MORE TALK OF THE ROCK ISLAND EXTENSION.

The fact first published in the News, that the Rock Island road would build to a connection with the El Paso & Northeastern, and thus have direct communication with El Paso, is receiving daily confirmation.

General Manager Parker, of the Rock Island, who was in the city a few months ago and went over the E. P. & N., is now on his way here, coming across the from Liberal, Kansas, by the way of Clayton, N. M. In other words, he is personally examining the route already surveyed for connecting the two lines of railway. Mr. Parker is accompanied by other Rock Island officials.

General Manager Parker's private car will come around to El Paso by the way of Ft. Worth, to meet the party after inspection has been completed, and as the decision of the final details is understood to be in the hands of Mr. Parker, it is anticipated but a short time will elapse until the connection of the two roads will be publicly and officially announced.—El Paso Times.

MESCALERO RESERVATION TO BE THROWN OPEN.

At the last session of congress a measure to have the Mescalero reservation thrown open to settlement was introduced; the committee on Indian affairs made a favorable report upon a joint resolution which provided for the allotment of lands on the Mescalero Apache Indian reservation for the use of the Indians.

In view of the announcement that Congressmen Stephens would introduce a bill in the next congress to the same purpose, the report of the committee becomes interesting.

The committee reported that there are only 444 Mescalero Apaches on the reservation, and that it contains 474,249 acres of land. After giving each individual Indian an allotment of 160 acres of land, aggregating 71,040 acres, there would remain 403,200 acres to be thrown open to settlement. Since the building of the El Paso & Northeastern railway, this large body of land is in demand for settlement, and is necessary for the development of that part of New Mexico. The mountains on the reservation have valuable timber and rich mineral deposits, and the bottom lands are good grazing and agricultural lands.

The committee also reported that the Indians are sufficiently advanced in civilization to have their lands allotted to them. Out of this tribe of 444 Indians there are enrolled 108 children in the school with an average attendance of 97. There are 86 houses on the reservation, occupied by these Indians. Of the tribe 142 speak the English language. They own 1,080 horses, mules and burros, 40 cattle, 4,000 sheep and goats.

The resolution provided that the secretary of the interior shall order an inspector sent to the agency to allot the lands among the Indians and to negotiate with the tribe for the relinquishment of all interests of its members in the unallotted portion of the reservation. A proviso to the resolution recites that the United States shall make no payment for the relinquishment of title by the Indians until the receipt of funds from the sale of lands, and, as fast as the lands are opened for settlement and sold, the money received from such lands shall be paid into the United States treasury and credited to the Indians.

The department of the interior also has under consideration the setting aside of part of the reservation as a forest reservation.

GIGANTIC ENTERPRISE FOR LINCOLN COUNTY.

The Bethlehem Steel Company Purchases Thousands of Acres in the Capitan Mountain Iron Fields.

Furnaces and Smelters Will be Put in Soon-- New Era of Development of Our Mining Resources in Sight.

The Santa Fe New Mexican of November 16th is responsible for the following:

"The directors of the Bethlehem Steel Company, who control the gigantic steel works at Bethlehem, Pa., that manufacture the best armor plate in the world, and who have millions of dollars invested in that plant and employ almost 5,000 men, have made heavy investments in New Mexico which may be the beginning of an industrial era in New Mexico. Headed by Garret and R. P. Linderman, owners of extensive coal mines in Pennsylvania, and both millionaires, they have purchased 4,000 acres of coal lands near Capitan, in Lincoln county, and 4,000 acres of iron lands five miles from the coal mines. They have commenced work on the coal deposits and have made traffic arrangements with the El Paso & Northeastern railroad, also built by Pennsylvania capital, to transport the coal to El Paso.

More than this, an expert is now on the ground, Archibald McCullough, of Buffalo, to examine the iron property, and to report upon the advisability of erecting a smelter and furnace on the ground. The Bethlehem Steel Company ships much of its iron ore from Cuba, where it owns large iron mines, and even from Spain. The New Mexico iron property will give it a new source for its ore, and unless extraordinary traffic arrangements can be made the likelihood is that with time blast furnaces, and perhaps rolling mills, will be built right in the vicinity of Capitan, and an industrial town of 20,000 to 30,000 inhabitants be called into life in that section, which will be a rival to the Colorado Fuel & Iron Company, and to Pueblo, Colorado.

