Ski Apache hosts fastest NM skiers

by YVONNE LANELLI Special to The News

Kathryn Campbell of Roswell and James Herrera of Taos retained their titles as the fastest skiers in New Mexico Sunday at the finals of the New Mexico Cup at Ski Apache.

Campbell defeated Tina Apprill of Cloudcroft in two heats to claim her victory.

Herrera was awarded his first place finish when his competitor, Mark Mobley of Ruidoso, fell during their first heat and was taken to Ski Apache Clinic for treatment.

Mobley was awarded second place, Christian Widmer of Taos was third, and James Stucker of Cloudcroft was fourth.

Ruidoso asks State Legislature for \$310,000

Leaders seek civic center funds

by FRANKIE JARRELL

Ruidoso News Editor

The "Dreamer"

Ruidoso took its request for funds to construct a civic center on part of the old airport tract to the State Legislature Friday.

Asking the Senate Finance Committee to allocate \$310,000 to add to the \$278,000 the village has available for a center, Republican Senator Jim Martin tied the request to a golf course proposal under consideration.

The Finance Committee, in what Senator Martin said was the most favorable of actions it could have taken, tabled the request without prejudice. Requests for money that have the blessings of the Finance Committee, all are tabled until the end of the session when lawmakers have a clear picture of how much money is available to fund the many requests.

Martin, village manager Frank Potter and Ruidoso's registered lobbyist Mike Runnels made the presentation, showing drawings and plans for a proposed center and for the golf course development. They explained that airline service, too, is part of the comprehensive development plan.

"The intention is to make the Village of Ruidoso a destination resort," said Martin, detailing plans for the 18-hole golf course and recreation area, resort hotel and spacious civic center.

Senate Bill 487 calls on the State Legislature to appropriate from the general fund \$310,000 "for the purpose of design, planning, construction and necessary land acquisition for a civic events center in Ruidoso ... This appropriation is contingent upon the Village of

Ruidoso providing a match in the amount of \$278,000 and upon the Village of Ruidoso completing by January 30, 1991, the statutory and contractual requirements necessary to lease portions of its old airport for the construction of a golf course."

Potter said the village already is negotiating to acquire adjacent land, the Blaugrund Tract, a strip of land that he said is vital to the project.

"The Village Council has approved this concept plan and is committed to it," said Martin.

"We have a unique opportunity here," said Runnels, explaining the offer by a private developer to construct a \$2.6 to \$3 million golf course on public land with private money. Runnels explained the village's dollar for dollar match of lodgers tax funds that is earmarked 2/3 for bricks and mortar and 1/3 for administration and promotion.

"We're asking for seed money," said Runnels, stressing that the village is committed to a package, not just a civic center. He said the civic center and other parts of the package will be phased. Runnels said the entire project is expected to be accomplished using a combination of public and private funds.

"Tourism is the lifeblood of Ruidoso," said Runnels. Councillor Elmer Pirelli, who serves as mayor protem, was on hand to speak in favor of the request as was State Representative Ben Hall and registered lobbyist Bob Gold who represents the Ruidoso Valley Chamber of Commerce.

"We're trying to expand our economic base," said Hall, noting the village purchased the land and has \$3 million invested in the old airport property. Hall said the developer is the same one who bought the Ruidoso Downs Race Track where he is already spending millions on upgrading that facility.

The Einance Committee voted unanimously in favor of tabling the request without prejudice.

R.D. Hubbard, president of Ruidoso Downs Racing, Inc., and Jim Colbert of Jim Colbert Golf made the golf course proposal in January before a huge crowd gathered for a public meeting. A public hearing was

The Ruidoso Village Council will consider the proposal during a regular meeting at 6:30 p.m. Tues-day, February 28, in council chambers of Ruidoso Municipal Administrative Center.

If the State Legislature approves the allocation, the money won't be allocated unless the village enters into an agreement on the golf course.

Requests for funds from the Water Defense Association (WDA), the Lincoln County Fair Board and the Village of Ruidoso all got favorable hearings Thursday and Friday in Santa Fe.

