THE CAPITAN MOUNTAINEER

SIXTH YEAR NUMBER 39. CAPITAN, NEW MEXICO, DEC. 18, 1920 SUBSCRIPTION PRICE $1.50 A YEAR.

The Orphaned Children.

The Children's Home and Hospital is the pioneer non-sectarian work for orphaned, neglected, and crippled children in New Mexico. Organized and started on its splendid mission of mercy sixteen years ago, it has proven the children's friend, and the peoples outlet for their sympathy in the children's cause.

And no ophaned child has gone without care if reported to the officers of the Children's Home, or found by its Secretaries who travel continually over the state seeking the poor children in the highways and hedges of misfortune. And this great work of mercy has in it a singular and beautiful spirit, in that, when the child bereft by death from parents and left alone without the maturity of mind that prove its guide and mentor, the child is not placed in a sectarian orphanage, which will mold the child in a new religious faith, but the child is placed in a family home where the kind and loving foster parents belong to, and will bring the child up in the faith of its fathers. If you die unfortunate and The Children's Home and Hospital takes care of your child, and you will know that every entdition of material and spiritual growth will be afforded your child that you could have wished for it yourself. Thus the Methodist, Presbyterian, Baptist or Lutheran is treated with posthumous justice.

No sensible peron believes that any co-oporation or intimidation is ever followed by a denominational orphanage to bring the children into their peculiar faith, but one of the denominational preachers has said. "Give me a child to train until he is seven years of age, and will mold his faith for his life." And that is perfectly right and legal for the denomination in dealing with children of their own denomination, and no church may be considered blameworthy which seeks to build up its membership by securing and training children.

But meant that every orphaned child should have a family hom, and The Children's Home and Hospital has proven that there is not enough orphans to fill the waiting homes. There would never need to be a child kept more than a day at any institution, could the legal status, or the health conditions, be always right when the child is secured. Good Christain homes are awaiting for the children with outstretched, loving arms, and every known denomination represented in the applications for children, so that a Methodist, Baptist, or Catholic child may receive, quickly, a home holding its own parent's faith. Every known church is represented on the Board of Directors of The Children's Home and Hospital.

And the economy of the work is phenominal. To find the child and care for it in its distress, clothe, and treat its infirmities and place the child in a family home, if it is an orphan, will cost the society less than One Hundred Dollars. Cottages are now being prepared and care is given to the children who must have temporary orphanage treatment. The Children's Home and Hospital is not only a home-finding Society, but it is a true orphanage in that it gives the old institutional care where it is necessary, but never keeps a child for reasons that do not mean conservation of that child's life interest

The Children's Home and Hospital needs your help: it wants some of your Chrismas money, but it wants you to help find the cases of need more than all. Write Dr. C. E. Lukens, Superintendent, Children's Home and Hospital, Albuquerque, New Mexico, and enclose your gift, or tell him the story of a needy, orphaned, or crippled child. The Society will do the rest.

Fort Stanton Dots.

Capt. J. H. Vanzant of Fort Stanton, was a caller at the Mountaineer office Tuesday while in town and gave us the following information. Maj Ashford, who has been in charge at the Fort for more than two years has been transferred to Ellis Island, N. Y., and left some days ago to take up his new work. He has been succeeded at Fort Stanton by Maj. Cohan. Capt. Vanzant also stated that Maj. F. H. McKeon, former commandant at Fort Stanton, has been placed in charge of the new Marine Station at San Diego, California; that Dr. F. C. Smith, who, also, was in command at Fort Stanton for several years, is now a member of the Surgeon General's staff at Washington, D. C.

In its articles editorial and otherwise, it has dewlt upon the importance of good citizenship. In all its contents it has aimed to give not only entertainment, but "stepping stones to higher things."

New Subscriptions Received at the Office,

H. Doyle Murray and family of Tinnie, as he expressed it to the editor of this paper, "bid the neighborly toppling hills of Lincoln county good bye," on Wednesday of this week. They went from here to Forth Worth, Texas, where they intend to stop a short time, and from there their destination was not determined before starting. Mr. Murray, with his generous heart and sunny nature, will be missed by all who know him, and we hope as time passes on he may return and live among us again.
