A Clubbing Offer.

The EAGLE has just effected a clubbing agreement with the Daily Mining Record, Denver and Cripple Creek, Colo., whereby we can give new subscribers or those renewing their subscription, the EAGLE and the Saturday issue of the Daily Mining Record one year for \$2.00. The regular subscription of the Record's Saturday edition is \$2.00; that of the EAGLE \$1.50; price of the two papers \$3.50; by taking advantage of the clubbing offer \$1.50 may be saved.

The Saturday edition of the Record is a compendium of mining information and makes a summary of the matter published in the daily during the week. The Record is the only daily mining paper in the world and the Saturday is 7 columns and 20 to 30 pages, containing, besides valuable editorials on mining and metallurgy, mining news from all over the world, and is devoted especially to the mining enterprises of the Rocky mountain region. Stock quotations are given and all substantial mining concerns listed, while all wild cat schemes and black leg companies are exposed.

If you are interested in mining you can't afford not to take advantage of this offer.

"The Best is the Cheapest."

Not how cheap, but how good, is the question.

The TWICE-A-WEEK REPUBLIC is not as cheap as are some so-called newspapers. But it is as cheap as it is possible to sell a first-class newspaper. It prints all the news that is worth printing. If you read it all the year round, you are posted on all the important and interesting affairs of the world. It is the best and most reliable newspaper that money and brains can produce—and those should be the distinguishing traits of the newspaper that is designed to be read by all members of the family.

Subscription price, \$1 a year. Any newsdealer, newspaper or postmaster will receive your subscription, or you may mail it direct to THE REPUBLIC, St. Louis, Mo.

Hon. G. A. Richardson, whose name appears at the head of our editorial column this week, as democratic nominee for the council from the 9th, district, is both well and favorably known by the people of Lincoln county. He has lived here among them, and they further know that Mr. Richardson has never let an opportunity pass to rally to Lincoln county when it became necessary for him to take a stand on questions effecting our interests. He introduced the bill in the 33rd legislative assembly proposing the location of a miners hospital at White Oaks. This piece of legislation we hope Richardson and McIvers may be able to secure at our next legislative session. In Mr. Richardson's speech before the council convention a few days ago, among other things he pledged himself to put forth his greatest effort to secure the repeal of the coal oil inspection law and to do every thing in the province of a councilman to further the interests of his district. He knows our people and is friendly toward us

equally as to his home county and we should in return show our appreciation by giving him a good vote in the coming election.

W. A. McIvers, the nominee of the democratic party for representative from the 15th, legislative district, it is expected will poll the biggest vote ever given for this office in the district. This is so because he is thought to be the man we need at this time. He is thoroughly practical; is acquainted with the needs and general welfare of our people in every part of the district, and when the boodlers get up against him at Santa Fe, Rome will howl, and there will be a warm evening in the Ancient, and when it is all over, somebody will be convinced that this Irishman is a good fellow.

COAL STRIKE.

The President's conference for the purpose of inducing operators to end the coal strike came to naught. The President was given to understand that coal operators were capable of attending to their own affairs without any suggestions from the nation's Executive. This contemptuous insolence on the part of coal operators will not soon be forgotten; they may live to regret this action. The President has now called a conference with labor leaders and may be able to end it by promising legislative aid to labor during the coming session of congress. To say the least, the people are becoming wrought up over these conditions and just a shadow of sympathy from the President might easily induce them to take the matter into their own hands and have a lasting settlement, quickly effected.

A CAMPAIGNER.

El partido republicano ha concedido el entero aporcionamiento de destinos al Pueblo Mexicano; Lean el bolato, voten y travajen para elijirlo.

The United States of which, is as follows: The republican party has conceded the apportionment of its ticket entirely to the Mexican people; read it, vote and work to elect it.

Following this little como se llama is the ticket he is expected to support:

Boleto de Condado.

Para Alguacil Mayor,
R. D. ARMSTRONG, de White Oaks.
Para Tesorero,
E. W. HULBERT, de Lincoln.
Para Escribano de la Corte de Pruebas,
ALFREDO GONZALES, de Lincoln.
Para Juez de Pruebas,
FRANCISCO GOMEZ, de Lincoln.
Para Asesor,
ROBERT A. HURT de Capitan.
Para Superintendente de Escuelas Publicas
AGACIO GALLEGOS, de Lincoln.
Para Agrimensur,
W. E. BLANCHARD, de White Oaks.
Para Comisionados,
3r. Distrito: P. L. KROUSE, de Bonito.
2do. " AUGUSTIN CHAVEZ de Raventon.