Lincoln County Commission Chairman Bob Hemphill and WDA executive director Hubert Quintana sat with State Representative Ben Hall as he presented a case for duties without mileage and per more funds for the water group that is working to protect the water rights of non-Indian water users throughout the Hondo River Basin. Battle of the names is too late for Hollywood, New Mexico

by LYNNE STREETER **Ruidoso News Staff Writer**

It's doubtful that George Friedenbloom got to see many movies in tiny Hollywood, New Mexico, in 1926.

That's the year he founded and became the first postmaster of the miniscule community between the villages of Greentree and Ruidoso, New Mexico. It isn't likely that anyone, in those days, could have predicted that several decades later; Hollywood, California, would become the capital of Glitz and Glamor; Hollywood, Florida, would develop into a winter roost for a new species of animal called the snowbird; or that Hollywood, New Mexico, would be swal-lowed up by that rowdy little village just up the river.

Certainly, old George would be shocked to hear that the pushy upstart from California has threatened to wreak havoc on all the Hollywoods in the nation by registering its name as a trademark.

George's old hometown of

Hollywood, Florida, says it won't take it lying down.

vened in Hollywood (the one on the East Coast). Officials from all the other Hollywoods will be invited for an all-expense paid meeting. All, except anyone representing that other Hol-lywood—(the one on the West Coast).

Associated Press reports, listing all the Hollywoods preparing to do battle for the right to that name, always mention the New Mexico Hollywood, noting it's in Lincoln County.

Ruidoso Mayor Lloyd L. Davis Jr. says he's ready to do battle for the cause when and if he is called to duty, but that as far as Hollywood, New Mexico, is con-cerned the battle may be over before its begun. Although a proposal to build a golf course on the old airport land has been the talk of the town, Hall said he hasn't yet heard a definite

The Economic Development Corporation of Lincoln County has endorsed the project proposed by R. D. Hubbard, owner of Ruidoso Downs Race Track, for the development of the village-owned old airport site.

Buddy Bundick, corporation president, announced that the board of directors has endorsed the concept. "The board decided that if the entire concept is implemented, including the golf course, hotel and scheduled airline service, the economic impact on the area will be significant," Bundick said,

"In order for the project to be successful, the operators of the golf course and hotel will need to launch a substantial marketing effort to bring in tourists and golfers, which will add to our already substantial tourism base, and further the hotel will employ a significant number of local workers," explained Bundick. "We also endorse the use of a small portion of the site for a community events center.

The board was in agreement, however, that without the hotel and air transportation, that the area does not need another golf course.

One of the limitations to attracting industry to the county is the lack of scheduled air service, forcing travelers to drive to El Paso, Roswell or Albuquerque, Bundick

JOCK TALK

By Charles Stallings

Basketball season is nearly over, track and tennis are beginning to gear up. Let a new season begin.

Sport is what you make of it. I personally feel dodging post office potholes can be challenging. Hitting as many potholes possible is equally rewarding. There's no particular season so availability is always present. A friend told me the Ruidoso post office potholes have been there for at least 15 years, even through the remodeling.

The biggest hole is located in the exit alley and is usually filled with cruddy water. If you hit it just right you can make a mark 24 bricks high on the building.

The next time you are in the post office be sure and ask for your pothole gymkhana map, free while the supply lasts.

Has the world gone mad? **Tom Landry fired?** Jimmy Johnson at the helm of the Dallas Cowboys? To replace a thoroughbred with a donkey is like trading class for an ass.

This development will be a boon to colleges. The Hurricanes have looked good in statistics. but were a national disgrace with their antics on and off the field, verging on probation several times. There is one similarity in the Cowboys and the redshirting Hurricanes. Players average about 30 years in age for both squads. Johnson will not have an East Carolina to sandwich between two quality teams. In fact, the Cowboy schedule includes more than just two quality teams. Barry Switzer should take over as the new Hurricane coach. He's cut from the same

please fans that love overkill. With Switzer in Miami and Johnson moving to the pro ranks, the NCAA could isolate the corruption virus to one small tip of the United States that barely resembles this country anyway.

Johnson will look good. Many coaches would be envious to take over a rebuilding team with a 3-13 record. It's the other stories soon to materialize that will give Texans à real hoot.

Sid Miller said he received one call from Oklahoma to fill the new coaches position. It couldn't be you know who could it?

