### The Mescalero Reservation Bill Reported Favorably in Congress.

## ALLOTMENTS TO THE INDIANS

### And the Remainder to Be Restored to the Public Domain--The Matter Being Pushed at this Session.

For many years the citizens of this part of the territory have been petitioning congress to throw open to settlement the reservation now occupied by the Mescalero Apache Indians, in the heart of the White mountains. Originally the reservation was much larger, and has been reduced to its present size by acts of congress in 1874, 1875 and 1882, the reservation as it now stands being defined by executive order of March 20, 1883

The well known American mine of Nogal was, at the time of its discovery in 1868, on the reservation, and the Indian police were kept on the move escorting enterprising locators to the boundary. The discovery of mineral, known to be valuable if it were open to location and development, and the value of its timber and grazing lands, has before caused congress to act favorably in answer to demands of the people, and from present indications it will now favor the allotting of a portion of the lands to the Indians and allow the remainder to be occupied by settlers according to the land laws now in force.

This Indian tribe numbers about 444 Indians. With an allotment of 160 acres to each member, aggregating 71,040 acres, there would remain 403,200 acres to be thrown open to settlement. The allotment of land is strongly endorsed by Capt. V. P. Stottler, the former Indian agent there, whose work in civilizing the whole tribe has been so highly praised. It is also approved of by the commissioner of Indian affairs and the committee on Indian affairs in the house of representatives has reported favorably and recommended the passage of a joint resolution, as a substitute for the bill presented, which favors the allotment of lands, and he disposal of the remainder by sale and settlement.

The grazing value of the reservation is well known, and there are many stories afloat of the valuable mineral deposits now embraced in its limits, which would be rapidly developed if restored to the public domain.

#### Change of Mail Service.

Commencing on the tenth of May, the mail route from San Antonio to Lincoln will be discontinued and the El Paso & Northeastern railway will carry the mail for Lincoln county. Capitan will then become a distributing office, and will forward the mail for Lincoln, Fort Stanton, Angus and Ruidoso. Nogal will have a route from that place to Walnut station, and will be the distributing point for Parsons and Bonito, as at present. White Oaks, Jicarilla and Richardson mail will be forwarded from Carrizosa station.

The service will be six days a week instead of the present daily service.

By the new schedule Lincoln will receive its mail at the same time as White Oaks, Capitan and Nogal, twelve hours earlier than now. Mail from Lincoln county will reach El Paso the same day, or thirty-six hours earlier than by the present route. It will be a great benefit to the merchants, especially, and to all other residents of the county.

#### Lieutenant Curry.

A letter recently received from an ex-"Rough Rider" now in the Philippines, has this reference to Lieut. George Curry:

"Lieutenant Curry is here and is assigned to the notorious 'I' troop. He had sixty scouts in charge at the San Mateo fight and did excellent work—better than any other officer and troop. He got too far in front with his troop during the battle and soon found himself completely surrounded by the enemy, and that they were rapidly closing in on him. Taking in the situation in an instant, he gave the order: 'Draw pistols, forward—charge,' and they made a daring charge on the enemy, yelling and shooting like a band of Apache Indians, and so completely rattled the Filipinos that they broke and ran and several were killed. None of Curry's men were hurt, and his charge is a record breaker in the Philippines."

Curry has since then been shot through the shoulder, and another bullet cut his watch chain in two.

#### Altitudes Along the E. P. & N. E.

The engineering department of the El Paso & Northeastern railway gives the altitudes of the various stations on their line from Alamogordo to North Capitan, as follows:

| | FEET. |
|---|---|
| Alamogordo | 4,320 |
| Tularosa | 4,437 |
| Three Rivers | 4,559 |
| Jake's Spring | 5,173 |
| Carrizosa | 5,438 |
| Walnut | 6,082 |
| Indian Divide | 6,948 |
| North Capitan | 6,467 |

The altitude of Capitan is not given, but is about 6,300 feet. The above figures are taken from the railway survey and are correct.

#### March Weather.

The Fort Stanton Weather Bureau, Ernest M. Halstead, observer, reports as follows for the month of March:

| | |
|---|---|
| Mean temperature | 44.8 |
| Max. temp., 11th and 12th | 75 |
| Min. temp., 31st | 19 |
| Total precipitation, inches | 0.49 |
| No. of days clear | 15 |
| No. of days partly cloudy | 5 |
| No. of days cloudy | 11 |
| Prevailing wind | Northwest |

Laurie & Frazier of Alamogordo handle all kinds of hardware. Try them.

