Death of W. G. Wells.

No other citizen of Lincoln county ever died which caused greater sorrow among those who knew him than the death of W. G. Wells. He was a good and true man in every sense of the term, and his passing away is great loss to his family and the community where he lived. He had been a citizen of this county many years and was well known by most all the old settlers and many who had not been here so long. He was born in Canady, but had been in the United States since early youth, and no man showed loyalty and love for his adopted country than he did. His home since coming to New Mexico was on the upper Bonito near Parsons, and it was a delightful home, with surroundings to make life enjoyable. He leaves a wife and one brother, Mr. Wilford Dupuis, here, and two brothers and two sisters in the east, and to them the sympathy of a large circle of friends is extended. Such a man as Billy Wells is hard to find in any country. His remains were taken to Roswell for burial in the Woodmen cemetery where they were laid to rest by his brethren of that order.

Elmo M'Millen Married.

A wedding which come as a surprise to their many friends that was solmeized last evening at the home of Mr. and Mrs. Robert H. Boulware, when Elmo M'Millen and Miss Mabel Harris were united in marriage, the James H. Elder, Methodist pastor, officiating. The beautiful ring ceremony was used, Mr. and Mrs. Boulware being the only attendants. Mr. M'Millen is a well known cattleman of the Mangus section, while his bride bride is popular among a wide circle of friends. Her home is in Los Angeles, and she only recently returned hereon a visit — Silver City Independent.

Iron Mining Soon to Commence Near Capitan.

Mr. Samuel Wells writes to the Mountaineer editor as follows:

"I expect to be over at Capitan soon to start work in our iron mines. I hope this time it will be for all time, as there is more iron in the Capitans than there is in any other part of New Mexico. It is pronounced the best steel found in the United States. I expect our people down by the middle of the month.

Hoping to be with you soon, I am

Yours truly,
Samuel Wells.

Senator A. A. Jones writes to this paper as follow:

The Department of Agriculture has alloted to me for New Mexico a large number vegetable and flower seeds which I will be pleased to send to those who request me that they desire same. Will you please give publicity to this effect.

Thanking you for the courtesy, I am

Yours very truly,
A. A. Jones,

Oil Development in Lincoln County.

The big oil drill was moved this week from Capitan to the Picacho Cattle Co's. land on the Hondo, near the village of Picacho. Oscar Atwood, of Lincoln, had the contract to move the outfit, which he did with promptness and placed it on the location where drilling will be commenced as soon as the plant can put in operation. The people who have started the development on the Hondo are said to be wealthy, with head quarters in New York and are showing their faith in the oil prospects of this section of the country by their works. The Hondo field is nearer Capitan than any other railroad town, and it will be their shipping point and the place from where they will get their supplies. They have already bought land here on which to oreck a large storage tank for crude oil with which to operate their machery. If this test proves successful, it will not only stimulate the people who are making it to further developments, but it be the commencement of oil boom all over this part of the country.

Mrs. W. H. Decker, sister of Mrs. J. A. Scott, and who with her husband had lived in New Mexico for 20 years, died Saturday at the Scott home, after an illness of several weeks due to Mountain fever. The funeral was held yesterday at the Methodist church, the Rev. James Elder officiating. Burial was made in the Masonic cemetary. Music was furnished by a choir led Mrs. R. H. Noble. A solo, "Some Day the Silver Chord Will Break," was sung by Miss Alice Elder. The pallbearers were Tilson Pettus, Frederick Winn, Clarence W. Bayne, W. M. Cox, W. E. Brewer and E. F. Smith. The funeral was largely attended Mrs. Decker's death will be mourned by a large number of devoted friends. —Silver City Independent.

Before her marriage to Mr. Decker, Mrs. Decker resided in Capitan, with her sister, Mrs. Scott, for many years, and has many friends and acquaintances in this community who will regret to learn of her death.

[illegible] PARLIN

Kno[illegible] With That

Recital of Tragedy in the Gibbs Homestead Decided His Course of Action Without Necessity of Long Thinking.

"I heard that Mrs. Gibbs is going to leave home," was the spicy bit of gossip with which Mrs Parlin met her husband after he had parked his little motor car in the back yard.

"No!" gasped Parlin dramatically.

"Yes!" came back his wife. "Until Gibbs gets the house decorated—which will be about a year from now, at the speed he is traveling on the job. And I don't blame Mrs. Gibbs. If you attempted to do what Gibbs is doing I'd leave for mother's for an indefinite period."

