NEW MEXICO MINES and PROSPECTS.

What the Industry Is Doing All Over the Territory.

Silver City, N. M., Sept. 24.—Grant county covers the big and rich southwestern corner of New Mexico. It is 114 miles long, eighty-one miles wide, and has an area of 9,234 square miles. The county has been the banner mineral county of New Mexico.

The mines of this county include the great names of Santa Rita, Hanover, Firro, Pinos Altos, Black Hawk, Burro and Cook's Peak, together with scores of others of only less mining note. The Santa Rita constitutes the largest copper deposit in New Mexico, the copper being of nearly all varieties, with carbonates, oxides and native copper predominating at present. The property embraces an area of one square mile and is owned by the Amalgamated copper company, the purchase price from the Hearst estate being \$1,400,000. A ninety-ton reduction plant has attached to it a sulphuric acid leaching process which enables the saving of all ore grades down to 1½ per cent. In addition to its own mining operation the company has an extended and active leasing system which is giving work and wealth to many miners.

The noted Hanover copper mine has lately been purchased by Phelps, Dodge & Co., together with several other neighboring copper properties—a probable total of \$1,000,000 being invested. The Hanover is a twenty-acre patented claim and during four months in 1898 produced and marketed 6,000 tons of copper ore running from 12 to 28 per cent. Between 15,000 and 20,000 tons of 7 per cent ore are now blocked out, together with a large amount of higher grade of copper. The mine is the best developed property in Grant county. While the company is reached by Santa Fe rails, the Phelps, Dodge people will probably build a branch railroad to it.

The Colorado Fuel and Iron company investment at Firro is said to approximate \$2,000,000. Some 600 tons of this copper-iron ore are now shipped daily to the company's Pueblo plant—figures which are soon to reach 1,000 tons per day. The ore is iron-copper and silver and is an excellent

flux in addition to its steel and bullion values.

In the Santa Rita district J. R. McKinnie and other Colorado operators and capitalists are completing the patenting of a big copper group and will extensively develop the properties in both mining and reduction directions.

IN AZURE SETTING.

The name of the Gem City, so often given to Silver city, comes from proximity to the celebrated turquoise mines of the Burro mountains. These mines were discovered ten years ago by W. M. Porterfield and N. C. Ransom, who were the original locators of the famous Azure group whose marketed jewels count their values in the millions of dollars.

The largest individual turquoise supply in the world comes from the Burro mountains—a supply which is, also, of the greatest market values—this New Mexican turquoise always retaining its pristine color and luster, while the Persian gem frequently pales and dims with use. The turquoise is the "good luck" gem of the precious stones and its now steadily growing popularity and value insures both added fame and financial return to the jewel of Silver City's azure setting.

The Burro mountains are also the scene of extensive copper investment and operations, the present most noted properties being the big St. Louis and Calwell mine, owned by Boston capital; the rich sulphide copper deposit of the Sampson group—lately purchased by an English syndicate, and the Burro Chief mines, just sold to New York capitalists, who will put in a concentrating plant and additional reduction process of sufficient capacity to meet the ore demands of the entire district.

The Pinos Altos district is still the crack gold producer of New Mexico, and is steadily adding to its golden repute. The Hearst mine has largely increased its milling capacity and is cleaning up from \$1,200 to \$1,500 per day from \$25 and \$40 ore. The great Mountain Key property has finally escaped from the meshes of litigation and is again busy with every prospect of speedily swelling its already recorded production of \$500,000 to a round million.

Pinos Altos has, also, rich lead deposits now being worked by Chicago people. The district, in addition, is opening up fine marble and onyx quarries.

ENGLISH AND SCOTCH MONEY.

The Clifton Copper company, the great English and Scotch syndicate of Clifton, Ariz., has made its bow in Grant county with a \$250,000 copper and reduction capitalization, the local official headquarters of the Clifton people being at Deming, Luna county. The milling plant put in here by the Clifton company is one of the finest in the southwest.

The famous Black Hawk boasts the most wonderful silver ore vein in the world—a vein which has produced ore lacking but 5 per cent of being solid silver, a single carload selling for \$30,000. The ore in the Black Hawk, now known as the Alhambra, occurs in pipes or shoots, the native silver carrying no base metals whatever, and present at the shaft depth of 265 feet the same general ore values of within thirty-five feet of the surface values, ranging from 400 to 16,000 ounces. The total production of the property has been over \$500,000. It is now idle.

One of the promising properties of the county is comprised in the Silver Cord group, owned by R. T. Allen, a former well known Northern Colorado, mining and newspaper man. The Silver Cord is located in the Pinos Altos district and has a total of 240 feet shafting, with three and five feet between walls of ore running as high as 100 ounces in silver and \$2 to \$8 in gold.

The Santa Fe railroad has proved one of the great factors of present Grant county mining development, having a perfect network of branch roads in active operation.

The Silver City reduction works, located at Silver City, have a present capacity of 250 tons per day—a capacity to be increased to 450 tons—the great area and safely developing values of the Silver City mining district, moreover, fully justifying the prediction that the next five years will see these reduction works advanced to a daily capacity of 1,200 tons.—Denver News.

