WHITE OAKS, NEW MEXICO, THURSDAY, JULY, 18th, 1901.

Subscription, \$1.50 a Year.

## TEACHERS' NORMAL INSTITUTE

WILL OPEN AT CAPITAN AUG. 19th, FOR A TWO WEEKS' TERM.

The Lincoln county Teachers' Normal Institute will be held in Capitan, beginning August 19th., and will continue two weeks.

The new school law enacted by the last legislature virtually annuls all teachers' certificates now held, no matter what the grade, so that all who expect to teach in this, or any other county in the territory, must pass an examination as provided by this same new law, and in addition must hold a certificate of attendance upon some Teachers' Normal Institute or summer school.

The law also requires every teacher to pass a medical examination for tuberculosis, for which purpose the Territorial Board of Health has appointed for Lincoln county Dr. Thomas W. Watson of Lincoln. It will be arranged to have the doctor meet the teachers at Capitan sometime during the Institute.

The law requires all teachers to pay for their medical examination and certificate the sum of two dollars.

All who attend the Teachers' Normal Institute will be required to pay a tuition fee of three dollars upon entrance. No extra fees for examination and certificate required.

The Institute will close with the regular Teachers' Examination, on Friday, thirtieth of August, as provided by law.

Examinations for first and second class certificates will be given in the following studies: Reading, writing, spelling, geography, arithmetic, English grammar, United States history, hygiene, and methods of teaching.

Teachers are requested to bring textbooks upon these branches with them to the Institute.

Arrangements will be made by which those who wish to do so may rent rooms and board themselves. All inquiries regarding board and lodging should be addressed to Ira Sanger, Capitan.

LEE H. RUDISILLE,  
Co. Supt.

### A RICH COPPER STRIKE.

A very rich strike of copper ore is reported in the Burro Mt. district near Silver City. The find was made by James & Dawson Merchants of Silver City. The shaft is down 20 feet and the ore runs 75 per cent.

### STAMP TAX CHANGES.

The time is just past when citizens are no longer compelled to use the war tax stamps, except in few instances. Congress has repealed or modified the law requiring the use of the stamps. And since July 1, the use of the revenue stamp in a great many instances has been a thing of the past. In repealing the law, the government has provided for a rebate on all stamps which may have been already affixed to unsold merchandise and to adjust this inequality throughout the land will require several weeks.

THE OLD LAW IS REPEALED ON  
Bank checks, 2 cents.  
Bills of lading for export, 10.  
Bonds, not otherwise specified, 50 cents. (Except as to bonds of

each \$100.  
Proprietary medicines 1/4 cent for each 5 cents.  
Telegraph messages, 1 cent.  
Telephone messages, 1 cent.  
Warehouse receipts, 25 cents.  
The old law is modified on,  
Beer, \$2 per barrel, with 7 1/2 per cent discount, reduced to \$1.60 per barrel, no discount.  
Conveyance, 50 cents each \$500; exempt below \$2500, above \$2500 25 cents for each \$500.  
Legacies. Exclude from taxation legacies for public institutions.

Passage tickets, \$1 to \$5; exempt below \$50 in value.

THE OLD LAW IS UNCHANGED ON  
Bankers' capital and surplus, \$50 for \$25,000, and \$2 for each additional \$1000.

Bonds, debentures, certificates

1/4 per cent gross receipts in excess of \$25,000.

Proprietors of bowling alleys or billiard rooms, \$5 for each alley or table.

Proprietors of circuses, \$100.

Proprietors of theaters, museums, and concert halls, \$100.

Proprietors of other public exhibition, \$10.

Sleeping and parlor-car tickets, 1 cent.

Sparkling or other wines, 1 pint 1 cent; more than one pint 2 cents.

Stockbrokers, \$50.

### OUTPUT OF MINERALS IN NEW MEXICO.

The Engineering and mining Journal in its last issue publishes statistics showing the gold and silver production of the various States of the Union for the past four years. The figures are as nearly as it is possible to make them, but especially in the case of New Mexico, do not give the Territory one-half the credit due it for New Mexico ores are treated in Colorado and at El Paso to a greater extent than at home, and Colorado and Texas receive credit for part of the gold and the silver ore produced in New Mexico. In 1897, New Mexico is credited with the production of \$470,000 worth of gold, in 1898 with \$480,000 worth, in 1899 with \$500,000 worth and in 1900 with \$750,000 worth, standing in that year twelfth among the gold producing States and Territories of the Union, Colorado leading with a production of \$28,762,036 worth of gold and Arizona being credited with a production of \$2,725,000 worth. Of silver, New Mexico in 1897 produced \$209,265 worth; in 1898, \$272,170; in 1899, \$329,690; and in 1900, \$337,755, being eight in the list of silver producing States, Colorado leading with a production of \$12,488,775, and Arizona producing \$1,074,674. As New Mexico is a continuation of the rich mineral bearing Rocky mountain plateau of Colorado, it stands to reason that some day it will equal Colorado as a producer of minerals and that the wealth of the Territory has thus far been merely scratched.

