been considered.

Mescalero Apache President Wendell Chino conducted a news conference in Albuquerque last week in which he blasted the State Engineer's Office and the press. Chino said he was responding to "the many recent inflammatory and derogatory accounts and statements regarding the tribe's water claim in the Rio Hondo stream system."

Chino said "the tribe suffers from one-sided and partial press accounts which are designed to in-

Discussions during water meetings at Hondo High School included a suggestion by County Commissioner Ken Nosker that the Indians might have plans to sell the water if the case is adjudicated in favor of the tribe.

Chino disagreed, in his statement, with comments by the State Engineer's Office regarding average monthly diversion, and claimed that much of the year the tribe's plans will have "zero impact on downstream users."

He further reminds downstream users "that the tribe is not the only user to have an effect on downstream but no one has raised a furor about the Village of Ruidoso's use of water and the impact it has on downstream water users."

He said complaints should be directed to all water users who impact the stream flow, not just the tribe.

"The tribe has been dragged into

Cree Meadows offers associate, social memberships

The Board of Directors at Cree Meadows Country Club announced that it is offering associate and social memberships to the club.

Mary LeCrone, membership chairman for the board, said the intent of the original corporation that acquired Cree after bankruptcy proceedings was to make the facility available to all Ruidosans. She indicated the board of directors intends to continue that philosophy.

The original corporation was

made up of Sam Dazzo, Ben Lanford, Ralph Petty and Johnny Durham. The club is now in the hands of the membership, which is made up of those who have opted to purchase at least one share in the club. Many of the shares, each representing one-five-hundredth ownership, have been sold at \$4,000 each but the club needs to sell more to stay afloat.

LeCrone added that some past memberships are being honored

upon resumption of dues.

The associate memberships include all privileges at the club and golf course. The membership has a \$750 initial fee and \$60 a month dues.

Social memberships entitle the holder to full use of the clubhouse only. The fees are \$400 initially, then \$30 a month.

"Reciprocity with other clubs has been arranged in order that our summer guests may have full use of

our facilities," LeCrone said.

Special business memberships and special events for the general public may be arranged at the club.

LeCrone said other goals of the board include operating the club profitably and efficiently and to sell the remaining shares of stock.

"Cree Meadows is a vital and valuable asset to Ruidoso," LeCrone said. "All of us have a responsibility to support Cree." LeCrone can be reached at 257-9186.

Hospital renamed, airport road option chosen

by LINDA PONDER
News Staff Writer

Lincoln County Commissioners renamed the Ruidoso-Hondo Valley Hospital to Lincoln County Medical Center and then got down to the business of roads and the airport at their meeting Tuesday.

R.L. "Pinky" Jones, president of the hospital board of directors, requested the hospital name be changed to Lincoln County Medical Center. Commissioners Bill Elliott, Ken Nosker and A.W. "Gnat" Gnatkowski agreed to the change, noting the hospital name had been discussed many times during the past few months, by both the hospital board and the commissioners. It was agreed by commissioners that a time had come for the name of the hospital to reflect being the medical facility for the entire county. The name change will become effective immediately.

Bohannon-Huston Incorporated conducted the second public hearing on the proposed Sierra Blanca Airport Road. During discussion it

was learned road option one was 7.7 miles from airport to Highway 37. To use option one three residences, two barns, one water well, four camper hook-ups, one septic tank and one water tank would have to be relocated. There would be 106 parcels involved at a cost of approximately \$5.4 million.

On option two, the total distance from airport to Highway 37 is 7.2 miles. There would be no relocations and just 19 parcels would be affected. Approximate cost would be \$5 million.

Option three was a longer route by nearly one mile and was not considered after the initial presentation.

Nosker made the motion to accept option two, stating, "We plan to let contracts next week for the airport and we need an all-weather road for the airport that will be finished when the airport is."

Commissioners agreed unanimously to accept option two, reassuring the crowd that Fort Stanton Road would not be abandoned and school bus routes would

remain the same.

In other business, the commissioners

- Welcomed Mrs. Holborn's Carrizozo Civics class
- Approved the amended tax rate setting order
- Proclaimed October 30 as Lincoln County Food Bank-Hunger Day. Phyllis Boverie accepted the proclamation and explained the Food Bank was established in Lincoln County to assist people on a short-term basis, in an emergency.
- Opened three bids for base course. One envelope apparently did not have a bid in it. Following an executive session, it was decided the call for bids needed to be rewritten to include what kind of test the county will require. Attorney Gary Mitchell and county manager Suzanne Cox will redetermine the specifications and let the bids again.
- Accepted low bid on lease of new equipment from Rust Tractor Company.
- Accepted a lease agreement with the Soil Conservation Service

at \$100 per month.

- Approved the purchase of a seven passenger mini van for the Senior Citizens Center.
- Approved the bid for ceiling repair on the Carrizozo Senior Citizens Center.
- Learned, during Nosker's report on the Sierra Blanca Airport Commission, of a tentative schedule on the progress the construction will take after groundbreaking ceremonies on Friday, October 31. If everything goes on schedule, planes should be landing, during daylight, at the new airport by December 1987.
- Agreed to enter into a water rights suit involving the Mescalero Apache Tribe and the State of New Mexico. The commissioners expressed their belief that the case could have an adverse effect on the county. They wish to intervene on behalf of the county, and so approved a special line item expense of up to \$25,000 for legal defense.

ten in 1910 there were no credit unions, said Hall. He said credit unions and their members feel they've grown so much that they are entitled to share in the state's financial business.

Hall said some opponents of the proposal say state funds shouldn't be deposited in credit unions since they make loans only to individual members, not to businesses.

He said the state will net the same amount in interest from credit union deposits as those in other financial institutions.

AMENDMENT 5
...to enhance law enforcement capabilities.

According to a brief analysis included with the text of the constitutional amendments, "the major effect of this change is to allow law enforcement agencies to keep property confiscated in drug offenses."

Hall said proceeds from confiscated vehicles go into the current school fund. He said the State Police have been using confiscated cars and aircraft in undercover operations, although they aren't allowed to do so under current law. He said the constitutional amendment, if passed, will make it legal for local law enforcement agencies to continue to keep confiscated items.

Since schools operate on a set budget, Hall said taxpayers will be called upon to make up the difference in the school budgets if

those proceeds remain with law enforcement agencies.

"One way or the other taxpayers will have to foot the bill," remarked Hall.

AMENDMENT 6
...to add a new section authorizing interim hearings on confirmation of gubernatorial appointments.

Hall said the Senate Rules Committee has to confirm all gubernatorial appointments, and the intent of the proposed amendment is to allow an interim committee to conduct hearings on appointments between regular sessions.

Proponents say the interim hearings would leave more time in regular sessions for senators to take care of regular business.

Opponents say the interim committee could be reducing the power of the governor, who makes about 1,200 appointments.

Hall said when hearings are conducted during regular sessions the governor can be called upon to answer questions on the appointees or to "apply political pressure."

Actual confirmation still would take place before the Senate during the next regular legislative session.

AMENDMENT 7
...to expand and to enhance the control and management of the State Board of Education.

Hall said the proposed amendment actually calls for combining the elected 10-member board of education with the appointed 5-member Department of Education. Currently the elected officials set policy while the appointed group

controls school monies, said Hall.

The amendment provides for staggered four-year terms for the 10 elected members and staggered four-year terms for five members appointed by the governor.

AMENDMENT 8
...to change the University of New Mexico Board of Regents from five to seven members.

"We're the only state in the union that still has five-member boards," said Hall, adding that proponents of the change say with 22,000 students UNM needs a seven-member board.

Hall said regents are appointed by the governor and can't be fired.

"This amendment was proposed to dilute the power of the present governor," said Hall. If the proposal passes the newly elected governor will appoint two new regents.

Hall said Governor Toney Anaya has appointed three members to the five-member group, and some legislators didn't like the governor having control of UNM after he is out of office.

"There are rumors going around the state that Governor Anaya wants to be president of UNM," said Hall.

AMENDMENT 9
...to allow four consecutive terms for county officers.

"For the most part county government today is operated by amateurs," noted Hall. He said under today's limits county officials can serve just two consecutive two-year terms—just

enough time to get thoroughly familiar with the jobs.

"We're the only state in the union to limit terms of county officials," said Hall.

Opponents of the proposal fear that in eight years some county officials could build up a powerful political machine, said Hall.

AMENDMENT 10
...to provide for a Workmen's Compensation body.

The proposal calls for creating a "new class of government employee for processing and deciding claims of all citizens injured on the job, and furthermore, would abolish the right of citizens to have job-related injury claims decided by elected judges."

Hall said the proposal was tried in 1957, and found to be unconstitutional.

"They will have total power over workmen's compensation decisions," said Hall. He said proponents of the amendment say it will save time and money in court costs and victims will have their claims settled more quickly.

AMENDMENT 11
...to limit state executive officers to two consecutive four-year terms in a state office, for terms beginning January 1, 1991.

Hall said under present law the governor may serve just one term and is ineligible to seek any other state office at the end of that term.

Besides allowing a state executive officer to serve two consecutive terms, the proposal would also allow a state executive officer

to seek any other state office at the end of the second term.

