# Retirees recruitment shifts into high gear

by FRANKIE JARRELL Ruidoso News Editor

Just 10 days after the first of three advertisements appeared in national publications, the Retiree Services Division of the Ruidoso Valley Chamber of Commerce has received more than 400 responses.

Roy Crocker, chairman of the division that is working to attract retirees to the Ruidoso area, is pleased with that number. He still expects to hear from 5,000 prospects—half the number that responded to Roswell's advertising campaign.

The Retiree Services Division ran ads in "Mature Outlook," the Officer" "Retired and

local history. Each inquirer also gets a handwritten note from a retiree.

Crocker said each inquiry is logged, including where the advertising was seen, where the inquirer lives and any other information included.

"We can follow the thing all the way through," said Crocker, noting that on the second inquiry, where the respondent asks for specific information the information is distributed to the group that can answer that question.

For instance, when the first retiree attracted through this proarea, the division will be able to track all the contacts from the first Mildred Crocker.

As of March 8, the division had received the most inquiries from California, with Illinois second, Texas third, Colorado fourth, and Florida fifth. Crocker said respondents from those states ask about the climate, environmental issues

and crime statistics. The prospects also want to know about the area's cost of living, and that has prompted Crocker's group to undertake a market survey that will compare costs of food, utilities and housing in various areas of the United States.

Crocker said retired military personnel also want to know where the nearest base is located.

Volunteers will respond to each inquiry individually on this second go-round, providing specific information that wasn't included in the first mailing.

# Budget is on track says village manager

**by FRANKIE JARRELL** Ruidoso News Editor

Finance director John Varley gave the Ruidoso Village Council a short course in accounting before presenting a mid-year budget review Tuesday at Ruidoso Municipal Administrative Center.

Varley, using formats he said are required by the Department of Finance and Administration, presented changes to the budget as of mid-year, and reported the village has increased expenses more than revenues so far this year.

"We missed the budget ... right?" asked Councillor Al Junge.

"I wouldn't agree with that," responded Varley, adding the 500 or so changes in a budget with more

than 2.000 line items wasn't unreasonable. He said budgeting will be easier in the future as he has developed a system that builds a history within funds, departments and

down to line items.

He said some changes were caused by unknowns, things that didn't have any previous history, like the village's taking over the Sierra Blanca Regional Airport when the village and county canceled the joint powers agreement.

Varley also explained the way money from various funds is placed in the same bank accounts, but accounted for through the village accounting system.

Pamela Kadayso is the new Miss Mescalero, and will be crowned during ceremonies Thursday.

# Miss Mescalero to be crowned Thurs.

Pamela Rae Kadayso, the reign- the RHS band for three years, the ing Miss Mescalero, was introduced during a press conference Thursday

in Mescalero. Coronation for the Miss Mescalero designee will take place at 6

p.m. Thursday, March 16, in the gymnasium at the Mescalero Community Center. The new Miss Mescalero, a stu-

dent at Ruidoso High School, is the daughter of Phil and Joyce Waters and Ernest and Karen Kadayso of Mescalero. Her father is a Kiowa of Apache, Oklahoma. Her mother and stepfather are part owners of the Shear Delight Beauty Salon in Ruidoso.

Kadayso's sisters, Patti and Priscilla Kadayso, are students at Ruidoso High School.

This year's Miss Mescalero was president of the Apache Spirit Club for three years, and received an award for outstanding achievement. She holds a special certificate with two first place ribbons and a special award ribbon from the National Indian Safety Week poster competition.

At RHS, Kadayso is active in Students Against Driving Drunk (SADD) and is president of the Ruidoso High School Indian Club. She is active in the Kiwanis Education Youth (KEY) Club and the Fellowship of Christian Athletics.

Kadayso has been a member of

choir for one year and has served two years in the color guard. She attended Hummingbird Music Camp for two years.

An honor student, Kadayso scored in the top 15 percent of the nation on her PACT examination and maintains a 3.8 grade point average. She received a medal at the DECA State Conference in Albuguerque and has been named an outstanding student in that business education program.

Kadayso has received numerous awards and pins for her extracurricular and academic achieve-

"My first goal is to finish high school with a high grade point average," said Kadayso Thursday. She said future career goals, after college or vocational training, include fashion designing or photography.

The new Miss Mescalero was first runner-up for the 1988 title, and was designated to serve until the 1989 Miss Mescalero pageant in June. Kadayso will be a candidate for the 1989 title.

