## Facts About the American Red Cross

Did you know that—

It has established and is operating twenty dispensaries in the American Army Zone in France to care for the needy families there and to improve health conditions in that section ready for our troops?

It is housing and feeding thousands of children in the War Zone to keep them away from the danger of gas and shell fire?

It has divided the War Zone into six main districts, with Red Cross workers at each point to distribute cooking utensils, agricultural implements, beds, bedding, food and clothing?

It provides builders and ready-to-put-up buildings to house the homeless in the devastated regions, often before the walls of the destroyed homes have cooled?

It is bringing over two hundred tons of supplies every day into Paris, from which one hundred and twenty-five tons are reshipped to branch warehouses over France?

It is providing an artificial limb factory outside of Paris, in addition to special plants for the making of splints?

What will you give to keep this Hand of Mercy at its work?

*Every cent of every dollar received for the Red Cross War Fund goes for War relief.*

The American Red Cross is the largest and most efficient organization for the relief of suffering that the World has ever seen.

It is made up almost entirely of volunteer workers, the higher executives being without exception men accustomed to large affairs, who are in almost all cases giving their services without pay.

It is supported entirely by its membership fees and by voluntary contributions!

It is today bringing relief to suffering humanity, both military and civil, in every War-torn allied country.

It plans tomorrow to help in the work of restoration throughout the world.

It feeds and clothes entire populations in times of great calamity.

It is there to help your soldier boy in his time of need.

With its thousands of workers, its tremendous stores and smooth running transportation facilities, it is serving as America's advance guard—and thus helping to win the war.

Congress authorizes it. President Wilson heads it.

The War Department audits its accounts.

Your Army, your Navy and your Allies enthusiastically endorse it.

Twenty two million Americans have joined

### COMING EVENTS.

October--Annual meeting, New Mexico Public Health Association.

The foundation for the building to be occupied as a postoffice in Taos has been completed.

Marie S. Beatty of Albuquerque has been commissioned a notary public by Governor Lindsey.

The organization of a company to put into operation the lumber mills in Albuquerque is under way.

New Mexico's quota of the 233,000 men called on May 25 is 985, and they will go to Camp Cody for training.

Thomas J. Hunt of Philadelphia has been reappointed commissioner of deeds for New Mexico by Governor W. E. Lindsey.

William McKean, of Taos has been named county highway superintendent of Taos county to succeed P. V. Dickman, resigned.

Albuquerque Lodge, No. 461, B. P. O. E., voted its officers authority to invest \$1,000 of the lodge funds in the third Liberty Bond issue.

The total of tax levies for all purposes in New Mexico last year was \$5,556,278.62, according to figures of the State Tax Commission.

John Sullivan, who made two attempts to kill himself at Albuquerque a short time ago, died in the State Hospital for the Insane at Las Vegas.

State land sales were held at Silver City, for Grant county, and at Deming for Luna county. About 20,000 acres were auctioned, mostly in small tracts.

The State Corporation Commission has remitted to the state treasurer the following receipts for April: Corporation fees, \$547.89; insurance fees, \$322.

For the second time in a year the carnival of Raymundo Romero, above Manzano in the Manzano mountains, ended to the ground, the loss being \$10,000.

Old Folks, from all over the Pecos valley gathered in Clovis to celebrate the ninety-ninth anniversary of the founding of the order in the United States.

A persistent rumor from Socorro is to the effect that a bunch of cowboys tangled with a party of men in a man lured with cunning and disloyal treachery in that section.

Mrs. George W. Prichard has been appointed chairman of the woman's committee of the State Council of Defense, succeeding Miss Jennie Massee, resigned because of ill health.

The monthly distribution of state and funds for April was placed in the hands of State Treasurer H. L. Hall by R. P. Evelyn, commissioner of public lands. It totals \$163,127.84.

Mr. and Mrs. Joseph Cortez of Santa Fe received a telegram stating that their daughter-in-law, Mrs. Adelaida Cortez and her little child were run over by a locomotive in Trinidad, Colo., and were killed instantly.

Albino Carrillo was killed and other members of a section crew were badly injured near Tecolote when the motor car in which they were riding was struck by a train. With the exception of Carrillo, all jumped, and Carrillo was thrown under the train and his head cut off.