If the introductory plea in the foregoing were true, it might be some argument, appealing with force to the native, who might

think that the republican party held his interest paramount to any other, but the most ignorant sheep herder in the country knows that the republican party never conceded anything to him that it didn't have to. they know how they have gained the favor and won the consideration that the magnanimous old party has given them, at least the majority of them do, and they have further learned too, like the negro of the south that after the election, when the votes have been counted that the grand old party has little futher use for him, until the next campaign when he again becomes a muy bueno hombre. A Mexican who is so ignorant as to not feel his very pride humbled when the forgoing boleto de condado, with the little introductory palabra at the top, is handed him, should be sent to the insane asylum, along with the fellow who originated the fertile product. The man who is a fraud and a thief in politics, may become a fraud and a thief in other walks of life before he becomes honorable politically.

This campaigner is a corker and should be bottled up with its author. It doesn't speak very highly for the personnel of the republican county ticket to allow such rot as this to be circulated. The idea of the republican party conceding anything to the Mexican people is as amusing as it is ridiculous. This little appeal to the Mexican population is intended to make him believe he is responsible for the whole destiny of the republican party.

You fellows would better not explain the motive of this campaigner among the natives or you won't get a hundred votes in the lower end of the county. The Mexican is getting onto your system and all the soft soap you may give him will not make him see it through your glasses.

NOT EXACTLY APPLICABLE.

The other day a Sunday school superintendent, in talking to his pupils about cruelty to animals, said: "Only a coward would abuse a creature that has no way of protecting itself. Why, children, I once knew a little boy who cut off a cat's tail! Think of it—took a knife and cut the tail right off! Can any one tell me a verse in the Bible that would have taught this cruel boy that he should not have cut off the cat's tail?" After a moment's silence a small boy held up his hand, and when asked to quote his verse, ventured: "What God has joined together let no man put asunder."

MINE ON FIRE.

"The great fire at the United Verde mine in Arizona presents a problem that is still puzzling the mining engineers. According to the statement of Master Mechanic Adamson of the Copper Queen company of Bisbee, the only supply of water that is available and is competent to extinguish the fire is the Verde river, which is seven miles distant from the mine. Jerome is 5,500 feet high. To raise the river water would require at least two stations of pumps of immense power. 'When the water is raised,' says Adamson, 'there is no certainty that the fire could be put out. The mountain is split in every direction, which would permit the water to run off indefinitely. The Anaconda mine at Butte has been on fire for the last twenty-two years.'

"The Verde fire has wide interest. There are 2000 men at Jerome, who rely on the Verde payroll for a living for themselves and their families. The population of Jerome is 4000, and it depends very largely upon the mine for its prosperity. The farmers in the surrounding country, the railroads and the coal mines that supply the Verde with fuel are equally concerned.

 Ziegler Bros. are receiving an immense stock of fall and winter dry goods and clothing this season, judging from the amount of large cases of goods they are receiving daily.
 J. M. Rice of the Eagle Mining & Improvement Co., and W. R. Grant, representing the Colorado Iron Works, came in from Nogal Tuesday afternoon. Mr. Rice is one of the busiest men in Lincoln county, but seems fully equal to the great demand on his business energies. He has a half dozen mining properties in operation under his general supervision and there doesn't seem to be a hitch any where.
 White Oaks in 90 days will be one of the busiest mining camps in this mining region. Hasty preparations are being made to operate a number of our best properties on a scale sufficiently large to insure success. Machinery which is adapted to treatment of the ore will be installed and instead of a large percentage of values going over the plates and out into the tailing yards, it will be saved and added to production.

City Water Works.

Messrs. Paden and Prichard, the Carrizo Water company, have put a force of men to work in Water Canyon to develop the water supply with the intention of putting in a reservoir to supply the city with water. This is, we think the finest water in this locality; it is perfectly soft and as cold as the snow itself. The EAGLE certainly wishes the Carrizozo Water company, or any body else, who will put water into this town, Godspeed.