CHAPTER 113, AN ACT
...the "Educational Capital Improvements Bond Act."

Hall said this \$35 million bond issue, to be repaid by raising property taxes, would supply capital outlay money for institutions of higher education to build new buildings.

"As far as the Legislature is concerned we've got more buildings than we can pay the light bill on now," said Hall, who is a member of the committee for higher education. "Some universities have buildings that are not being used," he added.

If approved the money would be allocated to:

- Eastern New Mexico University\$4,591,000
- regional fine arts center on main campus
- firefighting equipment for main campus
- instructional building at Clovis branch
- addition to learning resource center at Roswell branch
- New Mexico Highlands University\$521,000
- energy distribution improvement project
- New Mexico Institute of Mining and Technology\$1,447,000
- new campus electrical system acquire land and develop a research industrial park (requires

matching federal funds of \$617,400)

- New Mexico State University\$6,141,000
- construct, remodel, equip and furnish engineering complex on main campus
- site improvements and utilities replacement at Alamogordo branch
- construct, equip and furnish a vocational and academic building at the Carlsbad campus
- University of New Mexico\$4,141,000
- construct, equip and furnish north campus multipurpose building on main campus
- plumbing repairs at Gallup branch
- Western New Mexico University\$250,000
- roofing
- Northern New Mexico State School\$2,750,000
- arroyo site work at Espanola campus
- construct, equip and furnish a physical education complex

- to provide grant funds to public schools pursuant to the Public School Capital Outlay Act.

P&Z gets tough in variance enforcement

by FRANKIE JARRELL
News Staff Writer

The Ruidoso Planning and Zoning Commission (P&Z) Monday took steps to see that applicants comply with variances granted for building into property setbacks.

A village ordinance requires property owners to leave a 20-foot setback in the front and back and a 10-foot setback on each side of residential property. The commission considers variances on a case-by-case basis.

But Building Inspector Jimmy Neeley told the group that some applicants are given a variance, and then build even further into the setbacks.

Commissioners agreed with Neeley's recommendation that a special inspection be required to ensure that property owners abide by the terms of variances granted by P&Z. Neeley said the state building

code allows him to perform special inspections as needed.

"A very small minority of applicants ... get your approval then go and do what they want to," said Neeley. He said applicants should be informed by members of P&Z of the follow-up procedure.

"If they know it's going to be checked, it's going to be all right," said Neeley.

During the regular meeting commissioners approved two setback variance requests, and enforcement officer Sandy Hall said Tuesday the building inspector will inspect to see that the applicants comply with terms of the variances.

Reed Stirman, agent for Roger Beasley, got a nine-foot, two-inch rear property line variance to build a deck on Lot 7A, Block 9, First Addition to Green Meadows.

And Vic and Betty McCabe got approval for a 12-foot front setback

variance for new construction on Lot 10, Block 8, Golf Course Estates.

But a request for an eight-foot south side property line variance for new construction on Lot 12, Block 20, Forest Heights Subdivision was denied. It was learned that owner Van Parmley was given a five-foot front property line variance last year, and commissioners told his agent to abide by that variance.

Hall said she had received an objection from a neighbor on Parmley's request, and Commissioner Ellen Miller revealed that she owns the other neighboring lot and abstained from voting.

During the workshop session commissioners discussed problems that occur when people buy lots too small for the structures they plan to build. They wondered if village setbacks are too strict.

"I feel like people are buying houses expecting to get variances to add on," said Miller.

"They know the size of the lot when they buy," added Commissioner John White.

Commissioners also extended temporary approval for a mobile building used as a reception center for time-share sales in Pinecliff Subdivision. The extension will expire in February, and requestors said the project should be sold out by then, and the center will no longer be needed.

Members scheduled a workshop and site review for 10 a.m. Friday, October 31, after deciding to visit applicants' property as a group rather than individually. During the workshop they'll review the final draft of a proposed zoning ordinance.

court by the State of New Mexico as a defendant and it does not intend to sit idly by, no matter how loud and great the 'howl' against its water claim.

"The tribe will protect and defend with all vigor and diligence, its rightful and legal claim to the water in the Rio Hondo system and put it to appropriate use for the best interest of the tribe and its members for the present and future generations of the Mescalero Apache people to come," continued the news release.

Chino's statements apparently

came as a result of reports on his tribe's plans to divert much of the flow of the Rio Ruidoso to be transported by an underground pipeline into the Tularosa Basin. Trial documents indicate the tribe plans to irrigate two tracts of land for farming purposes. The documents also reveal the tribe's plans to drill 43 deep wells.

Area water users will have the opportunity to join in the case in the pre-trial hearing in Roswell. Retired Judge LaFel Oman, a former State Supreme Court justice, has been appointed for this case.

He has said he hopes to make a final ruling by the spring of 1987.

Groundbreaking for airport set

Ground will be broken for the long-awaited Sierra Blanca Regional Airport Friday, October 31.

The Halloween Day ceremony will take place from 11 a.m. to noon at the airport site, then will be followed at 12:30 p.m. by a luncheon at Cree Meadows Country Club for Governor Toney Anaya in recognition of his support for the new airport.

Both events will be open to the public. The luncheon will be co-hosted by the Sierra Blanca Airport Commission and the Ruidoso Valley Chamber of Commerce. Local, state and national officials are expected to attend the event.

Secretary of State praises Democrat candidates

by FRANKIE JARRELL
News Staff Writer

Secretary of State Clara Jones, speaking to the Lincoln County Democratic Women Tuesday, urged members to encourage every registered voter to get out and vote—and vote in every race, not just the gubernatorial contest.

Jones said a 20 percent drop in the number of votes occurs between the governor's race and the secretary of state slot. She said the drop is even more drastic further down the ballot.

"Every vote counts," said Jones, adding that one state legislator was chosen by the flip of a coin after his race ended in a tie.

Jones praised gubernatorial hopeful Ray Powell and his running mate Casey Luna. She compared the things Powell, a Democrat, has done to bring jobs and businesses into the state with his opponent's record on environmental issues.

Quoting from an article in The Albuquerque Journal that blasted

Republican candidate Garrey Carruthers for helping "carry out one of the most comprehensive attacks on the nation's environment laws," Jones cautioned voters to look beyond what candidates say to their past records.

Jones also called on Lincoln County to support Lieutenant Governor Mike Runnels in his bid for the U.S. congressional seat currently occupied by Republican Joe Skeen. She said as secretary of state she has worked closely with Runnels, and has found him to be a "dedicated young man with a lot of good ideas."

"He'll do a good job for you," said Jones.

"You have a great slate of county candidates," added Jones. She commended Coleta Elliott, candidate for county clerk, for attending a recent election school in Santa Fe.

Penny Powell, on the campaign trail for her husband, Ray, told the group not to believe a recent Zia poll that shows the Democrats lag-

ging behind Republican candidates for state offices.

"As we travel around the state we can feel the momentum building up," said Mrs. Powell, adding that a Democratic tracking poll shows Powell within five percentage points of Carruthers.

Powell joined Jones in calling on all voters to get out and vote.

"When Ray becomes governor I want to be very active in supporting the arts," said Mrs. Powell. She said art-related businesses add \$500 million a year to the state's economic base. She said when her husband is working to bring businesses into New Mexico he is always asked about the state of the arts and the state of education.

Mrs. Powell said she'll also support activities to protect the state's environment and promote humane treatment of animals.

Democratic candidates on hand for Tuesday's meeting included Jim Wooldridge, Barbara Langley, John Hightower, Jim Nasmith, Gerald Dean Jr., Jackie Martin,

Ralph Dunlap and Coleta Elliott. Write-in candidate Lerry Bond also was present, and cautioned his supporters to spell his name correctly.

Jones, whose office is responsible for state elections, read an Attorney General's opinion on write-in votes that says only votes for declared write-in candidates will be counted.

The opinion states that both a first and last name or initials and last name must be written in. She said in cases where a name is misspelled, precinct officials will determine whether the vote should be counted or not.

"The intent must be there," said Jones.

Jones reminded the group that the election is just two weeks away.

"I know I don't want to be saying November 5 that I wish I could have done more," noted Jones.

Family Crisis Center prepares hotline

by FRANKIE JARRELL
News Staff Writer

Ruidoso Police Chief Richard Swenor told Family Crisis Center volunteers Monday that his department needs all the help it can get in dealing with domestic violence and associated problems.

"All I can say is, hurry," said Swenor during the first training session for volunteers who will soon staff a crisis hotline.

Ruidoso-Hondo Valley Hospital emergency room nurse Lisa Baumgartner agreed with Swenor. She said when a victim of domestic violence is treated in the emergency room, members of the staff sometimes make a dozen or more calls to get some outside help for the victim.

Baumgartner and Swenor told class members what happens when victims of domestic disputes end up

at the hospital or call the police. Assistant District Attorney Harry Wilcox Jr. explained some things that can happen when an incident ends up in the court system.

Monday's orientation session offered a quick overview of areas to be covered in the next five weeks of training. The free class is open to anyone interested in learning more about the problems of domestic violence, not just those who plan to volunteer.

