D & J Services workers Jim Monsimer (left) and Jamie Chavez start removal of landscape railroad ties at Sierra Swim and Racquet Club Tuesday. The salvage contract on the contents of the club is on hold today as at least one prospective buyer is negotiating with the owners, according to D & J's Jim Wooldridge, the salvage con-

tractor. Wooldridge said he will continue to dispose of items at the site if the facility isn't sold today, and will complete the salvage operation within 30 days. He said he is under contract with a Houston, Texas, company, but didn't reveal the name of the club's current owner. (Photo by Darrell J. Pehr.)

School elections Mil levy squeaks by; Fuchs, Cox elected by voters in Capitan

The Ruidoso two mil levy passed by a mere 10 votes in Tuesday's election.

Unopposed on the ticket, Don Swalander and Mike Morris will remain on the Ruidoso Board of Education. Winning seats on the Capitan Board of Education were Hollis Fuchs in Position 1 and Kenneth Cox for Position 2. Fuchs had two opponents, Cox had two after a third dropped out of the running.

The final, official tally of votes cast was 143 for and 133 against the Ruidoso School two mil levy. Ruidoso has supported the mil levy since it first appeared on the ballot in 1981. Funds derived from the mil levy have been used and will be used for maintenance repairs, furnishings, equipment and upgrading building conditions in the Ruidoso School District.

Associate Schools Superintendent Mike Gladden is "extremely happy that the mil levy got by, we're pleased that the public passed it."

Low voter turn-out resulted in just 276 total votes cast in the Ruidoso District.

Incumbents Swalander and Morris were unopposed for their positions on the Ruidoso Board of Education.

Swalander was "glad it passed (the mil levy). We needed it bad. I

don't feel like people quite understood what it means to the schools." He was sorry that voter turn-out seemed to show a lack of interest.

The Capitan ballot had a large slate of candidates for the two vacant positions on the board.

Fuchs with 222 votes has won the Position 1 seat and Cox with 214 votes has taken Position 2.

"Now it's time to put the politics behind us," Fuchs said in a telephone interview Wednesday. "It's time, now, to get busy with educating our kids and doing the best we can for them. I was impressed with the campaign, everyone on the ballot kept the politics real clean."

With 423 total votes cast in the Capitan election the final ballot count for Position 1 includes Hollis Fuchs 222; Jimmie Luna 165; and Jerri Jo Wilson 42. In Position 2 it was Kenneth Cox, 214; Curtis Payne 135; Kenneth Huey 71; and Jim Leslie 7.

At the Capitan Teachers Candidate Forum, January 27, Jim Leslie stated although it was too late to officially withdraw he was withdrawing from the election and asked those present not to vote for him.

Council's neon sign decision may have far-reaching effects

by FRANKIE JARRELL
News Staff Writer

When the Ruidoso Village Council overruled a sign ordinance variance granted by the Planning and Zoning Commission (P&Z), that action raised questions about the appeal process and the ordinance itself.

It all started when P&Z granted a variance to allow The Cattle Baron Restaurant to erect a neon sign, a type prohibited in the sign ordinance. Several private citizens,

including a local signmaker, appealed the sign and the council overturned the variance.

That decision was apparently based on the village attorney's opinion that the sign ordinance has no provision for variances. Some P&Z members wonder how that effects variances the commission has granted in the past.

In a letter to village attorney John Underwood, P&Z enforcement officer Sandy Hall agreed the ordinance doesn't clearly have a provision for variances, but added it

seems to be implied in section 8-7-6 (Appeal). Underwood was out of town and unavailable for comment this week.

"It's always been my understanding that we have the right to give a variance," said P&Z Chairman David Smith Wednesday. He said he opposed the variance since the ordinance clearly prohibits neon signs.

P&Z commissioners wondered Monday why the ordinance has an appeal process if relief can't be granted through a variance.

The ordinance describes types and sizes of signs allowed and lists prohibited signs, including neon. A business applying to erect a sign that complies with the ordinance is issued a sign permit by the P&Z enforcement officer.

If the application is for a sign that doesn't conform with the sign ordinance, then the enforcement officer denies the application. In the past an applicant whose sign permit application was denied, could appeal to P&Z, according to the ordinance.

8-7-6 APPEAL

A. Any sign permit application which is rejected, for any reason, by the Officer may be appealed to the Planning and Zoning Commission. The applicant shall submit, in writing, a request to be placed on the Planning and Zoning

Commission agenda within five (5) working days of the rejection. The appeal will be scheduled for the next Planning and Zoning Commission meeting, provided the Planning and Zoning Commission agenda deadline has not passed, in which event the matter will be scheduled for the next regularly scheduled Planning and Zoning Commission meeting.

P&Z has heard "many" requests for variances to the sign ordinance, but has turned down the majority, said Hall. But P&Z has granted variances in size and has allowed at least one business to temporarily use a portable sign, another type specifically prohibited in the ordinance.

Hall said when the village Architectural Plans Review Committee was functioning, P&Z authorized that group to grant sign ordinance variances.

During Monday's P&Z meeting commissioners Jess Stinson and John White disagreed with the council action.

Stinson said councillors apparently felt they had to go along with the legal opinion. He said the attorney has indicated P&Z can give variances and then "comes back and says we can't."

"I just think that somebody got to the lawyer," said Stinson.

White said that, according to the legal opinion, every section of the ordinance would have to indicate if a variance could be granted.

"I think he's dead wrong," said White.

The ordinance further states that "any denial" by P&Z may be appealed to the Ruidoso Village Council.

"We're kind of used to having our denials reversed; we're not used to having our approvals reversed," said Smith. He wondered if the Village Council can reverse an approval.

In her letter Hall asked for "clarification on how the council could move on the appeal," and called the action "precedent setting."

Gail McIntosh, one of several private citizens who appealed the variance, told the council she didn't object to neon signs, but urged the village to be consistent.

Smith, too, said he has no objections to neon signs, but is concerned about what they can become.

"I'm against them because I don't know where to draw the line," said Smith, adding that Las Vegas type neon signs can contribute to "visual pollution."