Her family includes maternal grandparents. Clayton Blaylock and Elbys Hugar, both of Mescalero. Blaylock is from Cookeville, Tennessee, and while in the U.S.

# Firefighters organize, Community celebrates train wildfire by FRANKIE JARRELL

Ruidoso News Editor

The Ruidoso Fire Department, concerned over the potential for fires in this heavily forested area, is organizing an auxiliary wildland firefighting crew.

An organizational meeting is planned at 6 p.m. Tuesday, March 21, in council chambers of Ruidoso Municipal Administrative Center.

Fire Department spokesman Barry Cole said this crew will receive 24 hours of training to be conducted jointly by New Mexico State Forestry, the United States Forest Service and the Ruidoso Fire Department.

Training dates will be set at the

organizational meeting.

Cole said volunteers will have to be in moderately good physical condition, and will have to successfully complete, not only the technical skills training, but also a physical fitness stress test used by the

USFS. He said the physical fitness test will be conducted at the Ruidoso Fire Department, and anyone wanting to take a "practice" test may stop in and preview the test. He said it isn't extremely difficult and takes only five minutes.

Cole said the wildfire crew will be an auxiliary of the Ruidoso

# Cooper Henderson Week with reception

The Cooper Henderson community reception, honoring the coach and his family for their fine work within the community in coaching, teaching and community service will be at 7 p.m.
Thursday, March 16, at Ruidoso High School.

The dessert social has been changed from Saturday to Thursday because of a conflict with a Saturday track meet that would have prevented several

coaches and students from participating in the farewell reception for the popular family.

The Henderson family will be moving to Artesia where Henderson will assume head football responsibilities at Arteisa High School next year.

Everyone in the community is invited to bring a dessert, and attend the farewell reception at 7 p.m. Thursday at RHS.

same period, federal revenue sharing has been discontinued. Varley said with oil at top dollars, the village ended up with infra-structure build with boom money.

"In spite of declining revenues, we've improved our position budget-wise," said village manager Frank Potter, noting the village has cut employees without cutting services and is well on the way to reaching the year-end goal of having a 1/12 cash reserve.

He said the village payroll has

past two years, and Varley and division head Leon Eggleston have been able to collect all the money owed to the village by the state for various projects.

"I think that's a first," said Pot-

"This Village Council is the most fiscally responsible I've worked with in my 25 years here," said Potter, noting all the members have taken time to ask Varley questions and find out about the budget.

Councillor J.D. James said he's heard people say they would pay off

the village bonding indebtedness early, but Varley explained that bonds have to be "callable" to be repaid early.

"And you have to have the money," he said.

The village budget totals \$13,092,313, with 26.1 percent for payroll and employee benefits, 30.1 percent for operations, 8.2 percent capital outlay, 11.6 percent special projects and 24 percent for bond indebtedness.

"We really recognized the need on the Camelot fire—lots of people showed up to help," said Cole. "We would like to provide those people with training, proper clothing and gear so they can help even more effectively," he added.

"We do set an 18-year age limit," said Cole, encouraging all physically fit men and women over the age of 18 to come to the organizational

by DORIS CHERRY **Ruldoso News Staff Writer** 

Junior high students from seven schools filled the Ruidoso Middle School gym last week during the Invitational Math and Science Bowl.

Sponsored by Ruidoso Middle School (RMS), the all-day competition involved sixth, and seventh and eighth grade math and science teams from Roswell Mountain View, Holloman, Las Cruces Holy Cloudcroft, Carrizozo, Tularosa and Ruidoso.

Math team students had to answer such question as "what is an obtuse angle?" or "which is greater? .057 or .134?" within the 30-second time limits.

Science teams, with the same time limit, answered questions about geology, biology and botany such as, "what is the characteristic of a perennial plant?"

Right answers were worth five points, but wrong ones took five points from the score. The competition was similar to a

sports tournament with losing teams disqualified and winning teams advancing to quarter-, semiand final competition.

According to a news release provided by Bingaman, the tour would promote tourism by allowing visitors to enjoy the forts in New even on horseback. He said the tour would also result in increased protection for the forts.

The legislation recognizes each of these sites for its historic significance and asks the Interior Secretary Manuel Lujan Jr. to study the feasibility of establishing an inter-agency management group to oversee tourist operations at each of these historic forts, including five in the second Congressional dis-

Or, the less conventional traveler can hike or ride horseback along the exact historic trails which linked the forts in the 19th century, said Skeen in a news release.