The steel company has been awarded a contract to furnish \$9,000,000 worth of armor plate to Uncle Sam, a contract which will keep it busy several years. Besides it turns out millions of dollars worth of commercial steel and machinery.

The Lindeman coal mines at Stockton, Pa., were closed down not so long ago because they had become exhausted or unprofitable to work, and since then they have been looking for new coal properties as well as for iron lands that will rival those owned by Carnegie along the shores of Lake Superior. They evidently believe they have found them in New Mexico, and that means millions of dollars to be spent in the territory and employment given to hundreds if not thousands of men.

At the same time Detroit capitalists have obtained a lease of 3,000 acres of coal lands in that same section and are at work investigating their worth. They have found as good coal as is in any of the other mines and are preparing to develop it. The machinery has been ordered, and coal will be shipped at an early date.

It is no wonder therefore that the Rock Island and other railroads are headed for El Paso by way of Lincoln county, for unless all indications fail, that will be the industrial center of the Southwest. There are other sections in New Mexico, too, which will profit by the good fortune of Capitan. There are undeveloped coal fields and iron properties in almost every county and these will attract attention as soon as the Capitan properties have been made profitable, and it is no wild dream of the imagination to see a second Pennsylvania, a second Pittsburg and a second Bethlehem in the Southwest in the course of time."

The EAGLE representative sought an interview with John A. Haley, who is a member of the New Mexico Iron Mining Co., a stock company owning iron lands in the Capitan mountains, and when asked if any of his company's lands had been sold to parties mentioned as purchasers of Capitan mountain iron lands in the foregoing article he said:

OF LOCAL INTEREST.

DEATH'S WORK.

In the vigor of his youth and manhood death has stricken down Thomas Cody Kempton, son of Abner W. and Ella J. Kempton. The family resided here for a number of years, and Mr. and Mrs. Kempton were among White Oaks' early settlers. The deceased returned from Oklahoma a short time ago, where he and his mother had lived with relatives for the past two years, and has since made his home with H. S. and Edward Comrey, who gave him every attention possible during his sickness. His term of suffering was short, death's summons being answered at 4:30 o'clock Wednesday morning, the fourth day of his illness. Cody was just merging into his twentieth year, and his schoolfellows and playmates of childhood, most of whom are now young men and women of White Oaks, with the friends of the family, will follow his remains to their last resting place in the White Oaks cemetery today.

Revs. Lund and Gladney will direct the funeral ceremonies which will take place from the Methodist Church at 2:30 o'clock this afternoon.

SHELERVILLE NEWS.

Work is going steadily on in the Homestake shaft, and a cross cut has been started to tap the south lead at 80 feet.

S. S. Doak and son, Ralph, of Webster City, Iowa, are in camp looking over the company's mines and are well pleased with the showing.

M. F. Hune and family, late of Ripley, O. T., are new arrivals in Schelerville.

S. S. Doak and Emory McKeen each killed a fine doe within half mile of camp on Monday.

Geo. Wambach and T. B. Cookery, of Des Moines, Iowa, are expected in camp on December 1st.

McIver and Cochran are doing a big lot of development work on their Vera Cruz placer ground and expect to put in machinery to handle the gravel.

Geo. W. Harbin, of Waterloo, expects to stay a month or two in Schelerville to give the country a good looking over. He is interested in the mines at Schelerville.

Fred W. Smith is on a visit to Old Missouri, and will probably bring back a car load of paw-paws.

Wm. Despain was in White Oaks this week on business. He is going to open a shoe store in Schelerville.

Geo. Hosmer will make his old home, Waterloo, Iowa, a visit in January.

Manager McIver will put on a large force of men about Dec. 1st, and begin stoping out ore and shipping.

The Iowa & New Mexico Mining & Milling Co. expect to put in a concentrating plant in the spring to treat the ore on the ground.

Schelerville will soon have a postoffice and a general store. Everyone in camp is working.