But Martin Rose, a former P&Z commissioner who helped draft the sign ordinance, said the group did intend to eliminate neon signs, not only because they found them to be

gawdy, but also because as neon signs age or fall into disuse they become an eyesore.

"We collectively—as a village about 10 years ago—determined that we wanted to portray the image of a quiet serene peaceful mountain village," said Rose. He said the signs in town are beginning to make that statement.

"We want to preserve that charm," said Rose.

He said the committee that drafted the sign ordinance never wanted to deprive any business of a means of identification. The ordinance designers had an eye to the future, he added.

"Fifty years from now we can have a hodge podge, or an awesome village," said Rose. He raised some concern over each group that serves opting to rewrite village regulations, or "governing by whim."

Former P&Z chairman Greg Masters said the kinds of neon signs coming in now aren't the same kind the commission was trying to prevent when the ordinance was adopted.

"If I had to change it I'd be in favor of changing it to allow neons," said Masters. "Municipalities age like everything else," he added.

Masters said the overall sign or-

Bridge the Gap program spans lack of communication with AA, SCC learns

"There isn't a one of us who doesn't know somebody who needs help," remarked Service Club Council (SCC) president Barbara Duff Monday, enthusiastically endorsing Bridge the Gap, a program sponsored by Alcoholics Anonymous (AA).

"Jacque," an AA member who didn't want her last name published, stressed the importance of anonymity in her presentation at a regular SCC meeting. She said Bridge the Gap was designed as a network to acquaint other organizations with AA services and AA

members with other groups.

Jacque said alcoholism is an incurable disease. She said the AA 12-step program has worked, not only for alcoholics, but also for programs to aid gamblers and overeaters. She said anonymity protects both members and the program, adding that if she or another member has recurring problems with drinking it wouldn't mean that the program isn't effective.

"My ability to stay sober rests on my ability to use the tools available to me," noted Jacque.

She distributed information on

the AA program, meeting times and a form for other organizations to fill out and return. Information from that form will be a part of the Bridge the Gap network.

Also Monday, Kathy Barnett described Altrusa's "Warm Fuzzies" project. She said Altrusans have gathered information from school principals on specific clothing needs of some children.

"We wanted to know the needs of children who don't come to school properly dressed, for whatever reason," said Barnett. She said Altrusa will provide some of those

needs in the Warm Fuzzies project. Barnett said she also discovered another need when talking with school principals, and asked SCC members to explore with their various organizations the possibility of setting up a discretionary fund. She said funds could be used by teachers to meet emergency needs of some students.

"Teachers are in a position to know special needs," said Barnett, adding that the fund could be very small.

Also Monday, SCC:

distance is reasonable, in that it relates sign-size to building-size. He added any changes should be carefully considered and reviewed by a study group.

Although the sign ordinance and possible changes are discussed at most P&Z meetings, Smith said

Wednesday he'd prefer to leave it unchanged.

"Basically we're there to try to apply some human judgments to specific problems," said Smith.

"Personally I don't think we're quite as bad as the council about crisis management—seems like they go from crisis to crisis," he

added.

And what about sign variances P&Z already has granted ... will they hear future appeals?

"That's a good question, and needs to be settled," said Smith.

P&Z members are waiting to hear more from the village attorney.

Planning and Zoning says go on Moon Mountain annexation

by FRANKIE JARRELL
News Staff Writer

The Ruidoso Planning and Zoning Commission (P&Z) voted Monday to recommend to the Village Council that Moon Mountain be annexed after a new zoning ordinance and comprehensive plan are adopted.

The P&Z action followed a series of presentations by Architectural Research Consultants, Inc., a professional planning firm hired by the State Land Office to draft a master plan for the 630-acre tract of state-owned land, and a workshop by village staff on annexation policies.

Moon Mountain is located just west of Gavilan Canyon Road, southeast of Country Club Estates, north of Palmer Gateway and east of Highway and Paradise Canyon subdivisions.

John Petronis, president of Architectural Research Consultants and project planner, has stressed the long-term nature of his plans, projecting a development date of 10 years in the future. But commissioners have voiced concern of possible effects on village services and traffic patterns.

Assistant village manager Frank Potter and village engineer Mike Davalos, in a workshop preceding Monday's meeting, apparently laid those worries to rest.

Davalos assured commissioners that Ruidoso has the capability of meeting the needs of development plans for Moon Mountain. He said a future developer will be required to build streets and utility distribution

systems to tie into village services.

"I think if we'd be lacking anywhere it would probably be in traffic," noted Potter. But he and Davalos said a developer could be required to upgrade access roads in the area. Plans call for a combination low-density residential and resort area on Moon Mountain with at least two-thirds of the tree-covered mountainous acreage left in its natural state.

David Smith, P&Z chairman, said there still is confusion on whether annexation will give the village control over state lands, since some court cases have indicated the state isn't bound by local zoning ordinances.

"We don't have any assurance as to how it will be developed," noted Commissioner Marie Rooney.

But Rick Lopez, new planning and commercial leasing officer for the State Land Office, assured P&Z that State Land Commissioner Bill Humphries wants to cooperate with the people of the Village of Ruidoso. Petronis said the whole intent of the planning process was that whoever develops the land will follow the master plan.

Charles Gray, the lone observer at Monday's meeting, objected vehemently to any plans to develop Moon Mountain, and criticized P&Z for not making sure the public knows of plans for changing Moon Mountain. He said P&Z has "failed miserably" in letting the public know of the Moon Mountain development as well as other actions.

"This is our last chance to have an open area in town that's not developed," warned Gray. "Who gave you permission to sell my land?" he asked Lopez.

Gray questioned Lopez on why a state park is not located in this area, and asked him why cables are placed across roads on Moon Mountain.

"Why is it people can't even get up there to see what they're losing?" asked Gray in a loud voice.

Gray said he is worried that developing Moon Mountain will cause drainage problems on his Paradise Canyon Drive property.

"I'm going to fight it tooth and nail," said Gray.

Commissioners voted unanimously to recommend the annexation to the Village Council.