"Eight historic forts played an important role in the settlement of the American frontier," said Skeen. "I believe it is important to preserve these priceless treasures of our pioneer history."

"Tourists in New Mexico often Mexico by automobile, foot and cite its cultural resources as their chief reason for visiting," said Bingaman. "A national study of a Boots and Saddles Tour would bring more effective interpretation and appreciation of these unique links to the past," he added.

### February weather was wet, warm

by BILL HOSTETTER Special to The News

February in Ruidoso was warm and wet.

The average daily temperature of 39.3 degrees was 4.2 degrees above the long-term normal while the average daily minimum of 26.6 degrees was eight degrees above normal. The average daily maximum of 51.9 degrees was only .3 degrees above normal.

Daily minimum temperatures were above average on all but three days of the month, ranging from minus six degrees on Feb-

ruary 6 to 43 degrees on February 1. The warmest days were recorded on February 24 and 25 when a high temperature of 71 degrees was recorded, only one degree below the record maximum for February.

Temperatures did not fall below freezing (32 degrees) on seven days of the month.

Two significant precipitation periods, February 5-7 and 15-17, along with a minor one on February 20, resulted in a monthly snowfall total of 14 inches or 5.6 inches above normal. This brings the winter total to 38.9 inches

which is 89 percent of the average winter total. The water equivalent of this was 1.72 inch or .56 inch above the February average.

The greatest amount of precipitation fell on February 5 and 6 when snowfall measured nine inches; this also was the greatest accumulation on the ground. Snow on the ground was recorded on a total of 15 days, from February 6 to 20.

Winds greater than 25 miles per hour were observed on seven days; February 1-5, 19 and 27.

TONED UP Much more vibrant than their watercolor counterparts, the mid-tone pastels definitely signal spring's arrival. The palette includes pink, aqua, lilac and mint.

DECORATIVE DETAILS They're called embellishments—satin patches, pearls and screen prints—adorning everything from blouses to tops. Pair the embellished blouse with plainer pants or a skirt. Don't go overboard with ornamentation

Also, spring is the season for natural fibers, cotton and cottonblends that are cool and breathable. Look for pre-washed fabrics for easier care and minimal shrinkage.

That's our preview of the fashion forecast for spring '89.

### Sertomans promote good hearing

Lincoln County Sertoma members have recently completed hearing tests for 1,029 school children in Ruidoso and Capitan.

Sertoma, which stands for SErvice TO MAnkind, is an international organization which has chosen speech and hearing as its major focus speech. The local chapter shares that focus.

According to David Morales, president of the Lincoln County was borrowed for tests in this area.

chapter, the Roswell hearing van Students at Nob Hill, White

diate schools and Ruidoso High School were tested.

The group did a special presentation for the high school shop classes. Morales said many students don't realize that some tools used in the classes are loud enough to cause hearing loss.

In Capitan about 300 elementary and intermediate school children were tested. Zia Senior Citizens volunteers helped with the testing.

The local Sertoma chapter has only 15 members, according to Mountain Elementary and Interme- Morales, which means a lot of work

for those few members during test-

"We couldn't have done it without the help of the nurses," he said. The Ruidoso school nurse is JoAnn Jameson and the Capitan school nurse is Nancy Barone.

The tests identified a half-dozen children with possible hearing problems and their names were turned over to the school nurses.

Lincoln County volunteers spent well over 100 hours with the test-

"I really enjoyed working with all those people," Morales said. Besides all those hours, Sertoma

got help from the Lincoln County Medical Center, which donated about 1,000 ear speculas for looking into ears, and the Ruidoso Downs Volunteer Fire Department through the donation of a tune-up and oil change for the van from volunteer funds.

Sertoma has a training program to get its members certified to operate the machine, and most members are certified. The van is equipped with two machines, one specifically for preschool youngsters and the other for older children and adults who can answer questions.

The van will be seen again in the area during the health fair and preschool screening.

Morales says Sertoma is looking for new members. Anyone interested can contact him at 378-4069.

David Morales and Ruidoso school nurse JoAnn Jameson stand with the Sertoma hearing van. Sertoma recently tested the hearing of over 1,000 county school children.

### JOCK TALK

### By Charles Stallings

So many kind words will be said this week about Cooper Henderson that it will begin to sound like a eulogy. Henderson is not dead, he is just moving to Artesia to lead the Bulldog pro-gram, which might qualify him as a martyr.