Rrmmrring! Hello Barry, thank you for calling....Yes, we have an opening....No, we have no redshirting program. We try to graduate our players in four years....Yes, we encourage our students to write. Didn't Bosworth use a ghost writer?.....I didn't think he could either....No, gun use is not on the curriculum although the forest service teaches the proper use of firearms....No, I don't think that includes semi-automatics....No, I haven't seen any narcotics agents on our campus, but we do have a nice growing concern for Satanic cults You have? Well, sooner or later he calls in his chits....He has?Sure you can come by for an interview right after six period's linguistic calisthenics. It's a new lifetime class we've introduced where boys, girls and teachers are required to march around the gym in unison while keeping time to the recitations of Edgar Guest....No, it's not competitive, Barry, it's nouveau....Look it up, I did.

by CHARLES STALLINGS **Ruidoso News Sports Writer**

A valiant effort to end the last home game of the season on a winning note fell short as the cold shooting Ruidoso Warriors lost to the Cobre Indians 59-50.

Troy Hawkes turned in another fine performance and his hard work on the boards kept the Warriors in control of the ball most of the eve-ning, but the Warriors couldn't get the ball to drop.

Conversely, the Indians burned the nets from everywhere.

Three-point artist Cody Willard was the only Warrior hitting above .400 with his shots and unfortunately for the Warriors, Willard fouled out of the game with 3:25 remaining.

There was only one scoring run of any consequence against the Warriors and that occurred near the end of the first half. With 48

for a Warrior contest. They worked the ball, hit a few and looked like they would be back in the game. Then the Colts would score a couple of fast buckets. By fast we mean three buckets in what seemed a total of six seconds.

With 45 seconds left in the second quarter, the Warriors were only nine points down, 32-23. Bang, bang, bang and it's halftime and the score is 41-25, 16 points down.

The third quarter was a romp up the floor full blast with liberal scoring on both sides for half of the quarter. Then came the familiar run against the Warriors that is a trademark for any opposing team. This time it started with the score 52-35 and lasted until 67-35, 15 points. The quarter ended 73-43.

Defense disappeared for both squads as Silver emptied it's bench. The game was already over as for leader board in the final high as won or lost was concerned. The Warriors scored 24 points in the final frame. The Colts scored 27.

The new hustling Hawkes had a game high 19 points and fouled out with seconds remaining in the game. Swenor returned to the dou- had a better average than any ble figures with 18. Willard, the Class AAAA team.

Warrior's terrific outside shooter, was double and triple guarded all night, but still managed 14 points.

Unfortunately, the fine scoring output goes for naught when defense fails to play a significant roll.

The Warriors end their season with a 5-18 overall record and a 1-9 district record good for last place in the final 3-AAA district standing.

In the final coaches' poll for all Class AAA basketball teams, District 3-AAA Socorro is ranked first. The rest of the top ten Class AAA teams in order of their ranking are Goddard, Albuquerque Academy, Bernalillo, Artesia, Lovington, Wingate, Deming, Robertson and Zuni

None of the Ruidoso Warriors, either girls or boys, made the school statistics published last week.

EDITORIAL

We may not ever see a new golf course on the old airport land ... or a park ... or a college ... or a hotel ... or even a civic center.

But we can't say all the talk about what to do with that 160-acre site hasn't been interesting. Ruidoso has been like a kid with a new toy, tossing around ideas like a baseball.

So, when it's all said and done, even if we don't have that championship golf course, or that world-class resort hotel, we sure have opened up some communication among various area groups. And that's good.

Ruidoso citizens are writing letters, talking on street_ corners, circulating petitions and making phone calls all about what to do with our valuable land. Nobody can say we're an apathetic bunch this go-round. We're talking to people with whom we agree and we're exchanging ideas with those of opposing views. And, in most cases, we're keeping the exchanges congenial.