In regular business Monday, P&Z:

—Granted a one-year extension for temporary development by Crown Point Corporation on a tract of land in Section 36, Tract L, Pinecliff Subdivision. Enforcement officer Sandy Hall said the development meets requirements for commercial development.

—Discussed at length a proposed zoning ordinance that will be reviewed in a public hearing on Tuesday, February 17.

—Heard Hall announce her resignation effective toward the end of February. Hall said her husband has accepted a job in Florida and the family will be moving.

First Christian Church starts ministry training program

First Christian Church will be starting a new program "to involve lay people in the ministry."

Ken Cole and James Paxton recently attended a two-week Leader's Training Course in Orlando, Florida, on the Stephen Series. The Stephen Series is a system for training and organizing lay people to do caring ministry in and around their congregation.

At the two weeks of intensive training, they were equipped with materials and knowledge to educate others in the art of Christian helping. They also learned a system for organizing and administering the work of lay caregivers.

The two weeks were a time of learning and hard work, but also a time for singing, worshipping and Christian fellowship with others in

attendance, according to Cole.

First Christian Church expects exciting results and to experience a growth in the ministry and an increased caring of its members, Cole said. Many more people will now become actively involved in doing caring ministry, he added. Persons in need will now receive even more personal care and love from First Christian Church, said Cole.

"James Paxton and I shared in one of the most exciting training programs that anyone could share in. We are eager to begin the Stephen ministry training program beginning March 1," Cole stated.

Cole and Paxton would be happy to discuss their new ministry with anyone interested. For information contact First Christian Church at 258-4250.

Happy Birthday To President Reagan

Here we are over in February, "The Birthday Month", small in numbers but great in the hearts of Americans. During this month we cherish the memory of Abraham Lincoln and George Washington, and send up a prayer to them in Heaven, where they surely are looking down upon this beloved country of ours, wishing us well, and sending messages of inspiration and guidance.

This will reach you on the eve of the birthday of the man into whose hands the leadership of our land has been placed—our president of this very day and hour, Ronald Wilson Reagan, born February six, 1911, in Tampico, Illinois.

He was born under the star of happiness and good fortune—and grew up, a typical American boy, devoted to his father and mother, cheerful and hard working, and proud and grateful to be an American.

From his Irish father, he inherited his famous wit and humor, and his cheery optimistic outlook on life.

From his Scotch Presbyterian mother he inherited a devout nature—a reliance on Almighty God for guidance and inspiration through life. All his early training instilled in him his personality the traditional American values which are the foundation of his life and his work today.

Hard work and athletics built in him an iron constitution—which was to stand him in good stead on down the road of life. While working his way through college he took a summer job as lifeguard at a swimming pool. Here during several summers he rescued seventy people from drowning.

To go with physical stamina, he was born with an even greater mental and spiritual strength, which underlies his cheerful, often joking ways.

At age seventy-six he is by many years the oldest president ever to hold this office in our history.

This has made him an inspiration, not only to senior citizens, but to all of us—giving us hope and faith that we do not need to be put on the shelf just on account of age.

Although a great honor and privilege, the Presidency is a job of unimaginable vastness with practically innumerable responsibilities.

(Especially now days. George Washington opened all the mail and read every letter personally.)

President Reagan has handled the toughest job in the world—smiling through an attempt on his life, with the bullet coming within an inch of his heart. He has come through several operations with flying colors.

Despite wide disagreement among the people and public figures—which is very natural in a Democracy such as ours—President Reagan has remained the most popular president of modern times. And he will go down in history as one of our greatest.

Yes, during the "Birthday Month" we honor the memory of our presidents. Let us be thankful that we can wish a happy birthday to the president, who is here in our beloved land today—one of us, working, hoping, praying along with us here in This Nation Under God.

It would be a little late, but he would appreciate a message of cheer during the season of his seventy-sixth birthday. Drop him a line:

President Ronald Reagan, The White House, 1600 Pennsylvania Avenue, Washington, D. C., 20500.

Ground Hog's Day Was Beautiful

Surely trying to make certain the Ground Hog was in no doubt about the weather, the weather spirits turned out one of the most beautiful February days you ever saw. The whole valley, the glens and meadows and hillsides—all glowed and shined in a warm and mellow sunshine—one of those days when the very land itself is supremely happy, and your heart is uplifted in joy and gratefulness. A touch of Heaven itself was in the air all through the day.

Ken Green Recovering Well

I had a grand visit up at the office of The Ruidoso News with publisher Ken Green. There was a cheerful note all through the building, and you soon learned why.

Flashing his million-dollar smile, Ken looked like a new man. His hip replacement operation was a resounding success.

We rejoice that Ken truly has a new lease on life, free from pain, and gaining daily in the use of the leg. We are grateful to Dr. Paul Echols. And we all rejoice in Ken's good fortune.

Feeding the hungry

Joe Byrd, president of the Ruidoso Kiwanis Club, hands over a check for \$100 to Phyllis Boverie, president of the Lincoln County Food Bank. Kiwanians heard a food

bank program Tuesday and revealed plans to support the organization with time and money.

Service clubs learn of food bank's needs

"Poverty is not a discriminator—it affects every group," Phyllis Boverie, Lincoln County Food Bank president, said Tuesday.

Food bank representatives spoke Tuesday, in separate meetings, to Kiwanis and Altrusa club members.

Boverie, in a noon program for Kiwanis, said the area food bank serves people of all ages and all races. She said the hungry in Lincoln County include the newly poor, unemployed and underemployed, as well as single parents, the elderly and infirm.

"The stereotypes are just not true," said Boverie. "I have yet to meet anybody who doesn't want to

work," she added.

Rigo Chavez told Altrusa members Tuesday that at least 500 Lincoln County families are in need. He said the food bank served 13 families in July 1986, and 29 families in December. He said food from the bank was also used to fill out Happy Holidays foodbaskets.

But the need has outstripped the supplies of food, and both Boverie and Chavez said the food pantry was often bare during January.

"For the first time, the food bank purchased food in January," said Chavez.