ACTIVITY IN THE ORGANS.

Carloads of Mining Machinery and Supplies
Passing Through Las Cruces.

Las Cruces, N. M. Sept., 26.—A good deal of money is being spent in our mining camps, especially in the Organ mountains. Within the past six months seven carloads of mining machinery have passed through Las Cruces,

for mines tributary to this town and five carloads more, that I know of, are on the way, or ordered. In addition to this machinery, ten carloads of mining supplies, timbers, etc. have been shipped into Las Cruces, within the past two weeks. The properties in the Organ mining camps all look very promising and much work is being done. The outlook for the coming year is very bright and prosperous times are ahead for the Mesilla Valley.

GUANO DEPOSITS OF NEW MEXICO.

More guano deposits have been discovered in southern New Mexico in addition to those near Lava station, in Dona Anna county. One of the new caves is in the Tres Hermanos country, and was the hiding place of the Indian Chief Victorio when he was on the rampage in New Mexico. What is more peculiar still is that the cave is situated in a mountain of marble which is bound to be of commercial value some day. The cave is not more than six miles from the El Paso Southwestern railroad or Bisbee line. The cave has been located by E. A. Chaffee of Las Cruces, who with Lewis Goodman of La Mesa, also owns a large marble deposit in the Portrillo range, about three miles from the proposed Bisbee line. A company is being organized to work these properties.

COAL IN SOCORRO COUNTY.

It Exists in Vast Quantities in Western
Socorro County.

Benjamin Crawford and Dell M. Potter have returned to Clifton, from a three weeks' trip through Socorro county in New Mexico, and Apache county in Arizona, along the line of the proposed Durango and Clifton railway. They were after coal and found it in apparently inexhaustible quantities in veins from four to eight feet thick. They located 2,500 acres of coal land and also a number of other valuable mineral claims. While in Socorro county they visited the celebrated salt lakes, one of which exists in the crater of an extinct volcano. The water is as clear as crystal and many times stronger than the water of the ocean as far as salt contents are concerned. The United States government survey has taken soundings in the lake to the depth of 6,600 feet and found no bottom. They dug up some ancient pottery of Aztec origin from ruins along their route of travel.

PAUL MAYER, PROPRIETOR.

PERSONAL MENTION.

Frank I. marsh is in the city
 this morning from Jicarilla.

L. H. Rudisille and wife enter-
 tained Wednesday evening.

W. A. Mc Ivers of Nogal is reg-
 istered at Hotel Baxter.

Sam Neid the contractor in now
 rushing work on his new residence

Mrs. M. H. Koch and children
 returned Tuesday from an extend-
 ed visit among relatives in New
 York.

Mr. and Mrs. J. Y. Hewitt gave
 a dinner party in honor of Mr.
 and Mrs. W. H. Tuttle Tuesday.

P. G. Peters and father, W. S.
 Peters, were in the city yesterday
 en route to Jicarilla to look after
 mining interests.

Col G. W. Stoneroad was a
 pleasant caller at the EAGLE of-
 fice. He made us happy by re-
 newing his subscription to the
 EAGLE.

The EAGLE is much indebted
 to Mr. and Mrs. A. C. Austin of
 Angus, for a basket brim full of
 luscious fruit for the editor's better
 half.

Miss May, sister of Silas May,
 and Miss Myrtle Hightower are
 over from Nogal, and will attend
 school here this year.

John Gallacher returned Tues-
 day from a months trip east. He
 reports having had a good visit
 among relatives in Illinois where
 he spent most of his vacation.

W. H. Lumbley, representing
 the Singer manufacturing com-
 pany is in the city today. Mr.
 Lumbley is one of the most active
 representatives in the service of
 the Singer company.

Rev. J. F. Wood, the able min-
 ister of this Baptist church for a
 year preceeding Rev. Pope's ap-
 pointment, left this morning to
 enter upon a new charge to which
 he has been elected in Oakland,
 Californai.

Mr. and Mrs. A. C. Austin are
 in the city today from the Willows
 farm. Mrs. Austin will remain
 for a two weeks visit with her
 daughter, Mrs. Wallace Gumm.
 Mr. A. brought in fruit from his
 Bonito Park orchard. His orchard
 is just now coming into bearing,
 and is said to be the finest in the
 territory.

Mr. and Mrs. Serrano of Boston
 were in the city last week, guests
 of H. Crary and wife and Wm.
 Watson and wife. Mr. Serrano
 is a mining engineer of ability,
 graduate of the Colorado school
 of mines and of the school of min-
 es and metallurgy at Scranton,
 Pa. He was here in the interest
 of Boston capital, and was more
 than pleased with the results of
 his ten days exploration of the
 resources of the camp. Mr. and
 Mrs. Crary took them to Estey
 City monday.

OF LOCAL INTEREST.

