### Downs board meets at 7 p.m. today

When the Village of Ruidoso Downs board meets at 7 p.m. today (Monday), January 10, trustees will hear monthly reports from police, fire, court, animal control, code enforcement and the maintenance department.

Also on the agenda for the regular meeting is the holiday schedule for 1994, budget adjustment for village hall construction project and a resolution regarding the change of ownership of Lincoln Cablevision.

Trustees will be asked to approve hiring John Layher for the temporary communications/detention officer.

Meetings of the Downs board, which are conducted in the volunteer fire department meeting room, are open to the public.

### Recycling gets even easier in the Downs

A new island of recycling igloos has been created in the vacant lot next to the Allsup's on U.S. Highway 70 in Ruidoso Downs.

"Even though we're just one block off the main street, some people were having difficulty finding us," said general manager Joe Lewandowski of the Lincoln County Solid Waste Authority.

"Since we've put in the new igloos where everyone can see them, the volume has really picked up."

### Flu symptoms could warn of strep throat

Throat feeling rough? Have head and body aches?

Those symptoms could indicate strep throat, a condition that untreated may lead into rheumatic fever, according to Dr. Arlene Brown.

"We're seeing about one-third of the people who come in with complaints of the flu being diagnosed with strep throat," Brown said. "Without antibiotics, that condition could move into a case of rheumatic fever."

Symptoms can include a fever as high as 104, a headache and body aches, but not always a sore throat.

### Guv to pick judge

The 12th Judicial District Nominating Commission has submitted two names for Governor Bruce King to consider for the new district court judgeship.

The commission, headed by UNM School of Law Dean Leo Romero, narrowed the list of six applicants to its two recommendations on Monday.

Wayne A. Jordan and Frank K. Wilson, both private practice attorneys, got the nod from the commission.

Governor King will appoint the person to serve the new judgeship for Otero and Lincoln counties, and that appointee will face an election in the June primaries and November general election.

Harley, the injured blue heeler, is comforted by Lincoln County Humane Society shelter manager Esther Harper after receiving life-saving help from volunteer Joe Scott, who raised money for an operation.

## Good Samaritans save injured dog

by DIANNE STALLINGS  
Ruidoso News Staff Writer

The eight-month-old blue heeler wandered the Gavilan Trailer Park area for nearly three weeks with only part of his right back leg and the bones exposed.

Finally, late Friday afternoon, some boys called Ruidoso animal control with the hope the dog would get some help.

But the Lincoln County Humane Society animal shelter operates on a tight budget that doesn't cover the normal \$350 veterinary fee that goes with saving or amputating a dog's leg.

Shelter manager Esther Harper figured she didn't have much choice. The dog would have to be destroyed.

But volunteer Joe Scott, who has seen many unhappy stories come through the shelter, decided this was one dog who deserved another chance.

Scott called announcer D. Maury Brown at radio station K-BUY and asked for help. He promised to stay at the shelter no matter

how long it took to collect the money necessary to operate on the heeler, now called Harley by Scott.

He even volunteered to work for the money, if someone needed help around their yard or some other job done.

Brown obliged by telling people Harley's story and about Scott's pledge to wait at the shelter.

"I stayed until 8 p.m., but the people listening to the radio station came through for Harley," Scott said Saturday. "They brought in donations from a few dollars to \$50 from one man to help Harley. And Dr. Willard offered to reduce his fee to \$200 to help."

Harley was scheduled to be on the operating table this morning (Monday). Meanwhile, Harper and Scott tended his leg the best they could over the weekend, fed him an antibiotic prescribed by Willard and gave him a viral distemper shot.

## Parents join in the fight against drugs

Parents are being invited to join their children in learning about drug use prevention techniques.

Connie Hopper, the local Drug Free Schools representative and a deputy with the Lincoln County Sheriff's Department, said the primary emphasis of the programs for elementary children is to help students recognize and resist the pressures that influence them to experiment with drugs.

The programs are part of the Drug Abuse Resistance Education (DARE) project financed through a government grant.

A semester course will be given one day each week to fifth grade students at White Mountain Intermediate.

The curriculum was developed by the Los Angeles Unified School District's instructional specialists. It covers how to say no to

peers, building self esteem and alternatives to drug use.

An abbreviated program also will be given to children in kindergarten, second and fourth grades.

Hopper said she will be available to present drug education classes to parent groups and will work in cooperation with parents to ensure that children are well informed regarding the dangers of drug abuse.

A second series, put together for adults, will be offered in four or five, two-hour sessions.

The DARE Parent Program is based on goals similar to those for students and is consistent with the ideals of positive education, Hopper said.

Lincoln County Sheriff James McSwane confers with Kathy Echols, coordinator for drug use prevention programs under Region IX Cooperative Education, and Connie Hopper, DARE officer for the county. A grant finances drug awareness and prevention programs to be presented to students and parents.

## Garbage is the Grinch of holidays

by DIANNE STALLINGS  
Ruidoso News Staff Writer

No matter how many garbage trucks rumbled down the road over the Christmas-New Year's holiday, bags of debris seemed to spill out of dumpsters in several areas of the county.

Joe Lewandowski, general manager of the Lincoln County Solid Waste Authority, said Friday that the situation was a combination of weather, holiday timing and having to depend on someone else's landfill.

"The snow shut off some areas," he said. "And in combination with Christmas falling on a Saturday, drew a lot more people into town than in past years."