Boverie and Chavez called on the service organizations to help meet the needs of the poor in Lincoln County.

"We need food; we need money; we need volunteers," said Boverie. Kiwanians responded with a \$100 donation, and the offer of future help. Altrusa members revealed

plans to conduct a food drive next month.

"Our aim is to not let anyone in Lincoln County go to bed hungry," said Boverie.

WRITTEN IN MEMORY OF DEANA RENE WOOD

I'll always remember when I first heard, I couldn't believe it, I hoped I was dreaming please let me be dreaming. So many things have gone wrong, and it hurts to be strong, but broken hearts won't last that long, and I'll always remember, all the good times that we shared, I'll always remember just how much I cared, and even though you're gone, my love for you still remains, and I'll always remember, your bright and shining face. I'll always remember, how special you were to me, and even though I never told you, I want you to know; I love you, and I'll always remember, all the good times that we shared. I know what's gone is gone, there's nothing I can do, but I'll always remember, YOU.

Ruidoso girls belt Tularosa, 73-61; play Hot Springs, Silver City next

by GARY BROWN
News Sports Writer

Ruidoso High School's girls varsity basketball team warmed up for this weekend's District 3-AAA doubleheader by beating Tularosa, 73-61, on the losers' court Tuesday night.

Ruidoso, now 3-10 on the overall season, will play district games against Hot Springs Friday, February 6, in Ruidoso, and Silver City Saturday, February 7, in Silver City. The Warriors are 0-1 in district play.

Against Tularosa, the Warriors trailed, 36-34, at halftime, but rallied for the victory.

Ruidoso poured 39 points through the hoop in the second half, holding the Wildcats to 25.

The big quarter for Ruidoso was the third period when the Warriors outscored Tularosa, 22-10.

Ruidoso's fast break worked well and the Warriors took a 42-20 lead on a field goal by Amy Osborne with 5:25 left in the quarter.

Tularosa came back to tie the score at 42-42, but Ruidoso outscored the Wildcats, 14-4, the rest of the period for a 56-46 edge.

The teams battled evenly in the final quarter, Ruidoso scoring 17 points and Tularosa getting 15.

Tularosa never cut the Warrior margin to less than eight points in the final quarter.

Warrior boy cagers host Hot Springs

by GARY BROWN
Sports Writer

Ruidoso High School's boys varsity basketball team hopes to raise its District 3-AAA record to 2-0 when the Warriors host Hot Springs Friday, February 6.

The boys junior varsity game will start at 4 p.m., followed by the girls varsity game and the boys varsity game.

Ruidoso's boys junior varsity lost a 49-47 contest to host Goddard Tuesday. The Warrior boys freshman team fell to Goddard, 59-45.

Ruidoso's varsity is coming off an impressive 54-44 victory over Deming Saturday.

The Warriors are 10-7 on the overall season and seem to be peak-

ing at the right time.

Before beating Deming, the Warriors rolled over New Mexico Military Institute, 90-64, last Thursday in a non-district game.

Hot Springs is rebuilding after winning the district title last season. Still, they can be tough on a given night.

"They beat seventh-ranked West Las Vegas by 13 points in West Las Vegas," said Ruidoso head coach Gene Segura. "Some nights they play real tough, other nights they play like they're rebuilding."

Segura probably will start Kirk Ryan and Alan Kirgan at guard, Jeff Willingham at swingman, and Brian Davis and Garret Henson at forward.

The Warrior junior varsity almost pulled the game out against

Goddard.

Ruidoso trailed by 10 points with 1:15 left in the game, but some hot shooting by Charles Smith brought the Warriors within one point.

Larry Geronimo scored 15 points to lead Ruidoso. Smith and Ron Sanders both added 11 points.

"We played sporadic again," said Warrior junior varsity coach Ridge Bowden. "We were ahead, 15-7, at the end of the first quarter but the game was tied at halftime."

Logan Stirman led the Warrior freshmen with 13 points. Alfred Rue added 12 and Ira Sago scored 11.

Ruidoso's boys junior varsity will play Hot Springs at 4 p.m. Friday. The junior varsity is 1-13 on the season, while the freshmen are 3-6.

Ruidoso wrestlers meet district foes in Alamogordo matches Saturday

by GARY BROWN
Sports Writer

Ruidoso High School's wrestling team will get a good test of what the District 3-AAA tournament will be like when the Warriors compete in a meet in Alamogordo Saturday, February 7.

The meet will be at New Mexico School for the Visually Handicapped (NMVH), and will last most of the day.

All seven District 3-AAA teams will be in the meet, although NMVH

and New Mexico Military Institute (NMMI) will not have full teams.

Other teams besides Ruidoso will be Silver City, Cobre, Goddard and Deming.

The eastern teams (Ruidoso, NMMI, NMVH and Goddard) will wrestle the western teams (Silver City, Cobre and Deming).

Ruidoso finished fifth in its own tournament last week.

Junior Jeff Schmidt took third in the 107-pound class to lead the Warriors. Bubba Lane at 147 pounds, Augustine Apache at 187 pounds, Heath Wood at 121 pounds and Cory Garner at 128 pounds added fourth

places.

"I think we'll do well this time," Warrior head coach Gerald Ames said. "We had a real good practice yesterday (Monday), and I think we'll be ready."

Ruidoso probably will be without the services of 140-pound Clint Bob, who pulled a muscle in the Ruidoso Tournament. He probably will return for the Pecos Valley Invitational in Roswell Saturday, February 14.

Ames sees Silver City as the team to beat, followed by Cobre and possibly the Warriors.

LL cage loop starts Monday

The Ruidoso Little League basketball program will begin Monday, February 9, at Ruidoso Middle School.

There will be 15 teams in the league, four major-division teams, five intermediate teams and six minor teams.

Although game nights are not definitely set, two games will be played per night, starting at 7 p.m.

The league needs more sponsors for the season. The following businesses already are sponsoring teams.