EXPLANATION.

I have been down with severe cold since last Thursday; hence I have not been able to instruct my classes. Respectfully, JUAN L. REYES.

THE BAPTIST CHURCH.

Baptist Sunday School, at 10 o'clock, a. m. Prayer meeting, Thursday evening at 7:00 o'clock. Preaching the 7th of each month by Rev. R. P. Pope, at 7:00 p. m.

THANKSGIVING SERMON will be preached at the Methodist church at 7:00 o'clock, p. m., Thursday, November 29th. All are invited. Many strangers are coming into this locality from various parts of the country.

PERSONAL MENTION.

Col. Geo. W. Stonerod is in the city.

Dr. Henwood is at Hotel Ozanne.

E. H. Talbot is here today from Jicarilla.

T. C. Jacobs was in the city Saturday from his Capitan ranch.

Geo. L. Ulrich is at Nogal looking after mining interests of which he has control.

Gus Matthews, the Jicarilla pedagogue, spent Saturday and Sunday in town.

N. B. Taylor and L. B. Hurst were hunters in the White mountains last week.

E. Heiniman is in Kansas City, looking after mining interests of Heiniman & Cray.

E. McKeen and William S. Despain were in from Schelerville yesterday.

Paul Mayer and Fletcher Lund returned last night from a hunting trip in the Oscura mountains.

Loyd Hulbert, John Gallacher, Roy Gumm and Fred White slayed a small herd of antelope on their recent hunt.

B. H. Moeller, of the firm of Moeller & Michaelis, of Lincoln, was in White Oaks in the interest of his company yesterday.

Mrs. A. Ziegler returned last week from Trinidad, Col., where she has been visiting for four months with her mother, Mrs. Leon, who is a resident of that city.

W. C. McDonald, so the EAGLE has just been informed, has purchased the ranch, cattle and horses of D. B. Hightower. Included in this sale are about 300 head of graded cattle, and about the same number of stock horses. The consideration was \$10,000.

I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy and find it to be a great medicine," says Mr. E. S. Phipps, of Poteau, Ark. "It cured me of bloody flux. I cannot speak too highly of it." This remedy always wins the good opinion, if not praise, of those who use it. The quick cures which it effects even in the most severe cases make it a favorite every where. For sale by M. G. Paden.

To remove a troublesome corn or bunion: First soak the corn or bunion in warm water to soften it, then pare it down as closely as possible without drawing blood apply Chamberlain's Pain Balm twice daily; rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by M. G. Paden.

W. A. McIver and S. S. Doak, members of the Iowa & New Mexico Mining & Milling Co., of Schelerville, were in the city yesterday. Mr. Doak, who is on the ground to report on the company's properties, is well pleased with the entire Schelerville district, and considers it the greatest mining proposition west of the copper region of the lakes. The history of the camp, the progress of its development etc. will appear in a later issue of this paper.

RAMON ULABARRI STABBED. Yesterday morning Ramon Ulabarrí was stabbed twice in the right side with a long-bladed pocket knife in the hands of one D. Greago, a young fellow who recently came into Jicarilla, from San Miguel county. The fight, in which several men were engaged, took place at Ulabarrí's saloon in Jicarilla, and grew out of the election riot at Robenton, in which some of these parties were participants. Ulabarrí is said to be dangerously hurt. Warrants are out for all who were parties to the battle yesterday morning, and preliminary hearings will be given them before Justice Radcliffe's court in this precinct.

Robt. Stepp, of Clifton, Ariz., has moved to White Oaks and opened a restaurant and bakery one door east of the City Meat Market.

That Thanksgiving turkey is now in the stall.

The weather bureau has been out of order for several days.

Juan L. Reyes has been sick for several days. A severe cold is the trouble.

A party of White Oaks young people spent last Sunday picnicking on the Mal Pais. With plenty of ice and palmleaf fans they managed to counteract the sultry blasts from the subterranean furnaces and had without quite a pleasant time.

The Compromise mine will soon be in operation under the Kansas City company's management. Extensive development work will be done and great quantities of ore blocked out, after which the process of treatment of the ores will be determined. The work will doubtless employ a large force of men.