"For example, we hauled 15 loads to the Roswell landfill on the July Fourth weekend (traditionally the largest for the area). Christmas week we hauled 16 loads and this week, ending last night (Thursday), we had hauled 17 loads."

Lewandowski emphasized that he didn't feel he had to make excuses, but he can provide some rea-

## New Year's baby

Jordan Stuart Anderson, shown here with his parents, Mary Kern and Jeff Anderson, arrived at 1:31 p.m. Monday, January 3, at Lincoln County Medical Center, the first baby of the new year. The seven pound, 14 ounce baby joins big brother Spencer Lujan, a Nob Hill first grader, in the home. Mom says the baby, delivered with the help of Dr. Hewitt, is healthy and happy. She says the nurses at LCMC were terrific.

## Council returns to airport hangar lease discussions

by CHARLES STALLINGS  
Ruidoso News Staff Writer

The fate of the Sierra Blanca Airport hangar will be discussed Tuesday at the first Ruidoso Village Council meeting of the year.

Franklin Aviation conducted a modified fixed base operation from the hangar since 1990, but did not request an extension 90 days before the lease terminated, as the contract specified.

Deputy manager Alan Briley said that the village received only one response after its issuing a request for proposals (RFP) in seeking a new lease for the village airport hangar with mechanic's service. He said that he considered that one request, from Ed's Flying Service out of Alamogordo, unresponsive because it lacked specifics asked for in the RFP.

Briley said that more than 300 announcements had been sent, primarily to the airport's customer list. Briley said it appears to him that no one is interested in leasing the hangar for the purpose of providing the service of mechanic.

The Ruidoso News contacted one pilot from that list. Asked why he hadn't submitted an RFP after he had shown interest in picking

up a copy from village purchasing, Steven Hightower from Mountain Aviation said he didn't like the way the RFP was written.

Briley recommends the council resubmit the RFP, but relax the mechanic requirement and opt for the hangar only.

Some members of the council have expressed a desire to run an aircraft mechanic's operation at the hangar as a municipal function, as the village has in the past.

A third option would be to bid out airport hangar space for lease. Unlike an RFP, a bid has little subjectivity and is primarily concerned with best price.

The airport lease sparked some controversy late last year when Jim Franklin did not request an extension of the hangar lease for aircraft maintenance.

The Franklin lease of the 6,800 square-foot hangar at \$500 per month was a private lease awarded by the council in 1990. The village did not go out for bids or give public notice.

Former village attorney David Thomsen said at the time that the lease of the main hangar and

In Ruidoso Downs, two slots are open and the two incumbents, Ray Hayhurst and Margie Morales, are the only two candidates to file.

The last day for write-in candidates to file is Tuesday, January 18.

Ruidoso Downs board incumbents Ray Hayhurst and Margie Morales (right) draw for their unopposed slots in the Tuesday, March 1, municipal election. Downs municipal clerk Leeann Weibrecht oversees the "ho-hum" drawing for the two slots for two open positions.

They set up a bed with a blanket for him in the isolation area and he was eating well.

"Harley had kept the wound pretty clean over the last few weeks," Scott said. "It's amazing he

survived hobbling around like that.

"He's really lovable and friendly and not afraid of anyone. I think he knows we're trying to help him."

While fellow shelter volunteers and workers praised Scott, he praised the radio listeners who cared enough to stop at the shelter

on Gavilan Canyon Road and donate.

Harley will be up for adoption after he returns from the veterinary clinic. He probably would recover faster if he was placed into a home immediately,

where he could receive the attention he may need as he heals.

"The bones were shattered and part of the leg was gone," Scott said. "I think he probably will lose it, but that doesn't stop dogs. They can adjust."

## Council

Continued from page 1A

modified fixed base operation was part of the ordinary course of business, therefore bids were not required.

However, some airport pilots point out that according to the minimum standards for fixed base operators and airport tenants at the airport, the council may restrict the commercial use of the airport, or the solicitation of business thereon, based on non-discriminatory standards. They say bids or RFPs would appear to eliminate the appearance of discriminatory practices.

The amount of hangar rent and service at the airport in general, has caused the council concern. At a recent workshop meeting, councilors talked of creating an airport board to tighten control of airport management.

Last November, after airport manager Lloyd Wayne notified his customers that Franklin was leaving, a telephone campaign ensued to keep Franklin's mechanic at the airport. But the mechanic had committed himself to a job in Colorado.

In other business, the construction tab for the MainStreet sidewalk project appears to have been bumped upward by an error in estimated material quantities.

Robert W. Tackett, Sr., superintendent for D&S Contracting, who is handling the MainStreet

construction, warned the village of a considerable overrun in the contract due to quantity increases of bid items.

Tackett said D&S discovered discrepancies in the planned quantities and actual quantities for Subgrade Preparation, Base TY 1 GR B and Cement Treated Base.

Tackett indicated that details on plans with typical sections indicated more materials were needed than bid.

"In preparing our estimate for payment while analyzing the quantities being paid, it became apparent there is an error in estimated quantities as set forth in the various bid items," Tackett wrote deputy manager Briley.

"We will assume that all further pay estimates will be submitted in accordance with measurements and payment as set forth in referenced specifications as we are proceeding as per plans and specifications," he wrote.

In other MainStreet project news, Briley will ask the council for a change order that would extend the D&S contract by 14 days.