The county commissioners meet Monday to act upon roads and bridges at various places in the county. The residents of Capitan want a new road opened to Lincoln down the Salado canon, that will come into the present road about three-quarters of a mile from the Bonito. The proposed road follows very closely the one abandoned some years ago. In addition to shortening the distance one or two miles the new road will avoid the long hills now traveled. The railway company will subscribe $250 towards the work if the county will do the same, and this amount will be sufficient to make a good roadway.

## LOCAL AND PERSONAL.

Several patients from the east have arrived at Fort Stanton this week.

John Eakers, constable and deputy sheriff of Nogal was in town Wednesday.

A. J. King, manager of the Southwestern Mercantile Co., has been in Capitan the past week.

F. M. Rhomberg of Alamogordo spent Sunday looking over the numerous advantages of Capitan.

Col. T. W. Herkan and Range Foreman Tom Pridemore of the Block Cattle company were in town Friday.

Bert Rowland has just completed a neat little cottage at the corner of Fourth street and Picacho avenue

Doctor N. T. Moore of Capitan is at present in Dennison, Texas, but will return on the 10th of May to remain permanently.

Will Rainbolt and Will Lee of Roswell spent a day or two in Capitan this week on their return from Alamogordo, and left for home today.

A. S. Greig, general superintendent of the Northeastern, came up on Tuesday's train and returned to Alamogordo Wednesday morning.

There are now about forty-five patients at the Fort Stanton Marine hospital, and the majority of them are reported to be rapidly improving in health.

H. W. Aplington and son of New York are spending a few days at Richardson, Mr. Aplington is the president of the Capitan Land and Cattle Co.

The office of Henry Lutz, the treasurer and collector of Lincoln county, is now in the Lincoln Trading Co.'s building, of which firm Mr. Lutz is a member.

J. F. Bonham, well known in the territory as an able attorney, has located in Lincoln and opened an office in rooms formerly occupied by Charles Weidman.

Pfaff's cold storage house, just completed, has a capacity of four cars of ice and beer. It is built for the trade, and also to supply his own place of business.

M. Griffin O'Neil, architect and builder, of San Antonio, Texas, opened an office and lumber yard here the past week, at the corner of Fourth st. and Stanton ave.

Joe A. Gumm, deputy assessor, has been in Capitan on official business for several days. He reports a very large increase in the assessed value of this precinct.

Jack Fleming, the perennial mayor of Silver City, and coal mine inspector of the territory, left Monday morning for Gallup, after a three days' visit in Capitan.

Charles Beljean, who recently sold his interests in Lincoln to the Lincoln Trading Co., is now touring Cuba and Porto Rico with his uncle, Numa Reymond of Las Cruces.

The local Order of Red Men are building a hall on the two lots recently purchased by them on Fourth street. It will be 50x100 feet and will be used for lodge purposes and rented for public entertainments.

Capitan is up to date, and last Monday began selling schooners of St. Louis mineral water for five cents at the Capitan bar. It requires a prosperous town in the west to get the benefit of nickel beers, but there is plenty of money in this city to secure them

There is a good opening at Capitan for a well machine. With the large amount of building now going on in the town and surrounding country, there is a demand for wells both for surface and artesian water, and a good outfit would no doubt be steadily employed.

Laurie & Frazier hardware, Alamogordo, N. M.

Have you tried one of Dick's "Arte ian toddies" at the Gray saloon?

Capitan was a month old last week. A building a day is the month's record.

H. A. Sumner, chief engineer of the Northeastern, has been here this week on official business

The traveling public can secure good accommodations at S. T. Gray's. His stage meets all trains

E. W. Peebles returned today from Waco, Texas, where he and his wife have been spending the winter. Mrs Peebles health is much better and she will remain there for a month or six weeks longer

Will Rainbolt and wife and Miss Rainbolt arrived in Capitan from Roswell Saturday. Mrs. Rainbolt and Miss Daisy visited Mr. and Mrs. Wid Corn on the Bonito for several days, and started for Roswell today.

Bert Rowland, deputy sheriff, on Saturday went after Fred Heck, who was driving a team out of the country that belonged to S. T. Gray. He caught his man near Roswell and returned with him this week.

About twenty couples from Capitan attended the ball at Fort Stanton last Saturday night who reported it one of the best parties of the season, and were especially pleased with the hospitality of the boys at the post.

Tom Moore, who was indicted for forgery at the last term of Lincoln county court and secured a change of venue to Chavez county, failed to appear at Roswell when his case was called last month. A few days ago he was arrested on Eagle creek by Deputy Sheriff Howell and A. J. Gilmore and placed in the Lincoln jail.

When you are in need of anything in the line of hardware, tinware, stoves etc. go to Laurie & Frazier of Alamogordo.

This week's paper has been printed under the disadvantages incident to the first issue in a new town. A large amount of material that has been delayed on the road arrived yesterday, and in the future EL CAPITAN will make its appearance every Friday.

