Highway 70 design getting a closer look

BY DIANNE STALLINGS
RUIDOSO NEWS STAFF WRITER

■ Five men behind the design-build improvement project talk about the highway department and its efforts to accommodate concerns in the Hondo Valley.

Five men who are guiding the 38-mile U.S. 70 reconstruction project from Riverside to Ruidoso Downs reflected last week about its status, design and their relationship with an enclave of residents around Hondo.

"We're still evaluating information and taking public input, although the four-lane option is recommended, no decision has been made," said Charles V. Trujillo, an engineer and deputy secretary of the state Highway and Transportation Department. "We

want to make a decision based on all the information."

Work has started on early acquisitions of property impacted by the proposed construction. Five residences or business will require relocation or their owners have picked that option, said Dave Pennington with Parsons Brinckerhoff, the engineering and planning firm hired by the state to assess the highway needs.

"The intent of the Federal Highway Administration and the state is not to leave them in limbo, but proceed with acquisition. We have started the process. They will be hearing about

their appraised value and relocation within the next month."

He declined to identify the five property owners.

"This is at their discretion," said Reuben Thomas, an engineer and New Mexico division administrator of the FHIA. "We're trying to accommodate each one. Agents are meeting with them to describe all their rights and options."

Thomas said that to ensure highway officials have all the pertinent information, he ordered a supplemental environmental review based on additional data from Pennington.

"This was not something we were required to do," Thomas said. "But we wanted to do it right. We added a step because we knew it was important to get the right decision."

"The analysis has not yet revealed anything we hadn't already anticipated," Trujillo said.

They hope to release the supplemental report to the public in November, to keep the project on track.

If the team saw something emerge from new information showing a sig-

Commission accepts Glencoe Center renter

■ Sherry Barrow Strategies wood product idea gets the nod

BY DIANNE STALLINGS
RUIDOSO NEWS STAFF WRITER

Lincoln County commissioners last week accepted a proposal for the rental of the Glencoe Rural Events Center on U.S. 70 submitted by Sherry Barrow Strategies.

But that came after they sang "God Bless America" and passed a resolution condemning the Sept. 11 terrorist attacks in New York and Washington, D.C.

Manager Tom Stewart pointed out during the regular meeting in Carrizozo that by accepting the Glencoe proposal, the commission would no longer have to pay \$19,500 annually for the Hondo School District to manage the center.

Barrow's proposal was the only submission for a lease. The county attorney recommended no more than five years, because any longer period requires approval by the state Department of Finance and Administration and a fair-market-value appraisal. That could delay the process by two to three months, Stewart said.

"It is felt that since the lease concerns the elimination of forest materials, will eliminate the management fee, will create employment for at least four citizens and does not impact use of the arena, it should be awarded to Sherry Barrow Strategies subject to negotiation of a satisfactory lease arrangement," he said.

Barrow said the Wood Utilization Dynamics portion of her company is creating an integrated "soil to soil" operation for wood waste in the Lincoln National Forest and Lincoln County.

"From the thinning/restoration sites, small diameter wood waste will be accepted at our proposed processing site and processed into marketable products," she wrote. "We have an established multi-state customer base and transportation system currently operating with enormous growth potential."

Her company was awarded an \$80,000 grant from the Four Corners Sustainable Forest Partnership and \$250,000 from the RCA Economic Action Program and Economic Action Pilot Program Title IV-Community Assistance. She also applied for a \$75,000 grant toward a co-generation drying system from a Collaborative Forest Restoration program. Announcement of that program's awards will occur sometime this month.

Barrow said goals of the operation are to produce wood shavings bedding from round wood and wood waste from forest and watershed restoration efforts. Other product development also will be explored.

Part of her job will be to identify developing and emerging markets for wood waste products and to market, produce and sell the products to sustain diversified regional economic development, she said. Goals also include allowing community partners access to both the disposal and utilization sides.

The Glencoe center was purchased several years ago with money from the state Legislature, but because of the related cost has never been promoted or developed as originally planned into a staging area for livestock, commercial and community events. Commissioners invested in repairs to the building and improvements to an outdoor arena, but have looked for several years for a buyer.

Seven run for president in Oct. 2 election

Crowded field for tribal vote

MESCALERO - Seven candidates are running for president of the Mescalero Apache Tribe in the Oct. 2 primary election.

According to a list issued under the tribal letterhead Sept. 21, incumbent Sara Misquez will face six opponents.

They are former tribal council member Harlyn Geronimo; Paul J. Brusuelas, son of council member Glenda Brusuelas and a former casino employee; current vice president Frederick Chino Sr.; Naomi Sainz of the tribe's on-the-job training program;

Mark R. Chino, son of the late president Wendell Chino and a law enforcement officer; and Carleton A. Naiche-Palmer, former grant writer for the tribe.

Approved for the vice presidential race by the tribal election board are Jackie D. Blaylock Sr. of the tribal housing program; Raymond Little, retired from Indian Health Services; former tribal administrator Ferris Palmer; current council member Arthur "Butch" Blazer; and tribal administrator Freddie Kaydahzinne.

Eighteen candidates are running for four 2-year seats on the tribal council. They are school board members Albert Platta Sr. and Norbert Via, former nuclear waste storage protester Rufina Laws, natural resource department employee Mason Guydelkon, housing employee Charles "Buffy" Shanta Jr., former council member Raymond Kirgan, former Inn of the Mountain Gods employee Cordell Balatche, community activist and court representa-

Gubernatorial candidate Means would run off the feds

BY SANDY SUGGITT
RUIDOSO NEWS STAFF WRITER

The first Native American to run for the U.S. presidency (in 1988) visited Ruidoso Thursday, campaigning to be New Mexico's governor — and promised to boot feds from the state.

Running with the Libertarian Party, Russell Means, a Lakota, an activist in the American Indian Movement of the '60s and '70s, human rights activist and movie and television actor, promised an audience of 100-150 people at the Cree Meadows Country Club that he would restore and protect the U.S. and New Mexico Constitutions.

In his first act as governor, Means said, he will give all federal agencies in the state a week to vacate their offices. Federal agencies control more than 50 percent of the land in New Mexico, he said, and he will turn that back to the people, along with all water rights.

He chose the Libertarian Party, he said, because it's "the first group of white people that thinks like Indians."

"You don't have to worry about me when I become governor," Means said. "I've already committed my felonies and I'm 62 summers, so the interns are safe."

Although tried 13 times, Means was convicted

Means

only once because he used the U.S. Constitution as his defense. The 13th time, he refused to stand up for a judge "who wasn't even

present," he said.

Means said he chose New Mexico because it's on the bottom rung of the ladder — competing only with Mississippi and South Dakota in economics and education because the government controls more than 50 percent of the land, and "in a country and/or a state where the government employs 50 or more percent of the work force, you will be at the bottom."

Means said that the constitution of New Mexico was accepted by the U.S. government, and Article II, which states that New Mexico

U.S. 70: Some alternatives determined not feasible

FROM PAGE 1A

nificant impact they could not mitigate through engineering, then the four-lane option might be dropped and the state would move to the "no build" or the improved two-lane proposal. Otherwise, the recommended option most likely will become the preferred course of action, they said.

A decision is expected early next year with a construction start possible in July 2002.

Improved safety is the major impetus for the project, Trujillo said. If a plan can't accomplish that, the money is better spent elsewhere, he said.

Construction of U.S. 70 from Portales to Riverside should be finished by October 2002, leaving only the Riverside to Ruidoso Downs section still two lanes, Thomas said.

That segment will be constructed under a new design-build concept, providing more flexibility.

"We won't be starting construction with a 30 percent completed plan," said state highway project director Luis Alba. "The plan will be complete. The main difference is that development of the plan is more concurrent with construction instead of doing that first and then bidding and building."

The construction firm hired will be expected to maintain a hotline number and a Web site to respond quickly to complaints. Construction also will be planned for minimal traffic interruption, they said.

Despite opposition from

Vehicle vandalized

A vehicle was vandalized while parked by the portable buildings at Ruidoso Middle School between 7 and 10 p.m. Sept. 21 while its owner attended a football game. Transmission fluid was poured all over the vehicle and two large scratches were found beneath the transmission fluid.

some, and others wanting written assurances on issues such as continuous water availability during realignment work on the shared irrigation ditches, Pennington said the "vast majority" of people along the highway and in towns served by the route favor four lanes.

About 25 people Thursday attended at a meeting dealing with shared irrigation ditches. Pennington said in the last 18 months, the state came to a better understanding of the complex issue and is ready to consult ditch users in working out realignments, to assure a constant water flow and to do follow-up testing after the work is completed.

Collectively, about one mile of ditches will be affected, Alba said.

A meeting will be set up in mid-October after consultation with Hondo school officials to discuss provisions for school bus stops, Pennington said.

"We're taking a look at where left turns are the most prevalent," Trujillo said. "We'll look at five lanes in places. We have to examine all of the turnoffs and see which are

infrequently used or serve a single resident."

Road shoulders, which will be designed eight feet in width for 31 miles of the 38-mile route, also fit into that equation, Pennington said. In sections of the road that run through areas constrained by steep cliffs on one side and the Rio Hondo on the other, 4-foot wide shoulders will be used, he said. Through the communities of Tinnie and Hondo, curbs and gutters are part of the design, along with a speed limit of 45 mph.

Overall, the speed limit on the road will be 60 mph, except in areas that involve severe curves, where it could drop to 50 mph.

