The Model.

The Model, gents furnishing store in Roswell owned by E. J. Williams, has become one of the best known and popular stores in this part of the country. Not that it is the largest gents' furnishing house in the country but by reason of the fact that it carries a superior line of goods to those found in most other establishments of the kind. And along with quality will be found low price in all the lines of goods—prices that actually are lower than can be found elsewhere. Since the tumble in prices the Model's prices have been reduced to the lowest possible margin, and in some instances below first cost. The proprietor knows the value of advertising and keeps his prices before the public and as a result is getting a fine trade from an extensive territory. An advertisement of the Model, changed each week, is being run on the first page of the Mountaineer; read it and keep post on the bargains offered.

Public Officers Who Gamble Will Lose Office.

Santa Fe, N. M., Jan 18.—Public officers who gamble, and are caught at it, will be firmly and expeditiously removed from office if a bill introduced today by Representative Lutz becomes law. The bill, aimed especially at such officers as handle public monies, provides a uniform procedure for their removal in event they are proved guilty of dalliance with the goddess of chance.

Burglary at San Patricio.

On Thursday evening of last week the store of W. F. C. Stover in San Patricio was burglarized and between $600 and $[illegible] taken from the cash drawer. There were a few checks in the amount taken, but it was principally cash. The postoffice there is located in the store and between $30 and $40 of the postoffice money was taken. The burglary was committed between sundown and dark, while Mr. Stover had gone out for a short time, when the burglar is supposed to have entered the building through a back door. No clue has been discovered as to the guilty party.

Capt. Vanzant to Leave Us.

Capt. J. H. Vanzant has closed out his store at Fort Stanton and will leave there next Tuesday. He will go to El Paso and will probably remain there a month or two, and then he will go to his old home in New York state and make it his permanent home. Capt. Vanzant has been at Fort Stanton longer than any other man there, and his leave taking will be much regretted by a large number of friends. He promises to return occasionally and spend awhile with his friends and acquaintance, but that is not like having him among us all the time.

NOTARY PUBLIC.—Will take acknowledgements, prepare deeds and all other kinds of legal documents.

To The Teacher of the 18th District

Following is a copy of a letter from Mr. Conway, State Supt. of Public Instruction that was published in the issue of 10th inst. of the Albuquerque Journal.

"Santa Fe, Jan. 10., In a special letter sent out by John V. Conway, State Superintendent of public instruction to the teachers of the State, an appeal is made that all teachers send to their city or county school superintendent or to John Milne, Secretary of the New Mexico State Teachers' Association a contribution of $2.00 each, which is to be used to boost the 1921 legislative campaign for higher salaries for teachers. The 1920 annual report will show 2,752 teachears in the State. Should each respond with the $2,000 asked, a very substantial campaign fund would be received."

This has raised a storm of indignation in the Senate and House and Conway will be called before the Finance Committee of the Senate and put on the gridiron. The Senate and House object very seriously to having a fund of approximately $5000.00 raised to lobby before the legislature. Personally, I am of the opinion that it is best that you do not subscribe to this, as you will defeat the end you want to obtain. What we condemn in others is not a good thing for teachers to do and this is a most unfortunate letter as it will prejudice the legislature against any raise of any character. Mr. Conway is honest and conscientious but in this instance, I believe that he has made a mistake.

An effort will be made to get thru some sort of legislation that will take the Educational System out of politics, put the matter of salaries on a business basis, weed out the teachers that are not qualified and provide adequate salaries for those who want to make the profession their work. In the mean time all stand in the boat, teach the best school that you know how to teach and get the good will and the support of your community, by these methods and not with a "slush fund" will you accomplish what you are trying to get. Personally, I am as much against the above mentioned method of influencing the Legislature as any other man here.

Yours very truly,
E. M. BRICKLEY,
Senator 18th District.

Fourth-Class Postmaster Examination.

The United States Civil Service Commission has announced an examination to be held at Roswell, N. M., on Feb. 12, 1921, as a result of which it is expected to make certification to fill a contemplated vacancy in the position of fourth-class postmaster at Hondo, and other vacancies as they may occur at that office, unless it shall be decided in the interests of the service to fill any vacancy by reinstatement. The compensation of the postmaster at this office was $317, for the last fiscal year.

Applicants must have reached their 21st birthday on the date of the examination, with the exception that in a state where women are declared by statute to be at full age for all purposes at eighteen years, women eighteen years of age on the date of the examination, will be admitted.

Applicants must reside within the territory supplied by the postoffice for which the examination is announced.

The examination is open to all citizens of the United States who can comply with the requirements.

Application blanks, Form 1753, and full information concerning the requirements of the examination can be secured from the postmaster at the place of vacanby or from the United States Civil Service Commission, Washington, D. C.