The extra days are the collective amount from delays due to weather, field changes, or increase in quantities (laying 1,700 feet of pipe.)

Two public hearings are on the council agenda, beginning at 6:30 p.m.

Ordinance 94-1 revises an exist-

ing ordinance dealing with utility companies and contractors that cut into village streets.

According to village deputy manager Briley, companies dig a trench across the road, complete their job, but leave the village to fix their patch.

He said this ordinance, discussed at a previous council workshop, will force the companies to do their own backfill and compaction, with the village doing the monitoring, testing and asphalt patching.

A second public hearing deals with a \$750,000 loan agreement with the New Mexico Health and Environment Department for wastewater improvements.

The purpose of the loan is to defray costs of extending, enlarging, bettering, repairing and otherwise improving the Regional Wastewater Plant.

According to LeeAnn Nichols, finance supervisor, the loan repayment will come solely from sewer revenues.

Nichols said sewer revenues currently do not cover the sewer expenses. Commitment for repayment also is needed from the Village of Ruidoso Downs.

The annual loan payment is estimated at \$97,239, according to Nichols. She said calculation of the repayment for the villages should be determined by the Regional Waste Water Board.

She said if the board determines

that the payment will be based on usage and infiltration flow from both entities, Ruidoso averages 91 percent, making the annual payment an estimated \$88,488, and Ruidoso Downs averages nine percent, making their payment \$8,752.

Nichols said there are approximately 5,157 sewer customers (residential and commercial). She estimates it would take a rate increase of \$1.43 per month per customer to reach Ruidoso's share.

The improvements being made from this loan are only a portion of what is needed to bring the system to an efficient operation, Nichols said.

The council will vote on Resolution 94-2, consenting to the assignment and transfer of CATV franchise from Rifkin Cable Income Partners, L.P., to Alert Cable T.V., Inc., doing business as CVI Cablevision Industries.

Alert Cable is a Georgia corporation with home offices in Deland, Florida, near Orlando.

The transfer will not effect service or cost to the community at this time.

In other business, the council will act on the village's Planning and Zoning Commission recommendation to approve or deny a Lookout Drive right of way vacation amounting to 2,135 square feet. The agreement would be conditional in that applicant Chuck Boblasky would pay 50 cents per

It is intended for interested adults and families of children who are or have been in the DARE program or for concerned adults at large.

"The focus will be on developing better skills, to interact with children, to learn about peer pressures and to identify signs of potential substance abuse," Hopper said.

Throughout the year, the series will be offered in each school district, starting with Carrizozo. The dates for other districts will be released later.

The first session, entitled Effective Communication, is set for 7 to 9 p.m. Thursday, February 10, in the multi-purpose room at the Carrizozo School. Hopper will emphasize how to use communication effectively to develop a strong family foundation.

"This has been determined to be an essential element of prevention," Hopper said. "Characteristics of self-esteem also will be covered."

Session 2A, February 15, is designed for parents of children ages one to eight to provide an awareness of safety measures that can be used in the home to reduce the likelihood of dangerous exposure to drugs. Strategies parents can use to reduce the risk of drug abuse when their children are older

also will be reviewed.

Session 2B, February 17, entitled Drug Abuse Prevention and Intervention, is aimed at parents of children age nine to adolescence. It deals with the risk factors for substance abuse in early adolescent and introduces parents to information on drug identification, availability and effects.

Session three, February 22, will cover youth pressures and resistance skills.

Understanding and awareness of how the media and peer pressures affect daily decisions, will be reviewed. Important requirements of prevention include choosing the proper role model and learning good life skills, as well as resistance skills. A video covering current trends in music and how they may affect a child's choice of whether to use drugs, will be shown and discussed.

Session four, February 24, will consist of a panel discussion with members of the community involved in prevention. They will go over resources available to lend support, offer services and answer specific questions regarding the abuse of chemical substances.

Registration forms, which are available through the sheriff's department, the schools and Region IX Cooperative Education, also will be sent home. They must be returned by February 8.

## Garbage

sons for the problems experienced or perceived by residents.

"Christmas is the one day a year that everyone puts out their garbage on the same day. The landfill was closed Sunday. Our trucks were filled, our trough and our trailer and the landfill didn't open until Monday," he said.

Christmas waste tends to take up a great deal of space in a dumpster, because of the boxes and wrapping paper, he said.

"It would help a lot if people would break down their boxes," Lewandowski said. "Two or three big boxes will take up most of a dumpster. The best would be to take them to the recycling center or recycling dumpster."

The Upper Canyon area was the biggest headache, he said. Some roads were too snow and ice covered for the large trucks to attempt.

"I went up personally with a four-wheel drive pickup and hand loaded garbage from dumpsters to the back of the truck," he said.

"It's very dangerous for those big trucks on dead ends when there isn't enough room to turn around. They have to back in. Going up may not be as bad as trying to come back down with 6,000 pounds of truck. If you slide, in one place, the truck wouldn't stop until it was in the front room of a home. I told my

driver he made the right decision not trying to pick up there."

The full staff was on hand for the holiday weeks, he said. Quite a bit of overtime also was paid.

"We tried to take care of it as fast as we could," Lewandowski said. He has four garbage trucks to serve 2,500 dumpsters countywide.