Alternate routes around the valley were analyzed and rejected as unfeasible, Trujillo said.

"It would be a waste of time to pursue those unreasonable alternatives," Thomas agreed.

Safety, reduction of accidents and preservation of the valley community and environment are issues being balanced by the team, Pennington said.

FAMILY VISION CENTER

Dr. D. Joyce Sonnenmoser
Dr. Anatole F. Gutowski
(505) 257-5029

IDENTIFYING VISUAL IMPAIRMENT

There are many causes of low vision or visual impairment. The most common causes in the adult population are age-related macular degeneration (AMD), cataracts, glaucoma and diabetic retinopathy. AMD is one of the leading causes of legal blindness among people over the age of 60 in America. It is a disease that damages the cells at the center of the retina, called the macula, thereby affecting central vision. "Dry" AMD, in which the cells at the back of the retina atrophy, is more common than "wet", which is identified by an abnormal growth of new blood vessels beneath the retina.

While there is no cure for AMD, exciting surgical techniques to repair the damaged retina are in the early stages of research. Current management strategies include magnification, visual training and use of prisms. In the future, nutritional factors may play a role in prevention and treatment. The National Eye Institute of the National Institutes of Health is supporting an ongoing study on the relation between macular degeneration and certain antioxidant vitamins. The hope is that the vitamins can lessen the occurrence and severity of the disease. Amsler grid testing is used to detect early signs of AMD.

We invite you to stop by Family Vision Center, 159 Mescalero Trail, if you have questions concerning AMD, cataracts, glaucoma or diabetes and your eyes. Take care of your eyes, they're the only ones you'll ever have.

Nogal artist assisting Red Cross

BY SANDY SUGGITT

RUIDOSO NEWS STAFF WRITER

Western artist Virgil Stephens and his wife, Emily, of Nogal, will donate 200 "America the Beautiful" limited-edition prints for the American Red Cross' disaster relief fund at a Red Cross fund raiser in Roswell Saturday.

Emily Stephens had called the Roswell chapter of the Red Cross to donate the prints and found that a "Rally Around the Flag Boys" was planned for 6-10 p.m. at the Roswell Civic Center.

Nevada Linford, chief executive officer for the Rio Hondo Chapter, covering Lincoln, Chavez and Otero counties, said the Stephens prints were incorporated into the rally because the theme was perfect for that event.

"I think it's absolutely fantastic," Linford said. "It's one more thing to draw people in and it's an absolutely beautiful print and a marvelous way to offer to help."

Virgil Stephens described the print as having "everything American but apple pie, but it does have Mom in there — and my kids."

The print shows an old man walking with a little girl, a

Prints of the Virgil Stephens drawing, "America the Beautiful," will be on sale at an American Red Cross fund raising rally Saturday, to raise funds for disaster relief.

cowboy, a woman praying with two children, several buffalo and an eagle flying overhead — all superimposed over a large flag.

Stephens names all the people in the print: The old man is Art Blazer, one of the last people involved in the Lincoln County Wars; the praying woman, Wes Smith's mom from Mesa Ranch; the soldier is a Civil War soldier, "Because that was one of the biggest things to happen to this nation;" and the eagle and buffalo represent America.

The 200 prints will sell for \$85-up each and 100 percent of the profit goes for the disaster relief fund. Stephens stresses that \$85 is the minimum donation and people can donate more. He will be on hand to sign prints.

Emily Stephens said anyone who can't attend the function in Roswell can contact her to purchase a print (call 354-3352).

Linford said the rally was set up in May as a salute to the Armed Forces of the United States with a special commemoration to the Korean War veterans that the Red Cross has served for the last 120 years. During the rally, "Miss Clara Barton" will return to lecture on courage, crusades and quiet victories, period and patriotic music from World War I will be performed and there will be lectures from speakers from Holloman Air Force Base, the 200th ADA, the Adjutant General's Office, New Mexico Military Institute and local Korean War veterans.

Admission is \$20 for adults and \$10 for children under 12. If desired, tickets can be reserved by calling (888) 622-4370.

MEANS: He's touring the state

FROM PAGE 1A

reserves the right to remain a free and independent state, was not changed.

"State" is accepted all over the world as a country," Means said. "The United States government knew that."

His second act after "kicking out the illegal parts of the federal government," he said, will be to give amnesty to all nonviolent offenders.

Means said it's unconstitutional and an invasion of privacy for the government or corporations to keep national data bases of personal information

of citizens — and this includes the Internal Revenue Service.

After saying that George W. Bush had not won the vote in Florida and the Pope was elected more democratically than a U.S. president, Means said Bush had called up the New Mexico National Guard. "There goes our protection," Means said. "Good thing we've got concealed weapons."

Means gave talks in Albuquerque, Alamogordo, Las Cruces, Cloudcroft and Farmington.

Parents tell school board of 'terrorism' in Ruidoso schools

BY SANDY SUGGITT

RUIDOSO NEWS STAFF WRITER

Parents told the Ruidoso School Board during a regular meeting last week that violence is rampant in all the schools, including the elementary schools, and students are not being properly supervised or disciplined.

Janet Arrowsmith-Lowe, parent of two children, told the school board that her son's fears following the terrorist act in Washington, D.C. were less than those following an assault on him at the Sierra Vista Primary School bathroom in August.

Arrowsmith-Lowe said crimes need to be defined in the regulations for the school,

that the school board ought to rescind district policy giving administrators complete discretion whether to pursue any kind of remedy for crimes committed on the school grounds and to set forth criteria for when police will be called.

"All the reading programs, Good Citizen assemblies and Character Counts awards don't amount to a hill of moldy hay if a child is afraid to go to school," she said. "I urge you to investigate parental concerns and to witness first hand the acts of terrorism on the school playgrounds."

Pilar Perry, another parent, said her impression of the school board's reaction at the meeting was "they were being

very soft about it; they said we have policies in place and we've come across situations in the last couple of years, but nothing like Jan's situation... No questions were really answered at that meeting. My personal opinion was they don't get it and what are they really doing about it?"

School board members said they would look into the policies and procedures regarding school safety. Mike Gladden, superintendent of schools, quoted vice president Ronnie Hemphill to the effect that he would not vote for putting criteria for calling the police into district policy, but would leave it to the discretion of the principal at each school.

In other school district business, the board approved a proclamation in support of the widening of Highway 70 for the safety of the students that are transported to and from school.

White Mountain Intermediate teacher Lisa Vasquez was recognized for

being awarded two Center for Teaching Excellence grants for \$3,000 each from Eastern New Mexico University. One is to expand the Internet program and the other is an art history grant.

The school district has not received word yet from the Capital Outlay Committee on the request for funds for the high school auditorium/theater project, Gladden said, and the low bidder on that project, Gentry Construction of Alamogordo, had given the district a 30-day extension on its bid, which expires Oct. 9. Gladden spoke with a State Department of Education official last week who told him he hoped the Capital Outlay Committee would reconvene at

the end of the September.

The school board approved the resignations of Amy Vaca, Nob Hill cafeteria manager, Lula Martinez, Sierra Vista Primary instructional assistant and Violet Rodela, Gavilan Canyon School instructional assistant.

Approved for employment were Lois Sprott, high school math and science teacher, Debbie Behringer, half-time high school instructional assistant, Barbara Samaniego, Gavilan Canyon School instructional assistant, Stacy Smith, Sierra Vista Primary instructional assistant, Gail Sportsman, high school instructional assistant and Wanda Taylor, Nob Hill instructional assistant.

One fatality in a 'mess' of accidents

BY DIANNE STALLINGS

AND SANDY SUGGITT

RUIDOSO NEWS STAFF WRITERS

An El Paso, Texas, man died about 5:43 p.m. Thursday after his motorcycle left the roadway and hit a rock.

The fatality was one of several accidents involving motorcycles over the weekend of the Golden Aspen Motorcycle Rally.

According to a report by New Mexico State Police Officer Landis Hartranft, Salvadore Couder, 37, suffered massive head injuries when he hit the ground after being hurled from his 1998 Yamaha. He was heading north on State Highway 244 between Mescalero and Cloudcroft and apparently was traveling too fast as he tried to navigate a corner, the officer wrote.

Couder was not wearing a helmet and liquor was involved, the officer stated.

Another cyclist was injured on Ski Run Road about 11:30 a.m. Sept. 19.

Paul Capps, 52, Grafard, Texas, was heading east when he failed to negotiate a curve and hit the guardrail sideways, according to State Police Officer Paul Bryan.

Capps was not wearing a helmet and incurred head injuries. He was airlifted to Covenant Hospital in Lubbock, Texas.

Two other motorcyclists were injured east of Bingham on U.S. 380 between Socorro and Carrizozo, the state police dispatcher said. Although no names and some details weren't available, the dispatcher said cyclists were traveling single file eastbound when one driver lost control of his cycle and went off the road.

The driver following tried to miss him and also was injured. One was flown to Albuquerque and the other was brought by ambulance to the Lincoln County Medical Center.

"We had a mess of cycle accidents," the dispatcher said.

An accident at Mechem Drive and Terrace Drive at about 2 p.m. Sept. 21 resulted in slight damage to the 2000 Harley Davidson motorcycle belonging to James C. Copulos of Santa Teresa, and no damage to the 1990 Chevy SUV driven by Jacqueline C. Guest.

