## RHS Warriors win four district titles

by FRANKIE JARRELL  
Ruidoso News Editor

What a day for the Warriors!  
In one 24-hour period the ambitious young athletes from Ruidoso High School presented the school with four district championships. That's right ... count 'em ... FOUR district championships: football, girls volleyball, girls cross country and boys cross country. The RHS Warriors are showing

District 3AAA what competition is all about. It all started at 7:30 p.m. Friday in W.D. Horton Stadium when the Warriors romped all over the fourth-ranked Cobre Indians to win the District 3AAA football title. The Warriors walloped the Indians 28-6. And the Warriors' hard work paid off again on Saturday when the girls volleyball team traveled to

Deming and both cross country teams headed for Silver City. Ruidoso's long distance runners, both the girls and the boys, left their competition far behind on Saturday, when the girls scored 17 and the boys logged 24 points. Silver City, District 3AAA's traditional cross country power house, could only score a 38 for the girls and a 45 for the boys to take second on the team's home turf.

Five RHS runners were named all-district: sophomore Luisa Tam, senior Ardena Comanche, senior Ira Sago, senior Roger Marr and freshman Eric Evans. Meanwhile, over in Deming, the RHS netters were showing the Wildcats what power volleyball is all about. Just off Friday's win at home, the members of the Warriors volleyball team were in the mood for a

quick win. They made short work of the Deming netters: 15-13, 15-10, 15-5. Seniors Chantel Bowen and Amy Richardson put the icing on the cake when they were named all district in volleyball. Senior Nicole Beck and junior DeAnna Swanner earned honorable mentions. And so, fall sports aren't over yet. The state volleyball playoff

match is at 10:45 a.m. Thursday, November 9, in Roswell. The cross country teams will compete Saturday, November 11, in Albuquerque for the state title. The RHS Warriors will take on the St. Pius Sartans in the first state playoff game at 7:30 p.m. Saturday, November 18, at W.D. Horton Stadium.

## Masked man robs bank here

by BRIAN BLALOCK  
Ruidoso News Staff Writer

A man wearing a ski mask and brandishing a semi-automatic pistol robbed the Bank of Ruidoso branch located in the Financial Center on Mechem Drive of an undisclosed amount of cash Friday. According to Ruidoso Police Detective Lanny Maddox, the police received a telephone message at 5:34 p.m. from a female teller saying the bank had been robbed. Ruidoso police arrived at the scene two minutes later and did not observe any suspicious activity, Maddox said.

He went on to say, police spoke to the teller, who said a man came into the outside walk-in teller booth and pointed a blue steel, large bore semi-automatic pistol at her and demanded money. Police say the teller was standing behind a bullet-proof glass. Maddox said the witness described the suspect as five foot, ten inches tall with a deep voice. He was wearing a blue ski mask with separate holes for the eyes and mouth. He had on a bright green T-shirt and blue jeans. He was also wearing a faded designer denim jacket with orange thread. He had black driving gloves on with holes for the knuckles. Maddox said the suspect left the bank in a westerly direction and it is unknown if he had a vehicle waiting for him. He said in the preliminary investigation it was determined the female teller waited five to seven minutes to contact police about the robbery.

Ruidoso-Lincoln County Crimestoppers will pay a \$1,000 reward for information leading to the arrest and Magistrate Court bind-over or a grand jury indictment of the suspect.

## Forest fire still burns

The forest fire that started in the White Mountain Wilderness Area is still burning and is about 650 acres in size. The fire, seen here from Nogal, was first

reported Saturday. Winds drove the fire over the ridge and blew smoke through the Bonito basin and into Capitan and Lincoln. (See related story, Page 2A.)

## Ruidoso pitches in to help ailing child

by FRANKIE JARRELL  
Ruidoso News Editor

The plight of young Michael Malis is tugging at the hearts of Ruidoso residents. And they're responding by pitching in to raise the \$30,000 the six-year-old's family needs before he can be eligible for the lifesaving liver transplant he must have. Michael's name was placed on a transplant list at University Hospital in Denver, Colorado, after doctors said his liver might shut down in six months to a year. The surgery and lengthy hospital stay could cost \$200,000, and his recovery will cost much more. Suzie Malis, the youngster's mother, said the family's insurance might cover less than half, but if \$100,000 isn't available up front from insurance and other sources, then her son's name will be removed from that list. The family sold their house.

property and most of their possessions several years ago to pay medical bills that began mounting soon after Michael was born prematurely. He nearly died of a brain tumor when he was five months old, and his health problems have continued and escalated ever since. When he was three, his gall bladder was removed. The Malis family learned in September that the boy's liver will never heal. The immediate need is for around \$30,000. The Ruidoso News featured Michael in a front page story recently that explained the immediate need for money to ensure that Michael's name will remain on the transplant list. When the people of Ruidoso heard that Michael's doctors were saying the kindergartener had little

## IRS seizes two area properties in drug case

by RICHARD A. HARROLD

Federal agents seized property in Lincoln County last week in connection with the largest cocaine seizure ever. Media reports said property linked to Hector Tapia Anchondo and James Romero McTague was seized by the Internal Revenue Service under money laundering statutes. McTague, a resident of El Paso, Texas, owns a house in Ruidoso at 302 Hull Road. Anchondo owns property in Glencoe where a large home of 8,100 square feet is under construction. A precise list of the property seized was not published and a spokesperson for the IRS did not

return messages left by The News. When The Ruidoso News contacted the IRS again, a receptionist said the spokesperson was out of the office until Tuesday. The U.S. District Court in Albuquerque filed a notice of Lis Pendens at the office of the Lincoln County Clerk on two properties in Lincoln County. Property descriptions attached to the document, which is a notice of pending legal action, described McTague's Hull Road property and the Anchondo property in Glencoe. Assistant U.S. Attorney Roger L. Copple filed the notice which was received in Carrizozo on Friday. However, Copple refused comment. "We do not comment on litigation over the phone," he said.

McTague was arrested in connection with a 20-ton seizure of cocaine made in Los Angeles. Anchondo was arrested in Las Vegas, Nevada, and is alleged to be the leader of the smuggling ring's operations in the U.S. The properties listed in the notice from the U.S. District Court were searched by federal agents on Thursday, October 5. Information on what was listed on the search warrant, or exactly what items were taken cannot be released because the warrant and affidavits were sealed by a federal magistrate judge in Las Cruces at the request of the Drug Enforcement Administration (DEA). Judge John Darden III is the federal magistrate who issued the

search warrant based on information provided by the IRS, he said. The DEA then made a request to Darden that the warrant and affidavit be sealed, saying release of the information could undermine the investigation in the cocaine smuggling operation. "That was sufficient in this instance," said Darden. He said the situation was out of his hands and any further action is up to the U.S. Attorney. The warrant cannot be unsealed except by a federal district judge and this would happen only after the U.S. Attorney believes a criminal case exists and is brought to court, said Darden. The notice of Lis Pendens issued by the U.S. District Court lists the

court as a plaintiff and the two properties owned by McTague and Anchondo as the defendants. The Anchondo property was previously owned by McTague who purchased it from Tim D. and David C. Collier of Artesia. In a real estate contract filed in 1985, McTague agreed to purchase the land, which is along the Rio Ruidoso in Glencoe, for \$375,000 with a \$125,000 cash down payment. The balance of \$250,000 was payable in 10 equal semi-annual payments of about \$34,000 each beginning on June 11, 1985. The mortgage holder was named as the First Interstate Bank in Roswell. chance of surviving even a year without a liver transplant, it wasn't long before they began figuring out ways to help.

Members of the Malis family's church, Trinity Mountain Fellowship, took the lead by establishing and donating to the Michael Malis Fund.

