ITALIANS AT GORIZIA CAPTURE 20,000 MEN

KING OF ITALY AMONG FIRST TO ENTER CITY, AFTER WITHDRAWAL OF AUSTRIANS.

AUSTRIAN FORCES RETREAT

Russians Find Bridges Blown Up, but Ford Ziota-Lipa River and Continue Pursuit.

Rome.—About 6,000 prisoners were captured by the Italians at Gorizia, according to an official announcement by the war office. The statement says an accurate estimate is impossible at present, as numbers of prisoners are being brought in hourly.

An official war statement says: "In the Gorizia area our troops continued to cross the Isonzo on the newly repaired bridge. Our cavalry and cyclists pressed forward east of the town at several points under heavy fire."

Gains on the Carso.

"On the Carso, after very hot fighting, our troops succeeded in piercing the strong intrenchments northeast on Monte San Michele and near the village of San Martino and occupied Boscina. Prisoners continue to arrive. We have counted up till now 258 officers and 12,072 men."

"A squadron of 18 Caproni aeroplanes raided the supply stations at Fravacina and Dorberg. More than three tons of high explosives were dropped on the railway station and on military depots. Good results were observed. The squadron returned safely."

King Enters Gorizia.

The king of Italy was among the first to enter the captured city of Gorizia. He was accompanied by his cousin, the Duke of Oosta, commander of the third army, who was present during the three days of fighting preceding the fall of the stronghold.

Notwithstanding the desperate fighting around Gorizia, the city itself was not burned by the Austrians nor destroyed by the Italian artillery fire, nor were the inhabitants injured—these, to the number of 20,000, having previously evacuated the city.

Russians Ford River.

Petrograd.—Russian troops have forded the Ziota-Lipa river in Galicia east of Stanislau, in the continuation of their progress westward, says an official statement. The Russians have captured the railway station at Kryplin, on the Stanislau-Nadvorna railroad. The statement adds:

"In the region of Tysmenitza our troops, following hard upon the heels of the retreating enemy, continue their movement to the north and to the west, having occupied in a westerly direction the right bank of the river. All the bridges over the river have been blown up by the enemy."

Stanislau in Range.

Stanislau is already within the range of the Russian guns. The Russian general Letchitzky, losing no time in following up his victory at Tysmenitza, has pushed westward along the railroad and northward along the wagon road and in the latter direction has approached within six miles of Stanislau.

The counting of Gen. Letchitzky's prisoners during the ten days' operations brings the grand total of prisoners since early in June to 402,000.

More Russ Troops to France.

Brest, France.—Another contingent of Russian troops has been landed here. The soldiers were given an enthusiastic welcome.

TRAINMEN AGREE TO MEDIATE.

If This Fails, President Wilson Will Be Appealed to to Prevent Strike.

New York.—If the United States board of mediation and conciliation which was called in, fails to adjust the differences between the railroads of the country and their 400,000 employees, President Wilson will be asked to use his personal influence to avert a general strike. This statement was made by a representative of the railroad managers, who have been negotiating with the men since June 1 for a peaceful settlement.

The appeal to the president would be the last resort and would be taken only to save the nation from the trade paralysis that would follow a strike of the magnitude planned by the railroad men.

Efforts of the federal mediators to bring the contending factions together are well under way.

RUSSIANS TAKE OVER SIXTY SQUARE MILES

FORCES OF CENTRAL POWERS RETREAT AND CZAR'S CAVALRY IS IN PURSUIT.

GORIZIA BRIDGEHEAD TAKEN

Austrians Have Lost Over 8,000 Men Captured in Two Days by the Italians.

Petrograd.—South of the Dniester river, in the direction of Tysmenitza, the Russians have driven the Austro-German forces along the whole line for a breadth of 15 miles, it was officially announced.

The announcement adds that the Russians have captured the town of Tlumach, as well as the region to the east of the Dniester and the ridge of heights there.

Russian cavalry, it is stated, is now pursuing the Austro-Germans southwest of the Kolomea and Stanislau railway in Galicia.

The total number of prisoners taken by the Russians in the battles on the Sereth river Aug. 5 and 6, the official statement adds, was 166 officers and 8,415 men. The Russians in this region are advancing.

The Russians in their advance in East Galicia have taken territory aggregating 61½ square miles.

Italians Take Gorizia Bridgehead.

Rome.—The war office has announced the capture of the Gorizia bridgehead by the Italians. It is said the city is being shelled to drive out the Austrians. More than 8,000 prisoners were taken on Aug. 6.