The entertainment on Tuesday
 night at the Congregat'l church
 given by Mrs. W. H. Tuttle of
 El Paso, was a splinded success;
 the audience large and appreci-
 ative. Mrs. Tuttle was superb.
 Her rendering of the various se-
 lections marked her as an elocu-
 tionist of rare ability. She was
 tragic, pathetic and humorous,
 and equally strong in each. Her
 acting was without affectation
 and her versatilty remarkable.
 In dialect parts she is equally good
 in classic English, Irish or Etheo-
 pean. The people who heard her
 Tuesday night will long remem-
 ber the delightful evening they
 enjoyed because of her visit to
 our city. The musical part of
 the program was also much enjoy-
 ed and received well earned and
 hearty applause. While we give
 our hearty praise and express our
 delight to Mrs. Tuttle, we also
 give due meed of praise to our
 home talent, our inimitabe Etheo-
 pean imitator with his goo goo
 eyes, and his musical friends,
 Prof. Juan L. Reyes, Mrs. A.
 Ziegler, Miss Lorena Sager, Miss
 Margie McCourt, Roy Gumm and
 Clifford Hulbert. There was no
 breach during the entire evening
 it was all delightful.

ESTEY CITY MARRIAGE.

Ananias Green and Miss Mittie
 Cox were united in marriage at
 Estey City Sunday afternoon at 5
 o'clock p. m., Rev. J. F. Wood of
 this place officiating. The cere-
 mony was performed on the big
 platform of the supply store of
 the Estey Mining & Milling Co.,
 in the presence of almost the en-
 tire population of the new town.
 J. M. Bryson was master of cere-
 monies and the program was pret-
 ty and appropriate. The bride
 and groom are held in high es-
 teem by the people of Estey City.
 A supper and reception was given
 them by D. M. Estey at the com-
 pany hotel; forty-five guests were
 seated at the sumptuous board, and
 the event of the first wedding in the
 new and prosperous town of Estey
 City was appropriately celebrated.

Mr. Green lives at Tularosa and
 is a young man of prominence in
 his community. The bride is the
 daughter of I. R. Cox, who is one
 of the largest stock holders in the
 San Antonio copper company rep-
 resented by Judge Paskel of San
 Antonio Texas. Mr. Cox resides
 at Estey City and is his company's
 general superintendent.

The EAGLE joins the multitude
 of friends of these young people
 in wishing them a happy union
 forever.

Joshua Richardson of Colorado
 Springs, and Warren Givens of
 the same city are in the town this
 morning en route to Jicarrilla to
 begin assessment work on Mr.
 Richardson's properties.

SCHELERVILLE MINES.

S. S. Doak, superintendent of the Iowa & New Mexico Mining & Milling Company's properties at Schelerville, was in the city on a hurry-up business mission Monday. Mr. Doak informs the EAGLE that his company contemplates putting in air drills, compressors and steam hoist at the Schelerville group and that as soon as such equipment can be placed the shaft of the Homestake will be put down several hundred feet and development work pushed to the limit. Good ore and a well defined vein of copper lead and silver now shows up at a depth of 150 feet and it is the company's intention to hurry development until the mine can be listed as a producer.

The EAGLE would like to see more such enterprising communities in Lincoln county. We are rapidly forging to the front as a mining country; we are also rich in stock, agricultural and horticultural resources and are rapidly getting rail road facilities to aid in all kinds of industrial development. Lincoln county is a good country for capital seeking profitable investment.

MISS LEONA RUDISILL MARRIED.

A pretty romance was brought to happy conclusion this forenoon by the marriage of Elias Spear, an employe at the New Mexico penitentiary, to Miss Leona Rudisill, the pretty and charming sister of Mrs. W. E. Martin. The ceremony was performed by Justice of the Peace Francisco Analla, and the witnesses were Geronimo Pino and Genovevo Sandoval. Santa Fe New Mexican.

Miss Rudisill was raised in Las Cruces, and received her education here. Her many friends extend congratulations. — Dona Ana County Republican.

FROM ANGUS.

[Bonito Valley Items.]

Correspondence.

J. P. Perry, a newcomer from Texas, has purchased the Parker place and is putting it in prime order.

E. S. Long's place next above Mr. Perry's, has a variety of fine crops that evidently have been planted and cultivated by an artistic hand. This slicking up of our valley shows our people believe that we have a future and that life is worth living in this scenic dale.

J. H. Bunell's son, Charles, accidentally shot himself in the shoulder, but the wound is not serious.

Your correspondent is a considerable of an agnostic concerning moon farming, but he believes in water witchery. He knows a party in Kansas who has the power developed to an amazing degree, and never fails to develop water in the locality where he locates it. If a purse could be made up to induce him to come out I'm sure all would be well paid for his locations.

Miss May Gilmore began school at Angus last Monday morning. Miss Gilmore is one of Lincoln county's best instructors and we expect a good school.

Chris. Yeager left today for White Oaks. He was returning from Pagosa Springs, Colo. where he spent nearly four weeks taking the baths. In the mountains near there he shot and killed a wild sheep, the head of which he brought to El Paso. It is peculiar, in that it has four large horns. — El Paso Daily News.

Col. Geo. W. Prichard returned Monday night from an extended eastern trip, in the course of which he visited the prominent resorts of the lakes and of southern Canada. He returned home by way of Buffalo taking in the exposition. Mrs. Prichard remained in Philadelphia where she will visit for a time among friends in that city.