Mayor Lloyd L. Davis Jr. proclaimed "Michael Malis Day" last week to draw attention to the child's plight.

And that was only the beginning.

The adult Sunday school class at the First Baptist Church put together a spaghetti dinner for Friday. In just five days members of that class, led by project coordinator Judy Gerth, were able to sell enough tickets and get enough donations of food and money to serve spaghetti to about 600 people and deposit \$5,211 in the Michael Malis fund.

"It was the whole community, and a lot of help from the Lord," said Gerth. She said the class received one donation of \$1,000.

It takes a lot of spaghetti to serve 600 people, and members of the adult Sunday school class at First Baptist Church are busy dishing it up Friday to raise funds for

John V. Hall, director of the Hubbard Museum, said Friday that R.D. Hubbard, the museum owner, has pledged 10 percent of the proceeds from memberships sold in the museum before December 1, to the Michael Malis Fund.

The membership drive is already under way, and Hall said 10 percent of those memberships already sold will also be donated.

"It's unfortunate that young children have to go through such terrible diseases," said Hubbard, on learning of the young boy's life threatening condition.

Joan Stauffer, a performer who is booked to perform for the Hubbard Museum members on December 2, has also pledged her fee to the Malis fund.

Steve Makowski, of the United States Forest Service, said when the Albuquerque office of the forest service heard about the Malis boy's need, the staff raised funds through a hot dog sale in the cafeteria there.

The BPO Does, already planning a holiday bazaar to benefit their ongoing commitment to the Multiple Sclerosis Society, tagged on a bake sale Saturday with funds

pledged to the Michael Malis Fund. Youngsters in the area are collecting aluminum cans to sell with the money pledged to the Michael Malis Fund.

"Our switchboard has been lighting up all day," said Ruidoso State Bank employee Lucy Allison Friday. She said people have been calling the bank from all over the state, as well as from West Texas, to find out how to donate to the Michael Malis Fund.

Allison said many people saw a television news spot about the Malis family, and were touched by the little boy.

A Roswell television station, KOBR-TV, will broadcast a segment live at 6 p.m. today (Monday), November 6, in front of the Smokey Bear District Ranger Station on Mechem Drive.

Randy Escamilla of KOBR said the focus will be on "the town that makes a difference" for the way the Village of Ruidoso has responded to Michael Malis and his family.

Donations can still be made to the Michael Malis Fund at Ruidoso State Bank in Ruidoso.

Joan Stauffer, presenting her one-woman dramatic portrayal of artist Charlie Russell's wife, Nancy, will perform for Hubbard Museum members December 2.

## Hubbard Museum sets its first special event

by FRANKIE JARRELL  
Ruidoso News Editor

Members of the Hubbard Museum will be the only ones able to attend the museum's first special event on December 2.

Joan Johnson Stauffer will do her interpretive dramatic monologue here for members only on December 2.

Museum director John V. Hall said Friday that the response is tremendous to the announcement that memberships are being offered in the realistic art museum headquartered at Ruidoso Downs Race Track. Hall said area residents are excited about being a part of the museum.

"I want to stress the urgency of joining now," said Hall, who is even now putting together a promotional budget for the museum and the special exhibits and events being planned. Members may also get a chance to be involved in the \$250,000 Hubbard Art Award for Excellence planned for next year.

Hall said he was thrilled to be able to present Stauffer, who portrays Nancy Russell, the wife of western artist Charles Russell. It's especially appropriate that the critically acclaimed performer present her one-woman show here, since Russell's huge murals, his last works, are a part of the Hubbard Museum's permanent collection.

"Behind Every Man—the Story of Nancy Russell" is the title for the Oklahoma native's show.

According to reviews, Stauffer gets her audience's attention with "I'll never forget the first time I ever laid my eyes on Charles Russell," and holds the audience spellbound for the rest of her show.

"If I do it right, the audience starts with a laugh and ends with a tear," said Stauffer. "Nancy was absolutely obsessed with Charlie's success. She was so ambitious and so dedicated to that ambition," she added.

Stauffer's portrayal of Nancy Russell has been so well received that many times after she's finished a show, people come up to her asking questions about what ultimately happened to this remarkable woman.

Stauffer graduated from Oklahoma College for Women (now the University of Science and Arts of Oklahoma). She received an associate's degree from Mount Vernon in Washington D.C. and attended Oxford University in Oxford, England, where she studied mid-Victorian literature.

Stauffer also received a degree in letters from the University of Oklahoma where she was elected to Phi Beta Kappa.

The artist is married to Dale E. Stauffer who is with Standard Oil

Company in Tulsa, where the couple makes their home.

Hall provided dozens of rave reviews of Stauffer's performances, saying how pleased he and Hubbard Museum founder R.D. Hubbard are to have such an entertaining event planned for the museum's first event.

Even as Hall was organizing the membership drive for the Hubbard Museum, a drive with a focus of integrating the museum into the community, when he and Hubbard learned of the plight of six-year-old Michael Malis of Ruidoso. The youngster needs a lifesaving liver transplant, but won't be considered until his family can guarantee the up-front money of about \$100,000.

Hall said when Hubbard learned of the family's serious need, he pledged 10 percent of the memberships sold between the time the drive began and December 1 to the Michael Malis Fund.

As a part of this community, Hall said it's natural that the museum and its owner would want to take part in this community project of helping the Malis family.

well.

In February of 1988, McTague filed an Assignment and Conveyance of the property to Anchondo.

At 10 a.m. on August 15, 1988, McTague received the warranty deed to the property from the Colliers. At 10:01 a.m. the same day, McTague signed over the warranty deed to Anchondo.

The notice of Lis Pendens described the property as totalling 56.53 acres, but records in the county assessor's office indicate Anchondo is only taxed for 37 acres.

The McTague property on Hull Road was purchased from Jim Bowen. The warranty deed was

issued to McTague in April 1986.

In an addendum to the sale, McTague agreed to purchase the property for a total price of \$159,500 with a \$50,000 down payment, plus about \$18,000 in cash within 90 days of closing.

McTague also agreed, according to the addendum, to assume the sellers' loan balance of \$44,403.98 with interest at nine and one half percent at the then Otero County Savings and Loan in Ruidoso.

The balance due at closing was said in the addendum to be \$47,169.03.

Media reports say the current value of the McTague house is \$90,105, and the value of the lot is \$12,600.

County records also indicate the

McTague house was rented by Jose Vasquez, who is wanted by the DEA on charges of conspiracy to distribute cocaine.

McTague and Anchondo, as well as other individuals arrested in connection with the alleged cocaine smuggling cartel, all pleaded innocent to charges of conspiring to smuggle and distribute cocaine.

A trial date was set for December 12.

Associated Press reports said the alleged mastermind of the smuggling ring, Rafael Muñoz Talavera, was arrested in Juarez, Mexico.

The judge reviewing the Muñoz case has 72 hours to decide whether or not to indict the alleged drug kingpin, said the Associated Press.

## Hunter found dead near Arabela

A Roswell man was found dead in the Arabela area in what may be an alcohol-related death.

Richard Sanchez, 26, of Roswell, was found behind the Porfilio Romeo residence north of Arabela on Sunday.

Sanchez was discovered at about 8:15 a.m. and was pronounced dead at 9:25 a.m. by Dave Pfeffer, acting medical investigator. The investigating officer was Paul Wersich.

Though an autopsy has not been done, the preliminary medical report said Sanchez's death was alcohol related, said Pfeffer.

"Whether it was kidney failure, a heart attack or exposure ... it was an alcohol overdose," said Pfeffer.

The Romero, who were also hunting, located the body behind their residence in a semi-open area.

