WHITE OAKS NEW MEXICO, THURSDAY, JULY 12, 1906.

NUMBER 45

## LOCAL ROUNDUPS.

The young people of the town gave a very enjoyable dancing party at the hall Friday night last.

Sweet Clover butter, none better, at

TALIAFERRO'S.

C. F. Goddard, a successful water prospector of Ancho was here yesterday looking after supplies.

Miss Flora Whiteman, of Roswell, but who passed her life from childhood to maidenhood in White Oaks, was married July 3 to Alfred Crawford, a druggist of Chanute, Kansas.

H. B. Exnor, a New York attorney, arrived yesterday, and while here will close up matters pertaining to the estate of the late Dr. J. F. Mains.

The principal business at Roswell these days seems to be the organizing of oil companies. The same thing would probably occur here except that our citizens are a little short on faith and finance.

A full line of fresh groceries at

TALIAFERRO'S.

James Lee and wife returned from Roswell Sunday. They brought with them Mrs. Carter and daughter, who came from Oklahoma on a visit. Mrs. Carter is a sister of Mrs. Lee, and they had not met for years.

Heavy rains are reported from almost all parts of the territory and Lincoln County has been getting her full share, only here at White Oaks there seems to be a shortage of moisture thus far.

This office can supply you with Location Notices, both Lead and Placer claim blanks, cheaper than you can write them out.

William M. Lane, the Southwestern well driller, came home Saturday for a short stay with his family. He has lately completed a well for the company at Duran where he procured an abundance of water, and now has orders ahead for several more wells on the line of the road.

John Crowl very unexpectedly dropped down from yesterday's hack to greet his many friends here. He has been mining all these many months of absence at Lowell, Arizona, but comes back looking hale and hearty and prosperous for a short visit, and to make himself useful and friendly while here.

The familiar face of W. A. McIvers was seen on our streets yesterday accompanied by its owner. He returned from a business trip to Chicago about a week ago, and went out to look after some very promising mining properties on the west side of the White Mountains. Mack's trips to Chicago are pretty sure to bear golden fruitage to the betterment of some portion of this immediate locality; and his late visit bids fair to be prolific, as he has several deals on hand which are pretty sure to go. He is now looking up a suitable house here with a view to becoming a resident of the town.

POWDER RICE AT  
TALIAFERRO'S.

W. J. Dunn came in from his ranch above Ancho Monday on private business. Mr. Dunn has lately completed the shipment of 75,000 pounds of wool from Ancho station to a Boston firm. This is the largest single shipment of the product ever sent out from that point on the Southwestern. Who says that sheep farming does not pay in Lincoln County.

John Gallacher, Gus Wingfield, Julian Taylor and Ralph Dow went to Cloudercroft on the 4th of July and froze up. They went back to Alamogordo, and while waiting for the train nearly burned up. They then gave up and came back as soon as they could get up to find they could have had a much better time near home.

There is getting to be quite a demand for White Oaks coal from outside points. This demand will increase as the world learns of the superiority of our product. Even people from remote distances frequently come here and marry White Oaks girls and carry them off because they find them good and fair and comfortable to tie to.

Mrs. Lee H. Rudisille returned Saturday from a very enjoyable two months visit among relatives and friends in Iowa and Oklahoma, and the scribe is now enjoying the comfortable and strenuous life of a family man, splitting the kindling wood, pumping water, raking the town over for palatable provender, and being based around the ranch in the way that only a well regulated married man is supposed to enjoy. Come to think, it is rather an unsatisfactory home with nobody but a man around.

Joseph Spencer, who came here two or three weeks ago from White Oaks with George Queen, yesterday bought the Lawson pool and billiard parlors and has decided to make Tucumcari his home. The News is glad to welcome Mr. Spencer as a business man of our city. We have known him a good many years as a miner and contractor in the White Oaks country, and are ready to go on the stand that he is the that stuff men are made of. Mr. Queen is also a prospective locator, and is a very exemplary young man, whose good business sense has made him some money mining in White Oaks, and we would be glad to see him locate in Tucumcari also.—Tucumcari News.

## NOTICE.

Our campmeeting at Watson Lake, between Nogal and Capitán N. M., begins Aug. 3d, 1906. Strictly undenominational.

The leaders will be—  
W. J. Sewell, of Pilot Point, Texas.