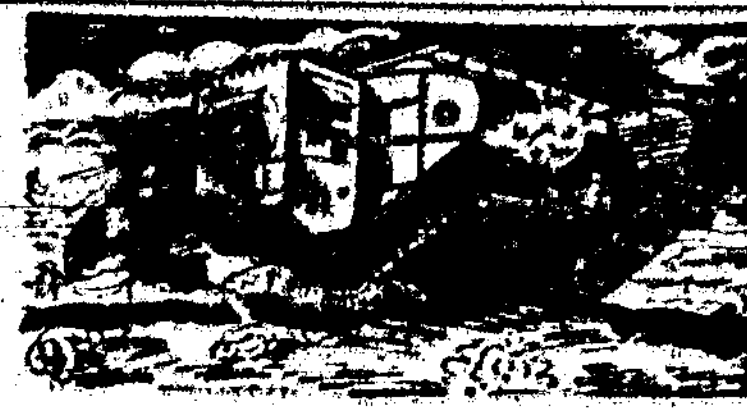

Ernest C. Johnson, who recently went to Santa Fe from Union county to give himself into the custody of the warden of the state penitentiary to serve a term of from twelve to fifteen years for murder in the second degree, was relieved of a commutation of his sentence to from not less than one year to not more than three years.

Reports everywhere indicate increased acreage of growing wheat, oats, corn, beans, cattle corn, milo, alfalfa and cotton, either in or going in, and unusual activity in preparation of both old and new lands, says Meteorologist Charles T. Linney in the crop report for New Mexico.

The ancient salt beds of Torrance county, to which pilgrims from Colorado and Chihuahua wended their way two years ago to load their wagons with the precious product, and which contains inexhaustible supplies of purest salt, are to be worked on a big scale and New Mexico should become one of the important salt-producing states of the union.

Mrs. L. Bradford Prince of Santa Fe, a member of the commission appointed by Governor Lindsey to purchase a silver service for presentation to the U. S. Battleship New Mexico, reports that during the past year she has made seventy-four visits to silversmiths of New York city, with whom the order was placed. The silver service consists of twenty-four pieces which are handsomely etched with historical and typical New Mexico scenes.

Sergeants Ray Grayson, Silver City; John Parrott, Deming; Privates C. G. Swartzell, McKinley county; Leo Caldwell, Luna county; Rafael Gomez, Santa Fe county; W. G. Bates, Taos county; Fred Lambert, Mora county; Jules Baker, Eddy county; Roy Taylor, Grant county; R. G. Putnam, Luna county; Cipriano Baca, Santa Fe county; Frederico Sanchez, Valencia county, and F. H. Hartley, Union county, have been appointed members of the New Mexico mounted police force by Governor Lindsey.

To drive a tank, handle the guns, and sweep over the enemy trenches, takes strong nerves, good rich blood, a good stomach, liver and kidneys. When the time comes, the man with red blood in his veins "is up and at it." He has iron nerves for hardships--an interest in his work grips him. That's the way you feel when you have taken a blood and nerve tonic, made up of Blood root, Golden Seal root, Stone root, Cherry bark, and rolled into a sugar-coated tablet and sold in sixty-cent vials by almost all druggists for past fifty years as Dr. Pierce's Golden Medical Discovery. This tonic, in liquid or tablet form, is just what you need this spring to give you vim, vigor and vitality. At the far end of a hard winter, no wonder you feel "run-down," blue, out of sorts. Try this "Medical Discovery" of Dr. Pierce's. Don't wait! To-day is the day to begin! A little "pep," and you laugh and live.

The best means to oil the machinery of the body, put tone into the liver, kidneys and circulatory system, is to first practice a good house-cleaning. I know of nothing better as a laxative than a vegetable pill made up of May apple, leaves of aloe and jalap. This is commonly sold by all druggists as Dr. Pierce's Pleasant Pellets, and should be taken at least once a week to clear the twenty-five feet of intestines. You will thus clean the system--expel the poisons and keep well. Now is the time to clean house. Give yourself a spring house cleaning.--Adv.

### WARNING TO ALL HUSBANDS

Just Now There is Danger in Using Abbreviation of Somewhat Common Pet Name.