### NOTICE OF SCHOOL ELECTION.

An Election will be held at the EAGLE Office in White Oaks, New Mexico, on Tuesday, July 23, to determine whether or not a five mill levy shall be made for school purposes in School District No. 8, in said county.

A. RIDGEWAY,  
Chairman.

By THOS. H. WALSH,  
Clerk of Board.

## The New Mexico SOCORRO, N. M. School of Mines

FALL SESSION BEGINS SEPT. 9, 1901.

Regular Degree Courses of Study:

- I. Chemistry and Metallurgy
- II. Mining Engineering
- III. Civil Engineering

Special courses are offered in ASSAYING, CHEMISTRY and SURVEYING.  
A PREPARATORY COURSE maintained for the benefit of those who have not had the necessary advantages before coming to the School of Mines.

tuition—\$5.00 for preparatory course; \$10.00 for the technical course.

There is a great demand at good salaries for  
Young men with a technical knowledge of mining.

For Particulars Address

F. A. JONES, Director.

Three Months "..... .75

**THURSDAY JULY 18, 1901.**

The Railway property in New Mexico is said to be worth \$49,000,000 more than assessed value of all New Mexico.

Detroit is going to erect a monument to the memory of ex-governor Pingree. This is a great recognition of the virtues of Michigan's greatest statesman.

Clinton D. Smith, director of the Michigan agricultural college, has been chosen president of the Las Cruces agricultural college.

Lord Wolsley pays the American Army a clever compliment. He says it is the best of its size in the world. He might also have mentioned that its size is whatever the emergency required. N. Y. World.

The fellow who goes into the cattle business with a horse, a rope and a branding iron is the most troublesome menace to the stock interests of New Mexico, and the sooner the knights of the lariat are taught to respect the laws of their country the better for the general interest of the industry.

Ex-Secretary Herbert declares that "the Declaration of Independence does not apply to inferior races over whom we acquire dominion." Our recollection is that the immortal document begins with a reference to "all men," but old documents are getting to be out of date in this days. N. Y. World.

A new city is now being platted on the Rock Island extension. The site selected is 5 miles east of Santa Rosa on the Las L. ros river. The place chosen is said to enjoy many natural advantages which insure its growth and prosperous future. It is on a fertile prairie extending for miles in every direction. There is an abundance of water for irrigating farms and orchards and New Mexico's best cattle country is in that corner of the territory. A name has not yet been selected but as soon as the plats are finished, blue prints will be made and a name agreed upon. The new town is to be at the junction of the Dawson coal branch with the main line, which will enhance the property value of the new city.

**THE INDUSTRIAL SOUTH.**

The striking feature of the Southern Industrial Convention held at Philadelphia last week says the New York World was the sanguine view taken by all the speakers, of Southern industrial prospects.

"The new industrial South is to be greater than the old," was the burden of every address. Our Southern friends pointed with reasonable pride multiplied by three since 1880, so that to-day 40 per cent of the raw cotton manufactured in this country is used in Southern mills. Hoke Smith prophesied that by 1950 the Southern cotton crop would amount to 25,000,000 bales, worth over a billion dollars a year to the planters. Charles Gibson, of Alabama, spoke glowingly of that State's wonderful iron industry, which now has the largest iron industry, which now has the largest iron and steel plants in the country, excepting only the Carnegie plant at Homestead.

It is also worth noting that the convention's most enthusiastic applause was given to speakers who demanded that there be no more delay in building the Isthmian canal. The captains of Southern industry are firm in the conviction that an open door to the Pacific is their greatest need.

**THE PRESS AND THE PULPIT.**

A preacher once said to an editor: "Newspapers dare not tell the truth. If they did they could not live. Your newspaper would be a failure." The editor replied; "You are right, and the minister who will tell the truth at all times about the members of his church, alive or dead, will not occupy the pulpit more than one Sunday; he would have to leave town between two days." This is true—the press and pulpit go hand in hand with whitewash brush and kind words, magnifying little virtues into big ones. The fact is that the press and the pulpit are in partnership in the saint-making business.

No doubt too after the above little conversation, the good minister went away looking very sad and thoughtful, thinking about the wickedness of being truthful, and no doubt the editor turned to his crowding work to tell about the fascinating beauty of the bride, while as a matter of fact she was as ugly as a mud fence, and to speak of the groom as being one of the city's foremost business men.—Ex.

The domestic consumption of copper continues to be large, with the result that prices remain firm at 17 cents a pound. Statistics show that the consumption of copper in the United States is, at the present time, 20 per cent greater than it was a year ago. Besides this, exports of copper from the United States in May exceeded 10,000 tons, while for the preceding month (April) the exports were only 4929 tons.—Alamogordo News.