B. C. Rausch, of Wallaceville, Texas.

M. T. Dye, of San Marcial, New Mexico.

There will also be a song evangelist to lead the host in song, and other evangelists.

Free pasture with good grass and water for stock.

Note the date, and plan to attend.

For what will it profit a man if he gain the whole world and lose his own soul? Mat. 16: 26.

For further particulars enquire of J. N. White, Carrizozo, N. M.

The celebration at Angus went off according to program, and a grand, good time was enjoyed by all present. The address of Prof. Putnam was full of good points, and the Declaration of Independence as read by Mrs. Ed. J. Coe gave that historic document new interest. Not a disagreeable incident occurred to mar the interest of the day. Dancing was begun early and kept up till a late hour. The Outlook scribe sincerely regrets that he could not be there to enjoy the festivities.

Put your cisterns in shape to get full if your own beer tanks go empty.

## TEACHERS' INSTITUTE.

The Lincoln County Teacher's Institute will meet in annual session at White Oaks at nine o'clock on the morning of July 23, and continue two weeks. It will be necessary for those who expect to attend to be on hand promptly at that hour, as the time will be very limited for the amount of work to be accomplished.

Territorial Superintendent Hadley has made the stipulation, which meets with the hearty concurrence of the county superintendent, that teachers, in order to procure certificates, must be prompt and regular in their attendance during the whole time the Institute is in session. The same rules will be applied to teachers in attendance as are usually adopted by good teachers in the government of their schools.

Prof. E. J. Vert, of the Las Vegas Normal University, will be the principal instructor, but will be ably assisted by Prof. Brown, of Alamogordo, Miss Covington, of our home county, and perhaps some special instructor for teachers in Mexican schools.

It is the intention to make the coming Institute the most interesting and instructive of any yet held in Lincoln County.

Good board will be furnished teachers at 25 cts per meal, or room and board at \$1.00 per day. Unfurnished rooms or houses can be had at a mere nominal price, also a few furnished rooms.

Mr. Paul Mayer, proprietor of the hack line to Carrizozo, has kindly offered to give half fare rates from Carrizozo to White Oaks and return to teachers who come by railroad.

The Course of Study adopted by the Territorial Board of Education is now in the hands of the county Superintendent, and copies can be had by those requesting them before the opening of the Institute.

Lee H. Rudisille,  
County Superintendent.

Supreme Court Decisions.

On June 29th the following decisions were handed down by the Territorial Supreme Court:

No. 1097. The First National Bank of Albuquerque, appellee, vs. George F. Albright et al., appellants. A case to restrain the assessor and collector of Bernalillo county from making any new and additional assessments of the capital stock and property of the bank. Cause reversed and remanded to the District Court of Bernalillo county with instructions to dismiss case.

No. 1107. Alejandro Sandoval, appellant, vs. The Board of County Commissioners of Bernalillo County, appellee. The question involved in this case was as to the rights of Sandoval as assessor of Bernalillo county to receive four per cent. commission upon all licenses assessed and collected by him. The opinion of the court was that county assessors of the various counties since the enactment and taking effect of chapter 108, session Laws of 1901, are not entitled to a commission upon gaming and liquor licenses collected in their respective counties. The judgment of the lower court was affirmed with costs.

E. W. Dobson appeared for the appellant and F. W. Clancy for the appellee.

No. 1114. Frank A. Hubbell, appellant, vs. Board of County Commissioners of Bernalillo County. The question involved in this case was as to whether the county treasurers and collectors of New Mexico are entitled to a commission of four per cent. on gaming and liquor licenses collected. The opinion was that they are not entitled to monies of this kind collected during the period intervening between the act of March 9, 1901, and the passage of section 11, chapter 60, Laws of 1905. The decision of the court below was affirmed.

No. 1140. Territory of New Mexico, appellee, vs. J. H. Russell, appellant. In this case the appellant was charged with illegal peddling and selling goods. The articles sold was a buggy, and the opinion of the court was that a buggy did not come under the term "domestic machinery." The judgment of the lower court was affirmed.

No. 1094. Susan E. Barber, plaintiff in error, vs. Monroe Harper, defendant in error. A suit in replevin to recover a cow and a calf which was sold by the plaintiff in error to the defendant, but held in the possession of the former. Mrs. Barber contracted to sell 870 head of cattle marked with a certain brand, among which were a cow and a calf. She delivered 259 head and gave horses for the remainder. The cow and calf not having been delivered, the plaintiff contended that having given horses for the cattle not delivered, she was entitled to retain possession of the cow and calf. The judgment of the court below was affirmed with costs.

