NO.2

## SINN FEIN REBELLION IN IRELAND ENDS

LEADERS IN ALL SECTIONS OF COUNTRY ARE LAYING DOWN THEIR ARMS.

## TURKS TAKE KUT-EL-AMARA

British Besieged Army Facing Starvation Is Forced to Surrender.

Kingstown, Ireland.—The proclamation issued by "Provisional President" Pearce, advising the surrender of all the rebels follows:

"In order to prevent the further slaughter of unarmed people, and in the hope of saving the lives of our followers, who are surrounded and hopelessly outnumbered, the members of the provisional government at headquarters have agreed to the unconditional surrender and the commanders of all the units of the republican forces will order their followers to lay down their arms.

"PEARCE"

London.—An official statement by the official press bureau regarding the rebellion in Ireland says the rebels are surrendering freely. The back of the rebellion has been broken. Messengers have been sent from the leader of the Dublin rebels to other rebels in Galway, Clare, Wexford, Louth and Dublin counties ordering them to surrender.

As regards the situation in Dublin, rebels from the areas of Sackville street, the postoffice and the Four Courts are surrendering freely. It is reported that 707 prisoners have been taken, included among these is the Countess Markievicz.

### Rebels Hold Enniscorthy.

The rebels at Enniscorthy are reported to be still in possession of this place and a mixed column of cavalry, infantry and artillery, including 47 guns, has been sent from Wexford with a view to engaging the rebels. The latest information from Enniscorthy shows that the rebel leader at this place does not believe the rebel leaders' message from Dublin and had proceeded to that city in a motor car under escort to verify the information.

### 7 British Officers Among Dublin Dead

London.—An official list of casualties among the army officers at Dublin given out contains 27 names. Of this total five were killed, 21 wounded and one missing. The list is additional to the one announced Friday giving the names of two officers killed and five wounded.

### British Surrender Kut-El-Amara.

London.—Major General Charles Townshend, commander of the British forces besieged at Kut-El-Amara, Mesopotamia, by Turkish forces since last December, has surrendered. This information was contained in a British official statement Saturday. The statement added that General Townshend destroyed all his guns and munitions before surrendering. The official announcement says:

"General Townshend has been compelled by the final exhaustion of his supplies to surrender. The force under him consists of 2,970 British troops of all ranks and services and some 6,000 Indian troops and their followers."

### Surrender Was Expected.

The eventual surrender of General Townshend had been expected since the failure of the forces under Lieutenant General Gerringe to break through the Turkish position at Samarra, just below Kut-El-Amara on the Tigris river, and the unsuccessful attempt to send the beleaguered army provisions by steamers. It had been touch-and-go with the small British force for many days.

### Threatened by Starvation.

General Townshend probably was driven to surrender to avoid starvation of his forces. A recent official Turkish communication said that the position of the British at Kut-El-Amara was "critical and that they were expecting to receive small supplies of food by aeroplane. It was announced that a ship laden with supplies had been sent up the Tigris, but that it had been grounded about four miles east of the city.

Less than a score of miles away, on the banks of the Tigris below the city, is a relief army which for months has been attempting to reach the beleaguered forces of General Townshend. A few weeks ago several victories were won and it was hoped that the Turks would succeed. Of late, however, the Turks' resistance has increased, and aided by floods, they have been able to hold the English in check.

## CAVALRY FORCE TO REINFORCE PERSHING

MORE THAN REGIMENT CROSSED BORDER SATURDAY WITH NO REASON OUTLINED.

## THE CHASE WILL CONTINUE

Movement of Carranza Troops Into Guerrero District Causes Some Apprehension.

Columbus, N. M.—The largest force of troops which has left Columbus since the initial command crossed the border six weeks ago, consisting of more than a regiment of cavalry, crossed the line into Mexico at daybreak Saturday.

The soldiers left Columbus upon orders of Gen. J. J. Pershing, expeditionary commander, and it was stated at military headquarters here that no reasons have been outlined in the order. Persons in constant touch with the border situation offered various explanations.

One belief expressed was that General Pershing feels that his shortened line of communication, which extends from Columbus to San Antonio, a distance of about 325 miles, is in need of further strengthening. Another was that the expeditionary commander fears that one of the stipulations in the conference between Generals Scott, Funston and Obregon will be that no more American troops shall cross the boundary, and is anticipating such an agreement by bringing his command to a strength that will enable it to cope with any emergency.

### To Continue Expedition.

Active preparations for continuing the expedition continue here, aeroplanes and a device calculated to equip motors for railway travel being tested and supplies being dispatched to the troops in the field. Plans were being made also to equip a squadron of motorcycles with machine guns. If these prove practicable, they will be used when speedy reinforcements are needed.

Some apprehension was aroused here by press reports from the front that four trainloads of Carranza soldiers, who previously had been withdrawn from the district, were being reconcentrated near Guerrero. The ostensible purpose of the movement was given as the prevention of the combination of the adherents of several Mexican factions in the section against the Americans. Military authorities here, however, seemed satisfied that General Pershing's command is amply able to care for itself in any emergency which might develop.