A sergeant of police exhibited a slight scratch on his face a few days ago which he said was caused by his wife's patriotism. By way of explanation the sergeant said: "I generally walk into the house and greet my wife with some pet name, one of my favorites being: 'Hello, honey.'"

"Yesterday when I reached home I went in in my customary manner, but my wife in the fit-hum and said: 'Hello, hun.'"

"I had no more than spoken," said the sergeant, "when my wife landed on me and said that she would give me to understand that she was not a Hun, so from now on I will be careful to use some other name or else call her honey, and I will be very careful to use the entire word and not try to abbreviate it."--Indianapolis News.

Brave Act Recognized. The navy department has commended Matthew McCabe, a water trader, for gallantry and heroism in jumping overboard from the United States steamship Portland and rescuing from drowning a German who had either jumped or fallen overboard. When the man was seen to disappear from the ship McCabe, without hesitation, jumped into the water and succeeded in getting a line around the man, who was hauled up on deck. McCabe enlisted in the navy August, 1916, at New York.

### A Quick Change of Heart.

Some years ago J. S. Williamson, who is well known all over Lincoln county, was in the mercantile business at Hondo. The location just suited him; for "one of his life he was situated so that he could have all the fruit of most every kind he wanted in his own orchard. Friend after friend was taken down into the fine orchard and shown the heavy crop of Pears, Apples, Peaches, Plums, etc., that was coming on. Mr. Williamson took special pains with the orchard, not allowing weeds to grow, and kept it well irrigated and saw that no depredating was committed and looked forward to the ripening of the different fruits with great hopes and expectations. It was all his talk as to what kind of apples he would market and the kind he would store away for his own winter tooth, and the different ways he expected his wife to can and preserve the peaches, plums, pears and the like.

Fruits alone were not all of his future pleasures as he saw them. It was the bumper year for yellow legged fryers. Dozens of them almost the broiler size, were in evidence on every side of the house, and this was his favorite meat dish. These fine looking, fat little chickens were pointed out to friends as he would smack his lips and invite them to share his good fortune in the very near future.

The drought was broken on the day of the foundation of this little yarn. Clouds began to gather and great thunder heads rolled over the hill or young mountain in front of the store.

Mr. Williamson looked out of the front door and smilingly said:

"It's going to rain as sure as you live ain't that fine." And before he knew it great drops of rain began to fall, and in another instant hail began to pepper down—another instant and great balls and chunks of frozen water was bouncing here and there as others buried themselves in the now soft earth. A moment more and great sheets of water with hail began to fall, terrific wind swayed the beautiful apple trees away over as the hail hammered big limbs and fruit off. Chickens of all sizes were floating down the rush of waters that came from the mountain in front, some struggling for life, others dead as a mackerel. That was the limit. As he looked through the window facing the Orchard and at the same time saw the chickens floating, he raved:

"Knock every d—apple off, confound it knock 'em all off." About that time the storm tore away a huge limb from one of the trees and as it fell to the ground he said:

"Knock off every d—d limb, bear 'em up by the root and be gone with it, down every chicken, too—I don't want chicken, dad gum it." Apples were just piling off the trees all this

time, and the chickens were about all gone, and really it was provoking to say the least, but I being only a visitor could not grasp his awful feelings, and could only look at the funny side and laugh at his ravings. The storm was almost over now and he walked past me and opened the front door and as he held to the door knob and watched great gullies of water rushing past with not a chicken in sight, he said:

"This is always my luck, God Almighty, I guess, has got it in for me, and he should have unroofed the house while he was at it."

But just as his anger was at its worst and his ravings the hardest, a blinding flash of lightning with deafening thunder, struck the ground just a few yards in front. Then it was I almost became unconscious with mirth. Mr. Williamson dodged back, closing the door slowly as if he was afraid it would strike again if he rushed about it—looked back at me with a solemn stare, then walked back toward the window in the east end as he began to hum "Amazing Grace how sweet the sound." Then he smiled with the most comical look I ever saw on a man's face he said:

"Guess the Old Man got tired of my cussin' and fussin'—every thing is gone, but its a-l-r-i-g-h-t."

Since that day every time Mr. Williamson and I meet and there is some one present who does not already know about it he requests:

"Say, Rube, tell him about the day the storm and lightning liked to have got me—that day down on the Hondo." And I certainly take pleasure in telling it in his presence.

RUBE WHITE.