Lincoln County Sheriff James McSwane said that in a separate

incident, one man was transported to Lincoln County Medical Center for treatment after the man shot himself in the foot with a .22 caliber pistol. The man was later released.

The sheriff's office also received numerous reports of trespassing over the weekend, which was the first weekend of rifle deer hunting season, said McSwane.

## Forest fire burns out of control

A forest fire now 650 acres in size is still burning in the White Mountain Wilderness and may not be under control for another four days.

The fire was first reported Saturday in the Three Rivers drainage area on the west side of the wilderness area, said Jerry Hawkes, district ranger for the Smokey Bear District.

Since then the fire ran up the drainage and crossed over the ridge and is now burning downhill in the Bonito drainage area, said Hawkes.

Nine fire fighters from the Forest Service were fighting the fire on Sunday, and today (Monday) they were joined by two crews from Mescalero.

Hawkes said it is believed the fire was started by a campfire built by hunters. The fire area was about two miles south of the Spring Cabin area, he said.

Saturday, the fire was about 100 acres in size, but in the afternoon winds picked up the fire ran up the mountain side.

"It made its biggest run Satur-

day afternoon," said Hawkes. A fire normally begins to quiet down in the late afternoon which made the run unusual, he said.

Currently crews are attempting to contain the fire using natural barriers such as trails and rock walls. Hawke said it is hoped containment can be achieved by today or early Tuesday.

Control of the fire is not expected for another four days, he said.

## Mechem construction project is delayed before it starts

by BRIAN BLALOCK  
Ruidoso News Staff Writer

The expansion of Highway 48 will be delayed from next summer until after August 1990.

According to Patricia Trujillo-Oviedo of the New Mexico State Highway and Transportation Department, the delay is strictly administrative and has nothing to do with funding for the project.

Trujillo-Oviedo said the decision on which design alternate will be used for the highway project was made at a study team meeting on

October 25.

She said the study team was made up of representatives of the Highway Department, engineers, environmentalists, right of way personnel, District II staff and highway consultants from Boyle Engineering, Lochner Incorporated and Gruen Associates.

The study team put together comments from the public hearing in Ruidoso on October 5, written comments received in the mail and considered those along with various engineering factors and feasibility

studies, to arrive at the decision.

Village of Ruidoso officials learned on Tuesday the Highway Department had selected the 45 mile per hour alternate for both the north and south half of the project.

"The main factor that influenced the study team was the safety factor," Trujillo-Oviedo said.

She said the study team believes the straighter roadway with improved sight distances will be a safer road and provide the greater benefit to the community.

She said the next step in the

project is for the Village Council of Ruidoso to officially endorse the alternates. Village manager Frank Potter said this item will be placed on the November 14 agenda.

Trujillo-Oviedo said the Highway Department will go forward to obtain environmental clearance from the Federal Highway Administration, through a finding of no significant impact statement, after the council endorses the plan.

Once this is accomplished, the final right of way maps will be prepared. After conducting a field

inspection of the maps and getting final approval, the Highway Department will begin interviewing property owners for right of way acquisition.

The Highway Department plans to acquire right of way for both the north and south halves of the project beginning in August 1990.

Trujillo-Oviedo said it is difficult to predict an actual date for completing that process because of the amount of paper work needed and the federal funds involved.

"It was the most feasible date to

get the right of way acquisition done," Trujillo-Oviedo said.

She also said the Highway Department was listening to the concerns of citizens at the public hearing by not starting construction on half of the project before the right of way is acquired on the other half.

"In order to mitigate this, the study team recommended the right of way acquisition begin first before any construction takes place," she said.

## NEA calls on state to raise teachers' pay

The National Education Association of New Mexico (NEA-NM) wants a ten percent pay increase for all school employees throughout New Mexico.

The announcement was made at the end of the NEA-NM's fall council Saturday, October 21.

The pay raise request was part of a legislative package adopted by NEA-NM that also included a request for a fair due process law, said a release from the teacher organization.

## Realtor of Year active in village

James Paxton, broker with Century 21 Aspen Real Estate, Inc., of Ruidoso, has good words to say about Darlene Hart, associate broker with Century 21, who was recently chosen as Realtor of Year by the Ruidoso Board of Realtors.

Hart, who has been a Ruidoso resident since 1978, has been a licensed real estate agent since 1979. She has been associated with Century 21 Aspen Real Estate since March of 1988.

Hart is a graduate of the Realtors Institute and is the immediate past president of the Ruidoso Board of Realtors. Paxton says she has served on many

boards and committees on the state level, and has served as secretary-treasurer of the local board.

"Darlene is very active in her community, serving on the Parent's Advisory Council at White Mountain Elementary School, a volunteer for the Family Crisis Center ... always interested in growth and progress of Ruidoso, a town she loves and calls home," says Paxton.

The honoree is married to Paul Hart; the couple has two children, Jennifer, seven, and Matthew, three.

Paxton says the Realtor of the Year Award, a Lela Easter

Memorial Award, is the most prestigious award a real estate agent can attain.

"It takes into account Realtor involvement on the local, state and national level, community involvement, business practices and high ethical standards," Paxton says.

The Realtor of the Year is selected by a group of the recipient's peers made up of an awards committee and past recipients of the award.

"We are very proud to have Darlene as a member of our firm and congratulate her on her fine accomplishment," Paxton said in a prepared statement.

## Lincoln Cafe reopened

Dottie Boone has had her home cooking recognized and praised at several restaurants where she has worked over the years in Ruidoso.

Now she has a place of her own, Dottie's Lincoln County Cafe at the intersection of Mechem and Sudderth drives. The grand opening was Tuesday, Halloween Day.

You can't find 10 cent coffee anywhere these days except at Dottie's place.

Another feature is a senior citizens' discount. Boone has seniors' in mind when she makes menu decisions for her lunch buffet.

She has a number of breakfast specials.

Boone's rather famous cinnamon rolls and pies and doughnuts are always special at the cafe.

The noted cook has lived in Ruidoso for more than 25 years. Her son, Don Boone, lives in Ruidoso. She has a daughter, Sharon Boone, who lives in New Hampshire.

## Ex-Mountain Gods executive Tally honored

A former executive with the Inn of the Mountain Gods in Mescalero has been honored by the Educational Institute of the American Hotel and Motel Association.

Steve W. Tally, general manager of the Comfort Inn in La Mesa, California, has been awarded the Certified Hotel Administrator designation by the association.

Tally was associated with the Inn of the Mountain Gods for ten years; he is originally from Ruidoso.

The designation was announced by John J. Clark Jr., CHA, chairman of the Institute's Certification Commission and dean, School of Hotel Administration at Cornell University.

Clark says the Certified Hotel Administrator is the most prestigious designation offered by the Educational Institute. To qualify, an executive must demonstrate academic achievement and industry experience.

## Warriors wallop Cobre Indians 28-6

by ROD MAYS

Ruidoso News Sports Writer

That's right. The Ruidoso Warrior football team is the proud owner of the district 3AAA crown.

"The kids rose to the occasion and deserve it," said head coach Doug Ragsdale. "They have lots of inner motivation," he added.

Ending the regular season, the sixth ranked Warriors defeated the fourth ranked Cobre Indians 28-6 Friday night at W.D. Horton Stadium.

Despite 26 degree temperatures, a large hometown crowd turned out to support the Warriors.

Seven seconds before half, the Warriors scored a cool touchdown.

During the second half, Ruidoso was the hottest thing on the field.

Led by Kenny Trapp's powerful leg work, Ruidoso ran all over the Cobre Indians.

Trapp didn't play on offense during the first quarter, part of a setup for Kenny, said coach Drew Mathews.

Cobre scored, but it didn't happen until the last 21 seconds of the game.

