# Truckers seek halt to road work

■ Workers on the U.S. 70 four-lane project say they haven't been paid in weeks and demand compensation before they continue.

BY DIANNE STALLINGS
RUIDOSO NEWS STAFF WRITER

Disgruntled truckers, who say they are facing a mounting pile of unpaid bills, asked Gov. Bill Richardson to stop the U.S. 70 expansion project through Hondo Valley until they are paid.

The letter faxed to the governor May 19 is a follow-up to complaints voiced first-hand during a town hall meeting with Richardson in Ruidoso two weeks ago.

Linda Norton, a Capitan resident whose husband drives a truck, but is no longer willing to work the project that stretches 37 miles from Ruidoso Downs east to Riverside, said a list of 18 truckers contend they are owned an estimated $155,909. More truckers not yet contacted also may be unpaid, she said. Some checks were received recently, but don't begin to cover the amount of outlay by the truckers, some of whom have maxed out credit cards and can't meet bank loans while waiting for their pay, she said.

Officials with Sierra Blanca Constructors, the design-build contractor on the $130 million project, claim their subcontractors have been paid, said Brian Condit; an assistant to the governor who started looking into the situation after the initial contact.

"The issue is the third-tier subcontractor," he said Monday from his office in Santa Fe. "The secretary (Rhonda Faught, state Highway and Transportation Secretary) assured me she is conducting an audit and is committed to try to help them get to the bottom of the situation."

Part of the problem is that some of those third-tier subcontractors apparently were working without contracts, he said.

"We're trying to make them whole and to correct the situation to avoid future problems," Condit said. "We understand the urgency of the situation and acted on it rapidly. We're trying to get to the bottom of this and we're about half way there."

In her letter, Norton told Richardson, "Although it may sound extreme to some,

# Village workers to see increase in pay next year

## 'Buffet-style' raise will come from untagged money in airport fund

BY DIANNE STALLINGS
RUIDOSO NEWS STAFF WRITER

Village employees will benefit on several levels with a proposed package recommended for Ruidoso's 2003-2004 budget.

During a budget workshop Monday, the four councilors attending indicated their support for the proposal presented by village manager Lorri McKnight in a "buffet" style. The councilors said they were interested in nearly the whole meal.

"I certainly think our employees are overdue on some raises and we all agree this community has gotten more expensive to live in over the last few years," said acting mayor Ron Hardeman.

The $256,000 needed to pay for the buffet for the 190 employees will come out of undesignated money in the airport fund fueled by a special one-half cent gross receipts tax, leaving a balance of about $8,000.

McKnight said under the option preferred by the councilors, the village would pick up 2.4 percent of the employees' state retirement contribution. The percentage was based on a cost of living increase.

"In every case, they benefit more with (that approach)," the manager told the councilors. She compared a dispatcher earning $9.79 per hour, saying the net pay with the increase would be $581.79 compared to $597.16 with the village paying the state retirement percentage.

A proposed reclassification of village positions also will benefit many employees, McKnight said.

Personnel director Debbie Rogge reviewed every job description and pay level with 18 other cities in New Mexico and with Park City, Utah, to come up with an average, she said. The reclassification includes department directors.

McKnight said that two years ago, directors gave up their salary increases to allow raises for employees. Their last hike occurred four years ago, she said.

The changes will make the village more competitive, Rogge said, but to hit the average would cost the village about $600,000. "There's no way we could do that," she

# Amity out at fort rehab program

■ A new company will take over July 1 after successfully bidding for the program.

BY DIANNE STALLINGS
RUIDOSO NEWS STAFF WRITER

Officials with Amity Foundation, which have operated a drug and alcohol rehabilitation program for state probationers and parolees at Fort Stanton for the past three years, will be packing their bags June 30.

The company, which has 30 years of experience in the field and operates outreach programs in Española and Albuquerque, wasn't picked as top choice in the latest round of proposals to run the program at the historic fort.

Sherry Helwig, community corrections administrator for the state Corrections Department, said Amity's contract expires on June 30 and, if contract negotiations are successful, a new company will take over July 1.

The department advertised for proposals, which were evaluated by a committee. Picked for contract negotiations was the firm of Civi Genics, which is based in the East but has programs in Colorado and Texas, she said.

Ruidoso school staff celebrated an accumulated 269 years of service by 16 retiring staff members Monday in a reception at Hawthorn Suites.

Thirteen-year Superintendent of Schools Mike Gladden, retiring after breaking the state's record for tenure, and serving 30 years in the Ruidoso schools, handed out plaques in recognition of other staff members.

"I have been blessed," Gladden said when he received his own plaque. "All you people here, all of the school boards — I have been blessed."

He also announced the resignation as of Monday morning of Frank Cannella, principal of White Mountain Elementary School, with the Ruidoso schools for 25 years.

Retiring Nob Hill Early Childhood Center Principal Roger Sowder said that Cannella had been selected by New Mexico's National Distinguished Principal Association to represent the state in the National Distinguished Principal Program.

Sowder said that due to recent open-heart surgery requiring "a full six months to recuperate," Cannella had resigned out of concern for his school.

"The National Association of Elementary School Principals made an exception to the rule that the principal would be practicing the year selected," Sowder said. "It's truly a great honor, outstanding recognition and very, very prestigious."

Ruidoso High School will lose its assistant principal, Art Howard, who has served in Ruidoso for the past five years.

Also leaving the high school is teacher and coach Ronny Maskew, who is retiring after 34 years, leading the retirees in length of service to the Ruidoso schools, followed by third-grade teacher Christine Farrington with 30 years of service.

Mary Ellen "Ellie" Keeton, the librarian at White Mountain Intermediate School and director of all the elementary school libraries, is retiring after 29 years in Ruidoso.

Teacher Donna Willard took the open mike to praise Keeton's contribution to the schools and began with a joke. She said she asked Keeton how many librarians it takes to screw in a lightbulb. The librarian gave it some thought before replying.

"I don't know," she said, "but I'll

to improve performance, we hope."

Pamela Jay, who heads the local Amity project, said foundation officials consider their residential substance abuse program highly effective.

"Amity has operated the six-month therapeutic community project at the fort under contract with the state since July 2000, and during that time achieved excellent results in reducing recidivism," she said. "Our most recent follow-up survey of program participants revealed about 70 percent of an estimated 180 graduates remained arrest free from six months to two years after their release from the program.

"Because more than half of the state's new prison inmates are revoked probationers or parolees, the success rate of Amity's program reflects a great cost savings to the state as substantially fewer of these treated individuals return to prison as compared to their counterparts."

Amity housed and treated program participants for about $14,000 a year each compared to prison cost of $28,000 a year, Jay said.

"It was an honor and privilege to have served the public and we are humbled to have been able to help so many people change their lives for the better," she said. "We stand ready to serve again and continue to provide similar services throughout New Mexico."

The California firm occupied several buildings at the fort about 15 miles northeast of Ruidoso.

help you look it up."

Third-grade teacher Patricia Mulholland is retiring after 22 years in Ruidoso.

Mulholland said she knew she would make it as a teacher during PE class at her first position as physical education and GED instructor.

"I remember being out in the playground with the whistle, and when sixth-graders taller than me were thinking this was recess time, I thought if I can do this, I can do anything," she said.

Ruidoso High School will also lose Rebecca Durham, for 21 years a gifted teacher, internship coach and cheerleader sponsor, and Pixie Arthur, Student Council sponsor and computer and Web design instructor for 20 years.

Sierra Vista Primary School will lose first-grade teacher Linda Lott, who has taught in Ruidoso 20 years after learning to teach children from 27 nationalities to read at an international school in Saudi Arabia.

That school will also lose 19-year second-grade teacher Ellen Hightower, who credits her teaching success to "the best mentors in the whole district — Nelly Jones and Gretta Cabot," as well as her first principal, Donnie Williams.

Nob Hill Early Childhood Center will lose long-time instructional assistants Josephine Sanchez (13 years) and Carolyn Rice (nine years).

White Mountain Schools counselor Selma Saavedra is leaving the Ruidoso schools after two years to work in real estate.

# 'Y' meeting is Thursday

A special meeting of the Ruidoso Village Council is scheduled for 9:30 a.m. Thursday at village hall to discuss recommendations on construction delays at the intersection of U.S. 70 and State Route 48.

With Memorial Day weekend and the start of racing season looming, councilors are looking at alternative to keep traffic safely flowing in that area.

Village hall is on Cree Meadows Drive and Kansas City Street.

## CLARIFICATION

Letters notifying 500 lot owners that enforcement is underway on new Ruidoso laws requiring fire resistant landscaping and construction will go out June 1. Ruidoso Forestry Department head Rick DeJaco's reference last week to positive reaction about enforcement moving ahead was tied to an article in the *Ruidoso News* two weeks ago, he said Monday.

"I don't want anyone to panic because they didn't get a letter yet," DeJaco said. "They won't be mailed out until after June 1."

**Linda Norton**
wife of truck driver

Norton contends checks that were received haven't averaged out to $50 an hour as promised, that truckers are not being paid every two weeks and that the scope of work has changed several times.

Mary Ann Wootton, public information and community liaison with Sierra Blanca Constructors, said in conversations with Norton May 9 and May 12, she was told one check had been received and another was expected.

"I told her I could only work on firsthand individual complaints and no one else has contacted me," Wootton said Tuesday.

Once the problem was brought to the company's attention, Sierra Blanca streamlined the pay process to T.R. Trucking, its subcontractor on the project and the company that contracted with the the third-tier truckers. Sierra Blanca now pays weekly instead of every two weeks and recently started overnighting checks from California to avoid delays through regular mail, Wootton said.

"These are the steps we have taken," she said. "We do understand the plight of truckers. We are not withholding payment. They are not eight weeks behind. We don't want the truckers not to get paid or the project to stop, but we don't know any other things we can do to help."

# County ups indigent fund eligibility by 5 percent

■ But that's small compared to the federal increase of 24.3 percent.

BY DIANNE STALLINGS
RUIDOSO NEWS STAFF WRITER

Income eligibility for payment of health care bills under Lincoln County's indigent fund was expanded Tuesday, but county commissioners picked a much more conservative figure than federal standards.

County manager Tom Stewart pointed out that under federal guidelines, eligibility limits on income increased by 24.3 percent this past year. That's too big a potential hit for the county's indigent fund, he said. He suggested a 5 percent jump instead.

Under the previous limits, a single person could earn up to $19,550 and qualify for county help in paying medical bills. The federal percentage would have pushed that figure to $24,300, but the commission compromised at $20,527.

Commission Chairman Rex Wilson said $20,000 probably is a break point for many individuals and the change should help.

A family of four now could earn $29,016 compared to the previous $27,900 or the federal limit of $34,700.

"From a management perspective, I was concerned," Stewart said. "It has a ripple down effect. It would have thrown the budget out of kilter."