Western Auto, Bill Harvey Excavating, A Good Place to Eat, Track & Ski Lodge, The Cut Above, Ski Apache, Tim Wishard Goldsmith, K-Bob's, M&M Engraving, First National Bank, Ruidoso Land & Survey, Ruidoso Athletic Club and the Noon Lions.

We at Texas-New Mexico Power Company are concerned about electrical safety. That's why we've developed this safety checklist. If you're a parent or teacher, you can clip this ad and use it to teach your children or students to use electricity wisely.

safety Checklist

- ☒ Avoid the use of water around electrical outlets or appliances. Water conducts electricity, so keep all electrical wiring away from water, especially around bathtubs, sinks or swimming pools.
- ☒ Never touch a power line with anything, including antennas, tree pruning tools, ladders, or kite strings.
- ☒ If you see a fallen power line, do not get close to it. Report it to either our office or the local law enforcement officials.

Ruidoso High School's wrestling program has shown steady improvement over the years, and wrestlers like James Herrera and Jeff Schmidt are good examples of the program's progress. Herrera, a 1986 Warrior graduate, finished second in the state meet 170-pound class last season after winning the District 3-AAA crown.

The Ruidoso graduate also was an all-state football player and now is an assistant football coach at Ruidoso Middle School. Schmidt, a junior this season, won the District 3-AAA 161-pound title last season. He's competing in the 107-pound class this year. Schmidt has an 18-5 record this season, including a third place in Saturday's Ruidoso Tournament. He has placed high in other tournaments also this season and has been a consistent wrestler the past two years. The Warrior junior looks like a good bet to win the District 3-AAA crown this season, and perhaps place high in the state meet. It would be nice to see Schmidt gain an athletic scholarship to some college next season. Not only does he deserve it, but the scholarship also would encourage other local youths who are interested in wrestling. Wrestling is becoming a more popular sport in New Mexico high schools, and athletes like Schmidt and Herrera have a lot to do with it.

Rec teams unbeaten

The Chiefs, Shockers and Blazer Bus remained unbeaten in Ruidoso Parks and Recreation Department Men's Adult Basketball League play with wins at White Mountain School this week.

The defending champion Chiefs knocked off the Richardson Bad Boys, 58-42, Tuesday night to raise their record to 3-0.

Steve Haliday scored 15 points and Dan Wimberly scored 13 for the winners. Kenny Espinosa scored 15 points for the Bad Boys.

In the other Tuesday game, the Shockers raised their record to 3-0 with an 86-55 win over the Mescalero Rebels.

Clyde Reynolds poured in 44 points for the winners. Kerry Enjady had 17 points for the losers. Blazer Bus rolled over B&B Feed Barn, 70-49, Monday night, for a 3-0 record.

Norm JoJola led the winners with 22 points and Kenny Blazer scored 19. Ted LaCoe scored 14 points for the losers. Winston Presnall added 10 points.

The Entertainment Center topped Camp Sierra Blanca, 55-42, in the other Monday game.

Bobby Snowden scored 26 points for the winners and Mike Thompson had 17 points for Camp Sierra Blanca.

In last Thursday's game, the Chiefs knocked off The Entertainment Center, 69-48.

Ken Perryman scored 19 points and Wimberly added 10 for the winners.

Players from The Entertainment Center and Camp Sierra Blanca battle for the ball in a Ruidoso Parks Parks and Recreation

Department Adult Men's Basketball League game Monday night. The Entertainment Center won, 55-42.

Brave boy cagers roll over Tigers

Ruidoso Middle School's boys A and B basketball teams took victories at Capitán Tuesday.

The Brave A team defeated a

Capitan team composed of eighth-graders and freshmen, 61-32. The Brave B team topped Capitán, 34-13.

Cody Willard led the Ruidoso A team with 15 points. Guyman Kaydahzine added 13 points, Mashon Swenor scored 10 and Syrus Wheeler scored eight points. Pierre Shields led the Brave B team with 10 points.

The Braves boys and girls teams will play at Tularosa today (Thursday), February 5. The first game will start at 3 p.m.

Ruidoso will have a girls tournament Saturday, February 7. The Braves will have A, B and seventh-grade teams in the tournament, along with Capitán and Hatch.

Competition will start at 8:30 a.m. A 15-player all-tournament team also will be selected.

Girl jv cagers rout Tularosa

A well-balanced attack gave the Ruidoso High School girls junior varsity basketball team a 57-36 victory over host Tularosa Tuesday night.

Ruidoso is now 5-4 on the season and will travel to Silver City Saturday, February 7, for a 5:30 p.m. game against the Colts.

Sara Kazhe led the Warriors with 14 points. Lori Walker and Shala Gosdin both added 10 points and Rosie Shanta scored eight points.

"We're playing pretty well right now," said Warrior junior varsity coach Dennis Davis. "Our game is coming around and we're playing good defense."

Freshman Tara Miller added 12 points, while Amy Osborne, Norma Murillo and Jennifer Jimenez each scored nine.

Mikki Roller scored eight points, Zeba Morris had seven and Veralyn Platta scored two to round out the Ruidoso scoring.

"I think we played very well," said Warrior head coach Sergio Castanon. "We went down to Tularosa and they were very ready for us. They were very intense."

"I'm proud of our girls for keeping their composure and taking control of the game."

"We had some goals like getting

more rebounds and cutting down on our turnovers, and we did both of those things. It was a very good effort."

Now the Warriors must play Hot Springs and Silver City, two rugged opponents.

"Silver City could be the strongest team in our district and Hot Springs is supposed to be second," said Castanon. "So we'll have to be ready."

"We'll probably have to play our best games of the season to win."

The Warriors will play Hot Springs at 5:30 p.m. Friday. Against Silver City, the varsity and junior varsity both will play, with the junior varsity game starting at 5:30 p.m. and the varsity contest following it.

Lane is Wrestler of week

Bubba Lane is the latest Ruidoso High School Wrestler of the Week.

Lane, a sophomore, finished fourth in the 147-pound division at Saturday's Ruidoso Tournament.

He won two matches and lost two against tough competition.

The Warrior athlete also plays football. His seasonal wrestling record is 9-11 and he is one of the most improved wrestlers on the team.