### Mexicans Held to Prevent Sniping.

Columbus, N. M.—Mexican officials are reported to be hostages in American camps to stop sniping. A rancher who returned from Mexico stated that the mayor of Las Cruces killed himself with a knife from a mess kit rather than remain a prisoner of the "gringos." Another hostage is said to have attempted to escape and was shot dead. The inhabitants of Mexican villages are becoming increasingly hostile to the United States troops, according to reports, and sniping is frequent. Persistent firing on troops from ambush along the communication lines south of Namiquipa is reported to have caused the expeditionary leaders to decide on the plan of holding Mexican city officials for the safety of American troops.

### German Cruisers Raid British Coast.

London.—German battle cruisers appeared off Lowestoft. The German warships opened fire on the coast before departing. Two men, one woman and a child were killed. The material damage apparently was small. In the engagement two light British cruisers and a destroyer were hit, but none was sunk. Lowestoft is on the North sea coast, about 100 miles to the northeast of London. It is almost opposite the Hague.

### Mrs. Hetty Green Dangerously Ill.

New York.—Mrs. Hetty Green, often described as "the wealthiest woman in the world," was reported to be dangerously ill in the home of her son, Edward H. R. Green, at No. 5 West Ninetieth street. Her attendants said she was stricken quite suddenly and had been unconscious much of the time since.

### Explosion in Chemical Plant.

Pittsburgh, Pa.—An explosion in the Heidelberg plant of the Asta Chemical company near here and resultant fire, which destroyed two buildings, caused a loss of \$50,000. Officials at the plant, which has been working on war orders, refused to advance a theory as to the cause of the explosion.

## AN EPITOME OF EVENTS

DOMESTIC AND FOREIGN HAPPENINGS SERVED UP IN ATTRACTIVE STYLE.

## EUROPEAN WAR HAPPENINGS

Everything Important That Could Be Confined to a Small Space is Found Here.

A German submarine was sunk on the east coast of England, it was announced officially. Eighteen men on the submarine were captured.

The British steamship industry has been sunk by a submarine, which left the crew of the vessel in open boats 120 miles from land. The crew was picked up by the American liner Finland.

War now is costing the nations of Europe more than \$90,000,000 a day. Of this the principal burden falls on the entente allies. The cost per hour to England, France and Russia is approximately \$2,500,000, while to the Teutonic empires the cost is in excess of \$1,000,000.

The British battleship Russell has been sunk by a mine. Admiral Fremantle, the captain of the Russell, 24 officers and 676 men were saved. About 124 men from the Russell are missing. The warship was sunk in the Mediterranean.

The German government was prepared to pay \$500,000 each for the destruction of ships loaded with war supplies for the entente allies. Lieutenant Robert Fay of the German army, on trial in the United States court for conspiracy, was quoted as having informed Carl L. Wittig, a witness for the prosecution.

The flight of a German aeroplane over Swiss territory near Poretury occurring so soon after previous flights over the same territory, has provoked the strongest indignation in Switzerland. The semi-official Bund says the time has come to demand from Germany something more than expressions of regret or excuses.

An official report issued by the German admiralty announces that three German aeroplanes dropped 31 bombs on the Russian battleship Slava. Several of the bombs are said to have taken effect and life on the battleship was observed.

The greatest single sale of oil property ever made in Oklahoma was closed when the Sinclair Oil and Refining company placed \$9,500,000 in a New York bank to the credit of John T. Milklin and associates. This sum represents balance due on the stipulated price of \$10,000,000 for the purchase of all the Milklin holdings in Oklahoma.

Thirty thousand workers in women's cloak, suit and skirt factories received notice of the beginning of a lockout affecting 400 shops controlled by members of the Cloak, Suit and Skirt Manufacturers' Protective association. In retaliation the president of the International Ladies' Garment Workers' union and offices of the eleven cloakmakers' unions declared a strike, effective Tuesday, involving not only the 30,000 affected by the lockout, but also about 35,000 employees, in 1,800 shops, not controlled by the manufacturers' association. The dispute arises over the question of maintaining a "closed" or "open" shop.

Ten years' work of the Laymen's Missionary Movement, both in the United States and abroad, was reviewed by speakers at the national congress of the movement in session in Washington. It was announced that since the movement began in 1906 it had tremendously increased the amount of mission collections and aroused an interest in mission work never before shown by business men. One speaker described the present as a million dollar age, in which mission gifts of a million dollars are far from unusual.

The option of resigning their membership in the union else leaving the service of the company, has been given clerks employed in the Katy freight office and the Bellmead yards of the Katy at Waco, according to T. M. Nowlin, Jr., secretary of the local branch, Brotherhood of Railway Clerks. Twenty-two clerks employed by the Katy belonged to the local branch prior to the ultimatum. Mr. Nowlin says, and all of these have surrendered their membership in the union.

The wages of the 7,000 employees of the Pennsylvania Steel company of Steelton was advanced about 15 per cent on May 1 by the Bethlehem Steel corporation.

Conditions in Mexico City were reported to the state department from confidential sources as "bad from every point of view." Food supplies were reported not sufficient, and the railroads are unable at present to relieve that condition.