Teresa Montoya, indigent care administrator, said the federal government gives a range and the county's figure is toward the middle.

This past year, seven claims involving four people were denied based on income that would be acceptable under the new limits, she said.

"We're trying to get where we should be and not hurt the indigent fund," she said. "I think increasing it to $20,000 will help a lot."

The commission also followed Stewart's recommendation to increase the amount of money that can be claimed under the sole community provider compensation designation from $15,000 to $20,000. Those claims are filed through the county-owned Lincoln County Medical Center.

Commissioner Leo Martinez noted that even if a claim exceeds $20,000 or a person earns more money than the guidelines approved by the commission, the hospital on its bills can waive payment as either bad debt or as a charity case.

Uncompensated care is part of the justification used by the Ruidoso hospital to claim sole community provider reimbursement from the government on a $3 for every $1 basis, he said.

# Body found, foul play doubtful

BY SANDY SUGGITT
RUIDOSO NEWS STAFF WRITER

The Lincoln County Sheriff's Office found the body of a 37-year-old Carrizozo man on the west side of Carrizo Mountain on Friday.

Hy Paul, who had been missing since April 11, was found by his father, Harley Paul, of Truth or Consequences. Paul had been looking for his son for several days on horseback when he found him in a "very inaccessible place" six to seven miles from Carrizozo, said Undersheriff Ricky Virden.

"He had been missing 32 days; the body was pretty well decomposed," Virden said. "There were no signs of foul play. This is a very inaccessible area. Nobody could get there that didn't know where they were."

Sheriff's Office personnel walked in for an hour or more to get to the body.

Paul's body was sent to the Office of the Medical Investigator in Albuquerque and the Sheriff's Office is waiting for the conclusion of that office.

The undersheriff said the cause of death could have been snake bite, as there were no obvious broken bones and no injury to the skeletal structure.

No water jug or camping gear was found near the body, but Virden said Paul often hiked in the area without camping gear.

"We didn't have any clue where to look," Virden said. "We looked in abandoned houses and didn't find him, so the father decided to look at some places he knew of where the boy had gone before."

# Fire near Cree Manor stopped quickly

BY DIANNE STALLINGS
RUIDOSO NEWS STAFF WRITER

Fire broke out in a small patch of grass in a rocky area about 100 feet south of Cree Manor Sunday.

Three firefighters with the Ruidoso Fire Department responded and quickly put out the blaze, said public information officer James Mason.

The cause of the fire is unknown, he said. The smoke was detected by a spotter in the U.S. Forest Service tower about 2 p.m.

"It only burned about 200 square feet of material, but it was close to a housing area and to Cree Manor off Starlite Drive," Mason said.

A fire swept through the nearby gully off Paradise Canyon Road more than 20 years ago, burning one home and stopping close to another. Since then, many more homes have been built in the area.

# Judge asks commission to OK deputies

■ Karen Parsons says a lack of police coverage puts residents in danger.

BY DIANNE STALLINGS
RUIDOSO NEWS STAFF WRITER

In an unusual move, a district judge in Lincoln County called on county commissioners not to cut the request of Sheriff Tom Sullivan.

Judge Karen Parsons of the 12th Judicial District in Carrizozo, wrote commissioners May 16, asking that they seriously consider increasing the budget to allow the sheriff to hire more deputies.

"Certainly, any consideration of decreasing the present budget would be detrimental to the people of Lincoln County," she wrote.

County manager. Tom Stewart had recommended that commission not approve a FAST Cops match of $20,784 for Sullivan to pay for a portion of the salaries of two deputies.

The sheriff's budget request for the next fiscal year sits at $1,428,538, which covers 15 deputies, an increase of $43,755 from the current year.

"It is my understanding that due to current budget restraints, Lincoln County, during certain periods of each day, does not even have one deputy out in the field, but does have one on call," Parsons wrote. "Needless to say, this is constantly exposing our citizens to danger."

She wrote that she hesitates to request a deputy when court is in session because of the deputy shortage, "thereby placing the litigants in my court, the court staff and others in possible danger. It would be nice to know that a deputy could be readily available for assistance, if necessary."

The commission was working on the final version of the budget late Tuesday.

said. Supervisors can award some merit raises and increases are given for additional training, she said.

The new classifications also recognize those who obtain higher certifications more quickly, McKnight said. Currently, police officers who are hired with certifications must wait three years to benefit financially, she said.

The cost of paying for all the current certifications was estimated at $20,000, she said.

U.S. Department of Housing and Urban Development

COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

## COMBINED NOTICE OF FINDING OF NO SIGNIFICANT IMPACT AND OF INTENT TO REQUEST A RELEASE OF GRANT FUNDS

## NOTICE

City of Ruidoso Downs
PO Box 348
Ruidoso Downs, NM 88346

Date of Publication: May 21, 2003

Telephone Number
(505) 378-4422

Application/Grant Number: TBA

TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS:

On or about May 20, 2003, the City of Ruidoso Downs will request the U.S. Department of Housing and Urban Development to release federal funds under Title I of the Housing and Community Development Act of 1974 (PL 93-383) for the following project:

*PROJECT TITLE OR NAME:* ***Emergency Water Systems Improvement- Phase 1B***
*PURPOSE OR NATURE OF PROJECT:* **The Project will provide increased flow and fire protection (hydrants) to neighborhoods in the service area that have no fire protection. The project will also stop the loss of approximately 25% of our produced water that is currently leaking out of old, relatively high-pressure pipelines. This project will eliminate numerous leaks throughout the City, thus providing more water to handle peak usage times and fire suppression.**

*LOCATION OF PROJECT:*
***Various city waterline easements throughout the City of Ruidoso Downs, NM, 88346***
*ESTIMATED COST OF PROJECT:* **FY2003- $750,000 FY2004- $550,000**

*PROJECT SUMMARY:*
**The proposed project includes the replacement and upgrade of approximately 29,000 linear feet of water transmission and distribution pipelines on various streets alleys and easements throughout the Ruidoso Downs Municipal Water System (see map for phase IB). The existing pipelines will be replaced with upgraded lines, fire hydrants and pressure reducing valves. Excavations will be kept inside of existing easements and streets, keeping the same street width.**

### FINDING OF NO SIGNIFICANT IMPACT

An environmental review of the project has been made by the Grantee and is available for public examination and copying at the office noted above. Based on this review, the Grantee has determined that a request for release of project funds will not significantly affect the quality of the human environment and hence, an environmental impact statement will not be undertaken under the National Environmental Policy Act of 1969 (PL 91-910).

The reasons for the decision not to prepare an environmental impact statement are as follows:
**After review from staff and state and federal agencies a finding of "no significant impact" was issued.**

Public Comment on Finding

All interested agencies, groups or persons disagreeing with these decisions are invited to submit written comments for consideration by the Grantee by June 04, 2003. All comments must clearly specify which decision they object to - The Finding of No Significant Impact or the Request for Release of Funds. All comments so received will be considered by the Grantee prior to its taking any administrative action or requesting release of funds on the date listed immediately above.

### RELEASE OF GRANT FUNDS

The Grantee will undertake the project described above with Block Grant funds from the U.S. Department of Housing and Urban Development (HUD), under Title I of the Housing and Community Development Act of 1974. The grantee is certifying to HUD that the **City of Ruidoso Downs, NM** and **Mayor Bob A. Miller** in his official capacity, consent to accept the jurisdiction of the federal courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision-making and action, and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, the Grantee may use the Block Grant funds, and HUD will have satisfied its responsibilities listed in 24 CFR Part 58. HUD will accept an objection to its approval of the release of funds and acceptance of the certification only if it is on one of the following bases:
(a) that the certification was not in fact executed by the Chief Executive Officer or other officer of the Grantee (b) that the environmental review record for the project indicated omission of a required decision finding, or step applicable to the project in the environmental review process, or (c) another federal agency has submitted written comments pursuant to Section 309 of the Clear Air Act or Section 102(c) of NEPA. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58), and may be addressed to HUD or LGD/DFA, Room 201 Bataan Memorial Bldg., Santa Fe, NM 87501. Objections to the release of funds on bases other than those stated above will not be considered by HUD or LGD/DFA. No objection received after 15 days from the date of request for funds listed above will be considered by HUD or LGD/DFA.

## Words to remember: fire and water

### Ruidoso faces a summer of threats and shortages

A new summer season is upon us, and, literally, the signs are apparent — signs warning of fire danger, water restrictions, smoking limitations.

The huge lighted sign at the entrance to Ruidoso Downs Race Track & Casino tells of a new racing season beginning Friday. Locals know that means traffic, traffic, traffic...

Construction signs warn of problems for motorists coming from east or west on U. S. 70, but may provide the best safeguard around. Speeding during daylight is almost impossible; in darkness, an orange barrel challenge.

These, together, are signs of a potentially treacherous summer.

Bilingual notices threatening citations for property owners who waste water are at the printer. Some all-day watering of lawns and roads drew the ire of village council members, and brought another sign: No watering after 10 a.m. or before 4 p.m., or else.

If the village doesn't face forest fires before the monsoons begin, it could be a long, good summer. But remember, lightning accompanies rain, and lightning starts fires.

The bottom line reads, "be very, very careful."

## A small proposal for legislative lobbying reform

Here's the thing. You can shower me with all kinds of gifts. I will accept the Lexus. Nice gesture. Oh, and how I am looking forward to those two weeks in Hawaii at your expense.

Be warned, though. Those gratuities will have no effect on me whatsoever should I ever write about you, your company, your organization.

LOOKING ASKANCE
NED CANTWELL

Isn't that a crock? Yet, we are to believe that lobbyist gifts and political donations are accepted by lawmakers in some kind of vacuum, that they can emotionally separate themselves from the givers when it comes to voting on issues of huge importance to the generous lobbyists.

As lobbying goes, the most recent New Mexico report was comparatively mild. Just $239,000 was spent by lobbyists this year. Even so, this paragraph by David Miles of the *Albuquerque Journal* captures the essence (emphasis added):

"SANTA FE—Meals and beverages bought by lobbyists for legislators, state officials and their staffs since January: more than $149,900. Gifts from lobbyists: more than $15,700. *Lobbyists' access to lawmakers: priceless.*"

Santa Fe gift giving ranges from the innocuous to the lavish. For instance, the New Mexico Primary Care Association did not go overboard when it spent $274 on teddy bears for legislators to raise awareness about health care needs of poor New Mexicans.

I can just see some pompous lawmaker getting all puffed up and addressing the assembly: "Mr. Speaker, I highly resent the notion my vote can be bought by a cheap little teddy bear!"

He is probably right. But can votes be bought? Can lawmakers totally divorce themselves from the benefactor when it is time to bite the legislative bullet?