"We never went off our collection schedule, although some people called and tried to make us change," he said. "It seemed everyone wanted their garbage picked up at the same time and wanted us to go off schedule to accommodate them. Some whose normal pickup day was Wednesday, started to complain on Monday, so we did our normal route and then had crews out serving 'hot spots' until as late as 7:30 p.m."

"Several people said they hadn't had a pickup in two weeks. I went out personally in many cases to see if any Christmas debris was mixed in," Lewandowski said. "That would tell me the driver had missed it. But mostly it was food and household garbage. I knew my drivers had been there."

"One mistake did occur on a few dead end roads where normally the houses are empty in the winter," Lewandowski said. "My drivers assumed that no one was there. I realized after three or four days what the drivers were doing trying to save some time. I told them they

have to go back, because everybody was in town."

By January 17, the county will be a partner in a regional landfill operating south of Alamogordo and will be able to arrange for it to stay open over large holiday weekends, Lewandowski pointed out.

The Otero-Lincoln County Regional Landfill was dedicated last Thursday, drawing 100 officials from the eight municipalities and two counties that are partners in the new enterprise, from the state, from agencies involved in the project and from the public.

Judy Espinosa, Secretary of the State Environment Department, offered congratulations. The state would like to see more regional-type landfills.

Former Ruidoso mayor Victor Alonso was there as was former authority manager Gene Green.

One criticism laid at the authority's feet over the holidays had nothing to do with the agency, Lewandowski said.

He received reports of garbage bags lying up and down Mechem Drive. After checking, he found they were left there by State Highway Department crews cleaning the road shoulders. Lewandowski said he told his driver to check in the evening and pick them up if the state hadn't hauled them away, but the bags were gone.

# Feisty dog survives rejection to wait for new home

by DIANNE STALLINGS

Ruidoso News Staff Writer  
Abandoned with two other dogs by his owner, Bandit arrived at the Lincoln County Humane Society animal shelter frightened and defensive.

He's also been the luckiest of the three dogs left to fend for themselves. A black terri-poo, apparently never inoculated with protective shots by the negligent owner, died, most probably from Parvo. Another white terri-poo either got loose or was stolen from a foster home.

But big, sweet-natured Bandit, with his dark muzzle and buff-color

thick coat, has survived. However, he needs some individual attention and some affection, a real home where he is appreciated and a part of the family.

He literally prances when he walks on a leash, he's very light on his feet, said shelter manager Bether Harper. "He carries himself well and is not a big eater for his size. He could stand to put on some weight, but I think he needs to be settled into a home, maybe with some companion females like he was used to, before he will gain weight."

Bandit shows the usual aggressive response to another aggressive male dog, but generally gets along well with other animals. Being in an outside cage, he has several small wounds from other dogs in adjoining cages, but with the free grooming offered to shelter adoptees and some attention, his coat will be extremely attractive.

Bandit appears to be a shepherd mix, possibly with some Leonberger lines.

Another stray, who looks like he may have Australian kelpie blood, also is waiting for adoption in an outside pen.

With gold eyes, a reddish blonde short coat and large ears, Blazer presents a striking picture.

"He just has a different look," Tetreault said. "He's energetic and craves attention. He can't wait to be let out in the morning, loves to be taken for a walk and is good with all people."

Harper and Tetreault also are very anxious to find a home for Brandy, a previously featured fe-

male with bronze eyes and a red short-hair coat.

Brandy recently became the victim of a fight instigated by one of the more aggressive females. Unfortunately, in the artificial atmosphere of a shelter, the pack mentality sometimes takes over in that type of situation. Once a weak member is identified, the whole group descends.

Brandy was bitten and bruised, but is recovering with extra attention from shelter workers and veterinarian Lynn Willard. But Harper can't return Brandy to the community outdoor pen and that means Brandy doesn't get a chance to be outside much.

"Although we try not to play favorites, she's a really special dog we have hoped to place for quite a while," Tetreault said. "She's not flashy like some of the breeds that go right away, but she's sweet-natured and would become a loyal companion."

When the shelter is expanded in the spring, each larger dog will have a separate outdoor run, which should prevent many of the problems experienced now. But until then, shelter workers have to rotate the more aggressive dogs.

"Life here just isn't natural," Harper said. "A dog who may have been with the pack attacking Brandy, may be totally passive in a home environment."

If you have a few idle hours each week and want to feel good about helping the abandoned animals in the county, volunteers urgently are needed at the society's thrift shop next to Arby's. The thrift shop is a

BLAZER

major source of support for the shelter and for the money needed to expand the facility.

Animals in other sections of the county are kept in more primitive facilities and routinely are destroyed after three days unless claimed. Unfortunately, many owners don't check with the pounds in Carrizozo, Ruidoso Downs and the sheriff's department holding area at Fort Stanton when their dogs are missing.

The hope of society members is that eventually all animals picked up running loose countywide will

come to the humane society shelter, where they will have a better chance to be reclaimed or adopted.

Volunteers also are welcomed to play with the cats in the cattery or to walk the dogs. A walk not only gives the dogs needed exercise and training on a leash, it also provides the interaction with humans needed to keep them socialized and adoptable.

For more information about Bandit, Blazer, Brandy or any of the other dogs and cats, call 257-9841 or stop at the shelter on Gavilan Canyon Road.

Earlier this year, Furr's purchased 1,000 tickets to the BYU versus UNM football game to show its support for the Lobos.