Guest's vehicle was south-

bound on Mechem Drive and in the turning lane waiting for traffic to clear. She accelerated through the intersection and Copulos, northbound, braked and turned to avoid hitting her vehicle, and the motorcycle tipped over.

Both occupants of the motorcycle complained of injuries to their legs and the passenger of the other vehicle of injury to the right forearm.

A 2000 Ford in a parking lot on private property at 319 Sudderth Drive received a dent on the driver's side door Sept. 21. Police reported that it appeared as if a vehicle of greater height had backed or driven into the parked car.

The driver was thrown from a motorcycle at 2800 Sudderth Drive Sept. 22 when he failed to stop for a 1989 Toyota XL driven by Jill Bailey of Ruidoso, waiting for traffic to clear. James Allan Massie, 45, of Texas, driving a 2001 Harley Davidson motorcycle, was cited with following too close.

Massie was taken to Lincoln County Medical Center and no one was available at LCMC to say when he was released or transferred. According to the police report, there was slight damage to Bailey's vehicle and moderate damage to the motorcycle.

A 2000 Harley Davidson motorcycle driven by Mark A. Nevins, 36, of Mesquite was following his friend, William Hendrix Hagerman, 38, on his 2000 Honda motorcycle.

Nevins told police he looked to the left and when he turned back he hit the back end of Hagerman's motorcycle, fell off his own bike and hit a dumpster with his backside.

Nevins was taken to Lincoln County Medical Center for treatment and no one was available at LCMC to say when he was released or transferred. Nevins' bike sustained heavy damage to the right side and Hagerman's slight damage.

Domino effect: Guy C. Warnica, 89, of Ruidoso, came around the corner into the Lincoln County Grill parking lot in his 1997 Plymouth Breeze, and his right front bumper struck the front tire of the 2000 Harley Davidson motorcycle of Stanley G. Pipkin of Clovis, which struck the front tire of the 1998 Harley Davidson motorcycle of James Alfred Cooper, which struck Johnny Brent Fay's 2000 Harley Davidson Motorcycle.

Driver inattention was given as the cause of the accident on the police report, but no warning or citation was given.

OUR OPINION

War might delay, but it won't defeat...

The Ruidoso Care Center deal is on track

War has an impact far and wide, not merely on a battlefield — and that is so even if we don't know where the battle lines are to be drawn or (for certain) the identity of all the enemies.

Casualties were monstrous at the World Trade Center and the Pentagon on Sept. 11, but different kinds of casualties are becoming visible every day — in the airline and hospitality industries, in insurance and banking, brokering and trading.

And in deals far and wide, including right here in Ruidoso. Who would have thought a month ago that destruction on Manhattan Island would bring a halt to consumation of a plan for a new local organization to buy the Ruidoso Care Center from a national company?

But that was the case,

because the law firm handling the negotiations for Integrated Health Services happened to have its offices across the street from the World Trade Center.

At last word, IHS had accepted the offer of Lincoln County Care Center Inc., to buy the 80-plus-bed facility.

But that acceptance was more than two weeks ago, before the suicidal plane hijackers destroyed the lives of thousands and launched the nation into a strange, new kind of war.

Yet among the strengths of America is commitment to life, compassion and free enterprise.

Indications are that the deal will go through. The next test in this new environment will be local financing for the purchase.

But there is a need, and this is America. We've no doubt that it will happen.

Defending TV for children

Television is so commonly criticized as being bad for children that an important fact sometimes gets overlooked: some types of television viewing may actually enhance children's intellectual development, according to a new study.

"Sweeping condemnations of television ignore the obvious fact that television contains an enormous variety of forms and content," says lead study author Aletha C. Huston, Ph.D., of the Department of Human Ecology at the University of Texas at Austin. "The findings of this study provide strong support for the notion that the effects of television viewing depend on program content and genre."

In the study published in the September/October issue of Child Development, Huston and colleagues analyzed the television-viewing habits of nearly 200 children aged 2 to 7 over a three-year period. The children, all from low- to moderate-income families, were also given periodic tests of their reading, math, vocabulary and school-readiness skills.

The researchers focused on low- to moderate-income families for several reasons: these families have been underrepresented in previous research, they tend to watch TV frequently, and many educational programs are targeted at them.

Very young children who spent a few hours a week watching educational programs such as Sesame Street, Mister Rogers' Neighborhood, Reading Rainbow, Captain Kangaroo, Mr. Wizard's

World and 3-2-1 Contact had higher academic test scores three years later than those who didn't watch educational programs, the researchers found.

Also, children who watched many hours of entertainment programs and cartoons had lower test scores than those who watched fewer hours of such programs.

Because the average child watched just one to three hours weekly of education programs, compared to an average of 10 to 16 hours of general-audience programs, and five to eight hours of cartoons, the researchers couldn't test whether watching many hours of educational TV would also have exerted a negative effect.

The positive effects of educational programming were strongest for children aged 2 and 3. "Good educational programs can provide lasting benefits to children at many ages, but it may be especially important to provide such fare for very young children because they are less likely than older children to be exposed to formal preschool instruction, and because stable habits of viewing may be formed in the first few years of life," Huston says.

More research is needed on how television may affect intellectual development, say the researchers.

This research was supported by the Children's Television Workshop, using funds awarded by the John D. and Katherine T. MacArthur Foundation.

LETTERS POLICY

The Ruidoso News encourages letters to the editor, especially about local topics and issues. Each letter must be signed and must include the writer's daytime telephone number and mail address. The phone number and mailing address will not be printed; the hometown will be. The telephone number will be used to verify authorship. No letter will be printed without the writer's name.

Letters should be no more than 300 words in length, of public interest, and free of libel; editing will be for length, grammar or spelling. Shorter letters are preferred and generally receive greater readership.

The Ruidoso News reserves the right to reject any letter. Longer by-lined "Guest Commentary" articles will be considered; call the editor at (505) 257-4001.

Letters may be delivered to the Ruidoso News office at 104 Park Avenue, mailed to P.O. Box 128, Ruidoso, NM 88355; faxed to 257-7053; or sent by e-mail to ruidosonews@zianet.com.

YOUR OPINION

United teams, united tribute

To the editor:

During my 29-year tenure as principal, associate superintendent and superintendent of the Ruidoso Schools, I have chosen not to respond in-kind to "letters to the editor."

However, the uninformed letter submitted by H. G. and P. J. Kittrell, in your Sept. 19, 2001 edition, regarding the youth of our community and their potential to lead this nation has prompted this response.

I am sorry the Kittrells did not join the approximately 5,000 citizens of Ruidoso and Artesia in the united tribute and memorial to the victims, survivors and heroes of Sept. 11, 2001. Those youth, so vividly described by the Kittrells, participated in the following acts of citizenship and decency on Sept. 14: the bands of Ruidoso High School and Artesia High School marched as one onto the field, surrounding the flag corps and cheerleaders of both schools, who were holding the largest American flag in Ruidoso; the football teams and coaches of both schools ringed the field, helmets and hats in hand; a moment of silence and/or prayer was held (you could have heard a pin drop); a joint tribute was read by the superintendents of the districts; the entire gathering was led in a moving rendition of "God Bless America" by Ms. Marilyn Orr, a teacher at Ruidoso High School; and the bands of the two schools, and all in attendance, joined as an American community in singing "The Star Spangled Banner." By the way, this 15-minute tribute to America and its heroes was followed by a football game.

I extend to the Kittrells, and any other uninformed community members who doubt the worth and potential of our youth, to join me in a day of visitation with those young Americans in whom I will confidently place my trust to lead this nation.

You are welcome to publicly criticize me and the decisions that I make as superintendent of the Ruidoso schools. I ask that you reconsider your vicious criticism of our young people.

*Mike Gladden
Ruidoso*

Wonderful Kidz

To the editor:

I would like to let our community know how proud I am to be a part of such a wonderful group of people. The playground, Kidz Konnection, was a success because of people working together. We started out with about 200 volunteers on Wednesday and we were able to get a lot done. We had a lot of help from the boys at Camp Sierra Blanca, and from the gentleman from Amity in Fort Stanton. Our football team came out to show their support and lend their muscles to the project. Many other school groups stepped up to support us as well.

Then came the rain! Several people stayed to help despite the rain, and the work continued. By the weekend we had fallen a little behind and made a plea to the community to come out again or for the first time. Scores of people answered our call and joined in our effort to complete this wonderful playground. I have to say that the contractors and their enthusiasm for the completion of this project brought forth their skill and manpower and proved to be an invaluable ingredient to the success of the now-completed playground.

Once again, a sincere thank-you to the volunteers who helped to make this playground a structure we can all be proud of for years to come.

*Laura Seeley-Barnett
Coordinator/Ruidoso*

America's Four Strengths

To the editor:

With the events of Tuesday, Sept. 11, 2001, it is important for us to reflect upon the four strengths of America:

FRIENDS — A support group that is there for us in circumstances (good, bad), and exists when we need support.

FAMILY — The nuclear family is the building foundation of any society.

FREEDOM — The cornerstone of our democratic rights, that ensures our existence as a country and society.

FAITH — Gives us hope for a better tomorrow. Belief in a supreme power. Our belief in God as our creator and protector.

God, thank you for this day. Take our hands and lead the way.

*W. C. "Dub" Williams
State representative/Glencoe*

A life is changed

To the editor:

My life was changed forever on the morning of Aug. 20. My husband of 38 years, Jerry Seitz, was killed in a motorcycle accident.