The Republic Rubber company's plant at Youngstown, Ohio, employing 1,800 men, was closed for inventory, according to President Robinson, who added that it would not reopen because of the demands of employees.

Directors of the Ellen Wilson homes have selected a square seven blocks from the capitol in a relatively undeveloped section on which they soon will begin erecting 140 small dwellings that will accommodate the late Mrs. Woodrow Wilson. The buildings will be rented to unskilled negro wage earners at low rates.

It is reported from Mexico City that the government had floated a loan in the United States amounting to between \$50,000,000 and \$100,000,000 of United States currency, which will be placed in reserve in the national treasury as a guarantee of the new Mexican money issue, which will begin to circulate May 1.

House Democrats in caucus approved by a vote of 140 to 35 the senate Philippine independence bill, but agreed to permit an amendment in the house to the prohibition section of the measure. Twenty-eight members announced that they would not be bound by the action of the caucus.

The Lever Cotton futures bill has been adopted by the house by an overwhelming vote as an amendment to the pending agricultural bill. The bill is a slightly amended duplicate of the one held unconstitutional by the New York federal court last year because as a revenue measure it did not originate in the house.

The largest force of troops which has left Columbus since the initial command crossed the border six weeks ago, consisting of more than a regiment of cavalry, crossed the line into Mexico at daybreak Saturday. The soldiers left Columbus upon orders of Gen. J. J. Pershing, expeditionary commander, and it was stated at military headquarters here that no reasons have been outlined in the order.

Two Americans were killed and three wounded in an engagement between cavalrymen under Col. George A. Dodd and 250 Villa bandits at Tomachic, in the center of the Sierra Madre, Western Chihuahua, on April 22, according to an official report. The Villa command, under 4 chiefs, was surprised and routed. After the battle the Americans found six dead Mexicans and 19 wounded, while a number of horses, arms and equipment was captured.

It costs a little more than 50 a minute to support the 4-year-old posthumous heir of the late Col. John Jacob Astor, a victim of the Titanic disaster, according to an accounting filed by the child's mother and guardian, Mrs. Madeline Talmadge Force Astor. Although \$20,000 a year was allowed by the court for the maintenance of the child, Mrs. Astor declared it had been impossible to supply all his wants with that amount. During the last year she said his expenses were \$27,593.

The property owners of Mansfield, La. authorized a \$250,000 bond issue for building hard surfaced roads, the proposition carrying 403 to 23.

Commissioner of Insurance and Banking John S. Patterson, carried with him \$250,000 of the guaranty fund to be used in the payment of depositors of the West Texas Bank and Trust company of San Antonio. An additional \$200,000 will be paid depositors by the 300 guaranty fund banks.

An advance of 10 per cent in the wages of 6,000 operatives in cotton mills controlled by B. B. and P. Knight in Rhode Island, has been announced.

In a battle between 6000 rebels and the constitutionalist army just north of the city of Oaxaca the rebels were defeated with the loss of 500 men killed and many wounded or taken prisoner, according to a message received at the Mexican war department from Oaxaca.

**"OLD CHESTS"**

are not safe depositaries for money. What a contrast between the "old chest" and our fire-proof, steel-lined vault and burglar-proof, time-lock safe! It will cost you no more to keep your money with us where it will be absolutely safe, than in an "old chest" where it is decidedly unsafe.

Candidate Announcements.

For Sheriff, JOHN B. BAIRD. For Tax Assessor, JOHN L. BRYAN, Jr.

Notes from Luke's Corners.

Sunday Ed reached the Corners this afternoon with the whole town of his hat pushed out, caused by riding a borrowed saddle with stirrups that were too long for him.

Politics are raging in and around the Corners and the fifteen thousand Republicans report that they are not going to support our present President at next election.

Since the New Mexico crises come to head every married man in this neighborhood carries a loaded gun for the Mormon that lived near here about that time from Mexico.

One of the Hanover boys who owns an old automobile has had a new tongue put in it; he already had an over supply of little tires.

Your correspondent had the pleasure of interviewing Nigger Lawson one day this week. Speaking from a political standpoint, he says the press has his consent to say that if he ever goes to be President of the United States he will certainly invite Teddy to dine with him. First to show the public that he thinks the white man is as good as a colored gentleman.

The Old Needle Doctor sent to county seat and got a bottle of whiskey and opened up a 3-foot Bum today. The operation did affect the climatic conditions any. However, most all the town are wearing Gas Mufflers over their mouths and noses.

As ever yours truly, RUBE WHITE, Official Correspondent from Luke's Corners.

Meek Waves.

The farmers and stockmen of Meek country are wearing a broad smile, having lots of rain, and grass and vegetation is growing fast. Most of the farmers here have their crops planted.

Mr. C. H. Hale is visiting her daughter in Carrizozo.

Mr. Loren White and family are visiting at Richardson.

A McPherson has sold the Bluff ranch to a Mr. Messy of Midland, Texas, and is going to move to Salt Creek.

Mr. Park, Mrs. Park and Mrs. Park's mother made a business trip to Pine Lodge this week.

Mrs. Frank Dochary is visiting her mother, Mrs. Sidwell, at the Arroyo Seco.