WHITE OAKS LECTURE COURSE.

Tuesday night at Plymouth church Dr. Miller will lecture on Egypt's great queen Cleopatra, 8 o'clock sharp. Those who heard the lecture on Ancient Arts will be there, and will enjoy the portrayal of this famous woman of Paganism.

Plymouth Church, Sunday Oct. 6th, Dr. H. G. Miller will preach at 11 o'clock. "A two fold revelation or the truth and the eye." At night 7:30 o'clock, "Imitation or how to the singer comes the song." Communion service after the morning sermon. Everybody invited.

Later: The night service has been changed to "An hour with Eugene Field and his poems of home and childhood. Mrs. W. H. Tuttle will recite the poems.

A handsomely illustrated weekly. Largest circulation of any scientific journal. Terms, \$3 a year; four months, \$1. Sold by all newsdealers. **MUNN & Co.** 361 Broadway, New York. Branch Office, 625 F St., Washington, D. C.

LOCAL and PERSONAL.

A rich strike of gold is reported on the Little Nell.

Supervisor Owen is busy with his road work at present.

Joseph Spence was in from Spence Bros' ranches Monday.

C. F. Davis, the Park ranchman, was in the burg Monday.

Master Marshall Parker took in the big show at El Paso last week.

Mrs. Thos. H. Walsh entertained friends at an afternoon reception Friday afternoon.

M. D. Lincoln is in from Gallina. He has made a sale of some important properties in that district lately.

Mr. and Mrs. Taliaferro and their youngest son, Jones, Jr. are expected home next Saturday from a month's eastern trip.

Wallace Gumm went to the Willows on Bonito Saturday after his wife and baby who have been spending some time visiting home folks.

C. M. Bryan, F. S. Hostetler and C. M. Merrill were in the city from Gallina camp this week looking after business matters and laying in supplies.

Monday evening Miss Edith Parker entertained in honor of Miss Mable Stewart who leaves soon for Washington, D. C. where she will attend school this year.

Mrs. J. H. Leighnor gave an afternoon reception Tuesday in honor of Mrs. S. C. Ellis of Washington, D. C., and Miss Mable Stewart, of this city. Mrs. Ellis is a sister of Mrs. Leighnor and Miss Mable a niece. Mrs. Ellis and Miss Stewart as was stated in last week's EAGLE will leave at early date for Washington.

Frank I Marsh and L. S. Ross of Jicarilla, spent Monday in the city. Mr. Marsh superintends the Marsh Iron Co., of Jacks Peak. This company is said to have the most valuable iron deposits of New Mexico, and are likely to make a sale to good advantage.

Colonel G. W. Prichard arrived last evening from a month's eastern trip, during which he and Mrs. Prichard visited the Pan. American exposition at Buffalo and the leading summer resorts on the lakes, in Canada and Philadelphia, where Mrs. Prichard now is on a visit to relatives and will remain until about Christmas. Colonel Prichard, who is the successful and hard working district attorney of the 5th judicial district, was called home by pressure of official business and leaves tomorrow evening for White Oaks. He attended to legal business today with Solicitor General Bartlett. —New Mexican.

BONNEY MAKES A STRIKE.

In a recent find made by C. D. Bonney, of Chaves county, eight miles north east of the Penasco and east of the Pecos river assays show as high as \$60.50 per ton, mostly copper. The vein is four feet wide and twenty-two feet has been uncovered.

NOTICE.

Suit will be brought in ten days from date of summons against all parties warned on road work, who do not comply with said summons on or before the expiration of said ten days.

J. W. OWEN,
Road Supervisor.

"The Best Is The Cheapest."

Not how cheap, but how good, is the question.

The TWICE-A-WEEK REPUBLIC is not as cheap as are some so-called newspapers. But it is as cheap as it is possible to sell a first-class newspaper. It prints all the news that is worth printing. If you read it all the year round, you are posted on all the important and interesting affairs of the world. It is the best and most reliable newspaper that money and brains can produce—and those should be the distinguishing traits of the newspaper that is designed to be read by all members of the family.

Subscription price, \$1 a year. Any newsdealer, newspaper or postmaster will receive your subscription, or you may mail it direct to THE REPUBLIC, St. Louis, Mo.

THE EAGLE'S CLUBBING RATES.

To subscribers paying one year in advance for the EAGLE the following clubbing rates are offered:

EAGLE and Thrice-a-Week World	\$2.00
" " St. Louis Republic	2.00
" " Industrial Record	2.25
" " Mines and Minerals	2.50
" " Daily Mining Record	4.00
" " Cosmopolitan	2.10
" " Commoner	2.00

This offer applies to old subscribers renewing their subscription to the EAGLE and paying one year in advance; also to new subscribers paying one year in advance.

The regular subscription to these papers is largely in excess of the clubbing rate given above, and any one desiring to secure two papers (the EAGLE and any one of the others named) for a little more than the price of one should take advantage of this liberal offer.