Sessions are scheduled from 7-9 p.m. Mondays in the multi-purpose room of the Ruidoso Public Library.

Next Monday's class will deal with myths and misunderstandings, and will feature a guest speaker, Sharon Hubbard, from Holloman Air Force Base. For more information contact Frankie Jarrell at 258-5803.

Campaign trail

Lieutenant Governor Mike Runnels (left), Democratic candidate for the Second Congressional District, pauses on the steps of The Ruidoso News with his mother, Dorothy Runnels Clendenen. Runnels stopped in Ruidoso last week while "taking his campaign into the streets of the district, from Lordsburg to Clayton, to discuss issues with the people." Runnels said he has challenged incumbent Congressman Joe Skeen to meet him anywhere in the district to debate the issues before the people of the area.

Lodgers' Tax Committee peeved at council action

During their regular meeting at Ruidoso Village Hall October 15, the Lodgers' Tax Committee expressed concern over the lack of communication between their committee and the Ruidoso Village Council.

A general discussion ensued when village clerk Leon Eggleston announced to the committee that the council had appropriated several thousand dollars of the lodgers' tax funds, during a meeting the evening of October 14. When asked what the funds would be used for, Eggleston was unable to answer. No committee member had, at that time, been further informed.

According to Phil Hamilton, "We have been charged with the responsibility of budgeting and overseeing funds. Under the circumstances, it is difficult to show fiscal responsibility."

Dan Kelley felt that since they had been formed as an advisory committee, they should indeed "advise the council that unbudgeted ex-

penditures are creating difficulties" in the ability of the committee to perform their duties.

All were in agreement that there should be some effective way to achieve better communication regarding the spending of the lodgers' tax funds. Rod Adamson suggested there "Be more input during the budgeting of the funds," and that by anticipating expenditures, perhaps "line items could be added to the budget to cover such expenses."

In other business, Harvey Foster gave a follow-up financial accounting of the \$600 of lodgers' tax monies allotted to the White Mountain Challenge Cup Hill Climb.

Dan Kelley reported that of the \$1,630 requested of the Tax Fund, only \$1,401 was spent on the Austin/Dallas Ski Fest.

In a treasurer's report, Bill Rawlins noted that although there are still outstanding monies, the total collected to date for August 1986-87 is \$21,052.23—compared to \$32,272.96 the previous August and \$18,473.00 in August of 1984-85.

Skeen to visit Friday

Joe Skeen, U.S. Representative, will make several local appearances on Friday, October 24, according to Pat Hume.

Skeen will visit Corona schools at 10 a.m., where he will be "Donating a flag that has flown over the White House to the school system," said Hume.

Other stops will include: Carrizozo Zia Senior Citizens' Center at noon, and Captain Senior Citizens' Center at 2 p.m.

Skeen's final stop that day will be a 7 p.m. Ruidoso Sertoma Club dinner at the Inn of the Mountain Gods, where Wendell Chino will be honored as "Man of the Year."

Midtown invites trick-or-treaters

All the Midtown merchants would like to invite all children ages infant to 13 and parents to Trick or Treat on Halloween day during business hours. Participating shops will have a Trick or Treat sign in the

window. "We would like to see you ... bundle up ... dress up and, hopefully, miss all the ghosts and goblins coming out after dark," said organizers.

Hearty Cheese Dip
With the advent of cooler weather, warming dishes such as this one are the preferred choice of many. This is my own variation of a very popular dip. Dip recipes are usually in the appetizer category, but this one was easily transformed into a main dish. Everyone in my family loves this dip. It is so warm and tasty ... and it makes for a really casual and fun meal. I still use this when I need a hot dip for a buffet, but, believe me, it can make a great meal with a few selected additions. Sunday afternoon ... a great football game ... or a good movie ... and cheese dip ... now that's a winning combination.

Hearty Cheese Dip

- 1 lb. lean ground beef
- 1 can Rotel tomatoes
- 1 lb. package of Velveeta cheese

In a large skillet brown ground beef. Continue to cook until done. Drain off excess grease and add Rotel tomatoes and the cheese which you have cut into small pieces in order to aid the melting process. Cook this mixture over medium heat, stirring constantly to prevent scorching. When the cheese has melted completely and the mixture is well blended, remove from heat.

Serving Suggestions

Serve this dip in small individual bowls accompanied by your favorite corn or tortilla chips. A tall glass of milk, a beer, or a soft drink are great beverages for this dish. Add a small green salad or just some slices of fresh apple ... and voila you've got a meal that pleases young and old alike.

Girl Scouts organize fund drive

Zia Girl Scout Council is currently conducting its annual fund drive in the Ruidoso area. The drive will run through Wednesday, October 29. Co-chairing the drive this year are Kim Pickett and Jane Deyo. Canvassers include Cadette and Senior Girl Scouts.

Zia Council serves more than 100 girls in Ruidoso and Capitan. Contributions make Girl Scouting available here, including such ac-

tivities as leader training, support services, council-wide programs for girls, Camp Mary White, Ruidoso Day Camp and area special events.

Designated gifts are possible in the form of camperships to Camp Mary White and/or the Ruidoso Day Camp.

"Girl Scouting is that extra chance for girls to grow in understanding of themselves, to

develop their own special talents and interests," said organizers. "It is a viable, contemporary, fun program helping girls to grow in responsibility, citizenship and service."

All contributions are tax deductible. Anyone wishing to make a donation may contact Pickett at 257-5685 or Deyo at 257-4088.

On campus

New Mexico State University added 348 students to its Crimson Scholars Program fall semester, 1986, including several students from this area.

Crimson Scholars is a program designed to stimulate and challenge academically superior students. To be eligible, entering freshmen must have a minimum ACT composite score of 26. Continuing freshmen students must have a 3.3 grade point average to stay in the program. For sophomores, juniors and seniors, the requirement is a 3.5 GPA.

Students remaining in the program for two semesters and eligible for a third, receive a Crimson Scholar pin. Students who stay in the program for four or more semesters are designated Crimson Scholar graduates on their official transcripts and at commencement.

The following students have achieved first-year Crimson Scholar status: Yelena Gene Sealbach and David Joel Warren from Ruidoso and Sean E. Wheeler of Ruidoso Downs.

Spikers aim for district tie; play Hot Springs Saturday

by GARY BROWN
Sports Writer

The round-robin championship of District 3-AAA could be on the line when Ruidoso High School's varsity volleyball team hosts Hot Springs Saturday, October 25.

The Warriors are 4-1 in District 3-AAA play (10-3 overall), while Hot Springs, the defending district and state champion, is undefeated at 5-0.

Junior varsity competition will start at 2 p.m., with the varsity match following it and the freshman match concluding the action.

Hot Springs topped the Warriors in five games two weeks ago on the Tiger court. The Tigers won, 15-8, 15-2, 15-3, while Ruidoso won games by 16-14 and 15-12 scores.

Ruidoso is coming off an impressive 15-2, 15-7, 15-0 victory over the Deming Wildcats last Saturday.

Hot Springs defeated traditional power Silver City last weekend. The Warriors also defeated Silver City last week, winning in five games on the Colts' court.

"I think we could have an advantage," Warrior head coach Pixie Arthur said. "We're coming off a big win. The Deming win was absolutely our best of the season. And we'll be at home."

"We're in real good shape. We're hoping to play our game and control it with our offense."

"I think we're definitely stronger offensively with our hitters. They (Hot Springs) might be stronger defensively."

Ruidoso might be without the services of sophomore Mikki Roller. Roller has a concussion after hitting her head on the floor in Monday's practice.

"I'd have to say she's doubtful (for the Hot Springs match)," Arthur said. "If Mikki can't play, Tara Miller will take her place."

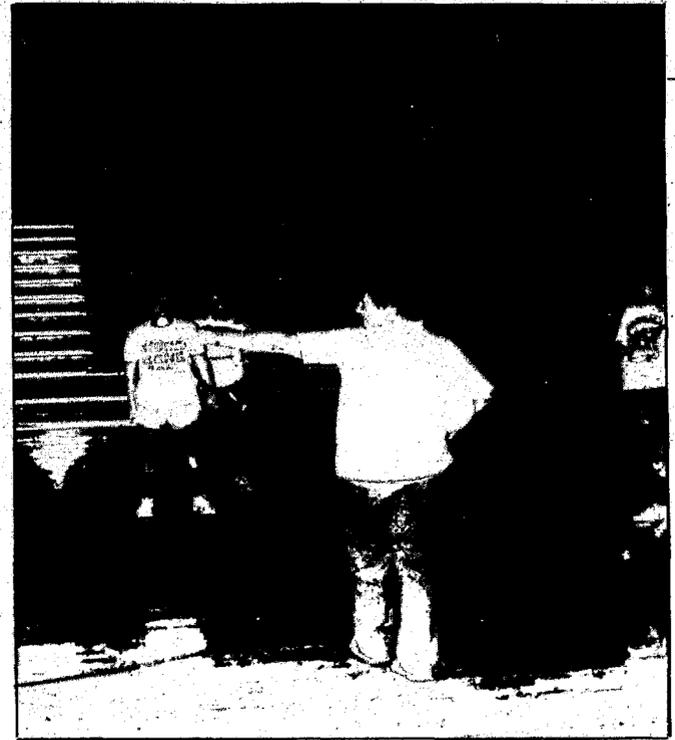

Outside of Roller's injury, the Warriors are healthy.