When it's all said and done-when we're teeing off on that championship course ... or not; when we're throwing a frisbee on a big municipal park ... or not; when we're attending concerts at the new civic center ... or not-let's keep talking.-fj

Letters to the editor

Opinion

DEAR EDITOR:

My wife and I read with interest the numerous letters to you from students in John Üssery's communications class at Ruidoso High School. In this day and age when sadly many college level students can't express themselves well or even spell correctly, it was a pleasure to read so many well composed and thoughtful letters. Mr. Ussery and his students are to be complimented. It is appropriate the senior students are taking an interest in community matters as they will soon be full-fledged citizens with a vote in such matters.

As members of the other end of the age spectrum, my wife and I would like to make a few comments. Having the world to choose from, we chose Ruidoso as our retirement haven. Having lived here just over a year, we feel we made the perfect choice for us, and are most enthusiastic about the potential of this lovely village.

We are surprised to hear complaints about the quality of the drinking water in Ruidoso. We have lived in communities where, aside from being poor in appearance, the water tasted awful and many residents resorted to the use of bottled water. However, the community water was tested regularly in accord with the law and always proved healthful. We have found no problems with our water nere and would suggest contacting the proper authorities if individual problems are encountered. Concerns have also been expressed about the possible harmful effects of chemicals that might be used on the proposed public golf course. We have underlined proposed and public in the last sentence as we have heard the golf course proposal has been approved, also that it is to be a private course. It is our understanding that at this stage the proposal has not been approved and it is to be a public course if it is approved. Additionally, in this day and age, any insecticides or pesticides etc. must by law be environmentally safe. Some express the view they would like Ruidoso to stay just the way it is, a nice peaceful little Village. On the surface this sounds fine and is quite understandable, but just the way it is equals numerous homes for sale, empty commercial buildings and a gradual loss of business. "Ghost Town" is a known term, leading from an economy that has lost the ability to support good schools and community facilities and services. My wife and I are not race track fans, nor are we golfers or skiers so what is there in Ruidoso for us? There is a beautiful scenic mountain village far enough South to enjoy a year-round healthful, mild, dry climate. That is one of the best-kept secrets in the world!

We have friends, who are retired in each of the states adjoining New Mexico and each had a fixed notion about Ruidoso, that the scenery was attractive, but that it was basically a tourist town for the race horse people in summer and skiers in winter. Since coming to visit us in mid-winter to see how we were surviving, and seeing our good medical facilities, lovely shops and restaurants, and hearing of a few other attractive features, their image of Ruidoso is improving by leaps and bounds!

Along with many residents, we too would like to see some form of higher education facility available, but are not sure it should be located in the middle or adjacent to a golf course or park. Perhaps one of the empty commercial buildings might serve as a temporary home.

The plans for the community events look most attractive and we hope this project moves forward to **DEAR EDITOR**: completion as it will provide accommodation for many indoor activities.

Perhaps in the course of negotiations for the golf course, consideration can be given to including free lessons and use of the golf course at certain prescribed times with a little equipment available too for the students of Ruidoso. This would introduce them to a healthful sport they can enjoy for a lifetime. Mr. Hubbard is a businessman,

and it would appear of some consid-

into an interesting golf course. As with any golf course up here, one has to remember the fact that the golfers are only here during June, July, August and September.

We really need a project which benefits the community as a whole, not just few. That site could be used for some year-round project. Personally, I would like to see a junior college with an Olympic Training Center, and other facilities there. The center could contain an ice rink, an indoor track and many other facilities. The outside perimeter could be used as a cross country ski trail in winter and a horse and mountain bike trail in summer. This would bring people to live in our community year-round and generally boost the economy.

So let us hope it comes to a vote by the community. A project of this importance, which affects everyone in the community, must be voted on by all.

Respectfully yours, G. D. Blitz Ruidoso

After having studied the statutes about the three forms of municipal government available to communities in the State of New Mexico, I wish to recommend that the voters of the Village of Ruidoso, sign the petition being circulated for changing the form of our government from the Mayor-Council form to the Commission-Manager form.