### Tinnie News.

Mrs. J. Nelson and daughter, Miss Alma Nelson, gave a farewell dinner in honor of Mrs. U. S. Clark, Miss Blanche Pollock and Mrs. B. Fletcher; also, Mr. and Mrs. Ramond were invited, and the guests had a very pleasant evening.

Mrs. U. S. Clark and Miss Blanche Pollock have closed their term of school and will leave tomorrow for their home in Dexter for the summer.

Mrs. Fletcher, who has been visiting her sister, Mrs. Ramond, will leave soon for her home in Oklahoma City.

Mr. T. H. Massey, of Tinnie, is putting up a wind mill at his ranch which he bought from Mr. Lamascas. This gentleman is making some rapid and substantial improvements.

Mr. and Mrs. Joe Talley and daughter, Miss Alma, have just returned from Palomas Springs, where they spent about a month for Mrs. Talley's health.

Mr. A. J. Rolland and Mr. W. H. Osborn, of Carrizozo, were in Tinnie selling Liberty Bonds last week.

### Lincoln County Graduates.

The Educational Bulletin, published in Santa Fe, gives the names of students in the State who received diplomas in March 8th Grade Examination. In Lincoln county are the following names:

Gerald Tully, Geraldine Tully, Glencoe.  
Rhoda Murray, Tinnie.  
Marguerite Hillhouse, Effie Holcomb, Bythal Jally, Ruby Killingsworth, Ruth, Killingsworth, Dana Mariner, Corona.

Th's Office**

## Hondo Notes.

The wheat, barley, oat and alfalfa are waving. The corn rows are now visible, while every man, woman and child is giving all his or her spare time to their war garments.

Some stockmen report that they are going to raise a very light crop of young ones this spring, but they are satisfied with a light crop this year, and if conditions are better they will raise an unusual heavy crop next year.

Messrs Robert Lucas, Harvey Williams and Bob Boyce made sales of yearlings this week at the top notch prices of \$35 and \$400 a head.

Mr. Willie Morrison's Ford Truck is now convalescing from the "Whooping Cough" and other serious complications and promises to be on the road again before long.

The good roads enthusiasts have been wearing an ear to ear smile since they heard about the success our efficient county commissioners have had in getting the state and government to appropriate money for the Roswell Carrizozo road and from Hondo to the agency. We feel that our U. S. A. will not be caught in this emergency like Russia with goods piled in back yard and lost the battles for lack of food and adequate ways to transport it to where it was needed.

The Banner for best attendance in Lincoln county hangs again in Mrs. Geo. Dixon's room at Hondo. There are many bright boys and girls of this room who have been neither absent nor tardy during the past two years. This is not surprising, considering the attractiveness of the room and the quantity of work.

Mr. Trimble, agricultural agent for the E. P. & S. W. Railroad, visited the Hondo school this week, in company with the general agent, Mr. Stewart Sterling. Come again, gentlemen, you are always welcome.

Red Cross work is still being industriously carried on in the branch at Hondo, which now numbers thirty-two members. In addition to the regular work, a play "The District School" is being prepared to be given Friday evening May 17. Everyone attend and help the good work along.

## Later News Items.

On the eve of the 15th of May at Hondo there will be given a very excellent musical at the school house, followed by a play given by the Junior Red Cross Association. The play is very interesting and embraces songs and speeches in character, the characters being Uncle Sam, Gardener Boy, Knitters, Farmers, Housekeepers, Gardener Girl, Miner's Son, Singers, 5th Flagg, Miller Boys, M. Peppermint Stick, Red Cross Girls, Boy Scouts and Messengers.

Admission to Musical and play Adults 25 cents. Children 10 cents. Proceeds given by Red Cross Leaders to the War Fund. Program to be given from 8 o'clock to 9 o'clock at School House. A good big Hondo dance will be given at the Gonzalez Hall. This hall is the best dance hall in the country around and it will be decorated to the occasion. Also the best music be furnished, and a royal good time will be enjoyed. Refreshment will be served also amonade and coffee. Proceeds to be given to the War Fund.

Everyone most cordially invited and it is to be hoped that everybody will come out and enjoy a pleasant evening together.

The Muscicle and Play at the School House from 8 to 9. The dance and refreshments at Gonzalez Hall May 18.