Abe May, Clark Hust and T. B. Wilson were in town Monday. They report prospects good for a revival of the mining industry in Nogal this spring, and that several claims have recently been making a good showing in gold and copper. Clark Hust will ship a car of ore from his Tortalita Canon claim next week.

Arrangements are now being made for a series of horse races here on the 25th and 26th of next month. There will be the usual free for all and cow pony races; and base ball and foot ball supremacy will be contested for by the Fort Stanton boys and the local teams. The tracks are now being prepared and no efforts will be spared to make the occasion a success in every way.

Mr. H. A. Parker, vice-president of the Rock Island railway, was a visitor to Capitan and its coal mines a few days ago Mr Parker was very much impressed with the magnificent results accomplished by the Eddy Bros. in the building of the Northeastern, the rapidity of the development of the country adjacent to the road, and the large output of the coal mines for the short time they have been in operation.

CAPITAN, N. M., APRIL 13, 1900

Capitan needs a good school building and the money to employ good teachers. Vote for the issuing of bonds at next month's election.

Capitan is growing rapidly and the increase of population and business enterprises is not, nor has it been, due to booming the town by individuals or the town site company.

Last month's output of the Capitan coal mines was 23,000 tons of coal, and represents the sixth month of development work. In every coal opening the quality and quantity is increasing, and it is only a lack of room for miners that keeps the production at less than fifty thousand tons per month.

The financial condition of Lincoln county should be a source of satisfaction to every taxpayer in the county, and to all intending investors in property here. With an assessed valuation that will equal or exceed a million and a half dollars, the total county indebtedness is but thirty thousand dollars. There is not an outstanding warrant against the treasury that will not be paid on presentation. No other county in the territory is in better shape, and it is doubtful if any can equal this record.

A first class hotel is one of the first necessities of Capitan. Such a building, well conducted, would pay from the day of opening. The commercial men would find it convenient to all points in the county, as would mining and stock men, and that it would be headquarters for all such men during their stay in Lincoln county is apparent. It would be the only hotel with telegraph facilities, convenient to summer resorts in the mountains and Fort Stanton, and in every other way attract the patronage of the traveling public.

Roswell is advocating a fair at that place this fall, and wants Eddy and Lincoln counties to join with Chaves and have an exposition that will show to visitors the resources of southeast New Mexico. While Lincoln county could make a fine showing of her mineral wealth, as suggested, the fact must not be overlooked that she also has some fine agricultural sections, and that her farmers can show some of their fruits, grains and vegetables that would be in the blue ribbon class in any exhibit, and if the project goes through they will be in Roswell to meet Missourians.

Lincoln county will reach, this year, the opportunity for which many of its citizens have been waiting for many years. The completion of the railway and the consequent accessibility of the various portions of the county by easy drives, is going to bring in many people for business, health and pleasure. Those men who are looking for investments should be assisted and encouraged by every citizen of the county. If the section in which you are interested does not contain what is desired, refer them to some other. The disposition of some people has been to run down every portion of the county but their own. By so doing, they have disgusted sensible men seeking legitimate investments and injured themselves, their town and county. Capitan is going to assist in every possible way the mining and agricultural interests of the county. The prosperity of other sections means the adding to its own volume of business.

## COUNTY COMMISSIONERS.

### Proceedings at the Meeting of the Board Held April 2, 1900.

Following are the proceedings of the Board of County Commissioners, held at Lincoln, Lincoln county, New Mexico, April 2, 1900, it being a regular session thereof:

Present: Hon. E. W. Hulbert, chairman; Hon. W. M. Clute, member; D. Perea, sheriff; I. L. Analla, clerk, by George Sena, deputy.

Minutes of the special sessions of Jan. 29 and March 30 read and approved, and the board proceeded to the transaction of business before it.

The resignation of Edward McLeigue, justice of the peace precinct No. 6, was accepted. On motion T. W. Heman was appointed justice of the peace for said precinct, to qualify according to law.

The report of the superintendent of the Roswell Military Institute, containing the standing of the students of that school for the second term, received and filed, and the following order, upon motion of W. M. Clute, was placed upon the records:

"The members of the board of commissioners express their gratification at the progress made by A. Ririe, the Lincoln county cadet, his rank being fourth in said institution, and commend him for his application to his studies and his conduct, shown by the report of the superintendent."

Complaints having been made to the board that obstructions have been, and are being placed across the public highways in precincts Nos. 1, 8 and 9, the following order was made:

"The justices of the peace and ex-officio road supervisors of said precincts are hereby directed to cause any and all obstructions of the public highway in their respective precincts to be immediately removed, and the clerk of of this board is hereby directed to mail a certified copy of this order to each of the said justices of the peace."