Senior Kerry Gladden and sophomore Dari Stierwalt have been outstanding hitters all season.

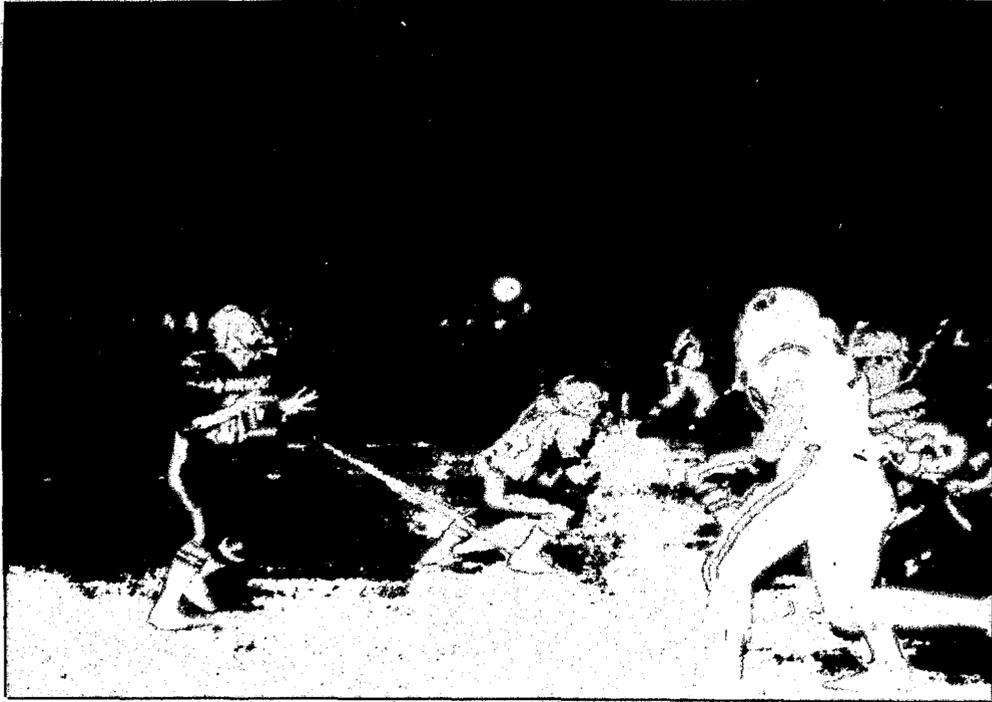

Ashley McIntosh and Lana McClure also have played well, particularly in serving.

Ruidoso showed great balance in defeating Deming. A different

Gridders resume district play against erratic Cobre Indians

by GARY BROWN
Sports Writer

Ruidoso High School's varsity football team returns to the District 3-AAA wars Friday, October 24, against an up-and-down Cobre team at W.D. Horton Stadium.

Defending state champion Ruidoso, 7-1 overall and 1-0 in district action, will take on the Indians at 7:30 p.m.

Last season Cobre gave the Warriors a tough battle before losing, 20-6. The game was scoreless at halftime.

This year the Indians started out slowly by losing to AA-division Tularosa, 26-10. However, the Indians later topped Socorro (an AAA-division team), 20-16.

Cobre is 1-1 in district action. The Indians lost to Deming, 7-6, in a tiebreaker; and routed Hot Springs, 35-0.

"They've got pretty good size and they like to run the ball a lot," said Warrior head coach Cooper Henderson about Cobre. "They don't pass too much."

Ronnie Sandoval, an 180-pounder, is the Indian quarterback.

Other members of the backfield include 165-pound sophomore Ricky Lozano at halfback and Eddie Anduj at halfback, and freshman Shawn Barela at fullback.

Anthony Teran is a standout at tight end. The 210-pounder also starts at linebacker on defense.

Two-way tackle Marty Brown (220 pounds) and guard Felix Saucedo (215 pounds) give the Indians good size up front.

But the Warriors have plenty of weapons of their own.

Senior quarterback Jeff Willingham has thrown for 15 touchdown passes and 1,285 yards. He also has scored six touchdowns.

Split end Brian Davis leads a talented group of Warrior receivers. He has caught 12 touchdown passes and scored three more.

Fullback Billy Harrison has scored five touchdowns and rushed for 563 yards to lead the Warrior running game.

Tailbacks Chuck Daniels and Kirk Taylor have done well running with the ball. Bubba Miller also has caught and run well with the ball.

The Warrior offensive line has gradually improved over the season and probably is one of the best in the district.

Defensively, Ruidoso has done well all season long.

In last week's 34-12 victory over Los Lunas, Willingham, Alan Kirgan, Bubba Miller and Sid Garcia all intercepted Tiger passes.

Daniels at middle linebacker, end Matt Evans and tackle Colby Day have been other standouts on defense.

Ruidoso has scored 270 points and allowed just 91 in eight contests. The Warriors have averaged 335 yards total offense a game and given up an average of just 164 yards per game.

But Henderson is not taking anything for granted.

"We're going to have to play consistent football," he said. "We can't afford to give up the big play."

Ruidoso's junior varsity will travel to Socorro Saturday, October 25, for a 2 p.m. contest. The junior Warriors will be seeking their first victory of the season against six

defeats.

Following are the probable starting offensive and defensive lineups for the varsity Warriors (weight and class included).

Offense: Quarterback, Willingham, senior, 165; fullback, Harrison, senior, 165; wingback, Miller, senior, 160; tailback, Daniels, senior, 165, or Taylor, senior, 160.

Tight end, Bryan Richardson, senior, 160; tackles, Jason Hill, senior, 205, and Mowdy, senior, 230; center, Sean Parker, senior, 165; guards, Sid Garcia, senior, 165, and Carl Bowden, senior, 230; split end, Davis, senior, 180.

Defense: Middle linebacker, Daniels; outside linebackers, Matt Griego, junior, 140, or Jef Sherwood, junior, 165, and Dusty Beavers, sophomore, 185.

Tackles, Sean Moody, junior, 170, and Day, senior, 155; ends, Evans, senior, 205, and Sean Moore, junior, 167; cornerbacks, Alan Kirgan, senior, 148, and Taylor; safeties, Willingham and Miller, or Toby Rue, senior, 130.

Ruidoso High School's junior varsity football team will resume action Saturday, October 25, at Socorro.

The game will start at 2 p.m. Ruidoso is 0-6 on the season, having lost an 8-0 defensive battle to Silver City two weeks ago.

The Warrior freshmen also will play this week, taking on host Chaparral Junior High School of Alamogordo at 3:30 p.m. today (Thursday), October 23.

Ruidoso is 2-3 in freshman action, having defeated Socorro, 18-6, last week.

The Warrior freshman defense was outstanding against Socorro, scoring two touchdowns.

Around Sports with Gary Brown

Ruidoso High School's fall athletic teams are having good seasons despite the fact they're generally competing against teams from schools that are larger than Ruidoso. Ruidoso's enrollment is around 550 students, making it the second smallest school in District 3-AAA. Only Hot Springs is smaller, and it's going to the AA-division next season. Silver City, Deming and Cobre all have bigger enrollments

than Ruidoso. Schools like Silver City and Goddard (which is in District 4-AAA) have almost 1,200 students. Some of the schools in the northern part of the state also have very large enrollments. So it should be considered a major accomplishment that the Warrior football team is 7-1 and the varsity volleyball team is 10-3. The boys cross-country team has been competitive in its meets this season, with senior Gabe Tam establishing himself as one of the state's top runners. But the current success of the Warrior teams may not last. It's hard for a school with a small enrollment to consistently do well against larger schools. Big schools have more to draw from, and those schools generally have more depth on junior varsity and freshman teams. There'll probably be some more good times ahead for Warrior teams. But there also may be some losing times ahead and that's when the teams will need fan support more than ever. All real supporters of Warrior athletics should remember that if times get bad,

Brave gridgers edged by Tularosa in finale

by GARY BROWN
Sports Writer

Ruidoso Middle School's A football team lost to host Tularosa, 8-6, Tuesday in the season finale.

Ruidoso ended the season with a 2-3-1 A team record and an 0-1 B team record.

The Braves led, 6-0, before the Wildcats scored on a run with a minute and a half left in the game. Tularosa made the two-point conversion pass to cinch the victory.

Tularosa drove 60 yards for its touchdown.

Ruidoso got its only score on a 55-yard punt return by Mashon Swenor in the second quarter.

Swenor took the punt and broke down the left sidelines for the touchdown.

The Braves' extra-point try was no good, but Ruidoso took a 6-0 ad-

vantage into halftime. The lead held up until Tularosa's final drive.

Ruidoso played against Tularosa's eighth-grade offense and its ninth-grade defense.

"I felt we played real well," said Brave head coach Terry Wharton. "Our offense moved the ball well enough to keep them down on their side of the field most of the time."