Personally, I will always regard Coop as a Warrior and never a Bulldog. To me, bulldogs are grubby little animals who sniff fireplugs. That may be the rest of Artesia, but not our Cooper.

I might not see Henderson as often, but I'll be the first to say those annoying cliches to others that will bring his memory back. "Cooper Henderson would

never have done that." "It was good, but it was no Cooper Henderson."

My personal favorite will be, "I know Cooper Henderson, and you're no Cooper Henderson."

Using vintage Henderson for a guideline is not a bad idea. Of much greater importance than his win-loss record was his handling of students. In a decade characterized by disillusionment and disrespect for all kinds of authority, of example by no example, Henderson's style stood out like a rose in an onion field.

The family concept, regular outings with the team and student managers was part of his

One evening at Two Rivers Park, several team members arrived early. There was a huge

box full of desserts on the table, along with other food. Henderson and the other coaches were on various errands and had not arrived. One young footballer, a known lip, walked over to the table and lifted the lid on the box of desserts.

"Coach Henderson said to wait," the student manager said.

There was no need for further discussion. The boy athlete said nothing to the boy manager. He just closed the lid and walked

Walking the sidelines of the football field, I had to constantly surpress the urge to boo, scream and carry on in an un-professional manner. On Coop's sidelines, you knew to behave without being told. It was eerie, probably like a conscience.

Style seems to be a precious and desired trait that's much easier to see than to possess, like the proper tilt of the hat.

I envy people with style that command respect. To the best of my knowledge, people who like bulldogs vaca-

family reception, kind of a farewell to charms, has been changed from Saturday to Thursday at the high school cafeteria at 7 p.m.

It's a dessert social so bring some goodies for us oldies and we'll chew the sugar and talk of old times.

Crocker said Silver did not have as many champions as Ruidoso, but more depth in the boys team allowed them to accumulate more points.

The match used the "no ad" scoring system due to the time restrictions and only 12 available courts. That system employs a count of one, two, three, and four rather than 15, 30, 40 and game. If two people have reached three at the same time, the next point wins. The receiver at three, determines the court of his choice. # Warrior tracksters score against 1,700 athletes

by CHARLES STALLINGS

**Ruldoso News Sports Writer** The Ruidoso Warriors were one of 63 high schools that competed in the West Texas Relays, the largest track meet in Texas, last Friday and Saturday in Odessa.

More than 1,700 entrants were in the meet won by San Angelo Central.

Ruidoso head track coach Ronny Maskew said three Warriors placed

in the competition. Ira Sago placed sixth in the 800M run with a time of 2:06. Maskew said it was the first time Sago had ever run the event. Sago also placed fifth in the mile, running

Maskew said Alden Torres had good enough times to enter the finals in the mile run, but didn't place.

Chantel Bowen tied for sixth in the high jump in the girls division. Bowen jumped 5-0, the winning jump was 5-1. Bowen holds the school record at Ruidoso with a 5-4 jump. Askew said as the season progresses all Warriors will get

Maskew praised other Warriors. "Rachelle Holstein ran well all day long," he said. "She had one of the better times in the 100M dash, but because she came in second in one of her heats, she didn't make it; to the finals."

"Ardena Comanche ran the 800M for the first time in her life, said Maskew. "She didn't make the finals but she had a good time 2:42 and we think she is going to be a great asset to the team in the future."

Maskew said Jennifer Jimenez bested her personal mark in the discus throw.

"Jennifer threw 99-7 which is about 15 feet further than she threw at the same time last year," Maskew said. "We have high hopes for Jimenez.'

volved had already participated in three to four meets. Maskew said 1.700 rivals can be a little intimidating if you haven't been in the West Texas Relays before.

'We had to get a number for one runner that we didn't previously have entered in the event. His new number was 1792.

"We knew there would be some problems," said Maskew. "Now that we have identified the area of work, we will start correcting those prob-

Maskew said Odessa has one of the nicer high school stadiums in the nation. He said all the athletes and the level of competition created a desirable atmosphere for the fuure to get better in a hurry

"We don't see any problem of improving every area of our team within the next couple of weeks," said Maskew. "Some of our kids were in shock over the size of this meet. They'll be over that now. I don't think there is much that could

along nicely as well as a few field events. The greatest need will be to work on our sprints."