What has transpired since then has been nothing short of amazing. I won't attempt to mention names, because I might miss someone. But you know who you are.

The State Police were very compassionate and professional in doing a part of their job that must be heart-wrenching — informing me of the death of my husband.

I want to mention these businesses because they were life savers: Lincoln Medical, Swiss Chalet and Zia Gas. Danny Sisson of LaGrone Funeral Chapel went above and beyond the call of duty.

I have been amazed at the cards, flowers, food and phone calls I am still receiving. I have received cards from people I've never met but have talked to on the telephone through my places of employment.

Thank you, Ruidoso, for being my home and for embracing me and my family in our time of sorrow.

*Wanda Seitz, Pam Seitz Collins and family,
Jerry Seitz Jr. and family
Ruidoso*

OUR RIGHT TO KNOW

The First Amendment

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof, or abridging the freedom of speech or the press, or the right of the people peaceably to assemble, and to petition the government for a redress of grievances.

Give everybody a chance to lie

Computer scientists have come up with a program that conceals the identity of campaign donors, thus taking away the candidates' chance to be overly thankful. Maybe it's campaign finance reform.

Plans for campaign finance reform often propose full disclosure of donations. But some legal experts have proposed that if all donations were totally anonymous, there would be no way to buy or sell influence. Computer scientists Matthew Franklin of the University of California, Davis, and Thomas Sander of InterTrust Technologies, Santa Clara, Calif., have come up with a cryptographic scheme to achieve just that.

Anonymous donations were proposed by law professors Ian Ayres of

Yale University and Jeremy Bulow of Stanford University in a 1998 article in the Stanford Law Review. They argued that if candidates did not know who donors were, they could not sell access or influence. At the same time, anyone could say they had donated money, so nobody could be coerced into giving.

Ayres and Bulow proposed using blind trusts to make donations anonymous. But this would still be vulnerable to cheating, Franklin said. Instead, he and Sanders devised a computerized scheme that would scramble the identity of the donor. Candidates would get a regular update of their donation funds, but would not know where the money had come from — or where to direct their thanks.

The basis of the cryptographic solution is to make sure that participants

can lie convincingly," Franklin said. Donors could not be coerced into giving, because they could unscramble the transcript of their donation to claim, plausibly, that they had given money to one candidate when in fact they had given to another.

It is also possible that donors could have someone stand over them in the donation booth, Franklin said. To avoid this, donors could undo coerced donations before making a final selection, he said.

Similar principles of security, privacy and deniability applied to electronic voting, said Franklin. The principle of secret balloting is that voters can avoid intimidation by claiming to have voted for any candidate.

An electronic voting scheme of this type has already been tested in an election in Sweden, Franklin said.

Commission lists priorities for Legislature to help fulfill

Finding a way to reimburse volunteer members of Lincoln County's road review committee is one of seven priorities listed by the county for the state Legislature to consider when its regular session starts in January.

The only allowable reimbursement now is \$5 per meeting, but Commissioners L. Ray Nunley and Rick Simpson said that

doesn't begin to balance the wear and tear to members' vehicles and looking at roads firsthand.

"Do we stand a chance of that getting changed?" Nunley asked Tony Elias, director of the Southeastern New Mexico Economic Development District-Council of Governments.

Elias said Thursday he will explore the

possibilities and report back to commissioners.

Other priorities include the need for more choice in computer programmers for counties throughout the state and reappropriation of \$41,604 from the New Horizon building sprinkler system to the Lincoln water system, which needs significant repairs.

FUNERALS DEATHS

Preston C. Radcliff

Funeral services for Preston Cutler Radcliff, 54, of Alamogordo, will be at 10 a.m. Thursday at Bethel Baptist Church in Alamogordo with Clarence "Yunk" Griffin officiating. Burial will follow at 4 p.m. in the Portales Cemetery. Friends may call from 5-7 p.m. at Hamilton-O'Dell Funeral Home, 1334 North Scenic Drive, Alamogordo.

Mr. Radcliff died Monday, Sept. 24, 2001, in Alamogordo.

He graduated in 1965 from Hondo High School, where he had been active in FFA, the National Honor Society and the Hondo Fiesta Dancers.

In 1971, he graduated from New Mexico State University with a bachelor's degree in range science. He worked more than 18 years for the Department of Agriculture in the Soil and Water Conservation District and was district conservationist

in Alamogordo from 1977 to 1986.

In 1987, he opened Poverty Motors, now Radcliff Motors, which he operated until his death.

He was a member of the Tinnie Baptist Church, the B.P.O. Elks Lodge No. 1897 and the Society of Range Management.

He was a past president of the Roadrunner Trap Club and the Highway 70 West Business Association.

Survivors include his wife, Barbara, of the family home; a daughter, Laura Ann Radcliff Pannell and her husband, Darro, of Alamogordo; a son, Harold Preston of Alamogordo; his mother, Lorena Cutler Radcliff of Hondo; and special friends Doris Monje and her daughters Jennifer and Jessica Lopez of Tularosa.

He was preceded in death by his father, Carl Preston Radcliff in 1973; and a brother, Harold Carl Radcliff in 1967.

Leland Estel Porter

Services for Leland Estel Porter, 79, of Ruidoso, were Sept. 22 at Twin Oaks Memorial Park in Artesia.

Mr. Porter died Thursday, Sept. 20, 2001, at Mission Arch Care Center in Roswell. He was born May 6, 1922, in Crowell, Texas, to Alfred P. Porter and Eula (Johnson) Porter.

He married Cora Lee Williams Nov. 18, 1942 in Clovis.

He was a mechanic and moved to Artesia in 1953 and to Ruidoso in 1976. He was a World War II veteran of the U.S. Army and was a Baptist.

Survivors include brothers Jesse Porter of Portales and Ray Porter of Midland, Texas; sisters Carolyn Harris of Muleshoe, Texas, and Maydene Golden of Dallas, Texas; grandchildren Dwayne Porter of Oregon, Shane Porter of Ruidoso, Cody Porter of Artesia and Jody Porter of Lindsay, Calif.; and five great-grandchildren. He was preceded in death by his wife, Cora Lee in 1997; sons Larry Joe Porter in 1974 and Leland Gaylon Porter in 1991; brothers Elmer Porter, Clovis Porter, Henry Porter and A.J. Porter; and sisters Maudine Nichols, Imogene Chase and Zelma Ruth.

It's Aspenfest time

Ruidoso's own hometown festival is Oct. 6-7

Aspenfest draws near as the days shorten, and the deadline for entries to the Aspenfest Parade is Oct. 1.

Applications may be picked up at the Ruidoso Valley Chamber of Commerce, 720 Sudderth Drive, or call 257-7395 for information.

The theme for this year's Aspenfest is "Celebrating our Lincoln County Community."

Events are scheduled for Oct. 6 and 7.

In addition to the parade;

the Ruidoso Gymnastics Association Arts and Crafts Fair, the New Mexico State Chili Cook-off and the Run to Ruidoso Classic Car Show, this year there will be a "Concert in the Park" on Oct. 7 at the "Kidz Connection" playground built by volunteers at the White Mountain school complex.

For more information on Aspenfest, see the Vamonos section of the Ruidoso News on Friday.

RUIDOSO POLICE

Burglary

Two juveniles from Whiteriver, Ariz., were arrested at 1:36 p.m. Sept. 21 and charged with burglary, minor allowing self to be served alcohol and possession of drug paraphernalia. During an attempted burglary in the 200 block of Gavilan Canyon Road, Ruidoso police caught one juvenile discovered to be intoxicated, and when he went to his residence, they found the second intoxicated juvenile, also in possession of drug paraphernalia.

At 10:15 p.m., the juveniles were arrested again at Ruidoso Middle School and charged with allowing themselves to be served alcohol. They were booked and released to the father of one of them.

Car wash washed

On Sept. 22, a customer at Ruidoso Car Wash, 1129 Mechem Drive, asked the clerk for assistance washing his car due to a disability, and while the clerk washed his car, he went into the office. The clerk subsequently discovered that \$35 was missing from the office. The next day, the customer returned for another assisted car wash and again went into the office, but the clerk followed and confronted him, after discovering \$85 missing. The customer gave back the \$85, which he'd put in his front pocket. No charges were filed.

Multiple violations

Ruidoso police arrested John T. Duran, 41, of Santa Fe, on Sept. 21 for aggravated driving under the influence of alcohol, open container of alcohol in his vehicle, careless driving and driving with a suspended or revoked license.

Car leaves road

Officers responded to a report of a vehicle that had left

the roadway in the 100 block of Mustang Drive and found the defendant outside the vehicle. The police report stated that he had balance trouble and slurred speech and he claimed that he drove into the ditch fleeing someone throwing rocks at him. Duran had an active warrant for his arrest from Valencia County for failure to appear in court, driving under the influence of alcohol and driving with a suspended license and no insurance.

Driving violations

Charles O. Delgado, 45, of Ruidoso was arrested Sept. 22 and charged with driving under the influence of alcohol and driving across the center line of a roadway on Eagle Drive. Police discovered that he had four DUI charges in Texas in the past 10 years.

Two charged

Police arrested Rance C. Miles, 43, of Artesia, Sept. 22 and charged him with driving under the influence of alcohol, failure to drive within a single lane of a roadway, open bottle in the vehicle, and carrying firearms while under the influence of intoxicants.