"We intercepted two passes. I think that makes it about 10 passes we intercepted on the season. The defensive secondary did a great job all season."

Now the Braves will get ready for next season. A total of 32 youths participated in the seventh-grade intramural program this year.

"We're hoping for at least 30 kids out for football next season," Wharton said.

The Ruidoso High School cross-country team is ready for today's home meet. Back row (from left) are Hamilton Carter, Michael Randolph, Gabe Tam, and Paul Garcia.

Front row (from left) are Daniel Martinez, Lantz Hawthorne and Sergio Hawthorne. Not pictured is Trey Von Trotha. The meet is at 4:30 p.m.

Tigers host Santa Rosa in non-district contest

Capitan High School's varsity football team will take a break from District 1-A action when the Tigers play visiting Santa Rosa at 4:30 p.m. Friday, October 24.

Santa Rosa is 1-1 in District 2-AA action and is 4-2 overall. The Tigers are 4-4 overall and 1-1 in District 1-A action.

The contest will not have a bearing on Capitan's chances of making the state A-division playoffs, but could help the Tigers clinch a winning season.

If Capitan defeats the Carrizozo Grizzlies, Saturday, November 1, the Tigers will make the state playoffs.

Running back Jay Eldridge ran for 208 yards in 14 carries and scored three touchdowns in

Capitan's 23-14 victory over Cloudcroft last Friday night.

Eldridge probably is one of the leading rushers in the state. Doug Eckland and Kerry Clements are other good running backs for the Tigers.

The Tigers ran well against the tough Bears, and hope to do so again against Santa Rosa.

Capitan's defense stopped Cloudcroft in the second half, not allowing any scores.

The Tiger varsity volleyball team will host the district round-robin tournament Saturday, October 25. The first match will start at 9 a.m.

Capitan's young varsity volleyball team has shown steady improvement over the season.

player led in serve points in each of the three games.

Gladden led in the first game with seven serve points, McIntosh had nine in the second game and Stierwalt had eight in the third game. Ruidoso's junior varsity will seek

to raise its district record to 6-0. The junior Warriors are 11-2 overall.

Following the Hot Springs match, Ruidoso will have district matches with Silver City (in Ruidoso, Friday, October 31) and Cobre (at Cobre, Saturday, November 1).

Warrior harriers to have home meet

Ruidoso High School's boys cross-country team will have its only home meet of the season at 4:30 p.m. today (Thursday), October 23. Besides Ruidoso, Silver City, Alamogordo and Roswell will have full teams for the meet. Tularosa and New Mexico School for the Visually Handicapped will have partial teams. Goddard also may compete.

There will be competition in both boys and girls varsity divisions (Ruidoso does not have a girls team). The race will begin at the high school, go to White Mountain Elementary School and conclude back at Hull Road near the elementary school.

Senior Gabe Tam will again lead the way for the Warriors.

Tam took first in 15:23 at the Roswell Invitational last Saturday. He has finished first or second in every meet this season, except for a fifth-place finish in the tough

Gadsden Invitational two weeks ago.

Sergio Hernandez, Daniel Martinez, Hamilton Carter, Michael Randolph, Paul Garcia and Trey Von Trotha will be the other Warrior runners.

Martinez finished eighth in 16:41 and Hernandez was 14th in 17:31 at

the Roswell meet. Hernandez has usually been the Warriors' second finisher this season.

Carter in 17th in 17:31, Randolph was 19th in 17:36 and Garcia was 25th in 18:40.

"I think they'll do real well," said Warrior coach Ronny Maskew of his team.

Should You Install More Insulation in Your House?

We're here to Help

Without proper insulation, your home loses warm air in the winter and cool air in the summer. Your heating and cooling system must work harder to maintain a comfortable temperature. The proper amount of insulation will make your home more energy efficient and comfortable.

It doesn't really matter if you have batt, loose fill, or foam insulation in your home as long as it meets the recommended "R" value for your area.

Not all insulation has the same ability to keep the warmth inside and the cold out, so you need to know how much insulation is needed to adequately protect your home. Having proper insulation assures you of getting the most benefit from the energy you use in the winter and summer.

We're here to help with free information about insulation and energy management.

Singing for their suppers

Candidates expose their talents at the joint Democratic and Republican Women sponsored pie supper. Exchanging puns and good natured jibes, emcees Coleta Elliott and Yvonne Lanelli kept everything moving right along. At left, Representative Ben Hall sings a ballad. Above (from left) Bill Karn displays pies for the auction, Coleta Elliott and Jim Wooldridge conducted the auctioneering. At right, Sherry Goodloe Underwood did a little singing and roping.

TO THE VOTERS OF LINCOLN COUNTY CARRIZOZO, CORONA, ALTO AND NOGAL

LET ME TALK TO YOU ABOUT UNNECESSARY TAX INCREASES AND FINANCIAL MISMANAGEMENT IN OUR STATE

Steven K. Sanders
State Representative

DID YOU KNOW THAT THE NEW MEXICO GENERAL FUND BUDGET has grown from \$898,252,700 in 1981-82 to \$1,410,239,500 in 1986, a 57% increase in spending in five years? DID YOU KNOW THAT the General Fund Budget for 1986 is \$175 million LARGER than the Budget for 1985-1986? DID YOU KNOW THAT the number of high level Santa Fe BUREAUCRATS increased 33% in 4 YEARS?

DID YOU KNOW THAT to fund these increases my opponent Maurice Hobson voted for and helped pass the LARGEST TAX INCREASE in this State's history?....A tax increase that was sponsored by MR. HOBSON and GOVERNOR ANAYA that was UNJUSTIFIED, MISMANAGED AND IS UNFAIR TO TAXPAYERS.

DID YOU KNOW THAT WHILE VOTING FOR THESE TAX INCREASES, MR. HOBSON ALSO VOTED TO DOUBLE HIS OWN LEGISLATIVE RETIREMENT?

YOUR INCOME TAXES were increased over 70% starting in July. YOUR GROSS RECEIPTS TAXES were increased between 10 to 20% depending on where you buy things (i.e. 1/2% in cities and 1% in counties). OUR PROPERTY TAXES were increased with assessed valuations going up 300% to 400% in some places.

In total, Mr. Hobson sponsored and voted for TAX INCREASES of \$150,000,000 while voting to increase spending this year by \$175,000,000. WHERE DID OUR MONEY GO?

Hobson voted to spend almost \$1.5 million to buy land for a new office building for legislators. Who knows what the building and new furniture will cost,...\$10, \$20, \$30 million? Mr. Hobson also voted for an increase in the correction department budget. A budget which includes COLOR TVS FOR PRISONERS.

Then came the second legislative session this year and Mr. Hobson again supported the Governor's tax increase by voting to repeal the food and medical rebates....A TAX INCREASE OF \$52,000,000...A TAX INCREASE THAT IS UNFAIR TO THE CITIZENS OF NEW MEXICO, ESPECIALLY SENIORS.

Were these TAX INCREASES justified? NO. Were these tax increases needed to operate State Government? NO. Was there any attempt to control the growth of State Government? NO.

Do we need to raise taxes for new buildings for legislators and color TVs for prisoners? Was our tax money spent wisely? ABSOLUTELY NOT.

Was there any consideration of keeping the spending level the same this year as last? Not when Mr. Hobson can spend your money. REDUCED GOVERNMENT? Not when Mr. Hobson sits on the appropriations committee and is voting to spend more and more each year.