Five elected commissioners are enough to govern the village. An

have been here 31 years), you must realize that we are in deep economic trouble. Mr. Hubbard has made a proposal to make this a yearround resort, and at no cost to you or to me. At the first public meeting, he brought a panel of people who were experts in their own particular fields - golf courses, hotels and airlines. I have never witnessed a more knowledgeable group of people at one time, at one place, anywhere in the 5 cities I have lived, and if nothing ever materializes from this meeting, I say "BRAVO" to Mr. Hubbard for bringing these people to our village, to give us the benefit of their expertise. They presented a package. First, a golf course; then, if pos-sible, a good hotel; and THEN, perhaps, we can secure regular airline service. We will need a good public relations man, or group, to promote Ruidoso to bring us year-round conventions and activities. The business is out there - we just haven't been aggressive enough to go get it! We have everything to offer - natural beauty, clean air, good citizens and a variety of activities, including summer horse racing and winter skiing, but it will take a united community effort to achieve our goals.

I know a number of people have adverse opinions to what we are calling "The Hubbard Proposal," but to date, I have not heard a sound substitute put forward for the use of this land. All other possibilities mentioned will cost US elected Mayor is not necessary or money at a time when we have none to invest. Let's face it - our business is tourism. And if we can y opinion. The primary obligation of the Ruidoso, we will all profit. If the people come, so will their money. And if the money comes, then we can provide some of the civic services so many of our citizens want and need. Their wants are valid. We just need the money. I am a bit weary of hearing that we are the "best-kept secret in the United States." Why not let everyone know how great this area really is? I was born and reared in Amarillo, Texas (still a fine city), BUT, we chose to move to a land of great Over 2,800 cities, towns and vil- beauty and I do not care to live anywhere else, no matter what our problems might be. For those who would like to build a park on the Manager form of government, but old airport land, I say, "Look around you! You are living right in the middle of a park of God's making!"

erable success. He obviously has confidence his golf course proposal will be helpful in attracting additional business to Ruidoso and thus helping the community to prosper. If the venture should fail Ruidoso would be left with a landscaped area, attractive on its own merits. On this basis it would appear Mr. Hubbard's proposal would be a plus for Ruidoso and its residents, and should be approved.

DEAR EDITOR:

I note with concern that the Municipal Airport Planning Board has voted in favor of the golf course project, on the old airport site. I also have seen the number of letters that this concept has generated. Whether you are in favor or against this project I believe that this matter should be brought to a vote by the whole community. It is, after all, the whole community that will be affected.

Personally, as an avid golfer I see nothing about the site which makes it more suitable than any other flat piece of land for a golf course. If Mr. Hubbard believes in this concept I totally support his right to go out and purchase some DEAR EDITOR: land and go ahead with this project. Perhaps he should look at the Moon Mountain site, which with its roll-

even important to the proper functioning of a governing body, in my opinion.

At the original meeting, someone asked, "what is this golf course going to cost?" Mr. Colbert replied, "Nothing. We are bringing our own money." Their only request is a long-term lease of public land - land that was very graciously donated to us in the beginning by the McCarty family. I believe we need Mr. Hubbard. Let's throw him the ball and HELP him run. We need a touchdown!

One feature was an outdoor unheated swimming pool from the "refreshing" Carrizo Creek water which helped make men out of the cadets. The Greggerson museum had many artifacts from the past in it. We first experienced the "hot rock" phenomena some years ago when Herb Greggerson and wife had the Carrizo Lodge. When art students finished a block of classes at the lodge in the summer, Herb would stage a "hot rock" party on the banks of Carrizo Creek

He would heat a bunch of flat river rocks in a huge outdoor bonfire; each student (and guests) were furnished a rock and an inch-thick steak. After about two minutes per side, the steaks were done and were delicious. White wine added to the enjoyment.

We wonder what happened to all that good stuff when the Greggersons reluctantly sold the lodge some six or seven years ago. Maybe it wound up in the Ramon Mayes museum at old Lincoln town. *****

Part of the charm of Ruidoso is the variety of architecture throughout the village.

Another place has a neat spiral staircase going from the first to second level or vice versa.

It's the only access from one level to another unless you go outside. The peculiar thing is the staircase comes, out in the master bathroom on the first level. The first level is a bedroom. We suppose the procedure is to yell "anybody in there" when going from one level to another.

Then there is decor. We recall one place in Indian Hills which was "zebra" throughout. Everything was in bold black and white stripes. Rather overwhelming!

Then there was the place out north where the builders forgot closets. There weren't any in a rather nice place otherwise. It's difficult to market a home without closets.