Last year, Phelps Dodge spent nearly $36,000 for a dinner honoring a long-time legislator. Tell me you are going to accept such a lavish tribute and not feel some type of discomfort when it comes to voting against something Phelps Dodge needs.

Lobbyists would have us believe they give only out of love of the democratic process. Qwest Communications lives or dies by regulatory fiat. "We don't do lobbying at our dinners," said John Badal, state president of Qwest. "Just as many other organizations up here, we host receptions or occasional dinners for members and their staffs in sort of a gesture of appreciation for the hard work they do up here. It affords us all an opportunity just to relax and get away from the grind."

Oh, please. Four days before the House Business and Industry Committee unanimously endorsed a Qwest-supported bill relaxing regulatory oversight of telecommunications pricing, Qwest spent $2,050 on a dinner for the committee and its staff.

Would the committee have voted the same without the dinner? Maybe so. But just in case, here is a law the legislature should adopt:

Before any member votes on any piece of legislation affecting a company or organization, the legislator must stand and divulge publicly any gifts or campaign donations he has received from the special interest within the last three years.

Meanwhile, should any of you be considering that Lexus for me, please know I can indeed be bought. Metallic red would be nice.

## Word from one who helped create the Spencer

To the editor:

The entire Harmon family extends our most heartfelt and sincere condolences over the passing of Jackie Spencer Morgan. Since word of her passing arrived here at our home in Louisville Wednesday night (May 14) we've reminisced over our time in Ruidoso and our association with the founding of the Spencer Theater, and we are deeply saddened over the loss of Jackie.

The profound effect she had on our lives pales in comparison to the indelible mark Jackie left on the cultural and architectural landscape of New Mexico, and indeed the entire Southwest.

She was magnanimous with her generosity, and visionary with her leadership and unique, sophisticated sense of style.

In our travels since our separation from the Spencer Theater and Ruidoso, we've marveled at the far-ranging effect Jackie's theater has had in the world of the performing arts. To this day, we discover people who have seen or heard of the stunning theater in Southern New Mexico, and we are proud to have played a part at its inception. We are sad for the loss of Jackie, but take solace in the lasting remarkable legacy she leaves behind.

### Beware of water ills

To the editor:

I say, "Bravo, Mr. McMaster!" (Letter of May 2.)

I have lived in this beautiful "little" mountain community for the past 16 years and each year I've seen more and more new homes being built, more and more hotels every year (I may be wrong, but I think I can count at least four new hotels in the past 5 or 6 years) and two that are now in the process of going up... and yet another to be built just behind one already in Midtown!

Let's just keep tearing those ... trees down, overbuilding to the point of water extinction and see how many tourists we have in five years when there is no water! Our elected officials have missed several chances for supplementing our water supply. Are they so $$$$ blinded that they just can't stop handing out new building permits? It's out of control.

No, it is not fair to those of us who have lived here, raised our children in these schools, tried to be conservative in our own water consumption, to be treated like we have no common sense. And for all the multi-million dollar new homes being built from people as far away as New York and California... what are these people adding to our community? I don't see many new businesses flocking to Ruidoso or Ruidoso Downs. From the "Y" to the Motel 6 are three huge buildings sitting empty and my guess is they will remain so for some time.

There are small towns in Colorado that can tell you just what comes from overbuilding, ruining the forested areas that make us a mountain community.

If our leaders cannot see what's happening to our beautiful home, perhaps they will realize what they've not done in a few years, when we are no longer a resort area and the tourists stop coming at all because there's no water. Let's pray someone will take a stand for our community and put a stop to this runaway train before it ruins us all.

### Water option exercised?

To the editor:

Is it true that Ruidoso Village has exercised its option to refuse the promised 200 acre feet of water for "Hubbard's backed" golf course in Ruidoso?

I am told that Article XII Utilities, of the original contract, states:

"The Village agrees to provide for Colbert's use (Colbert, the original name) throughout the initial term and any option period, two hundred (200) acre feet of effluent water credits per annum at no cost to Colbert for irrigation and maintenance of the Premises. (One acre foot equals 325,000 gallons).

"It is specifically agreed that said water rights shall not vest in Colbert but shall be owned by the Village. Colbert shall be responsible for all costs associated with the drilling of a water well to provide water for the golf course, including but limited to, the cost of drilling, equipping, and pumping said water well.

"The Village and Colbert further agree that should there occur during the initial term or any Option Period a shortage of water available for municipal purposes which should cause the Village Council to declare an emergency situation which endangers the public health, safety, and welfare of residents of the Village, municipal uses water shall have a priority over all other uses of water, including the water rights granted by the Village to Colbert."

With sincere compliments to the Village council. If my information is true, 65 million gallons of water might save the Village in case of a bad fire.

### Gambling losers

To the editor:

While it doesn't happen too often, I must agree with Ned Cantwell's article on gambling as published in the May 14 paper. It is unfortunate, but it appears that those who can afford it the least are those who lose the most.

All games of chance are notorious for taking money from many and putting it in the hands of a few. Most weekend visitors arrive with $X to spend. After stopping at the casino, they spend the remainder of their stay window-shopping, to the detriment of the many small shop owners.

I also find it incongruent that letters in support of the newspaper stances apparently have no limitations as to length while opposing views are strictly limited to 300 words. It isn't logical to believe that a community center will reduce or eliminate juvenile delinquency in Ruidoso. There is no substitute for parental involvement and guidance. Expending money in the hope of reducing delinquency has not and will never work. If it worked, our confinement facilities would not be as crowded as they are.

If a center is to be built, it should be financed through the GRT and not property taxes.

### Gambling's like alcohol

To the editor:

In response to Ned Cantwell's (column) of May 14th: Gambling is no different from alcohol. Some people just cannot handle it. Gaming and horse racing is not meant to make the people that play or bet on them a living. It is all entertainment.

Horse racing is a sport, but it also puts food on the table for a lot of people in New Mexico. Horse racing is probably the fourth or fifth largest industry in New Mexico. The racetrack casinos pay the state 25 percent of their casino revenue. The people that play the casinos just need to use a little common sense. I have never heard a casino tell their customers, "We are going to make all of you rich."

It is sad about the death of Karen Yontz, but you can not blame the casinos and racetracks. It is all about self control. You cannot close all the convenience stores because one of their customers bought beer there and had a wreck that killed three people.

# Anti-smoking group publishes area restaurant guide

■ Members are taking the village council's advice to let voters "decide with their money."

BY DIANNE STALLINGS
RUIDOSO NEWS STAFF WRITER

Although members of a youth tobacco prevention coalition failed to convince Ruidoso village councilors last year to ban smoking in local restaurants, they decided to provide a guide for people who prefer a smoke-free environment.

HARDCORE, the Lincoln County Youth Tobacco Prevention Coalition consisting primarily of students from high schools in Capitan and Ruidoso, recently published the first edition of "A Guide to Smoke-Free Dining in Lincoln County, New Mexico."

The brochure is aimed at local residents who patronize area restaurants year-round, said Mark Gentry, who coordinates the tobacco prevention program through the Children in Need of Services (CHINS) agency in Alamogordo.

The brochures will be available at Zia Natural Gas in Ruidoso Downs, and The Counseling Center, the county Public Health Office on Cree Meadows and Kansas City Street, and the Lincoln County Medical Center in Ruidoso.

Gentry pointed out that when the council refused to approve a smoke-free law, they told HARDCORE members to let the people vote with their money. The brochure may help further that goal by giving people information on which to decide in advance.

Besides listing the names of smoke-free restaurants, the guide also contains information about the risks of tobacco use and the health consequences of exposure to second-hand smoke.

"HARDCORE feels smoke-free air policies are good for health. What's good for health is good for business," the directory states.

The restaurant information was based on a telephone survey. Twenty are listed in Ruidoso and Ruidoso Downs as smoke free, four with smoking allowed on a patio or separate bar and one with patio smoking only.

Capitan has one smoke-free restaurant named and Carrizozo boosts two. Three are included from the historic settlement of Lincoln.

The brochures also give examples of cities with smoke-free ordinances. They include Albuquerque, Carlsbad, Las Cruces (all of Doña Ana County), Santa Fe and Silver City in New Mexico. Dallas, El Paso ad Lubbock are smoke free in Texas. The states of California, Delaware and Florida have banned smoking in restaurants and public buildings.

To back up their claim that a smoking ban doesn't hurt business, HARDCORE members wrote in the brochure about El Paso, which enacted a smoke-free law on June 26, 2001.

"Later the following year, data reported to the Texas State Comptroller indicated a $68 million retail sales increase in eating and drinking establishments statewide," they wrote.

CHINS also will offer a smoking cessation class designed for pregnant women and women with children, starting at 7 p.m., May 29, at the Lincoln County Medical Center at 211 Sudderth Drive. Fresh Start consists of four, one hour group sessions developed by the American Cancer Society to give participants the skills to quit smoking.

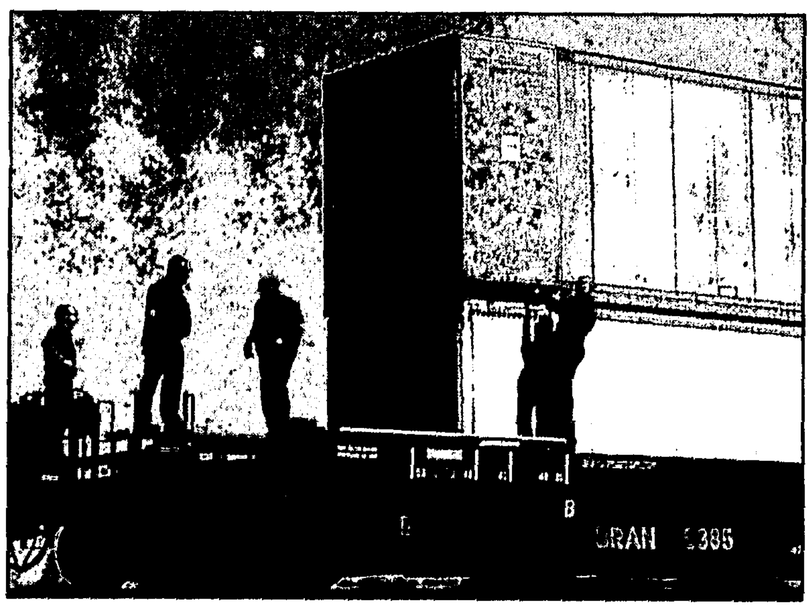
# Border Patrol agents save lives of 17 immigrants hiding in train car

BY MONICA M. BROWN AND DARRELL J. PEHR
FOR THE RUIDOSO NEWS



COURTESY U.S. BORDER PATROL

**Border Patrol** agents found 17 illegal immigrants in a train car late last week. The conditions in the car likely would have killed the immigrants had they remained in there much longer.