 Saddles, Harness and Leather Goods. We make a  
 Specialty of Fire Arms, Ammunition and Stock  
 Saddles. All mail orders given prompt Attention.

305 North Oregon St., El Paso Texas.

J. E. Wharton received notice last Monday from the land office at Roswell that the case of Martin McCollony vs. W. C. Cheatham had been ordered back to the local land office for re-hearing. This is a contest involving the homestead entry of Mr. Cheatham at Capitan. The case had been decided against Mr. Cheatham at Washington, when J. E. Wharton was employed by him, and he at once filed a motion for rehearing which has been granted. The case is of more than usual interest because Mr. Cheatham has expended several hundred dollars improving the land, which is also considered valuable.

The boys are talking about a ball game between the White Oaks nine and Nogal.

Look out for the City Restaurant ad in this issue.

### BALL GAME.

A ball game has been arranged between the rail road team at camp 28, and the White Oaks nine, to be played on the 28th. The White Oaks team will give the visiting nine a reception at Hotel Baxter on the night of the 27th. There will be music and dancing and supper in the middle of the program. The rail road team so won the favor of our boys in the game here the 4th, that they desire to give them a good time before they cross bats for the next game.

M. M. Hicks, Lipt Springs, Texas, is in the city. Hicks is here to escape the heat of a Texas climate.

Geo. Lee has been laid up for repairs for a few days. He is going to the mountains for a week's rest and vacation.

### PERSONAL MENTION.

Col. Jewett is here from Capitan.

Jas. Lee and Roy Gumm spent last week in El Paso.

J. E. Wharton went to Capitan and Lincoln on legal business.

Frank I. Marsh and Dr. J. F. Mains were in from Jicarilla Tuesday.

John H. Canning and family, Miss Bessie Reed and Miss Ethel Lund, returned Tuesday from their camping trip in the White Mountains.

T. H. Goodwin, one of the chief promoters of the Oscura mining boom, was in the city Saturday looking after business matters. He has just closed a deal for the purchase of a number of copper claims near the Estey company's plant.

White Oaks has the best hotel accommodations of any town of its size in New Mexico. F. M. Lund, the popular proprietor of Hotel Baxter, which name succeeds that of the widely known Hotel Ozanne, has so succeeded in supplying the wants of transient patronage, as well as local business, that his hotel is being advertised all over the country. It is a model of cleanliness and comfort, and Mr. Lund is a natural courtier in his treatments of guests.

### NOTICE OF INJUNCTION SERVED.

The Apex Gold Mining company has served Thos. H. Walsh with a notice of injunction commanding him not to sell properties of the company under an execution and order of sale granted him by the Lincoln county district court at the April term, and have cited him to appear before the court in chancery at Socorro, August 5th and show cause why if any the injunction should not be granted.

Most of the local readers of the **EAGLE** are acquainted with the circumstances connected with this case, and know that Mr. Walsh has been in the service of this company for something more than two years without having received any payment for his labors. He is now to be put to additional expense and annoyance before he can get possession of the money he has justly earned in the service of this company.

Under the execution and order of sale obtained by him at the April term of our district court, the properties of the Apex Co. were to have been sold to satisfy the amount of judgement on the 19th inst.

### CITY RESTAURANT.

Hotel Lesnet, across the street from the Hewitt postoffice block, has been succeeded by the City Restaurant. Mrs. Jno. A. Brothers is the proprietress and is prepared for a first class restaurant business.

### OF LOCAL INTEREST.

A union of sentiment and a pull all-together would do wonders for White Oaks. Show the fool-killer the fellow who opposes it.

The Schinzing business block is nearing completion and when finished will add not a little to the appearance of that portion of the city.

Elmer Lindsey and Miss Blythe Biggs were married Wednesday evening at 8:00 o'clock at the bride's residence in this city, Rev. L. L. Gladney officiating.

Walter Hyde was here from Three Rivers Monday and informed the **EAGLE** that unless the Three Rivers country gets rain within the next three weeks that stock will have to be moved off the ranges.

Arrangements are under way to incorporate the city, establish fire limits etc. etc. One improvement follows another keep your eye on White Oaks and you will see us grow into a city in the next five years.

The Carrizozo water Co. is now ready to begin the building of water-works. Nothing remains, so the **EAGLE** has been informed but to secure the contracts with those who will agree to patronize the enterprise and the contracts are now being signed by the residents of the city.

S. S. Doak in charge of the Iowa & N.M. Mining and Milling Company's business at Schelerville, his son and daughter, Ralph and Edna, were here Saturday. Mr. Doak had with him a very rich copper specimen taken from a depth of 150 feet on one of his company's claim at Schelerville. The Specimen came from a true fissure vein and runs high in copper and silver.