French and British Both Advance.

Paris.—Notable gains have been made by the French in the Somme battle, according to the official statement. In two days, Aug. 7 and 8, they carried German trenches along a front of more than three and a half miles to a depth of from 300 to 500 meters. In the Verdun sector they have succeeded in regaining a foothold in the Thiaumont work.

Take 3,000 Turks Prisoners at Romani

London.—The most recent attempt of the Turks to reach the Suez canal has proven a greater failure than the earlier reports indicated. Lieut. Sir Archibald Murray, commander of the British troops in Egypt, reports that besides taking more than 3,000 prisoners in the battle with the Turks at Romani, his forces inflicted heavy losses on them and had continued the pursuit of the retreating troops for 18 miles, clearing the Turks from Katis Basin.

CHILD LABOR BILL IS PASSED.

To Prohibit Interstate Commerce Where Children Under 15 Years Are Employed.

Washington.—The senate has passed the bill to prevent interstate commerce in products of child labor. The vote was 52 to 12. The measure, already passed by the house, was brought to a vote in the senate upon the insistence of President Wilson after the Democratic senate caucus once had decided to defer its consideration until next December.

Opposition to the measure had come chiefly from southern cotton mill owners, and the group of southern Democrats who voted against it had sought it in caucus and maintained their opposition during the senate debate on the ground that the regulation proposed is unconstitutional and would interfere with the rights of the states.

The bill as passed would prohibit interstate commerce in the product of any mine or quarry in which children under 16 years of age have been employed, or in the product of any mill, cannery, workshop, factory or manufacturing establishment in which children between 14 and 16 have been employed more than eight hours a day, more than six days a week, before six o'clock in the morning or later than seven o'clock in the evening. It would take effect one year after enactment.

During the closing hours of debate Senator Tillman denounced southern cotton mill owners opposing the bill and said that while he believed it unconstitutional, he was tempted to support it because of the selfishness of the interests fighting it. He also declared congress was too much influenced by the attitude of labor leaders.

AN EPITOME OF EVENTS

DOMESTIC AND FOREIGN HAPPENINGS SERVED UP IN ATTRACTIVE STYLE.

EUROPEAN WAR HAPPENINGS

Everything Important That Could Be Confined to a Small Space is Found Here.

A dispatch from Berlin says Italy has given notice to Germany of the termination of the Germany-Italy commercial treaty of 1891, which would have expired at the end of 1917.

All of the German and Austrian armies on the eastern front have been placed under the supreme command of Field Marshal von Hindenburg, according to a dispatch quoting a Berlin official announcement.

The latest blacklist of neutral shipping issued by the trade division of the English admiralty represents 157,658 tons of steamers and sailing vessels unavailable to British charterers on the claim that they are now or have been engaged in unneutral service.

"We look forward with confidence to success and triumphant peace," was the conclusion of an inspiring telegram from General Sir Douglas Haig, commander of the British armies in France, read at a packed meeting in Queen's hall in London to celebrate the second anniversary of the war.

Roger Casement, former British knight and consul, was hanged in London Thursday for high treason. He was convicted of conspiring to cause an armed revolt in Ireland and with having sought German aid to that end.

The city of Brussels has refused to pay the fine of 5,000,000 francs imposed by the Germans in consequence of the demonstration which took place at the Belgian capital on July 21, the national fete day, says a dispatch from The Hague.

The English parliament has been asked to vote 5,000,000 pounds, including 1,000,000 pounds already voted, to provide the full estimated cost of supplementary pensions of widows and dependents of noncommissioned officers and men.

It is learned that at the recent Russo-Japanese convention a separate agreement was reached under which Russia sells to Japan the southern half of the Harbin-Changchun railway and recognizes Japan's rights on the Sungari river between Kirin and Putuna, thus settling a question pending since the signing of the Portsmouth treaty.

Democrats of the senate finance committee have decided to propose an amendment to the special revenue bill increasing the surtax on incomes in excess of \$2,000,000 from 10 to 13 per cent. This is the only change contemplated in the income tax rates as carried in the house bill.

With 60 known dead and a property loss of \$100,000, the people of Big Barren creek, in Claiborne county, Tenn., many of them were homeless and stricken with sorrow. Following a rainstorm, in which 14 inches of rain is reported by the weather bureau officials to have fallen, a flood which tore away a 35-foot dam surged down the valley, carrying ruin in its wake.