Report of justice of the peace precinct No. 6 is referred back to said justice to show disposition of cases in said report.

The bonds of all county and precinct officers now holding office were examined and found sufficient.

It is ordered that the county treasurer call in outstanding 8 per cent bonds, numbered 17, 26 and 27, amounting to $1500. Interest to cease on said bonds July 1, 1900.

Butcher's bond of J. S. Williams, precinct No. 2, examined and approved.

Board took a recess until 1 p. m.

Board convened at 1 p. m.; present as before.

Reports of justices of the peace, precincts 1, 8 and 9, examined and approved.

Report of collector for first quarter of 1900 examined and approved.

Comes now Henry Lutz, treasurer, and submits report showing balances in the various county funds of $15,557.40, and same is examined and ordered filed.

Henry Lutz, treasurer, turns in warrants coupons and school orders for cancellation, and the same being examined and cancelled by the board, it is ordered that the treasurer be credited in the various funds as follows:

CAPITAN, - - - N. M.

A Word to the Wise,

PRACTICAL economy lies in getting what you want and that which will please you. It is false economy to buy anything because it is cheap, when it is not what you want. Such a course brings dissatisfaction and in the end is extravagance. Here you can get exactly what you want. Our stock is so large and varied that we can please everyone in any line they may wish to purchase, whether it is hardware, groceries, dry goods, notions, boots or shoes. It is not boasting to say we carry the largest and best selected stock of general merchandise ever brought to southern New Mexico.

DRY GOODS The people of Capitan and the surrounding country can find an immense stock of ladies dress goods, notions, hats, boots, shoes and clothing in our store to select from, which we invite all to call and inspect.

HARDWARE Our stock of hardware including stoves, cooking utensils, table and pocket cutlery, carpenter's tools, builder's material, etc., has been greatly increased by the arrival of a carload of goods for this department.

No trouble to show goods. 1000 Door locks just rec'd.

GROCERIES The housewives of Capitan will find in our large line of staple and fancy groceries everything that is needed in the culinary department, including canned goods, dried fruits, preserves, pickles, etc., etc.

Ranchmen supplied in job lots.

SOUTHWEST MERCANTILE CO.

**Notice of Sale for Taxes, Penalties and Costs.**

(First half of year 1899.)

TERRITORY OF NEW MEXICO } ss
COUNTY OF LINCOLN }

In accordance with chapter 22 of the laws of the Thirty-third legislative assembly of the Territory of New Mexico, I, the undersigned, treasurer and ex-officio collector of the county of Lincoln in the Territory of New Mexico, do hereby make, certify and publish the following notice and list of delinquent taxes amounting to not less than twenty-five dollars, with penalties and costs thereon, payable in said county and delinquent on the second day of January, 1900, the same being hereinbelow set forth in precincts, and containing first the names of the owners of all property become delinquent; the amount of taxes, penalties and costs due; the description of the property whereon the same are due, and the amount of taxes due on personal property.

This list and notice have not been made and published within ninety days after the said taxes herein mentioned became delinquent because of the magnitude thereof and the impossibility of preparing and having the same properly published at an earlier date than the day of the first publication hereof.

And, Notice Is Hereby Given, That I, the undersigned, treasurer and ex-officio collector of said county of Lincoln, will apply to the district court, held in and for said county, upon the next return day thereof, to-wit: the 25th day of June, A. D. 1900, the same occurring not less than thirty days after the last publication hereof, for judgment against the lands, real estate and personal property described in the following list, together with costs and penalties, and for an order to sell the same to satisfy such judgment.

And further notice is hereby given that within thirty days after the rendition of such judgment against such property, and after having given notice by a hand bill posted at the front door of the building in which the district court for the said county of Lincoln is held, to-wit: the court house of said county of Lincoln, at least ten days prior to said sale, I, the undersigned, treasurer and ex-officio collector of the county of Lincoln, will offer for sale at public auction, in front of said building, the real and personal property described in said notice, against which judgment may be rendered for the amount of taxes, penalties and costs due thereon, continuing the sale from day to day, as provided by law, until the same shall be sold.

HENRY LUTZ,
Treasurer and ex-officio Collector of Lincoln county, New Mexico.

Dated, Lincoln, N. M., April 9, 1900.

## The Future PITTSBURG OF THE SOUTHWEST

**The Great Capitan Coal Fields**

Have already become famous, although on railroad only since October 1st, 1899, and with its other great resources of iron, coke, timber, precious metals, farming, grazing, and its beautiful climate, recognized by establishing the U. S. Government Consumptive sanitarium at Fort Stanton, five miles distant, must make of Capitan one of the most important cities of the Southwest.