Sold For \$10,000.

H. C. Crary and Wm. Lane have sold their well, recently put down near Ancho station, on the Rock Island, to the railroad company for \$10,000. The strength of the well is 22 gallons a minute, and a week's test, pumping continually has shown it constant. The water is soft. It will be used exclusively for the passenger service.

Register Right Now.

The registration books are now open at the EAGLE office and you would better see to it that your name is properly recorded if you desire to cast a vote in November. Don't forget it, register, it is less than a month 'till the election.

At The Boston Boy.

Work is going steadily forward at the Boston Boy and Reclusia. These properties are being developed by W. A. McIvers who may purchase them at the expiration of his options.

Geo. W. Harbin and Geo. E. Sligh were in White Oaks Monday morning on a business mission of a legal nature. Messrs. Sligh and Harbin are the promoters and also heavy stockholders in the Rico Mining & Milling Co. operating in the Jicarilla placers. Mr. Harbin went east from here, and Mr. Sligh returned to Nogal.

Probably the best disciplined corps of quartz miners, in New Mexico, may be seen at the Old Abe, under A. P. Green who was for several years foreman of the work of this property for Old Abe Co. Green was one of the team who made the remarkable time in sinking the new shaft at the Old Abe, in which 600 feet of depth was obtained in just a few days more than six month, being an average of about 100 feet a month.

Ties.

There are ties of all description
 Ties both strong and weak,
 Rail road ties two feet apart
 Of Which stranded actors speak;
 And then there are the family ties,
 Of which you hear so awful much
 In which a lass, a swain, a mother-in-law
 Are all tied in a bunch;
 And then there comes the friendship ties
 They should have mention "fast,"
 And oxford ties that are never tied
 But whose strings string in the dust;
 But there are so many ties
 All of which you know so well,
 We want to try and introduce
 The ties we wish to sell;
 So, of all the ties beneath the skies
 Love ties and other ties,
 The ties the people talk about
 Are Neck ties Ziegler Bros advertise.

From Jicarilla.

Regular Correspondence.

The public school closed here last Friday after one of the most successful terms Jicarilla has ever had. Miss Campbell is an ideal teacher, loved by parents and children, alike. The children made rapid progress under her tutorage; it will likely be a long time before another teacher can be secured who will give such general satisfaction

E. H. Talbert and wife left a few days ago for their home in Colorado, to spend a short time, after which Mr. T. will return to Jicarilla. Mrs. Talbert will stay until after Thanksgiving.

Mrs. Ross, recently very sick, is convalescent.

The board of registration met Monday, the 7th, to round up the voters of this precinct. W. S. Ross, Sabino Gonzalez and A. H. Norton comprise the board.

Understand that E. H. Talbert has sold his placer rights to the Rico Mining & Milling Co. The rights purchased are the surface grounds of his lead claims, situated in Juana gulch, containing four claims or about 84 acres.

R. D. Armstrong, republican candidate for sheriff, paid his respects to the voters of this camp, also Hurt, the republican candidate for assessor, and Hulbert, republican nominee for Treasurer and Collector, were among us for a day or two.

The first snow of the season fell here last Thursday. It was accompanied by rain and will be an item to stock interests of this region.

Wm. Purdy has delivered 35,000 feet of logs to the Ancho Co. and has 25,000 more to deliver.

Paul Mayer and Leslie Ellis, democratic candidates, respectively for the offices, Treasurer and Collector and Clerk, were here a day or two of this week.

THE COMMONER.

(Mr. BRYAN'S Paper.)

The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic, and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his reviews of political events as they arise from time to time can not fail to interest those who study public questions.

The Commoner's regular subscription price is \$1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and WHITE OAKS EAGLE together for one year for \$2.00. The regular subscriptions price of the two papers when subscribed for separately is \$2.50.

Thrice-a-Week World.

Time has demonstrated that the Thrice-a-Week World stands alone in its class. Other papers have imitated its form but not its success. This is because it tells all the news all the time and tells it impartially, whether that news be political or otherwise. It is in fact almost a daily at the price of a weekly and you cannot afford to be without it.

In addition to news, it publishes first-class serial stories and other features suited to the home and fireside.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year and this pays for 156 papers. We offer this unequalled newspaper and WHITE OAKS EAGLE one year for \$2.00.