Eleven thousand two dollars and ninety cents was the lowest bid for the construction of Itasca's sewer system and awarded the contract to a Dallas firm, who agree to complete the system by Dec. 1.

Secretary McAdoo has issued a warning to the treasury department's officials throughout the country against undue political activity. His announcement says officials must not use their influence to coerce political action.

The 12,000 Pennsylvania guards doing border duty will not be deprived of their right to vote at the presidential election next November, according to a statement by the Pennsylvania attorney general.

Conciliators of the department of labor engaged in settlement of the garment workers' strike in New York reported that the strike had been called off and that it was estimated 25,000 workers would return to their plants.

A conservative estimate places the number of dead in the recent forest fire that swept the area of Northern Ontario at 400.

Miss Elizabeth Mueller, 100 years old, was killed at Peru, near Ottawa, Ill., when she walked off the edge of the roof of the house.

More than 1,000 children now have been killed in New York by the epidemic of infantile paralysis and nearly 5,000 have been stricken. The health department's daily bulletin shows that the plague continues to gain headway.

The employees of the New York Railways company at a spirited meeting voted to strike for the right to organize and to enforce their demands on the company. The vote of those at the meeting was unanimous. There were approximately 2,000 men at the meeting.

August Selck, an army packer in the United States quartermaster corps, was killed when he was kicked by an army mule which he was packing on the border. His skull was fractured and his death followed. His body was shipped to his old home at Lewiston, Ky.

Suit was filed in St. Louis, Mo., against the St. Louis & San Francisco railroad on a contract by which it guaranteed an issue of \$1,500,000 bonds of the Cape Girardeau & Northern railway. The suit was filed by a brokerage firm that holds \$237,000 of the bonds.

The contract between the city of Muskogee, Okla., and Stein & Muselman, in which the latter agree to sell to the city, at the well, natural gas at 30 a thousand feet, was approved by the council. The city will sell \$100,000 worth of bonds in the near future and build a municipal pipe line to the gas field east of the town.

Oil operations on an extensive scale are to be undertaken at once by various companies in the New Mexico fields. Leases for 500,000 acres of land in Chavez, Torrance, Miguel and Lincoln counties of New Mexico have been signed by the state land commissioner and the New Mexico Petroleum company.

Bishop W. A. Candler, chairman of the general conference committee of the Methodist Episcopal church, south, and Dr. George S. Sexton, secretary, closed the contract in Washington for the erection of a beautiful church designed to be the gift of the Southern Methodists to the nation's capital. The church will cost \$250,000.

Three men were killed and 37 persons were injured when the engine and three coaches of the Texas Special of the Missouri, Kansas & Texas were derailed ten miles south of Dallas. Seven of the passengers were seriously injured. The train was wrecked as it was approaching a long curve at the rate of 40 miles an hour. Katy railroad officials said a "sun kink" or "buckle" of the rails caused the accident.

The plant of the Choctaw Portland Cement company, a \$500,000 concern, has commenced business at Hartshorne, Okla. The capacity of the plant is from 1,200 to 1,500 barrels of cement per day, and, with crushed stone, which it will be able to turn out in large quantities, will have a yearly output of about \$1,000,000 in value. The new factory is located a mile and a half south of Hartshorne, Okla., and will employ about 200 men to commence with.

The Caddo police jury in Shreveport, La., has awarded contracts for road and bridge work to cost approximately \$30,000.

The salaries of 20,000 employees of the Missouri-Pacific Iron Mountain railroad have been raised an average of 6 per cent, effective with the payment of monthly salaries Aug. 1. The increase applies to employees, mostly clerks, stenographers, etc., who have been earning less than \$100 a month.

News received that J. O. Tipton & Co. will establish at once another asphalt crushing plant in Ada, Okla., working 40 or more men.

The total gross production tax on oil collected in Oklahoma for the three months ending June 30, under the three per cent law, amounted to \$400,000 in round numbers. This would indicate a revenue from this source of over \$1,400,000 a year, not counting the contested tax on re-surveyed lands.

C. W. HYDE.
G. C. CLEMENTS.

For Tax Assessor,
JOHN L. BRYAN, Jr.

For County Commissioner,
WILLIS HIGHTOWER.