Alamogordo-based Border Patrol agents saved the lives of 17 illegal immigrants hiding in a train car Thursday afternoon.

Although a hole had been cut in the roof of the train car, the doors to the train car were sealed and the temperature inside had risen to 110 degrees at the time of the rescue.

The situation was brought to the attention of the Border Patrol agents by an FBI agent in the area who noticed several people climbing on top of the container car as it traveled north from El Paso.

"This incident could have very easily resulted in a tragedy," El Paso Sector Chief Luis Barker said. "We are grateful the FBI agent notified us about the sighting, which helped facilitate the rescue of these persons."

According to a report from the U.S. Department of Homeland Security's Bureau of Customs and Border Protection, after the six Alamogordo agents received a tip from the FBI agent they informed a dispatcher of the situation and asked that the train be stopped near the checkpoint on U.S. 54, south of Alamogordo.

The train was stopped at about 4 p.m. and agents found three immigrants hiding outside the container. Agents noticed that the doors on the container had been tampered with, the report said. Someone had attempted to remove the bolt seal on the container with a railroad spike. The spike was still stuck in the door when agents arrived.

Agents used a bolt cutter to remove the seal, the report said, and unlocked the doors to find 14 illegal immigrants hiding inside several boxes in the container car. Among them were two women, one a 17-year-old traveling unaccompanied.

Agents believe the immigrants got inside the car through the hole in the roof.

Friday afternoon, Public Affairs Specialist Doug Mosier said the immigrants were being repatriated to Mexico, although some are still being held in El Paso for further questioning. Agents suspect some of the people in the container car may have been acting as smugglers.

The outside temperature was about 90 degrees at the time of the rescue, and those found inside the container car were sweating profusely and had no drinking water. They appeared to be in good health.

Mosier said it is not unusual for agents to check railroad cars for illegal immigrants in the area. The Union Pacific Railroad trains traveling the route make scheduled stops, and agents will request a train to stop if they suspect a problem.

The agents who rescued the immigrants have not yet been officially commended for their actions, but Mosier said that "is not out of the realm of possibility." He said the focus now is on completing the investigation.

# Charity golf tournament ends above par

The charity golf tournament held May 5 to raise money for the local area Red Cross brought in $40,040, surpassing the goal of $35,000.

About 72 players participated in the tournament, and all 18 holes were sponsored by local businesses, banks, Realtors and mortgage companies.

The Alto Country Club's board of directors had voted to host the tournament and waived any charges for green fees. Lawrence Brothers IGA and Sweet Retreat donated foods for the luncheon prepared for players following the morning's 18-hole play.

Many local businesses donated prizes, such as certificates form restaurants, fast-food shops, nurseries and landscaping centers, hardware stores, massage and hair salons.

Jim Ranton, a member of the local Red Cross board and organizer of the tournament, said organizers hope to make this an annual event.

The 55th graduating class from Ruidoso High School celebrated with musical performances as well as speeches commemorating the end of an era for 151 young adults on Sunday.

Jeston Uhl performed the National Anthem on the trumpet, accompanied by the 14 Karat Gold Band, and a trio — Angela Zagone, Jocelyn Smith and Kari Wortz — sang, before high school principal Paul Wirth opened the graduation ceremony. Toward the end, Jennifer Cannella accompanied herself on keyboard singing "Goodbye," a song she composed.

Wirth pointed out the awards won this year at the state and national levels both individually and in Special Olympics, band, choir, cross country and track, and by teams, in chess, cheerleading, football and ladies golf.

Triva Rue gave the opening reading, reminding her fellow students, "We are in the chairs we have waited 13 years for." Gina Magoosh gave the student body address, Lydia Warren the salutatorian address and Kelly Paton the valedictorian address. Jaclynn Castañon gave the closing address and Nick Spence the closing reading, addressing his classmates as "ex-fellow students."

"I liked how the students focused on all the championships and the great moments between winning cheerleading and football," said Joy Taylor, guidance counselor. "We really had some outstanding athletes and outstanding scholars, and the creativity was impressive."

Superintendent of schools Mike Gladden, who is retiring in June, was presented with a Distinguished Warrior award, and School Board President Frank Sayner gave the school board address, recommending that the graduates commit themselves to excellence, to character and to service to others.

**Jennifer Cannella** performed her own song, "Goodbye," dedicated to the class of 2003, during the graduation ceremony Sunday.

Former teacher Gerald Ames was the guest speaker and received a standing ovation before he even arrived at the podium. Mentioning the Wright brothers' first flight in 1903, Ames told the graduating class of 2003 not to be overwhelmed by the world, and to "touch those people that you live with .... For each disaster you see on television," he said, "there are 1,000 acts of kindness. Be excellent to one another, for you will not pass this way again."

Also receiving a standing ovation was graduating senior Ernest Trujillo, "a very special classmate," in the words of Taylor.

During the commencement ceremony, the graduating class and family and friends in the audience hooted and loudly praised those receiving their diplomas, and balloons were released into the air above the assemblage several times — and a former student streaked in front of the graduating class.

Hats were tossed high at the end of the ceremony, and students exchanged joyous hugs before receiving congratulations from family and friends.

## EDUCATION BRIEFS

### Lumber company awards scholarship

Jessica Tully-Mitchell of Capitan High School was selected to receive the Foxworth-Galbraith Lumber Company American Values Scholarship for the Ruidoso area.

Mark Christiansen, general manager of the Ruidoso operation of Foxworth-Galbraith, presented the $750 scholarship to Tully-Mitchell, who was chosen based on her continuous demonstration of integrity, responsibility, loyalty, dedication and respect in both her personal and academic life.

Tully-Mitchell plans to use her scholarship to pursue a degree in sports psychology at McMurry University in the fall.

### Two scholarships awarded by TNMP

Texas-New Mexico Power Company awarded $500 scholarships to Chance Gomez and William Lundquist, graduates of Ruidoso High School as part of the company's strategic plan to make a difference in the lives of young people in the communities it serves.

The scholarships may be used at the junior college, college or university of their choice.

### Full-day kindergarten for Carrizozo, Capitan

The New Mexico State Department of Education approved 78 new full-day kindergarten programs for 2003-2004, including schools in Capitan and Carrizozo.

The SDE announced May 16 that 80 percent of the kindergarten students in the state's public schools will be provided with full-day kindergarten next year.

"This is the fourth year of the full-day kindergarten phase-in, and the results for children have been outstanding," said Michael J. Davis, state superintendent of public instruction.

Funding will come form the State Equalization Guarantee and state TANF funds ($4 million).

Funded schools must include a comprehensive research-based early literacy program that continues in the first and second grades following kindergarten. The program must include professional development and assessments, with schools administering a literacy-based pretest to kindergarten students by Sept. 30 and post-test by April 30 of each year to assess student performance.

A total of 104 schools applied for full-day kindergarten funding, and preference was given to schools that serve the highest proportion of at-risk students based on data from 2002-2003, schools with available classroom space and grade-level schools (containing all of the children at a certain grade level in a district).

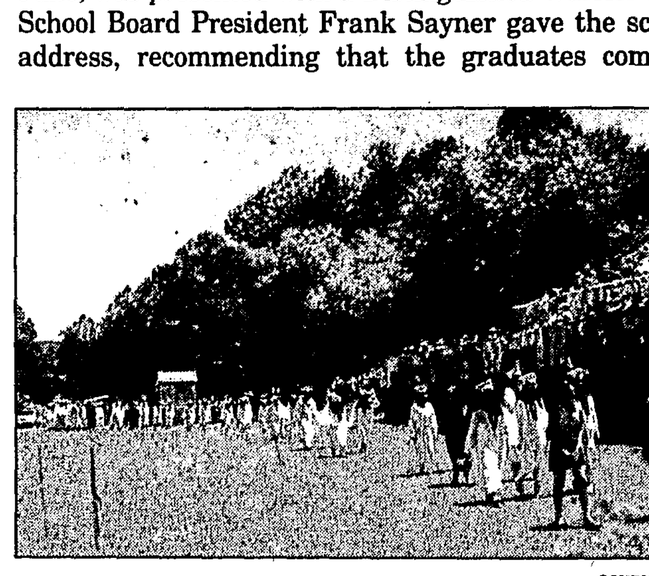
# At 7, Vivian has already been a principal



SANDY SUGGITT/STAFF

**Vivian Elaine Wilson-Kind** got a briefing from her predecessor principal, Danny Flores, on May 15.

A 7-year-old first grade student at Sierra Vista Primary School in Ruidoso was promoted to principal, but just for a day, on May 15. The move was the culmination of a school-wide event that encouraged reading while raising money for the purchase of new library books and services for Sierra Vista.

Vivian Elaine Wilson-Kind, a first grade student in Rhonda Snowden's class, helped her school raise more than $4,000 in the annual "Read-a-Thon." Vivian read 1,123 pages, well over the required 200 pages, and raised $256 to win first place and "Principal for a Day."

Principal Danny Flores presented Vivian to the Ruidoso School Board Tuesday evening during its regular monthly meeting. He relayed statistics regarding the reading success of SVP students, mentioning all-day kindergarten as one factor in increased reading comprehension.

He also explained the "Read-a-Thon," and told the board that he was surrendering his title to Vivian for a day as a reward for her achievements.

Vivian is the daughter of Anne and Harvey Twite of Ruidoso. She loves math, art, music and piano. She is active with her parents at First Christian Church, and wants to be an artist when she grows up.

# Sullivan, Sederwall reopen Billy the Kid case

BY LIONEL W. LIPPMANN
FOR THE RUIDOSO NEWS .com

On April 28, just a few minutes before noon, Lincoln County Sheriff Tom Sullivan and Reserve Deputy Sheriff and Mayor of Capitan, Steven Sederwall, recreated the "Last Escape of Billy the Kid."

They fired black powder .45 caliber rounds in the old Lincoln County Courthouse in the exact place where William Bonney, a.k.a. Billy the Kid, murdered Deputy James W. Bell and a few minutes later, having grabbed a double barrel shotgun that was probably in Sheriff Garrett's office, used it to murder Deputy Marshall Robert Ollinger, who had rushed from the Wortley Hotel across the street in response to the shots heard coming from the courthouse.

The purpose of this re-enactment was to prove or disprove whether the shots could be heard in the Wortley Hotel. Sheriff Sullivan said, "Hell, they could be heard all over town."

Having shown that the shots fired in the courthouse definitely would have attracted the attention of "Pecos Bob" Ollinger at the Wortley Hotel, Sullivan and Sederwall went to Carrizozo and filed a case concerning the murders of Deputies Bell and Ollinger.