Mrs. Spindle and family, of Roswell, are camped at Meek looking for a location.

Bro. Pryor, of Arabela preached at the Meek school house last Sunday night. We are glad to say that there will be preaching at Meek every fourth Sunday from this time on. We believe that Bro. Pryor will do much good in this community.

Walworth & Bro. are making a good auto road from Old Meek to Pine Lodge.

Mrs. Dode, Hurch and Mrs. Watt Hill, of Paradise Valley, passed through Meek this week enroute to the Cores ranch, near the Pecos, where Mr. Hill is working.

Mr. and Mrs. Emmett McFarland are visiting on the Mecho.

Meek has just had the largest snow we've had this winter.

Just received a shipment of Justice Navajo rugs. The Truworth Co.

White Oaks Items.

The properties of the White Oaks Mines Consolidated are now being actively operated. Among the properties are the North and South Homestake Mines and the Old Abe Mine.

This latter property has been idle for several years, but was reopened and Tungsten discovered and has recently been put in good condition and equipped with an air hoist. A night and day shift is now being run and considerable ore being mined. Two Willey tables and considerably other machinery is being installed at the mill and twenty stamps will soon be dropping night and day.

Mr. Geo. Spence has had a new portion added to his roof and other improvements added to his residence, the work being done by English & Foster of Carrizozo and the painting by Moore, of Carrizozo, also.

Mr. H. S. Hanner attended the State Republican convention at Albuquerque last week as a delegate.

Miss Bobbie Taylor and Miss Georgia Hill visited in Carrizozo Sunday, going over in the Taylor car.

Mr. Paul Mayer has opened a garage in his old livery barn. For good and quick service call at Mayer's garage.

White Oaks had a fine rain Saturday night and Sunday and the snow of several inches fell Sunday night.

Mrs. Edith Gibson has opened a boarding house in the old Paden drug store building; also serves meals at all hours.

The Ladies' Club will serve ice cream and cake at the hall every Friday evening.

Notes from Mountain View.

Sunday morning it began raining and before night it was snowing and continued snowing all night. Monday morning there was an average of 8 inches of snow all over the country, and it continued snowing most the day, but melted some in the mean time. The sun is shining this morning and the snow and ice is melting on the ground and falling off the trees and will all soon be gone. It is feared that those who had corn up will have to replant; they can't tell however, whether it is killed or not until the snow is gone. Most of the farmers were done planting, except those bean crops.

There will probably be a few calves and lamb that will not be able to withstand the storm.

Emily Thompson is about well again.

Mr. Blakeley, living near the old Lunt's Ranch, was in this community a few days ago after seed corn. He stated that he had corn up out there.

William Hayes, Roy E. Hill, N. T. Bruce and Jim Hupp, who are now working for Prager Miller, on the Mecho, came up to attend the box supper.

Everybody and their kins folks and friends are invited to attend the Mothers' Day celebration at this place Sunday May 14th. Everybody expect to take their dinners and spend the day on the grounds, as there will be Sunday school, and a good many songs and pieces appropriate for this occasion; there will also be the Christian Endeavor at night, besides there will be church on Sunday. Come out and see how our little community is progressing, when a little more than a year ago we had no school house, and the state refused to build one, so the community took the matter in hand and built themselves, and so far the state has given us no assistance except to pay the teacher last year. They say that now desks have been ordered, but they have not arrived; don't when school will start; last accounts, they had not employed a teacher. I am sure that there quite a number of teachers who would be glad to have the school.

Sunday school was short Sunday on account of bad weather.

The subject at the Christian Endeavor meet on Sunday night May the 16th will be the Cause

creation of Character, and the meeting will be led by Jake Hulse. The lesson for May 14th is What Does Christ Want Us to Do; union meeting with the juniors. Don't know yet who will be the leader.

Some of our correspondents persist in getting their reports here late in the week. We received a good many one to day, but did not possibly have time to set up, consequently it will have to go over until next week. Please get them here as early as possible, if possible, not later than Thursday under any circumstances. Pay attention to this, please.

Nogal Pick-Ups.

Uncle Tom Moore returned Tuesday from El Paso, where he has been for the past several months. He looks much improved.

Mining in the order of the ice and around Nogal.

Claud Parth and family moved to one of the railroad farms on the Bonita this week.

G. W. Cardwell and family have moved to the Bonita saw mill.

Sam Howell and family have moved to the Farman ranch near Carrizozo.

Ed Long and family have moved from Carrizozo to the Bright ranch.

Geo. B. Cardwell and family are moving to the Jicarilla mountains.

The gardens in these parts are making a good showing.

The fruit crop will be light here this year.

Hondo Dots.

The snow did not get more than an inch deep here, and hasn't hurt any of the fruit. There will not be many apples raised in this part of the country, but there will be fair crop of cherries, plums and pears.

Stock are somewhat drawn from the effects of the storm, but there is a good season in ground, grass is coming and I think they will get through all right.

Some have planted corn, while others haven't done but little towards farming.

A Round Dozen.