### \*\*\*\*\*

### FIRST HALF HIGHLIGHTS

Receiving the ball on their own 26-yard line, the Cobre Indians couldn't gain a first down. Senior Pete Baca sacked the quarterback on third-and-two and the Indians had to punt.

The Warrior offense stalled and gave the ball back to Cobre after four downs.

Running for a first down, Cobre got to the Ruidoso 42. Stopping this drive were seniors Kenny Trapp and Pete Baca.

Cobre had a third-and-15 from the Ruidoso 47-yard line.

On the next play, Cobre fumbled and Ruidoso recovered. This turnover didn't help the Warriors, they had to punt again.

Cobre got another first down, but couldn't get past the 50. Punting the ball, the Indians recovered a fumbled catch by Ruidoso.

It was first-and-ten at the War-

riors 19-yard line. The Indians scored on a pass play, but it was called back because of a motion penalty against Cobre. That was the last time the Indians got inside the Warriors 20 until the end of the fourth quarter.

Senior Zach Chavez for Ruidoso intercepted the next Cobre pass and ran it back to the 50-yard line.

Ruidoso's offense took over and got a first down before the second quarter.

Now it was Kenny Trapp's turn to play on offense. His first carry got eight yards. On fourth down and two, Trapp ran for 15 yards to the Indian 10-yard line.

After an offensive penalty, Ruidoso threw an interception.

Cobre got possession of the football on their own 38, but couldn't get first down yardage.

The Warriors offense had another chance.

Again Kenny Trapp led the way with help from sophomore Jose Marquez. Starting on the Warriors 25, Trapp ran twice and gained 33 yards. He ran for 34 yards a few plays later and the Warriors were on the Indian 10-yard line.

With the Warriors not able to score on four downs, Cobre took possession on their own 2-yard line.

Ruidoso got possession of the ball again after forcing Cobre to punt.

The Warriors offense stormed down the field. Ten plays later Ruidoso was inside Cobre's 10-yard line.

Third and goal from the Cobre four, sophomore Manny Guardiola, completed a pass to senior Logan Stirman for a touchdown.

Missing the extra point, the Warriors took the lead 6-0 with only seven seconds remaining in the first half.

### \*\*\*\*\*

### SECOND HALF HIGHLIGHTS

It seemed a little warmer during the second half, maybe because the Warriors were through being cold.

Time to punish the Indians.

Receiving the ball on the War-

riors 35, Trapp went on the rampage. Every time he got the ball it seemed there was a 15-yard gain. Stiff arming would-be tacklers into the ground and carrying Indians along for a five yards, characterized his attack.

On fourth down and 13, Ruidoso faked a punt. Trapp ran for 15 yards to Cobre's twenty.

Third and two from the 10 and Kenny Trapp's charge went into the end zone. Adding a two-point conversion, Ruidoso had a 14-0 lead.

5:42 remained in the third quarter.

The Cobre Indians received the ball and got one first down. On second down and 13 from the Warriors 34, senior Alfred Rue intercepted a Cobre pass.

A few plays later it was fourth down and one from Ruidoso's 31-yard line. Trapp got the ball and ran 69 yards for another touchdown.

It was 21-0 and with 2:02 remaining in the third quarter.

An onside kick by the Warriors worked and Ruidoso had the ball again on the Cobre 48-yard line.

Two plays later Alfred Rue caught a 30-yard pass from Manny Guardiola and scored the fourth touchdown for the Warriors.

One minute and twenty eight seconds still remained in the third quarter and the score was 28-0.

The Cobre Indians finally got possession of the football and couldn't get a first down.

Ruidoso's quick scoring offense relaxed. The Warriors began eating away playing time. They punted after four downs and the Indians got the ball on their own 40.

Running and passing down the field, Cobre got to the Warrior 15 before Alfred Rue intercepted another pass. He ran it back for 43 yards.

Taking possession on the Indian 42, Ruidoso fumbled the ball away.

Cobre was running out of time and had to pass. This time it was junior Jamie Candalaria that intercepted for Ruidoso, running it back to the Cobre 31-yard line.

Using four downs and lots of

Number one in district and happy to be that way. Head coach Doug Ragsdale and the football team celebrate their victory over the Cobre Indians, 28-6, Friday night.

The Warriors end the regular season with a 6-5 record. Next, they will play the St. Pius Sartans on Saturday, November 18, here at W.D. Horton Stadium.

time the Warriors gave the ball back to Cobre on their own 30.

It was fourth-and-five for Cobre and the team punted, but a penalty on Ruidoso gave the Indians a first down instead.

Starting on the 50-yard line, the Indians controlled the ball. Eight plays later Cobre scored its first touchdown. Trying a two-point conversion failed and with 21 seconds remaining in the game the score was 28-6.

An onside kick by Cobre didn't work.

The Ruidoso Warriors ran out the clock and became the District 3AAA Champions.

### \*\*\*\*\*

### WRAPUP

The Warrior rushing game was the key to beating Cobre. Ruidoso made 14 first downs to

Cobre's 10; rushed 46 times for 305 yards compared to Cobre's 24 rushes for 54 yards.

Senior running back Kenny Trapp had 21 carries and gained 254 yards.

### WOW!

The next leading rusher was Ruidoso sophomore Jose Marquez with six carries and 33 yards.

Passing yards were more evenly matched. Ruidoso passed for 69 yards on 13 attempts, five completions and one interception. Cobre made 97 yards passing, with 22 attempts, nine completions and four interceptions.

Seniors Logan Stirman and Alfred Rue each caught touchdown passes thrown by sophomore Manny Guardiola.

Ruidoso punted three times, averaging 32 yards per punt. Cobre punted five times and averaged 31.4 yards a punt.

Cobre lost the ball by fumbling once and so did the Warriors. Ruidoso had seven penalties for 45 yards and Cobre was penalized five times for 35 yards.

Ending the regular season with a 6-5 record and a district championship is major victory for the Warrior football team and first-year head coach Doug Ragsdale.

No matter what happens in the playoffs, the football team has been successful and needs to be congratulated.

### CONGRATULATIONS!

Now what happens? Ruidoso will play our friends from the north, the St. Pius Sartans, in the first state playoff game.

It will be on Saturday night, November 18, here at W.D. Horton Stadium.

Go Warriors!

## RHS volleyball team wins first District 3AAA title

by ROD MAYS

Ruidoso News Sports Writer

Ruidoso High School is number one in volleyball!

The Warriors own the district 3AAA championship volleyball banner, after defeating Oñate on Friday and Deming on Saturday.

"They played their best all year," said head coach Jody Hopkins after beating the Deming Wildcats. "They played well together as a team," she added.

Deming was ranked number one in the district, until Ruidoso came to town.

It all started at 5:30 p.m. on Friday, in the RHS gymnasium.

The Warriors came out slamming, beating Oñate in the first game 15-7. Ruidoso was tied in the second game 7-7, and then fell behind, 8-11. With strong serving

from seniors, Amy Richardson and Chantel Bowen, the Warriors tied the game again at 13-13. Oñate barely edged past Ruidoso and won 15-13.

That was the last game the Knights would win this season.

In the third game the Warriors blew by Oñate 15-1. Nobody could stop the spikes of Amy Richardson or the serves of senior Deanna Thompson.

Playing just as well the fourth and final game, the Warriors won 15-8 and would play the number one ranked Deming Wildcats the next night.

Traveling to Deming might seem like a lonesome journey, but according to coach Hopkins many volleyball fans followed the team there.

"The support helped the team,"

said Hopkins.

And how! The girls tromped the number one ranked team in three quick games, 15-13, 15-10, 15-5.

This is the only volleyball district championship banner Ruidoso High School has, according to Hopkins.