Police cited his passenger, Gary R. Barbe, 44, of Hagerman, with having an open container of alcohol and carrying a firearm while under the influence of intoxicants.

Officers had observed the vehicle weaving on Sudderth Drive. They found two firearms, one under the driver's seat and one under the passenger's seat.

No light, but arrest

Ruidoso police stopped Roger L. Posey, 27, of Hobbs, after seeing that his vehicle had no working license plate light.

They arrested him after a check with the National Crime Investigation Center showed

that his license had been suspended or revoked with an arrest clause.

Failure to appear

Aretha Vahnahki, 31, of Mescalero, was arrested Sept. 21 on an outstanding Municipal Court warrant for failing to appear at the time and place ordered by the court.

Warrant arrest

David M. McCoy, 19, of Ruidoso, was arrested Sept. 22 on an outstanding warrant for theft in Lubbock, Texas.

Probation violation

Police arrested a 17-year-old of Mescalero Sept. 24 on a warrant for probation violation with the 12th Judicial District, Children's Court Division.

Disorderly conduct

Police arrested Nick R. Gonzales, 28, of Ruidoso, at 2:10 a.m. Sept. 22 and cited him for disorderly conduct and consuming alcohol in public.

The arresting officer found him walking on Carrizo Canyon Road with an open can of beer. Half an hour later, Lori J. Rios, 35, of Ruidoso, was arrested and cited for disorderly conduct and transported to her residence.

Items reported stolen

A resident reported the theft of a grill valued at \$20 and a ladder valued at \$35 from a trailer in the 100 block of Pinecrest Drive sometime between June 28 and Sept. 20.

Burglary, B&E

Sometime between 2 and 7:30 p.m. Sept. 24, four keys, a silver certificate for \$55 and \$15 in cash were taken from a residence in the 100 block of Leona Place.

Break-in reported

Police investigated a break-in and burglary in the 100 block of Rio Street that occurred between Sept. 12 and 18. About \$225 of underwear and the chest of drawers and a cell phone valued at \$50 were reported stolen.

Garage entered

Someone broke into a garage bay in the 300 block of Sudderth Drive between 3:30 and 7 a.m. on Sept. 22, denting the garage door and damaging the guide rails, although nothing appeared to be missing, according to police reports.

Harley stolen

A 2001 Harley, titan-type, valued at \$23,000, was reported stolen from the Hawthorne Suites parking lot between 2 and 11:30 a.m. Sept. 22. The owner, a car wholesaler, said the motorcycle had no gas because he'd emptied it due to a leak. He had gone out with friend to the motorcycle rally. The motorcycle was black with a clown painted on the gas tank.

Cash taken

Police are investigating the theft of \$180 in cash taken from a room at Pinecliff Condominiums, 401 Highway 70 sometime between 11:30 a.m. and noon Sept. 23.

Window broken

A window on the ground level of a residence in the 300 block of 5th Street was broken to gain access between Aug. 3 and Sept. 22, and the boards from the front of an outbuilding were torn off.

Police did not know whether anything had been taken.

LaGrone provides a way to memorialize victims

A program of LaGrone Funeral Chapel of Ruidoso provides register books for people to sign to express their sympathy to the families of terrorist victims and the firefighters and police officers who lost their lives in at New York's World Trade Center while attempting to rescue them.

These register books will be collected and become part of a permanent memorial to the victims.

"Freedom Ribbons" will

also be available to all visitors, striped ribbons with red signifying the victims, white the affirmation of freedom and blue representing the support of our military.

Online memorialization of the victims is available at www.dignitymemorial.com.

The register books are available Monday through Friday from 9 a.m. to 6 p.m. at LaGrone Funeral Chapel, 341 Sudderth Drive, Ruidoso, through next week.

Firewood areas opened

Three new fuel wood areas were opened this week by the U.S. Forest Service in the Cedar Creek area.

Matt Reidy, fire management officer for the Smokey Bear Ranger District of the Lincoln National Forest, said it is the time of year for people to gather their fire wood to cure it in the sun and then cover it with plastic to bake out wood beetles and other destructive creatures.

"They all have good access," he said, of the new collection areas for dead and down trees. "We've posted signs. Just come into the office off Mechem Drive for a \$10 permit per cord of wood and you'll be given directions."

"The high prices for gas and electricity last year created a big demand late in the season. If people collect their own wood and split it, or order it cut to burn, this is the time."

Warriors lose heartbreaker homecoming to Cobre

Just when things looked good for Ruidoso, a kickoff return ended its hopes.

BY WES SCHWENGELS
RUIDOSO NEWS SPORTS EDITOR

Quarterbacks are often the heroes of football teams, but Cobre signal caller Stan Montoya earned that honor in an unorthodox way. With less than a minute left in Friday night's homecoming game, the Ruidoso Warriors (2-3) scored a go-ahead touchdown and looked like

they had the win in hand.

That's when Montoya stepped in. Down 34-30, the quarterback/kick returner took the ensuing kickoff at his own 25-yard line, ran to the left, bounced off a few would-be tacklers and then sprinted upfield for the winning score.

"We've got to play every minute of the game," Warrior coach Les Carter said. "You can't let down for even a few seconds, because it can come back and haunt you."

Things looked good for Ruidoso when senior fullback Brandon

Brumlow scored from two yards out with 57 seconds left in the game. The TD gave the Warriors their first lead since 9:35 in the fourth quarter.

The Cobre Indians (3-1), down four, needed a touchdown, when Montoya found his way through some traffic to a hole in the middle of the field. The runback left Horton Stadium quiet, except for the few dozen Cobre supporters.

The game was close the whole way, as Ruidoso erased an early 12-0 deficit to lead 19-18 at halftime.

A Pine Hill runner is swarmed by the Mescalero defense in Saturday's game. The Chiefs won their homecoming for the first time by a score of 56-46.

Home sweet homecoming

Mescalero gets 56-46 homecoming win over Pine Hill

BY TODD BUTTS
FOR THE RUIDOSO NEWS

The Mescalero Chiefs football team celebrated their homecoming Saturday with a victory over the Pine Hill Warriors (1-3), 56-46.

The six-man game was back-and-forth most of the way, with the Chiefs jumping out to a 36-20 lead at halftime.

The Warrior offense started the second half with good drive to put six points on the board to stay within striking distance 36-26.

The Chiefs' well-oiled offense continued to dominate. Another long run for Bigmouth put the Chiefs up 43-26. The Mescalero defense was next to strike. Strong pressure caused another bad pitch by the Warriors and the fumble was recovered by Chief Josh Valdez.

Mescalero again tried to shove the ball into the end zone, but fumbled on the goal line. The ball went through the end zone for a touchback.

The Warriors patiently moved the ball and were the first to score in the fourth quarter, making it 43-32.

The Chiefs took the kickoff and avoided near-disaster. After a bad snap to quarterback Randy Fulsom, he picked up the ball and

passed it to Talrick Enjady who wove his way to the end zone and 49-32 lead.

Both teams managed to put the ball in for another touchdown, but it was the Chiefs with the 56-46 victory.

"I was real pleased," said Mescalero coach Rodney Wright. "One of our goals was, I wanted us to have to play a full game to win. We had to do that Saturday. The reason why I like that is because I want our kids to get the confidence in themselves ... to keep fighting and win a game in a situation where they have to keep playing to win."

"I was real excited. We had a great crowd. It means a lot to the kids. It shows that the community is supporting our kids and what we are doing."

The game did not start well for the Chiefs (2-2), who coughed up the ball on their first drive, allowing the Warriors to jump out to a 6-0 lead.

Mescalero wasted no time in scoring on the next drive. Raymond Bigmouth tied the game with a 49-yard sweep around the right side.

Both offenses were strong, and Pine Hill was not about to quit. The Warriors played hard. A good offensive drive made the score 24-20 in the second quarter.

But Mescalero repeatedly capitalized on turnovers. A 55-yard run after a fumble recovery by Fulsom put the Chiefs up 30-20.

The Chiefs finished the first half with some offensive variety. A 35-yard pass from Bigmouth to Fred Chee put Mescalero ahead 36-20 at the end of the first half.

Bigmouth had 347 total yards, including six touchdowns. Fulsom had 101 yards in the air and four touchdowns.

Well-rounded offense had Chee with two touchdowns of his own and Enjady also scoring a touchdown.

Pine Hill had 448 yards total offense, which was two yards more than the Chiefs 446. But it was the Chiefs' defense giving them the better field position.

Mescalero will host Mountainair Friday at 7 p.m.

Mescalero Chief Raymond Bigmouth tries to shake a Pine Hill tackler. Bigmouth had 347 total yards in his team's 56-46 victory.

Junior Bulldogs run past learning Tigers

Artesia JV team lived up to the high school's reputation in Thursday's win over Capitan.

BY WES SCHWENGELS
RUIDOSO NEWS SPORTS EDITOR

The Capitan High School football team has played some of the toughest small-school competition in the state so far this year. It didn't get any easier for the Tigers when they went to Artesia Thursday night.

Capitan took on the Bulldog junior varsity squad in Title Town and played tough with them for much of the game. But some mental letdowns gave the contest away, as Artesia won, 40-20.

Perhaps the biggest turnaround came in the last part of the first half.

Capitan led 14-10 with three minutes to go in the second quarter, but a pair of turnovers led to 17 Bulldog points. The halftime score was 27-14.

All was not lost for the Tigers, though, as their defense held Artesia scoreless in the third quarter. But the Bulldogs again exploded in the fourth, scoring 13 points.