Frank, New Mexico, May 1, 1916 - Born to Mr. and Mrs. A. W. Persella a ten pound baby, arriving at 3 o'clock this a. m. Mother and child doing well, but the Doctor says he sees very little chance for improvement in Wes. This makes Mr. and Mrs. Persella the parents of twelve living children - six boys, and six girls, and all a home. H. D. M.

Parsons Nuggets.

There has been a 10 inch snow here; how is that for the first of May? The snow that followed the snow does not seem to have had anything more than delay corn planting.

Two of Late Jennings' children are sick with measles. Grandma Jennings has also been very sick with measles, but is doing nicely at this writing.

Mrs. Ellen Statton has gone home, after her illness at the home of T. J. Griffin.

G. B. Greer has gone back to his goat ranch. His son James is improving, slowly.

George Ready and J. W. Robinson are hauling the machinery from Capitan to the mill at Parsons, but have been delayed on account of the storm.

T. A. Bragg, Joe Cochran and others have returned from their bear hunt, having killed one small bear.

GOOD FARM FOR SALE.

One of the best farms north of the Capitan Mountain, in Pecos Valley, known as the G. W. Smithson place, for sale at a bargain if taken soon. Three hundred and twenty acres patented land, 40 acres in cultivation, 12 acres in orchard, trees bearing fruit, fine well of water, wind mill and tank. Application made to purchase state land adjoining. For price and terms see or write W. H. Sellers, Capitan, N. M.

The Capitan Merc. Co. have this year's Irish potatoes, boiled ham and mixed ham; also, fresh strawberries and fresh string beans on hand.

## LOCAL AND HOME NEWS

Mrs. Will Titsworth is visiting relatives on the Ruidoso this week.

Dr. Price reports a girl baby born to Mr. and Mrs. Frank Phillips last night.

Will Coe was over from the Ruidoso yesterday buying supplies.

Try the ice cream at the Sunshine Pharmacy.

John Littleton, the Block Ranch line man, was over Wednesday buying a load of supplies from the Titsworth Co.

Just received a car load of Portland cement.

The Titsworth Co.

C. N. Webb, the VV ranchman, returned the first of the week from a ten days visit to his family in Roswell.

FOR SALE—Yearling Hereford Bulls. The Titsworth Co.

Sam Bigger returned today from Hope this state, where he had been to look after the shipment of the printing outfit which we have recently traded for.

Good Automobile to trade for stock. Call at or write this office for particulars. 2-1-4

Mr. Will Blanchard was here today buying supplies for the Blanchard Bros. ranch away down on the Micho. These gentlemen make Capitan their trading point.

POTATO SEED—Irish potato seed, of the best variety, can be found at the Capitan Merc. Co's store. 1-1 tf.

Mrs. F. H. Johnson is making preparations for an extended trip and will be gone about 30 days. She will visit with friends in El Paso, San Antonio and Houston, Texas.

Mr. M. Smith, living at Old Ruidoso, was in Capitan yesterday and paid this office a visit. Mr. Smith is a partner with Mr. A. O. Creley in the mercantile business reports trade very good.

FOR SALE—One bay horse over 16 hands high, 4 years old, gentle; also, one small saddle pony, 6 years old. Both at bargain if sold at once. See Dr. Price at Drug Store. 2-1 tf

LOST—One dark green Forest Service uniform coat; name, letters and \$25 check in it. Check valuable only to owner. Return to Forest Office at Capitan or to Ben F. Nabours at Lincoln, N. M., and receive reward.

WANTED—One dozen laying Pullets and unrelated Rooster; state breed and price. F. O. B. Capitan. Address

R. H. West,

Box 21 Alto, N. M.

"Desco" has been accepted by the Post Office Department as the name for the new post office to be established in Paradise Valley. Several names were selected and sent in but were rejected; the one accepted was selected by Miss Sarah Agnayo, and is of Spanish significance.

For Sale.—Dynamite, Blasting Caps and Fuse. The Titsworth Co.

J. R. Coleman sent the Mountaineer a note this week enclosing a check to pay another year's subscription to the paper. Mr. Coleman now lives at Doxey, Oklahoma, but we learn expects to come back to Lincoln county, New Mexico, just soon as he can arrange his business so that he can leave there.

P. H. McCabe, a cattle man living in Delores, Col., was here several days recently and bought The Titsworth Co's steers. He left for home on Tuesday's train.

J. R. Coor was over from Cactus Flat Tuesday. He reports the farmers in that vicinity are well up with their work, and he thinks the big snow has furnished sufficient moisture to insure good crops.

The Fisher Lumber Co. has just received a car load of Red Wood lumber and shingles. 2-1-2

John B. Burch, accompanied by his friend, Mr. McCoy, and C. A. and Thurston Perkins, is out in the mountains hunting bear. Four Bruin's doom will be sealed if he should get in range of C. A. Perkins' rifle.