No. 1104. Sofre Alexander, appellant, vs. Andrew W. Clelland, appellee. A demurrer based on the statute of limitations, where the complaint alleges fraud. The opinion of the court was that a demurrer based on the statute of fraud is not well taken unless the complaint shows affirmatively that the contract was an oral one. The cause was remanded to the District Court of Bernalillo county with instructions to overrule the amended demurrer.

No. 1125. The First National Bank of Roswell, appellee, vs. M. C. Stewart, sheriff, appellant. In this case the court held that a chattel mortgage on

a retail stock of merchandise providing that the same may be used and enjoyed, that is, sold in the ordinary course of retail trade, is not for that reason void, but this may be taken as a circumstance with other facts tending to show fraud. The judgment of the court below was affirmed. The court adjourned until August 28th.

Progress of the Belen Cut-Off.

A. E. Lichty of the supervising engineering corps of the Santa Fe and the Belen cut-off, was in the city en route East, says an Albuquerque dispatch.

"The road between Epris and Sunnyside is now ready for the track," said Mr. Lichty, in speaking of the work of the cut-off. "It is sixty-five miles from Epris to Sunnyside, and about seventy-two miles from Sunnyside to Texico. Though this work is being pushed with a large force of men and three steam shovels, it will be several months before trains will be running through from Belen to Texico. Trains are now running between Epris and Belen on a very good schedule and it is surprising the amount of business these trains are doing. There are passengers and freight on every train, besides the hauling backward and forward of workmen and building material and supplies.

"At Belen I saw a grading camp of Grant Bros., who are now at work on the Belen-Dio Puerco connecting link of the cut-off. A large force of men and about 175 animals were quartered at this camp.

"It is quite certain," said Mr. Lichty, "that the Santa Fe will be using the Belen cut-off for all coast traffic by September 1st."

Governor's New Home.

The residence recently purchased by Governor Hagerman on Lincoln avenue, and which is being remodeled, is nearing completion, and promises to develop into a beautiful home, says the New Mexican.

The entrance begins at the sidewalk, where two massive pillars support the gracefully designed gate. Leading on, the entrance is supported by attractive pergola columns, painted white. There are also pergola columns, in groups of two, at intervals about the porch. All of the exterior work is white. The outside walls have received a coat of pebble dashing.

There are seven rooms down stairs and four up stairs. The first room entered is the reception room. To the right of the reception room is the library. The wood work in these two rooms will be painted a flat white. Back of the library is the dining room, finished in baronial oak with colonial furniture to match in color, which is very dark brown, almost black. Back of the dining room is the kitchen, which will be painted in light gray.

To the left of the reception room is the parlor. The governor's bedroom is next back of the parlor, and it will be painted white with a pea green tapestry paper. The bathroom, which is next on this side, is suitably furnished and will be papered with a tiling paper. Then comes the guest chamber, painted light blue and papered in figured paper, through which runs a stripe. The rooms up stairs are all bedrooms. The main hall, running clear through the building, will be painted an olive green.

Montazuma's Return.

Abraham Montezuma escaped from the United States Indian School yesterday. There was great excitement for a time. He entered the school about a year ago, coming from the Navajo country. It was supposed that he had gone back to his people. Searching parties were sent out. At one time it was suggested to get the bloodhounds from the penitentiary, but their failure to follow the trail of the last two escaped convicts did not hold out encouragement in that direction.

The search was kept up throughout the day without success. About 8 o'clock in the evening a dark object was seen in Andrew's park; the night watchman went to investigate and behold, "Abe" had returned, tired, weary and hungry and fully repentant. Abe is a captive eagle and lives in a cage in the park at the school. He is a fine bird, but evidently has had too good a time of it. Hence his attempt at flight to the mesas and canons of his nativity.—Santa Fe New Mexican.

Jail Delivery Prevented.

Sheriff Cleofes Romero frustrated a clever attempt at jail delivery at Las Vegas on the 29th ultimo. J. T. O'Brien called at the jail and asked permission to give D. L. Blair, a Raton switchman, bound over to the grand jury for an attempt to steal railroad property, a fine-looking apple pie. The sheriff ordered the pie cut and in the lower crust found a steel file seven inches long.