THE CLEANSING AND HEALING CURE FOR CATARRH

ELY'S CREAM BALM

COLD IN HEAD

Easy and pleasant to use. Contains no injurious drug. It is quickly absorbed. Gives Relief at once. It Opens and Cleanses the Nasal Passages. Allays Inflammation. Heals and Protects the Membrane. Restores the Senses of Taste and Smell. Large Size, 60 cents at Druggists or by mail; Trial Size, 10 cents by mail. ELY BROTHERS, 56 Warren Street, New York.

**THE NEW YORK WORLD
THRICE-A-WEEK EDITION.**

The Most Widely Read Newspaper In America.

Time has demonstrated that the Thrice-a-Week World stands alone in its class. Other papers have imitated its form but not its success. This is because it tells all the news all the time and tells it impartially, whether that news be political or otherwise. It is in fact almost a daily at the price of a weekly and you cannot afford to be without it.

Republican and Democrat alike can read the Thrice-a-Week World with absolute confidence in its truth.

In addition to news, it publishes first-class serial stories and other features suited to the home and fireside.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year and this pays for 156 papers. We offer this unequalled newspaper and WHITE OAKS EAGLE together one year for \$2.00.

GALLINA RATTLE.

Correspondence

Howard Williams is building a home here.

Miles Garrett is doing assessment on his properties.

Mark Thomas is doing contract work for Taliaferro & Spence.

Edward Suggs is working the Pierson. He has shown up some rich ore recently.

Chittenden's saw mill is running double shifts and is sawing about 24 ties an hour.

Wm. Webster is still holding down the Bryan property and is pushing development work.

L. J. McBroom is building a residence and will go into winter quarters as soon as it is completed.

C. H. Harrison, assisted by R. L. Stevens is doing his annual assessment on the Independence a copper property.

Mrs. Hanna Marshall, who has been visiting her sons here for the past two months has returned home to Abilene, Texas.

S. F. Hostetler and Lew Themsel among our most energetic prospectors, went to White Oaks Saturday for miners' supplies.

Wm. Webster had a horse killed last week. The animal was shot with beans from a shot gun. The guilty party has not been identified.

Wm. McLaughlin has returned to Capitan. McLaughlin has been prospecting here about five months and has located a number of promising copper claims.

Orthofer, Daniels & Merrill sinking a shaft for Taliaferro & Spence on the Old Hickory, are making little over a foot per day. The contract is for 100 feet.

Frank Reynolds is still engaged doing assessments on the group of 35 claims, belonging to Harrison, Stevens & Reynolds. Good results have been shown on most openings.

Lost, strayed or stolen: One "Domineck" Rooster from the home of J. L. McBroom. Finder will please return him in time for Thanksgiving dinner as Turkeys are scarce hereabouts.

J. C. Klepinger and C. M. Bryan, Klepinger & Bryan, have a contract for three assessments for Spence & Davidson. The properties are copper, viz: Doherty, Hiawatha and Granger.

Dr. Milligan of Las Vegas and Mr. Cox of the Colorado Iron & Fuel Co. were in camp last week. They have purchased properties in Jicarilla and are negotiating for the Red Cloud and Buck Horn of this camp.

M. H. Webb for Drugs and Books, Orders promptly filled. El Paso Texas.

LARGE ACREAGE OF WHEAT.

A special to the Kansas City Journal from Abeline, the center of the Kansas wheat belt says:

"This has been the busiest wheat sowing week the wheat belt has ever seen. Thousands of farmers were waiting for the coming of rain in order to put in their crop and they started drills at full speed when the ground was moistened. The ground is now in excellent condition and the acreage will be the largest in the history of this section.

A noticeable thing connected with the wheat sowing is the excellence of the seed being used. The old seed is being given up for new northern grown seed as far as possible. About 500 bushels of the new imported Russian seed will be sown in this county alone, while scores of farmers are sending to Canada and Minnesota for varieties that promise to withstand drough better than the old growth. The great damage from weak straw has also alarmed the farmers and they are trying to secure a seed that will give sturdier plants, capable of resisting the high spring winds."

EL PASO MID-WINTER CARNIVAL.

El Paso is preparing for another great Mid-winter Carnival to be given January 14, 15, 16, 17, and 18, 1902. This will be the second annual event, and will be the greatest entertainment ever given in the southwest.

The "sunshine in January" that so delighted the thousands of visitors in El Paso last year will take thousands more there and the coming event is expected to surpass anything ever given in the southwest, you can get a glimpse of Mexico at El Paso and this, with the Mexican bull fights, is something that other cities can not afford. To see the ancient city of Juarez Mexico is worth the expense of the trip and since the railroads have promised a very low rate from everywhere thousands will attend, there will be a miners' convention, medical and teachers' conventions, the largest cattle exhibition ever given in Texas, besides the regular program.

El Paso is a famous town and has become famous as an entertainer and at the coming Mid-Winter-Carnival the border Metropolis promises the most extravagant free show, fiesta and general jubilee ever seen between New Orleans and Los Angeles. The Carnival association is now wreparing the program, which will be published soon.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 54 Warren St., N. Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

MINING APPLICATION NO. 14.

UNITED STATES LAND OFFICE,
Roswell, N. M., July 29, 1901.