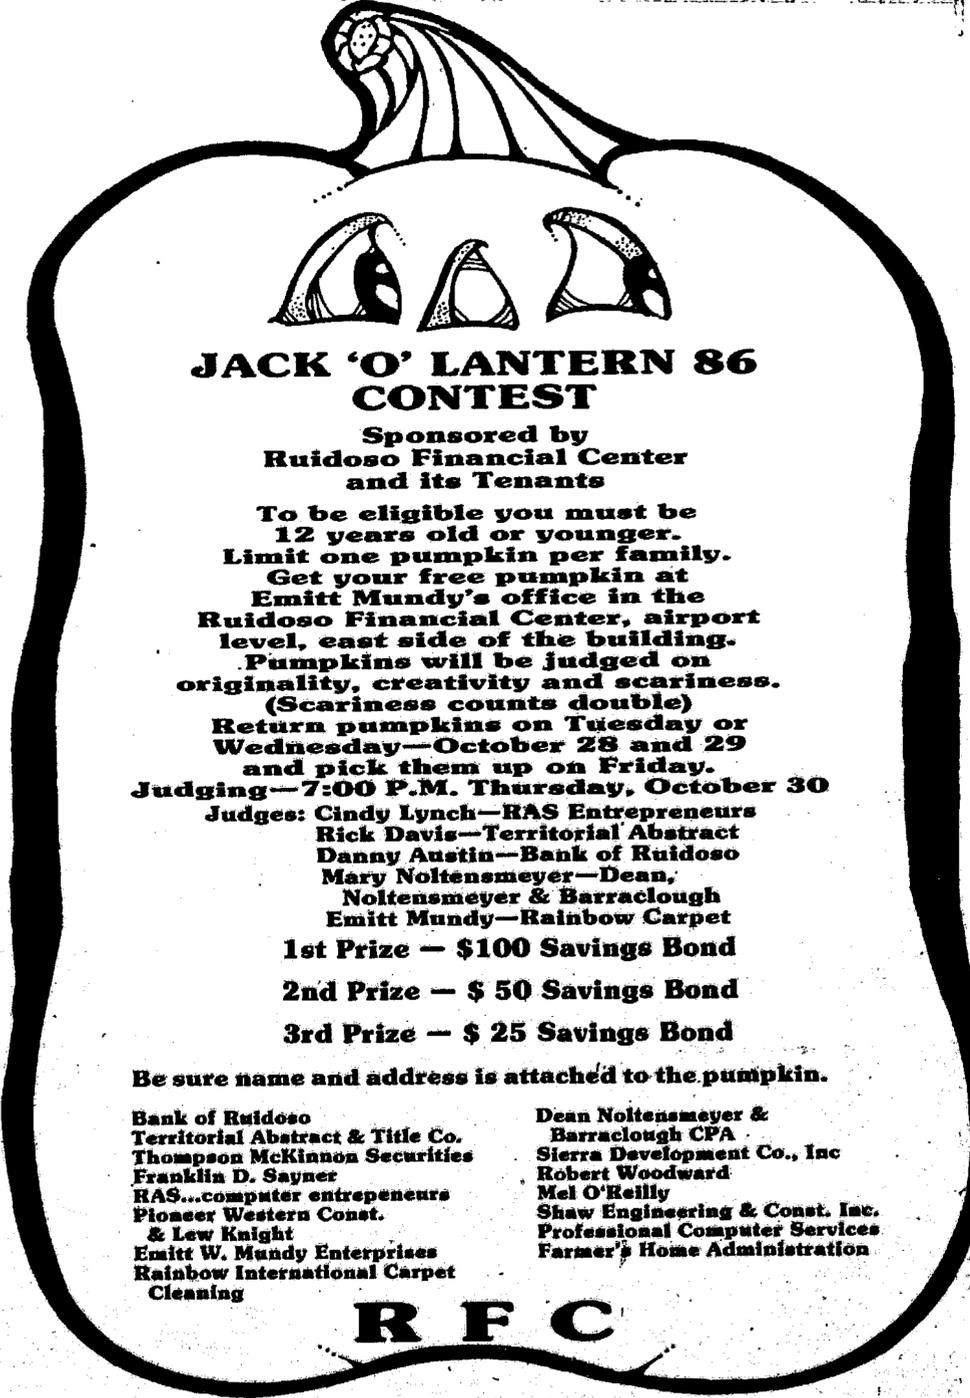

BETTER SERVICES? NO. Look at our roads, our veteran's center and public offices that were underfunded or closed. Look at our children and seniors programs that were cut back, while Hobson was voting to DOUBLE HIS RETIREMENT PAY. After 16 years of Mr. Hobson haven't we had enough?

WILL THE LEGISLATURE IMPOSE MORE TAX INCREASES IN 1987? The legislative committee Mr. Hobson sits on is already talking about more tax increases.

ISN'T IT TIME WE SAID NO TO MORE TAX INCREASES? Why can't we learn to live within our Revenues which are increasing without raising taxes?

WE NEED A CHANGE IN SANTA FE! If you agree, I would appreciate your vote on November 4, 1986.

ELECT STEVEN K. SANDERS
STATE REPRESENTATIVE-DISTRICT 52
AFTER 16 YEARS, IT'S TIME FOR A CHANGE IN SANTA FE

Square dance lessons offered

Do you love to dance but are tired of smoky clubs and loud drunks? There is an enjoyable alternative—learn to square dance.

The Sierra Blanca Swingers are offering beginning square dance lessons every Thursday evening from 7-8 p.m. at First Christian Church. Tonight (Thursday), October 23, is the last evening to sign up for the lessons which will continue until March. Completion of these classes will enable one to attend and participate at "Mainstream" level dances throughout the country.

Anyone interested in joining may do so by attending tonight's lesson, or calling the following telephone numbers: 258-3186, 336-4907, or 257-2883.

The Silver Lining

by Daniel Agnew Storm

October Comes Out In Birthday Colors.

After many days of cold, mist and fog, today on October twenty-one in mid-morning, all the mist cleared away. And now in the early afternoon the golden sun is shining down from a true blue October sky upon a mountain world glowing with the festive October colors which had been hidden from your sight the past several days.

During the cloudy days, Jack Frost had quietly been painting his leaf colors now giving us a delightful surprise on this true October day.

The oak brush is a pattern of gold, orange, apricot yellow and light crimson all blending into tints, hues and shades of sunlit color which lifts your heart in rejoicing. The air is ever so clear so that these leaf colors set off by the pure green of the evergreens—all seem close and near to you. Down by the river shines a large oak tree out in full

gold—matching the colors of its little brother up on the steep hillside.

With the first cool wave of a week ago, the first Snow Birds flew in, and today they are joined by the pure light blue Mountain Blue Bird, and the Gray House Finch touched with crimson. The Snow Bird is my special bird; and the Mountain Blue Bird is our mother's favorite.

These three take me back to my native city of Valdez, Alaska, to the day my mother was waiting for me to see the light of day, and my father was hurrying on a trip by foot of fifty miles to welcome me into the world.

Just a few moments ago a Road Runner crossed my path, stopping to tip his head back and raise his tail: his way of stopping to tell you:

"Buenas Dias, Paisano" (Good Day, fellow countryman).

The early Spanish made friends with this very friendly bird which crossed their path often. So that they finally gave him the name he still bears in Spanish: "Paisano" or "Fellow Countryman."

Somehow during this banner year of good rain, all the growing things and all the creatures are out in brighter and purer colors than in many a year. Mostly you see the Road Runner clad in subdued colors of gray and tan and black. This one showed silken green, purple and rainbow colors—his "Coat of many colors"—to remind me that I am here in the mountains of wonderful New Mexico. And my heart fills with gratitude that the earth was guided to this Heaven on earth.

Surely all the creatures, growing things, the earth and sky—all are beginning the celebration of my birthday, October twenty-seven.

Birthday Mates
I have two birthday mates of which I am very proud. One is Judy Beavers and the other is Theodore Roosevelt, our twenty-sixth president.

Let us have a few words about Judy. She was born in Albuquerque October twenty-seven 1943 to Bill Riggs and the former Laura Stubblefield. She grew up in Belen, and two weeks before graduating from high school in 1961, she went to work for the railroad in the

telegraph office holding this job for nine years. On August ten, 1969, she was married to Robert Beavers and moved to Ruidoso Downs.

Robert and Judy are two of Lincoln County's favorite people, and they have raised sons of whom we are all very proud. Judy and Robert are great football fans, and Judy always is in her glory when "We can go a-footballing." Justin made a fine player for Ruidoso High, and is now in Eastern New Mexico University. "He is not playing football," says Judy. "He is putting in all his time on his studies."

Rusty, Justin's younger brother, is carrying the ball for him, and as a sophomore is making a first-class hand for the Warriors. Bradley, age eight, is getting an early start in the game, playing Little League football with the Ruidoso Bears. The fine football players are also first-class young Americans in every way.

Judy comes from a long line of pioneers, and greatly treasures the memoirs of her great grandfather, W. C. Riggs, also known as Chicosa Bill. We hope to bring you some episodes from this diary one of these days.

We wish Judy Beavers many happy returns of the day and all God's blessings.

Obituaries

J. Padilla

Josephine Herrera Padilla died at home Wednesday, October 22, following a lengthy illness.

The Carrizozo resident was born May 24, 1921, in Capitan, and lived all her life in Lincoln County. She was a member of Santa Rita's Catholic Church in Carrizozo.

Survivors include her sons, Jesus Padilla, Albert Padilla and Fernando Padilla, all of Roswell, Johnny Padilla, Pete Padilla and Joe Padilla, all of Capitan, and Bobby Padilla of Carrizozo; and daughters, Nellie Gallegos of Carrizozo, and Beatrice Barreras, Virginia Padilla and Mable Padilla, all of Roswell.

She is survived by sisters, Ramona Kookesh of Alaska and Mary Nava of Carrizozo, and brothers, Joe Herrera of Roswell and Flavio Herrera of Topeka, Kansas. Other survivors include a step-sister, Louisa Garcia of Roswell, 17 grandchildren and two great-grandchildren.

Rosary will be recited at 7 p.m.

Friday, October 24, in Santa Rita's Catholic Church, and Mass will be said at 10 a.m. Saturday, October 25, in Sacred Heart Catholic Church in Capitan with Father Ed Griffith officiating. Burial will follow in the Capitan Cemetery.

Palbearers will be Richard Barreras, Nick Fuentes, Carlos Gallegos, Junior Padilla, Orlando Padilla and Andy Gallegos. Honorary palbearers will be Joe Herrera, Flavio Herrera, Nick Ramirez and Larry Dunn.

Arrangements are by LaGrone Funeral Chapel.

S. Granger

Stewart S. Granger of Alto died Monday in Roswell after a short illness. He was 73.

The retired architect was a resident of Alto since 1960 and a member of Alto Lakes Golf and Country Club.