While the jailer was investigating the pie, O'Brien was seen to hand the prisoner a note. This appeared to be a telegram from the United States marshal to the effect that he had received Blair's bond and would have him released. It was evidently the intention of O'Brien to send this fake telegram to the sheriff, as another copy of it was found on him and also three saws. He was arrested and is also in jail.

Roswell Closes Gambling Houses.

Roswell will no longer have open licensed gambling, says a dispatch of June 30th. The ordinance prohibiting gambling was passed by the city aldermen some time ago to take effect July 1st. The roulette and faro games are running to-night without limit. Many of the gambling fraternity have already left for Wyoming and Nevada. The retail liquor license remains at \$2,000 per annum in advance. The abolition of licensed gambling here meets with the hearty approval of Governor Hagerman, and it was his father, J. J. Hagerman, who started the agitation here against it.

TORTURED WITH GRAVEL.

Since Using Doan's Kidney Pills, Not a Stone Has Formed.

Capt. S. L. Crute, Adjt. Watts, Camp, U. C. V., Roanoke, Va., says: "I suffered a long, long time with my back, and I felt drabby and listless and all the time. I lost from my usual weight, 225, to 170. Urinary passages were too frequent and I had to get up often at night. I had headaches and dizzy spells also, but my worst suffering was from renal colic. After I began using Doan's Kidney Pills I passed a gravel stone as big as a bean. Since then I have never had an attack of gravel, and have picked up to my former health and weight. I am a well man, and give Doan's Kidney Pills credit for it."

Of Marshal Field III, an amusing story was recently told at Lakewood. The boy, according to the story, approached an old lady in a Lakewood hotel and said to her:

"Can you crack nuts?"

"No, my dear, I can't," the old lady replied. "I lost all my teeth years ago."

"Then," said the little boy, extending two hands full of walnuts, "please hold these while I go and get some more."—Denver Times.

"IT SAVED MY LIFE"

PRaise FOR A FAMOUS MEDICINE

Mrs. Willadsen Tells How She Tried Lydia E. Pinkham's Vegetable Compound Just in Time.

Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham:

Dear Mrs. Pinkham:— "I can truly say that you have saved my life, and I cannot express my gratitude to you in words.

"Before I wrote to you, telling you how I felt, I had doctored for over two years steady and spent lots of money on medicines besides, but it all failed to help me. My monthly periods had ceased and I suffered much pain, with fainting spells, headache, backache and bearing-down pains, and I was so weak I could hardly keep around. As a last resort I decided to write you and try Lydia E. Pinkham's Vegetable Compound, and I am so thankful that I did, for after following your instructions, which you sent me free of all charge, I became regular and in perfect health. Had it not been for you I would be in my grave to-day.

"I sincerely trust that this letter may lead every suffering woman in the country to write you for help as I did."

When women are troubled with irregular or painful periods, weakness, displacement or ulceration of an organ, that bearing-down feeling, inflammation, backache, flatulence, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other female medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes.

For 25 years Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, has under her direction, and since her decease, been advising sick women free of charge. Address, Lynn, Mass.

Loco weed is now dealing a knock-out blow to government experts who are in the territory investigating its peculiar effect on animals.

The new San Francisco is attempting to build on a rather insecure foundation. Club houses, saloons and pool rooms appear to be setting the pace for the upbuilding of the city.

Colombia now threatens to dig a big ditch across the isthmus, just to spite Uncle Sam. It will also be a lock canal—dead lock—and will only be intended to float toy vessels. However the scheme is yet all up in the air.

Grover Cleveland has gone fishing again while William J. Bryan is now out on the briny deep, but he has all his friends making hay for him. When last heard from Alton B. was still running his refrigerator plant.

By putting the expense of inspection on the government it will cost the people over \$2,000,000 to compel the packers to be good, and put up clean wholesome food, which, if they had been honest, they would have done without having a watch set over their operations.

A movement is on foot to organize a so-called people's lobby in Washington before the next session of Congress to look after the interests of the people at large. If the people will look after their own interests a little better and elect none but honest men to Congress, there will be no use for a lobby of any kind for the purpose of influencing legislation.