Along with this, some girls were given district honors.

Seniors Chantel Bowen and Amy Richardson were named all district, with senior Nicole Beck and junior DeAnna Swanner earning honorable mentions.

The volleyball team plays the first state playoff match at 10:45 a.m. Thursday, November 9, in Roswell.

Go Warriors!

Two members of Ruidoso's district championship volleyball team set up a block. Ending their regular season with two victories, the girls will play their first state playoff match at 10:45 a.m., Thursday in Roswell.

## Runners take two in Silver

by ROD MAYS

Ruidoso News Sports Writer

Competitors in district 3AAA were far behind the Warrior cross country team on Saturday in Silver City.

"This is our best year ever," said head coach Ronny Maskew.

The girls scored a remarkable 17 points, only two points away from a perfect score. Silver City was second with 38 points, having the team's first place runner finishing behind Ruidoso's fourth place runner.

Ruidoso's girls team has only been around for two years and has won the district championship both years.

Sophomore Luisa Tam and senior Ardena Comanche are all district this year.

The boys also had a low score of 24 points, with Silver City finishing second, having 45 points.

Senior Ira Sago ran the three-mile course a whole 33 seconds

faster than any time ever recorded. Sago is all district this year, along with senior Roger Marr and freshman Eric Evans.

Silver City has dominated cross country, winning the district championship every year since 1976, according to Coach Maskew.

Ruidoso didn't have a cross country team until 1983 and that was the first competition for Silver City.

It looks like the Warriors will be the team to beat in years to come.

The Warriors will travel to Albuquerque's Milne Stadium Saturday for the state AAA cross country meet with the girls starting at 9:30 a.m. and the boys to begin at 10 a.m.

Maskew thinks the team will do well, but feels the northern schools of Zuni or Tohatchi are going to be strong competitors. A southern team has never finished in the top five during a state meet, said Maskew.

This year might change that. Go Warriors!

# Off he goes into the wild blue yonder —it's his job

by BRIAN BLALOCK

Ruidoso News Staff Writer

People look up to John Weida when he's at work. Literally.

Small kids point and stare at Weida as he goes about his work with skills sharpened to perfection by repeated practice.

Older men, their graying hair covered by caps embossed with the names of former military units, look on with pride and tell their wives, or anyone else who will listen, about the time when they were on top of their profession, like Weida.

Weida is not a highly paid athlete, although he is in top condition. He isn't an actor performing on a stage, either.

Major John Weida is a member of the U.S. Air Force Air Demonstration Squadron, known as the Thunderbirds.

Weida is the "slot" man in the Thunderbirds four-plane diamond formation.

Born in Belleville, Illinois, but calling Litchfield, Minnesota, home; he graduated with honors from the U.S. Air Force Academy in 1978. Following undergraduate pilot training and an assignment as an instructor pilot, he made the transition into fighters in 1983.

During this time, Weida spent eight weeks in fighter training at Holloman Air Force Base in Alamogordo and had the opportunity to visit Ruidoso.

"I remember how pretty it was up there in Ruidoso," he said.

Weida also said being selected as a Thunderbird pilot had been a goal of his.

"For me it's been a goal for a long time, ever since I started flying fighters in 1983," he said in an interview conducted at Cannon Air Force Base, outside Clovis.

Weida is in the first year of his two year assignment with the Thunderbirds, having been selected to the squadron last year. He said his selection to the team was great, but the flying is better.

"The flying is fantastic," he said. "You get to see a lot of different

places and you get to meet a lot of interesting people."

The Thunderbird pilots do get to see a lot of different places. The air demonstration team, formed in 1953, does an average of 80 shows each year, all over the country. This year, they began their show season on March 18 at Luke Air Force Base, outside Phoenix, Arizona, and they will end the season on November 12, at the Marine Corps Air Station in Yuma, Arizona. In between, they have criss-crossed the country several times and even made a stop in Abbotsford, Canada.

The Thunderbirds have performed in 53 countries, including a trip in 1988 to perform in the People's Republic of China.

Weida said flying with the Thunderbirds does have its drawbacks.

"Like everything you do there's a good and bad," he said. "The difficult part is we are on the road 220 days a year. It keeps you away from family, and that's a little bit of a strain."

He explained that is why Thunderbird pilots only serve a two year assignment with the squadron. Each year in between show seasons, three new pilots are added to the six-man team. He said this always leaves three experienced pilots with the team and offers a little continuity from year to year.

The Thunderbirds are based at Nellis Air Force Base, Nevada, just outside Las Vegas. But, besides brief visits home between some shows, the team and its support personnel are on the go for almost nine months, usually on three-week deployments.

"Our schedule really varies as far as the length of the tour away from home," Weida said. "It's anywhere from four days, leave Thursday, come back Monday, to if we do a European deployment or an overseas deployment, we are gone anywhere from 30 to 45 days."

Not every pilot in the Air Force can become a member of the Thunderbirds. To become a

The U.S. Air Force Air Demonstration Squadron, The Thunderbirds, streak across the sky in their diamond formation at a recent air show at Cannon Air Force Base, outside Clovis.

Thunderbird, you have to be an experienced fighter pilot.

"You come to the team as an experienced fighter pilot and we must refine and hone the basic skills every fighter knows, so we can fly real close, real low and in front of a crowd," Weida said. "To do that safely, it takes that three and one half months training program to make sure all goes well."

From November to March, the Thunderbirds train at Nellis AFB, putting their show together and integrating the three new pilots into the team. Weida said putting the show together and working the new pilots into the formations is a lot harder than it looks.

"You don't start out flying 18 inches apart at 150 to 300 feet above the ground," he said.

"You start out at real high altitude, just flying a basic two ship formation off the leader, about 10 feet away," said Weida. "You just do repetitive loops and rolls until you get comfortable and you get a little closer. Then you add airplanes and decrease the altitude you do them at, so magically three and one half months later, you're flying a four to six ship formation, 18 inches apart, at about 200 feet above the ground."

Since their inception in 1953, the Thunderbirds have flown a variety of aircraft flown by the U.S. Air Force. They began their first performance on June 8, 1953 in the F-84F Thunderjet. Two years later, they moved into the swept-wing F-84F Thunderstreak.

The next year, in 1956, the team made the transition into the supersonic age, with the F-100C Super Sabre. After trying the F-105 Thunderchief for a short time, the Thunderbirds flew the Super Sabre until 1969.

In 1969, they began flying the F-4E Phantom II aircraft. They stayed in this aircraft until 1974, when for the first time in their history, the Thunderbirds began flying a non-combat aircraft, the T-38A Talon.

Thirty years after their beginnings, the Thunderbirds moved into the General Dynamics F-16 Fighting Falcon.

The F-16, not only serves in the U.S. Air Force, but it is on duty with 13 other countries throughout the world. The sleek fighter, known as the electric jet because of its computer controlled "fly-by-wire" system, weighs around 25,000 pounds with pilot, weapons and full internal fuel load. It has a wingspan of 31 feet and measures 49 feet and 3 inches in length. The

Falcon is capable of speeds in excess of Mach 2, or two times the speed of sound. It carries an internally mounted multi barrel 20 mm cannon and is capable of carrying a variety of air-to-air and ground attack ordinances.

Weida said the F-16s the Thunderbirds fly are no different from the aircraft flown in operational squadrons. The only difference is the distinctive red, white and blue paint scheme and alterations that include removing the ammunition drum to allow room for a smoke oil system. But, he said the 10 airplanes in the squadron are part of the national defense and have to be combat ready in case of a national emergency.

"The squadron has a commitment in a national emergency," he said. "We have 72 hours to convert the Thunderbird airplanes into combat ready aircraft."