J. V. Tully Honored.

The Republican county convention at its meeting Monday instructed its delegation to the state convention to cast the vote of this county for Mr. J. V. Tully, of Glencoe, for state senator from this district. It is said that this nomination has been conceded to Lincoln county by the other two counties. This nomination will be well deserved. Mr. Tully has been an active member in his party for many years, and now stands for all the issues in the Republican national platform. Should Mr. Tully be elected, he will not enter the state senate without legislative experience. He has served in the lower house of the legislature, and it is a well known fact he represented his people faithfully and well. It should be a matter of home pride with fair minded people to see one of their fellow citizens receive such recognition, regardless of his political affiliation.

Notice--New Land Law.

A new law is now in force under which any person who has heretofore entered less than 320 acres may make an entry of sufficient land to make up the 320 acres, and this entry may be made whether or not the entryman still owns or occupies his original entry. The entry need not be contiguous with the former entry, or in other words, if you have filed on and sold a homestead of a-160 acres, you may file on another 160 acres, and a person holding a homestead of 160 acres may file on an additional 160 acres within twenty miles of his original entry.

Never, Boys, Never.

The Stockman has often been asked to put in cold type happenings that would be sensational to many readers, at the same time serving an injury to others innocent in the matters at issue. We have never used The Stockman to do anything of the kind and we respectfully turn down the invitation to add insult to injured feelings. Man at his best is weak in some respect, or another and instead of condemning him for a misstep he should be encouraged to avoid the things which most always prove an injury to him. Publicity is an agent that has ruined many a man. Colfax County Stockman.

Correct. The Mountaineer has turned down several communications recently and eliminated paragraphs in others because a sting was found lurking in them which was calculated to pain somebody or offend some one.

Killed by Automobile Turning Over.

Norman Riggs, a young man who has been living in this county for some time, was killed last Saturday evening by running his car off a short bridge between Capitan and Nogal. Riggs left Capitan late Saturday afternoon for Carrizozo, accompanied by young William Norman, of Lincoln, and when they approached the bridge a little turn in the road had to be made to cross it. In making the turn Riggs lost control of his car and it pitched off the bridge and turned over in the gully, killing him instantly and bruising young Norman badly, but not fatally. After the accident Norman was taken to Carrizozo where he had medical attention and will be about again in a short time. Mr. Riggs was a native of New York, and his remains have been sent to his old home in that state for burial. He had been making his home for some time with Forest Ranger J. V. Hobbie, at the station near the Nogal hill, and was preparing himself for an examination to enter the forest service. A singular circumstance is connected with his death; on Saturday morning, the day the fatal accident occurred he made a will, willing all his holdings to his brother.

Republican County Convention.

The Republicans of Lincoln county held their county convention in Capitan last Monday, the 14th inst., to elect delegates to the state convention to nominate state, judicial, congressional and district candidates.

The convention was called to order by county chairman Alfredo Gonzalez and O. T. Nye acted secretary. Major Adams, of Corona, was elected chairman and W. H. Osborn, of Carrizozo, secretary.

A committee on credentials was appointed, consisting of Jas. H. Robertson, Sam Bigger and Ramalido Duran.

The committee on organization Willis Hightower, Bob Brady and J. M. Rice.

The committee appointed on delegates consisted of E. E. Wright, T. M. Dubois and C. Y. Bollnap. There were two others on this committee, but the reporter failed to get their names.

Committee on resolution consisted of Chas. Curry, H. S. Hannah, S. M. Johnson.

Delegates elected to the state convention were, Henry Lutz, Henry Silva, E. A. Duran, Francisco Julian, Leopoldo Conzales, H. S. Hanna.

The delegates to the state convention were instructed to cast the vote of the county for Frank A. Hubbell for U. S. Senator, H. O. Burson for Governor, Edward Mechem for District Attorney, and J. V. Tully for State Senator.

While the committees were deliberating, Hon. Frank A. Hubbell and Hon. Nestor Montoyo, of Albuquerque, addressed the convention, both making able speeches.

Mr. Howard Spillers was painfully injured last week when his horse ran into a tree, a broken off limb of which gored the man in the side, causing a swelling of large proportions to appear. Mr. Spillers suffered considerable pain for a few days, but is now on the road to recovery.

Mrs. Jeff Hutchison, who was quite ill Sunday, is up and about again.

Mr. Nabours came down from Capitan Friday to spend the week end at his home.

Mr. Jeff Hutchison, Mr. Luther Keeling, Mr. and Mrs. Ben F. Nabours and others took the Lodge meeting at Lincoln last Saturday night.

Mr. John L. Bryan jr. and Mr. Luther Keeling left for Roswell Wednesday of last week, but said they would sure be back by next trades day in Capitan.