NOTICE is hereby given that Jones Tallafiero, whose Post Office address is White Oaks, Lincoln County, New Mexico, has this day filed his application for a Patent for the 'Hoosier' Group of Mining Claims, situate in Red Cloud Mining District in the County of Lincoln territory of New Mexico, and designated by the Field Notes and official Plat on file in this office, as Mineral Survey No. 1099, in Township 1 South of Range 11 & 12 East, New Mexico principal Meridian. Said Mineral Survey No. 1099, being described as follows, to wit:

Old Hickory Lode

Beginning at Corner No. 1, a porphyry Stone, 8 x 14 x 24 ins. long set in ground, with mound of Stone along side, chiseled 1 - 1099 on side facing Claim.

The Corner to Sections 19, 24, 25, 30, Township 1 S. of Ranges 11 & 12 East, New Mexico principal Meridian bears S. 22 deg., 10 min. W. 1429.56 feet distant: Thence, Var. 12 deg. 08 min. E., S. 82 deg., 20 min. E. 600 feet to Corner No. 2, a rock in place, level with the ground 8 x 12 ins., surface chiseled with a X at Cor. point and 2 - 1099 on top, with mound of Stone along side: Thence, Var. 12 deg., 13 min. E., N. 7 deg., 40 min. E., 1478 feet to Corner No. 3 of this Lode, being identical with Corner No. 4 of Buckhorn Lode, Survey No. 487; a Quartzite Stone 8 x 12 x 8 ins., above ground, chiseled 4 - 487 on top, and 3 - 1099 on side facing this claim: Thence, Var. 12 deg. 19 min. E., N. 82 deg. 20 min. W., 600 feet to corner No. 4, a porphyry Stone, 6 x 18 x 24 ins. long set in ground, with mound of Stone along side, chiseled 4 - 1099 on side facing Claim: Thence S. 7 deg. 40 min. west, Var. 12 deg. 13 min. E., 1478 feet to Corner No. 1 the place of beginning. Containing 20.38 acres, and forming part of Section 19, Township 1 S. of Range 12 East, New Mexico principal Meridian.

The Location Notice of this Claim is recorded in the office of the Recorder of Lincoln County New Mexico, in Book 'S' of Mining Locations, at page 127.

Adjoining Claimants are: on the North, Bush, Johnson et al Survey No. 487, and East, West and South, Jones Tallafiero.

Hoosier Girl Lode.

Beginning at Corner No. 1, at a Quartzite Stone, 8 x 12 x 24 ins. long, set in ground, with mound of Stone along side, chiseled 1 - 1099 on side facing this Claim: the corner to Sections 19, 24, 25 and 30, Township 1 S. of Ranges 11 & 12 East, N. M. principal Meridian, bears S. 0 deg. 48 min. 30 sec. E. 781.22 feet distant: Thence, Var. 12 deg. 08 min. East, S. 82 deg. 20 min. E., 473.5 feet to Cor. No. 2, a Quartzite Stone, 9 x 18 x 24 ins. long, set in ground, with mound of Stone along side; chiseled 2 - 1099 on side facing this Claim: Thence, Var. 12 deg. 15 min. E. N. 7 deg. 40 min. E., 1494 feet to corner No. 3, a porphyry Stone, 10 x 18 x 24 ins. long; with mound of Stone along side, chiseled 3 - 1099, on side facing this claim: Thence, Var. 12 deg. 30 min. E., N. 82 deg. 20 min. W., 473.5 feet, to Cor. No. 4, a porphyry Stone, 7 x 12 x 24 ins. long, set in ground, with mound of Stone along side, chiseled 4 - 1099, on side facing this Claim: Thence, Var. 13 deg. E. S. 7 deg. 40 min. W. 1494 feet to the corner No. 1 the place of beginning. Containing 16.24 acres, and forming a portion of Sec. 19, Township 1, S. Range 12 E. and Sec. 24, Township 1, S. Range 11 E., N. M. principal Meridian.

The Location Notice of this Claim is recorded in the office of the Recorder of Lincoln County, New Mexico, in Book 'S' of Mining Locations, at page 128.

Adjoining Claimants are: North by Public Lands; East Jones Tallafiero; South and West Public Lands.

Hoosier Boy Lode.