Neither case had ever been solved due to the fact that Billy the Kid was killed by Lincoln County Sheriff Pat Garrett, reportedly at Pete Maxwell's house in Fort Sumner, before he could be tried for the murders he, either alone or with the help of a co-conspirator, committed during the escape from the courthouse. Thus case number 2003-274 was filed on April 28 as an investigation into the events of April 28, 1881, through July 14, 1881.

> **"The science that we are using on this case is the same that we use to put people on death row."**
>
> Steve Sederwall
> *Capitan mayor*

Historians and historiographers have long debated the events between The Kid's escape from the courthouse in Lincoln until his death.

Sullivan's and Sederwall's investigation is being treated as any other murder investigation, and though witnesses are a bit thin on the ground 122 years after the event, there is still possible forensic evidence, including bullet fragments that may still be in the wall of the courthouse, that may be able to prove whose gun it was that fired them.

The gun carried by Bell is still in existence, as is the shotgun that killed Ollinger, and the provenance of both weapons is reported to be impeccable. If contemporary forensic science can provide a match to Bell's gun, the story that The Kid retrieved a gun that had been cached in a privy will once and for all be laid to rest.

Other possible forensic evidence may come from DNA analysis from the graves of the many that claim to have been Billy the Kid. The DNA match will come from the body of Billy the Kid's mother, who is buried in Silver City.

If it turns out that the grave of "Billy the Kid" can be located and exhumed in Fort Sumner, an analysis of the mortal wounds will show if Garrett shot him as he and numerous historians have claimed, or if Garrett shot him in the back. Some people at the time faulted Garrett for the way in which he killed The Kid, claiming that he never made any attempt to take the allegedly unarmed victim into custody.

There are those, too, who claim that Garrett certainly killed someone in Fort Sumner, but that someone was not Billy the Kid. In fact the Sullivan and Sederwall investigation has already turned up two other potential "Billy the Kids." One is a well-known grave in Hico, Texas, while a third possible "Kid" has emerged, this one in Mesa, Ariz.

Sederwall took the fruits of the investigation to Santa Fe and showed it to Gov. Bill Richardson, who is reportedly very interested in the case.

Sullivan and Sederwall's efforts to once and for all solve the mystery surrounding the death of "Billy the Kid" have provoked scorn on the part of some writers who have made a career out of the phenomenon of Billy the Kid.

However, when questioned about his motives, Sullivan said that he is a big fan of Pat Garrett and that he wants to clear up all doubt.

Sullivan, Sederwall and Dale Tunnell, a forensic investigator with the Arizona Department of Corrections, all agree that their investigation is the first time an actual official police investigation, using all of the forensic tools available to the modern police department, has been brought to bear on the questions of whether or not "The Kid" had a co-conspirator in the killing of Bell and Ollinger, and whether or not Pat Garrett did kill "The Kid."

"The results of this investigation may or may not change history," Sederwall said, "but one thing is for certain: wherever the investigation leads, the fact that it was conducted using accepted forensic methodology takes the results out of the realm of historical speculation. After all, the science that we are using on this case is the same that we use to put people on death row."

Sullivan said this investigation is costing the taxpayers nothing, since Sederwall is not paid. For his part, Sederwall said that any money necessary to complete the investigation comes from a private source and that the investigation costs the taxpayers of Lincoln County or Capitan nothing, since he is conducting it on his own time, with his own money.

Sederwall said that as an amateur historian and veteran law enforcement officer, he does not like unsolved cases or closed cases that call for further investigation, even if the event that sparked the investigation occurred 122 years ago.

Both Sullivan and Sederwall deny that they are conducting this investigation for the publicity that may become attached to it, and further state that this is not a publicity stunt done for political or personal gain. It is simply an attempt, using modern law enforcement tools and forensic science, to answer a question that has plagued historians for decades, they say.

# 'Zozo pool set to open

BY JULIE CARTER
FOR THE RUIDOSO NEWS .com

With minor repairs under way, the Carrizozo swimming pool will be ready for public use on Saturday, May 31.

Pool hours will be noon to 5 p.m., Tuesday through Saturday. The pool will be closed on Mondays. Swim fees are $1.50 for kids and $2.50 for adults.

Carrizozo youth who sign up and participate in the Carrizozo Cleanup day on the May 31 will receive 10 free swim passes to the pool.

The passes will be issued to them with their name on them, and are not transferable.

# Third cleanup day scheduled in Carrizozo

■ Limited resources mean the focus will be on town streets.

BY JULIE CARTER
FOR THE RUIDOSO NEWS .com

A third cleanup day, fulfilling the New Mexico Clean and Beautiful grant requirements, is scheduled for May 31 in Carrizozo. Volunteers can sign up at the Recreation Center at 8 a.m. and will be served lunch at the noon completion of the trash sweep.

With money available for only four trash rolloffs, cleanup crews will first focus on the town streets and road trash. Yard trash will be picked up only if there is space available.

As has been tradition for this annual cleanup day, youth who participate in the program will receive passes to the swimming pool.

Volunteers are needed and welcome for the project. For more information, call City Hall at 648-2371 or the Carrizozo Police Department at 648-2351 .

# Water, sewer meeting to be held to June 3

BY JULIE CARTER
FOR THE RUIDOSO NEWS .com

Acting on the advice of City Attorney David Stevens, the Carrizozo Town Council has called a special meeting to discuss and possibly take action on a water and sewer ordinance. The meeting will be held June 3 at 5:30 pm.

At the regular city council meeting last week, Stevens commented, "I recommend the ordinance not be adopted until the board reviews my suggested revisions. I advocate that it be done right the first time."

With that, the board agreed to review Stevens' suggested language changes and tabled the issue until a special meeting could be scheduled.

Copies of the proposed ordinances will be available for review at the special meeting to be held at City Hall in the Recreation Center.

# Area phone system sees upgrades, chamber hears

BY JULIE CARTER
FOR THE RUIDOSO NEWS .com

The Carrizozo Chamber of Commerce meeting held May 13 featured guest speaker Charles Farrell, vice president and general manager of Tularosa Basin Telephone Company. Engineering manager Joe Lane assisted with the presentation.

Using a computerized slide show, Farrell outlined the company's services and improvements over the past eight years of service in the Carrizozo area. He discussed in depth the state-of-the-art digital subscriber line (DSL) and its availability.

He detailed the advantages of the new fiber optic lines versus copper lines. Because of the use of Internet for home and business, these broadband services are in high demand. Farrell noted that the improved systems and lines have decreased trouble calls from 25 percent to 1 percent.

Fran Altieri gave a committee report on the Cinco de Mayo event. She noted that the day had 22 vendor booths, 31 entries in the car show, and more than 20 floats in the parade. The horse exhibition had to be place at Spencer Park, which was detrimental to attendance, but those who saw the performance had only rave reviews. The chamber recognized Kay Cochran for her generosity for financing the exhibit.

Gail Major's report on the pancake breakfast revealed a record 115 people served. She said expenses for the breakfast were low thanks to the many donated items. Profits from the breakfast are tagged for the lighted Christmas train decoration planned for this year's holiday.

With a very successful Cinco de Mayo event under its belt, the Carrizozo Chamber of Commerce began the planning stages for the 10th annual Labor Day weekend Street Fair. Karla Organist, committee chair, began the process with a planning meeting on May 20. Interested vendors or participants should contact her for information.

Members present approved the final draft of the by-laws. With the official by-laws and budget projections, the chamber can proceed with the request for an IRS nonprofit status.

The Carrizozo Chamber is offering two $250 scholarships. Scholarship applications have been provided to the school. Interested applicants should contact Danny Watkins, Carrizozo school counselor.

The next chamber meeting will be June 10 at the Four Winds Restaurant.

# Man upset after shelter kills wolf-hybrids

BY DIANNE STALLINGS
RUIDOSO NEWS STAFF WRITER

David Vance was excited about the prospect of adopting a wolf hybrid and determined to ensure the transition from the animal shelter of the Humane Society of Lincoln County to his home would be smooth.

He said he contacted neighbors for their approval and was planning to put up a run to prevent the escape of the hybrid, because crosses are extremely strong. The animal already climbed a 12-foot fence at the shelter.

But days after thinking he had jumped all the hurdles, Vance learned that the animal he selected named Buffalo, and a companion called Lazy, were euthanized.

Keith Adkins, executive director of the shelter, said last week the final decision that the animals were unsuitable for adoption came from the veterinarian. "He's the expert and we don't second-guess his decisions," Adkins said.

But other factors also were at work.

In line with the policy of the Humane Society of the United States, the local shelter also has a standing policy not to adopt wolf hybrids because of their unpredictable natures and the potential danger.

Adkins said initially he was told the two "dogs" brought in by an animal control officer in Ruidoso Downs probably were a mixture of German shepherd and Husky. That was his premise for discussing adoption with Vance, Adkins said.

"We were giving the animals the benefit of the doubt," he said.

Vance said he signed legal forms giving up his right to sue the society if any injuries occurred involving Buffalo, but Adkins pointed out that document doesn't cover a third party who might be injured and decide to sue the society for adopting out a hybrid.

Vance contends no one called him after Buffalo was euthanized and he was told by office staff the delay in adoption was because of paperwork. He later learned the day the animals were due to be neutered, they were killed, he said.

Adkins said he asked the Ruidoso animal control officer to contact Vance about the deaths of the dogs because the officer was involved from the beginning with the potential placement.

"I just think they shouldn't have built up my hopes and then kill them," Vance said. "They said they might place them with a rescue program and that would have been all right."

Adkins said he was unsure if shelter staff was able to find a placement for the two in any rescue program.

Vance, who moved to the county from Austin four years ago, said his parents used to live in Texas and raised a hybrid they bought in Ruidoso. He knew what to expect. When his parents retired to Rio Rancho, they left that animal behind with a rancher, he said.

## FUNERALS DEATHS

### Josephine Baca

A prayer service for Josephine Baca, 84, of Ruidoso Downs, will be at 7 p.m. today at St. Eleanor's Catholic Church. The funeral Mass will be at 10 a.m. Thursday at St. Jude's Catholic Church in San Patricio, with burial to follow at the Hondo Cemetery.

The New Mexico State Highway and Transportation Department (NMSHTD), in association with the Federal Highway Administration (FHWA) is pleased to invite you to a public meeting regarding proposed improvements to

**NM 48 from NM 532 to NM 37**
Lincoln County, New Mexico.

The project proposes improvements to NM 48 from its intersection with NM 532 at Alto, north for 4.1 miles to the intersection of NM 48 and NM 37 at Angus. Proposed improvements consist of rehabilitation, restoration, and resurfacing of the roadway. The typical section is proposed to consist of two driving lanes with shoulders, with turn lanes and climbing lanes. The existing three-span bridge over the Rio Bonito is proposed to be replaced with a new single-span structure. Minor realignment and widening of the bridge approaches is also proposed.