## A Splendid Weekly Paper.

The Mountaineer is getting the New Mexico State Record in exchange, and its coming each week is awaited with interest. It is the best weekly newspaper published in New Mexico, so far as our knowledge of the state press extends. While its political tenets are not in accord with our preconceived opinions in that respect, yet a long experience and a ripe judgment has, we believe, enabled us now to view the opinions of newspapers and men with liberality and to give expressions as to what we conceive of their merits without the least prejudice. The Record gives the news from all parts of the state, and its readers can keep well posted as to what is going on in New Mexico; it copies extensively from its exchanges, and right here we will say that it gives each one proper credit for the items it reproduces, a courtesy that some other papers we read do not observe. All the state and local news published in the Record and those wishing to keep posted in regard to that interest would do well to subscribe for it.

Ex-Sheriff John Owens was down this week from Corona after a load of ranch supplies, and took the new Studebaker wagon, which he bought about four weeks ago from the Titsworth Co., home with him. When ranchmen and farmers living fifty and sixty miles from Capitan come here to buy their supplies, it certainly indicates that they can buy them here cheaper than at points much nearer home. Mr. Owens coming to Capitan to buy his ranch supplies, is not the only instance we have noticed of parties coming here from a distance to do their trading. We noticed another prominent ranchman here today buying supplies, whose place is nearer Roswell than Capitan, and we could go on and mention numerous instances of the kind, but it is not necessary. We only started out to give a personal mention, but in doing so, these pertinent facts suggested themselves and we have spoken of them because they are worthy of consideration.

The biggest snow of the season came last Sunday night and it continued snowing most of the day Monday. In Capitan it reached a depth of 10 inches, and up in the White Mountain country it exceeded 12 inches in depth. In some places the freeze Monday night is said to have killed all the fruit, while in other localities it did not. The loss in the fruit crop of course amounts to something, but it is nothing to compare with the benefits received. There is now a fine season in the ground which will carry the crops until summer rains come and we may expect fine crops of corn, oats, barley and beans.

Bob Hurt made a trip to Baca Canyon last week, and while at F. P. Knight's ranch he bought a Hereford bull calf and a fine bear pig. The calf is an offspring of a bull in the Hagerman herd, at Roswell, that was bought by Mr. Hagerman for the round sum of \$3000. Mr. Hurt, while in that neighborhood, also traded for a five year old white face bull from W. M. Spillers, which is a very fine animal. Mr. Knight moved into Baca Canyon from the Pecos Valley, near Roswell, last fall and brought with him some high grade cattle and hogs and some very fine brood mares.

Jas. A. Scott spent several days in Alamogordo this week conferring with the forest supervisor. Mr. Scott has been notified of his promotion from the rank of forest ranger to that of deputy supervisor and placed in charge of the branch office in Capitan until further orders. Mr. Scott's promotion is well deserved. His efficiency as a forest official is well known by all who have had business relations with him, and has been recognized by the public as the actual head of the Capitan office for a long time, though holding an inferior rank.

Lightning Seed Sowers for sale at Titsworth Co's.

We carry in stock:

Alfalfa Seed,  
Garden Seeds,  
Corn Planters,  
Corn Drills,  
Plows,  
Harrows.

Our Prices Are Reasonable.

The Titsworth Co.

## Capitan Commercial Club.

The club held a very interesting session at the Capitan Hotel Wednesday evening. The most important item of business for the evening was to arrange for the reception and entertainment of the party to be here soon for the purpose of putting in a banic in Capitan. It is confidently expected that this matter will have assumed definite shape and that actual work on the bank will begin. There are now four different parties figuring on the bank proposition with the club, and some of them, at least, are financially strong and would have the full confidence of our people, but at this time it is possibly best not to mention names. The secretary is in correspondence with other parties who are looking for business locations and there was much confidence expressed at the meeting that there would soon be something doing in the old town. We wish to impress on every one that for the next few weeks there are going to be important issues before the club, the solution of which may mean very much to Capitan and the entire community. It was expected when the club was organized that it would not only have the support of the spirited people of Capitan, but the progressive people generally, both in and out of town, who would take hold to give it their moral and financial support, which is certainly so very much needed. We believe, however, the time has now come when there will be a general feeling for a progressive movement manifested, and that every good citizen will do his part towards building up of his town and the whole community. We are not of those willing to attribute selfish motives to any of our fellow citizens because they may not drop into our line of thinking or are not willing to pursue exactly the same course which we have marked out for ourselves. This matter should be taken hold of in a spirit of good feeling by all; let matters be freely discussed and fully understood, then concessions are certain to follow, which will lead to a get-together sentiment, by not a part of the people, but by all of the people, will soon prevail.

Mr. John West informed the Mountaineer man yesterday that Rowland Box and family are expected in this week from the Hot Springs, where they have been living for the past year. Mr. West stated that Mr. Box has entirely regained his health, sold out the Springs and is coming back to make his home on his Bonita ranch.

Mr. A. J. Gilmore writes the Mountaineer this week from his home on the upper Ruidoso and enclosed his check to renew his own subscription, and the subscriptions of his sons Matt and Watt Gilmore, which will expire later in the season. Mr. Gilmore states that he has just returned from the Hot Springs.

Go to the Sunshine Pharmacy for ice cream. See ad in this paper.

Mr. C. B. Lane, living near Alto, called on the editor while in town yesterday and we found him to be a very sociable and interesting gentleman. Mr. Lane is a member of the state executive committee of New Mexico, and will look after their campaign in this county.