"The Gibbs family always called in expert decorators to do their work until this year. Now Gibbs is suffering from an attack of economy, and the figures he could do the work himself and put the saving into Victory bonds, or spare parts for his car.

"He bought a book called 'How to Do Your Own Housecleaning,' for ten cents, and began to memorize the thing. The book was so full of statistics and qualifications that the poor dummie addle brained trying to figure it out.

"One chapter was devoted to painting. It explained minutely how one could figure out the surface of the walls and by multiplying the dimensions by something or other find out exactly how much paint would be needed for the job.

"Gibbs figured out that it would take 25 gallons of various colors to do the work. He ordered up a whole load of paint and began.

"When Gibbs got through painting he found that he had 37 gallons still untouched. But as he had opened all the cans as soon as he got them, he could not return them to the paint man in exchange for anything else.

"Gibbs lost a fifty cuss on the paint job, and even more on his wall paper-ing. He ordered enough paper to cover the side of a warehouse, and when he got through papering his living and dining rooms he had them matched all wrong and the 88 rolls left over were to tattered. He mixed 25 gallons of paste, losing his figures on the book, and had 10 buckets unused when he fell off the ladder and broke his shoulder blade."

"So Mrs. Gibbs is going to leave poor Gibbs alone with his broken shoulder?"

"His self—unless he changes his mind about finishing the work. If he persists she is likely to do anything, for she is in a desperate frame of mind."

Parlin reached into an inner pocket and drew forth a little book called "How to Do Your Own Housecleaning." He tore the book into small strips and threw them at the cat. He didn't look at his wife, for he knew she would understand.

Judge George Kimbrell, of Picacho, was a visitor to Capitan last Monday. The Judge has not been in the best of health for month or more, but is now improving.

As will be seen from a notice in this paper, the Rev. T. V. Cox, of the Nazarine Church, will preach in Capitan the third Sunday in each month. Rev. Cox is no stag in Capitan, and is a desirable addition to the town and is heartily welcomed among us.

The apples which are being shipped from the Irrigated fruit districts in Lincoln county will bring in a considerable amount of revenue to the shippers.

The Titsworth Co. is receiving large shipments of dry goods, hosiery, underwear for gentlemen and ladies, shoes of all sizes, over shoes, and in fact everything needed to supply the fall and winter trade. Call and examine the goods get the prices.

The open game season opens next Monday and nearly all the hunters are making preparations to have 15 days sport.

R. L. Tunkersley came in this week from El Paso and is rustling more beef cattle.

The Fisher Lumber Co. has just received a car of brick. Now build your chimneys and flues and save the risk of fire from stove pipes. 24t1

The oil people who are moving shipped in Capitan some time ago to Picacho, bought two lots here and have decided to erect an oil tank to store crude oil. It is understood that they will operate their drill engine with crude oil.

Mr. Thomas A. Bragg, of the upper Bonito, was in town yesterday buying hunting license and looking after land matters. Tom is one of the most successful hunters in Lincoln county, and when the hunting season opens he is certain to get his allotment of black tail deer, and, perhaps, a bear or two.

Mrs. Mary D. Baker, who is teaching the school at Spindle, was a visitor to Capitan a few days ago and paid the Mountaineer offices a call and added her name to the paper's subscription list. Mrs. Baker is a resident of Roosevelt county, where she filed on land. She is a teacher of long experience and brings with her a splendid record and will most assuredly teach a good school for the people of Spindle.

Mr. R. C. St. John, of Carrizozo, was a caller at the Mountaineer office last Saturday while in Capitan. Mr. St. John has recently returned from France, where he saw service on the front. He is a native of this county having been born in the old town of Lincoln, and was principally raised in White Oaks. He is a practical printer and is now working on the Carrizozo Outlook; is well satisfied with his job, and had some very complimentary words to say about Mr. A. L. Burke, editor and publisher of the Outlook.

E. V. Abeyta, who has been a salesman in the Titsworth Co's. store for the past year, left Thursday for El Paso, where he will hereafter reside. His leaving Capitan was on account of any dissatisfaction with the firm he was with, and on the other hand the management of the firm regretted very much to lose his services. He has a home in El Paso, where his family reside, and had employment there awaiting him, are the reasons that induced him to leave here. Mr. Abeyta is a splendid salesman and made a host of friends during his stay here. Success to him.