The supermarket chain also successfully tipped off the 1993-94 Lobo basketball season by sponsoring "Furr's Night" at the UNM versus Simon Fraser basketball game.

## Flores wins the 103-pound championship

by KENT BEATTY

The News Sports Correspondent

Junior Julian Flores made the record books in the Carlsbad Invitational wrestling tournament Friday and Saturday as he upset heavily-favored John Tapia, Santa Fe High School's top-dog, to take the 103-pound championship trophy.

Flores, who lost nine pounds to compete at 103, led the Warriors to their best team finish in Carlsbad since 1986.

Facing the likes of Carlsbad, Santa Fe, Albuquerque High, Rio Grande, El Paso Coronado, El Paso Hanks, El Paso Irvin, Belen, Roswell, Goddard and NMML, the Warriors got off to a slow start, but closed like thoroughbreds.

The first round saw Jose Prieto injure his elbow and had to default for the rest of the tournament. From there it got worse as Gunner Johnson, Matt Poncho, Victor Cochola and Sergio Guerrero lost their matches.

Only Beau Jarvis managed a win in the first round when he

turned the trick against Deming's Jose Madrid (7-3).

The Warriors saw a little light at the end of the tunnel during the second round as 112-pound James Flores pinned Mike Baca of Goddard.

Julian Flores and Beau Jarvis advanced to the third-round championships with victories.

Johnny Flores lost a controversial decision (4-6) to Coronado's 119-pounder, but came back to pin his Carlsbad opponent, to advance — as did Gunner Johnson with a win over his man from Deming.

Billy Austin, Matt Poncho, Eustace Gallerito and Sergio Guerrero were also eliminated by their second round losses.

In the third round championships, Julian Flores smashed Coronado's second-seeded wrestler 17-3 at 119 pounds.

James Flores was defeated by the first seed from Rio Grande in a war, and Beau Jarvis lost a heart-breaker to Hank's James

Hernandez — after leading 18-4 with less than a minute left in the match.

But like most sports, in wrestling a little mistake can have huge repercussions, and Jarvis made one. He was pinned after totally dominating his match with just seconds left.

That left Julian Flores in the championship, facing an opponent that had proved himself over and over as one of the top wrestlers in the State in John Tapia.

At the start of the first period, Flores shot a low single, capturing Tapia's ankle. Flores then stepped across his opponent's body and scored a big two-point takedown and three-point near fall.

Flores then let Tapia up to score his only point of the match with an escape. Julian took Tapia down again and put him on his back to score five more points. Tapia worked his way off his back and Flores tilted his opponent for another near fall to end the first period.

The second quarter saw Flores

add to his 18-point margin, needing only two points for a technical fall, which he immediately scored.

In just over three minutes, Julian Flores became the first Warrior ever to win a championship in the AAAA-laden Carlsbad Invitational.

The performance at Carlsbad was an important one after the Warriors were crushed by Oñate at a dual match last Wednesday.

The locals suffered a 48-15 thrashing, despite wins from Julian and Johnny Flores, plus heavyweight Eustace Gallerito.

Jose Prieto, Michael Smart and Gunner Johnson wrestled well in losing efforts.

The Warrior junior varsity won four of five matches, highlighted by eighth-grader Jake Gray's victory over sophomore Ruben Serna.

The Warriors host Goddard in a dual match on January 12 at 6 p.m. and then travel to El Paso, Texas, for to compete in the area's largest wrestling tournament at Bowie High School on January 14-15.

## Rams end Warrior streak

by KENT BEATTY

The News Sports Correspondent

The Ruidoso High School boys basketball team's three-game win streak is over.

Just one night after upsetting the Clovis Wildcats 48-47, the hot-shooting Portales Rams crushed the Warriors 101-61 Friday in Portales.

The loss moved the Warriors record to 4-5 for the season, while Portales moved to 4-8.

The game with Warriors marked just the second time this season that Portales played a AAA school. All of their other opponents have been much larger schools.

In addition to the Warriors, the Rams have also beaten Roswell High, Clovis and Bloomfield.

The Warriors used sharp three-point shooting to take a 18-16 lead over the Rams after one quarter. But when Portales moved out of their zone defense and into a man-to-man, the shots stopped falling for the Warriors and the Rams took control of the game.

Portales shot almost 70 percent from the field for the game including an amazing 14-for-20 from the three-point arc.

The befuddled Warrior defense spent the final three quarters looking at Portales either making a three, or shooting a layup.

Actually, the game was well within reach for the first half but the Warriors pressed ineffectively in the second half and a 10-point halftime lead for Portales stretched out to a 24-point advantage after the third quarter. In fact, the Warriors' "matador" defense gave up 61 second-half points.

Senior J.R. Chino led the Warriors with 16 points on the night followed by Raul Davis with 15 and Casey Kearns with 11. Other scorers included Rex Comanche, 7; Jeff Chapman, 6; Cory Hood, 4; and Daniel Espinosa, 2.

This was Ruidoso's worst effort of the season and probably Portales' best. The Rams have played a killer pre-district schedule and will move into a very competitive District 4-AAA as probably the second-best team.

Lovington, with help of 6-9 Taymon Domzalski, should be the favorites — but the Rams will be tough if they shoot the ball like they did against the Warriors.

Warrior head coach Paul Kirkwood wasn't happy with his team's performance.