Mrs. Agnes May is one of the early gardeners in Capitan this season. Before the big snow this week she had onions, radishes and other garden products up and growing nicely. The editor wishes to express his appreciation and thanks for a nice supply of onions and some canned gooseberries presented, himself and family by this good lady.

The brand of flour widely known as the "Pride of Denver" is the housewife's choice. It not only makes better biscuits than any other flour they can get, but they find none other that approaches it for making cakes and all kinds of pastery. The Titsworth Co. have just received a car load of this flour.

W. A. Vincent, an old acquaintance of the Mountaineer editor when we lived out on the Texas border, paid us a call Wednesday while in town. Mr. Vincent still owns his land on the east plains, but he thinks he is here to stay, as he says he likes this country much better than that. He is now holding a job with Railroad Co., and works at the big lake on the Nogal hill.

## NOTICE FOR PUBLICATION.

024561

Department of the Interior  
U. S. Land Office,  
Roswell, New Mexico,  
April 11, 1916.

Notice is hereby given that Jose Carrillo, of Tinnie, N. M., who, on March 15, 1911, made Homestead Entry, Serial No. 024561, for 160 acres, N. 23 S. 1 E. and the N. 23 S. 1 E. Section 25, Township 9 S., Range 17 E., N. M. P. Meridian, has filed notice of intention to make Final Five Year Proof, to establish claim to the land above described, before Register or Receiver U. S. Land Office, at Roswell, New Mexico, on May 12, 1916.

Claimant names as witnesses: Procopio Gustamanta, Manuel Sincero Carrillo, Meliton Sabedra, Francisco Annalla, all of Tinnie, New Mexico.

CONVENIENT BROODER COOP FOR CHICKS

Homemade Brooder Coop is Inexpensive and Handy.

For either free range or for intensive poultry culture the brooder coop shown herewith will be found very convenient.

made of matched lumber and secured by crosspieces as shown. In order to hold it up a hinged prop may be placed in the middle.

RECIPE FOR INSECT POWDER

Mixture of Creosol, Gasoline and Plaster of Paris Will Be Found Entirely Satisfactory.

A good homemade insect powder can be made by thoroughly mixing one-fourth pint of creosol and three-fourths of a pint of gasoline.

Applying Insect Powder.

powder can be boxed, put in a dry place, and kept for a long period of time.

To apply the powder, dust the birds thoroughly around the vent and in the feet under the wings.

RETURN ALL INFERTILE EGGS

Disappointing to Customer Who Wants to Get as Many Chicks as Possible—No Fault of Buyer.

Infertile eggs are very disappointing to a customer who wants to get as many chicks as possible out of the number he buys.

If the eggs test out infertile after seven days' incubation, the purchaser should return them to seller, as evidence that they were not fertile, and receive fresh eggs in exchange.

PREVENT DISEASE IN FLOCK

Cause of Roup Can Always Be Traced to Filth of Some Kind—Keep Houses and Yards Clean.

The fundamental cause of roup can be always traced to filth of some kind, which may be no fault of the owner, since the birds may eat putrid food at neighbor's premises, or when exhibited at some poultry show.

But usually the trouble lies in the home poultry quarters, and special care should be exercised to keep the yard free from strid food and the house and all vessels used for feeding and drinking purposes as clean as possible at all times.

Grit is Necessary. Don't forget that sharp grit for the hens is necessary at all times. Also washed shell and other charcoal of meal stagers.

NEW MEXICO STATE NEWS

Western Newspaper Union News Service.

COMING EVENTS. May 24—Democratic State Convention at Albuquerque. June 6-8—Teachers' Meeting at East Las Vegas.

A charter has been granted to the Gallup Rifle Club.

Lordsburg has started a movement to establish a hospital.

A state Sunday school convention will be held in Las Vegas in June.

The Portales creamery is now producing 100 gallons of cream weekly.

A new enterprise at Clayton is a planing mill and sash and door factory.

The two prisoners who escaped from the jail in East Las Vegas were re-captured.

The ninety-seventh anniversary of the I. O. O. F. was appropriately observed at Hapa.

The Clovis Chamber of Commerce has been reorganized with Claude Miller as president.

Colfax county expects to lead all counties of the state in the production of milling wheat.

Quay county men are circulating a petition for the appointment of a county agricultural agent.

The dividend paid by the China Company was \$1.25 a share, or a total of \$1,027,475, paid on March 31.

W. E. Mitchell, an Artesia ranchman, sold twenty-five head of fat steers that averaged \$102 per head.

The Mora county commissioners have acted favorably on a petition for the incorporation of the town of Roy.

Gus Wallick, wanted in Lincoln county for burglarizing the store and postoffice at Ancho, is in jail at Estancia.

Sybil Autry was hit in the eye with a piece of chalk in school at Portales and for some time her sight was threatened.

The thirty-third annual convention of the Grand Army of the Republic, department of New Mexico, was held in Albuquerque.

Robert Fleming of the Penasco section reports that sheep wintered well in that vicinity and a heavy lamb crop is expected.