In the appointment of delegates to the constitutional convention which will be held at Santa Fe, Dec. 3, provided Arizona is willing, will be one for every 652 votes cast at the last election. Lincoln County will be entitled to two delegates. Announcements of the candidates for this transient honor will be most cheerfully made by this paper under the usual conditions.

Affairs at the territorial penitentiary are not running as smoothly as they might. The matron and clerk have lately resigned, whether by request or otherwise is not stated, and a sleek negro convict hid away in a wood pile about a week ago so securely that his whereabouts have not been discovered to this day. Official life is not a restful cinch even here in New Mexico.

Wille Hearst has butted himself off the track for the presidency in 1908 and turned philosopher. He thinks Joe Bailey wouldn't make even a respectable candidate for alderman on account of his leaning toward the trusts, and has arranged two very decent tickets to put before the people. One is to be composed of Bryan and Folk, or Stevenson, and the other of Roosevelt and La Follette. Rather attractive combinations, to be sure.

## PITY 'TIS, 'TIS TRUE.

It is doubtless possible for a young man to go through some colleges and remain a gentleman, but the chances are against him. I have never been able to understand why it should be considered a part of college education to acquire the art of disregarding the feelings of others and the commonest rules of good breeding by imitating ruffians and brawlers. I have been at a theatre in a college town when the curtain had to be dropped and the police called in to prevent students from insulting the audience. No one thought much of the occurrence; it was only "those students," and who would be so absurd as to expect a student to have the manners of a gentleman?—Carlsbad Argus.

Hon. W. E. Martin, of Socorro, in a letter to the Santa Fe New Mexican, after showing how New Mexico has been discriminated against by Congress ever since it became a dependency of the United States and characterizing the offer of \$5,000,000 to the school fund of the proposed new state of Arizona as a bribe to procure votes for the measure, then characteristically announces that he will accept the bribe, because the president and the eastern autocrats in Congress wish to force the unholy alliance. From the tone of this letter it looks as if Billy never could let a hot ball of this kind pass him.

The reason our eastern congressmen are so anxious that the people of New Mexico and Arizona should swallow the mess of joint statehood pottage concocted by the congress lately adjourned, is because they see the handwriting on the wall. When the dope is rejected, as it surely will be by the discreet and self-respecting citizens of Arizona, there will be no more occasion for keeping either of them out than there was for keeping out Nebraska or Colorado. Public sentiment will come to their rescue and force action in their favor just as it has done in the railroad rate bill, the pure food bill and other measures which have lately been passed by Congress, in spite of the opposition of the corporation attorneys in either branch of that body. If either territory remains long out of the fold, it will be because she is not prepared and deserves to be left out. The dear people can therefore look with a good deal of serenity on the defeat of the present obnoxious measure, and the consequent contortions of the politicians who pushed it.

## WILL NEED FURTHER CHANTISEMENT.

President Roosevelt in a letter to Mark A. Rogers, secretary of the joint statehood league of Arizona, shows the bias of most eastern men against the growing power of the west.

In this letter he also reveals his provincialism by expressing the opinion held by people of his section that, unless these two territories accept the monstrosity now offered them they will remain under "tutelage" for an indefinite number of years.

With all due deference to the opinion of the strenuous president, it might be proper here to remark that we have been under "tutelage" for about 54 years, and consider ourselves pretty well qualified to manage our own affairs, and in our own way.

Vassalage would be a more appropriate term. But better vassalage than the kind of coercion they now are attempting to force upon us.

We have also been under the capionage of the unripe sage from the Wabash country, and there were others, but we have managed to survive them all, and expect to do a little irresistible knocking of our own some of these days after this mild insan-

#### The Passing of la Pelea de Toro.

There is likely to be weeping and lamentation just over the border in Juarez. A bill has lately been introduced in the Mexican Congress, with a good show for its passage, to prohibit bull fighting in the Republic, and the El Paso Herald truthfully says:

"The bull fight is a barbarous and disgusting spectacle. It is in no sense a 'sport,' but a particularly ugly kind of butchery, for it involves the deliberate inflicting of needless suffering by human beings upon dumb animals without any corresponding benefit, or even imaginary benefit, to the human race. It is in every way demoralizing, degrading and destructive. Americans—men and women—keep up the bull fights in Juarez; and they ought to be ashamed of themselves. Americans make it possible to have these exhibits, and patronize them by the thousands, and then sneer at Mexico because a few hundred idlers buy cheap seats and look on at the indecent show."