In the event that were to happen, the Thunderbird pilots themselves would be assimilated into a combat squadron.

Major Weida is no stranger to an operational F-16 squadron. He was assigned to an F-16 squadron in South Korea and prior to his selection as a Thunderbird, he served as an F-16 instructor pilot and a Ninth Air Force F-16 demonstration pilot while he was assigned to Shaw Air Force Base in South Carolina.

Following his assignment with the Thunderbirds, Weida said he would like to return to an operational F-16 squadron.

In the skilled hands of Weida and the other Thunderbird pilots the F-16 can be made to do amazing maneuvers.

"It's very well engineered for basic take-off, level flight and landing," Weida said. "It is a very easy

airplane to fly. But, to fly the maneuvers that we fly, it's very difficult. It takes a lot of training, discipline and a lot of teamwork."

Basically, teamwork is what the Thunderbirds are all about.

Outside of the six demonstration pilots, there are five other officers and 130 enlisted personnel that make up the team.

There is a logistics officer, a navigator, an executive officer, a maintenance officer and a public affairs officer. The enlisted personnel range from the crew chiefs who take care of the airplanes, to specialist and public affairs and supply personnel.

"It takes all those people working together in a team effort, to make a show," Weida said. "Without them, you'd just sit and look at red, white and blue jets."

Teamwork shows throughout the Thunderbirds' demonstrations.

The ground crews perform the tasks of setting up the show and maintaining the aircraft, with perfection. Not one Thunderbird performance has ever been canceled due to a maintenance failure.

The teamwork among the pilots is even more impressive. From the synchronized pre-flight ceremonies, to the aircraft demonstration in the air, to the final raising of the canopies following the performance, everything is done in perfect unison.

For Weida, the 11 and one half years he has been in the Air Force has been great and he recommends it to anyone.

"The Air Force is a great way of life," he said. "In the Air Force, I can honestly tell you, there's rarely been a day when I haven't looked forward to going to work."

Major John Weida stands next to his red, white and blue F-16 aircraft. Weida, a 1978 graduate of the Air Force Academy and a former F-16 instructor and demonstration pilot, is in his first year flying with the Thunderbirds.

Weida, on-board the number four aircraft, taxis out for another performance with the Thunderbirds. The Thunderbirds have been performing at air shows since 1953.

### The Thankful Month

Here we are already over into November, the Thankful Month. This is being sent to you right at high noon, a perfect Indian Summer day, with just the very slightest breeze out of the North and a bright sun shining from a sky of light November blue. The leaves of the little Apricot tree are shining and glowing pure gold just outside the window; and the large apricot leaves are very durable. Last night Jack Frost brought the temperature down to fifteen—very cold for this time of year, and still the Apricot leaves have held on cheering the mountain world with their colors while many of the other trees have let their leaves fall. We have a very beautiful beginning of November, a month full of charm and blessings.

### A Great Halloween

Very early Halloween morning, Ruth McGuire called me up and asked if I could bring the banjo and sing some songs with her up at the Care Center where they were giving a Halloween celebration for the folks up there.

The celebration was to begin at two o'clock, so about one o'clock I

started up the valley. On the way I stopped in at the Gateway branch of the Ruidoso State Bank, and here was the room decorated cheerfully in orange and black, and Jerri Hazel, April Hall and Tresa Ramos in costume as the Three Little Pigs with very cleverly devised snouts. They brought a great laugh from the folks coming in and many compliments. Orange cookies and candy were served.

Ruth and her Mother, May, and I all arrived at the care center at about the same time a little after two. And here in the main room were these dearly beloved ladies, and gentlemen in their golden years.

With Ruth singing in her golden Angelic voice, and with help from Bernie Farwick, and banjo Chords, we sang many old favorites like: "Shine on Harvest Moon," "In the Good Old Summer Time," "Smile A While," "By the Light of the Silver Moon," "My Bonnie Lies Over the Ocean."

Many of these songs were requested by the folks there who reached back over the years for their favorites. One Lady requested "Leaning on the Everlast-

ing Arms." This song was sung by Ruth, and was the favorite of the day.

We met several friends at the center, including Nora Johnson and Ena Hale. The care center is a great credit to the city of Ruidoso, and it was an honor to visit with these wonderful people, and I am grateful that Ruth and her mother invited me to join them in this happy occasion.

Many kind words of appreciation were spoken by Sandee Hagar, Activities Director, Cathy Ames, Dietary manager, and Eddie Byrd, administrator.

### Wizards of Oz

On the way down I stopped by at the main Ruidoso State Bank, and here was a grand festival going on, with Halloween pumpkins here and there and orange and black candy, and many clever costumes. The tellers were all dressed as the characters in the Childhood classic, The Wizard of Oz. Tiny children and parents in Halloween costume were going in and out of the building. And on the streets the little folks in costume reflected true charm of the day.

All in all you could feel all through the town the spirit of goodwill and helpfulness, the deep caring and love of people of all ages that makes Ruidoso and Lincoln County the greatest place on earth.

Let us thank God for our many blessings.

# Retiree program could be stalled over funds

Working through Realtors and an abstract company, Roy Crocker, head of the retirement division of the Ruidoso Valley Chamber of Commerce, hopes to track senior citizens who move to Lincoln County.

Crocker told the advertising committee of the Ruidoso Valley Chamber of Commerce Thursday that it is difficult to determine if home buyers in the county were attracted to the area from retirement division advertising.

The retirement division will be advertising in *The Rotarian* next spring in hopes of attracting more retirees to the area. Other advertising is planned if funds are available.

"Unless we can show successes in the next 12 months, forget it," said Crocker. He said two real estate sales in the county have been traced to retirement division advertising.

The retirement division has been operating under an economic cloud like some other divisions of the chamber this year.

He told the ad committee that when the state relays belated

matching funds to the division, he still foresees a shortfall of \$2,900 in budgeted advertising funds.

The advertising committee heard member Bill Hirschfeld ask for and get the committee's blessing in setting up a military liaison division.

A reception for the commander of Holloman Air Force Base will be staged later this month.

Mark Doth, Ruidoso Downs Race Track representative on the ad committee, asked that the committee consider linking with Sun Country, an alliance of cities and towns, including Juarez, Mexico, in southern New Mexico and Mexico.

Hirschfeld said that Sun Country has lost some ground recently and that "they compete for the same matching funds we do." If Sun Country is strong, that's good, if mediocre or weak, no good, Hirschfeld said.

The chamber belonged to Sun Country in years past, with the lodgers tax picking up the membership tab.

"I think some things may be changing," Doth said about Sun Country.

No action was taken on the matter.

In other business, Tracey Moran, who heads the Convention and Visitor's Bureau of the chamber, said she has ordered 150 more videos which feature Ruidoso attractions.

She said she and Doth will attend a travel agents show in Scottsdale, Arizona, in March. They will develop a Ruidoso booth for the event.

Half the tab will be picked up by the lodgers association and half by the track. Travel expenses and lodging will be the only other expense, she said.

Considerable discussion centered on the "negative impression" skiers get of Ruidoso at times because Ski Apache won't take credit cards.

Tom Dorgan who has Ski Cloudcroft said he knows of no other major ski areas in the United States that won't take credit cards.

He said skiers go to Ski Apache, find they can't use a credit card and use all their cash for lift tickets and such.

Then, when they come down the

mountain, he said, they are short of cash.

It was mentioned that the First National Bank has tentative plans to leave its Upper Canyon branch open late on Friday nights and maybe Saturdays so that visitors can get cash.

Moran said that money is in the budget to print an additional 50,000 rack brochures.

Some \$138.45 was approved to continue for another six months a contract with Barbara Downs who is in a rack distribution business.