Tiger coach Ed Davis was optimistic in an interview

Monday, even though his team is just 1-4.

"Today we had a pretty good practice," Davis said. "I don't see any problem with these boys physically."

The Tigers were hurt by a second-half penalty that nullified a would-be touchdown. The score would have tied the game.

Davis said his special teams also suffered.

"I'm always a stickler for the kicking game," he said. "...Our kicking game fell apart Thursday night."

Both teams' stamina was put to the test, as temperatures were around 100 degrees at kickoff. Davis said the heat was not to blame for the loss.

"We don't use that excuse," he said. "I don't believe in excuses."

Thursday marked the fifth game in the series between the two teams, with Capitan still holding a 3-2 advantage. The Tigers have never won in the Bulldog Bowl, though.

Capitan plays its homecoming game Friday night against Escalante. Davis said a win would be doubly important for his team.

"We've got to get on the winning track before district," he said.

Warriors look good in sweep of Hot Springs

Straight-game victory shows talent, resiliency of Lady Warrior volleyball team

BY TODD BUTTS
FOR THE RUIDOSO NEWS

The Ruidoso Lady Warriors volleyball team (3-7) is starting to gel, and it showed in the Warriors' three-game sweep of the Hot Springs Tigers (6-6) Thursday at home.

Ruidoso rebounded from a disappointing loss in Artesia Sept. 18 to down the Tigers, 15-7, 15-6 and 15-11.

Warrior coach Albert Ronquillo said he saw plenty of effort in the victory.

"We stepped up and played well. I thought we passed the ball well and that we had a lot of intensity," Ronquillo said. "We served the ball extremely well. We hustled and that is what it takes."

Even with one of the Warrior starters, Rachel Loya, out with an injury, the Ruidoso bench stepped up and got the job done. Freshman Charli Krause defended the net and got a couple of blocks.

Warrior Tania Sanchez was busy setting the ball for the power hitters. Carrie Line was dominant at the net with several hard spikes.

Jenna Carrasco, Jessica Gibson and Tamara Grant were also busy at the net blocking and spreading the kills that helped the Warriors to victory.

The victory was a team effort. Digging and passing by Mara Justus, Aimee Powers and Jessica Candelaria had everyone contributing to the Warriors' success.

"Ruidoso is a good team. It should have been a battle. It should have gone to five and we should have played really hard against them," said Tiger coach Marcia Turpen. "We need-

ed to step up and play and we didn't. Ruidoso played very well and I give them a lot of credit."

District play starts for the Warriors Saturday, when they travel to Portales. Ruidoso also took on the Roswell Coyotes Tuesday at 6 p.m. The results were not available at press time.

"We stepped up and played well. I thought we passed the ball well and that we had a lot of intensity. ... We hustled and that is what it takes."

Albert Ronquillo,
RHS head volleyball coach

Lady Warrior Tania Sanchez gets down for the dig in front of a pair of teammates. Ruidoso swept Hot Springs Thursday.

Lobos fall in OT, Kansas St. blanks winless Aggies

■ New Mexico couldn't take advantage of Baylor's mistakes, while NMSU got blown away.

Baylor squandered every opportunity it had to beat New Mexico except the last one.

Daniel Andino's 29-yard field goal in overtime allowed Baylor to beat New Mexico 16-13 after an evening full of offensive miscues, defensive lapses and spotty special

teams play.

New Mexico (1-2) had the ball first in overtime, but running back Jarrod Baxter fumbled and lost the ball on 4th-and-two from the Baylor 3-yard line.

New Mexico was stifled by the Bear defense much of the time, but found some success while managing a game-tying field goal just before the end of regulation.

Vladimir Borombozov's 21-yard field goal with 1:40 remaining in the game came

after Baylor had surrendered a 26-yard reception by Rashan Sanders. The referees then added on a 15-yard facemask penalty and moved the ball to the Baylor 8-yard line after a personal foul.

But Baylor still managed to hold New Mexico to one offensive touchdown and 13 first downs.

New Mexico's only touchdown came on a first-quarter 64-yard pass from Rudy Caamano to a wide-open Joe Manning, who streaked down

the center of the field for the score.

Kansas St. 64, NMSU 0

Josh Scobey ran for four touchdowns, as the Kansas State Wildcats seized a 50-0 halftime lead and went on to a 64-0 win over New Mexico State.

The loss was the worst for the Aggies (0-4) since a 73-3 defeat to Oklahoma in 1989.

Aaron Lockett had a 13-yard touchdown reception and returned the second-half kick-

off 97 yards for another score against New Mexico State, which has been outscored 64-6 in the first quarter.

In the lopsided first half, the Wildcats (2-0) scored off a fumbled punt, a fumbled center snap on an attempted punt and two interceptions by DeMarcus Faggins, who totaled 72 return yards.

With the offensive line overwhelming New Mexico State's defensive front, Scobey had 112 yards on 16 carries and scored on runs of 3, 6, 9

and 14 yards.

The Aggies, who have played four straight opponents who were in the Top 25 last week, had just 6 yards of total offense in the first period of Kansas State's 195. For the game, Kansas State out-gained New Mexico State 521-114.

The Aggies travel to Louisiana-Monroe for their conference opener Sept. 29. It will be the first Sun Belt Conference game in New Mexico State's history.

RHS: Warriors can't hold lead in homecoming game

FROM PAGE 1B

The Warriors got their first lead when junior Tyler Line returned a poor Cobre punt 35 yards for a score, putting them up 13-12 with 7:16 in the first half.

Line and senior Jose Linares both suffered injuries in the game. Line hurt his shoulder, but will be ready this weekend, Carter said, while Linares hyperextended his knee and will not be available for Saturday's game at St. Michael's.

The Indians came back in the second half with a big play of their own. Junior defensive back Dylan Schultz intercepted a Josh Adams pass at the Ruidoso 22 and returned it for a TD, giving his team a 24-19 lead with 5:26 in the third.

The teams then traded touchdowns before Brumlow's score and the ensuing runback.

"They were definitely disappointed," Carter said, "but that's to be expected. ... I think it will get them hungry."

The final Warrior drive looked professional, as Adams kept the ball on the ground. Senior Darryl Bagley carried the ball twice, including a 28-yard scamper that put Ruidoso at the Cobre 33.

Montoya also threw for one touchdown, and Cobre running back Jacinto Cardenas scored twice to keep the Indians in the game.

Downs names new director of marketing for 2002 season

Ruidoso Downs Race Track and Casino has named Neal Mullarky as director of marketing effective Oct. 20. Mullarky replaces Fritz Widaman, who has served in that role since 1999.

Mullarky is currently serving as director of operations at Santa Anita Park in Arcadia, Calif. and has also served as the executive director of racing administration for Magna Entertainment, the company which owns Santa Anita as well as many other tracks around the country including Remington Park, Gulfstream Park and Bay Meadows.

His role with Magna had been to work collectively with many of these tracks across the country as well as his specific duties with Santa Anita, where Mullarky has been based for the past three years.

"We are very pleased to have someone with Neal's abilities and his racing experience joining our team," said Ruidoso Downs Race Track and Casino President Bruce Rimbo. "Fritz has left some big shoes to fill but we believe that in Neal we have found the right man to fill those shoes. He brings experience in both the Thoroughbred and quarter horse racing worlds."

Prior to working for the Santa Anita and the Magna

Corporation, Mullarky spent six years with the American Quarter Horse Association. His role then with the Amarillo, Texas-based registry was to begin the successful Racing Challenge program. Mullarky handled all aspects of the program, including the marketing and promotion of the program, which was developed into one of the best in the racing world.

He also spent some time in Phoenix, Ariz., at Turf Paradise as director of guest, horsemen and community services before joining the Santa Anita team.

Mullarky, his wife Sandy and their three young sons will be moving to Ruidoso area in the latter part of October.

Cross country teams hit Artesia

Warrior runners show strengths and weaknesses in hot Bulldog territory

BY WES SCHWENGLER
RUIDOSO NEWS SPORTS EDITOR

A pair of Ruidoso High School cross-country runners came close to individual victories, but the teams still need more consistency, coach Ronny Maskew said.

The Warriors took part in the Artesia Invitational Thursday afternoon in 100-degree heat. But despite the conditions, some Ruidoso runners excelled, as Josh Romero finished third on the boys' side and Amanda Montes took second for the girls.

Samantha Bigmouth also finished fifth for the Lady Warriors, while Louise Glossop was 14th.

Willie Comanche was 11th for the boys.

But both sides struggled as a team, with the boys finishing fourth of five teams (110 points) and the girls fourth of four (72).

Maskew praised his runners, but acknowledged that there is plenty of room for improvement.

"We're still in a situation where we have to get our fourth and fifth runners up," he said. "... We've got a lot of work to do."

Capitan was also represented at the meet, which is in its third year. The Tigers brought just a boys team, which finished fifth with 118 points.

Despite the small number of teams at the Artesia meet, Maskew said competition was strong. Larger schools, including Hobbs and Carlsbad, were at the run.

The Warriors next head to Lubbock, Saturday, where they will take part in one of the largest meets in the Southwest. The Lubbock Invitational will feature anywhere from 140 to 150 teams from across the region, Maskew said.