Mr. Bigger—In last week's paper, you will notice that in the Red Cross Branch notes you have "close to security dollars"—it should be seventy dollars. F. C.

## Lincoln Items.

We wonder why some of us have to eat corn bread most of the time, while others can have wheat bread—pies and cakes, and all other good things made from wheat all the time. We wonder why some people can get unlimited quantities of wheat flour without any substitutes, and others have to take 6 pounds per person per month with the same amount of substitutes.

We wonder why some good hard working boys are called to the colors when there are several loafing around the saloons and gambling joints that are no good to themselves or any one else? We wonder why there is no more flags waving from our business and resident houses than there is? And why there is no more of our young men put "2 can" in America and go and help knock the Germ out of Germany? Can any one answer.

Attorney Sam B. Gillett addressed the people of Lincoln and vicinity Monday. His subject was war and was a very stirring address and should awaken some of our sleepy ones. He handled the subject bare handed and made an eloquent appeal for every one to get in the game and stay to the finish.

Mrs. E. Q. Roberts and daughter are visiting at the home of Mr. and Mrs. T. P. Knight.

Miss Francisco Salazar was the prize winner in a very interesting contest at the school house last week. A number of quotations had been given the older school children to be memorized. These the children in turn before a large audience endeavored to render perfectly.

Mr. Fred Pflingston who has worked early and late in the interest of the Liberty Loan, secured several subscriptions in Lincoln, despite the fact that the long drought has detracted somewhat from the prosperity of this community.

Mr. and Mrs. Burleson received a letter Saturday from their son Tom who is serving with Battery A somewhere in France. Tom is enjoying good health and says the war will be over by November. Hope Tom knows.

Lincoln had a nice shower Saturday afternoon which will help some.

## New School Director.

The County School Board has appointed C. C. Merchant a director on the Capitan school board to succeed Dr. E. C. Price, who has gone into army. This is an exceptionally good appointment. Mr. Merchant is a man of culture and believes in education in its full sense; he has lived in this community many years and knows the educational needs of the town and county. We believe this appointment will meet the approval of every patron of the school and every one interested in its success.

## Wanted--

To buy, trade for, or lease a well drill. Write or call at this office.

## From the Dark Corner.

Grandpa Mobley has been on the sick list for more than a week, and is stopping with R. E. Ferris.

Newton Mobley was badly hurt a few days ago. He was working on a wind mill with Lloyd Taylor, Johnny Roberts, Charlie Dale and Uncle Jim Woodland. They were raising a large piece of timber when a chain broke and crippled Newton and came very near getting Uncle Jim Woodland's hand. I hope Newton will get along all O. K., but he has a bad foot. But that is not all his misfortunes; before he got home, a Slacker visited his house and took some groceries, some nice quilts and his only Sunday suit of clothes.

Mr. Harvey Welch and family have come back to this part of the country from Silver City. They have been away about three years, and we were all glad to see them come home. Mrs. Welch is Uncle Charlie Ferris' baby.

## Forest Service Notes.

Ranger Parks left Tuesday for Asheville, North Carolina, where he has been transferred. Mrs. Parks and little son left several weeks ago for Portland, Maine, where she will spend some time with her parents before going to North Carolina.

Ranger H. W. Smith will move to Tucson Station the first of July, when Mr. Kemp's lease expires.

Ranger Frank McLure of Baca Station will have charge of the north side work in addition to the Baca territory.

Phillip Kemp has been appointed Fire Guard at the Tucson Station, Howard Spillers at Baca Station and Louis Cummins at White Mountain Station.

## A. F. Stover.

The Republicans are not talking much about a county ticket in this county. Of course, it is expected that Mr. A. J. Rolland will be a candidate to succeed himself as County Treasurer, and that Mr. Nye will again make the race for Clerk. But there has been little said about a candidate for sheriff. Some say the Republican nomination should go to the east end of the county, that A. F. Stover is the logical Republican candidate. As a democrat, the editor of the Mountaineer is not grooming Republican candidates, but he will say that he believes it will be hard for the Republicans to find a stronger man for sheriff than Allie Stover. He is a well known citizen of the county, a good man and is competent to fill the office should he be elected.