He was preceded in death by his wife, Susan, in 1963.

He is survived by a sister, Mrs. George McDonald, of Glenwood, Illinois; a nephew, Allan McDonald, of Orland Park, Illinois; and a great niece, Jennifer McDonald, of Orland Park.

Memorial services will be

scheduled here at a later date. The family asks that memorial contributions be made to the building fund of the Episcopal Church of the Holy Mount.

J.T. Baker

J.T. Baker died Sunday morning after a lengthy illness. The Midland, Texas, resident was 79.

Baker is the father of Louise Horton of Ruidoso.

Services were Tuesday morning, and interment followed in Resthaven Memorial Park in Midland.

Survivors include his wife, Minnie Baker, of Midland; sister, Cleo Pelham, of Fort Worth, Texas; two grandsons; and three great-grandchildren.

Opinion

Editorial

The future of New Mexico is always shaped by the results of its elections. This election should also shape our future, especially through some of the constitutional amendments that are on the ballot.

The amendments suggest changes of many kinds in our laws. Voting on the amendments is one of those rare times when we, the voters, have an opportunity to have direct involvement in the formation of laws we'll have to live by.

Just like choosing candidates, it takes some time to learn about the proposed amendments and make informed choices on whether they should be adopted.

Proposed in this election are amendments to allow county officials to serve four consecutive terms, rather than just two; state executive officers elected in 1990 and later to serve two consecutive four-year terms, or hold another elective office immediately after the term of the original office has expired; local school board members to be subject to recall; and police agencies to keep property confiscated in drug offenses.

In addition to the 11 proposed amendments, voters also will say yes or no to the Educational Capital Improvements Bond Act, which would allow spending of up to \$37 million in 1987 for certain education projects in the state.

A more in-depth description of the proposed amendments and act are available from the Lincoln County Clerk's Office, and the issues are detailed in a legal notice in today's issue of The Ruidoso News.

Educate yourself on the proposed constitutional amendments on the November ballot. Make an educated choice—the proposals will affect your life, and the future of this state.—DJP

Inside the Capitol

by Fred McCaffrey

SANTA FE—Governor Anaya is closing out his career by making as many speeches as he can find opportunity for. He clearly feels some sense of freedom as the end of his term approaches, and he wants to share with us some of the things adversity has taught him.

When he spoke to the Oil and Gas Association here in the capital recently, he referred to the fact that the bottom has fallen out of that particular industry by making a comparison. At one time, he told his audience, taxes on this business made up something like 46 percent of the state's total income. Now such taxes only produce about 25 percent of our annual revenues.

Somebody hearing those figures for the first time might be led to believe the state had arrived at some sort of rational conclusion that is was unwise and possibly unfair to ask one industry to shoulder so much of the tax burden that belongs to all the state's citizens. One who thought that way would probably conclude that some praise should be given to those who reached that conclusion and acted on it.

Of course that's not what really happened.

We didn't proceed to bring all this about in some logical fashion. In fact, we were simply the victims of actions taken by men and women far away, who cut the bottom out of this particular business for their own purposes, which have nothing to do with the financial support of the state of New Mexico.

What makes that situation even stickier is what Governor Anaya didn't go on to say. That is the fact that, as of this very moment, the state had made only the weakest of attempts to make up for that sudden decline, in which it lost, in almost a single swoop, about 21 percent of its total annual income.

That blow is like the one a workman would feel if his pay packet was reduced by 21 percent between one pay period and the next.

Such a man, however, would almost surely do something to make up for this drastic decline in his income. In practice, what he would almost certainly do is cut back on what he spends, in the simple belief that it isn't wise to spend

what you don't have.

The state hasn't acted in that fashion. Instead, when faced with a 21 percent cut in its income, it said, "Let's cut back maybe 2 percent or so on what we spend. Then we'll pay for what we want with the money we have in the bank, in the hopes that some miracle will come along and painlessly replace the big cut in income we have taken."

That miracle hasn't happened, though there are now more New Mexicans giving to look for it than there were a year ago.

At that time, almost the only people going through their performance of saying, "Maybe if we don't talk too much about the tight spot we are in it, it will all just quietly go away" were those actually serving in elective office. Since that time, they have been joined by almost every candidate for such office, so that now we have all those who have the jobs and all those who seek them joining together to hope we will be saved by a miracle.

That kind of thinking, and the talk that goes with it ("Oh, I'm sure the state isn't in real fiscal difficulty. We'll find a way to solve our problem with almost no need to raise the taxes on our citizens"), is a lot easier than the discipline required to face the situation and think out solutions. Perhaps whistling as we walk past the graveyard will make us forget it is there.

Maybe it will, but it won't make the graveyard go away. And pretending that we don't have the most serious kind of revenue problems in New Mexico at this point in our history won't change the fact that we do.

And it is these very people who seem so intent on keeping us from understanding the shape we are in who are eventually going to have to face the problem. They are the ones who now occupy political office or who ask us to allow them to do that. Inevitably connected with the very offices they want to enjoy is the responsibility for making the state's books balance—really balance, that is, not just be made to look or sound as though they do.

On this topic of financing the state, the day of reckoning will come in early January of next year.

Reporter's Round

By Frankie Jarrell

Seems like everybody likes to hear "the rest of the story" on Paul Harvey.

But I sense a lack of interest in hearing the "whole story" in real life.

Like when Johnny Zinn was on trial for the rape, murder and kidnapping of Linda Lee Daniels, I heard just about everyday that that guy ought to be shot, killed or worse.

Or when Terry Clark was arrested and accused of murdering an Artesia youngster ...

"How could anybody do those horrible things ... he doesn't deserve a lawyer ... or a trial ... hang him!"

But what if he isn't guilty? "Of course, he's guilty ... look at that face ... haven't you read the papers or seen him on television ..."

Yes, I had read the papers, and kept up with published reports of Zinn's trial ... reports that said Zinn was accused of telling others to commit those horrible crimes. Maybe he did that, or maybe he didn't.

And, of course I had read of the atrocious crimes Clark allegedly committed—it happened nearly next door to Lincoln County.

It would be very easy for me to get emotionally caught up in either of those chilling cases. Not only did they happen right on our doorstep in this small state, but I could easily identify with the victims' families since I have daughters very near the ages of both the murdered girls.

If I'm not careful I'll be joining a line of people who are willing to sacrifice our nation's justice system and reverence for personal freedom on an altar of fear and reprisal.

And here's the rest of the story. (Page two.) Before categorically condemning the Zinns and the Clarks of this

world, why not read beyond the headlines and listen to more than "The Top Story Tonight" on the 10 o'clock news.

It's pretty easy to glance at the morning headlines in the big city dailies and feel we know all about any given case. But before jumping on a bandwagon screaming for more laws to guard against future heinous crimes, maybe we ought to be a little better informed.

A jury will decide on the accused's guilt or innocence without our help, but the mass hysteria surrounding dreadful crimes is beginning to make me nervous.

Lately, folks like you and me aren't satisfied just to mentally condemn the bad guys of the world. We want to do more—we want more and "tougher" laws. We're tired of paying for defense lawyers for criminals. We're tired of murderers, child molesters and rapists being released on appeal bonds.

Turn on the television and you're likely to hear some politician, either a Democrat or a Republican, promising to "get tough on crime" and revamp the judicial system, apparently promising to pass scores of new laws.

And we're comforted, out there in television land, knowing that those criminals will no longer be a threat to our families.

But before we start dismantling a carefully crafted justice system, with its built-in protections for any citizen accused of a crime, let's remember that our personal freedom is eroded just a bit each time a new law is added to the volumes already on the books.

If an accused loses the right to an adequate defense, we all lose. That's one of the things democracy is all about, and I still believe in it. And as far as I'm concerned, that's the rest of the story.

by SHIRLEY BOWINGTON
News Staff Writer

Internationally renowned painter, sculptor and printmaker, John Sherrill Houser, will teach a week-long sculpture workshop at Carrizo Lodge art school Monday through Friday, October 27-31.

Houser received his early training from his father, who assisted in

the carving of Mt. Rushmore. Houser's formal education included studies at U.C.L.A. and Art Center School of Design; with anatomical courses at U.C. Medical School, San Francisco, and Harvard Medical School in Cambridge. His advanced studies included studies with noted artists in Europe and Boston, Massachusetts.

A recipient of numerous

prestigious awards, Houser has been featured in many publications, and in several television documentaries. His works are included in public, private and corporate collections throughout the U.S. and abroad.

During the same time period, Carrizo is also proud to offer workshops by the following artists:

- Watercolor by Ken Hosmer
- Cast Paper-Paper Sculpture by Jo Fultz

Anyone interested in meeting and talking with the visiting instructors may do so at an informal open reception at 6 p.m. Sunday, October 26, in the Gallery at Carrizo Lodge. For more information, contact Carla Tam at 257-9131.

Benitez takes four to wins Sunday

Jockey Pedro Benitez turned in an exceptional performance on Sunday's program at Sunland Park, winning four of 12 races on the afternoon card including the \$10,000 Don Lewis Memorial Handicap.