Members of the project Design Team will be available to discuss the proposed improvements. Design information will be available for review and comment. Members of the public are also invited to discuss issues of concern related to the project as well as issues of local importance, information regarding cultural or historic resources in the project vicinity, and pedestrian, equestrian and bicyclist issues.

**DATE:** Wednesday, May 28, 2003

# Lady Warriors finish second at state

BY TODD FUQUA
RUIDOSO NEWS SPORTS EDITOR

ALBUQUERQUE — You probably can't blame the Ruidoso girls tennis team for being nervous. It was the first time they'd even been to state as a team, and it was the first time they'd reached the pinnacle of the state title match.

But it was that nervousness that caused them to falter in the end, as the Lady Warriors fell 5-0 to Portales Saturday in the Class 3A/1A state title match at the Lobo Tennis Club.

"I felt we were stronger in the doubles matches, but all of my girls were extremely emotional," said Ruidoso coach Celeste Franklin. "They were scared and overwhelmed and they looked really young and inexperienced."

The only Lady Warrior player who didn't look too bad off was Christine Brown in the No. 2 singles match against Sarah Bulls, and she lost 6-4, 2-6 (10-8) after the outcome had already been decided.

About the only match that Franklin felt was the correct outcome was in the No. 1 singles match, in which Kristen Van Wettering defeated Heather McDougal, 6-1, 6-1.

"Heather's good, but Kristen played extremely well," Franklin said. "Kristen has been in that state championship position many times, and she just took it from Heather fair and square."

The fact that Van Wettering and Bulls are both seniors and were this

# Ruidoso track teams falter, but individuals shine

TODD FUQUA/STAFF

**Ruidoso's** Rachel Loya lets loose with a long throw in the javelin competition at the Class 3A state track meet Saturday in Bloomfield. Loya, the defending state champion in javelin, finished third in the event, but left the meet with a state title in the discus.

BY TODD FUQUA
RUIDOSO NEWS SPORTS EDITOR

BLOOMFIELD — It's not particularly the way Ruidoso track coach Ronny Maskew would have had things gone team-wise, but the Warriors did have a few things to crow about at this year's Class 3A state track meet Friday and Saturday.

"I think we were pretty disappointed, but we did have some kids work and try real hard," Maskew said. "We just had some unfortunate things happen."

The Ruidoso boys finished fourth overall with 40 1/2 points, while the Lady Warriors were fifth with 43, but each had some individual performances to crow about.

The Lady Warriors' throwing contingent — Rachel Loya, Tamara Grant and Katie Coronado — didn't disappoint, placing in the discus, javelin and shot put, with Loya taking home a first-place medal in the discus throw.

Another exciting performance came from the boys' 4x100 relay team. The Warriors' Nick Fajardo crossed the finish line in 44.35. According to the official timer, that was the exact same time logged by West Las Vegas and Pojoaque, but Ruidoso was given the win thanks to a last-second lunge by Fajardo at the end.

The race was so close nobody — especially Fajardo — knew who the winner was after the race.

"I thought we were second, I figured the photo finish was to decide who was second and third," Fajardo said. "I was really surprised. I saw I was ahead of the Pojoaque kid at the end, but my head was turned away from West Las Vegas, so I didn't know where they finished."

This marks the third time in the last four years that Ruidoso has won the 4x100 relay, a feat made possible by perfect handoffs from Tyler Line to Josue Linares to Sean Lucy to Fajardo.

"We had struggled this year with that," Fajardo said. "But we had to run like this was our last race."

For all four, it really was their last race, as the quartet are all seniors. For Line, Saturday's race also marked a return to form after struggling with an injury all season long.

"We don't always have the four fastest kids at state, but we have the four that can work together and compete against anybody," Maskew said. "We just work together well. We knew that if we got the baton right, we could run against anybody."

In a race as quick as the 4x100, everything always comes down to the handoffs — something the Warriors executed perfectly on Saturday.

Linares stated most of that was knowing when to start in advance of Line's approach.

"The last three weeks, I just didn't get out fast enough," Linares said. "Today, I took some extra steps and gave Tyler a bit more time to get the baton in my hand."

Linares was even more hampered when it came to seeing who won the race, as he was on the other side of the track. But he had to admit he was worried.

"It was real close," Linares said. "When they were looking at the finish, it looked like we had lost."

In the end, the officials were able to determine Ruidoso won by picking out the white border on Fajardo's uniform, differentiating him from the rest of the field.

"Thank God for photo-finish cameras," Maskew said. "We beat the second-place team by 2/1000th of a second."

Other Warriors making their mark on the meet were sophomore Adam Schiele, who took fourth in the pole vault with a height of 11-foot-6, and sophomore Cody Small, who fought through injury and tied for third in the high jump on Friday with a leap of 6-1. The Warriors would have had three men in the final standings with Fajardo and Chance Hooper each leaping 5-11, but Hooper was shut out by a tie-breaker.

# Badilla to base out of Ruidoso Downs

BY KRISTIAN LOVELACE
FOR THE RUIDOSO NEWS

Joe Badilla is no stranger when it comes to the Ruidoso Downs Race Track, but as a resident for the summer it is his first year. Badilla — winning All American Futurity jockey in 1999 on top of A Delightful Dasher, 2002 Leading AQHA Jockey by earnings, and 1995, 1998, 1999 and 2001 AQHA Champion Jockey — decided in February that Ruidoso was where he wanted to spend his summer.

Badilla

"After I went to Brazil for a vacation, I knew that I wanted a different pace then the one I was on and decided that I would come to Ruidoso," Badilla said.

Badilla was riding full time at Los Alamitos and coming to Ruidoso Downs Race Track for the bigger trials and their finals to ride in the past. Los Alamitos runs at night so the rigors of getting up early in the morning to exercise horses and then riding late at night was starting to take its toll on Badilla.

"My health was an issue; I wanted a change of schedule so I could have a normal daily routine," Badilla said. "I want to be able to relax for a while and I was just unable to do it at Los Alamitos."

Badilla will go to back to California for major races when he is needed, but while at Ruidoso Downs Badilla will base out of John Bassett's barn.

Badilla looks forward to getting back on First To Flash, who won the 2002 Rainbow Futurity, but when asked about the 2-year-olds this year he was very vague.

"I am not one to stick my foot in my mouth but we have some very talented 2-year-olds in John's barn this year," Badilla said.

However, Badilla did mention Royal Medallion as one of the talented 2-year-olds out of Bassett's barn. Royal Medallion is a first time starter by Royal Quick Dash out of Fontana Beaujolais.

If nothing else Badilla is looking forward to riding in the biggest Quarter Horse races in the industry.

"There are more horses to ride here for the futurities and derbies of the big races (Ruidoso Futurity and Derby, Rainbow Futurity and Derby and All American Futurity and Derby) plus you have the Zia Futurity and Derby that I hope I get some horses for," Badilla said.

Badilla is looking forward to the opportunities that will be presented to him throughout the 2003 racing meet.

"I will try to do what I did at Los Alamitos, I will base out John's barn and try to branch out to other barns hopefully," Badilla said.

However, don't look for Badilla to branch out before Friday. Badilla and Bassett have teamed up 13 times on Friday to try to qualify for the first leg of the All American Quarter Horse Triple Crown, the Ruidoso Futurity.

## Twenty-two trials to start meet

Opening day starts off with a bang Friday at the track with 22 races and a first post time of 11 a.m.

Entries were taken with 216 horses entering into the Ruidoso Quarter Horse Futurity trials. Two horses supplemented into the trials. The first of the two supplements is Quik Jolla, trained by Lorenzo Vega and owned by Jose and Victor Diaz. Quik Jolla has won two of her three outs and is the winner of the West Texas Futurity that was held at Sunland Park. Quik Jolla is the earner of over $140,000 so far in her career.

The second supplement is DRH Natural Ease, trained by Carlos Sedillo and owned by Three H Racing. DRH Natural Ease was second in his first and only start. Supplements were taken at the price of $15,000.

Last year Ruidoso Downs announced the capping of the Ruidoso Quarter Horse Futurity at $550,000 with the remaining of the money being rolled over into the 2004 Ruidoso Quarter Horse Derby. The total purse for the Futurity was $655,950 with $105, 950 going to next year's Derby.

# TRACK: Loya first in discus

FROM PAGE 1B

Small finished third in the 300-meter hurdles with a time of 42.88, while Linares was second in the 100-meter dash at 11.77. Willie Comanche showed that the Warrior long-distance running program has a future with fifth and sixth-place finishes in the 3,200 and 1,600-meter runs.

## Loya a state champion

Loya entered this year's state meet as the defending champion in javelin, and had the goal of breaking the Class 3A state record of 119-1 held by Lovington's Samantha Bridgforth

Loya was able to break that record, throwing 122-4 on Saturday. But as good as the throw was, it was only good enough for third. The Brown sisters of Bloomfield — Diedra and Kayla — outdid her by shattering the overall state mark with their attempts.

Freshman Diedra threw for 131 feet even on her next to last attempt, only to see senior sister Kayla break that mark right after her, throwing for 136-4, a good 17 feet longer than the previous record.

Still, Loya did throw better than 119 feet, which was her goal, and did finish in the medals. Additionally, Grant threw for 112-6 to take fifth.

Loya's best performance came on Friday, where she threw the discus 120-6 to win the state title in that event. She was followed by teammate Coronado's throw of 119-7 to give a 1-2 finish to the Lady Warriors in the event.

"I wasn't too surprised I won that," Loya said. "I just tried to relax and throw the best I could."

If Loya wasn't surprised several others were, given Loya's ninth-place rating coming into the event.

"That's by far her best throw of the year," Maskew said. "Katie finishing second was a good thing as well. We had to do that in all throwing events, but we had to do better in a lot of the other events, too.

"We have to perform our best at the state meet, and I don't believe we did that."

Loya and Grant switched places in the shot put competition, with Grant throwing for 36-4 to place third — again behind the Brown sisters of Bloomfield. Loya was sixth overall with a throw of 33-10.

Other Lady Warriors making their marks were Sarah Breecher, who ran a 13.70 to finish fourth in the 100-meter dash, and Heather Johnson with a fifth-place showing in the 100-meter hurdles. Ervina Herrera was fourth in the 300-meter hurdles, while Meghan Gabaldon took sixth in the pole vault with a height of eight feet even.

The Lady Warrior relay teams also placed, taking sixth in the 4x100, third in the 4x200 and fourth in the 4x400.

They would have had a third-place finish in the medley relay, but were disqualified when the race judges determined the Lady Warriors had run on the inside line for too many steps.

"That six points would have made a big difference in the team standings," Maskew said. "We would have finished at least third, and Grants might not have been the state champion."

Grants barely won as it is, defeating Bloomfield by a single point, 77-76.

Ruidoso has several girls coming back from this year, and the coaches will sit down next week to discuss where best to place their athletes.