## A Good Story.

A story of actual occurrence, by Rube White, is printed in this week's Mountaineer. It is a good, wirthful story and will be read with interest by every one who knows the subject, Mr. J. S. Williamson. Rube was an eye witness to the scene, and writes it up in his best way.

## General Local News.

### Carrizozo Visitors.

The following gentlemen, of Carrizozo, paid a visit last Tuesday afternoon: C. P. Squier of the Western Garage, W. H. Osborn, Abstractor, A. L. Burke, Editor Outlook, E. G. Boone, Assistant Cashier Lincoln State Bank, and C. A. Perkins, Attorney. These gentlemen were here in the interest of the Red Cross drive to be on from May 20th to 27th, and made arrangements to have it advertised. This was the first visit some of these gentlemen had made to Capitan and they received a hearty greeting. It was the first time Mr. Burke had been over to see us and he expressed himself favorably impressed with the town and promised to come back in the near future and spend more time with us.

C. C. Merchant and P. G. Peters were in Carrizozo this week looking after business in Probate Court.

Charlie Thompson was over Monday after a load of feed for the Block ranch people.

W. A. Connor, of Carrizozo, an old timer in the county, is temporarily stopping at the Patty ranch.

Refugio Ramora, was seriously hurt last week in an automobile wreck, is improving and out of danger.

Mr. C. G. Ellis and wife, of the Tucson community, were trading in Capitan Wednesday.

Mr. Tom Bragg and wife, of the upper Bonito, were here Wednesday buying supplies.

County School Superintendent J. E. Koonce and Assistant State Superintendent J. V. Conway visited the Capitan school Thursday.

The Red Cross Show at the School House last Saturday night netted the management \$50.50. It was a splendid show and much credit is due those who got it up.

Will Titworth made a trip to their Sunset ranch and reports that they will have a light fruit crop there. He says the apple crop will be light and of late varieties, that there will be some peaches, a full crop of cherries, plums and some apricots.

There will be a show and dance at Hondo on the evening of May 25th. Read the notes from there in this week's paper.

Charlie Bragg reports a fine girl baby at his home.

Mr. and Mrs. Tom Yates were up the first of the week from their Bacon Canyon ranch. We understand that while here they traded for Mr. Remmel's Capitan property with a view of moving her before school commences in the fall.

Late Shinner, who is superintending the construction of the new pipe line, was in town the first of the week. He said the line is about seven miles long, and about one and a half miles now finished. There are eleven men with teams employed on the work, and twenty-two without teams, and it is intended that the line be finished by the first of July.

D. O. Jones, a farmer living on the head Crockett Canyon, called on the Mountaineer while in town Monday. Mr. Jones is an appreciative reader of the paper and renewed his subscription for another year while here.

The genuine and best Black Leg Remedy can be found at the Tittsworth Co., Store Capitan, New Mexico.

### The Mountaineer Free to Soldier Boys.

The publishers of the Capitan Mountaineer will send the paper free to all soldier boys from this county who have heretofore been subscribers to the paper, or it will be sent to them free if their parents or other relatives are now patrons of the paper. Under these conditions, all that is necessary is to furnish us the address of the soldier. Don't hesitate about having the paper sent to your boys, because it is a donation on the part of the publishers.

### Lost--

Pair gold-rimmed spectacles on street of Capitan. If found please return to this office.

Fred Ferguson was a visitor to Capitan Tuesday.

### Well Drilling--

For good reliable well drilling. Address: Sam T. Beavers. Picacho, N. M.

**For the boys in khaki**

**Bevo**

A BEVERAGE

Bevo is a great favorite in the Army Canteens, where none but pure, soft drinks may be sold. After drill or march, you are sure to see a long line of hot and dusty-throated soldier boys making a beeline for Bevo. They know that there lies complete satisfaction, full refreshment and pure wholesomeness.

At home or abroad--at work or play--between meals or with meals, you will appreciate what we have done for you in making this triumph in soft drinks. You will find Bevo at bars, restaurants, groceries, department and drug stores, soda fountains, beach resorts, soda fountains, dining cars, on the navy, at cantons, at exhibition camps and other places where refreshing beverages are sold.

Bevo--the all-year-round soft drink

Guard against substitutes. Have the bottle opened in front of you, first see on the seal in children and that the crown top bears the Fox. Sold in bottles only, and bottled exclusively by