Results from the Artesia Invitational:
Boys
Team: 1) Carlsbad, 55; 2) Artesia, 64; 3) Hobbs, 65; 4) Ruidoso, 110; 5) Capitan, 118
Individual: 3) Romero, 17:34; 11) Comanche, 18:50; 28) Fajardo, 20:00; 33) Page, 20:16; 39) Beier, 21:16; 41)

NOTICE OF NONDISCRIMINATORY POLICY AS TO STUDENTS

The White Mountain School of Applied Healing admits students of any race, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, national and ethnic origin in administration of its educational policies, admissions, policies, scholarship and loan programs, and athletic and other school administered programs.

LEGAL NOTICE

The TEA-21 National Scenic Byways Program has been allocated approximately \$25.5 million nationwide for states to compete for funding.

Eligible applicants include city, county, state and federal government agencies, including Native American tribes and pueblos, and 501C non profit organizations. Applicants must be for an eligible activity on a designated scenic byway in the sponsor's area. Eligible activities include:

1. A statewide activity to develop the Scenic Byways Program.
2. Develop and implement a corridor management plan for a scenic byway.
3. Safety improvements necessary as a result of increased traffic or changes in the types of vehicles using the highway as a result of byway designation.
4. Construction along a scenic byway of a facility for pedestrians and bicyclists, rest areas, turnouts, highway shoulder improvements, passing lanes, overlooks, and interpretive facilities.
5. Improvements to the scenic byway that will enhance access to a recreation area.
6. Protection of scenic, historical, recreational, cultural, natural, and archaeological resources in an area adjacent to a scenic byway.
7. Developing and providing tourist information to the public, including interpretive information about the scenic byway.
8. Development and implementation of scenic byway marketing programs.

Please submit a letter of intent to apply for a grant and include your name and mailing address (phone and fax are optional) postmarked by October 20, 2001 if you would like to receive an application packet. Only those potential applications that submit a letter of intent or return the form enclosed with the solicitation letter (if you were mailed one) by the due date will be eligible to apply for a grant. For program assistance, contact Laurie Evans at 505-827-5516 or via email at laurie.evans@nmshtd.state.nm.us.

The application deadline is 5:00 p.m., January 15, 2002. The Regional Planning Organization must physically receive all applications on January 15th. Late applications will be returned unopened; ineligible and incomplete applications will not be considered for funding. Mail or hand deliver applications to the following address:

Regional Planning Section
Post Office Box 149

1120 Cerrillos Road (South Building 1 North)
Santa Fe, New Mexico 87504-1149

Attn: Laurie Evans, Scenic Byways Coordinator
Applications will be distributed to the appropriate Metropolitan and Regional Planning Organizations for review and prioritization. Then the Scenic and Historic Byways Advisory Council will evaluate and rank applications, resulting in a recommended list of projects, which is then submitted to the State Highway Commission for approval. The approved applications are submitted to the FHWA for consideration of funding. Awards will be announced around December of 2002.

The Scenic Byways Program awards require a local match. Federal funds provide up to 80 percent for each project, with the requirement of a 20 nonfederal percent match. Funds authorized for use by a federal land management agency can be used as the states matching share for a project that is located along a public road that provides access to or is within federal or Indian land.

The value of third party, in kind, donations may be accepted as the local match when they are directly associated with the scenic byway project and the period during which it is undertaken. Third party, in kind donations include services, property, materials, and equipment. The in kind donations must not have been used as a match for any other federally funded project. Donated services may be accepted from private sources but not from government agencies.

The program is administered by the State Highway and Transportation Department for the Federal Highway Administration and provides funds to develop, protect, and promote designated scenic and historic byways in New Mexico.

EDUCATION BRIEFS

Capitan board to meet

A special meeting of the Capitan Board of Education will be at 12:30 p.m. Friday in the board room at the Administration Building.

EMT classes

An EMT Basic Refresher course will be Oct. 5-7, and an EMT Intermediate Refresher Oct. 19-21 at the Eastern New Mexico University-Ruidoso office, 709 Mechem Drive. Class times are 5-9 p.m. Friday, 9 a.m. to 5 p.m. Saturday and 10 a.m. to 4 p.m. Sunday. The cost is \$25 for in-district students and \$29 for out-of-district students.

To register or for additional information, call 257-2120 or (800) 934-3668.

Ruidoso NMSU grads

The following students from Ruidoso are summer graduates at New Mexico State University's main and branch campuses:

Lindie Ann Reynolds with a degree in Hotel/Restaurant/Tourism Management; Daniel Kevin Espinosa with a degree in Engineering Technology; and Larry Kent Lucas with a degree in Hotel/Restaurant/Tourism Management.

Parenting classes

The Counseling Center will offer a six-session parenting course on six consecutive Tuesdays from 6:30 to 8:30 p.m. beginning Oct. 2.

The classes will be in Capitan and are open to all Lincoln County parents. The focus will be on parents and their elementary school children, but parents with children of other ages are welcome.

Among the topics: children's roles in the family, self-reliance and commitment, tools and capabilities needed for living, getting involved vs. being a "couch potato," reasons for the decline in motivation and desire for achievement, factors that contribute to youth engaging in risk-taking behaviors.

The course is free, but prior registration is required. For registration and the location of the classes, call Genevieve Phelan or Misti Rel at The Counseling Center, 257-6038.

ENMU staff honored

Two University Relations staff members at Eastern New Mexico University have received national recognition from the National Federation of Press Women.

Wendel Sloan, director of News Services, received second

place in the nation in the category of "Radio Spots." The award was for a series of "Psychedelic '60s" homecoming spots written by Sloan and produced by Doc and Natalie of The Morning Show on KSMX Radio in Portales.

Carolyn Mullenax Edwards, director of publications, was selected by the new Mexico Press Women's organization for the New Mexico Communicator of Achievement award, and advanced to the national competition.

The competition included winners from each of the 50 states. Awards were presented at the press women's national convention banquet in Indianapolis, Ind., on Sept. 16.

Last year, Sloan also received a second-place national award from the press women for newspaper columns written for The Clovis News Journal.

Edwards also won first in the state this year for editing Eastern Magazine, the alumni/employee publication for Eastern, second for a scholarship brochure and honorable mention for an alumni brochure.

No 'backlash'

LAS CRUCES — A New Mexico State University faculty member was harassed on campus and beaten off-campus in two separate incidents, according to police.

The Hindu research assistant, from East India, was hit with a water balloon on his leg as he walked through a campus parking lot Saturday night, according to NMSU Police Chief Lou Cabot.

Sergeant Juan Moreno of the Las Cruces Police Department said the victim reported that Sunday night as he was walking through an apartment parking lot, a white, mid-size, four-door sedan pulled up near him and three Anglo men exited and attacked him.

According to Moreno, the victim said one man, described as being in his 20s or 30s, held him down while another beat him on the stomach and head.

The victim told police he believed the reason for the attack was because he looks as if he is of Arab decent.

Students raise money

About 30 advanced art students from Ruidoso High School raised \$250 for disaster relief for the American Red Cross Sept. 20, according to art teacher Karen Reeder.

The students painted business windows for homecoming as a fundraiser, an annual activity that usually buys art supplies for classes.

■ An enthusiastic teacher with publishing experience is renewing the RHS journalism program this year.

Carolynne Knox is the new driving force behind this year's student newspaper, "RHS Today," the first copy of which will be distributed on Oct. 2.

RHS cranks up a press again

BY SANDY SUGGITT
 RUIDOSO NEWS STAFF WRITER

This year's Ruidoso High School journalism students plan to pop their first publication of "RHS Today" Oct. 20 — even though most of them are freshmen and first-year students in the program.

An enthusiastic new teacher, Carolynne Knox, has taken charge of the Ruidoso High School journalism program, which didn't publish a print paper last year because the journalism teacher, Dennis Davis, chose to publish an online newspaper.

Knox was hired by the school district this year to teach the two newspaper classes — as well as English classes.

"A lot of students are really excited about building our program back up," Knox said. "We have the most recent textbook around, state-of-the-art. It's exciting because I can go to the Web site and get resources for teaching and students will also have a password so they can go there as well for resources."

Knox and her 50 students plan to produce a monthly newspaper in magazine format this year and publish it in-house. They'll print it using Pagemaker software on 11-inch-by-14 inch paper and fold it with the school's folding machine. The publication will also go on the school's Web site for parents, appearing online the day after print publication, with URLs in the print version referring readers to the site for more photographs, as well as daily updates. (In previous years, the high school's newspaper was printed in tabloid form by the Ruidoso News.)

Each student is required to submit an article every three weeks, and each decides whether to submit it for publication. Then the articles go to the editorial staff to select those that will be published. Several students are already busy with in-depth stories for next month's publication.

Knox said she's watching "the cream rise to the top." One student spontaneously became business manager and sells ads

for the publication. Another student is working on a computer and technology column.

"New this year: we're going to pay for our printing with the ads and give everyone in the school a paper," Knox said. "Previously, they printed only 300 and sold them for 25 cents a piece. We're putting together a little sales force and they've sold four ads already."

Enough ads have been sold to pay for the first publication, but the sales force will put together a sales kit with a sample of the newspaper and learn professional behavior for sales and how to represent the high school, she said.

"The first one will be four pages. We want to double it for the November issue, then we'll re-evaluate," she said. "We think that will pretty much keep us busy since we're busy learning journalism as well. I want the kids to go 'This isn't enough' and really insist (on expanding the size). I'm going to hold them back until we're really good at what we're doing."