"Portales played a great game because they shot ball so well ... but I'm not sure our defense didn't make them look better than they are. We can't guard anybody ... and it will be a long season if we play defense like that.

"Even in the games we've won, we haven't played good defense. Other teams shoot way too many shots under the basket. Our kids need to know that you play defense with heart and desire ... you have to want to play defense ... we just don't ... our kids want to score points ... if they score 16 points and give up 20 that's OK, just as long they get in double figures. I guess that just comes from losing ... but it's gonna change, if it kills me its gonna change," said Kirkwood.

The junior varsity team also fell to the Rams, 55-42, again because of Portales' ability to hit outside shots. The JV'ers went to sleep in the second and third quarters and were outscored 32-17 during that span.

## Braves get set for Socorro rematch

The RMS Braves will entertain the Socorro Warriors Tuesday at the RMS and White Mountain gymnasiums.

The Socorro Braves defeated Socorro December 4, while both boys teams fell to Socorro's immensely talented squads.

The games are scheduled for 3:30 p.m. tipoffs.

The Lady Braves stretched their record to 7-0 and both boys teams recorded wins over the Tularosa Wildcats Thursday in Tularosa.

## Lady Warriors drop two in Artesia

The RHS Lady Warriors lost two games to Artesia last week, 56-45 Thursday, and 43-34 Saturday.

In Thursday's game at Artesia, the Lady Warriors played well in the first half, actually leading in the second quarter but missed free throw opportunities eventually cost the Lady Warriors the game.

Overall, the girls went 17-33 from the line, which didn't please head coach Dennis Davis.

"We started as well as we have in any game this season, but our free throw shooting really hurt us and we had way too many turn-

overs. They pressured us and we didn't do a very good job of handling their press. We did real well defensively, but we had too many turnovers to win," said Davis.

Thursday's scoring was provided by: Brandi Pfeffer, 15; Sarah Dix, 14; Danielle Morris, 5; LaVern Platta, 4; Dawn Moore, 3; Crystal Taylor, 2; Kristie Ryan, 2.

In Saturday's rematch at the Warrior gym, the Lady Warriors played an overall better game, but still with the same result.

"We had a lot better game Saturday, at least as far as handling

their pressure, and taking care of the ball. But we still didn't shoot free throws very well and at the end we had some turnovers that we shouldn't have.

"But we were down by 12 points in the fourth quarter and came back and had a chance to get it within four ... we just missed some key shots, but overall we played better Saturday," said Davis.

Saturday's scoring looked like this: Brandi Pfeffer, 16; Sarah Dix, 8; Kristie Ryan, 4; Danielle Morris, 4; Crystal Taylor, 2; Herbina Muniz, 1.

# P&Z peruses variance requests

by CHARLES STALLINGS  
Ruidoso News Staff Writer

Two variances capture a brief spotlight in a six item agenda scheduled for 2 p.m. today (Monday) at the Ruidoso Planning and Zoning Commission in village hall.

Glen Holt, of Black Forest Subdivision, requests a two-foot variance to allow construction of a 26 by 32 feet garage addition.

The variance would be two feet over allowed limits. According to village planner Cleatus Richards, access to the garage will require construction of a new driveway crossing a natural drainage course.

The size of culvert would require evaluation of drainage area which exceeds 800 acres. Also, the driveway and addition will require tree removal and the driveway as proposed will require fill within the drainage course.

Richards suggest that the applicant provide runoff data to support any change in the natural drainage course. Richards notes that restrictive covenants for Black Forest Subdivision do not contain any provisions regarding setback from property line. He said site conditions of the property warrant variance consideration.

A second variance by applicant

Dorothy Holt Kimsey has been of White Fir Subdivision, granted returned to the commission by the village, were in Block G.

In other business, the commission will hear a request to vacate a right of way in Black Forest for five-foot side yard variance on Kimsey's property in the White Fir Subdivision.

The applicants are owners of Lots 56 and 57 and are jointly requesting the vacation to cure an encroachment of a structure and deck.

Planner Richards notes that Lot 57 is extremely steep, rising 50 feet over an average distance of 120 feet. He said the structure placement appears to have resulted from plat amendment and erroneous site staking. He recommends favorable consideration with the conditions that the applicant pay 50 cents per square foot of vacated area (\$750), complete and file a replat consolidating the two lots 56 and 57 and that all utilities sign the replat approving those conditions.

Richards said the staff position that the variance be denied is unchanged.

"I have also checked the village records of restrictive covenants and find no covenants of record," Richards said. "Deed restrictions in White Fir Subdivision appear to limit construction to not less than 10 feet. There are three instruments of record waiving or reducing setback for lots in Blocks F, G and H issued by Ruidoso Realty Co. Inc. Village records indicated 15 variances approved in Block F, G and H

# MainStreet consultants will meet with village leaders here

by CHARLES STALLINGS  
Ruidoso News Staff Writer

Parking in MainStreet's Phase I construction area will receive special attention when consultants from the National MainStreet Center come to Ruidoso on Wednesday, January 12.

The technical visit will include two days of site review and various meetings with village staff, property owners and merchants.

Scott Day is the National MainStreet representative. He will be accompanied by Marty Wells of Wells and Associates, Inc. (traffic specialists), David Dekker, State MainStreet contract architect and Julie Johnson, State MainStreet director.

The group will meet at 8 a.m. Wednesday, January 12, to review the project area.