"I think everybody did well, we just have to get faster in a few areas," Maskew said. "I think we will do that in the future."

# TENNIS: Youth and inexperience stop title drive

FROM PAGE 1B

year's state doubles champions certainly didn't help the younger Lady Warriors' cause.

Still, they did get to the state title game, something that Franklin was proud of. She just hopes they can use this as experience to help them win it all next season.

"It was really cool that we got to the championship, but the girls were just scared to death," Franklin said. "It's not because of who we were playing, they've always been good friends with Portales. But they were terrified to be in the state championship."

Other scores in the championship rounds included a 6-0, 6-1 by Kristen Bewley to Hailey Quick at No. 3 singles, a defeat of Beth Robinson and Katherine Dunstan by Kaycee Quick and Rachelle Self, 7-5, 6-4 and Moran Erf and Jessica Bulls winning 6-2, 6-2 over Jeanette Zagone and Elizabeth Pruett.

To get to the state title game, Ruidoso had to squeak by Robertson in the semifinal on Friday.

Their doubles teams had little problem, with Zagone and Pruett brushing aside Thea Johnson and Chelsea Schroder in a 6-3, 6-2 victory at No. 2 doubles, while Robinson and Dunstan defeated Melanie Martinez and Carmelita Montoya 6-2, 6-0 at No. 1 doubles.

But the Lady Warriors had some problems with the Robertson singles players. Bewley played hard against Gina Gonzales at No. 3 singles, taking the first set to 6-6 before falling in a 7-3 tiebreaker, but eventually fell 6-2 in the end.

"That was a close match, but Kristen just got beat by experience," Franklin said. "That and Heather's match were our two losses."

McDougal lost to a very strong player in Jennifer Kiner, who won the state title in singles for Robertson earlier in the week.

Kiner made short work of McDougal, winning 6-1, 6-0 and leaving Brown's match at No. 2 singles against Laura Ferguson a must-win match.

**Jeanette Zagone** returns the ball during her No. 2 doubles match against Robertson's Chelsea Schroder and Thea Johnson Friday at Albuquerque. Zagone and partner Elizabeth Pruett won their match to help propel their team into the state title match.

"She was having trouble with her forehand and was losing," Franklin remembered. "She lost the tie breaker, and asked me how it was going. I had to tell her about losing the two singles and that we had to have her win.

"She turned it around and won the next two. She was just a powerhouse after that."

Brown was down by a match after losing 6-7 on a 7-4 tie-breaker, but won the next two 6-2, 6-1 to propel her team into the championship match against Portales.

"I feel they will be state champions," Franklin said. "There's a first time for everything and they were very nervous. But they'll put that behind them and move on.

"I'm so incredibly proud of the kids," she added. "They had an awesome season and went very far. They just dug in when they needed."

**NOTICE OF SALE**

Notice is hereby given that the undersigned Special Master will on Friday May 30, 2003 at 3:30 PM be at the main entrance of the Lincoln County Courthouse in Carrizozo, New Mexico, to sell and convey to the highest bidder for cash all right, title and interest of the above-named Defendant in and to the following real estate located in said County and state, which is more particularly described as follows:

LOTS 31 AND 32, BLOCK 14 OF THE TOWN OF CARRIZOZO, LINCOLN COUNTY, NEW MEXICO, AS SHOWN BY THE PLAT THEREOF FILED IN THE OFFICE OF THE COUNTY CLERK OF LINCOLN COUNTY, JULY 13, 1911.

Said sale shall be made pursuant to the Judgment entered on April 15, 2003, in the above-entitled and numbered cause, which was a suit to foreclose a real estate mortgage held by the above Plaintiff and wherein the Plaintiff was adjudged to have a first and paramount lien against the above-described real estate in the amount of $27,982.93 plus interest to the date of sale, publication costs, and a Special Master's fee, the total amount due and owing as of the date of sale being $29,266.34.

Notice is further given that the real property and improvements concerned with herein will be sold subject to any and all patent reservations, easements, all recorded and unrecorded liens not foreclosed herein and all recorded and unrecorded special assessments and taxes that may be due.

Notice is further given that should the Plaintiff and/or Defendants herein bid and/or become the purchasers of said real estate and improvements at the foreclosure sale, they may use any part of their judgment granted herein and heretofore as credit against the purchase price should they be the highest bidder. From all other parties, the Special Master will accept only cash in payment of a bid, or a bank cashier's check, or a satisfactory letter of credit conditioned such that the Special Master receives cash or certified funds by 5:00 p.m. of the day of the foreclosure sale.

Notice is finally given that the Special Master may continue the Special Master Sale from time to time if necessary without republishing the Notice Of Sale so long as the Special Master appears at the designated times scheduled for said Special Master's Sale and announces the postponement thereof to another specific date.

**Utility Case No. 03-00104-UT**

**NOTICE**

The New Mexico Public Regulation Commission ("Commission") hereby gives Notice of the following:

1. On January 5, 2001, Natural Gas Processing Company through its division Zia Natural Gas Company ("Zia") requested that pursuant to NMSA 1978, Section 62-9-1 and 62-9-6, the Commission amend Zia's Certificate of Public Convenience and Necessity ("CCN") to allow it to extend its natural gas system to serve the Villages of Angel Fire and Eagle Nest and the surrounding areas. The Company's request is more fully described in its Application and supporting testimony and exhibits.

**ATTACHMENT A**

2. The Commission's Practices and Procedures contained in 17 NMAC 1.2 will apply to this case except as otherwise modified by order of the Commission.
3. Any person who desire to become a party to this case must file a motion for leave to intervene pursuant to the Commission's Practices and Procedures on or before June 23, 2003.
4. A public will be held beginning at 10:00 a.m. on September 9, 2003 at the offices of the Commission, Marian Hall, 224 East Palace Avenue, Santa Fe, New Mexico, for the purpose of hearing and receiving testimony, exhibits, argument and any other appropriate matters in order to determine whether the authorizations sought in Zia's Application should be granted by the Commission.
5. Zia will file supplemental testimony on or before June 1, 2003.
6. The Commission Staff and any Intervenors will file any direct testimony on or before July 21, 2003.
7. Any rebuttal testimony is due by August 11, 2003.
8. Any interested person may examine Zia's Petition at its office, 707 Short Drive, Ruidoso Downs, New Mexico 88346, telephone: (505) 378-4277, or at the offices of the Commission, 224 East Palace Avenue, Santa Fe, New Mexico, telephone: (505) 8274-6940.
9. Any interested person may appear at the hearing for this case and present a written or oral comment on the Application (which will not be considered as evidence on the case) without becoming an Intervenor in the case.
10. Any person who desire to comment on the Application should contact the Commission for confirmation of the hearing date, and place, since hearings are, on occasion, rescheduled.
11. Anyone filing pleadings, documents or testimony in this case will serve copies of each filing on all parties of record and the Commission Staff.
12. Any person whose testimony has been filed will attend the hearing and submit to examination under oath.
13. Any person with a disability requiring special assistance in order to participate in this case should contact the offices of the Commission at least twenty-four (24) hours prior to the Commencement of the hearing.

**LEGAL NOTICE**

**BEFORE THE NEW MEXICO PUBLIC REGULATION COMMISSION**

**IN THE MATTER OF THE JOINT APPLICATION OF DAVID L. HAMILTON CO. FOR APPROVALS RELATING TO THE PURCHASE OF 36.4% OF COMMON STOCK OF RATON NATURAL GAS COMPANY, INCLUDING APPROVAL OF A GENERAL DIVERSIFICATION PLAN, AND GLENN C. HATFIELD, JR. FOR APPROVAL OF THE DIVESTITURE OF HIS COMMON STOCK IN RATON NATURAL GAS COMPANY**

**DAVID L. HAMILTON and GLENN C. HATFIELD, JR.,**

**APPLICANTS.**

**Utility Case No. 3832**

**NOTICE**

**NOTICE** of the following concerning Natural Gas Processing Company ("NGP") and Raton Natural Gas Company ("RNG") is provided by the New Mexico Public Regulation Commission.

1. On October 17, 2002, David L. Hamilton ("Applicant") filed the above captioned Application seeking, among other things, the Commission's approval of Applicant's purchase and transfer of 36.4% of the common stock in RNG.
2. Applicant and his wife, Charleen Hamilton, are the sole shareholders of NGP. Applicant is president of the Board of Directors and chief executive officer of NGP and its New Mexico operation division, Zia Natural Gas Company. NGP is a public utility as defined in the Public Utility Act, NMSA 1978, S 62-3-1, et seq.
3. RNG is a public utility as defined in the Public Utility Act, NMSA 1978, S 62-3-1, et seq.

**ATTACHMENT A**

4. The Application states that Applicant has purchased from Glenn C. Hatfield, Jr. 100% of Hatfield's ownership interests (i.e., 36.4% of the common stock) in RNG, Raton Gas Transmission Company ("RGT") and Raton Gas Marketing Company (RGM").
5. RNG and the City of Las Vegas ("CLV") have intervened and are parties in this case as is the Commission's Utility Division Staff ("Staff").
6. A pre-hearing conference was held on May 9, 2003. Participating in the pre-hearing conference were the Hearing Examiner and representatives of the Applicant, RNG, CLV and Staff.
7. On May 14, 2003, the Hearing Examiner issued the Second Procedural Order in this case. The Second Procedural Order provides a summary of the issues to be addressed and sets a procedural schedule for this case.
8. The following outlines the issues to be addressed in this case:

a. **Section 62-6-12(b).** First, regarding the threshold issue going to whether Applicant's acquisition of 36.4% of the common stock of RNG ("RNG stock acquisition") is " void and of no effect" under NMSA 1978, S 62-6-12(B), this is an issue that warrants further development on this merits at the hearing in this case, the schedule for which is set forth below.

b. **Section 62-6-13.** Second, assuming the evidence of record in this proceeding shows that the RNG stock acquisition is not void and of no effect, the Commission must investigate" the "proposed transaction" described in the Application pursuant to NMSA 1978, S 62-3-13 provides that unless the Commission finds "that the proposed transaction is unlawful or is inconsistent with the public interest, it shall give its consent and approval in writing." Applicant, Intervenors and Staff (the "parties") should be prepared to address at the hearing in this matter, among other things, all factors each party believes is relevant to determining whether the RNG stock acquisition is or is not unlawful and is or is not inconsistent with the public interest.

c. **Supplementation of Application/GDP (s 62-6-19 and Rule 450).** Assuming but not deciding for the moment that the RNG stock acquisition constitutes at least one Class 11 transaction subject to NMSA 1978, ss 62-6-19(B)& (C), Applicant should more fully address the acquisition from both the standpoint of NGP and RNG. To this end, Applicant shall, as agreed at the May 9 pre-hearing conference and earlier in his reply, supplement his Application by submitting supplemental direct testimony that addresses, among other things, his plans for investment and why the RNG stock acquisition will not materially and adversely affect the pertinent public utilities' respective abilities to provide reasonable and proper utility service at fair, just and reasonable rates. Additionally, Applicant shall supplement the Application by filing a General Diversification Plan ("GDP") for NGP that complies in all material respects with the representations set forth in 17.6.450.10(C) NMAC.