Capitan girls varsity team rolls over Dexter Demons

Capitan High School's girls varsity and junior varsity basketball teams took victories over host Dexter Tuesday night.

The Tiger varsity girls topped Dexter, 67-40, while the junior varsity girls won, 43-27. Capitan's varsity is 11-5 on the season and the junior varsity is 8-2.

Katherine Sanchez led the Warriors with 22 points. Sherry Gowen added 16 points and Marnie McDaniel scored 12.

Leslie LaRue led the Tiger girls

junior varsity with nine points.

Capitan's boys junior varsity lost a 54-48 game to Dexter, but is 6-5 on the season.

Warren Russell scored 11 points and Tino Gallegos added 10 for the boys junior varsity.

The Tiger varsity boys and girls teams will host Hondo Friday night, February 6. The boys varsity and junior varsity teams and the girls varsity team will host Fort Sumner Saturday night, February 7.

Studio III offers art classes

David Smith (left) and George Rice, two of the partners in Studio III Art School and Design Center, prepare to mail the 1987 Workshop Schedules for their premier season. Workshop schedules may be obtained at Studio III Gallery in Adobe Plaza, or by calling 257-5016.

In the service

PRIVATE RYAN D. FROST, son of Brenda Woolley of Ruidoso, has completed one station unit training (OSUT) at the U.S. Army Infantry School, Fort Benning, Georgia. OSUT is a 12-week period which combines basic combat training

and advanced individual training. The training included weapons qualifications, squad tactics, patrolling, landmine warfare, field communications and combat operations. Completion of this course qualifies the soldier as a

light-weapons infantryman and as an indirect-fire crewman.

Soldiers were taught to perform any of the duties in a rifle or mortar squad.

FIRST NATIONAL BANK VICE PRESIDENT ROY SEAY

Seay is named VP at First National

by SHIRLEY BOWINGTON
News Staff Writer

"When Kerry Boyd left, we knew we would have to find a replacement—we found the best man for the position was right here in Ruidoso," said Ronnie Paulger, President of First National Bank. The man he was speaking of is Roy Seay, First National's new vice president.

According to Paulger, Seay was selected because he would be "an asset ... because of his existing knowledge of the community and the market involved," as well as being a "top-notch person individually."

Seay, who was a vice president with Ruidoso State Bank, said even though he "loved it there" he left

after seven years, because three senior executives were ahead of him for advancement.

Because First National Bank is national, Seay explained that the move would provide him an opportunity to become "involved with total banking." He said the move will "provide the opportunity for advancement, and I like the people here."

Seay moved his family to Ruidoso seven years ago. Prior to that time, he worked for Southwestern Investment for nine years, after his

graduation from the New Mexico School of Banking at the University of New Mexico in Albuquerque.

Since coming to this area, Seay has become involved in various community activities including Ruidoso Sertoma Club, Ruidoso Soccer Association, Little League Basketball, New Mexico Motor Sports and Otero and Lincoln County Mental Health Association.

Seay's wife, Sheila, works for Home Health Services. The Seay family also includes Dan, 12, Tommy, 7, and Carrie, 6.

New chamber board members

School expands to meet student needs

by LINDA PONDER
News Staff Writer

Construction of the new classroom wing at Nob Hill Elementary School is nearing completion.

Five new classrooms, boys and girls restrooms and a storage area will be housed in the \$345,000 building project. The completion of this building will be just the beginning of the facelift for Nob Hill, according to Principal Roger Sowder.

Renovation of the existing building, one of the oldest schools in Ruidoso, will begin when the new wing is finished, sometime in March.

All kindergarten classes, and one first-grade class, will be moved into the new wing and the north end of the school will be boarded off for the renovation.

Sowder said a District Building and Planning League was formed more than a year ago to determine the condition and needs of each

school in the district.

Their report highlighted Nob Hill and Ruidoso Middle School as the schools with the most immediate need. They determined the Nob Hill structure was excellent, but outdated.

"The league planned for growth and what would serve the greatest number of children," Sowder said. "A lot of things in this (existing) building have to be brought up to code."

Sowder cited the most important need, after the new wing is completed, will be the roofing, energy efficient windows, restrooms and storage.

"If the bids come in low enough, and the plans go like we hope, everything could be completed by August 1," Sowder said. "When the kids come back to school all the disruption would be over."

The added space with the renovation will move all the Nob Hill students, including Special Education, into the building. The portable

classrooms, Sowder hopes, will no longer be needed.

"We planned for growth," he said. "We hope we won't have to use the portable classrooms again. There has been total faculty input, also, on this remodeling. They have been working on every part. It's been a very valuable asset to have faculty working on this."

In addition to the inside renovations, plans have been made for asphalt paving and additional parking areas. The paving will cut down on mud and dirt, now a big problem, and will give students a place to play when the playground is too muddy.

The school bond monies were used for the construction project, the mill levy monies will be used in part for the renovation and for furnishings. The next school project will be work on Ruidoso Middle School.

Nob Hill Elementary School Principal Roger Sowder inspects a newly constructed room at the school. The new classrooms all will

have water fountains and plenty of storage. (Photos by Linda Ponder.)

This newly constructed classroom only needs carpet, cabinets and furniture to be completed. Nob Hill Elementary School

Principal Roger Sowder expects the new rooms to be in use by March.

The corner of the newly constructed section of Nob Hill Elementary School (on right) contrasts sharply with the old building. Gas lines, once connected along the top edge of the building, have all been placed underground.

The window arrangement on the newly constructed addition of Nob Hill Elementary School will be matched during the renovation project on the old section of the school. This area, in back, will receive asphalt, making a playground for students when the ground is too muddy for playing on.

Opinion

Editorial

Will a much-needed program, which may actually have saved lives in our village, be discontinued after just a month due to lack of a few dollars?

The Sober Ride Program provides safe rides home, via the "Topsy Taxi," to those who feel they have indulged to the point where driving would be unwise.