At noon, a luncheon meeting is planned with the MainStreet Ruidoso Executive Committee.

A focus group meeting is scheduled with Phase I property owners and merchants at 1:30 p.m. in village hall.

Following that meeting, the group will meet with village staff and several members of the planning and zoning commission.

On Thursday, a focus group meeting is scheduled with the mayor, selected councilors and village staff.

Marty Wells will give a presentation at a noon luncheon meeting, \$7 per person, at the Enchantment Inn.

According to a statement of qualifications provided by Wells to clients, Wells and Associates offers traffic, transportation, transit, and

parking planning and engineering services to private real estate developers, public agencies, corporations and institutions nationwide.

Wells' resume includes 16 years experience as principal of two nationally recognized transportation engineering firms and as Director of Planning for the Metropolitan Transit Authority (VIA) in San Antonio, Texas.

It was unclear whether Wells' visit was sponsored by the state or federal MainStreet to provide free information on village parking, or if he will be pitching the council to perform some sort of feasibility study.

The meetings all are open to the public.

For further information, contact MainStreet director Don Miller at 257-6346.

# Workshops deal with '94 village plans

Three workshop meetings to impact the shape of Ruidoso government in 1994 are scheduled for January 11, 12 and 18 in village hall.

The purpose of the workshops is to discuss the village's goals, priorities, directions and policies.

On Tuesday, beginning at 11 a.m., the council will meet to discuss and review proposed plans for

parking in the MainStreet project area.

Workshop meetings are always open to the public.

A special budget meeting of the Governing Body is scheduled for Wednesday, January 12, at 10 a.m.

The council will review the 1993-1994 mid year budget and adopt Resolution 94-3 concerning amendments to the 1993-1994 fiscal year

budget.

On Tuesday, January 18, the council will meet to discuss the airport and the creation of an airport board.

The workshop on the airport is part of the regular session scheduled for every Tuesday at 9 a.m., except on regularly scheduled council meeting days.

# Alto man arrested following domestic dispute

An Alto man was arrested on multiple charges Saturday after Lincoln County deputies responded to a report of a "husband gone crazy."

The man's wife also warned officers about 7:30 p.m. that her husband had several handguns in the

house, according to Sheriff James McSwane.

Deputies Larry Cearley and Trinidad Zepeda and Undersheriff Bob Miller were able to disarm Joseph William Nelson and confiscate several handguns and a knife.

Nelson, 49, was charged with resisting and obstructing a police officer, battery, assault and two counts of assault with intent.

He posted bond for \$13,000 and was released from the county jail in Carrizozo.

# ENTRY FORM TO NAME THE NEW SCHOOL

# School seeks name suggestions

Ruidoso School Board members are looking for a few good names.

They're hoping residents and visitors will be inspired to send in suggestions for the name of the new first and second grade school in the White Mountain education complex.

The choice may boil down to something as simple as White Mountain Primary to go with the White Mountain Elementary and White Mountain Intermediate al-

ready in place. But the board welcomes more imaginative suggestions, said superintendent Mike Gladden.

Fill out the accompanying coupon and deliver or mail it to school district to meet the Friday, January 21 deadline.

"Names of individuals will not be considered, because it gets too emotional and can result in hurt feelings," Gladden said.

The winner, or winners if they

come up with the same name, will be announced at the board's February meeting, he said. They also will be recognized as special guests at the ribbon cutting and will know that they are responsible for naming a school.

The choice will be made by a group comprised of members of the building committee, two board members, two Blue Ribbon Committee members and one parent from each school-parent council.

# Security lights beef up safety

by DIANNE STALLINGS  
Ruidoso News Staff Writer

Security lights are set to be installed on top of the Ruidoso High School gymnasium in an effort to illuminate the school's parking lot, which can be dangerously dark at night.

Although the main beneficiaries of the move will be students attending night classes at Eastern New Mexico University-Ruidoso, school district superintendent Mike Gladden said the lighting system also will improve the safety of athletes, who stay late for practices.

"I hope they are installed by Tuesday," he said, which would be good timing for the monthly meeting of the Ruidoso School Board.

The subject of security lights is on the agenda for the meeting January 11. It will begin at 7 p.m. in the board room of the administration office.

Gladden said Friday that the lights were ordered the previous

Monday, adding that "they were supposed to be in the next day."

District maintenance personnel will handle the installation of the \$150 worth of lights.

"We'll start with three and hope that works," Gladden said. "I'd rather have them on top of the gym than have poles in the parking lot. If three aren't sufficient, we'll add more."

Heat tape also will be added to a new continuous gutter that should make the approach to the school building safer, Gladden said.

"That's a building used practically around the clock and for many functions involving the public," he said. "It's our responsibility to keep it safe."

Several health related items are included on the board's agenda for its Tuesday meeting.

District health nurse Terrie Gillespie will report on the District Health Service Needs Assessment.

Dr. Arlene Brown with Gillespie will give an update on the School Health Center, discuss future goals and current needs of the center and report on the Lincoln County Maternal and Child Health Council.

Sandy Gladden, director of Region IX Cooperative Education, will report on possible assistance from Medicaid.

Other items of interest includes: —Jim Dickinson, the district's award-winning business teacher who is retiring from teaching, will receive recognition.

—a representative of the Secondary Discipline Committee will report on its program.

—under resignations listed for action is Michael G. Gaines as agricultural teacher at the high school.