Good public schools and well regulated churches abound in the west to an extent that would surprise the easterner, who thinks this still to be a country where the wild Indian may be seen riding the buffalo at any old time he chooses; but White Oaks is in this respect much ahead of many of her neighboring towns. We have a modern pulpit and public school advantages equal to anywhere. We can show you if you are from Missouri.

### WHITE OAKS CAMPING PARTY.

The following outing party left here yesterday morning for a three weeks' camp and fish on the South Fork of Ruidoso:

Mr. and Mrs. F. J. Sager, Lorena and Ester Sager, Mr. and Mrs. S. M. Parker, Edith and Marshal Parker, Mr. and Mrs. J. J. McCourt, Benjie and Dorothy McCourt, Mrs. W. C. McDonald and Frances McDonald, Mr. and Mrs. A. Ziegler, Selma and Effie Ziegler, Mr. and Mrs. L. W. Stewart, Mrs. B. F. Gumm, Mrs. F. J. Carpenter, Miss Margie McCourt, Miss Rosa Latham, Miss Mable Stewart, A. P. Green, J. A. Gumm, Lloyd Hulbert, Quill Haley, Roy Gumm, W. L. Gumm, Jno. F. Gumm, M. S. Graves, Rev. J. A. Woods, Albert Leyman, Cook from Tularosa, came in Monday evening and accompanied them as cook for the party.

### JICARILLA RUMBLE.

Correspondence.

Ed H. Talbot is doing the work on the Geneva mining claim situated on the south of the Prince Albert, and has some very good ore. Mr. Talbot is running a cross cut, to cut the lead, and expects to reach it in a week or so.

Mr. Reasoner of White Oaks, is doing some work on his claim on the west of White Oaks Gulch, and has a fine prospect. With a little development work, he can make a mine.

Ed Orthofer of White Oaks, has taken a contract to sink the Old Hickory shaft 100 feet further, it is now down 112 feet, the owners Messrs Taliaferro & Spence expect to make a mine of it. It is located in the Gallina mining district.

Hunter Watson of the Gallinas, spent the day in camp on his way to visit his perants at Alamogordo; he reports everything very dry out his way - not much work going on, on account of water.

Hon. S. C. Wiener chairman of commissioners, and H. C. Crary of White Oaks, spent the day, Sunday, looking over the camp, and enjoying our fine climate and green mountains.

We had two very fine showers here last week, which cooled off the atmosphere some what, making everything look fresh and green. Cattle - in fact all kinds of live stock, are doing very well on the ranges. An electric storm accompanied the rain Sunday night.

The camp is taking on a small boom. Sam McFadden has built a new house in Spilkeville which he uses for a residence and saloon - so a tired man can get a place of rest, as well as refreshments.

E. L. Ozanne is running his stamp mill with very good success; he has quite a lot of very fine ore, running up into the hundreds; with a little work he will have a mine second to none in Lincoln county; the ore is gold in free milling quantities, and copper, which will pay to ship; and is easy of access, and about 4 miles from the Chicago & Rock Island railway.

A S. Greig Gen'l Supt. and Traffic Manager of the El Paso & North Eastern, and El Paso & Rock Island R. R. was in the camp a day last week, looking after the water interests of the road. He seemed very well pleased with the outlook, and the road may sink a well and pipe the water via White Oaks to Carrizozo station, a distance, of about 17 miles south; water will have to be forced up to the top of the divide, about 3 feet; from there it will run through without a stop, and on schedule time. Also may run a pipe line to the mouth of ancho Gulch, about 9 miles north, and with two lines,

they can furnish the road for about 150 miles with, plenty of good water for engine and domestic uses.

Mrs. Jane Galacher Miss Malcomb, Harry Gallacher and Miss Florence Wharton spent the day visiting in Jicarilla last Saturday.

### NOTICE.

This 11th day of July, A. D. 1901, at 7 a. m., arrived at this place from Capitan Mountains in the Arryo Encinoso, about five miles from Richardson, five Chestnut Sorrel Mules with this brand O and a black mule with the brand "circle O" and a Colt about one year old with this brand one "M and O connected at the bottom. Proof of ownership, and pay for this advertisement is all that is required of the owner.

TEOFILO ZAMORA.

### Order a \$10. Single Buggy Harness

Made by S. L. Hughes, El Paso, Texas. They have flexible Saddle that will not hurt. They are neat and Strong. They will wear 10 years, and are shipped subject to examination.

They can be returned at my expense if they do not suit.

All Kinds of Saddlery Goods.  
Made to Order.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial also will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N. Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

## MARLIN

INTEREST is being displayed in the use of smokeless powders and jacketed bullets in large calibre rifles. A .55 calibre bullet weighing 500 grains gives a shock to large game that the small game can not stand. The smokeless powder is not always to be depended on. The Marlin Model 1895 Repeater has "Special Smokeless Shot" barrels. For up-to-date information see our catalog. Mailed for 2 stamps.