Applications should be properly executed and filed with the Commission at Washington, D. C., at the earliest practical date.

Savage Beasts Exact Heavy Toll in Animal Slaughter

Compared with some individual members of the mountain lion, wolf, and coyote families, Gulliver's hungry giants and giantesses were light and dainty eaters. All these animals are classed as predatory, but a few specimens develop exceptional skill and cunning in killing cattle, sheep, and colts. They usually acquire equal skill in avoiding traps, poison baits, and rifle fire, and often do thousands of dollars' worth of damage before they are killed.

The Bureau of Biological Survey, United States Department of Agriculture, keeps a staff of expert hunters in the field for the express purpose of ridding Government range lands of these four footed outlaws, and thus assist in relieving the rancher. A Goverment hunter killed a mountian lion near Roosevelt, Ariz., that had destroyed 50 calves and 3 colts on a single ranch. One wolf slain by another hunter in New Mexico had killed 23 calves. Another in Wyoming, slaughtered 20 head of cattle before one of Uncle Sam's hunters shot the criminal. A pair of Wyoming wolves that had learned exceptions cunning and cruelty ran a yearly board bill amounting to about $3,500. Their meal tickets were canceled by a couple of well-aimed rifle shots by a Government hunter. Two other wolves, which showed gustatory preference for for mutton and young horse flesh, in a single month killed 150 sheep and 7 colts, but at the end of the month a hunter collected their pelts.—Agricultural News Letter.

Sweetheart of Lincoln Given New Monument.

A special from Petersburgh, Ill., of Jan, 17th says: The grave of Ann Rutledge, sweetheart of Abraham Lincoln, who lies buried in Oakland cemetery here, was marked today with a beautiful granite monument purchased by descendents of those who were intimately acquainted with the great emancipator when he was located at New Salem.

The new stone is inscribed with verses from Edgar Master's "Ann Rutledge," concluding with:

"I am Ann Rutledge who sleeps beneath,
"Beloved of Abraham Lincoln,
"Wedded to him, not through union,
"But through seperation.
"Bloom forever, O Republic,
"From the dust of my bosom."

The delay from one single puncture may result in the loss of thousands of dollars worth of property, or worse, the loss of human life. Compression Inner Tubes keep moving when ordinary tubes go flat on nails and tacks. They make every road a SAFE road every mile a happy one.

Compression Tubes are about three times as thick as ordinary tubes. Their circumference is greater than the inside circumference of the tire. They are moulded with deep side and tread corrugations which conform to the smooth surface of the casing when inflated. The air pressure, instead of stretching the tube, COMPRESSES it. Thus nail holes close automatically as the nail is withdrawn. No air is lost!

Save Tires as Well as Close Punctures

By maintaining a uniform air pressure, Compression Tubes practically eliminate pinching and rim-cuts. They add 20 to 50 per cent to the life of the casings. They make your car ride easier. They should last as long as your car is driven by the average owner, or about 30,000 miles. The use of this long lasting, puncture closing tube is REAL motoring economy. Let us SHOW you this remarkable tube—NOW.

U. S. Land Office,
Contest No. 10,135.

Roswell, New Mexico,
January 5, 1921.

To Mrs. Hiram J. Underwood, widow and heir of Hiram J Underwood, deceased, Contestee:

You are hereby notificed that Leopoldo Pacheco, who gives Arabela, New Mexico, as his post office address, did on January 5, 1921, file in this office his duly corroborated application to contest and secure the cancellation of your Original Homestead, Serial No. 045555 made July 14, 1919, for Lots 3, 4, SW¼ NW¼W½SW¼, Section 1 W½NW¼, Section 12; and your Additional Homestead, Serial No.045556, made December 20, 1920, for Lots 1, 2, SE¼NE¼; E½ SE¼, SW¼SE¼, Section 3, and W½SW¼, Section 12, Township 10 S, Range 18 E, N. M. P. Meridian, and as grounds for his contest he alleges that Hiram J. Underwood died intestate about November 30, 1919, leaving as his sole heir his widow, Mrs. Hiram J. Underwood, that since the death of the entryman said lands have been abandoned, that neither of said entries have been occupied, used or grazed by the heir or any person for her; the defects still exist. The defaults are not due to service or employment in army, navy or marine corps or in any branch of the military establishment or to operations on the Mexican border.

You are, therefore, further notified that the said allegations will be taken as confessed, and your said entry will be canceled without further right to be heard, either before this office or on appeal, if you fail to file in this office within twenty days after the FOURTH publication of this notice, as shown below, your answer, under oath, specifically responding to these allegations of contest, together with due proof that you have served a copy of your answer on the said contestant either in person or by registered mail.

You should state in your answer the name of the post office to which you desire future notices to be sent to you.
