TEA

Good tea and tea are quite different; both grown on the same bush.

MISS AGNES MILLER, of Chicago, speaks to young women about dangers of the Monopoly Period — how to avoid pain and suffering and remove the cause by using Lydia E. Pinchbeck's Vegetable Compound.

"To Young Women" — This I suffered for six years with hemorrhage, so much so that I bled every month, as if I had menstruated three or four times of intense pain. The doctor said there was no hope for me, and I was given to understand that my case was hopeless.

"To young girls only realized how dangerous it is to take cold at this critical time, especially affecting those about to be used by Lydia E. Pinchbeck's Vegetable Compound, that was the only medicine which helped me. Within three weeks after starting to take it, I noticed a marked improvement in my health, and at the present time I feel better than I have felt in the past two years, being in good health.

"The work of fiction should be more real to us; not as in reality, but as in the experience of the writer." — Miss Agnes Miller.

FREE ADVICE TO WOMEN.

A friend advised me to try Mrs. Pinchbeck's Vegetable Compound. I am now in good health, having been bearing down pains in my back and abdomen.

I am a subscriber of the monthly service, and I am now in good health.

You are invited to write to Mrs. Pinchbeck's Vegetable Compound, 301 W. Grant St., St. Louis, Mo. (For 100 women, $25.00 in advance.)