**PETITION FOR DISCHARGE OF BANKRUPT.**

Territory of New Mexico, County of Lincoln. In the matter of Thomas G. Boone, Bankrupt. In the District Court. To the Honorable Daniel McMillan, Judge of the District Court of the United States for the District of New Mexico: Thomas G. Boone of Nogal, in the County of Lincoln, and Territory of New Mexico, respectfully represents that on the 5th day of September, A. D. 1899, he was duly adjudged a bankrupt under the acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all of said acts and the requirements thereof, and with all orders of the court touching his bankruptcy. Wherefore he prays that he may be decreed by the Court to have a full discharge from all debts provable against his estate under said bankruptcy acts, except such debts as are excepted by law from such discharge. Dated this January 30th, A. D. 1901. (Signed) THOS. G. BOONE, Bankrupt. J. E. Wharton, White Oaks New Mexico, Bankrupt's Attorney.

**ORDER OF COURT.** In the matter of the Voluntary Bankruptcy of Thomas G. Boone. No. 52. It is ordered by the Court that a hearing be had upon the petition of said bankrupt for discharge on the 2nd day of September, A. D. 1901, before this Court, at Socorro, in said District, at 10 o'clock a. m. of said day; and that notice thereof be published in some newspaper of general circulation published in this District, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted. And it is further ordered by the Court that the Clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated. Dated May 27th, A. D. 1901.

**PETITION FOR DISCHARGE OF BANKRUPT.**

Territory of New Mexico, County of Lincoln. In the District Court. To the Hon. Daniel McMillan, Judge of the District Court of the United States, for the Fifth Judicial District of New Mexico, in and for the County of Lincoln. Comes now William M. Reilly, of above County and Territory, and respectfully represents to the court, that on the 5th day of July, 1900, he was duly adjudged bankrupt under the acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all of said acts and the orders of the Court touching his bankruptcy. Wherefore he prays that he may be decreed by the Court to have a full discharge from all debts provable against his estate under said bankruptcy acts, except such debts as are excepted by law from such discharge. Dated March 16th, 1901. (Signed) WILLIAM M. REILLY, Bankrupt. By J. E. Wharton, White Oaks, N. M., Attorney for Wm. M. Reilly.

**ORDER OF COURT.** In the matter of the Voluntary Bankruptcy of William M. Reilly. No. 65. It is ordered by the Court that a hearing be had upon the petition of said bankrupt for discharge on the 2nd day of September, A. D. 1901, at Socorro, in said District, at 10 o'clock a. m. of said day; and that notice thereof be published in some newspaper of general circulation published in this District, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted. And it is further ordered by the Court, that the Clerk send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated. Dated May 27, 1901.

**MUCH READING FOR LITTLE MONEY.**

The New York World has got the cost of printing down to a minimum. Its latest offer of its monthly newspaper-magazine is interesting if from no other cause than that it shows the acme of "how much for how little."

The Monthly World is a 32-page magazine with colored cover. Its pages are about the size of the pages of the Ladies' Home Journal, and it is copiously illustrated in half-tone. The illustrations are the result of the best artistic skill, aided by all the latest printing-press appliances, making a magazine unrivalled in the quality of its contents and its appearance.

Each issue contains stories of romance, love, adventure, travel; stories of fiction and fact; stories of things quaint and curious, gathered together from all over the world; the results of scientific research and editorial reviews. It numbers among its contributors the leading literary men and women of the day.

A feature each month is a full-page portrait of the most famed man or woman of the moment in the public eye.

In collecting and preparing for publication the literary matter and art subjects for the Monthly World no expense is spared.

The New York World will send six numbers of this newspaper-magazine on receipt of fifteen cents in stamps. Address The World, Pulitzer Building, New York.

**Nasal CATARRH**  
In all its stages there should be cleanliness.  
**Ely's Cream Balm** cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.  
Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Drug Store or by mail; Trial Size, 10 cents by mail.  
**ELY BROTHERS, 86 Warren Street, New York.**

The enterprising commercial Yankee has so dug into the European trade that the nations of the old world are becoming alarmed, and a pool of commercial interests is being planned to enable them to compete against us. There is one thing peculiar about this country, that is, that our manufacturers can export their finished products to foreign countries and after paying ocean freight sell them cheaper to the foreigner than to the people at home. They even undersell the products of the pauper labor of the east and cripple the manufacturer of European nations by successfully competing with him at his own door.

Mailed advice received in this city says that the Rock Island has already reached Middlewater, N. M., forty-two miles from Red River, and that river will have been reached by the middle of August. Already the Rock Island has its agents in Mexico establishing shipping agencies and preparing to handle a great volume of business from that source. They say they will be able to handle freight by the first of January, 1902.

The El Paso Industrial Record is taking rank among the mining publications of the country, and New Mexico is not being forgotten by the publishers. It is full of interesting information for mining men and investors, and last and by no means least, it is reliable and exhaustive. The mining industry of New Mexico should give the Record its unqualified support.