**1. Class 1 transactions.** Pursuant to NMSA 1978, s 62-6-19(C)(1), Applicant's supplemental testimony shall describe in conformity with the requirements of 17.6.450.11 NMAC both (a) the types of potential Class 1 transactions likely to be engaged in between or amongst the potential affiliated interests brought to fruition by virtue of the RNG stock acquisition and (b) the types of Class 1 transactions that have already been entered into between or amongst the affiliated interests potentially created by the RNG stock acquisition.

d. **RNG obligations Pending a Final Order in this Case.** RNG's response raises additional relevant issues that warrant consideration in this case:

**I. Durable Special Power of Attorney.** RNG should not be required to recognize the durable special power of attorney given to Applicant by Glenn C. Hatfield, Jr., at least while this case is pending.

**II. Class I and Class II Transaction Reports.** By the same token, RNG should not be required to make Class I or Class II transaction reports pursuant to 17.6.450.10, 450.11 and 450.13 NMAC regarding transactions between RNG's affiliates and Applicant, NGP or Zia while this case is pending.

**III.RNG's Obligations Regarding the RNG Stock Acquisition.** While it is generally agreed that the Commission should address in this case RNG's obligations relative to the RNG stock acquisition (such as, for instance, RNG's potential duty to file and amended GDP pursuant to 17.6.450.10 NMAC), to the extent such findings and conclusions are made necessary as a result of the extent such findings and conclusions are made necessary as a result of the determinations in this case respecting NMSA 1978, ss 62-12-2(B) and 62-12-13. this matter should be addressed as part of the Recommended Decision after a hearing on the merits. Accordingly, the parties should be prepared to address RNG's relevant obligations vis-a-vis the RNG stock acquisition through appropriate testimony and in their post-hearing briefs and proposed forms of order and proposed findings and conclusions.

e. **Investigation into NGP's Affiliate Transactions.** RNG urges the Commission to launch an investigation into what it characterizes as NGP's "fourteen-year history" of failing to comply with the 17.6.450 NMAC regarding the filing of a GDP for approval and the transaction reporting requirements. The Hearing Examiner is not inclined to recommend that the Commission initiate the investigation requested by RNG at this time. RNG has not articulated, to date, sufficient grounds to warrant an independent investigation of NGP's affiliate transactions pursuant to 17 NMAC 1.2.25.

**f. Hatfield divestiture Pursuant to 17.6.450.15 NMAC.** Finally, having dealt with the RNG stock acquisition, remaining to be addressed in this case is the divestiture by Mr. Hatfield of the stock in issue ("RNG stock divestiture"). Rule 450.15 provides that an "affiliate or a holding company may not divest itself of or spin-off a public utility without the prior written approval of the Commission." The Commission is required to "investigate such divestiture or spin-off and shall give its approval only upon a showing that suck divestiture or spin-off is in the public interest." In order for the Commission to effectuate its duty to investigate divestitures such as the RNG stock divestiture to ensure the public interest is fulfilled, and given Mr. Hatfield's status as an affiliate and public utility holding company of RNG, Mr. Hatfield is obliged to make the showing required by Rule 450.15. Therefore, as reflected above, the caption of this case will henceforth reflect Mr. Hatfield's status as an affiliate and the public utility holding company of RNG, Mr. Hatfield is obliged to make the showing required by Rule 450.15. Thereof, as reflected above, the caption of this case will henceforth reflect Mr. Hatfield's status as a co-applicant. With respect to the actual showing required pursuant to Rule 450.15, In the interests of administrative efficiency and to avoid the incurring of unnecessary expenses on the part of Mr. Hatfield, Mr. Hatfield's affidavit, which is attached to Applicant's reply to Staffs and the parties' responses, will be regarded as his direct testimony in this case in support of the RNG stock divestiture. However, given that his affidavit will be treated as his direct testimony, the commission's rules dictate that Mr. Hatfield must be present at the hearing in this case to adopt his testimony and to be subject to cross-examination, if any.

9. The present schedule for this case is as follows:

A. A public hearing will begin at 10:00 a.m. on October 14, 2003 at the offices of the Commission's Utility Division, Marian Hall, 224 East Palace Avenue, Santa Fe, New Mexico to hear and receive testimony, exhibits, arguments and any other appropriate matters relevant to this proceeding.

B. Interested persons desiring to intervene pursuant to 17 NMAC 1.2.26(A) and 1.2.26(B) on or before June 30, 2003.

C. On or before June 30, 2003, Applicant shall file supplemental direct testimony as set forth above in 4(b) above and supplement the Application as set forth above in paragraph 4(c).

D. Staff and any Intervenors shall file direct testimony on or before July 28, 2003.

E. Any rebuttal testimony shall be filed on or before August 18, 2003.

F. Discovery matters and any discovery disputes shall be governed by the commission's discovery rules, 17 NMAC 1.2.28. Discovery shall be completed in this case by September 30, 2003.

10. The Commission's Utility Division Procedures, 17 NMAC 1.2, et seq., shall apply to this case except as modified by Order of the Commission or hearing examiner.
11. Any person whose testimony has been filed in this case will attend the hearing and submit to examination under oath.
12. Any interested person may appear at the time and make written or oral comment pursuant to 17 NMAC 1.2.26(F) without becoming an Intervener. Such comments will not be considered as evidence in this case.
13. Anyone filing pleadings, documents or testimony in this case shall serve a copy on all parties of record and Commission Staff and, to the extent feasible, shall deliver by e-mail all such filings to all other parties, Commission Staff and the Hearing Examiner.
14. Interested persons should contact the Commission for confirmation of the hearing date, time and place, since hearings are occasionally rescheduled.
15. Any person with a disability requiring special assistance in order to participate in this proceeding should contact the Commission at lease 24 hours prior to the commencement of the hearing.

**ISSUED** at Santa Fe, New Mexico this 14th day of May 2003.

# POOP SCOOP

BY DIANNE STALLINGS
*RUIDOSO NEWS STAFF WRITER*

First, a sweet story that will be covered in more detail in the regular news, but deserves two mentions.

The animal shelter of the Humane Society of Lincoln County recently was given several bags of food, some toys and rawhide chews by 7-year-old Marikki Temple.

The Sierra Vista Primary student showed a generosity of spirit at a tender and often "me-centered" age not many adults could muster.

As her seventh birthday approached, Marikki decided she wanted a birthday party but with no presents for herself.

The theme was centered around dogs and all of the presents from her eight chums were destined for the shelter.

The young girl has no pets of her own and nothing was kept for the possible addition of a puppy this summer. Everything was donated to the shelter.

Congratulations Marikki, you set an example of selflessness that few of us could match.

In other shelter and animal welfare news, one of the major problems facing the society's shelter is the large feral cat population in the county.

These animals seldom can be adopted out because they lack any socialization.

Some advocates take on the financial responsibility of capturing the cats, having they spayed or neutered and then ensuring they have shelter and food when they are returned to the "wild."

Experts disagree whether "domestic" cats, even if they are feral, are well equipped to survive on their own. They decimate the wild bird population. They fall prey to owls, coyotes and foxes. They spread diseases and they die without knowing the indulgence and love that truly domesticated felines enjoy.

While officials with the local society wrestle with some approaches that hope may help, the Humane Society of the United States released a book, "Community Approaches to Feral Cat Problems, Alternatives and Recommendations," by Margaret R. Slater.

An associate professor of epidemiology in the departments of Veterinary Anatomy and Public Health and Small Medicine and Surgery in the College of Veterinary Medicine at Texas A&M University, she wrote the book with contributions from the staff and consultants with the HSUS.

Slater looks at cooperative measures between animal care and control professionals and local residents to manage feral cat populations. She examines creative strategies that are proving successful in several communities

"This publiation is perfect for anyone who is looking for a compassonate and proactive approach to this problem," said Deborah J. Salem, director and editor in chief of the Humane Society Press.

Part of the emphasis is to create a cooperative effort to actively manage feral felines by spaying and neutering, and by removing kittens from the colony to give them a chance to be scialized and adopted.

The 130 page soft-cover book sells for $22.50 and can be ordered from the Humane Society Press, 2100 L. Street NW, Washington D.C. 20037.

# PSYCHIC PREDICTIONS

Judith L. Christopher

**Week of May 21-27**

**GEMINI:**
**(May 21 - Jun 20 )**
One day will be great, the next, you'll wonder what the heck happened. It's the Moon thing going on. Yet this could be really lucky if you keep your eyes open.

**CANCER:**
**(Jun 21 - Jul 22)**
Uh, oh step back and take a good look at what you're about to do with your already mixed-up life. Don't allow anything or anyone get you upset. You're good.

**LEO:**
**(Jul 23 - Aug 22)**
It's best to walk away, when you're confronted with someone that is obviously not even thinking with a full deck. You'll win the fight by letting the others go.

**VIRGO:**
**(Aug 23 - Sep 22)**
"You go Baby" It's your time to shine, with or without anyone's approval. You have arrived, and don't let anyone tell you any different. Doing great.

**LIBRA:**
**(Sept 23 - Oct 22)**
This could be a real good week for you, but you'll have to step back in the shadows to get what you want done, the way you want it done. Keep quiet.

**SCORPIO:**
**(Oct 23 - Nov 21)**
Travel could be in store for you, even if you don't feel like going anywhere, except to bed. If possible, take a short trip by yourself, so you can think better.

**SAGITTARIUS:**
**(Nov 22 - Dec 21)**
Things are so messed up, because of all the moon activity, that you might as well do whatever you want to. Strange people, places & things.

**CAPRICORN:**
**(Dec 22 - Jan 19)**
So you want to change your life, or at least the people around you. Start with yourself. Take a good look, and find out what really makes YOU happy.

**AQUARIUS:**
**(Jan 20 - Feb 18)**
Let the games begin! One for the money, two for the show, anywhere you want to go, and Three to get ready because your life is about to turn around.

**PISCES:**
**(Feb 19 - Mar 20)**
Take a good look at the people you call your friends. Remember real friends will not let you look stupid. If they love you, they will tell you the truth.

**ARIES:**
**(Mar 21 - Apr 19)**
You cannot stand in two rivers at the same time, so why are you trying to do everything by yourself? Ask for help, or let go of something before it's too late.

**TAURUS:**
**(Apr 20 - May 20)**
If you think it can't get any stranger, just wait! This next week, just get through it, any way you can, without letting your feelings get the best of you. Chill.