Moran said news release packets are being mailed to area media outlets concerning the Christmas Jubilee, the Connoisseur Classic and on the resort hotel-golf course project.

Three pieces of art on the golf course project are contained in each packet. The art work shows an artist's conception of the proposed resort hotel and a site plan showing the relationship of the hotel and golf course to each other and to the old airport parcel of land in its entirety.

## Obituaries

### Peggy L. Nobles

Former Ruidoso resident Peggy L. Nobles of Scottsdale, Arizona, died Wednesday, November 1, at Scottsdale Heritage Court in Scottsdale. She was 84.

Nobles was born August 21, 1905, in Cludcroft. She was married to Jesse Nobles who preceded her in death on April 30, 1975. She moved to Scottsdale from Ruidoso four and a half years ago. She was a member of the Episcopal Church.

Her parents were Elmer L. Whittons and Callie Griffin, both deceased.

Services were scheduled for 10 a.m. today (Monday), November 6,

at LaGrone Funeral Chapel in Ruidoso with the Reverend John Penn of the Episcopal Church of the Holy Mount officiating. Interment was to follow at Forest Lawn Cemetery in Ruidoso under the direction of LaGrone Funeral Home.

She is survived by a son, James Palmer, of Santa Anna, California; a stepdaughter, Trixie J. Dean, of Tucson, Arizona; four grandchildren and 11 great-grandchildren.

Memorials are suggested to the Lincoln County Medical Center Hospital Auxiliary.

### Evan Dee Heald Sr.

Evan Dee Heald Sr. of Albuquerque died Tuesday, October 31. Heald, a former resident of Ruidoso, was 61.

A 20-year resident of Albuquerque, Heald was a member of the Blake Road Baptist Church. He was also a member of the board of directors for the New Mexico Game Breeders Association.

He was preceded in death by his mother and stepfather: Margaret Heald Winans and Ed Winans.

Services were scheduled for Thursday, November 2, at the French Mortuary Chapel in Albuquerque with the Reverend Lee Rodgers officiating. Interment was

scheduled for Friday, at South Park Cemetery in Roswell with the Reverend Dana Hill officiating.

Heald is survived by his wife, Ruby; two daughters and their husbands: Raynetta and Charles Woodhull of Houston, Texas; and Bobbie and Ted Williams of Albuquerque; and sons: Ray Thornton of Austin, Texas; Roger Thornton of Albuquerque; Evan Heald Jr. and his wife, Sherry, of Loco Hills; and Charlie Heald and Jennifer Cata of Albuquerque.

Survivors include several grandchildren.

# CHEVY TRUCK SHOWDOWN

Your 5-Star Chevy Dealer is out to prove that his Advanced New Chevy Truck beats the pants off Ford!

Southern New Mexico truck buyers are proving it to themselves: Feature for feature, the technologically advanced Chevy beats the old-fashioned Ford pickup.

**CHEVY HAS MORE STANDARD POWER THAN FORD.**

The advanced, fuel-injected 4.3L Vortec V6 gives you 15 more standard horsepower than Ford's old design in-line six.

**CHEVY HAULS MORE THAN FORD.**

Chevy's got a bigger standard half-ton payload than Ford's.

**CHEVY'S GOT MORE CAB ROOM.**

There's more leg room, more shoulder room and more total cab room than Ford. Plus Chevy gives you more glass area and flush-mounted windows to reduce wind noise.

**CHEVY HAS MORE TWO-SIDED GALVANIZED STEEL THAN FORD.**

Every outside panel except the roof is two-sided galvanized steel. In critical areas, there are as many as seven layers of corrosion protection.

**CHEVY HAS ADVANCED DOUBLE A-ARM INDEPENDENT FRONT SUSPENSION, TOO.**

Ford's old twin I-beam makes the tires travel in an arc. Chevy's new suspension keeps the tires square to the road.

**BEDLINER AT NO EXTRA CHARGE!**

For a short time get a bedliner (up to a \$395 value) for your new full-size Chevy Truck without paying extra. It'll keep your new Chevy looking new for years to come.

If you've been considering a Ford, stop in today and see why New Mexicans are having a powerful change of heart—to Chevrolet!

## November days

This line of trees in Capitán has shed its summer cover and is ready for winter. The windy days and nights recently have done their job to strip all the trees and now it's time for some of us to go out and do ours. Raking the darn things, that is.

## P&Z will meet today

The Planning and Zoning Commission of the Village of Ruidoso will meet at 2 p.m. Monday, November 6, at the Ruidoso Municipal Administrative Building.

Public hearings are scheduled on the following items:

—A request by J.B. Close to rezone from C-1 Neighborhood Commercial to I-1 Industrial at 200 Gavilan Road.

—A request by Maurice S. Cole Incorporated to rezone from C-1 Community Commercial to I-1 Industrial at 132-138 Sudderth Drive.

—Initial zoning to PUD-Planned Unit Development for Wingfield Park.

—Initial zoning to PUD-Industrial for Sierra Blanca Regional Airport.

—Consideration of Airport Hazard Zone Regulations.

Regular items include:

—A variance request from Candyce Garrett at 126 Hart.

—A preliminary review of a proposed replat by Greg Masters at Lots 4, 19 Block 1, Holiday Acres, Unit 1.

# RHS senior is selected for conference

Ruidoso High School senior Cary Gumbert was among 350 students from around the country chosen to take part in the Congressional Youth Leadership Council's fall 1989 National Young Leaders Conference in Washington D.C.

"I had a great time," said Gumbert, just back from his first trip to this nation's capitol. He is the son of Gary and Claudia Gumbert of Ruidoso.

Gumbert and the other scholars were selected for the conference on the basis of academic achievement, leadership and citizenship.

Gumbert, who moved to Ruidoso from Alamogordo more than a year ago, isn't sure who nominated him for the honor. The first he knew of it was when he received a postcard notifying him that he had been selected.

"The Leaders of Tomorrow Meeting the Leaders of Today" was the theme for this year's six-day conference where participants met with key leaders and newsmakers from the three branches of government, the media and the diplomatic corps.

Although Gumbert, the son of an Air Force officer, has traveled extensively and lived for several years in Korea, he said this first trip to Washington D.C. was a big thrill.

He said he was especially impressed with Capitol Hill and the buildings in that area.

"It just felt like I was in ancient Greece," said Gumbert, who also was impressed with Arlington Cemetery.

The event program included a breakfast panel discussion led by prominent journalists at the National Press Club, visits with congressional representatives and a forum of lobbyists from various corporations and public interest groups.

Gumbert said the group was welcomed to the House of Representatives by Representative Earl Hutto, a Florida Democrat.

The young leaders also visited diplomatic embassies and sat in on a foreign policy briefing at the State Department. Gumbert visited the Embassy of Ireland and met with diplomats on that embassy's staff. He said they talked about the problems facing Ireland.

Gumbert also met with New Mexico senators Jeff Bingaman and Pete Domenici and Representative Joe Skeen.

Edgar Maya, a Colombian, was among the more interesting people who spoke to the young leaders about "his organization, 'Understanding the Americas.'"

"He was just a really good speaker, everybody really enjoyed him," said Gumbert.

The final event for the conference was a mock congress in which the young people assumed the roles of national leadership and debated, lobbied and voted on proposed legislation.

The National Young Leaders Conference is sponsored by the

Congressional Youth Leadership Council which was founded in 1985. The council is a non-profit, non-partisan educational organization committed to recognizing outstanding youth and providing them with a "hands-on" civics learning experience in the nation's capital.

"We firmly believe that by touching one life, the National Young Leaders Conference enriches thousands more," said founders Barbara Harris and Richard Rossi in a news release.