Many deaths are reported in the east from sunstroke and from the effects of the intense heat. The mountains of New Mexico are a panacea of rest and shade and nobody suffers from either extreme heat or cold.

**BIDS FOR COURT HOUSE REPAIR.**  
Sealed proposals for bids will be received by the Board of County Commissioners of Lincoln County on August 29, 1901 at 10 a. m. for necessary repairs on the Court house, to wit:

A shingle roof, a new floor to be placed in the court room upon the old floor with two inches of mud to deaden noise; also to raise two doors; also to have a cupola or ventilator on top of said roof, with an opening above of 4x4 ft.; and also a rough board ceiling and new porch in front with stairway; and the Board reserves the right to reject any and all bids.

Done at Lincoln, N. M., July 10, A. D. 1901.

**FROM ANGUS.**

[Bonito Valley Items.]  
Correspondence.

The usual amount of work has been carried on in our mining operations. J. M. Rice and wife are expected back this week. The Parsons and Rialto group of some fifty claims represent a considerable investment, and a large plant is needed to work the claims economically.

J. H. Canning and family who have been outing on the eastern slope of the White Mountains for the last couple of weeks have returned to White Oaks.

Dr. M. G. Paden's family are now on the upper Ruidoso, enjoying their annual outing. These independent family outings have some advantages over large crowds. Both of these families favored the Willows with a visit and inspected the fruit possibilities of Bonito Park.

**SUMMER ROUND-UP ENDED.**

Bud Smith came in from the round-up at Red Lake yesterday. He informs us that the work ended there Manday, and that the Carrizozo company started to Roswell with something over 1,200 head of steers, 1s and 2s, which they will ship from that point to eastern markets.

**A REUNITED COUPLE.**

Frank H. Parrish and wife resided in Galveston when that awful destruction of life and property occurred in that city last September. Their house was swept away and they were lost to each other. Mrs. Parrish was caught not over a block from where the house stood and was rescued, much bruised and hurt. Mr. Parrish was carried clear across the bay and lay insensible in the house of his rescuer, a farmer, for six weeks. The wife supposed the husband was drowned and left for Tennessee where she had a relative. Mr. Parrish hunted for his wife a while and then went to Lincoln county, N. M., to visit a brother. He went to Roswell on business last Saturday and there met his wife on the street, she having come to that city with a young lady friend who is teaching school in Otero county. He grabbed her and scared her nearly to death, but when she recognized him she joined in the squeezing match. It was a meeting of the happiest sort which is beyond description. They left for Lincoln county to make their home on a ranch.

**SHERIFF'S EXECUTION SALE.**

George W. Pritchard, Plaintiff vs. The Rip Van Winkle Gold Mining Co., Defendant. 1172.  
Notice is hereby given that by virtue of an execution issued out of the Lincoln District Court, of the Fifth Judicial District, Territory of New Mexico, in the above entitled cause in which George W. Pritchard on the 9th day of June, A. D. 1899, recovered judgment against the defendant Company a corporation for the sum of Eight Thousand Five Hundred Dollars, (\$8,500.00) together with interest at six per cent. per annum from the 1st day of July, A. D. 1899, and cost of suit; I did on the 3rd day of July A. D. 1901, levy upon and will at the hour of 10 a. m. on the 14th day of August A. D. 1901, in front of the post office at the town of White Oaks, Lincoln County, New Mexico, expose at public sale, and will sell to the highest bidder for cash, the following described mining claims, and real estate, the property of said defendant Company, or so much thereof as may be necessary to satisfy said judgment, together with all accrued interest and cost, and cost of sale, viz: All the land and improvements contained in mineral entry No. 26, Lot No. 934, known as the Rip Van Winkle Lode Claim, in Sec. 25, township 6, S. R. 11, East; also all the land and improvements contained in mineral entry No. 27, Lot No. 933, known as the Comstock Lode Claim in Secs. 25, and 26, in township 6, S. R. 11, East, together with all fractional interest contained in original locations, said tracts being situate in the White Oaks Mining District, Lincoln County, New Mexico, and I will make to the purchaser thereof, a sheriff's deed therefor.

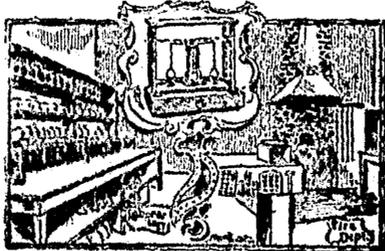

ALFREDO GOZALEZ, Sheriff.

By Charles D. Mayer, Deputy Sheriff.

**A GREAT NEWSPAPER.**

The Sunday edition of The St. Louis Republic is a marvel of modern newspaper enterprise. The organization of its new service is world-wide, complete in every department; in fact, superior to that of any other newspaper.