Mrs. Jim Yates and children were visiting in this vicinity one day last week.

Mrs. Dick Pryor, who has been very ill at the home of Mrs. Chas. Dean, is reported much improved.

Almost daily good rains have made fine grass, and is proving a drawing card for all the cattle and horses in the country.

Dairy Enterprise.

Mr. W. H. Sexton, of the Nogal Mesa, has established a dairy at his farm. He now has twelve good Jersey milkers and will soon have more. Besides the product of these cows he will handle all the good cream he can buy from others. He has recently returned from El Paso where he made arrangements with the Rio Grande Valley Creamery to handle his output. This is a good enterprise for the country, as it will furnish a home market to parties who have cream to sell, and those who have that product for sale should get in communication with Mr. Sexton. He is a valuable man in the country and his enterprise is deserving of success.

White Oaks Items.

Hon. J. V. Tully and son Fred, of Glencoe, spent Sunday and Monday visiting White Oaks friends. Miss Geraldine, who has been visiting for the past week with her aunt, Mrs. Paul Mayer, will return home with them Tuesday.

Mr. Jess. Kennedy and sister, Miss Olivia, visited with us Sunday.

The dance given Saturday evening by the Ladies' Club was well attended and pronounced a decided success.

Mr. Sam Wells is doing his annual assessment work on his mining claim.

Lincoln Notes.

We are still having good rains nearly every day and the range is fine and stock getting fat.

A camp of Modern Woodmen of America was organized Saturday night with 18 members. L. M. Dotson was elected V. C., B. F. Nabours, Adviser, L. H. Dow, Banker, E. C. Dow, Clerk, R. L. Dow, Escort, A. F. Pingleton, Sentry, T. J. Burleson, Watchman. The families of neighbors had congregated on the lawn of Dr. Woods and served ice cream and cake; to all a most enjoyable time was had. The neighbors will meet on the 1st and 3rd Saturday night of each month. Uniforms have been ordered for the foresters and as soon as they arrive they will get down to chopping and we judge by the enthusiasm of all that the chips will be flying and many logs will be rolled in this camp. The M. W. A. is the largest and cheapest beneficial society in the United States with a membership of nearly one million and \$18,000,000 in the beneficiary fund. They have the largest and best equipped Sanitarium in the world for the free treatment of their members suffering with tuberculosis. Any one wishing fraternal insurance can do no better than to hand in their application to any of the members or to P. S. Hulbert, Deputy Head-Consul of Lincoln county.

Word was received Saturday evening that a man by the name of Riggs and Willie Norman had met with an automobile accident near Nogal, whereby Riggs was killed instantly and Norman had suffered the fracture of four or five ribs. Willie's father and mother departed at once with Dr. Laws at the wheel. The latest accounts are that Riggs was killed, but Norman had no bones broken; that he was painfully but not seriously wounded.

The latest operations at the Laws Sanitarium are Mrs. Parks and Mr. Slaughter, both of Encinoso. Both are reported as doing well. Why should one go to El Paso or other points for such treatment when it can be done at home as well.

Mr. and Mrs. Frank English and family and Miss Clara Brazel of Carrizozo visited with Mrs. English folks, Mr. and Mrs. Burleson.

Auto for Sale.

Car nearly new cheap for cash and team of gentle mares. Address Box 32 Capitan, New Mexico.

I have moved to Capitan and will do carpenter work or any other kind of work wanted. R. R. McPherson.

Nestor Montoya of Albuquerque was a distinguished visitor to our little city Monday. Mr. Montoya is a newspaper man and is a Representative to the Legislature from Bernalillo County and was a leading and very able man in that important and deliberative body, and was made Chairman and member of a great many important committees. He addressed the Republican convention both in English and Spanish. His address was a masterful oratorical delivery and well received and greatly applauded.

O. T. Nye was here Monday from Carrizozo attending the Republican Convention. O. T. has got his eye peeled in the direction of Clerkship of Lincoln County and of course he naturally was looking after his political fences.

Mr. John Burch has gone to Roswell to help Bob Hurt bring up a bunch of cattle.

Miss Sara Irvin, of Carrizozo, is visiting friends in Capitan this week.

One of the triplets born to Mr. and Mrs. T. M. Beckham recently died last Thursday.

Bob Hurt has gone to Roswell after a bunch of stock cattle which he bought last week.

Just received a car of wire nails, etc. The Titworth Co.