The Clovis school board has purchased a half block in the center of the city, opposite the court house, for a high school site.

The Rio Grande Valley Dairy Association, of Las Cruces, filed articles of incorporation with the State Corporation Commission.

Ira Lane was shot dead at a well near the Hudson ranch in the Carlsbad country and Charles Lasseter is accused of the killing.

Fraternal insurance in force in New Mexico on December 31 was \$15,567,255, or \$1,429,474 more than the insurance in force a year before.

Twenty corals of fish were found in rivers near Roswell by a scientific party from the University of Colorado Biology Department.

The International Karakul and Rambouillet Sheep Company, of Berlin, filed its charter with the State Corporation Commission.

Robert W. Butt of Albuquerque has been appointed deputy United States marshal by United States Marshal A. H. Hinds of Santa Fe.

It is stated that William Hale Thompson, the cowboy mayor of Chicago, is coming to the 'Cowboys' Reunion at Las Vegas in July.

Governor McDonald has been named a member of the national committee which will cooperate in the big national military and naval tournament and exposition at Sheepshead Bay, May 20 to 28.

J. W. Evans, who lives near Deming, has presented the Chamber of Commerce of that place with an egg one of his Barred Rock hens laid and it is said the egg measures 7 1/2 by 7 1/2 inches and weighs a half pound.

A fire that started from sparks from a Colorado & Southern locomotive damaged the Clayton cemetery to the extent of about \$300. The fire burned over 400 acres, destroying grass, buildings, fences and telegraph poles.

After the death of Arlo Beach at the Socorro Hospital, the preliminary hearing of Harold Arntsen, who is charged with the murder was concluded and the accused man was held to await the action of the grand jury in the sum of \$10,000.

Herbert Fairfax Bishop, living near Faywood, and at present a student at the School of Mines, has been appointed to Annapolis by Senator Carter.

Suit for \$25,000 damages was filed in Federal Court at Santa Fe, on removal from Roosevelt county by Anne D. Carter against the A. T. & S. F. Railway Company.

The road leading into the Red river district of Colfax and Taos counties, which has been practically closed by snow for the last three months, is again open.

DICTATED BY GREED

Shameful Policies Formulated by Manufacturers.

Summed Up, it Would Appear That the Cotton Manufacturers' Association Stands for Extortion, Cruelty, Tyranny, and Monopoly.

The American Cotton Manufacturers' association, in session at Atlanta, enthusiastically adopted resolutions demanding a high protective tariff, the defeat of the child-labor bill in congress, the denial of Philippine independence and the legalization of combinations to control foreign trade.

We do not believe that our business men are as vicious as the policies of the lackays supported by their organization often make them appear. In this declaration an important element of producers subscribed to extortion, cruelty, tyranny and monopoly.

Only one excuse was made for such a platform of abomination, and that was fear. There is fear that the present prosperity will not last, that European competition after the war will be deadly; that humanity toward childhood will shorten the supply of cheap labor, and that freedom in the Philippines may restrict a market.

Many people are inclined to marvel at the desperation to which war has brought the highly-civilized nations of Europe. Here under conditions of profound peace we have a spirit no less rapacious. War is greed with arms in its hands, but it is open and unashamed.

PITY THE POOR STEEL TRUST

Report of Business Conditions Shows How Badly 'Infant Industry' is in Need of Protection.

The National Bank of the Republic of this city has published the following analysis of the steel business in general and that of the steel trust in particular:

The unfiled orders of this one producer on February 29 reached the largest total ever reported. Incoming business was 60 per cent in excess of shipments, although the orders already on the books would be sufficient to maintain the present output for more than six months without the acquisition of a single additional order.

Consider further that the demand for steel products will not decline at the close of the war, owing to the enormous reconstruction necessary. Under such circumstances, isn't it positively pitiful that the poor steel trust must face the future without any mortgage on the White House and without being able to bar all foreign metal goods from the United States by an Aldrich tariff?—Chicago Journal.

Honest Tariff.

The Democratic view of the tariff was possibly best stated by Senator Underwood, who, as a member of the house, helped to frame the original tariff measure. "Our tariff," Mr. Underwood said, "has succeeded in producing revenue and in reducing the tariff wall. If there has been mistakes made on some points, they have been mistakes of the head and not of the heart."

Not An Ideal Cry.

Those well-meaning persons who demand a ringing utterance from potential presidential nominees on the issues of 1916 would occupy a more intelligible position if they would kindly indicate just what the issues of 1916 will be. Among them, anything to beat Wilson may leave something to be desired.—Indianapolis Star.

That Perpetual Candidate.

It may be stated with accuracy that there are no candidates at the present time for the Republican nomination in the usual acceptance of the term.—Senator Fearson.

Oyster Bay Theory.

Mr. Roosevelt's devotion to the United States, as set forth in his latest manifesto, is not to the United States over which Woodrow Wilson presides, but to a United States of the future which will be worthy of every man's loyalty because Mr. Roosevelt himself will be at the head of it. Until that happy day arrives, it is the Oyster Bay theory that every American is at liberty to sandbag the president in, jab the army and navy and hang the old flag bottom side up.