The magazine section is illustrated in daintily tinted colors and splendid half-tone pictures. This section contains more high-class literary matter than any of the monthly magazines. The fashions illustrated in natural colors are especially valuable to the ladies.

The colored comic section is a genuine laugh-maker. The funny cartoons are by the best artists. The humorous stories are high class, by authors of national reputation.

Sheet music, a high class, popular song, is furnished free every Sunday in The Republic.

The price of The Sunday Republic by mail one year is \$2.00. For sale by all news dealers.

The respective capacity of the worlds three largest churches is as follows; St. Peter's at Rome will seat 45,000; Milan cathedral, 30,000; St. Paul's, London, 25,000.

The cattle and House protection Association of central New Mexico will convene at Magdalena, N. M., Aug. 6th, 1901. All Stockmen interested in the industry in New Mexico, or elsewhere, are requested to be present.

Four thousand men will be engaged in building the Underground railway in New York City. Two shafts have gone down, one 100 feet and another 121 feet, each 31 feet in diameter. Compressed air is forced through six inch pipes to all the underground workings to drive the drills. This work when finished, it is said, will be the greatest engineering feat of the age.

John C. Bonnell, editor of "Western Trail," a magazine published in the interest of the Rock Island road is in the Sacramentos photographing scenery for the Rock Island people. The editor is a brother of Ed R. Bonnell who died here 5 or 6 years ago. He intends visiting White Oaks before he returns to Iowa.

Rich Nitrate deposits have been discovered recently in the Mohave desert. The finds are along the line of survey of the new rail road now building through. Many locations have been made by capital from San Francisco and Los Angeles. It is truly a great country where the barren wastes of our uninhabited deserts promise to add millions to the wealth of its inhabitants.

The Las Vegas Record, has suspended publication as a daily. This is as every body expected when Mr. Manning began to throw his glarring headlines to the public. The newspaper as "Manning would, edit it," is a failure, particularly when its competitor is such a journal as the Las Vegas Optic.

**NOT PLEURO-PNEUMONIA.**

Some days ago some fine, blooded cattle on the farm of W. G. Urton, four miles from Roswell, were taken sick with a very peculiar disease. The local veterinarians could not diagnose the disease, and called on the Territorial cattle sanitary board. J. A. La Rue, secretary, called on C. L. Ballard, who lives there to have the local physicians and the veterinarian examine the case and get their verdict. This was done, and the disease was pronounced pleuro-pneumonia, a very fatal, incurable disease, which the government has spent hundreds of thousands of dollars to stamp out, and which has not been known in the country for the past ten years.

The board was not satisfied however, and telegraphed Col. Albert Dean, in charge of the Kansas City office under the bureau of agriculture, to send a competent man to investigate the disease. This was done and Secretary LaRue and Col. E. G. Austen went down from here and with W. C. Barnes and C. L. Ballard, held a meeting of the board at Roswell. Investigation proved that Mr. Urton had kept his cattle on salt grass all spring and then turned them on alfalfa and they had overeaten. Only one of his fine blooded cows had died, but he had lost several steers and calves, making the total killed about eleven.

It was a great relief to the board to find that the cases were not pleuropneumonia, for had it been that dread disease all Europe would have been quarantined against American cattle in less than twenty-four hours. The following letter was sent to the board by the expert sent out from Kansas City:

U. S. Department of Agriculture  
Bureau of Animal Industry,  
Local Office.

Roswell, N. M., June 23,  
1901. To the Hon. N. M. Cattle  
Commission:

Gentlemen: In pursuance to a telegram from the Hon. J. A. LaRue, to Mr. Albert Dean live stock agent in charge, I was authorized and directed to proceed to Roswell, N. M., and make investigation of a reported outbreak of "pluro-pneumonia" among the cattle of W. G. Urton, four miles northeast of Roswell, N. M., I made a careful examination of said cattle on the afternoon of June 22nd, and forenoon of June 23, 1901, and found no disease of contagious nature among them. The herd consists of 180 breeding cows; calves and bulls, ninety-four of which were bought from Moore & Michiver and shipped from Canyon City, Texas, arriving at Roswell, N. M., Sept. 25th 1900.

Very Respectfully,  
N. B. ADAIR,  
Inspector B. A. I.

**A STAY OF EXECUTION.**

A TELEGRAM from U. S. Bate-man, from Santa Fe, conveys the information that taxes will not be treated as delinquent this year until the first day of July as heretofore. A law passed by the last legislature changed the date from July 1st to June 1st., but it is evident that the authorities at Santa Fe have heard from the forks of the creek, and so have decided not to affix a penalty this year according to the tenor of the new law. It is the general opinion that it is an "ex post facto" law in any event, and would not hold in the court. As the matter now stands no taxpayer in Eddy county has been prejudiced in the matter, owing to the generosity of Mr. Walker, collector and treasurer, who declined to collect the penalty, but arranged to pay it from his commission as such official.—Carlsbad Current.