Beginning at Corner No. 1, a porphyry Stone, 5 x 14 x 26 ins. long, set in ground, with mound of Stone along side, chiseled 1 - 1099, on side facing this Claim; the corner to Sections 19, 24, 25 and 30 Township 1 S. of Ranges 11 & 12 E., N. M. principal Meridian, bears North 68 deg. 32 min. W., 372 feet distant: Thence, Var. 12 deg. 11 min. E., S. 82 deg. 20 min. E. 600 feet to Cor. No. 2, a Quartzite Stone 8 x 10 x 25 ins. long, set in ground, with mound of Stone along side, chiseled 2 - 1099, on side facing this Claim: Thence, Var. 12 deg. 10 min. E., N. 7 deg. 40 min. E., 1485 feet to corner No. 3, being corner No. 2 Old Hickory Lode, before described; chiseled 3 - 1099 on side facing this Claim: Thence, Var. 12 deg. 10 min. E., N. 82 deg. 20 min. W. 600 feet to corner No. 4, being corner No. 1, Old Hickory Lode; before described, chiseled 4 - 1099, on side facing this Claim: Thence, Var. 12 deg. 10 min. E., S. 7 deg. 40 min. W. 801.5 feet to intersection 1 - 2 line of Survey No. 606 A - Summit Lode - corner No. 5 of this Survey, a Quartzite Stone, 6 x 18 x 24 ins. set in ground, chiseled 5 - 1099, on side facing this Claim: Thence, Var. 12 deg. 10 min. E., S. 61 deg. 30 min. E., 81.19 feet to Corner No. 1, Summit Lode Survey No. 606 A and Corner No. 6 of this Survey, a Quartzite Stone 6 x 10 x 12 ins. above ground, with mound of Stones along side chiseled 1 - 606 A on W. face, and 6 - 1099 on side facing this Claim: Thence, Var. 12 deg. 10 min. E., S. 41 deg. W. 137.36 feet, to corner No. 7 of this Survey, a Quartzite Stone, 10 x 14 x 26 ins. long, set in ground, with mound of Stone along side, chiseled

7 - 1099, on side facing this Claim: Thence, Var. 12 deg. 14 min. E., S. 7 deg. 40 min. W. 539.24 feet to corner No. 1, place of beginning; containing 20.3368 acres, and forming a portion of the West half of Sec. 19 and N. W. 1/4 of N. W. 1/4 Sec. 30, Township 1 S. of Range 12 E., New Mexico Principal Meridian. The Location of this Mine (Lode) is recorded in the office of the Recorder of Lincoln County, New Mexico, in Book 'S' Mining Locations, at page 130. Adjoining Claimants are: North, East and West, Jones Tallafiero, and South Public Lands.

EUREKA LODGE

Beginning at Corner No. 1, a granite Stone, 8 x 10 x 25 ins. long, set in ground, with mound of Stone along side, chiseled 1 - 1099 on side facing this Claim. The Corner to sections 19, 24, 25 and 30, Township 1 South of Ranges 11 & 12 East, N. M. Principal Meridian, bears S. 70 deg. 54 min. W., 1073.18 feet, distant: Thence, Var. 12 deg. 14 min. E., South 82 deg. 20 min. E., 600 feet to corner No. 2, a Quartzite Stone 7 x 16 x 24 ins. long, set in ground, a mound of Stone along side, chiseled 2 - 1099 on side facing this claim:

Thence, Var. 12 deg. 10 min. E., North 7 deg. 40 min. E. 1500 feet to Corner No. 3, a Quartzite Stone 8 x 14 x 24 ins. long, set in ground with mound of Stone along side, chiseled 3 - 1099 on side facing this Claim: Thence, Var. 12 deg. 10 min. E., North 82 deg. 20 min. W. 600 feet to Corner No. 4, a Quartzite Stone, 5 x 10 x 27 ins. long set in ground, a mound of Stone along side, chiseled 4 - 1099, on side facing this Claim: Thence, Var. 12 deg. 10 min. E., South 7 deg. 40 min. W. 1500 feet to Corner No. 1 place of beginning. Containing 20.66 acres and forming a portion of the West half of Sec. 19 Township 1 South, Range 12 E. N. M. Principal Meridian. Adjoining Claimants are: North, East and West, Jones Tallafiero; South, Public Lands.

The Location of the Claim is recorded in the records of Lincoln County New Mexico, in Book 'S' of Mining records page 131.

WHITE OAKS LODGE

Beginning at Corner No. 1, being corner No. 2 of Eureka Lode, of this Survey, before described and chiseled 1 - 1099 on side facing this Claim, whence the corner to Sections 19, 24, 25 and 30 Township 1 South of Ranges 11 & 12 East, N. M. Principal Meridian, bears South 80 deg. 25 min. W. 1632.12 feet distant: Thence, Var. 12 deg. 10 min. E., South 82 deg. 20 min. E., 600 feet to corner No. 2, a Quartzite Stone, 5 x 12 x 26 ins. long, set in ground, with mound of Stone along side, chiseled 2 - 1099 on side facing this Claim: Thence, Var. 12 deg. 14 min. East, North 7 deg. 40 min. East, 1500 feet to corner No. 3, a porphyry Stone 6 x 12 x 24 ins. long, with mound of Stone along side, chiseled 3 - 1099 on side facing this Claim: Thence, Var. 12 deg. 10 min. East, North 82 deg. 20 min. W. 600 feet to Corner No. 4, being Corner No. 3 of Eureka Lode, of this Survey before described, and chiseled 4 - 1099 on side facing this claim: Thence, Var. 12 deg. 10 min. East, South 7 deg. 40 min. West, 1500 feet to Corner No. 1, the place of beginning. Containing 20.66 acres and forming a portion of the west half of Sec. 19, Township 1 S. of Range 12 East, N. M. Principal Meridian. The Location of this Claim is recorded in the records of Lincoln County New Mexico, in Book 'S' of Mining Locations page 129. Adjoining Claimants are: South, Public Lands, North, East and West, Jones Tallafiero.