Benitez rode Candy Store to a one-length upset over favored Tilt The Odds in the Don Lewis, which featured an all-star field of 10 thoroughbreds.

Sharing the role of second favorite at 7-2 odds, Benitez took Candy Store to the lead a short distance from the gates in the 5 1/2-furlong sprint, settling the colt on the rail for the shortest trip around the turn.

Candy Store turned the half-mile in 45 3/4 seconds, drawing out to a comfortable two-length lead as the horses hit the top of the stretch. Tilt The Odds, ridden by Salustio Burgos, made a run at Candy Store in the final furlong, but could only trim the speedy gelding's winning margin to 1 1/2 lengths.

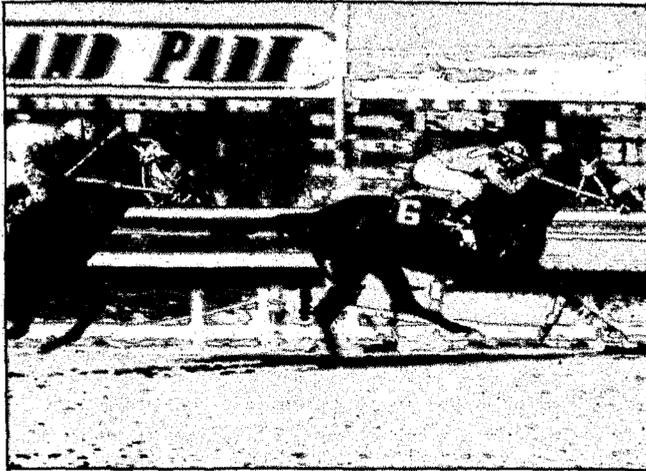

El Pasoan Robert Haynsworth, who owns Candy Store in partnership with Edwin Mayer of San Angelo, Texas, joined Benitez and trainer Fred Danley in the winner's circle. Candy Store's effort in the Don Lewis earned more than \$6,000 and boosted his bankroll this year to nearly \$29,000. His final time for the 5 1/2 furlongs was 1:05 3/4 seconds.

Danley said after the race that Candy Store had a tough assignment in the Don Lewis.

"I thought he could run second, third or fourth," the 44-year-old Alamogordo native said. "There were a couple of horses in there that could catch him if they fired."

Haynsworth, who purchased the horse with Mayer two years ago in a sale at Hollywood Park in California, said Candy Store will be turned out for the remainder of the year.

"He was run pretty hard at Ruidoso Downs this summer," Haynsworth said, adding that the 6-year-old gelding will return to ac-

tion at Sunland Park early next year.

The Don Lewis was a clean sweep for Danley, who also conditions Tilt The Odds. The son of Tilt

Up is another horse with El Paso connections. He's owned by Tom Dawson, Don Luciano, Steve Jay and Leo Villareal, Jr. The colt's second was worth \$2,200.

Jockey/Trainer Standings

Jockeys Pedro Benitez and Mike Lidberg shared the weekly riding crown at Sunland Park after booting in six winners each over the three-day weekend. In the paddock, last season's leading trainer Fred Danley took a narrow lead over Cliff Lambert Sr.

Benitez got the nod over Lidberg in the overall standings on the basis of win percentage. Lidberg is defending his title as leading rider last season at Sunland.

Four of Benitez' victories came on Sunday's card, including an impressive front-running score in the \$10,000 Don Lewis Memorial Handicap.

Joe Martinez, leading reinsman at the recently completed State Fair in Albuquerque, checked in

third in the overall standings with Kevin Cogburn fourth and Danny Sorenson fifth.

Danley appears to be making another run at the leading trainer honors this season. The Alamogordo native won last season's trophy. He saddled four winners over the weekend to finish the first two weeks of the 1986-87 meet with five wins to his credit. Danley joined Benitez for the picture after Candy Store won Sunday's Don Lewis 'Cap.

The father and son team of Cliff Lambert Sr. and Cliff Lambert Jr. trail Danley with four wins each. Jake Cascio moved into the standings in fourth, while Paul Smith took the fifth slot.

Two trials for the Thoroughbred Sale Futurity were held on Friday, Oct. 17, with the top six finishers in each trial advancing to the final in two weeks. The qualifiers include Lightfoot Lil, Autobahn, Lady Waygood, Pinchois, Graconic, Jan's Sin, Chantal's Banquet, Two Edged Sword, Pat's Fantasy, Knize Ten, Faithful Sparky and Silver Saint.

Jacqueline Spencer's talented filly Lightfoot Lil returned to her winning ways and could be the one to beat in the upcoming Thoroughbred Sale Futurity. The quick filly had a good summer in Ruidoso and should be tough in the Sale Futurity.

Autobahn was the other trial winner defeating Lady Waygood and Sunland Inaugural winner Pinchois in a good effort.

Jockey Lewie Germany got the his first win of the current Sunland season as the 16-year-old apprentice took Liberty Rullah to the win in Saturday's feature. The winning margin was a healthy eight lengths.

Jockey Mike Clark won three

times on Saturday. The El Paso native won with Turn A Stitch and Megaforce for trainer Jake Cascio and then took Zorb to the winner's circle for trainer E.L. May. Jerry Rodriguez won two races Saturday. The young reinsman took the 4th with Heisabigboy and then won the 6th with Free World.

Jockey Pedro Benitez enjoyed a phenomenal day Sunday winning four times including the featured Don Lewis Handicap on Candy Store. Benitez visited the winner's circle with Debby's Luster and South Padre for conditioner Cliff Lambert Sr., then won with Why Brother for Cliff Lambert Jr. Candy Store was his last win of the day for trainer Fred Danley.

Candy Store, the Don Lewis Handicap winner, has had a very good year. The California-bred 6-year-old has won six races thus far this season finishing second four times and third twice while earning in excess of \$28,000.

Jockey Mike Clark's apprentice license was rescinded Oct. 15 and he was issued a regular jockey's license.

Liberty Rullah takes Sunland feature race Saturday

Liberty Rullah and apprentice jockey Lewie Germany breezed through swift fractions to post a widening 8-length victory in Saturday's feature race at Sunland Park.

In Saturday's 6 1/2-furlong headliner, Liberty Rullah raced to an early lead and was never seriously challenged for the re-

mainder of the journey. Germany had the gelding two lengths in front at the half-mile mark and continued to draw away from the field as they rounded the final turn.

Shouldering a feathery 113 pounds, Liberty Rullah stormed through the final furlong to win easily in a very good time of 1:18 1/4.

The victory earned \$1,400 for owner Louise Slentz of Pampa, Texas. Lewie Germany Sr. trains the son of Exalted Rullah.

Scots Sissy came on strongly down the lane but was too far off the pace to be a factor. The Bob Arnett trainee finished second under rider

Ramon Apodaca to earn \$500 for Anthony Williams of Albuquerque.

Celsa, a royally bred daughter of Silent Screen, stole third from favored Uncle Duke in the final strides. Glen Murphy had the riding assignment for conditioner Doyal Roberts Sr.

Dartez is winner of Friday's feature horse race

Jockey Casey Lambert piloted Dartez to a half-length victory in Friday's mile-long feature race at Sunland Park, holding off a strong bid from favored Duck Stuff in the final furlong.

Dartez was dismissed as the fourth choice among six contenders in Friday's feature, with Duck Stuff the 6-5 choice of 1,850 fans on hand

for the afternoon racing program.

Lambert had the royally bred son of Great Above in good position as the field rounded the opening turn, settling on the rail to show the way through the backstretch and around the final bend.

Rider Joe Martinez held Duck Stuff within striking distance in the early stages, stalking Dartez to the

head of the stretch before drawing alongside the leader in the final furlong. The two horses matched strides to the wire with Dartez winning by a neck in 1:41 1/4.

It was the third trip to the winner's circle this year for Dartez, who is trained by Cliff Lambert Jr. Thirtway Marketing Corp. of Farmington picked up \$1,440 for the

victory.

Duck Stuff's second earned \$530 for Abilene native Cleber Massey. Cecil Crabtree conditions the Dance On gelding. Senor Gris, a 12-1 longshot, moved into the show position after I Rec N So was disqualified for interference in the stretch. Senor Gris is conditioned by LaRae Lovell.

(BLACK FINISH)

Built-in circulating fan
High volume fan, standard with unit, accelerates circulating of room air through heating chamber. Automatically (thermostatic) or manually controlled.

Built-in heating chamber
Room air is warmed as it circulates in sealed chamber outside firebox. Warmed room air discharges through side louvers.

New humidifier adds healthy moisture to room air

New bi-fold glass doors
Feature antique brass trim and tempered glass. Space saving design. Glass doors radiate heat while letting the beauty of the fire show through.

10' double-walled pipe
Allows minimum wall clearance. Enough pipe to reach 8 foot ceiling included with each unit.

Positive-seal damper
Features adjusting handle for more efficient control of burn rate.

Durable porcelain finish
Available in choice of three decorator colors.

Optional Energy-Mizer® Air Kits
(for use on Provider fireplaces only)
Energy-saving option permits Provider freestanding fireplace to draw combustion air from outside home. Available in standard round duct (JAK24) or flat duct (DAK24) for use on cement floor or slab construction.