**"THE KNOCKER."**

The "Knocker"—he is a hindrance to any community. If he sees a fellow townsman making extra pennies, it hurts him. If any enterprise is nearing success he will throw all the cold water he can. He prefers the conditions of 25 years before to the present, and received the title of moss-back for this proclivity, and is very apt to be a "knocker". One favorite stamping ground for this monstrosity is in a mining camp. There his fine Italian hand is ever in evidence. Should a man of means ride into camp looking for investment the "knocker" is quite apt to pose as a mining expert, and will unsolicited give a verbal report on any property in the district, and always adverse, unless it is his own and the length of it is modified only by the physical constitution of his victim. "Queering" is one of his fine accomplishments. The "knocker" is not a new species but an old species renamed. His counterpart is found in the bible and will probably be recorded in the death records of the next century. To one division woman's virtue, man's integrity, and the brotherhood of man are nil quantities in his mind.

The knocker class is diversified; he is found to have developed from various conditions, but it is devoutly hoped the ultimate condition of all "knockers" may be uniform and the same.

The "Knocker" he is a bird—distinctly of prey and carrion, and therefore should be shot.—Exchange.

Las Vegas is making a pull for the Dawson extension of the Rock Island, and Vegas generally pulls pretty hard on a business proposition.

Contracts have been let for \$12,000 additional improvements in the Alamogordo rail road shops.

**THE NEW YORK WORLD****THRICE-A-WEEK EDITION.**

The Most Widely Read Newspaper in America.

Time has demonstrated that the Thrice-a-Week World stands alone in its class. Other papers have imitated its form but not its success. This is because it tells all the news all the time and tells it impartially, whether that news be political or otherwise. It is in fact almost a daily at the price of a weekly and you cannot afford to be without it.

Republican and Democrat alike can read the Thrice-a-Week World with absolute confidence in its truth.

In addition to news, it publishes first-class serial stories and other features suited to the home and fireside.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year and this pays for 156 papers. We offer this unequaled newspaper and WHITE OAKS EAGLE together one year for \$2.00.

The regular subscription price of the two papers is \$2.50.

When Richard Harding Davis returned from the Transvaal he told an amusing story of the late Adelbert S. Hay. It seems that the Boers were in the habit of coating the ends of their bullets with a kind of grease to keep them from splitting in the barrels. After a time the grease took on an emerald hue. Some British soldiers found a number of the projectiles, and immediately the story went abroad that the Boers used poisoned bullets. Consul Hay happened to go into a British tent where some of the bullets were being examined. He asked to see one of them. When it was handed to him he smelled of it. "Why these must have fallen into a pudding by mistake," he said; "They're flavored with wintergreen." Saying which he licked off the green coating with apparent relish. And that ended the story of Boer barbarism.—Albuquerque Citizen.

**FOURTH OF JULY PARDON.**

Governor Otero, in accordance with an annual custom, on July 4th, pardoned one of the convicts at the penitentiary whose record has been exemplary. The fortunate convict was G. R. Chisum, of Lincoln county serving a fifteen years' sentence for murder. He already served eight years and four months of this time and was considered the most exemplary prisoner at the penitentiary.—Albuquerque Citizen.

**E. E. BURLINGAME & CO.,  
ASSAY OFFICE AND CHEMICAL  
LABORATORY**

Established in Colorado, 1866. Samples by mail or express will receive prompt and careful attention. Gold & Silver Bullion Bought and Assayed OR PURCHASED. Concentration Tests—100 lbs. or car load lots. Write for terms & 1736-1738 Lawrence St., Denver, Col.

**TWICE-A-WEEK REPUBLIC.**

Every Monday and Thursday a newspaper as good as a magazine—and better, for it contains the latest by telegraph as well as interesting stories—is sent to the subscriber of the Twice-a-Week Republic which is only \$1 a year.

The man who reads this paper knows all about affairs political, domestic and foreign events; is posted about the markets and commercial matters generally.

The woman who reads the Republic gathers a bit of information about household affairs and late fashions and recreation in the stories that come under both the headings of fact and fiction. There is gossip about new books and a dozen other topics of especial interest to the wide-a-woke man or woman.

**THE EAGLE'S CLUBBING RATES.**

To subscribers paying one year in advance for the EAGLE the following clubbing rates are offered:

EAGLE and Thrice-a-Week World	\$2.00
" " St. Louis Republic	2.00
" " Industrial Record	2.25
" " Mines and Minerals	2.50
" " Daily Mining Record	4.00
" " Cosmopolitan	2.10

This offer applies to old subscribers renewing their subscription to the EAGLE and paying one year in advance; also to new subscribers paying one year in advance.

The regular subscription to these papers is largely in excess of the clubbing rate given above, and any one desiring to secure two papers (the EAGLE and any one of the others named) for a little more than the price of one should take advantage of this liberal offer.
