A Thousand Pounds Porker.

When Ed. C. Pingston, of the Nogal Mesa, was in Capitan a few days ago he stated to the editor of the Mountaineer that he is feeding a hog which he will make weigh 1000 pounds when he is butchered about 60 days from now. Mr. Pingston bought the hog at the Fort Stanton government sale last summer and has had him on feed several months. He is a Berkshire registered animal and is three or four years old. Parties who have seen the hog believe that Mr. Pingsten will be able to make him tip the scales at 1000 pounds when dressed. He is more than seven feet in length and tall in proportion, and is probably the largest porker in the state.

Smiling Into 1921

The man with vision enough to interpret conditions intelligently is looking into the new year with much pleasure. He sees the beginning of one of the most substantial eras of prosperity the United States has ever known. Moreover he sees a rapid recovery from unfavorable conditions affecting stockmen, farmers and other business.

Speaking personally we enter the new year with all confidence of prosperity and an increased determination to render to the people of southeastern New Mexico a greater service than in the past.

THE YOUTH'S COMPANION HOME CALENDAR FOR 1921

The Publishers of The Youth's Companion will, as always at this season, present to every subscriber whose subscription ($2.50) is paid for 1921 a Calendar for the new year. The tablets are printed in red and olive green, and besides giving the days of the current month in bold legible type, give the Calender of the preceeding and succeeding month in smaller type in margin. It is a rich and practical piece of work.

Here's a Tube that closes punctures and prolongs casing life

The Compression Inner Tube has solved the puncture problem! Three times as thick as ordinary tubes, and moulded with deep side and tread corrugations which straighten out when tube is inflated. The air pressure COMPRESSES this tube, instead of stretching, and nail holes close up automatically. You simply pull out the nail—and keep moving—no air is lost!

By maintaining the same air pressure constantly keeping the tire firm, pinching and rim-cuts are practically eliminated. Tires last 20 to 50 per cent longer. And your car rides easier. Real economy as well as freedom from punctures is what you get in the Compression Tube. Let us demonstrate this remarkable tube to you immediately.

Mr. Paul Mayers and wife have moved from White Oaks to Carrizozo which will be their permanent home. Mr. Mayer had been a resident of White Oaks more thirty years, where he was identified with different enterprises, and where he accumulated a handsome competence. While he will not be far away, his presence and good traits of character will be greatly missed in the old town.

The publishers of the Mountaineer took Christmas dinner with Mr., and Mrs. J. A. Phillips family at their home in the Tucson country. They served a splendid dinner which was very much enjoyed. These good people know how to dispense genuine hospitality and their home is a pleasant place to visit.

Messrs. Manning plus Cliff, who have stock interests on the Macho, were here Wednesday looking after business. Mr. Manning, also, has a ranch on the Felice, and makes his home in Roswell. He is one of the "old timers" in this country, having been here 36 years.