NATIONAL CAPITAL AFFAIRS

Big Copper Mine Exhibit in the National Museum

WASHINGTON--Visitors at the United States National museum are expressing much interest in the new copper mine exhibit recently installed by the division of mineral technology.

Washington, D. C.--The exhibit consists of what is known as a stope from the Copper Queen mine at Bisbee, Ariz., one of the celebrated copper mines of the world. Stopping is the term applied to an actual mining process by which ore occurring in veins is removed from a mine after it has been rendered accessible by the necessary preliminary excavation, namely the sinking of shafts and running drifts; accordingly a stope is one of the many units employed in this form of mining.

New Mail Devices Saving Money for Uncle Sam

THE government is saving thousands of dollars annually through the introduction of new and improved devices used by the post office department in handling mail. Among the varied industrial enterprises of the department is an establishment devoted entirely to the manufacture of mail locks and the bag attachments used in mail transportation.

Until recently the lock used by the post office weighed five and one-half ounces; the new one weighs two and four-fifths ounces. The old locks cost 21 cents to make and the new ones are being manufactured for 8 1/2 cents. The post office has put 430,000 of the new product into the service. The saving on the original cost of production to date amounts to \$53,750. Of the old style, 30,000 were annually returned for repairs at a cost of 9 cents each. Of the new style, out of the great number sent into the service, but 500 have been returned, and as these new style locks can be repaired at a cost of 3 cents each, the annual saving on this item will amount to over \$2,100.

Aged Marksman Who Rids Washington of Pigeons

A GRAY-HEADED man was standing in front of the treasury building the other day with a rifle at his shoulder. Every few minutes he would take careful aim, pull the trigger, and down would flutter a dead pigeon.

"Did you see me miss anything?" "No." "Well, ain't you bigger than a pigeon?" Amid the laughter of the crowd the stranger turned and walked away, with a queer look on his face. Evidently he did not know that Uncle Eak Gadsby, for such was the rifleman, was the most expert shot in Washington with that weapon, and had a permit from the District of Columbia police to carry and shoot his rifle anywhere in the District.

In fact, J. Eak Gadsby is the aid of the police department in matter of ridding the air of superfluous pigeons, and the ground of surplus cats. The shooting is done under authority of a police permit. He has been a keen shot for 50 years, ever since he was a page in the capitol during Lincoln's administration, and was familiarly known as "Lincoln's Boy," for he was the president's favorite messenger. Uncle "Eak" it was who cleared the inside dome of the congressional library of pigeons, taking 21 shots, and bringing down 19 birds, all without making the least scratch on the gold-leaf work inside the dome. Uncle "Eak" has shot a rifle for 50 of his 70 years, and was in his early days a powerful stroke on the Potomac. Mr. Gadsby also shoots cats, on request of the District police, when they are becoming a nuisance, but with reluctance. He does the shooting for pleasure, never accepting a fee for it.

Fauna of the District of Columbia Is Varied

A MAN may study with a good deal of interest the collection in the National museum classified as "The Animals of the District of Columbia." Not only the number and variety of the exhibits will impress him, but he will probably be interested in the age of some of the exhibits and in the great number of men and women who have made contributions to the collection.

There is a fine specimen of otter, the fur of which has so long been highly prized, and the card attached to this specimen says that it was derived from the old collection of the National Institute museum. The following additional information is given: "Otters are now (1914) very rare about Washington, but some are still resident on the Potomac above Little Falls." One case contains salamanders, strange little animals which are common enough about Washington, but when seen are usually dismissed as being lizards. One is a yellow-spotted salamander. It is a jet black fellow about eight inches long, thickly sprinkled with vivid yellow spots which are generally about the size of a lady's little finger nail. This specimen was captured in Rock Creek park and presented to the museum by Dr. E. A. Mearns. The descriptive card says of the species that it is seldom seen and not very common; that it frequents low, damp woods and lives mainly under logs and leaves. It is quite harmless and, like other species of the salamander, moves about and feeds at night. The various specimens of terrapin and tortoise which occur within the District of Columbia are presented for the enlightenment of visitors. One exhibit is of a yellow-spotted terrapin which was found on Northwest branch in Prince Georges county and presented to the museum last year by John and Edwin Benn. The official description of it says that it may be found along woodland streams and in small marshes, and that though not now common, it was once abundant within the District of Columbia. Close by is a small collection of snakes which are either natives of the District of Columbia or were born very close to the boundaries of the federal district.