The Friday and Saturday night program began December 31. So far, 43 drivers have requested a ride. Program organizer Laura Ashley reports that about 91 percent of the riders were tourists or part-time residents. Six percent were juveniles and three percent full-time residents.

Who can say what lives may have been saved when those people made the decision to take a "sober" ride home. The risk to lives was bypassed by the Topsy Taxi.

The program costs just \$510 a month. That means we can have safer streets for just \$64 a weekend night. Sounds pretty cheap.

But Ashley says the program already is running short of donations. Indeed, this Friday night may see the last of the Topsy Taxi. Unless people who believe keeping drunk drivers off the streets pitch in a few dollars, all the effort to get the program started, and the benefits it provides for other motorists, will be lost.

The Sober Ride Program must continue. A complete cure to the disease we call "drunk driving" may still be years away. But programs like the Sober Ride Program take an important step in the healing process.

A little bit of help can make a big difference. Let's not let this successful program be lost.—DJP

Letters to the editor

DEAR EDITOR:

In a recent issue of The News I notice where Judy and Tom Curry sent a donation for the defense of the water dispute, which was returned. Please let the people know that Ken Nosker at Glencoe or Mike Hurd at San Patricio are defendants and would be glad to receive donations for the defense of the Ruidoso and Hondo water.

Also there is a lithograph by "Peter Hurd" depicting the New Mexico Bird (Road Runner) given free to every one who wishes to donate \$50 to the water defense association. These prints can be picked up at the Peter Hurd gallery at San Patricio, or the Artisan gallery in Ruidoso, or Ken Nosker store at Glencoe, or the gallery at 412 W. 2nd St. in Roswell.

These are beautiful prints about 24x19 and should be picked up, and not bent or folded, they are not framed. Not available by mail at this time.

Sincerely,
BUD PAYNE

DEAR EDITOR:

When we lost Jimmy Sanchez this past December, we knew that we had friends and family that we could count on to be there for us, and they were and have been in every possible way. So this letter is to our family and many friends whose helping hands, thoughts, prayers and many donations have been a stronghold for us during this past month. This small passage from St. Augustine seems to best describe how we feel.

Many good friends be present when poverty crushes us or sorrow overcomes us or bodily pain tortures us or when we are far from those we love. When our world begins to fall apart, let good friends be there, friends who will not only dance at our parties but weep at our wakes. May we have dear friends who will heal us with soothing words. If we have such friends, then surely life's hard edges will be softened and its burdens will be made light. With a little help from our friends we shall make it through the tough times of our lives.

St. Augustine
Words do not begin to let all of you know how much we have deeply appreciated all of your love and strength. We know in our hearts that Jimmy is with us and so pleased that all the people he cared for so much have come together to help us through this time when we are missing him so. We would especially like to thank the Ruidoso Volunteer Fire Department, Ruidoso Elks Lodge, St. Eleanor's Ladies Guild and Knights of Columbus and to our dear family whose very presence, love and strength have lifted us, and once again to you, our friends who have laughed with us and cried with us. You are forever in our prayers.

God bless you,
The Jimmy Sanchez family,

DEAR EDITOR:

The RHS Wrestling team would like to thank all of the people who helped put on the Seventh Annual Ruidoso Invitational Tournament. We particularly appreciate the Warrior Booster Club, the volunteers who helped plan, run the snack bar, keep score and clean up, and the many fans who spent their Saturday supporting high school wrestling.

DEAR EDITOR:

(Editor's note: The following is a letter sent to Governor Carruthers by Herb Brunell, reprinted here by permission of the author).
Honorable Garrey Carruthers, Governor
State of New Mexico
The Capitol Building
Santa Fe, New Mexico 87501
Dear Governor Carruthers,

As a result of the downturn in New Mexico's economy in the past two years (for the many reasons with which I am sure you are quite familiar) two major things have resulted in my business:

1. Two of ten sales positions have been eliminated.
2. Those of the staff remaining had no raises for a period of 18 months. In addition, the New Mexico Legislature's tax reform of 1986 resulted in a net paycheck decrease.

Our net sales decreased by 27% in 1986 from our peak year of 1984. Adjustments in our operation (established in Ruidoso in 1946) were necessary to ensure our remaining in business, fiscally sound.

The budget proposal presented to the 1987 New Mexico Legislators asks a significant increase in expenditures rather than a "belt tightening". These increased funds must come out on an economy that is not growing but struggling to keep afloat.

These tax increases, user fees, discontinuance of other allowances, if granted, will result in another effective loss of income to my employees and others like them.

It is not fair, when we in the private sector must review our operations, curtail activities, etc., for the State to continue to expand and plan to spend so much more, to ask us to contribute so much more.

Very truly yours,
HERB BRUNELL, President
Brunell's Inc.

DEAR EDITOR:

The 16th Armored Division Association is a non-profit organization composed of World War II veterans, who served with General Patton's Third Army in Europe. We have 1,100 members, who now reside in all 50 states! Our Armored Division consisted of 15,000 men during combat.

Since I was a member of 64th Arm Div. of the 16th Armored Division, I can recall that there were men in my outfit who original-

ly lived in New Mexico, and either enlisted or were drafted from this state.

I am trying to locate these men and ask them to join our association. It would be greatly appreciated, if you would print this letter, requesting that these former members of the 16th Armored Division contact me.

We hold an annual reunion in a different city in the United States. In September 1986, we held our 35th Annual Reunion at Lake Tahoe, California. In 1987, we will be in Orlando Florida and at Nashville TN in 1988, God willing!

Sincerely,
W. E. ERWIN, JR.

DEAR EDITOR:

I have just read the letter from

the lady that received a ticket for going up the mountain after 3:00 p.m. I can not believe what she wrote. In the first place the signs are there because uphill traffic, at that time, creates a hazard. If she can not drive and read signs she should turn in her driver's license. We have to read signs and OBEY them everytime we get in a car.

That drive, up the mountain, keeps many skiers away. It is dangerous and scary. Anything that can be done to make it safer and make drivers feel more secure will bring more people to Ruidoso, not keep them away.

I say keep up the good work. I hope I see an officer there everytime I drive up and down. I would like to see an uphill time enforced too.