Although all the students but three are beginners in journalism, several students were involved in the middle school newspaper, and a couple published a newspaper over the summer, Knox said. Since journalism is an elective, some of the students in the afternoon class are there because they couldn't get into other electives.

Although the students are forced to learn the basics of journalism while producing a publication, much of the learning is experiential, and they're learning a lot of grammar, she said.

"These Journalism I students are going to publish a paper."

So while they're learning the vocabulary and the basics, they'll also be involved in the nitty gritty details of interviewing, writing, editing and printing," Knox said.

The students are enthusiastic, though, and several of them go to the journalism room before and after school to work on the paper — one as early as 7:15 a.m.

"The joy of the journalism program is you learn by doing and you have content for your writing," Knox said. "One of the wonderful benefits of taking a journalism class is you learn lifelong skills: note taking, organizing your thoughts, organizing your life, meeting deadlines and being alert to what's going on around you. I believe once you've been trained in journalism, you look at events and life differently because you're aware of much more."

Knox has a degree in English and Spanish and her journalism background comes from five years of producing weekly and monthly corporate newsletters and magazines. She taught English and Spanish in three school districts in Texas.

"I'm here on a mission and it defines itself every day," she said. "My mission is to help kids find their purpose, their balance, their center. The sooner you find that, the better off you are. Then you can go on and live a life that's meaningful to you."

Classroom practice, is part of the working environment for RHS journalism students undertaking their own newspaper publishing enterprise in both print and electronic forms.

600 LEGALS

LEGAL NOTICE

VILLAGE OF CAPITAN
NOTICE OF INVITATION
FOR BID

Competitive sealed bids will be received by the Owner, The Village of Capitan, P.O. Box 248, Capitan, NM, 88316 at Village Hall Building, 114 Lincoln Avenue until Friday, September 28, 2001 at 2:00 p.m., at which time bids will be opened and publicly read aloud, for:

Project No. CDBG 99-C-
RS-1-3-G44

Project: Parking and Driveway additions and installation of paving at New Public Safety Facility, 211 East Smokey Bear Blvd., Capitan, NM: 8" concrete and/or 4" asphalt on 6" compacted base course.

All bids must be on a lump sum basis. A bid must be submitted on all bid items and alternates, segregated bids will not be accepted. Bid prices shall not include state gross receipts or local option taxes.

The Owner will receive bids on the date and up to the time listed above at the Village Hall, 114 Lincoln, Capitan, New Mexico. Bids received after this date and time will be returned unopened. All interested parties are invited to attend. Bids will be opened and publicly read aloud immediately after the specified closing time.

Complete sets of the bidding documents may be obtained from the Village of Capitan in accord with Instructions to Bidders upon depositing the sum of \$150.00 for each set of documents, which amount constitutes the cost of reproduction, handling and applicable taxes. Any bona fide bidder, upon returning the documents in good condition within ten (10) days following the bid opening, will be returned the full amount. Non-responsive bidders will not receive a refund.

600 LEGALS

Bid Security in the amount of five percent (5%) of the Bid must accompany each Bid in accordance with the Instructions to bidders.

This project is funded in whole or in part by a grant from the State of New Mexico Small Cities' Community Development Block Grant Program and is subject to requirements of the United States Department of Housing and Urban Development and the funding agency.

The Owner reserves the right to waive technical irregularities and to reject Bids. Bids shall be good for sixty(60) days following the opening of Bids and may not be withdrawn. The Owner intends to award this project to the lowest responsible bidder and to award the bid it considers to be in the best interest of the Village of Capitan.

POOP SCOOP

groups from 11 a.m. to 5 p.m.
Oct. 6 on the Santa Fe Plaza

by DIANNE STALLINGS
RUIDOSO NEWS STAFF WRITER

by Dianne Stallings
ruidoso news staff writer
The week of Sept. 30
through Oct. 6 marks the Second
Annual New Mexico's
Week for the Animals.

Events in Santa Fe will include pet adoption fairs, children's art and literary contests, discount spaying and neutering by veterinarians in that area and humane education classes. Seminars are set for teachers and youth leaders.

Displays are planned at museums and libraries with special humane education reading racks.

The week will culminate with entertainment and activities such as pet adoption fairs, talks and demonstrations by domestic pet and wildlife

groups from 11 a.m. to 5 p.m. Oct. 6 on the Santa Fe Plaza.

Through the activities, members of the volunteer task force hope to raise awareness of the overpopulation of domestic animals in the state resulting in the euthanization of thousands of animals each year. They hope to educate the public on the humane treatment of pets and raise awareness of the need to preserve and nurture the state's abundant wildlife.

For more information, check out www.animalweek.org, or to volunteer, call coordinator Jane Carson at (505) 466-0091.

Awareness also is promoted by the Humane Society of the United States in its annual State of the Animals 2001 report.

One of the tables most distressing even though it shows a dramatic drop in the

number of animals euthanized, deals with shelter euthanasia of owned animals.

According to the data, in 1973, the total number of owned dogs and cats was 65 million. The number of animals euthanized was 13.5 million and 21 percent of those were "owned" pets.

Last year, the number of animals owned in this country nearly doubled to 120 million, but the amount killed in shelters dropped to between 4 million to 6 million. Of those, 4.5 percent, a cut of about three-quarters in 28 years, were "owned" animals.

The declining numbers are encouraging, but at the same time, the concept of 6 million dogs and cats being killed in shelters is staggering.

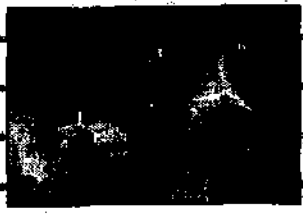

I'll take a look at some more data and information from the national report next week..

Pet Corner

Sponsored by the **RUIDOSO NEWS**

SALT

HOURS
Tuesday
through
Saturday
1 - 5 p.m.
257-9841

DAISY

Salt is a pretty and sweet-natured, 6-month-old gray and white female cat with a medium-length coat of hair and unusual facial markings.

Daisy is a 9-month-old Walker Hound, who already is spayed. With a face that would melt any heart, she is lively, intelligent and devoted.

ADOPTERS MUST MEET ELIGIBILITY REQUIREMENTS

PSYCHIC PREDICTIONS

Judith L. Christopher

Week of September 26 - October 3, 2001

Virgo (Aug 23 - Sept 22)

This is not a time to hide from anything or anyone! Face the music. Talk it out. You'll feel better in the long run! Be True to Yourself.

Libra (Sept 23 - Oct 22)

What once was (in your past) is no more, only because the person you once were is gone! The new you will seek out good and lasting LOVE!

Scorpio (Oct 23 - Nov 21)

Not even a good time to straighten out problems you can't solve! Let it slide, and the problem will take care of itself! KEEP the FAITH with LOVE.

Sagittarius (Nov 22 - Dec 21)

You can't even begin to understand the things that are going on at this time! "Chill" Go for a walk, a long ride, get away, clear your thoughts NOW!

Capricorn (Dec 22 - Jan 19)

Take this time to reflect, on what is most Loving in your life! Money can't buy You Love, it is as Free as your spirit! Give it away!

Aquarius (Jan 20 - Feb 18)

This is not a time to Fear the Future! You have only a little time left to make a Good move! "You Can Do It" and do it well you will!

Pisces (Feb 19 - March 20)

Don't believe everything you Hear! People mean well, but will turn the story around to fill in what they can't handle! Go with your Spirit... Truth!

SEARS

Sale prices in effect
Thursday, Sept. 27th-Saturday, Sept. 29th
Availability of items shown in this
advertisement may vary by store.

You can count on Sears for satisfaction guaranteed or your money back. This advertisement includes many reductions, special purchases and items at our everyday low price. Items at most larger stores. Environmental surcharges extra. SEARS IN-STOCK PROMISE ON ADVERTISED ITEMS We try to have adequate stock of advertised items. When out-of-stock occur, an equal or better item will be substituted at the advertised price. This In-Stock Promise excludes limited offers, special orders and items not normally available at your Sears store. EXCEPTIONAL VALUE: Never priced lower. We believe the items that carry this mark are the very best values in the marketplace every day and will never be priced lower. Excludes clearance. ALL ON SALE ADDITIONAL EXCLUSIONS: Savings apply to merchandise only. Not valid on Exceptional Values, closeouts, Bose, Maytag Gemini and Neptune, hearing aids, installed home improvements, and maintenance agreements. IMPORTANT CREDIT TERMS MONTHLY PAYMENTS: Sales tax and delivery and installation charges, if any, are not included in monthly payments shown. Actual minimum monthly payment may vary depending on your current account balance. 0% FINANCING DETAILS: No finance charges, no billing and no payments until date specified on qualifying Sears credit products. ANNUAL PERCENTAGE RATE (APR) for Sears credit products is up to 24.9%. Rates may vary. Minimum monthly finance charge up to \$1, if any finance charge is due. Regular Credit terms apply after the 0% period. 0% not applicable to existing balances. Sears cards issued by Sears National Bank. Prices shown are for black in dishwashers and microwaves, white in all other appliances unless otherwise indicated. Colors, connectors, ice maker hook-up, dishwasher installation extra. Gas dryer priced higher. TV screens measured diagonally, receptor simulated. Gas grills require some assembly. Gas grills professionally assembled for only \$20. This advertising supplement is printed on recyclable paper. Sears is a registered trademark of Sears, Roebuck and Co. Sale dates as noted unless otherwise indicated.