Maskew said several of the Warriors special events were not included in Texas meets. Missy Gosdin did not run her 300M hurdles, and Texas also eliminates the iavelin throw. The Warriors next meet will be

Saturday, March 18, at Carlsbad. Maskew said Roswell, Goddard,

Artresia, Lovington, Carlsbad and Hobbs will all participate. "I would characterize my feel-

# ABC group promotes high academic standards

by DORIS CHERRY Ruidoso News Staff Writer

A group of Ruidoso Middle School parents have met several times this year to organize a club to help foster a learning environment in the school.

The Ruidoso Middle School (RMS) Academic Booster Club (ABC) organized in January and with the support of RMS principal Mike Gladden, began working toward goals and philosophy for the club and a set of rewards for honor roll, merits and positive referrals.

Officers of ABC are chairman Ron Wall, treasurer Clydene Hull, secretary Marilyn Ward, phone chairman Linda Currin and publicity Kris Beehner.

The basic philosophy of ABC is to: support the present reward system for honor roll or principal's list students; expand the reward system with a "signature program" which will include students who are working to their capacity and/or who have shown a marked improvement in performance; recognize students who show exemplary behavior, positive attitude and citizenship through the school's merit and positive referral program; develop a volunteer tutorial/mentor program and sponsor a year-end Academic Booster Banquet for all honor roll students and their parents.

ABC began rewarding honor roll students with buttons which give the students permission to head the lunch line. Honor roll students also were admitted to the Valentine Dance free and all students receive a coupon for a free sundae at Baskin-Robbins 31 Flavors, compliments of the owners.

Parents said they were con-cerned with students attitude and behavior at RMS, especially the use of bad language and put-downs during school. They supported the continuance of the merit/positive referral system, but at the suggestion of ABC chairman Ron Wall, a "Signature Program" was instituted.

The program involves students' gaining teachers' signatures through exemplary behavior, effort, citizenship, self-esteem, self-control, responsibility, loyalty and kindness to others.

Another reason for ABC was to support the merit program initiated at Ruidoso Middle School last fall. The merit-demerit and positive referral system works on the basis of accumulation of the merits or demerits per semester. A set of criteria to determine these or the positive referrals were issued to all teachers. The positive referrals are harder to receive than merits.

Merits are rewarded on a curve or percentage basis, with the positive referral equal to three merits.

The volunteer tutorial program, with a June target initiation date, will incorporate a one-to-one situation between student and tutor, possibly senior citizens, to encourage students to improve academic skills and management of their time.

Help will focus on students who have learning problems and also provide gifted children an opportunity to learn from a "mentor," with high school students as mentors.

May 23 is the date set for the Academic Booster Banquet for all students named to the honor roll, principal's list (3.7 grade point average), merit/positive referral and signature program at least once during the school year, and their parents.

ABC currently is sponsoring a poster contest for RMS students, with a choice of nine topics, such as cooperation, to promote an understanding of the merit system.

Top winners in each grade will receive \$10.

The next meeting of ABC is 7 p.m. today (Monday), March 13, at RMS Library. Any interested parent is invited to attend.

Ruidoso Middle School students (front, from left) Gail Floyd and Tracy Chamberlain enjoy sundaes at Ruidoso Baskin-Robbins, donated by owners (back, from left) Beverly and Roy Stephenson, to all

students who are named to the honor roll and principal's list for good grades. Academic Booster Club chairman Ron Wall and RMS principal Mike Gladden helped initiate the incentive program.

day after Arbor Day. You could not ask for a more beautiful day, with the temperature at a summery eighty degrees with a mild breeze out the northeast - just enough cool breath to keep the fruit blooms

from coming out too rapidly.

All the air is filled with the springtime aromas of new grass blades, and sweet Pinion buds, and yes - what is that honey fragrance, that delicate aroma floating in the jellow air, that brings a little leap of joy to your heart every year?
Sure enough the first fruit blos-

soms of the year are out in bloom -the pure white trimmed in crimson with golden centers: the apricot flowers on their bare branches, cheering the world like something in a dream.

The apricot blooms are about two to three weeks later than usual this year, and the blooming of the apricot is always a special day, with the sun shining through the delicate petals turning them to trans-parent silvery little tree flowers sending their fragrant message of cheer all through the vale, with spring just nine days away.

The apricot blooms tell us that the time is here to dig in the ground and plant trees. There is an old saying that you can plant a tree in any month that has an "R" in it, especially in the temperate zone. That means here in our Mountain

Arbor Day, the tree planting day, was established March ten, 1872 in Nebraska. It was established by J. Sterling Morton a member of the state board of Agriculture and later U.S. Secretary of Agriculture, In 1885, Arbor Day was made a legal holiday in Mountainland. Nebraska.