Sincerely,
JEAN CARROLL
Sweetwater, Tx.

Inside the Capitol

by Fred McCaffrey

SANTA FE—"I'm glad they got their fighting out of their system at the start of the session," one lobbyist said about the members of our not-very-much esteemed state Senate. "Now they won't be battling one another during the closing days of the session this year."

Unfortunately, that conclusion doesn't follow from that premise. These folks, given the contentious natures with which some of them appear to have been born, can fight at the beginning, in the middle and at the end of any session, anywhere, any time.

Since those who were defeated in the initial battles seem to have delegated some of their members to act as guerilla warriors, lying in wait to find every chance to bushwhack the opposition, the warring here is no more over than it is, sad to say, in the Philippines.

The big question around Santa Fe after the members of the Senate acted as though they had settled everything was this: How come, with the same number of Senators this year as last, there was such trouble about getting the minority members into suitable office space?

It took an unconscionably long time after the capitulation by the forces of Senator Les Houston before anyone anywhere in the capital knew in what offices and at what phone numbers members of the Senate were to be found. One side claimed that was because the others were too busy with their own internal squabbles, while the other said their opposite numbers were trying to downgrade them and their importance in the scheme of things.

Needless to say, it's a little difficult for constituents to find their representatives when they come to the capitol if nobody, not even the Legislative Council Service, which has charge of housing them, can say where the Senators are to be found.

It's too bad, but the governor's office has no institutional memory.

What that means in practice is that each time an administration changes, nobody familiar with the kind of office routines a governor needs is carried over. That leaves plenty of room for mistakes of all

kinds. From what we hear, the Carruthers people, green hands almost all, have made most of them, including failing to get their man to appointments they have accepted from such organizations as Chambers of Commerce that planned to have him as the main speaker at their banquet.

That's too bad. The measure of a good governor, however, is how quickly he can see to it that his staff gets such glitches out of the system and gets down to smooth working order.

In connection with that last thought, the utterance of Governor Carruthers has somehow turned into a very cold, unwelcome place.

The media representatives who used to gather there daily in the time of his predecessor, to begin their day in contact with one another, now have gone elsewhere for the morning coffee, in the belief that they are no longer looked upon as being wanted. Too bad. That cuts potential contacts between the governor and the news media—and thus between the governor and the citizens—with no proportionate gain of any kind to counterbalance the loss.

If you're wondering how much you put out in the way of tax money for this meeting of the Legislature, the National Conference of State Legislatures in Denver says the last time they checked, each New Mexico citizen paid \$4.56 per year to maintain the state's lawmakers.

Costliest Legislature in the nation is in Alaska, where the price runs \$46.75 per citizen; and cheapest is in North Carolina, where citizens pay only \$1.71 apiece.

As someone here remarked, the price to New Mexicans is about what it takes to buy a movie ticket. To some extent, a legislative session here may provide a lot more entertainment than the average movie does—and you don't have to get a babysitter in while you are laughing at it.

Note: Arizona, Oklahoma, Colorado and Texas manage to hold legislative sessions at a cost per capita that is substantially under New Mexico's.

Roswell sportscaster Frank Tracy (right) explains the rules to 107 contestants entered in last weekend's "Best of the West Handicappers Showdown" at Sunland Park. The two-day event required players to wager a mythical \$1,000

bankroll on each of the 22 races on Saturday and Sunday's programs. Malcolm Shields of Clayton parlayed his opening bankroll to \$14,824, earning him the winner's check of \$1,500.

Big gamble pays off in Handicappers Showdown

Malcolm Shields bet \$5,100 on the nose of Bruin County to win Sunday's "Best of the West Handicappers Showdown" at Sunland Park Race Track.

Shields, a cattle rancher from Clayton, out-picked 107 handicappers in the two-day contest parlaying a \$1,000 mythical bankroll into \$14,824. The contestants were required to wager on each of the 22 races during Saturday and Sunday's programs at Sunland.

Ruidosoan Charles Pereyra's conservative strategy led to his downfall after holding a comfortable lead throughout most of Sunday's action. Pereyra went into the final race in the contest holding a \$2,500 advantage over El Pasoan Hugo Baez, while Shields trailed the leader by nearly \$14,000.

Pereyra posted a \$100 win bet, while Shields dumped his entire \$5,100 bankroll on Bruin County to win. Baez also went with Bruin County, betting \$2,000 to win and another \$1,000 to place.

Racing as the 9-5 favorite, Bruin County stormed through the final furlong to nip Baffle You at the wire for a nose verdict. The close decision earned Shields \$14,790 and the right to represent Sunland Park in the \$185,000 World Series Of Handicapping at Penn National Race Course this fall. The winner of that event earns \$100,000.

"I was waiting for this horse all day, hoping I'd have enough to bet it all and win," Shields said after the contest. The first-place check was \$1,500.

Baez checked in second at \$11,041. Pereyra was third with \$3,977. El Pasoans Nick Padilla and Daniel McElwee rounded out the top five with \$3,104 and \$2,701 in earnings.

Racing resumes on Friday at Sunland Park when the track's Twin Trifecta pool is expected to reach \$50,000.

Sunland officials announced Sunday that the track's mile-long oval will be closed for two days as crews work on renovating the racing surface. It is expected to reopen late Tuesday.

Shady snowfield

Few areas of snow remain in the Ruidoso area due to mostly sunny weather in the area over the past two weeks. But some hints of the nasty late-January snowstorms still hold out in

shadowy areas, seeming to refuse to melt even in the face of 60-degree temperatures. (Photo by Shirley Bowington.)

Dear Greg:

The service you have rendered our group goes well beyond the call of duty. I recognize that we have imposed on your good humor for much of the detail of owning a place many miles distant from our homes, but you have always been very gracious and accommodating about it. I regret that I have no good way of returning the many favors you've shown us, but I sure hope that you will let me know if there is ever an opportunity. In the meantime, please accept my heartfelt thanks for your enormous help and friendship.

With best regards, I am

Very truly yours,