SAVED HIS SON'S LIFE.

Mr. H. H. Black, the well-known village blacksmith at Grahamsville, Sullivan Co., N. Y., says: "Our little son, five year old, has always been subject to croup, and so bad I've the attacks been that we have feared many times that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance. It seems to dissolve the tough mucus and by giving frequent doses when the croupy symptoms appear we have found that the dreaded croup is cured before it gets settled. There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by M. G. Paden.

MINES AND MINERALS. Is a mining periodical for prospectors, miners, mine officials, mine owners, mining engineers and mining students. It is devoted exclusively to mining and metallurgy. It was established in 1881 and has a larger circulation than any other mining publication in the world. This is due to the fact that it has always been the aim of the editors and publishers to make it the best mining publication. It is in no sense a stock-jobbing, or boom organ, and publishes no articles except those pertaining directly to the mining industry. It is the most practical mining journal in the world, up-to-date and constantly improving. Typographically it ranks with the hand-somest technical publications and is the only mining publication having its own force of illustrators. The best ideas of the leading practical mining men of the world are presented in plain language and can be understood by men whose early education was limited equally as well as by men with college educations. The journal is profusely illustrated and in proportion to its size and quality, at \$2.00 per year, it is the cheapest technical publication in the country. We have arranged a clubbing rate with Mines and Minerals whereby our subscribers can secure the White Oaks Eagle and Mines and Minerals for \$2.50 per year. Subscriptions can begin at any time.

GIGANTIC ENTERPRISE FOR LINCOLN COUNTY.
(Continued from Page One.)

"If there has been any sale of iron lands belonging to the New Mexico Iron Co. I know, nothing of it. I have held a majority of the stock for the past year, and have attempted to make sale of the same, but so far have failed to consummate a sale of any part of it. The parties mentioned in the foregoing article have never consulted me with reference to purchasing any of the lands of the New Mexico Iron Mining Co., nor have they to my knowledge consulted any other member of said company. However, there are other iron lands in the Capitan mountains to which this article may have reference.

"The New Mexico Iron Mining Co. has twenty-one claims of 160 acres each, making a total acreage of 3,360 acres. Large bodies of iron ore have been uncovered, running as high as 57 per cent iron. As a member of this company, I appreciate the investment of large capital in the neighborhood of our company's property, and feel that its value will be greatly enhanced thereby."

THE GOVERNOR'S THANKS-GIVING PROCLAMATION.

Executive Office, Santa Fe, N. M., Nov. 12, 1900. Whereas, the president of the United States has designated and set apart by proclamation Thursday, the 29th day of November, A. D., 1900, as a day of national thanksgiving for the mercies shown to us as a nation during the past year; now, therefore, I, Miguel A. Otero, governor of the territory of New Mexico, in accordance with the suggestion contained in the proclamation of the president, and by virtue of the power conferred on me by law, do also hereby designate and proclaim Thursday, the 29th day of November, A. D., 1900, a legal holiday in New Mexico, and do recommend that this the oldest of American holidays be observed by our people as a day of thanksgiving to God for the manifold blessings He has vouchsafed to us during the last year of the nineteenth century; for the kindly fruits in their season, and our immunity from the disease and calamity which has come to some parts of our union. Let us assemble on that day at our several places of worship and at our homes, and in public service and private devotion thank the Great Giver of all good for His mercy and goodness to us as a people, and individually and earnestly pray for a continuance of that divine favor and guidance which has led us in the past.

On that day let us also remember the needy and distressed and assist them in a tangible way as will best relieve them, and if there are any personal ill feelings between any of our citizens, let each on that day strive to be reconciled with the other, and generally let that day be one of peace, friendship and good deeds.

Done at the executive office in city of Santa Fe, this the 12th day of November, in the year of our Lord one thousand nine hundred.

Witness my hand and the great seal of the Territory of New Mexico on the day and date first above written.

MIGUEL A. OTERO,
By the governor: (Signed),
GROVER H. WALLACE,
Secretary of the Territory of New Mexico.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membranes and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smoke and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial also will be mailed for 10 cents. All druggists sell the Balm, also Ely Brothers, 54 Warren St., N. Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against nasal catarrh and hay fever.