Arbor day struck a responsive to mind. chord in the hearts of Americans; and the day and all that it means spread throughout our country and also world-wide. From a day for appreciation of trees, the concept spread to reforestation, soil conservation, wind erosion control, clean air projects and other environmental concerns.

### **EDITORIAL**

OK Ruidoso, it's time to make our actions match our words.

We want to be a resort town ... right? Well, it's Spring Break time, and our chance to shine for spring breakers from throughout Texas, New Mexico and Mexico.

Let's put our best foot forward, and welcome all those spring visitors to the cleanest, friendliest town they've ever visited.

It's going to take community-wide participation to get the town spruced up, and we don't have time to wait for a full-blown "clean-up campaign." We can all do our part around our homes and businesses and the public areas surrounding our private property. Let's make the town shine!

And, when vacationers arrive, let's welcome them and make sure they know we're glad they chose Ruidoso. When grocery store lines get long, instead of grumbling, talk to the visitors in line with you. They might have some questions about places to go and things to do in the area. It could be your chance to be an ambassador for Ruidoso and Lincoln County.

Businesses, too, should take a close look at their schedules. We hear that skiers and other tourists are up early and off the mountain late. One Midtown business owner suggested recently that his neighbors don't open until late and close early. He said they're missing the boat. Wouldn't an evening of Midtown shopping be fun after a day on the slopes?

Let's make this the best Spring Break our visitors and our community ever had.-fi

there is now quick fix, free lunch (or golf course), or pie in the sky.

Village officials need to look at the master plan developed by experts (and not for free) and display some vision and long-range thought before giving away the public's birthright for a mess of potage. It is time for city hall to lead instead of allowing itself to be lead. That kind of leadership will require a great deal of "moxey" (a quality composed of equal portions of brains and guts).

The present proposal is that the village will make available to a promoter land for which it paid with the airport land now.

\$2.6 million from funds provided by and increase in the sales tax; and there is no guarantee of any return on that land for 50 years, at which time the land with its golf course will revert to the village. # **Capitol Comments**

by Kate McGraw

Kudos, Kudos, Double Kudos... ...To the New Mexico State Senate, for its courageous vote last week that passed a statewide local option to allow voters to close their driveup liquor store windows.

Many kudos! Now if we can just get it through the House, without them amending it back to apply to McKinley and San Juan Counties

only... The House is already looking at one bill on the subject sent over by the Senate a couple of weeks ago.

The first bill would allow voters

to close the windows locally be-

tween 10 p.m. and 7 a.m.

That was nice, and certainly a lot better than nothing. But something between now and then stiffened a lot of senators' spines and I

thank them. And you bet the bill should apply statewide. After all, it only authorizes a local referendum on the subject, anyway. It won't close any bars or restaurants. It would just allow voters to choose to close the drive-ups in their county.

And why should liquor dealers in Farmington and Gallup be penalized while liquor dealers in

Clovis, say—where they picked up 67 alleged drunken drivers in the month of January alone—get to sell until 2 a.m.?

\*\*\*\* \*\*\*\*\* \*\*\*\*

Interesting Item In The Mail... ...This week. Seems a quartet of Catholic bishops in New Mexico is asking Governor Garrey Carruthers not to yeto a bill increasing the minimum wage if it reaches his

economic development measure. It will, they say, stimulate the state economy. At last hearing, the governor remained unpersuaded.

\*\*\*\* \*\*\*\* \*\*\*\*

It May Not Matter, Anyway... ...Because the bill to hike the minimum wage from \$3,35 per hour to \$4.25 seems to be stalled in the

Legislature. It's really a federal issue, and Congress is, after all, considering the same measure. And President Bush is saying the same thing Carruthers is saying—only if the

Organized Labor's Ears Must Be

Burning... ...Because of all the bitter, bitter talk that's going on among the con-

servatives in the state Legislature. They're mostly Republicans, but some Democrats, and they're mostly people in business for themselves

who never belonged to a union or knew anyone who did, but that doesn't stop them from knowing that Organized Labor is an invention of Satan, or at least the com- to munists...

If the Evil One hasn't gotten into the Legislature, who has?

Of course, there's always the governor to stand up for God and Country and veto these bills. But in the meantime, unnamed heathen legislators are allowing themselves to be and God knows, I quote--"pulled around by the nose by the unions, who represent only 8

percent of the workforce in New Mexico. Only 8 percent! And the other 92 percent aren't getting any representation at all!"