The board is scheduled to move into a closed to the public session to continue its formal evaluation of the superintendent.

# Valley bids farewell to lifelong friend

Vicente Herrera

Services were held January 8 at St. Jude's Catholic Church in San Patricio for Vicente D. Herrera who was called home by our Lord on December 31.

Rudy Chanez read from the Book of Isaiah, "Lo, This is our God we have waited for him and he will save us. We will be glad and rejoice in his salvation."

Also the Twenty-third Psalm: "The Lord is my Shepherd, I shall not want, he maketh me to lie down in green pastures. He leadeth me beside the still waters."

Father Richard Catanach read from the Gospel according to St. Luke: "Blessed are those servants whom the Lord when he cometh shall find watching."

The church choir sang "Buenos Dias Palano Blanca" (Good morning white dove), "Bandito, Bendito" (Blessed, Blessed) and "Un Dia A La Vez" (One Day at a Time).

Palbearers were Manuel Herrera Jr., Isaquio Gonzales, Joe Gutierrez, Henry Herrera, Leo Salcido and Roger Herrera.

Honorary pallbearers, all of them Vicente's grandsons: David Sanchez, Patricio Sanchez, Richard Herrera, Paul Herrera, Albert Herrera and Robert Herrera.

# Lincoln County Native

Vicente Dominguez Herrera was born January 22, 1906, in Hondo to Cruz Herrera and the former Petra Dominguez. As a young man he was carpenter, rancher and farmer.

He planted the trees in the orchard now owned by his son, Rufino and his daughter, Bertha H. Sanchez. These trees, all favorite

varieties, are in the prime age of bearing. He was very fond of reading and made a study of a wide variety of subjects including medicinal plants. Vicente was of a kind and helpful nature, a kind and devoted husband and father, a true friend and a good neighbor and a Christian gentleman.

We rejoice that our good friend is safe and happy with Our Lord in heaven.

# Clouds in the wind

On the morning of the fifth the sun came up over Sunrise Mountain through light clouds setting the Vale below in with rainbow colors, pearl and crimson. The west wind was blowing a gale down the valley and high clouds sailing through the sky carrying the sunset colors so that the sky was full of pink, purple, and crimson clouds playing overhead.

Now today the wind is out of the north and now just after high noon the temperature is 35 with a flavor of snow on the way.

Let us thank the Lord for a good beginning for the new year and all our other blessings.

## LEGAL NOTICE

**IN THE SUPERIOR COURT OF THE STATE OF WASHINGTON IN AND FOR THE COUNTY OF PIERCE**  
In the Matter of the Adoption of: ANDREW MICHAEL CRESPIN,  
A person under the age of eighteen.

No. 93-5-02432-7  
**SUMMONS AND NOTICE BY PUBLICATION OF PETITION/HEARING RE TERMINATION OF PARENT-CHILD RELATIONSHIP**  
TO: EMILIANO VILLESCAS, non-consenting legal father.

AND TO: Any person claiming a paternal interest in the above-named child.

You have been named as the father or a possible father of the above-named child. A petition for Termination of Parent-Child Relationship has been filed in the above-entitled court. The Petitioners are asking the Court for an order permanently terminating the parent-child relationship between you and the child, permanently terminating all of your rights to the child and for a Decree of Adoption declaring the petitioners to be the legal parents of the child.

The child was born on March 1, 1989, in Fitzsimmons Army Medical Center, in the City of Aurora, County of Adams, State of Colorado. The name of the child's mother was ANNETTE LOUISE WENTZ at the time the child was conceived.

In order to defend against this Petition, you must respond to the Petition by stating your defense in writing and by serving a copy upon the Attorney at the address below within twenty-five days after the 21st of December, 1993, the date of first publication of this Summons and Notice, or an order permanently terminating your parent-child relationship with the child by default will be entered. A default order is one where the petitioner is entitled to what he asks for because you have not responded. If you serve a Notice of Appearance on the Attorney at the address below you are entitled to notice before a default order may be entered.

One method of serving your response is to send it by certified mail with return receipt requested. If service is made by mail, the service shall be deemed complete upon the third day following the day upon which the response is placed in the mail, unless the third day falls on a Saturday, Sunday or legal holiday, in which event service shall be deemed complete on the first day other than a Saturday, Sunday or legal holiday, following the third day. You have the right to be represented by an attorney. If you are indigent and request an attorney, an attorney will be appointed for you. You have the right to file a claim of paternity under chapter 26.26 of the Revised Code of Washington. You failure to file a claim of Paternity under chapter 26.26 of the Revised Code of Washington or to respond to the Petition for Termination of Parent-Child Relationship which has been filed herein, within twenty-five days of the first publication of this summons and notice is grounds to terminate your parent-child relationship with respect to the child.

If the child is an Indian child as defined by the Indian Child Welfare Act of 1978, 25 U.S.C. 1901 et seq., and if you acknowledge paternity of the child or if your paternity of the child is established prior to the termination of the parent-child relationship, your parental rights may not be terminated unless you give valid consent to termination, or you parent-child relationship is terminated involuntarily pursuant to chapter 26.33 or 13.34 RCW.

The Court hearing on the Petition for Termination of Parent-Child Relationship shall be on the 4th day of February 1994 at 9:00 am in Room 100 of the Pierce County Courthouse, 930 Tacoma Avenue South, Tacoma, Washington 98402.