"Scholars return to their home communities charged with the lifelong duty of leading all Americans to better understand their rights and responsibilities in this participatory democracy," con-

tinued the release.

Gumbert is the top-ranked member of the RHS senior class, and a member of the National Honor Society.

He also serves as president of the RHS Student Council and vice president of the Southeast District Student Council, a regional organization of high school leaders.

Gumbert, who plays the alto saxophone, serves as drum major for the RHS 24 Carat Gold Marching Band. He is a member of the RHS jazz band, and will be featured in a solo when that ensemble plays in the Junior Talent Show later this month.

Gumbert is also a member of the Ruidoso Sierra Blanca Ski Team.

New Mexico Senator Pete Domenici takes time to visit with Ruidoso High School senior Cary Gumbert, who was in Washington as part of the National Young Leaders Conference. Domenici challenged

Gumbert and other New Mexico students to continue their education, which the senator said would be vital to their success in an increasingly technical world. Domenici was once a junior high teacher.

## EDITORIAL

Most small town residents have to travel a long way to view world-class artwork, meet accomplished and successful artists and hear live performances by professional musicians.

That used to be true in the Ruidoso area, but it's not anymore. We came a long way when the Community Concert Association was organized and sold out for its first season. Now we have music.

The Hubbard Museum has brought a multi-million dollar art collection into the area, and plans for the Hubbard Award for Excellence are well on their way. We all can view the Russells, Remingtons and other artworks on display at the Hubbard Museum. Now we have art.

We can also join that museum, and with a membership have a chance to take part in special events that will be planned for members only. Those memberships are available now, and will be offered for a limited time.

Why join? We could sit back and say, let the Hubbards carry the load for the museum, after all it carries their name. Or, we could jump in and make this exciting project our own—a Ruidoso/Lincoln County project.

The Hubbard Museum will someday be the most prestigious museum in this nation for realistic art, not only because of the impressive initial collection, but also because of the caliber of artists who already have been nominated for the first of what will be an annual \$250,000 award.

Let's do our part to ensure that the Hubbard Museum is a community endeavor, and let's all share in the pride and the responsibility.

To learn more about memberships, or to join, contact museum director John V. Hall at the Hubbard Museum, 378-4431.

This is our chance to join in early and be a part of something big. And, if you plan to join in, do it pretty soon for the first museum event is already planned for December 2. Don't be left out.—fj

## Letters to the editor

DEAR EDITOR:

Our annual Halloween Carnival was a tremendous success. The faculty and staff at Nob Hill Elementary wish to thank all those

who contributed and helped with our fundraiser.

We particularly wish to express our appreciation to the Parent Council Steering Committee for

their hard work and dedicated service to our children.

With Gratitude,

EDITOR'S NOTE: This letter included a list of people to be thanked.

DEAR EDITOR:

Lanny Maddox gave a presentation during "Drug Awareness Week" to my general science classes on October 26. Lanny had with him drugs, paraphernalia, pamphlets/articles, pictures, etc.

That made his presentation even more valuable. It was informative, precise, and given on a level that everyone could understand. I also had several other teachers ask to bring their classes to attend the seminar. Their comments, as well

as the students', were very complimentary and appreciative.

Through questions and comments, each class participated and more importantly, they learned something. That's what it is all

about; if Lanny's presentation helps to save one life, it was well worth it.

Sincerely,

Clifton Neal

General Science Instructor  
Ruidoso High School

DEAR EDITOR:

We had a really good time at the 1988 Oktoberfest and invited our daughter, son-in-law, and three granddaughters to join us this year.

We paid our way into the 1989 Oktoberfest at Carrizo Lodge and stood for 30 minutes trying unsuccessfully to find any seating and

finally asked for our money back, which was graciously returned and we left. This was a very nice gesture on the part of the doorkeepers and I have a warm feeling for the work done by all involved in this really fine affair and hope to see it continue.

My question is, why in the world

try to promote an event that the village needs, and which had ample room last year, and move it to a totally inadequate premises with limited parking this year?

I ran into, or overheard, at least five couples having dinner at a local restaurant who had also left because of the crowding.

People will come to your Oktoberfest, but not if there are no tables for them, and if it is again at Carrizo Lodge in 1990, I won't even make the effort.

Yours Truly,

Bobby G. Rogers  
Lubbock, Texas

## Capitol Comments

by Kate McGraw

Well, I Gave A Big Horseslaugh...

To Ray Davenport, the lobbyist for the New Mexico Retail Liquor Dealers Association, this week. It's always good to brighten someone's day as we wend our way through this world.

What made Ray guffaw was a rumor I called to check with him. A source in Alamogordo reported that a liquor dealer there came back from the recent association meeting in Las Cruces saying the association had "unanimously voted to endorse Les Houston (the GOP Albuquerque state senator expected to announce his candidacy next month) for governor."

Not bloody likely, said Ray, or words to that effect. After he quit laughing...

...I Admitted to Ray...

That this report had seemed pretty unlikely to me, too, and not just because few trade organizations are silly enough to be endorsing candidates a year before the 1990 general election.

Sen. Houston was at the convention for a short while; his friend Sen. Billy McKibben (a Lovington Republican) was the main speaker," Davenport said. "And there was a good exchange between Sen. Houston and some association members, but he didn't ask for and we didn't offer any endorsement."

"There's probably some support there. He's won a few of us back, but many liquor dealers still harbor a great deal of resentment over the 1981 Liquor Reform Act," Davenport noted.

Houston, you'll remember, was the author, sponsor and legislative bulldozer behind that farseeing legislation that did much to reduce the then-spiraling commodity value of liquor licenses in New Mexico...

And I'll Probably Get A Letter...

From former Liquor Director/former State Land Commissioner/former Albuquerque mayoral candidate Jim Baca, telling me the liquor reform act was all his idea.

But I was in the legislative committee hearings when that bill was being hammered out.

Got a call from House Majority Whip Ben Lujan, insisting that his concern for the oil industry isn't recent.

He's been concerned for four or five years, Ben says.

Lujan, a longtime Santa Fe-Pojoaque Valley representative, says he still hasn't decided to run for land commissioner. Says he's still waiting for the results of a statewide poll.

But he took the time to call...

\*\*\*\*\*  
Ben Won't Be Getting An Endorsement...

At least in the primary, from his old friend and former Land Commissioner Alex Armijo.

Armijo, Ben told me a little ruefully, has already announced that he's supporting Philip Archuleta, the longtime Motor Vehicle Division staffer...

\*\*\*\*\*  
Meanwhile, Back at The State Highway Department...

Beleaguered Chief Administrator Dewey Lonsberry has finally done what he shoulda done a long time ago. Maybe a year ago.

He's demoted Flemming Hebert out of the administration of the SHD's financial division and hired experienced Legislative Finance Committee/Department of Finance and Administration analyst Charles Turpen to straighten things out.

If anyone can, Charlie can, I assure you — if Dewey lets him have the clout to kick you-know-whats a little.

## Ice cream and donuts

The Ruidoso Middle School Academic Booster Club (ABC) is working hard to encourage mid-schoolers to work to their highest levels of achievement. ABC is aided by area businesses that honor the youngsters with special events like the ones pictured here where one group was treated to ice cream at Dairy Queen and another was served donuts at Daylight Donuts.

## Hard work pays off

Ruidoso Middle School students pictured above are all members of either the Signature Club or the Merit Group, both groups sponsored by ABC, an active parents group at the school. The Signature Club is made up of those students who didn't quite make the

honor roll, but whose academic efforts deserve recognition. The Merit Group is comprised of students who have received the most merit points from teachers. The Signature Club had a party at the Dairy Queen this week and the Merit Group visited Daylight Donuts.