THE GAME LAWS--WHEN TO HUNT.

Hunters should comply with the following legal regulations enacted by the 33rd territorial legislature:

Section 1. That after the passage of this act it shall be unlawful to kill, wound, snare or trap any quail, grouse, prairie chicken, pheasant, partridge or wild turkey or kill, wound or in any way destroy any antelope, deer, elk or mountain sheep, except that said birds or animals, the animals being with horns, may be killed with a gun during the months of September, October and November of each year in the counties of Rio Arriba, San Juan, Taos, Colfax, Union, San Miguel, Gaudalupe and Santa Fe, and during the months of October, November and December in all other counties of the territory, and,

Provided, that no person shall kill or have in possession more than one antelope, elk, mountain sheep or deer at any one time.

Section 6. Upon petition of 25 voters, county commissioners may suspend the restriction as to killing quail.

This applies except as to mountain sheep and elk, which under an act of the 33rd legislature cannot be killed for five years.

SHERIFF'S SALE.

In the District Court, County of Lincoln, New Mexico: Paul Mayer, Plaintiff, vs. Chas. Littell, defendant. No. 1124. Assigned to Paul Mayer: E. G. F. Uebrick, plaintiff vs. Chas. Littell, defendant. No. 1123.

Notice is hereby given, that by authority of the executions (two) issued out of the said court, in the above two causes, and to me directed; commanding me that of the goods and chattels, lands and tenements of said defendant, I do cause to be made, in suit 1123, the sum of \$96.60, and in suit 1124, the sum of \$26.70, including interest and all additional costs to satisfy the said plaintiffs for their said judgments heretofore rendered against said defendant, as set forth in the said writs; and whereas said defendant has not satisfied the said executions or either of them, or any part thereof; I have made levy upon, and taken into my possession, all and every the following Real Estate and premises, situate in the town of White Oaks, in the said county of Lincoln, to wit: all the share, right, title and interest whatsoever of said defendant in and to the Estate of the late William J. Littell deceased, within the said county of Lincoln, as a direct heir thereto, and consisting of the following property: The "He-Horse Lode Claim", mineral survey, New Mexico series, No. 755; The "Empire Lode Claim" mineral survey, New Mexico series, No. 754; The "May Lode Claim", mineral survey, No. 704, all in the White Oaks mining district, and near Baxter Gulch, and lot (5) block eleven (11), lots one and two (1&2) Bk. twenty-four (24) and lot six (6) block forty-one (41), all in the town of White Oaks, in said county, as shown upon the official plat thereof.

Now therefore, to satisfy said demands of said executions, with all additional costs and charges in this behalf, I will expose for sale by public auction, at the said town of White Oaks, at the front door of the postoffice, on Friday, the 23rd day of November, A. D. 1900, at the hour of ten (10) o'clock of the forenoon, and will then and there sell to the highest bidder for instant cash, the whole of the above described share, right, title and interest, which the said defendant has in and to the said properties, or so much and such parts thereof as may be necessary to satisfy the said executions.

Witness my hand this 26th day of October, A. D. 1900.

D. PERRA,
Sheriff Co. Lincoln.
By CHAS. D. MAYER, Dpy. Sheriff.

THE NEW YORK WORLD THIRICE-A-WEEK EDITION.

As good to You as a Daily and You Get it at the Price of a Weekly.

It furnishes more at the price than any other newspaper published in America. Its news service covers all the globe and is equaled by that of few dailies. Its reports from the Boer war have not been excelled in thoroughness and promptness and with the presidential campaign now in progress it will be invaluable. Its political news is absolutely impartial. This fact makes it of especial value to you at this time.

If you want to watch every move of the great political campaign take the Thrice-a-Week World. If you want to keep your eye on the Trusts—and they need watching—take the Thrice-a-Week World. If you want to know all foreign developments, take the Thrice-a-Week World.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year.

We offer this unequalled newspaper and the WHITE OAKS ROUTE together one year for \$2.00.

The regular subscription price of the two papers is \$2.50.