Any and all persons claiming adversely, any portion of said Mines, or surface ground, are required to file their adverse Claims with the Register of the United States Land Office, at Roswell, in the Territory of New Mexico, during the sixty days' period of publication hereof, or they will be barred by virtue of the provisions of the Statute.

HOWARD LELAND,
Register.

THE NEW YORK JOURNAL'S

ENEMIES ARE ALERT.

Buffalo, Sept. 17.—It is the talk in newspaper circles that representatives of certain party organs have been sent here from New York, Chicago, Cleveland and elsewhere to get Czolgosz to say that he got inspiration for his murderous act through leading so-called yellow newspapers, and to specify certain anti-Hanna papers. These representatives have already applied to the police for special interviews with their prisoner.

ELECTROCUTION THE PENALTY.

The sentence of Czolgosz, the assassin of President McKinley was tried on the 24th and 25th. Was convicted on the 25th and sentenced on the 26th to death in the electric chair. He was asked by the judge trying him if he had any reasons to give why the sentence of death should not pronounced upon and if he was insane when the deed was committed; also if he was sorry to have committed the crime; to all these questions he answered no. He will be executed in six weeks from date of sentence.

MURDER AT ENGLE.

A dispatch from Engle says: There was an assassination at the ranch of Juan Armijo last night. This ranch is about twenty-five miles southwest of here on Palomas creek about five miles above Las Palomas. A young man, Miguel Madero, was sitting by a window at the Armijo home. Some one came up in the darkness outside and shot him through the side of the head, the ball entering the skull back of the left ear and ranging forward coming out over the left eye. The victim was still alive at 7 o'clock this morning. A posse is in pursuit of the murderer. His tracks were visible at daylight this morning. Albuquerque Journal-Democrat.

A KNOCKER.

As we were standing on the street one day this week we overheard two men talking. During the course of their conversation one of them mentioned an item of news he had read in the Herald. The other, a man with a sort of a "missing link" look on that part of his person that God intended for a face, replied:

"Oh that d-d sheet dont amount to anything."

Being a stranger in these diggings we immediatly set about to find out who he was. Upon learning his name we proceeded to our sanctum-sanctorum and immediatly "looked him up." We found that he only owes three years' back subscription—and still gets the "d-d sheet."—Bland Herald.

IMPORTANT IMPROVEMENT.

Heavy Steel Rails and Noiseless Angle Bars for Northeastern.

The El Paso Daily News says: The El Paso & Northeastern has begun the laying of 70-pound rails from Austin avenue in this city to the 21-mile post on the White Oaks route. With this rail is used a patent angle bar, invented by an Arizona man, and which is said to so connect the ends of rails that all sound and all jar in passing over the ends of rails are obviated. The new angle bar passes under the end of each rail and also binds the two ends together along their sides.

The same kind of heavy rail and patent angle bar are to be used from Carrizozo along the line of the El Paso & Rock Island extension. From mile-post 21 to Carrizozo 60-pound rails were recently laid the angle bar being the ordinarily in use. This stretch of road will not be changed at present.

The El Paso & Rock Island is said to be the only road in the southwest using the patented angle bar, and that consequently it will have the smoothest and least noisy roadbed in all this section of country.

COLLARD & BYRD'S MINES.

Messrs. Collard and Byrd came down to El Paso yesterday from their mines near Capitan, N. M., and brought with them several hundred pounds of ore to be tested for manner of treatment.

The gentlemen report renewed activity in mining camps in their section of country and their own property, the Crow mines, in excellent condition.

"Our ore," they said, "contains gold, silver and copper, and as soon as we shall treat it, will erect a complete plant at the mines.—Herald.

AN AGED RELIC

One day this week Attorney R. L. Young, who is something of a connoisseur on fire arms, secured an old flint lock musket, U. S. Army pattern of 1829, in Mesilla. The weapon is in a very good state of preservation, and were it gifted with speech it could tell many a startling tale of frontier life. As it is, it only serves as a reminder of the crude weapons our fore fathers conquested wildernesses with. The gun now has a load of powder and ball in its breech sufficient in the language of its owner, to blow the transverse colon out of an Apache Indian, and any person curious to know if the gun will "kick" may fire it off.—Dona Ana County Republican.

THE COMMONER.

[Mr. BRYAN'S Paper.]

The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic, and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his reviews of political events as they arise from time to time can not fail to interest those who study public questions.

The Commoner's regular subscription price is \$1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and WHITE OAKS EAGLE together for one year for \$2.00. The regular subscriptions price of the two papers when subscribed for separately is \$2.50.

INCREASED TAXATION.

The territorial board of equalization has passed a resolution to increase the assessed valuation of property in cities 15 per cent and outside of cities 10 per cent, thus adding more than \$1,000,000 to the assessed valuation of the territory. Property owners all over the territory are raising a protest. If the board of equalization had done the proper thing, it would have made a raise on some of the counties where crookedness in the assessments is plainly evident, and not made a blanket raise on the entire territory.—Stockman.
